NUMBER 19

Some people will say that President Reagan was lucky to escape death in Monday's assassination attempt, but others of us like to think that Divine Providence intervened to assist our country and all of civilization in pulling through these troubled times. Of all the world's leaders, he is the one whom mankind can least afford to spare. He's not only the best hope, but perhaps also the last hope, to guide the United States back to its original standards of greatness under God. At the same time he stands out as an international leader with the courage, judgment and integrity to reverse the communist trends of global evil and slavery.

Ronald Reagan is America's greatest president since Lincoln and Washington. He combines solid principle with deep down goodness in a crusade to overcome a half century of bungling. He faces a basic fact which millions of individuals have known for years, that we get into financial trouble when we spend beyond our means; ... and another basic fact, that denial of God and basic morality leads to a breakdown of law and order.

There is no doubt that America is economically and morally sick. People who elected Reagan in November were convinced that he is their best choice to restore the national health. In spite of the mean mouthing he still receives from liberal antagonists, he continues to be a strong favorite with the majority, which happens to include the moral majority.

A point to keep in mind is that the president inherited a big mess and the clean-up job inevitably has to be big. And since the recovery is intended to produce a greater tomorrow for everyone, it's only reasonable to expect some belt tightening from everyone. The President said at the beginning that this is necessary, however the administration will make every effort to avoid hardship. But trouble makers are determined to sabotage the effort. Every time a spending reduction is proposed they wail about the injustice to this or that group. The object is to create multiple areas of discontent to make the recovery job more difficult and to perpetuate a demand for the ideas which brought on the distress.

This is the handicap under which President Reagan had to start his administration. Nevertheless he has been determined to do what he considers best regardless of the obstacles, and public support has been gratifying. Hopefully he'll have the courage and the opportunity to keep up the good work. If so, the outlook is great. After a half century of observing the country's mistakes his aim is to work out a way of getting back on the right course.

Without a doubt it's a tremendous job, on the global as well as the national scale. Communism has thrived on our foreign policy boners. Negotiation with the Reds has not been a matter of mutual benefit. Rather they seemed to beat us on every deal. They have maintained a massive spy system, cheated on agreements and built munitions while buying food from us and failing to pay their debts. Meanwhile they have received generous industrial and technical help from us and used it to hurt us.

It's a sad fact that communism is America's own problem. It has leaned on us from the start. Without US help it would have fallen apart decades ago. But now it is our Frankenstein, building a global empire that is dedicated to our destruction.

Straight thinking Americans have been haunted for years by the thought that

## SCS Accepts Orders For Stocker Catfish, Minnows

"The Upper Elm-Red Soil and Water conservation District is now prepared to help landowners buy fish for stocking their ponds and lakes," J.H. Bayer, Chairman of the Board, said today.

"We have worked out an arrangement with a reliable fish farmer who has agreed to deliver fish to Gainesville, Muenster, Nocona, Bowie and Sherman. We will accept prepaid orders at all SCS field offices in the towns listed. Delivery to Gainesville and Muenster will be on June 2, 1981. Nocona and Bowie delivery will be made on June 4th and delivery to Sherman will be made on June 9th.

Orders are now being taken for channel catfish and fathead minnows, a source of food for the catfish. Catfish four to six inches long will sell for 30¢ each. Minnows are available for \$6.00 per pound. If this service gains acceptance, other fish

species may be available in the future.

The fish will be bagged in plastic bags with oxygenated water. The bags will be 18 inches x 32 inches. It is desirable to bring a cardboard box to the pickup point to carry the plastic bags. Deadline on receiving orders will be May 22nd. Orders will be accepted only if accompanied by check.

"We feel this program can be a valuable community service by saving landowners time, gasoline and telephone calls. The fish farmer will benefit in several ways, including handling several large orders instead of many small ones," Bayer pointed out.

Gary Rainwater, District Conservationist for the Soil Conservation Service here said personnel in his office are available to help landowners determine how many of each fish species to stock. Orders can be placed on Tuesday and Thursday of each week.

## Four Elections Scheduled Saturday

Present indications point to a big turnout Saturday, April 4, when qualified voters of the City of Muenster, the Muenster Water District, the Muenster School District and the Muenster Hospital District will have a four in one election in the public school.

Polls will be open from 7 a.m. to 7 p.m. with Dorothy Hartman, Betty Felderhoff, Kathy Berres and Steve Moster as clerks for the city and water district elections; and with Alfordean Winn, Edgar Dyer and Charley Hellman as clerks for the hospital district and school district elections.

One of the elections is only a formality. The ballot for the hospital presents the names of four unopposed incumbents for the four available positions. They are Alois Trubenbach, J.J. Bif-

fle, Paul Fetsch and Alphonse Felderhoff.

The water district election presents an issue: whether a tax is to be assessed against property which was added to the district since it was organized in 1973. Originally the district included area which was within the city limits. Since then several areas were annexed by the city and the water district recently passed a resolution adding the city's annexation since 1973. However the added area is not subject to tax as the original area is. So an election is called to determine whether a tax will apply also in the new area.

Although this seems to concern the new area only it will apply to the old area as well, because it is left with

responsibility for all of the tax if the outcome fails to make the new area accountable.

As a result the issue is a cinch to pass. It can be assumed that residents of the old area will choose to have newcomers share the tax with them.

Each of the remaining two elections presents two contests. Leo Hess and Roger Taylor are candidates for mayor to succeed Richard Grewing, who chose not to run. Grewing had been appointed to office after the death of Mayor Endres and Hess had been appointed to succeed Grewing in Place 1. When Hess entered the mayor race he left an unexpired term of one year in Place 1. David Fette and Jerry Wimmer are can-

didates for that remaining year.

The remainder of the city election is uncontested. Ronnie Felderhoff is a candidate for Place 3 to succeed Ray Walterscheid, and Ted Henschel is unopposed for re-election to Place 5.

Likewise the school board election has two contests to choose trustees succeeding Ed Cler and Willie Walterscheid. Rita Russell and Dale Klement are contenders for Place 3, succeeding Cler. Jim Endres and Leon Klement are running for Place 4 succeeding Walterscheid. An uncontested candidate is Harold Bindel, who was appointed to Place 5 after J.D. Meurer resigned and is asking for election to the remaining year of his term.

## 36 Receive First Communion

An event of religious significance and sheer beauty was held in Sacred Heart Church Sunday afternoon, March 29 at 2 p.m. when family and friends helped thirty six First Communicants of the Parish celebrate the memorable day.

The children entered church with their parents, brothers and sisters included in the entrance procession with Father Stephen Eckart, celebrant, and Mass servers Richard Fuhrmann, Samuel Fleitman, Ryan Bayer, Darwin Sicking and Jason Gehrig.

At the entrance to the sanctuary, each first communicant received a lighted candle from the parents, and

then took places in the sanctuary where Baptismal Promises were renewed, assisted by Father Stephen.

After this the children

rejoined their families during the Mass. Marcia Vogel gave the first reading of the liturgy and Kim Cler continued on page 7...

## Chorale Presents Concert

The Cooke County Chorale Easter Concert will be presented twice on Sunday, April 5 at 3 p.m. and at 7:30 p.m. in Gainesville at the First Presbyterian Church at 401 South Denton Street.

Directed by Harold Alan Kafer of the Cooke County College Music Department, the concert will feature REQUIEM by Gabriel Faure.

There are six Muenster people in the chorale: Marie Endres, Marty Kinard, Tony Luke, Ruth Felderhoff, Juanita Bright and Dr. Martin Kralicke. Dr. Kralicke will have two baritone solos; Mrs. Pam Howeth of Gainesville will be the soprano soloist.

Tickets will be available at the door. A \$2.00 donation is requested and everyone is invited.

Crop spraying for green bugs has become almost an every-day farm operation in the community in recent weeks. The infestation is judged as one of the worst ever in this area. SCS Technician Gary Rainwater said that the tiny aphids, billions of them, do their damage by sucking the moisture from small grain plants, and spraying is one of the most effective ways to control them. He added that their days are numbered, however. Lady bugs, natural enemies, are moving in and maturing plants are becoming immune to the green bugs. This spraying job on the Charles Schmitt place 1.5 miles east of Muenster was done by the Diamond Flying Service.

## Muenster K of Cs Add 11 Members

Eleven new members for the Muenster Knights of Columbus Council were among 36 for the district who were initiated in ceremonies hosted Sunday by the local KCs.

The initiates, who had received their first degree at other councils of the district, gathered here for the second and third degrees. Their day started with assembly of candidates with local and visiting Knights at the community center for a procession to the 11 o'clock Mass at Sacred Heart Church

with Father Denis Soerries, chaplain, as the celebrant. Fourth degree members in formal attire headed the procession.

The church service was followed by a lunch for candidates and out of town guests after which the second and third degree admission ceremonies were held. The day's program ended with eats and socializing.

New members of the local council are Larry Fleitman, Steve Luke, Benji Luke, Bob Hamric, Don Knauft, Herb McDaniel, George

Bayer, John Walterscheid, Alfordean Winn, Dave Berres and Chris Walter. Councils participating were Muenster, Gainesville, Denison, Denton and Pilot Point.

## Camp Sweeney Will Open May 31

Camp Sweeney Diabetic Educational Training Center for diabetic boys and girls, ages 6-16, will open for the 32nd year of operation on May 31, 1981, with 3 three-week sessions as follows: May 31 to June 19, June 21 to July 10 and July 12 to July 31.

Camp Sweeney is located 9 miles east and 1 mile north of Gainesville, on 338 acres of beautiful rolling timbered

hills with three dormitories for boys and three for girls; a non-denominational chapel, a modern hospital; a 39 acre lake for boating, fishing and water-skiing; a sanitary swimming pool, tennis courts, soccer field, recreational pavilion; target range and 20 gentle saddle horses.

Under the supervision of a specialized medical staff,

dietitian and counsellors, these children are taught their proper diet with regulated exercise, how to take their own urine tests and give their own insulin injections. Of major importance, through this group association with other young diabetics, they realize they are not alone with their disorder and with proper knowledge and instruction they can learn how to live with their lifelong companion - Diabetes.

Diabetes is hereditary, incurable and increasing yearly. It is the No. 3 killer of diseases and ranks 3rd as the cause of blindness. Medical authorities estimate one-fourth of the World's population carries the diabetic gene and some 5,000,000 cases of diabetes are in the United States, of

which more than 500,000 are children.

Camp Sweeney, operated and maintained by Southwestern Diabetic Foundation, Inc., is an organizational member of Texas United Funds. If you know or hear of a diabetic child who needs our help please refer them to this office or their local United Fund.

Southwestern Diabetic Foundation is a charitable, non-profit corporation, offices located at 101 S. Culberson, Gainesville, Texas, 76240. If you would like to help financially carry on this humanitarian program, please write the above address. For application blanks, brochures, etc., write James V. ## Dinner Dance Observes Jr. Elite 15th Anniversary

Three employees of Jr. Elite were the honored guests at the 15th anniversary party attended by management and personnel, held Saturday night in the VFW Hall. They were Geneva DeBorde, Marie Truebenbach and Alvina Voth. Each was accompanied by family members or close relatives who were special guests.

Ten year employees honored were Angie Barnhill, Phyllis Dittfurth and Josephine Finch. Five year employees honored were Doris Clark, Murl Johnson, Karen Moster and Joan Voth. Five year employees of the Myra Cutting Factory were Nancy Mecca, Carolyn Powers and June Smith. Their years of service totaled 95.

Saturday night a cocktail hour preceded the dinner which was catered and served by The Schneiders. The invocation was led by Brenda Ramsey and introduction

of out-of-town guest by Bernice Sicking, Jr. Elite manager.

Representing Jerell, they included: Mr. and Mrs. Mel Melton of Dallas, Joyce Williams of McKinney, Hazel Free of Dallas, Mr. and Mrs. Kenneth Hale and Mr. and Mrs. Art Tolbert of Gainesville and Stanley Wertheim and Louis Kreditor, both of Dallas.

Guest speaker for the program was Leo Hess, representing Muenster Mayor Richard Grewing who was unable to attend. In his remarks, Hess stressed the value of "company", defined as "belonging" with attention to a record of good attendance and lack of absenteeism. He noted that Jr. Elite employs 82 persons and has an annual payroll of \$450,000. He gave special credit to Bernice Sicking for leadership and efficiency.

Mrs. Sicking conducted the presentation of awards,

which were beautiful silver double serving pieces to the 15 year members; and silver trays to the 10 year members. She was assisted by Messrs. Kreditor and Wertheim, both of Dallas.

A clever skit followed and was presented by 12 FHA students of Muenster High School. They were Peggy Winn, Kristi Oakley, Jill Walterscheid, Dora Sicking, Nancy Walterscheid, Judy Dittfurth, Tina Tisdale, Tina Koelzer, Denise Sicking, Sara Walterscheid, Lisa Martinez and Starla Boucher.

Closing the program, Louis Kreditor paid tribute to the 15 and 10 year employees.

About 180 signed the guest book and were given "lucky gold nugget" souvenirs for a door prize drawing.

### Congressional Comment

WASHINGTON, D.C. — Some of the votes that I make on the floor of the U.S. House of Representatives are easy ones and the reasoning behind them clear to all concerned. Other votes require a great deal of thought and a careful balancing of long-range good as opposed to a more attractive but, in the long run, less beneficial solution.

This week I made what will probably be the first of several such votes during this Session of Congress, when the House voted to forego the scheduled April 1 increase in dairy price supports. It was not an easy vote and was made knowing that the short-range effect on dairy farmers would be adverse. Nevertheless, in light of the absolute necessity to cut federal spending, I could not support an increase that I felt would, in the long run, lead to the demise of the entire dairy program as we now know it.

During the House Agriculture Committee discussion on this issue, an amendment was made to forego the April 1 adjustment to 80 percent of parity, but set a price floor at 75 percent of parity. Approval of that floor level, I strongly believe, would have given a signal to the administration that the dairy industry could continue to survive at the lower level. I felt that such a signal would drastically hurt our chances of getting legislation passed in the Farm Bill that would allow the producer to sell that milk for which there is a market demand at the 80 percent level.

I have supported and will continue to support the Dairy Program principles and feel that 80 percent parity-plus is a fair, sustainable and necessary price goal. I do believe, however, that if we are going to battle inflation and decrease government spending, we must make cuts across the board and

to do this there must be adjustments made at this time to control excess supplies of milk that the general public is unwilling to finance.

During the formulation of the 1981 Farm Bill, I will be working toward finetuning the current program, adding provisions based on a sliding scale of parity that will both guarantee the producer a fair price, while also balancing supply with demand through market mechanisms.

Dairying has been one of the few profitable agricultural industries for some time. The problem is the surplus that we have at present. In the recent past, there has been no incentive to cut back on production and to get supplies under control. To accomplish that objective, we must place the full burden of the surplus on those who produce it. We have to maintain a reserve, but we cannot continue to have a totally open-ended program at a fixed price.

With those facts in mind, I am going to be working during the coming days and weeks on dairy legislation and, at the same time, will continue to vote against increases in overall federal spending. I believe we can retain the most vital portions of the dairy program that are necessary to guarantee the producer a fair price, while also balancing supply with demand and reducing budget exposure.

As the reality of the full impact of proposed budget cuts begins to be felt across the country, I am confident that dairymen will realize that they have not been singled out to make special sacrifices as we deal with our economic problems. There are few Americans who will not be effected by the cuts necessary to restore economic balance to our country.

**THE 67th TEXAS LEGISLATURE**

by: SENATOR

**BOB GLASGOW**

Much attention has been paid this past year concerning the Governor's Crime Package and the "War on Drugs" proposals. I am the sponsor of one of the measures and cosponsor of several in the Senate.

It should be noted that these are not the only crime measures being considered in the Legislature. Several democratic Senators are sponsoring various crime measures of their own and there are several officials or associations that also have crime packages or bills that they have been responsible for.

From Page One...

### Confetti....

most of our foreign policy and much of our domestic policy has favored the Reds more than us. It is a frightening thought as the enemy continues his relentless drive for world takeover. We see it in Asia and Africa and the Middle East, even in Cuba and Central and South America. But our past leadership either could not or would not see our peril in the situation.

Well, Reagan sees, and he's resolved to do something. At home he's asking for confidence and cooperation in an all-out effort to work and sacrifice our way out of financial distress. And He's asking us to understand that our adventure in atheistic humanism is the real cause of our lawlessness and shabby morality. Abroad he's talking cold facts to remaining friends, telling them that their freedom as well as ours is doomed unless we stick together.

Passing judgment on the Regan policies will not always be easy, knowing in advance that they will be distorted by domestic and foreign opponents. But a big factor is on our side. If in doubt, go along with him. Trust his integrity and judgement.

If this sounds like political heresy, it won't seem so bad when we think of the kind of government. Lots of politicians think that benign one man rule, by Abe Lincoln for instance, is better than some of the administrative confusion we have endured.

At the same time we need to realize from Monday's near tragedy that Reagan has to stay alive to carry out his great mission. Even though it makes him a sort of prisoner in his job, he should adopt the safest measures that he and his security people can manage. After all, he is the most important man in the country and the world today. He is desperately needed.

The Attorney General has a package of five crime bills and I am sponsoring those five measures in the Senate.

Included in the Attorney General's package is a measure that would deny probation to anyone illegally manufacturing or delivering penalty group one drugs. This group consists of the most harmful drugs and include such drugs as heroin, LSD and methamphetamine.

Two of the Attorney General's proposals would remove technical barriers in the Code of Criminal Procedure and allow the jury to learn more concerning the circumstances and law of the case. The second would allow the judge to instruct the jury concerning the laws of parole before they considered punishment.

Another measure would enhance the penalties for offenses committed against the elderly and the handicapped. The offenses would be raised one grade level.

The last measure would deny probation to those committing certain serious offenses and offenses in which a deadly weapon is used.

The District and County Attorney's Association also has a package of bills. There are twelve bills in their package and deal primarily with reform of the Code of Criminal Procedure and procedural aspects of the trial of a case. I sponsor one of the bills that deals with reformation of sentences in death penalty cases.

As you can see there are officials, associations and legislators that are involved in legislation that seeks to combat crime. These efforts cut across party lines and across philosophical lines.

Of the ten bills in the Governor's Crime Package, seven are sponsored by Senate Democrats. In the House, eight of the ten bills are sponsored by Democrats. All five of Ross Perot's "War on Drugs" bills are sponsored by Senate Democrats.

The efforts to combat and to deter crime is a bipartisan effort. The Attorney General and those associations with crime measures should also be recognized for their efforts.

## Letters to the Editor

The intent of this letter is to clear up as best I can our need for an efficient police department. We have stories going around saying the budget is too large, we have too many police officers, and all we need is one officer on call to take care of Muenster.

I feel that people see enough going on to realize this is ridiculous. The source of this information does not mention fines or the number of violations on record at the city hall. I feel that after

people have the facts on the situation we have to contend with they will agree that we need a three or four man department. Activities in Muenster are different from those found in most of our neighboring cities.

I will use last year's fines in making this report. We had two or three police then. This year for awhile we had only one police. Fines were down. Destruction of property and other violations were up.

<b>Our police budget for 80-81</b>	<b>\$52,792.00</b>
<b>Last year's fines collected</b>	<b>\$20,007.50</b>
<b>Balance to be paid by city</b>	<b>\$32,784.50</b>
<b>This is the amount citizens are paying for police service</b>	
<b>On the other hand their cost in tax and fee for the</b>	
<b>Garbage budget is:</b>	<b>\$53,406.00</b>
<b>And the administrative budget is</b>	<b>\$29,250.00</b>
<b>By comparison, the cost of police service certainly is not out of line.</b>	

We have no choice if we wish to keep Muenster safe and protect property. As crime increases we must increase the police department. We must not keep waiting for the sheriff's department to provide police protection, as some people have proposed for several years.

Actually the lack of help from the sheriff's department caused the start of our local police department. At one time we were paying one deputy sheriff's salary and half of another salary to have police protection here.

It did not work. When we needed someone here the deputies were on duty somewhere else. Because of this Muenster formed its own police department.

This Saturday I feel you have a choice to vote your opinion on whether we should continue limping or offer adequate police service. You have to make that decision. As council members we can only do what the majority of members approve.

A. T. Tuggle  
Police Commissioner

## CAPITOL UPDATE

*John Tower*  
U.S. SENATOR for TEXAS  
142 RUSSELL OFFICE BUILDING  
WASHINGTON, D.C. 20510

Milk price supports serve an important purpose in American agriculture. They assure that we have an adequate supply of pure, wholesome and fresh milk every day.

Under the price support system, the government buys surplus milk at a specified price level. That means dairy farmers can be assured of — and plan on the basis of — a stable price. And that, in turn, means there always is sufficient fresh milk to meet our needs.

However, in recent months, production in milk has increased beyond the level which can be consumed, and the government is having to buy more milk than it can use in all of its social programs. Storage costs alone are now running at half a million dollars a day.

The reasons for this surplus go beyond the price support level, and are affected by low prices for cattle which normally would be winnowed out of dairy herds. Even so, it makes little sense to increase the support level further to encourage still more production when those levels already are too high.

Therefore, the Administration recommended, and the Senate has agreed, that the scheduled April increase in the price support level be suspended. That action will save an estimated \$147 million this fiscal year.

Before I voted for this measure, I looked carefully at its projected consequences. The evidence indicates the impact on producers will be moderate. In fact, cash receipts from milk sales will rise about 12 percent in this fiscal year without the increase, compared to a projected 14 percent if it were allowed to go into effect.

Further, the money to be saved is an essential part of the Administration's economic recovery program. As I said earlier, many of the problems facing the dairy industry are caused by the overall economic crisis. If, then, we are able to institute the economic recovery plan in full, we will attack the dairy industry's problems at their real roots.

Unfortunately, the debate in the Senate on this issue was complicated with a variety of amendments, most notably one to ban imports of a by-product called casein. This substance is used in non-dairy substitutes. I opposed that amendment for two reasons: I believed that it was not an integral part of the milk support issue — and in fact would not have had a major impact on the amount of surplus milk in this country. But, more importantly, not enough information is yet available to make an intelligent decision on the issue. The Congress is to receive a report on the implications of casein imports in June. At that time, we will look very carefully at the issue. If it is apparent that the import ban is necessary, certainly I will support it.

At this time of economic crisis, we must all pull together. We must look beyond our short-term individual interests to the larger national good and our own long-term benefit. I am convinced that the American people, especially Texans, are ready to do that.

But let me reassure you that I am and will continue to be aware of the importance of agriculture to our nation and state, and will work to help our valuable producers cope with their problems.

## Area Doctor Attends Physicians Conference

Dr. and Mrs. Martin Kralicke were among 600 doctors from Texas and surrounding states taking part in the 14th annual Medical-Surgical Conference of the Rio Grande Valley in McAllen on March 26-28. The three day meeting is sponsored annually by the Valley Chapter of the Texas Academy of Family Physicians, with the goal of "keeping family doctors informed of the latest developments in medicine." Physicians attending the conference earned 16 hours of post graduate credit in

course work sanctioned by the American Academy of Family Physicians, the licensing authority for doctors wishing to become Certified Family Physicians.

Dr. Rafael Garza said, in part... "most important was the knowledge presented at the conference. Information shared keeps us up to date on the latest in diagnostic and treatment techniques, which help make us better doctors." He was the Conference Coordinator of the meeting. Some of the seminars at the conference were on diabetes research, infant health, treatment of children who fail to grow, and advice in managing treatments for elderly patients.

Among the list of medical authorities who lectured at the event were Houston heart surgeon Dr. Denton Cooley, distinguished author Dr. Alex Comfort and President of the American Academy of Family Physicians, Dr. Sam Nixon.

## Mrs. Paul Fisher Will Head Drive For Mental Health

Mrs. Paul Fisher of Muenster will lead Bellringer workers in a house-to-house drive during May, Mental Health Month.

She will call on others in the community to assist with the organization and working of the drive.

All citizens are called upon to aid in this drive to benefit the fight against mental illness and the improved care for the mentally ill. "Proceeds will benefit the Mental Health

Association in Texas" said Al St. Peter, state President of the voluntary citizens' association.

The number one goal of the association for 1981 is to improve the care for discharged long term mentally disabled persons. The association is promoting self-help groups for families of patients and for former mental health clients.

The Mental Health Association strongly promotes more community-based care as well as more research into the causes of mental illness.

Seeking to prevent mental health problems through education, the association, in cooperation with the Governor's Office of Volunteer Services, sends out the newsletter series "Pierre the Pelican" to first-time parents in the state.

Additionally, the association offers literature to the public on a variety of topics including depression, alcoholism, and positive mental health concepts. For free information, write to the Mental Health Association in Texas, 103 Lantern Lane, Austin, Texas, 78731, (512-459-6584).

The Billy Joe Dangelmayr home 5 miles south of Muenster has been an annual rest stop for a flock of 30 to 40 sandhill cranes for the past 5 years, or perhaps more. None of the family can recall when the birds made their first visit or the exact date of previous arrivals, but it's

marked on the calendar now. They landed on March 18 and left the following morning. The question is, can this be a specific date, like the swallows at Capistrano? Also unknown are the origin and destination of the migration. Photos by Janie Hartman

### Rain Measured .51

A good rain last Saturday measuring .51 inch gave local vegetation another timely boost even though it still leaves the year's total below normal. According to Steve Moster's records the March record stands at 4.58 inches and the year's record at 6.13.

Low and high temperature readings of the week have been March 26, 40 and 73; March 27, 58 and 80; March 28, 60 and 70; March 29, 52 and 78; March 30 51 and 86; March 31, 58 and 80; April, 47 and 75.

## Bruce Fuhrmann Completes Course for Carrier

Bruce Fuhrmann has returned to Dallas from Syracuse, N.Y., where he completed an eight-week course in Air Conditioning Engineering sponsored by the Carrier Air Conditioning Corporation. He is an engineer with the Machinery and Systems Division of Carrier in their Dallas Office.

At the completion of the course he was selected to represent Carrier on a four-week tour of the Western United States with the Great American Air Show, also sponsored by Carrier. The tour, to begin in May, will include stops in San Fran-

cisco, Kansas City, Detroit and Minneapolis.

Bruce is a graduate of Texas Tech University and the son of Mr. and Mrs. Val Fuhrmann.

The Enterprise Will include your non-business-related classified word ads (straight word ads) in its Best Value Shopper, at No Additional Charge. The next Shopper will be published on April 8, 1981. Deadline for placing ad will be Tuesday, April 7 at 10 a.m.

### Correction

The following is a correction of a typographical error in last week's Enterprise, in the feature: CANDIDATE INTERVIEWS, in answer to Question 3 by Dale Klement, candidate for Place 3, Muenster School Board.

Question 3: Is there a conflict between academics and athletics? If so, where should the line be drawn?

Answer: "In any school system there are conflict and altercation between academics and athletics. there is no way to, as you say, draw a line between the two. There must be adjustments, compromises and alterations between all subjects and personnel involved in the school system."

## John C. Fishers Host Open House

Louise and John Fisher hosted an Open House Sunday afternoon, March 22 in their new home south of Muenster, when they received more than 500 guests, greeting each as they entered.

Assisting them with serving refreshments from a beautifully appointed tea table in the dining room were Mmes. Kathy Fette, Liz Howe, Joanne Huchton, Margie Walterscheid, Lupe Evans, Jan Cain, Eileen Fisher and Margaret Fisher.

Guests toured the beautiful new home with its many interesting features and enjoyed visiting with old friends in a country setting, with views of a wooded creek and green pastures.

While the cost of removing litter in any given community varies, or is undetermined, it is known that litter pick-up along Texas highways cost Texas taxpayers \$9.2 million in 1979 and very likely much more in 1980. It is a problem made even more frustrating since littering is completely unnecessary - the result of people's thoughtlessness and carelessness.

The habit of flipping litter, cans, bottles, trash, paper, wrappers scraps of food etc. out on a street or road differs only in scale from discarding such in a neighbor's living room.

## Kendall, Schad United in Lindsay

Mr. and Mrs. Michael Paul Kendall will be at home in Venus, Texas when they return from their wedding trip. They were married in St. Peter's Church in Lindsay on Saturday, March 28, with Father Cletus Post officiating for the Nuptial Mass and double ring ceremony at 5 p.m.

The bride is the former Alice Anne Schad, daughter of Mr. and Mrs. Edward A. Schad of Route 2, Gainesville and the groom is the son of Mr. and Mrs. Paul Kendall of Marion, Indiana.

In a setting created by lighted candelabra, arrangements of iris and white gladioli and trailing ivy, the bride was presented at the altar by her father. She was wearing a formal bridal gown of white silk organza, designed with Queen Anne neckline, venise lace bodice with tiny pearl beaded embroidery, sheer sleeves edged with lace and a double row of wide organza ruffles forming the skirt hemline and sweeping to the cathedral length train.

Her bridal veil was two tiered and attached to a lace caplet and her bridal bouquet was an arrangement of white silk roses, daisies, valley lilies and lilac carnations.

### Attendants

The bride's twin sister, Phyllis Schad was her maid of honor and her sisters Joanie Schad and Mary

Bayer of Denton were bridesmaids. They wore formal length mint green crepe dresses and carried baskets of mint and lilac flowers.

Meredith Kendall, the groom's niece of Austin was flower girl and Shannon Schad the bride's nephew of Lindsay was ring bearer.

The groom's brother, David C. Kendall of Austin was the best man and another brother Thomas Kendall of Monticello, Ind. and a friend, Will Bezner of Gainesville were groomsmen. The bride's brother, Don Schad and a brother-in-law, Mel Bayer were ushers. Mass servers were John Corcoran and Ronny Bayer, cousins.

Wedding music included organ selections by Elaine Young and vocal selections by Elaine McCall and David McNew, all of Nocona. Offertory gifts were presented at the altar by Jennifer and Tommy Kendall, niece and nephew of the groom.

### Reception

A reception followed in the Lindsay Parish Hall. Decorations carried out the bride's chosen colors of white, lilac and mint.

The buffet dinner was prepared by the bride's mother and her aunts. The four tiered wedding cake was made by the bride, iced in white and decorated with garlands of lilac and white flowers. Serving the cake

were Donna Schad, Minnie Hundt, Amy Strittmatter and Jean Ann Lee.

Securing signatures of guests in the bride's book were Mrs. Margaret Wheeler of Plano and Mrs. Zinda Smith of Dallas, friends of the bride.

Among guests attending the wedding were Mr. and Mrs. Paul Kendall of Marion, Indiana, Mr. and Mrs. Tom Kendall and family of Monticello, Ind. Mr. and Mrs. Dave Kendall and family of Austin and friends and relatives from Fort Worth, Dallas, Houston and Austin, and Cooke County.

The bride is a graduate of

Lindsay High School and Texas Woman's University in Denton, where she received a bachelor of science degree in Nursing. She will be employed as a registered nurse at W.C. Tenney Hospital in Waxahachie. The groom is a graduate of Bennett High School in Marion, Ind. and holds a bachelor of science degree in accounting from Ball State University in Muncie, Ind. and is a certified public accountant.

### Rehearsal Dinner

The rehearsal dinner was hosted by the groom's parents at Rohmer's on Friday, March 27 at 7 p.m. with 30 guest attending.

Mrs. Michael Paul Kendall

Mathews Photographers

Lisa Trubenbach and Kim Walterscheid will be married on May 2 in Sacred Heart Church in a Nuptial Mass officiated by Father Stephen Eckart. Their wedding plans were announced by her parents, Mr. and Mrs. Loyd Trubenbach. Parents of the future groom are Mr. and Mrs. Willie Walterscheid.

They have chosen her sister, Beverly Trubenbach as maid of honor and his brother, Terry Walterscheid as best man. Other attendants will be Jean Trubenbach, Anne Blythe, Brenda Walterscheid, Toni Trubenbach, Eric Fincher, Bob Endres, Gregg Wilde and Cory Cain.

The bride-elect and future groom are both graduates of Muenster High School; she is attending Cooke County College and majoring in Marketing and is employed as a secretary at Mulkey Engineering. He is employed as a machinist at National Supply Company. The couple will reside in Muenster.

### News of the Sick

#### Blood Urgently Needed

Mrs. Dan Luke remains a patient at Baylor Medical Center, Collins Building, Dallas. She is critically ill and her need for blood transfusions is increasingly urgent. Her family has appealed for more blood donors, of Type A-Negative.

#### Awaits Transplant

Jody Felderhoff, son of Mr. and Mrs. Ross Felderhoff, is a patient at Children's Medical Center of Dallas, 1935 Amelia St., Dallas, Texas 75235. He is awaiting a kidney transplant from his father, tentatively scheduled for sometime next week.

## Workshop Attended By Baptist Group

Ten members of Muenster First Baptist Church attended the workshop in Wichita Falls March 27 and 28 entitled "God's Pattern for Enriched Living" taught by Verna Birkey.

The seminar workshop is taught all over the country and is for women only. The enriched living workshop for women gives specific guidelines for practical application of Scriptural principles. It helps one identify needs, points out God's answers, and prepares one to relate to others in a more meaningful way.

Those attending from Muenster were Karen Thomas, Brenda Cherry, Kay Bynum, JoCarol Stinson, Rita Russell, Cindy Russell, Carol Lively, Earlene Tisdale, Sherri Robison and Teresa Rainwater.

## Two Groups Attend Laymen's Programs

Two groups of laymen of Sacred Heart Parish participated in weekend training sessions on March 14-15 and 21-22.

In Denton the Lay Ministries Weekend was held at Immaculate Conception Church. The program on Saturday was on the Sacrament of Reconciliation; and Sunday on the Sacrament of the Sick. Father Jerry Mosman and Father Bob Breen spoke on the "Sacrament of Reconciliation Through the Eyes of the Priest."

Attending from Muenster were Mrs. Sharon Walterscheid, Mrs. Betty Kleiss, Mrs. JoAnn Pagel, Mr. and Mrs. Larry Vogel and Mr. and Mrs. David Fette.

The fifth session of the Lay Ministries Program will be held on April 24 and 25, marking the end of the first year's program.

In Fort Worth, at the same time, another group of laymen of Sacred Heart Parish attended a training session on Sacred Liturgy and Sacred Music.

The guest speaker was Lucien Diess, an expert on celebrating Sacred Liturgy and a composer of Sacred Music.

Attending from Muenster were Sister Romana Rohmer, Mrs. Dolores Miller, Mrs. Eileen Fisher, Mrs. Linda Flusche, Mrs. Janet Voht, and Father Denis Soerries and Anthony Luke.

## VFW Auxiliary Sponsors Program for Kids

The VFW Auxiliary of Post 6205, Muenster, is conducting a home safety program for the young children of Muenster. Emphasized in particular are potentially poisonous objects in or around the home.

The Auxiliary has distributed poison-control pamphlets which contain a checklist of some of the most common poisonous products used in the home; a sheet of "Mr. Yuk" stickers

Center of Fort Worth; also a list of poisonous plants found in and around the home; and first aid for snakebite.

Mrs. Linda Knabe, auxiliary president presented the pamphlets to the Children's Activity Program group and showed these youngsters a boxfull of poisonous items most often found in the homes. Pamphlets were also presented to the three kindergarten classes. Mrs. Knabe urged the children to fully discuss the pamphlets with their parents and to have them identify and mark the dangerous products in their homes with "Mr. Yuk" stickers and to always remember the "Mr. Yuk's" green scowling face means DANGER.

## Two Societies Cited By VFW Auxiliary

The Catholic Daughters of America and the St. Anne's Society were named recently by the VFW Auxiliary to receive its annually awarded Certificate of Appreciation.

The framed Citation carried the tribute: "In Recognition of Your Volunteer Service in Preparing Meals for the Bereaved

Families of the Muenster Community."

The presentation was made by Auxiliary President Linda Knabe to CDA president Dorothy Bengfort at their March meeting and to St. Anne's president, Della Walterscheid, at the annual St. Joseph's supper.

These two societies were

chosen by the Auxiliary for their fourth annual award because these ladies have helped many families in time of need by taking it upon themselves to prepare a meal for the bereaved families of Muenster and the Auxiliary felt it was time they were recognized and thanked for their much appreciated community service.

Stemless Evening Primrose (Oenothera triloba)

## Cooke County Blooms

By Gary Rainwater  
District Conservationist

Stemless Evening Primrose is a low annual or biennial which starts growth in the fall from a rosette of leaves.

The leaves are from 5 to 12 inches long, mostly basal; narrow, pinnately divided with wavy margins.

The flowers are quite showy, yellow or pale up to 2 inches across. They consist of 4 petals on a tube 1 to 4 inches long. The flowers arise from amid the stem leaves at ground level. They open in the evening, close in the late mornings and bloom from February to May.

The fruit is a hard capsule

up to 3/4 inch long, crowded at the base of the leaves forming a hard cone.

Stemless evening primrose is found growing in all parts of Texas except for the eastern 1/4 of the state.

It is commonly seen adorning lawns, fields, and roadside ditches. Toward the end of the flowering period, in late April or early May, the flowers progressively become smaller, the last sometimes measuring

less than 1/2 inch across. Within a month the leaves waste away, leaving only tight clusters of fruit, the whole rather resembling a pine cone. The seeds sprout with the fall rains and by March the young plants have reached flowering stages again.

The common name for Stemless evening primrose in the area is Buttercup. However, the plant is not in the true buttercup genus.

Happy Birthday - Girlie

## VFW Aux. Meets March 16

Members of the VFW Auxiliary have announced election of officers scheduled for the April meeting. Also listed as a coming event was the membership meeting at Lake Dallas on March 22.

At the regular meeting presided by Mrs. Gilbert Knabe, other pro-tem offices were occupied by Mrs. Herbie Herr guard; Mmes. John Wieler and Frank Felderhoff trustees; and Mrs. Al Walter patriotic instructor.

A card of thanks was received from Coach Jon LeBrasseur and the Sacred Heart Lettermen's Club, for the Texas Flag used in the gym and presented by the Auxiliary.

Members voted to donate funds for the purchase of 2 books on Drug Abuse to be given to Muenster High School and Sacred Heart School.

Mrs. Joe Sicking served refreshments to twelve members and Mrs. Gilbert Knabe won the door prize.

## Mrs. J. Haverkamp Honored

Mrs. J.J. Haverkamp's 81st birthday was observed twice by two groups who visited in her home.

On Sunday, March 29, the first surprise was having her son and his family, Mr. and Mrs. Ferd Haverkamp and four sons of Carrollton arrive at noon with a prepared dinner.

In the afternoon the following family members arrived with three decorated cakes to serve with ice cream and coffee. They were Mr. and Mrs. Tony Luke; Mrs. Melvin Luke; Mr. and Mrs. Wally Luttmere and Diane; Mr. and Mrs. Wayne Luttmere and Marsha, Angela and Mark; Mr. and Mrs. Roger Luttmere and week old infant Elizabeth, all of Lindsay; Mr. and Mrs. Ferd Haverkamp and Leroy, Jim, Ron and Ed of Carrollton; Mr. and Mrs. Willard Zimmerer and Brenda of Dallas; Mr. and Mrs. Ramie Hesse and Lloyd and a friend of Denison.

## All That Good Food!

With Germanfest fast approaching, there is renewed interest in authentic German food. Its great variety is reflected by the geographical area that was once homeland to ancestors many generations ago. German cookery is not stereotyped - it has infinite variety, ranging from hearty, satisfying cold climate fare to the most delicate foods served in the most elegant manner.

Local homemakers have a reputation as good cooks, exhibited by the pride they take in sharing or exchanging recipes generously... in feeding their families well... in hosting delightful meals for guests...

Delicious ethnic recipes are sometimes included in their menus, and it is such recipes of family-fare that deserve an extra bit of fan-fare. For several reasons...two especially...such recipes should be preserved, to be handed down again... and they make interesting reading and conversation pieces.

The Enterprise is requesting authentic German recipes to print as a pre-Germanfest feature. Preferred are family-favorite recipes handed down from mother or grandmother, etc.

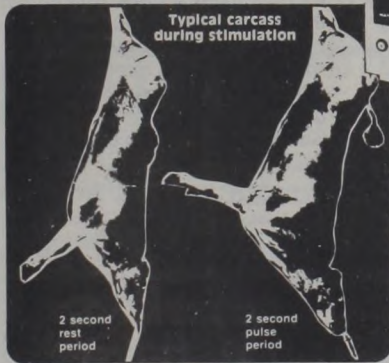

Will you share one or more of your traditional recipes with Enterprise readers? If you are willing to let us print your name, we will be glad to give you credit. We will comply with your wishes, and of course will return your recipes after they are printed.

Please indicate the source of your recipe, if possible. That will make it all the more interesting and a delightful bit of nostalgia for old timers and an inspiration for others.

Does your family have a favorite recipe that you would be willing to share with other readers before Germanfest? Call 759-4311 or write Box 190, Muenster.

## Koch-Britton Low Voltage Electric Stimulation

... for tenderness gains in every beef carcass you process!

- Checklist of Benefits
- Energy savings. Reach chill temperature 1-4 hours sooner.
  - Less dripping.
  - Less spoilage.
  - Less shrink and trim loss.
  - Shorten aging times up to 66%, less time in cooler.
  - Improved quality and flavor.
  - 25% increased tenderness.
  - About 6% move up a grade, better color, more visible marbling, less heat ring, reduced re-grade.
  - Lower the Ph level.
  - Eliminate cold shortening and dark cutters.

When a carcass is stimulated, a lot of body heat is dissipated in a hurry. Extra bleeding occurs and reduces chances of spoilage and excessive trim loss. Once in the cooler, proper chill can be reached hours earlier, saving money and energy.

Next day, a brighter cherry red color appears. At grading time, about 6% of the carcasses move up to a higher grade. Heat ring and cold shortening are negligible. Aging time is far less (3 days instead of 7, or 7 instead of 21).

If You Feed Your Own Beef Why Not Insure The Tenderness With Electrical Stimulation Call Us For More Information!

# Forestburg News by Myrt Denham

It is hard to believe but Keisha Diane Dill, daughter of Mr. and Mrs. Charles Dill, was one year old Tuesday March 17. Therefore, on Sunday night, March 22 Keisha's parents and brothers Keith and Cody honored her with a supper and birthday party in their home. Those attending the gala affair were: Mr. and Mrs. Jack C. Dill and Vatori, Mr. and Mrs. Ray Jackson, Mr. and Mrs. Larry Dill and children, Mr. and Mrs. J.W. White, Mrs. Nora Gartrell, Mrs. Lucille Adair, Mr. and Mrs. Ernest Moore and girls, Mr. and Mrs. Wesley White and son, and Mr. and Mrs. Ricky White and son.

Mrs. Veda Brogdon and daughter Marjorie Orrell of Gainesville spent the week of March 9 visiting with Max Brogdon in Gillette, Wyoming. While there they toured Mount Rushmore in the Black Hills of South Dakota and General Custer's Battlefield in Montana. **The 2 1/2-Year Money Market Certificate**

Put in \$1,000, and get back **\$1,355**

2 1/2-year return reflects interest earned on \$1,000 principal and accumulated interest for 2 1/2 years at current rate.

**Current rate of 12.00% yields 12.94%\***

Staying ahead financially has always been a race. But the 80's present new, tougher challenges.

At First Texas Savings, we have ways to beat the 80's. Like our 2 1/2-Year Money Market Certificate. It offers the guaranteed maximum rate, compounded daily, 365 days a year, for maximum yields on amounts as small as \$100. No bank can pay more. Rates for new certificates are set biweekly and are good for the entire term.

Sure, our 2 1/2-Year Money Market Certificate is a good investment, but it's also a no-risk investment. Your money is insured up to \$100,000 by a federal

agency and secured by First Texas' over 1.6 billion dollars in assets.

Best of all, at First Texas, all or part of your money is available anytime, or you can borrow against it. Penalty on early withdrawal is six months' interest\*\* and only on the amount withdrawn.

So, before you put your money anywhere, remember: Others may keep you even in the 80's, but First Texas Savings will keep you ahead.

\*Effective April 2-15, 1981.  
Annual yield reflects interest earned on principal and accumulated interest for a full year.  
\*\*Recent federal regulations require principal reduction if sufficient interest does not exist.

**First Communion..**

gave the second reading. Following the Homily, all first communicants were called by name by Mrs. Eileen Fisher, who presented them and their parents to the parish community.

The Offertory petitions and Prayers of the Faithful were given by 10 of the children and the Offertory Procession included 12 children carrying symbolic gifts and 12 narrating, thus giving each child the opportunity to participate in the special liturgy.

Community singing was led by Mrs. Eileen Fisher, accompanied by Mrs. Ruth Felderhoff.

For their First Holy Communion, the children were accompanied to the altar by their parents. The Communion Meditation was a duet "How Great Thou Art" by Eileen Fisher and Clyde Fisher.

For the Thanksgiving after their First Holy Communion, the little children re-entered the sanctuary, faced the parish community and sang "We Are Little Gifts."

The recessional was "God's Blessing Sends Us Forth", in unison. The altar banner used Sunday was made by the First communicants, the Sacramental Program committee and Mrs. Janie Taylor. Altar flowers were furnished and arranged by Mr and Mrs. Arthur Endres.

Religion teachers of the First Communion group were Sister Lillian Marie Reiter, Mr. and Mrs. Larry Vogel and Mr. and Mrs. Clyde Walterscheid. Members of the Sacramental Program Committee who met with parents on Sunday mornings since October 12 were Sister Romana Rohmer and Messrs and Mmes. Sam Endres, Larry Vogel, Robert Greathouse, Clyde Walterscheid, and Mike Kleiss.

Special guests Sunday afternoon were Marilyn Smith, Jane Weinzapfel and Gwen Trubenbach, classroom teachers. Don Flusche furnished special liturgy copies and Lu Vogel was sacristan.

**CITATION BY PUBLICATION**

THE STATE OF TEXAS

TO: Carl Overton, Respondent;

GREETINGS:

YOU ARE HEREBY COMMANDED to appear and answer before the Honorable District Court, Cooke County, Texas, at the Courthouse of said County in Gainesville, Texas, at or before 10 o'clock a.m. of the Monday next after the expiration of 20 days from the date of service of this citation, then and there to answer the petition of Melinda Butler and Larry Butler, Petitioner, filed in said Court on the 11th day of April, 1979, against CARL OVERTON, Respondent, and said suit being numbered 79-142 on the docket of said Court, and entitled "In the Interest of JENNIE RUTH OVERTON, a Child," the nature of which suit is a request to TERMINATION OF PARENTAL RIGHTS AND ADOPTION. Said child was born the 30th day of October, 1972, in Muenster, Texas. The Court has authority in this suit to enter any judgment or decree in the child's interest which will be binding upon you, including the termination of the parent-child relationship and the appointment of a conservator with authority to consent to the child's adoption. If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs. Witness, Bobbie Calhoun, Clerk of the District Court(s) of Cooke County, Texas. Issued and given under my hand and the seal of said court at Gainesville, Texas, this 25th day of March, 1981. Bobbie Calhoun Clerk, District Court, Cooke County, Texas. By Donna Shaver, Deputy. 19-1L1

YOU (AND EACH OF YOU) ARE HEREBY COMMANDED to appear before the District Court of Cooke County at the Courthouse thereof, in Gainesville, Texas, by filing a written answer at or before 10 o'clock a.m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 12 day of May A.D. 1981, to Plaintiff's AMENDED Petition filed in said court, on the 30th day of March A.D. 1981, in this cause, numbered 81-061 on the docket of said court and styled Rosalie F. Carlyle Individually and as Executrix of the Estate of William J. Carlyle, Deceased, Plaintiff, vs. Bettie Smith, Defendant. A brief statement of the nature of this suit is as follows, to-wit: THE PURPOSE OF SUCH TRUST HAS NOW CEASED AND IT SHOULD BE DECLARED NO FURTHER EFFECT AND THE ESTATE OF WILLIAM J. CARLYLE, DECEASED BE DECREEED FULL TITLE AND POSSESSION TO THE ABOVE MOTOR VEHICLE OR THE NET PROCEEDS RESULTING FROM SALE THEREOF PENDENTE LITE. If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs. Witness, Bobbie Calhoun, Clerk of the District Court(s) of Cooke County, Texas. Issued and given under my hand and the seal of said court at Gainesville, Texas, this 30 day of March A.D. 1981. Bobbie Calhoun Clerk, District Court Cooke County, Texas. By Donna Shaver, Deputy. 19-1L1

**Extension Allowed On Windfall Tax**

The Internal Revenue Service today said that individuals claiming an overpayment on windfall profit tax on their 1980 income tax returns will have an automatic extension until June 15, 1981, to file their individual income tax return. No penalty for late payment will be asserted if the balance due is paid by June 15, 1981; however, interest, at the rate of 12 percent a year, will be charged on any unpaid tax after April 15, 1981. Taxpayers who wish to avoid payment of interest on the total tax due should file Form 4868, Application for Extension of Time to File U.S. Individual Income Tax Return by April 15, 1981, and pay the tax estimated to be due on the return when filed. Although the late payment penalty is generally asserted even if an extension of time to file is granted when the total tax due is not paid by April 15, the IRS, in view of its previous conflicting and ambiguous instructions, will not assert the late payment penalty in this instance, if the return is filed and any balance due is paid by June 15, 1981.

## Muenster Girls, Second In District Tennis

Girls tennis teams of Muenster High finished in second place with a score of 6 at the District 11-A tournament held at Cooke County college Tuesday. Barbie and Brenda Wimmer rolled over the teams of Valley View, Krum and Alvord for the champ title and a total of four points. Also Stephanie Richey and Sherri Boydston defeated Krum and Valley View before losing to Alvord. After that, playing for third place, the Muenster pair beat Krum and earned two points raising the team score to 6.

Richey and Boydston breezed through the Krum match for wins of 6-0 and 6-1, also through the Valley View matches for wins of 6-4 and 6-3. Then they got involved in the two classic contests of the tourney. They

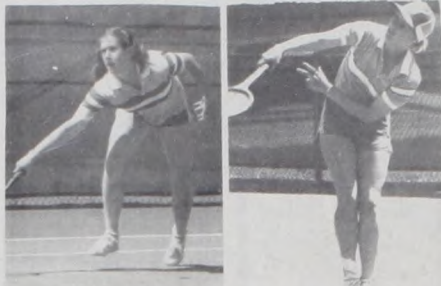

beat Alvord 6-2, tied at 6-6 and then lost a tie breaker 9-7. Finally they beat Krum 6-4 and 7-5 for third place honor.

The Wimmer girls had no problems in their trophy bound drive. They won 6-1, 6-0; 6-1, 6-1; and 6-1, 6-1.

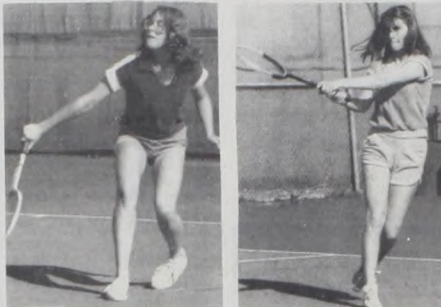

Singles efforts were less successful for MHS as Carla Walterscheid and Lisa Martinez failed to score. Carla started with a 6-0, 6-2 win over Krum then lost the semi-final 6-2, 6-1 to Alvord. Finally she lost 6-1, 6-3 in the try for third place. She ended in fourth, which does not count in the score.

Lisa beat Alvord 6-1, 6-0 and was eliminated 6-4, 6-3 by Forestburg.

Five of the district's 8 teams participated, and their final scores were Alvord 7, Muenster 6, Krum 4, Forestburg 2, Valley View 0.

Barbie and Brenda Wimmer, twin sisters swept the district tennis in three straight sets to win the doubles championship for Muenster High. This win gave MHS second place with a count of 6 points. Alvord was No 1 with 7.

Sherri Boydston and Stephanie Richey, No 2 doubles entry in the district tennis tournament placed third and earned second place for Muenster. Janie Hartman Photo

Lisa Martinez and Carla Walterscheid were Muenster High's two singles entries in the district tennis tournament Tuesday. Lisa lost her second game. Carla won her opener, lost the semifinal and then lost her try for third.

Doris Felderhoff, in her second year as head coach of the 5A Clear Creek Wildcats has been named "Coach of the Year" of the Greater Houston area.

After a slow start, including 9 losses before Christmas, the team closed the season with 27-11 season. On the way to that record, the Wildcats advanced to the semi-finals of the Class 5A playoffs, losing 57-49 to Duncanville.

Doris is a daughter of Mr. and Mrs. Henry Felderhoff and a graduate of Muenster High, where she led the Hornets to a district championship and was named four times on the all district team.

In college she played one year at Wayland Baptist and three at Stephen F. Austin. She was named an All America Center her junior and senior years and advanced to the final in Olympic tryouts. After graduation in 1977 she was assistant coach at SFA one year and is on her second year as head coach at Clear Creek High.

### Golf Tourney

Members of the Muenster Golf Association will have their monthly tournament Sunday at 9:30 at the Gainesville Municipal Course.

### MHS Golfers Are No 3 in Tourney

Muenster High golfers were Number 3 last week in a tournament of seventeen area high school teams at the Nocona Hills course. Their total for the 4-member team was 349, as compared with 341 for Jacksboro and 342 for Nocona. Next in line was Bowie with 352...a point spread of only 10 for the four contenders.

Hornet efforts were led by Dale Swirczynski's 81, the third best individual score of the tourney. Others were Bob Hamric 89, Wayne Carroll 89 and Vance Wells 90. Glenn Fisher also played and scored 93. The regulations permitted five to compete and use the best four scores for the total count.

Among other teams competing were Paradise, Saint Jo, Holliday, Archer City and Henrietta.

The Hornets will play for the district title next Monday, April 6 at Gainesville.

### MHS Will Host for 2 Weekend Meets

Muenster High School will host junior high and high school students of the area in track meets this weekend.

Junior high teams expected Thursday are from Callisburg, Valley View, Era, Nocona, Saint Jo, Forestburg, Alvord, Slidell, Paradise, Ponder, Muenster and Sacred Heart, in boys and girls divisions. Preliminaries will start at 10 a.m. and finals at 1 p.m.

High school boys and girls will be here from Nocona, Sadler-Southmayd, Saint Jo, Callisburg, Slidell, Ponder, Era, Valley View, Lindsay, Alvord, Paradise, Sacred Heart and Muenster. Preliminaries will start at 2:30 and finals at 6:30.

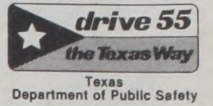

Muenster High and Sacred Heart teams were idled last Saturday when the Indian Relays of Nocona was rained out.

### Corrections

Rodney Hess, a member of the Muenster Public School Junior High boys Shot Put team, was a second place winner. His name was incorrectly given in the list of winners of the junior high track meet held on Friday, March 20.

Marcus Tate was one of the runners pictured on page 10 of the March 20 Enterprise, showing eight students in the 440 relay races of Red River Relays. He was incorrectly identified when passing the baton in the inside lane.

On page 11 of the same paper, it was Garland Tate who should have been credited with a single in the baseball game with Boyd, and not Wayne Tate.

### Tips Offered On Jogger Safety

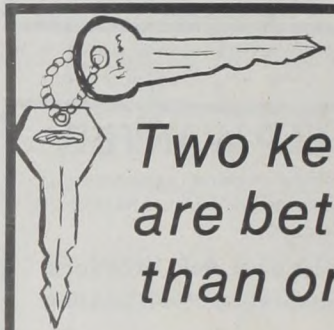

While jogging has become the favorite pastime of many Americans, joggers expose themselves to various risk factors, says a Texas Agricultural Extension Service safety engineer.

A study by the Insurance Institute for Highway Safety shows that only a small proportion of more than 8,000 pedestrian deaths and tens of thousands of injuries involve joggers, says Dr. Gary Nelson. And the study reports that the health benefits of running outweigh the danger of being hit by a motor vehicle.

However, risk factors do exist that increase the likelihood of being hit by a motor vehicle while jogging, says Nelson. These include jogging after dark, jogging with other people, or jogging on roads with the flow of traffic.

More than half of the reported accidents and about two-thirds of the fatal collisions involving joggers occurred during non-daylight hours. Collisions involving running in the same direction as traffic were the most numerous.

Nelson advises joggers to run against the flow of traffic in daylight hours and to use caution when running at night.

## Hornets Continue Winless Streak

In three games of the past week the Muenster Hornets came in like lions and went out as lambs. They gave up early leads twice to Callisburg, settling for a loss and a tie and did likewise at Nocona, ending in another loss. Their one consolation is that they were in contention all the way. The first score was 5-4 after an extra inning, the next was 7-7 and the third was another 5-4.

Two previous losses were also by close scores, indicating that performance to date has been more competitive than the 0-6-1 record.

The team will close out its pre-district activity this weekend in a tournament at Pottsboro, which includes mostly 2 teams. The eight entries are Muenster, Whitewright, Nocona, Savoy, Bells, Van Alstyne, Howe and Pottsboro. The Hornets' first opponent is Pottsboro, at 10 a.m. Thursday.

Starting next Monday at Ponder, the Hornets will be in district competition, the seasons to consist of a double round robin with

Alvord, Krum and Ponder and to end on May 12.

In the first game at Callisburg last Friday, MHS took an early lead and was tied 2-2 in the fourth and 3-3 in the sixth. Muenster regained the lead in the top of the seventh but a Callisburg homer at the bottom of the seventh tied it again. Finally Muenster was scoreless in the eighth and Callisburg brought in the deciding run on a walk, a hit and a punt.

David Flusche pitched 7 innings and Dale Swirczynski and Tim Schneider the remaining three. They gave up 4 hits and 12 walks while fanning 11. Meanwhile MHS fielding was errorless. The Callisburg pitcher allowed 12 hits, walked 2 and fanned 6. Muenster hitters were Dale Swirczynski 4, Jerry Serna 3, Vance Wells 3, Benji Luke 1, Tim Schneider 1.

Next game the Hornets led 4-3 after the first inning, 6-3 after the second and 7-3 after the fourth. But they quit scoring after that whereas Callisburg rallied for 2 in the fifth and 2 in the

sixth. The seventh was scoreless after which the game was stopped by the clock. Coaches had agreed to play no later than 5:30.

Tim Schneider went all the way for the Hornets, allowing 7 hits, 4 walks and fanning 9. The Wildcat hurler fanned 3, gave up 10 hits and 2 walks.

Hornet hitters were Ricky Winn 3, Dale Swirczynski 3, David Flusche 2, Benji Luke 1, Vance Wells 1.

At Nocona Tuesday it was more of the same as MHS wasted a strong start and eventually lost. They were ahead 4-0 after the first and then quit scoring, whereas Nocona kept going: 1 in the second, 1 in the fifth, 2 in the sixth and the winning run in the seventh. All of Nocona's score resulted from a 2 run homer and 3 unearned runs.

Tim Schneider as pitcher gave up 3 hits and 4 walks and struck out 6. The Indian pitcher gave up 6 hits and 2 walks and fanned 1. The Hornet hitters: Ricky Winn 2, David Flusche 2, Vance Wells 1, Rusty Serna 1.

### Forestburg YHT Meets March 24

Thirteen members of the Forestburg Young Homemakers' Club met for a program on ceramics presented by Ruth Harris on March 24.

Other topics discussed were a project to work toward the community volleyball tournament that will be held the week of April 27 to May 2; a rummage and bake sale to be held April 4, and the compiling of a cookbook. It was also voted that a baby sitter will be present at future meetings.

The next meeting of the Forestburg Young Homemakers Club will be April 14 at 7 p.m.

The Forestburg FFA chapter's meat judging team placed fourth in the Area V FFA contest at Garland, Saturday and qualified for the state judging contest to be held in College Station in April. Members are Douglas Edwards, Jeff Carter and Ricky Woodard. Jeff was fifth high individual with 491, Douglas was 6th with 490.

Trophy Strippers are proudly shown by Shane, son of the Willie Wimmers and his grandfather, Lawrence Wimmer. The whopper weighed 20 pounds.

The Forestburg FFA No 2 land judging team was sixth in a contest at Tarleton State University last Friday. Pictured with their trophies are Dale Romine, Wesley Reynolds, Tina Wade and Darrel Romine. Reynolds was eighth high individual. Scoring 14 in the contest was Forestburg's No 1 team consisting of Thomas Romine, Jeff Carter, Falcia Bell and Veronica Edwards.

The Forestburg FFA team won the second place plaque in a range and pasture judging contest sponsored by the Little Wichita Soil and Water Conservation District. Members are Ricky Woodard, Douglas Edwards, John Coffman and Jay Houston. They scored 804 behind Jacksboro's 830. Also Edwards was individual high scorer with 291 out of a possible 337 and Coffman was fifth with 266. In land judging a Forestburg team composed of Veronica Edwards, Falcia Bell, Thomas Romine and Jeff Carter was fourth. And judging just for practice were Darrel Romine, Wesley Reynolds, Tina Wade, Dale Romine and Daniel Riddles.

# Family Honors Agnes Seyler On 80th Birthday

Mrs. Ben Seyler, the former Agnes Fette, daughter of the late Mr. and Mrs. John Fette, was surrounded with family members, relatives and friends Saturday afternoon in observance of her 80th birthday.

The surprise was planned and hosted by her three daughters, Sister Mary John Seyler (Margie) of Pochontas, Ark., Mary and Darrell Adams of Midland and Johann and Lambert Bezner of Gainesville.

Guests arrived throughout the afternoon from 2:30 to 5 p.m. As they placed their names in her keepsake book they were each given an inspirational floral card telling her birthday, February 25, 1901 in Houghton, Iowa, to John Fette and Annie Steffenmeier Fette.

A tea table was arranged with an assortment of buffet foods and Mrs. Evelyn Meurer and Mrs. Kathy Fette served punch or coffee. The table centerpiece was an arrangement of white mums with accents of miniature cuckoo clocks mingled in the flowers. One of Agnes Seyler's favorite hobbies is collecting antique clocks.

All of her grandchildren and great-grandchildren were present, including Paul and Margaret Adams and son Jerrod of Lubbock; Peter Adams of Lubbock and Connie Adams of Midland and Jerrod; Ben and Melinda Adams of Midland and children Donna, Ezekiel and Zachariah; John Adams of Houston, Aggie Lue Adams, Anne Adams, and Aimee Adams, all of Midland; and Jacob

Bezner of Dallas; also a friend, Terri Pierson of Lubbock.

Phone calls were received from the honoree's sisters, Mrs. Marge Ratliff of Lubbock, Mrs. Dorothy Quinlan of South Bend, Indiana, a cousin, Sister Laura Lampe of Milwaukee, and nephew Sam Ratliff of Dallas and Harry Otto, and nieces Rita Forney and Linda Lutkenhaus.

Floral gifts came from another sister, Mrs. Lil Gallery of Encino, Calif., and nieces Mrs. Linda Fette Goodwin and Mrs. Kay Fette Hickey.

Other guests included sisters-in-law, Mmes. Rachel Hope of Fort Worth, Marie Mosman of Muenster and Mr. Mosman, Odella Lutkenhaus of Muenster, Catherine Johnson and her daughter Valerie of Dallas.

This pretty young lady, now all of eighty - is Aggie Seyler who was the honoree at a birthday party Saturday, in her home here. This picture was made in Iowa and the family pet, "Shep" came along when the move was made to Texas. The dog is given credit for saving her life when, as a toddler she wandered into a pen of hogs on the farm. The dog's barking alerted the mother to the danger.

## Shower Honors Pam Fette

Pam Fette was an honoree on Saturday, March 21 when Mrs. Roy Hartman entertained with a baby shower in her home at 2 p.m.

Thirty four relatives and friends attended. Coming from out of town were the honoree's mother, Mrs. Robert Gosney of Belton, her grandmother, Mrs. Clarence Hefner of Crowley, a great-aunt Mrs. Ruby Parker of Fort Worth, and a long time friend, Mrs. Mae Jones also of Fort Worth. Also the honoree's sisters Molly Gosney of Dime Box, Texas and Amy Gosney of College Station. They were joined by David Fette's mother, Mrs. R. N. Fette and his grandmother, Mrs. Ben Luke, and several aunts and cousins and a number of friends.

The hostess served punch and coffee from silver services, with petit fours iced and decorated to resemble baby blocks by Betty Rose Walterscheid. The centerpiece, made by Mrs. Hartman, was a grouping of large children's blocks decorated with pictures of Dave and Pam from infancy, through teen years, courtship and early marriage years.

All guests were presented name tags shaped as diapers and one was numbered for a door prize. Mrs. Gosney and her daughters remained for the weekend.

## Reunion Honors Sophie Stoffels

The children of Mrs. Sophie Stoffels gathered on Sunday March 22 to give a party in her honor. More than a hundred guests helped Mrs. Stoffels celebrate her 85th birthday.

Following a 10 a.m. Mass at St. Peter's Church in Lindsay, a covered dish meal was served in the Parish Hall at noon.

Gifts were opened and displayed. The children's gift to their mother was a ceiling fan. Everyone joined in singing "Happy Birthday".

The birthday cake was baked and decorated by Linda Hensley. There were nine yellow roses in the center representing her children. They branched out with 48 rosebuds that were representative of her grandchildren and then nineteen tiny rosebuds for her great-grandchildren.

Children hosting the party were: Pete and Charles Stoffels and Mrs. Erwin (Clara) Fuhrmann of Lindsay; Mrs. Don (Lucy) Wilson of Whitesboro; Mrs. Dick (Emma) White of Garland; Mrs. Hubert (Rose Marie) Shrodes of Dallas; Mrs. Franklin (Sarah) DeFrance of Fairfield and Bill Stoffels of Sante Fe, New Mexico, who was unable to attend with his family but sent greetings to his mother, and Henry Stoffels of Gainesville.

Special guests included Father Cleus Post, Mrs. Vera Conrady, Sisters Ferdinand, Mary Alice, Mary Andrew, Esther and Dorothy Theresa, all of Lindsay.

Also attending were all of Mrs. Stoffels' sisters and a brother, Mrs. J. C. (Catherine) Schmidkofer, Mrs. Herbert (Marie) Henrich, Mrs. Ray (Clara) Miller, Mrs. Barbara Lasiter and Tony Angerer; also her 96 year old uncle, Gus Neumier, and cousins Agusta Jansen and Anna Arkham of Ft. Smith, Arkansas. Also many other relatives from Lindsay, Munster and Gainesville.

One of Mrs. Stoffels' hobbies, probably the principal one is quilt making. She is well known for a special talent of designing original patterns. The guests enjoyed seeing a large book with each page picturing one of her creations. Recipients of these lovely quilts have been her children, grandchildren and great-grandchildren.

## St. Anne's Society Has March Meeting

The regular business meeting of members of St. Anne's Society in March, included a report on the NCCW meeting by Mrs. Denis Walterscheid and Mrs. Adolph Walterscheid, when one of the program features was a film on "Secular Humanism", shown by Father Placidus Eckart.

Members also made plans to assist with the March 29 Northern District Deanery meeting in Muenster when Father Jerry Mosman spoke on Christian Life Within the Family.

Get-Well cards were sent to Mrs. Frank Yosten, Mrs. Dan Luke, Mrs. Eugene Klement and Mrs. Werner Becker.

Announcement was made of new officers elected for the NCCW, including Marie Zimmerer, president; Caroline Hess, vice president; Vera Deusman, secretary; and Mary Berschenk, treasurer.

A note from Abbot Alfred Hoenig thanked St. Anne's members for their letters to Senator Mengden, voicing opposition to pornography and supporting legislation aimed to control its distribution.

Mrs. Leo Henschel gave two readings; "A Look at Lent" and "Ten Commandments for Wives."

Twenty seven members attended and Mrs. Henschel won the door prize.

## Building Inspection Reveals Principle Fire Hazards

By Teresa Rainwater  
Enterprise Staff Writer

The Muenster Volunteer Fire Department inspected the Muenster Telephone Corporation building last Thursday. This fire inspection included locating all exits, the gas and electrical cutoffs, the basic structure and floor plan of the building, areas considered most hazardous and other information that would be valuable to the firemen should there be a fire there.

Alvin Fuhrman, president and manager of the Muenster Telephone Corporation, and Ken McDougal, staff engineer, accompanied the firemen on the tour of the building.

In the equipment room of the telephone company, for example, it was learned that if possible, in the event of a fire in that area, the fire

should be put out with CO 2 extinguisher because water could ruin the electrical equipment. Water would be used in that particular area as a last resort.

Fire Chief Harvey Schmitt said the fire department would be glad to survey and inspect other local businesses and stores. In the event of a fire, the firemen would thus be able to act more quickly and efficiently. They would know beforehand the dangerous areas, the exits, the cutoffs, where the most flammable products are kept and so forth. "It is something that would benefit them as well as the fire department," Schmitt said.

According to Schmitt, there are some phones in Muenster that do not have a fire sticker. This is a small sticker that has the

telephone number of the fire department. "Every phone in every home and business in Muenster needs a fire sticker."

A fire that occurred recently in a Muenster home did not have a fire sticker on any of the phones in the house. It can save time; it can save property and it can save lives.

Anyone who does not have a fire sticker and any business interested in a fire inspection should contact Fire Chief Harvey Schmitt or any of the firemen.

The Muenster Volunteer Fire Department is continually learning more efficient means and methods to keep the community safe. The community can help by having fire inspections and applying fire stickers to the phones.
