Medfly: R.I.P.

Though the event went virtually unnoticed in most parts of the country, America closed the book on the "medfly" story a few weeks ago, when the U.S. Department of Agriculture declared the emergency over.

From beginning to end, the bizarre medfly saga was an example of environmental loony-tunes.

The end came quietly: no television cameras, no TIME and NEWSWEEK cover stories, just a simple announcement by Assistant Secretary of Agriculture C.W. "Bill" McMillan saying that the infestation had been eradicated, and thanking everyone for their cooperation.

The trouble is, not everyone cooperated. And because of that, we have learned, the cost of eradicating the voracious agricultural pest increased in less than two years from original estimate of less than \$1 million to more than \$173 million - about \$118,000 per head for each of the 757 little bugs that were zapped during the eradication program.

When the first tiny bugs were discovered in California's Santa Clara Valley in December 1980, pest-control experts recommended spraying the area with a chemical known as "malathion." The chemical had been safely used in California and elsewhere for some 25 years, in both agricultural and nonagricultural bug control programs. In New Orleans and the Tidewater, Virginia, area malathion was used for mosquito control. It was as safe and effective a chemical as is known.

But Governor Jerry Brown balked. The governor apparently felt he knew better than all of the doctors and scientists, including officials of the California Department of Health Services, who found the chemical safe. So instead of authorizing the needed aerial spraying, Governor Brown called on Golden Staters to hand-strip their fruit trees and even called out the National Guard to help. At the peak of the confrontation, the state employed 4,000 workers to battle the flies and quarantined 623 square miles of land.

As Dr. Jack Early, one of the country's leading authorities on agricultural pest control, said, the eradication program became a "circus, and all the while the problem was spreading."

The rest is history, reported in cover stories in America's news magazines and watched by tens of millions of amused Americans on TV's nightly news.

"Unfortunately," notes Dr. Early, president of the National Agricultural Chemicals Association, "the delays took a price. Instead of the \$748,000 U.S.D.A. had estimated in December 1980 to control the very limited infestation in Santa Clara County, the program cost more than 200-times that, and covered much of the state, from Los Angeles County in the South to the outskirts of Sacramento in all.

Chamber studies pro/con of paid administrator

With a purpose of promoting commercial and industrial development, the Muenster Chamber of Commerce is currently studying the possibility of hiring someone who can make initial contacts with persons who are interested in the community as a business location, as well as representing the organization in routine matters.

The idea was discussed at Tuesday's chamber meeting and related to suggestions from a meeting of Jane Monday, Charles Coffey and Henry Weinzapfel.

Speaking for the trio, Mrs. Monday said the first objective is to choose a person who is well posted on the community and the area, especially as regards available labor and locations, the nature of existing business and the dominant characteristics of the area.

Also preferred is a retired or semi-retired person interested in part time pay as well as part time activity, because the Chamber is not financially able to afford a full time worker.

Members were asked to think over the idea until the

Jr Elite resumes operation

Good news has arrived relative to the Jr. Elite dress factory. Plant Manager Bernice Sicking said Wednesday that it will open Monday on a conditional basis, that is, as long as it is able to schedule work a month in advance.

She explained that the factory has been operating on a month to month basis, whereby the contract might be terminated only a short time after a new order of work arrives. That could result in confusion and added expenses of sending materials back and not completing the order.

Now, she added, the con-

tract calls for a 30 day notice to close the plant. It means that at least 30 days of working time is assured for any order, and the factory will have ample time to finish it in case a shutdown is ordered.

Materials for the next order are expected during the weekend and calls for workers will start Monday. More workers will be notified day by day as the order advances through its several stages.

Meanwhile, regarding a permanent contract, it's a matter of "while there's communication there's hope."

Chamber of Commerce president Dick Ferber told members at their regular meeting Tuesday that a good sign is the scheduled get-together of principals next week Thursday to seek a solution of their problem.

He explained that a trio of chamber members, Ferber, Larry Kinard and David Fette, have been in touch with Jerell Inc. and the trust department of First City Bank, both of Dallas, offering the chamber's services in whatever way it can be helpful and assuring both sides that the factory is regarded as a vital com-

munity asset by local business as well as the employees.

At this time, he said, the plant is closed because it has no materials to work with, however a month to month contract is in effect since the regular contract expired.

The factory building is owned by the J.M. Weinzapfel family and its management assigned to the Dallas bank's trust department. The problem resulted when Jerell objected to a rent increase, and negotiations to resolve it have been delayed on both sides.

Boss Pautler, 69, dies

Funeral service for Alphonse (Boss) Pautler, 69, was held Tuesday at 10 a.m. in Sacred Heart Church with Father Denis Soerries officiating at a mass of Christian Burial.

Pautler died of a heart attack at 8:30 a.m. Sunday at Westgate Hospital, Denton, while being prepared for cancer surgery. He had been ill since suffering a stroke two years ago.

Burial with military service conducted by the Muenster VFW post, was in Sacred Heart Cemetery directed by Nick Miller Funeral Home. Pallbearers were Danny and Gene Owen, Herb and Ronny Cunningham, Gene Bardsley and Kenneth Laux; and honorary pallbearers were Billy Dean Owen, Jimmy Owen, Jimmy Pautler and David Miller.

Pre-funeral services were recitation of the rosary at 4 and 8 p.m. Monday in the

Miller funeral home chapel.

Boss Pautler was a native of Muenster, born April 13, 1913, a son of the late Mr. and Mrs. Joseph Pautler. He was married October 26, 1940, in Gainesville to Betty Miller of Olney, Ill. The next eight years included residence in Olney and New Harmony, Ind., and service in the US Army during which time he was stationed in Germany.

They have lived in Muenster since 1948. He was occupied in the oil field until sustaining a stroke in 1980 and has been a member of the Muenster VFW post.

Survivors are his wife, Betty, a son Roger and two grand-daughters of Las Vegas, Nev.; one brother, Henry, of Muenster; four sisters, Mrs. Mary Owen of Fort Worth, Mrs. Agnes Owen and Mrs. Julia Cunningham and Hilda Pautler of Muenster; and a number of nieces and nephews.

Cooke County Emergency Medical Services, represented by Sharron Ammons and Patrick Elms, demonstrated equipment to Muenster residents Wednesday, when the unit was located on the parking lot adjoining

Fischer's Meat Market. In the above photo Sharron and Patrick meet Mr. and Mrs. Lester Harris. Mrs. Harris receives a blood pressure check, while her husband awaits his turn.

Displayed on the table were various pieces of equipment used for remote communications with local and other hospitals and certain radio equipped vehicles. Lester Harris is viewing a compact case of First Aid supplies.

Sharron Ammons and Patrick Elms awaited visitors Wednesday when they sought, through community awareness to publicize the 24 hour advanced life support services available. They are seated at the entrance to their emergency vehicle.

Good News

Ephesians 4:1-6
Unity in the Mystical Body. I plead with you, then, as a prisoner for the Lord, to live a life worthy of the calling you have received, with perfect humility, meekness, and patience, bearing with one another lovingly. Make every effort to preserve the unity which has the Spirit as its origin and peace as its binding force. There is but one body and one Spirit, just as there is but one hope given all of you by your call. There is one Lord, one faith, one baptism; one God and Father of all, who is over all, and works through all, and is in all.

EDUCATION
Every conscientious citizen recognizes the importance of education. As individuals we may differ on how much education a person needs to prepare him for useful citizenship, but, in general, we do believe that every person should have a minimum of a high school education.

There is far less general agreement on the type of education an American youngster should receive. The rapid growth of private schools is a vivid illustration of the strength of feeling involved. People who have chosen private schools over government schools for their children are obliged to pay twice for their education. They pay public school taxes and pay tuition for private school education.

There is also considerable disagreement on the philosophy which should undergird our educational systems. For example, there are those who believe that the purpose of education is to prepare young people to be accepted by the group. This is the so-called "progressive education" of John Dewey.

Then there are those who believe that education should be so designed as to prepare students for citizenship in a world government. This might be called the "UNESCO education."

As for us, we adhere to the traditional philosophy of education which is centuries old: that the purpose of education is to transmit the culture of a society to its youth. In accomplishing this, it is hoped that the individual will be "armed with knowledge, strength of judgment, and moral virtues, and in the ability to make a living, and in the process, preserve the heritage of the nation and the achievements of previous generations.

There is considerable concern in some quarters about the status of education in America. The evidence indicates a definite decline in the abilities of our students. This has occurred to some extent in both private and government schools.

But there is also evidence to

indicate the failure of our educational systems in a much more significant area: in the development of judgment, of wisdom.

We would argue that there are two mutually dependent areas of knowledge, each equal in importance to the other.

One is that area concerned with learning how to do things. It involves everything from how to spell, how to read, how to calculate mathematically, all the way up to how to build a house, an office building, a ship, a supersonic aircraft, a space shuttle, or even more complicated objects. Over the years we have demonstrated a fairly good grasp of this type of "know how" knowledge.

But there is a second, vital and equally important type of

knowledge which can be characterized as understanding, judgment—in a word: wisdom.

Where "know how" knowledge involves how to do, wisdom concerns the ability to determine correctly what to do. The failure of our educational systems to impart wisdom and judgment in our youth is manifest in a large segment of American society today.

Does the fact that America's young women have 1,600,000 abortions a year indicate "wisdom of Youth"? Does the use of marijuana by four million young people between the ages of 12 and 17 indicate they are gaining wisdom in school? Does the rapidly growing crime wave among high school youth indicate a grave failure in the equality of our education?

Letter to the Editor:

Dear Readers,

I cannot sit by and let Jr. Elite shut its doors and leave the town, without expressing an opinion. They have been a good industry in the town for at least fifteen years. They have given employment to the women of this and neighboring communities. To let them leave, without any real effort being made to keep them will be a disaster to the town.

We have Valenite in trouble, and so much unemployment in the town now. There will be no work in the community for women whose husbands are already out of work. The women will bank and shop wherever they have to go for work. The owners of Jr. Elite don't need us, the town needs them.

Fuhrman will head 1983 Germanfest

The first step toward organizing the 1983 Germanfest was indicated at the Chamber of Commerce meeting Tuesday when President Dick Ferber announced that Alvin Fuhrman will repeat as general chairman.

Fuhrman told the members that his first concern is to get as much experienced help as possible, and he extends his request for help to all of last year's 26 assistant chairmen.

Santa will come Line up for parade

Muenster's annual Santa parade, now hardly a month away is starting from scratch this week under guidance of a committee of four, which includes Deb Klement, Jane Monday, Lupe Evans and David Fette.

This group volunteered for the project at Tuesday's Chamber of Commerce meeting and chose to get together Friday and decide on a slate of activity. They emphasized that it's an open meeting with a welcome mat out for anyone who has ideas and/or is willing to help. They'll be at the Chamber of Commerce office. The parade date this year is December 11, a week later than originally planned. As usual, it is co-sponsored by the Chamber and the Jaycees.

Accent On Health

Texas Department of Health
Robert Bernstein, M.D., Commissioner

All dogs, including puppies, need to be wormed periodically not only for their own good, but to protect their masters from a disease caused by parasitic roundworms which these animals may carry.

"Dogs, and to a lesser

degree cats, are naturally infected by large parasitic roundworms known scientifically as *Toxocara canis* and *Toxocara cati*," explained F. V. McCasland, D.V.M., Chief of the Bureau of Veterinary Public Health for the Texas Department of

Health.

"These intestinal parasites may cause serious problems, including death, to their natural hosts," Dr. McCasland said. "Also, a real problem occurs when their eggs are ingested by an unnatural host such as man. In man, the larvae cause a disease called visceral larva migrans when they migrate aimlessly into the viscera (vital organs) searching for a place to complete their natural development."

The pattern of contamination is simple. A dog contaminates the yard by passing worm eggs in its feces. Then, a youngster playing in a yard or an adult working in a flower bed mechanically transfers the eggs from the soil to the hands, then from the hands to the mouth, and finally from the mouth to the stomach.

Most cases of visceral larva migrans are mild, the severity depending on the number of larvae involved. Extensive damage is possible, however, when the larvae invade the central nervous system and frequently cause paralysis. Larvae may also migrate into the eye causing blindness or other eye ailments.

Effective drugs are available to treat both the infection and the more serious signs and symptoms that it may produce.

"Household pets should be checked for intestinal parasites periodically," Dr. McCasland said. "A convenient time to do this is when you take them in for their annual rabies vaccinations. And you might just as well

assume that all puppies are infected with intestinal parasites, so they need to be wormed also."

Another preventive measure is cleaning up the feces where your pet runs. Investigations show that the surface soil of yards where dogs and cats are confined is usually highly contaminated with infected eggs. These eggs can remain alive for many months, even under adverse weather conditions.

For more information, contact F. V. McCasland, D.V.M., Chief of the Bureau of Veterinary Public Health, Texas Department of Health, 1100 West 49th Street, Austin, Texas 78756.

The Owner's Manual

By Larry Tisdale DVM

This week I would like to continue the study of those who trust God for their needs compared to those who never acknowledge that God has anything to do with their fate. David discusses this problem in the 37th chapter of the Book of Psalms. In this wisdom psalm, David uses a series of proverbial expressions to encourage the righteous to trust in the Lord, who will watch over them, and not to worry about the wicked, who will be rooted out from the earth. Since a verse by verse study in this column of this chapter might take six weeks or longer, and the reader might find that kind of study repetitious, I am going to look at four or five verses and leave it to the reader to read and study the whole chapter.

In verse 25 David states: "I have been young, and now I am old; Yet I have not seen the righteous forsaken, Or his descendants begging bread."

Our first reactions to this verse would probably be to wonder how it could be true when we think of all the Christians we know who have suffered greatly and especially Christians in foreign countries who have undergone persecution. However, David does not say that he never saw the righteous afflicted, but that he never saw them left or forsaken in their affliction. The Bible never says that there will be no storms in the Christians' life, but that God will be with us through the storms if we will put our trust in Him. Therefore, the fact remains, never are the righteous forsaken, this is a rule without exception.

The psalmist continues in verses 35 and 36:

"I have seen a violent, wicked man Spreading himself like a luxuriant tree in its native soil. Then he passed away, and lo, he was no more; I sought for him, but he could not be found."

Here we see the prosperous wicked compared to a luxuriant tree. They appear to flourish and seem green in the eyes of the world. However, just as the tree is a thing of earth, whose roots are in the clay, the ungodly man is firmly rooted in earthly things - his native soil, grown proud and wanton in his prosperity, without fear or apprehension of any reverse. Like a green bay tree he produces all leaves and no fruit. For all its beauty and grandeur, one day the noble tree passed away and could not be found. When the storm broke over it and the strong winds swept through its branches, it would not stand. Torn up by its root it was utterly destroyed. Carried away for firewood, burned up by lightning, or washed away by the flood it could no longer be found. And thus it is with the wicked. To the surprise of all men the great man was gone, his estates sold, his business bankrupt, his house alienated, his name forgotten, and all in a few months!

In contrast to this, David concludes Chapter 37 by stating the rewards of the righteous in verses 39 and 40:

"But the salvation of the righteous is from the Lord; He is their strength in time of trouble. And the Lord helps them, and delivers them; He delivers them from the wicked, and saves them, Because they take refuge in Him."

How glorious is the promise that God is our strength in times of trouble. Whoever truly believes in God will be no longer fretful against the apparent irregularities of this present life, but will rest assured that what is mysterious is nevertheless just, and that God knows what is best for each of us.

the north." Said Early, "No country can afford too many \$173 million mistakes. We especially can't afford them today, with the world population increasing by an estimated 70 million people each year. The United States, after all, is one of the very few countries on earth that grows more food than its people need for themselves. This is possible only because of our advanced farm technology, including carefully tested agricultural chemicals."

Let's hope our understanding of the Medfly fiasco prevents a similar event from ever taking place. A lot of people around the world are depending on us.

President Reagan speaks on behalf of Employer Support of the National Guard and Reserve.

"There are more than a million men and women serving America in the National Guard and Reserve. They're a vital part of our nation's defense.

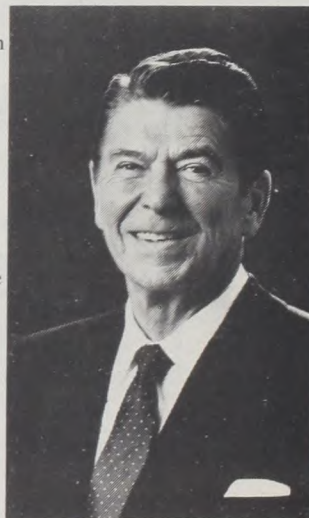

"Duty with the Guard and Reserve is demanding. It requires members to take time off from their regular jobs and takes them away from their families for military training.

"Therefore, I extend the thanks of the nation to those of you who support the Guard and Reserve. Without the backing of employers and families, we could not maintain these essential volunteer forces.

"The security of our nation depends on a strong Guard and Reserve. And, a strong Guard and Reserve depends on us."

Sharon Thurman and Patrick Krebs united

Sharon Ann Thurman, daughter of Mr. and Mrs. Kenneth Thurman of Lindsay and Patrick Wayne

Krebs, son of Mr. and Mrs. Leon Krebs of Gainesville exchanged wedding vows on October 30 at 5 p.m. in St.

Peter's Church of Lindsay. The bride's great-uncle, Father Alcuin Kubis of St. Edward's Church in Little Rock celebrated the nuptial Mass and officiated for the double ring ceremony.

Presented at the altar by her father, the bride was wearing a long white formal wedding gown which swept softly into an aisle wide chapel length train, banded with two rows of elegant lace. The bodice and sweetheart neckline were detailed with solid lace and seed pearls, as were the sheer bishop sleeves. The lace cuffs came to a gentle point over the bride's hands.

She wore a two tiered illusion veil completely banded with matching lace, caught to a matching lace caplet. White gardenias, yellow rosebuds and small accenting flowers were arranged in a cascade for the bridal bouquet.

As the bride approached the altar, she paused to give a long stemmed red rose to her mother and after the ceremony she presented a similar rose to the groom's mother.

Attendants

Rhonda Hess attended as the bride's maid of honor. Beth and Vicky Thurman, bride's sisters, Sandra Lea, groom's sister and Donna Zimmerer were bridesmaids. Jennifer Krebs, groom's niece and Amy Reed, bride's cousin were flower girls.

All wore full length yellow taffeta dresses designed with over-laid yellow lace.

The bridesmaids each carried a wicker fan decorated with a white gardenia, two yellow rosebuds and lilies with accents of fern and babies breath.

Stephen Krebs, groom's brother was best man; Pat Endres and Ray Lea, groom's brothers-in-law, and Kenny Thurman, bride's brother and Doug Hess were groomsmen.

Bret Kuhn and David Felderhoff, cousins of the groom, Michael Zimmerer, bride's brother-in-law and Michael Kubis, bride's cousin were ushers.

Assisting with the liturgy were Adam and Alma Wolf, sponsors of the bride and Frank and Dorothy Krebs, sponsors of the groom, who carried Offertory gifts to the altar. Paul Kubis, bride's uncle gave the Readings; Toby Kubis and Ronnie Kubis, bride's cousins and Greg Zimmerer were Mass servers.

Patsy Henry presented all of the wedding music.

The altar was adorned with many yellow flowers and a myriad yellow votive candles. Branched candelabra and English ivy, accented with yellow carnations were placed along the communion rail. Yellow bows with English ivy marked center aisle pews.

Teresa Krebs, groom's sister-in-law and Lu An-

nKubis, bride's aunt pinned the flowers on the members of the wedding party in church.

Reception

A reception followed in the Knights of Columbus Hall in Gainesville, with dinner and dancing.

Presiding at the guest registry were Janice Endres and Cynthia Krebs, groom's sisters. The table was covered with white lace over yellow.

The table for the wedding party was decorated with a white lace cloth and centered with an arrangement of yellow lilies, roses, and daisies set between a pair of branched candelabra, wreathed in ivy and yellow roses. On the wall was an arrangement of three wicker fans filled with yellow flowers. The center fan held the couple's engagement picture. Guest tables were decorated with wicker fans, yellow flowers and English ivy.

The three tiered white wedding cake had a lighted yellow fountain between layers. It was made by Betty Rose Walterscheid and cut and served by Margie Klement and Darlene Miller, cousins of the bride. The groom's cake was made by the bride. Cake servers were Karen and Sharen Wolf, bride's cousins and Amy Kuhn and Carol Krebs, groom's cousins.

Of special interest to the guests was a slide presentation of pictures of the couple as children and teenagers. Afterwards guests danced to music by "The Lawson Brothers."

The bride is a graduate of Lindsay High School and is employed at Watts Bros. Pharmacy downtown. The groom is a graduate of Gainesville High School and is employed at Bridgeport Fishing and Rental Tools. After a wedding trip to Colorado, the couple will reside in Bridgeport.

Sherie Thurman, bride-elect of Patrick Krebs was honored with a brunch in the home of the Adam Wolfs.

Hostesses were her cousins Darlene Miller, Margie Klement, Sharen and Karen Wolf and her aunt Mrs. Alma Wolf. There were 20 guests.

Tables were decorated with flowers in bud vases and were presented to the honoree, her mother, Mrs. Janie Thurman and the groom's mother, Mrs. Eileen Krebs.

Dinner Theatre will be presented Nov. 21

The Butterfield Stage Players are pleased to present a light comedy, "Mary, Mary" in conjunction with the Sacred Heart Alumni.

It will be a "Dinner Theatre" which will feature an authentic Italian cuisine, wine, salad bar, homemade bread and dessert.

The Dinner Theatre will be on Sunday, November 21, at 6 p.m. in the Sacred Heart Community Center.

Director Gene Brown and Assistant Director Rosy Harris are enthusiastic about the play and its crew. "The play has a fantastically clever dialogue and the action and reaction between the characters is priceless", Brown said.

"Mary, Mary", by Jean Kerr, begins with the separation of Bob McKelloway (David Howeth) from his wife, Mary (Elaine English). A divorce is pending, and Bob is planning to marry Tiffany Richards (Mary Lou Underwood) soon. Dirk Winston (Tom Carson) is a movie actor who has written a book which he wants Bob

to publish. Oscar Nelson, a lawyer, typecast by Bill Harris, is trying to straighten out Bob's IRS problems and he asks Mary to come to Bob's apartment to work on the matter.

While there, Dirk comes in and meets Mary. They strike up a romance and Bob resents it. He realizes he is still in love with Mary.

They get back together and Tiffany, who has a wealthy background, decides Bob is too poor for her anyway, so she walks out. But what happens in between, you won't want to miss.

All in all, it promises to be a night of entertainment for those attending.

Advance tickets can be purchased at Fischers, Kountry Korner, and Modern Floors, and in Gainesville at Gene's Photos and the Chamber of Commerce. Tickets are \$12.50 each and the deadline is November 19.

This will be a joint benefit for the Butterfield Community Theatre and the Sacred Heart Alumni. The committee urges that plans

be made now to attend the "Dinner Theatre" to show support for these two fine community organizations.

Melissa Flusche, Richard Dangelmayr marry

lemons photography-of Nocona
MRS. RICHARD JOSEPH DANGELMAYR

The wedding of Melissa Anne Flusche and Richard Joseph Dangelmayr was held Saturday, November 6 in Sacred Heart Church at 5 p.m.

Father Victor Gillespie celebrated the nuptial Mass and officiated for their vows in a double ring ceremony. The groom's uncle, Bishop Augustine Dangelmayr was present in the sanctuary and gave the final blessing.

Parents of the couple are Mr. and Mrs. David Flusche and Mr. and Mrs. Albert Dangelmayr.

The bride and groom are both graduates of Sacred Heart High School and attended Cooke County College. She is a secretary and computer operator employed by W.J. Luke Co. Inc. and he is a farmer and rancher, self-employed with Dangelmayr Brothers Ranch.

Presented at the altar by her father, the bride was wearing a formal gown of Point d' esprit wedgewood lace, combined with Venise lace in a diamond white tone. The lovely design featured a fitted bodice of Point d' esprit overlaid with appliques of three-dimensional Venise lace, a Queen Anne neckline framed in lace; and bishop sleeves of sheer organza accented with appliques of Venise lace and held at the wrist with a banding of the wedgewood lace.

The bouffant skirt of Point d' esprit wedgewood lace was designed with five tiers of lace falling from the fitted waistline and flowing softly to the back and releasing a full cathedral train.

Her full length veil of imported illusion, extending over the train, was attached to a caplet of Venise lace, accented with tiny seed pearls and completely edged in a band of matching lace.

Her bridal flowers were in a cascade of white gardenias, white and apricot carnations, apricot rose buds and apricot "peeko" ribbon.

For sentiment, she borrowed her mother's diamond necklace and carried a handkerchief formerly belonging to her great-grandmother, the late Mrs. J.R. Whitman.

Attendants

Terrye Flusche was her sister's maid of honor; Mrs. John Henscheid (Rose) was matron of honor; Mrs. Jay Lankford (the former Toni Hoedebeck) of Irving, and Kami Whiteman, bride's cousin of Rockwall were bridesmaids. They were identically dressed in full length apricot gowns with accented pleated skirts, sheer lace long sleeves, lace bodices with lace, stand-up collars; and each carried three long stem apricot roses with rust forget-me-nots.

Jami Flusche, niece of the groom and cousin of the bride was flower girl carrying a basket of mixed blossoms and wearing a white dress, featuring an apricot silk rose at the waist in back.

Reese Whitman, cousin of the bride was ring bearer.

Jack Dangelmayr was his brother's best man; Jim Dangelmayr and John

Dangelmayr, also groom's brothers and David Flusche, bride's brother were groomsmen.

Neal Flusche, bride's brother, Mike Bayer of Denton, Bert Hesse and Greg Gieb all friends of the groom, were ushers.

Shawn Flusche bride's brother, Darrell Dangelmayr groom's cousin and Damian Hellman, a friend were Mass servers.

Mrs. Ruth Felderhoff, organist, and vocalists Christi Klement, Doug Yosten, Linda Flusche and Susan Metzler presented wedding music, as guests were seated, during Mass and for the traditional professional and recessional.

The sanctuary was decorated with two tall, pyramid floor candelabra and white candles, entwined with white flowers and greenery. The main altar held tall white candles and six arrangements of white mums in white containers tied with clustered bows of apricot satin. The front altar held the couple's unity candle which they lit after their vows. Matching apricot satin bows marked pews in the center aisle.

During the liturgy, Mrs. Roy Hartman (Irene) gave the first and second Readings and Mrs. Harold Flusche (Jeanine) presented Petitions and prayers for the couple. Mr. and Mrs. Tom Flusche and son Jeff carried the Offertory gifts, presenting them at the altar to the bride and groom who in turn presented them to the celebrant. Sister Carmelita, a former teacher of both at SHHS, and Dorothy Hartman assisted at Holy Communion.

Reception

A reception, dinner and dance followed in the Sacred Heart Community Center, hosted by parents of the couple.

Mrs. Danny Kent (Cathy), bride's cousin of Evanston, Wyoming and Mrs. Tom Flusche (Judy) bride's aunt and a sister of the groom, presided at the bride's book, registering 490 guests.

The bride's table was covered with white lace over apricot, and held the Unity candle inlaid with the couple's wedding invitation. The three tiered angelfood wedding cake was placed over a lighted fountain. Tiers of the cake were decorated with apricot ribbon holding clusters of tiny bells. Two satin bells decorated the top tier and two satellite heart-shaped cakes were also decorated with bells. The groom's chocolate cake was horseshoe-shaped. Both were baked by Betty Rose Walterscheid. Mrs. Joe H.

Dangelmayr (Pam) cut the bride's cake and Mrs. Fray Webster (Nancy) cut the groom's cake. Laura Flusche, Janel Flusche, Carmen Flusche and Carol Hermes, cousins of the bride, served the cakes. The cake knife was a keepsake of the groom's mother.

Dinner was catered by Rohmer's Catering Service and music for dancing was provided by Mike Otts Disco.

Decorations in the reception rooms included apricot and rust carnations wreathing lighted hurricane globes on guest tables. Floor candelabra entwined with flowers and greenery and holding lighted white candles, were placed behind the table where the wedding party was seated. On the wall was an arrangement of white hearts inscribed with the couple's names, decorated with apricot, white and rust carnations. Satin bells and baskets filled with white flowers were suspended above the table. All decorations were made by Mrs. Arnold Knabe.

Guests from out of town included friends and relatives from Rockwall, Garland, Houston, Dallas, Arlington, Cooke County and Wyoming.

The couple will be at home in Muenster. The rehearsal dinner was hosted by the groom's parents at The Center Restaurant on Sunday, October 31. A miscellaneous shower in Rockwall was hosted by two aunts of the bride on September 26, and a miscellaneous shower in Muenster, given by Mrs. W.J. Luke and Mrs. Fray Webster, and a personal shower given by the four bridesmaids in the home of Mrs. John Henscheid, were other courtesies.

Ceremony, reception observes Henry Schumachers' 60th anniversary

Surrounded by their children and grandchildren, relatives and friends, former Muenster residents, Mr. and Mrs. Henry J. Schumacher of Gainesville commemorated their 60th wedding anniversary on Saturday, Nov. 6 at noon with a Mass of Thanksgiving, renewal of marriage vows, and a reception.

Father Placidus Eckart was celebrant of the Mass in St. Mary's Church. Great-grandsons of the honor couple were Mass servers: Paul Miller Jr. and Mike Miller. Readings in the liturgy were given by grandsons Paul Miller, Glen Schroeder and Larry Schumacher. Prayers of the Faithful were offered by a grandson, Dale Schumacher. Mrs. George Krahl was organist for congregational singing. Offertory gifts were presented at the altar by great-granddaughters Brandi Bezner, Jennifer Bowman and granddaughter Maureen Hanson.

Reception

A reception was hosted by the Schumachers' children and their spouses, in St. Mary's Parish Hall. Presiding at the guest book was a granddaughter, Janie Schumacher, who registered 150 guests attending the catered meal.

The honorees' table was centered with a three tiered anniversary cake, emphasizing the 60th, and baked by Betty Rose Walterscheid. Cake servers were granddaughters Kathy Semmington, Barbara Bezner, Peggy Potts and Karen Privett.

Decorations followed an autumn theme. A picture of the honor couple was displayed on the registration table, with a flower and candle arrangement.

Emphasizing the Schumachers life-long interest in dairy farming, the hosts used half pint cream bottles containing dried floral arrangements, candles and English Ivy to decorate guest tables. Quart milk bottles held arrangements of wheat to decorate the honorees' table. Original wedding pictures were also displayed.

A First Texas 80's Report: On Investments.

"Knowing how to deal with today's unpredictable interest rates means knowing all your options."

Will interest rates go up? Or will they fall? These days, nobody knows for sure. But one thing you can be sure of is your options. First Texas has just the right plan, no matter what you think interest rates will do in the future.

Plan One: New Escalating-Rate Money Maker™ Security. Invest up to 89 days.

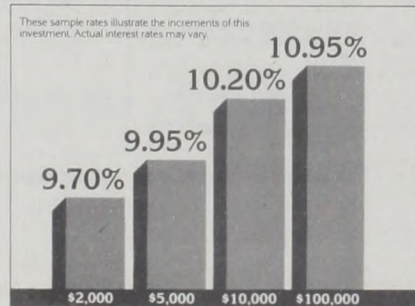

If you think interest rates will climb, First Texas has a great new short-term investment, their Escalating-Rate Money Maker Security. It's escalating, because the more you invest, the higher your interest rate.

For a minimum deposit of \$2,000, you can buy a Security for 89 days with a daily or fixed rate. Or for a minimum of \$20,000, you can buy a 30- or 60-day fixed-rate Security.

These Securities have continually outperformed the money market funds, plus they beat inflation by a wide margin.

The more you invest, the higher your interest.

This new Money Maker Security is escalating. The sample rates in the chart illustrate how

the rate changes to your advantage the more you invest. And for amounts of \$100,000 or more, you'll find that the rates are comparable to other investment certificates.

Safer than money market funds.

The First Texas Escalating-Rate Money Maker Security is a safer investment than most money market funds. That's because both your principal and interest, even on investments over \$100,000, are backed by the strength of First Texas and a trust arrangement.* With most funds, your entire principal is at risk.

Also, at First Texas, you have immediate access to your money with these Securities. And with our daily-rate Security there's no penalty for early withdrawal.

Plan Two: New Long-Term Money Market Certificates. Invest for 48 months.

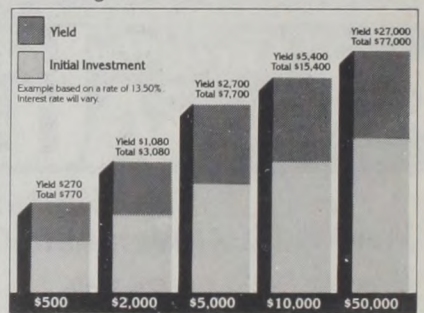

If you think interest rates will fall in the future, First Texas has a new long-term Money Market Certificate—a long-term fixed-rate investment. With the long-term Money Market Certificate, you can safely lock up a high interest rate now.

A safe way to lock up your financial future.

You can start with a deposit as small as \$500. Plus, you know your investment is safe, because these Money Market Certificates are insured by the FSUIC.

The term of the Money Market Certificate is now at 48-months.

A variable rate, 42-month plan is also available. Check the example chart to see just how large your initial investment can grow.

Long- or short-term? The choice is yours.

So whether you decide long- or short-term is your best option, now's the time to invest and First Texas is the right place to go. First Texas. They can make the most of your money. And that's what beating the 80's is all about.

*Minimum deposit: \$2,000 (89 days) or \$20,000 (30 or 60 days). Escalating-Rate Money Maker Securities are Repurchase Agreements which are secured debts of First Texas, collateralized by government securities. These Repurchase Agreements (obligations) are not deposits or savings accounts. Although not insured by FSUIC, First Texas has set aside government securities with a trustee in a separate trust account to protect the purchaser against loss.

Tigers beat Knights 21-13 for title

Sacred Heart Tigers ended their season in glory Friday night claiming the TCIL 3A title by defeating Notre Dame's Knights 21-13. This gives them a perfect 2-0 district standing and a record of 8-1 for the season. It also qualifies them to take part in the state play-off semifinal to be played during Thanksgiving week, the opponent and game site to be announced later.

The game was comparable to the score. As stated by Coach Virgil Henscheid, "ND had a tough bunch of boys, but ours were tougher, both offensively and defensively," as indicated by statistics of SH with 21 first downs and 338 total yards whereas ND had 18 and 273. A similar opinion was voiced by coach Julian Walterscheid, saying "we're capable of going to the playoffs." Walterscheid also included the reserves in praise for a fine team effort, that "we buck heads with

them all week and they, too, deserve the credit."

The contest opened with a shock for the Tigers. After receiving the kickoff, the Knights moved with authority in seven plays for 72 yards to the first TD. Big gains were 11 by Whelan, 33 by Hernandez and a 15 yard scoring sprint by Whelan. The PAT kick by Hernandez made the count 7-0 with slightly more than 3 minutes gone.

The outlook did not improve on the first SH possession. The drive of 47 yards, with runs of 10 by Wade Walterscheid and 18 by Hesse, was fine until the fourth series ran out of steam. After only 1 yard in 4 tries possession changed to the Knights on their 28.

But Tiger defense took over then, forcing a punt on first series. It was a short, 13 yard kick putting SH back in business with 39 to go. Five plays, featuring runs of 12

yard and the Knights were 94 yards away. Two series then reached the 27 and the next ended in a punt giving SH possession on its own 36.

Two good gains, 15 free on a personal foul and a pass to Wade Walterscheid for 17 were the big plays in a 64 yard drive to the next Tiger TD. On the sixth play Herr scored from the 4, the PAT kick missed and SH led 21-7.

The Knights replied with a good drive of their own. Following an exchange of punts they took off from the Tiger 42 and made the distance on a pass interference award of 14, a pass for 21 yards, and a 7 yard scoring run by Whelan. A pass for 2 bonus points failed. The Tigers led 21-13.

For the remaining 6:47, Sacred Heart made a fast drive, 50 yards in 10 plays, and failed by 2 yards on the third series. That was on the 8 yard line where ND launched its final effort. It reached the 50 where TJ Walterscheid intercepted.

Hennigan led Tiger rushing with 78, Herr and Hesse gained 71 each, and Wade Walterscheid added 32. Herr led in pass receptions with 50 yards on 4 catches. Defensive leaders were TJ Walterscheid, Truebenbach, Ron Dangelmayr, Yosten and Mike Bartush.

SH scored again early in the third. After no progress Hesse got off an 82 yard punt with benefit a perfect bounce putting ND in trouble on their own 1 yard line. Three tries reached the 5 and the fourth down punt was blocked for a Tiger safety.

Following the free kick on safety, Wade Walterscheid gained 20 on two tries and a penalty awarded free yardage to the ND 15, but four more plays fell short by a

Cubs end season in tie with Nocona

Sacred Heart Cubs ended their season last week in a 0-0 deadlock with Nocona's youngsters. It was a case of the Little Indians taking the lead in gains but being unable to reach the end zone. The big threat came near the end of the half with Nocona on the 12 and set back for an 8 yard loss by Mike Walter just before the buzzer. Another big play for the Cubs was a 21 yard gain by Mike Adair near the first quarter.

The first half was solid football the only blemish being the interception of a Cub pass. But the second half was a multitude of turnovers, the cubs losing 3 fumbles and an interception, Nocona losing 3 fumbles. The first down count was SH 4, Nocona 7.

SH looks good in Sanger scrimmage

Sacred Heart's Tigerettes looked good in their first basketball action of the season, a scrimmage with the Sanger High girls who are pre-season favorites in their AAA district. Coach Jon LeBrasseur was pleased to see his girls divide honors in the practice, Sacred Heart having the advantage in first and third quarters and Sanger in the second and fourth.

Though for from the performance expected later the Tigerettes had an acceptable record of 16 field goals out of 52 tries. Free throws were less pleasing, only 2 of 9, but practice is expected to improve both records. The exception was Susan Walterscheid who made 8 field goals of 14 and 2 free throws of 6.

The next scrimmage will be with Aubrey here next Thursday.

Mr. and Mrs. Johnny Britians' guests have been Mr. and Mrs. Alan Britian Jason and Juston and Mr. and Mrs. Roy Britian. Sunday afternoon the Britian families all went to Myra to help Brad and Barry Escobedo celebrate their birthdays with cake and ice cream. Brad's birthday was Nov. 5 and he is three years old. Barry's birthday was Nov. 2 and he is now one year old.

Mr. and Mrs. Jim Penton were pleasantly surprised Wednesday Nov. 3 when their friends of many years, George and Joyce Fuller came by for a visit. George and Joyce live in Wyoming, owning Dry Creek Ranch near shoshoni. They had been on a vacation trip and

were on their way home, coming up from Waco. They had been trying to call Jim and Ruth for four days, but due to carpenter work being done at the penton residence, the phone and electricity was disconnected. Joyce and Jim had attended grade school at Thermoplis, Wyo, and Lysite, Wyo. Jim had also worked for Joyce's grandfather on his ranch. So it was an enjoyable visit for all.

Lindsay crushes Bells 59-0

For all but two teams, 1982 football in the western zone of District 9-A ended last Friday. Survivors are the No. 1 Lindsay Knights and the No. 2 Valley View Eagles.

The Knights demolished the Bells Panthers 59-0 in a game that was not needed for the title. They had cinched the championship a week earlier by beating Collinsville while Valley View had rolled over Gunter. As a result both teams advance to the playoffs with east zone foes, Lindsay playing Celeste and Valley View playing Caddo Mills. The Knights play Friday night at Whitesboro, kicking off at 8 p.m.

The Knights scored on first possession last week, starting on their own 26 and pounding away with consistent short gains by John Dieter, Michael Hermes and Gary Weems. Weems went in for a touchdown and Leonard Fuhrmann kicked true for the extra point.

A fumble by Bells following kickoff gave the Knights their next start with 25 yards to go. Lindsay made the distance in 5 plays and electricity was disconnected. This found Jim and Ruth at a difficult time to intertain guests so they all had dinner at the Country Inn Restaurant in Gainesville accompanied by the Pentons' son James. Joyce and Jim had attended grade school at Thermoplis, Wyo, and Lysite, Wyo. Jim had also worked for Joyce's grandfather on his ranch. So it was an enjoyable visit for all.

Another Bells fumble starting the second quarter gave the knights another set up on the 12 yard line. John Dieter scored from the 8, Fuhrmann kicked his third PAT and Lindsay had 21-0 at 10:38 in the second.

On next possession Bells had to punt on first series and Mike Hermes returned it 29 yards to the 30. One play later Corcoran's pass to

Fuhrmann finished the drive and Fuhrmann added his fourth PAT.

Next verse was more of the same. Bells had to punt on first series and short plays reached the 17 where a halfback pass did the job on a sequence of Ken Thurman to John Dieter to Len Furhamnn. And Fuhrmann followed with another extra point.

The final score of the first half was a field goal by Fuhrmann. Dieter had intercepted it midfield and returned to the 11 yard line. With time running ut the team chose the field goal rather than a try for touchdown. The Knights led 38-0 at the half.

Starting after intermission the teams exchanged

fumbles after which the Panthers had to kick and the Knights were 43 yards away.

The drive used six plays, Doug Anderle making the final two yards. Fuhrmann's kick upped the count to 45-0 with 6:59 remaining in the third period.

The next score capped a 79 yard drive including a 20 yard pass to Fuhrmann and a 16 yard pass to Stan Dieter and the 25 yard scoring run by John Dieter.

With 5:47 remaining, Lindsay launched its final drive, starting with a fumble covered by Anderle on the Bells 23. The pay-off was a 32 yard run by Kenneth Fuhrmann after which Len Fuhrmann ended a perfect kicking game with another PAT.

Lone Star buys the gas you need.
Bob Kimbrel is one of Lone Star's gas buyers who constantly shop the Southwest for gas value and quality, and for contract terms that are favorable to you.

300 smart buys a year help keep gas first in efficiency.

From offshore and onshore. From East Texas, far West Texas, West Central Texas, North Texas, the Gulf Coast and Oklahoma. From 20,000 wells and 790 producers in 690 different fields, Lone Star gets you the gas you need.

Like you, we buy our gas. Lone Star buyers shop for value and quality, and for contract terms that are most favorable to you.

These purchase/delivery transactions are extremely complex. The buyer needs to know the good gas from the not-so-good, the rich source from the skimpy one. Each buy has its own variables, and we make about 300 new buys a year.

Our buyer may have to bid against as many as 15 others from all parts of the country. And Lone Star's delivery system must be right there. Able to move the gas from the wellhead directly to your home. Today, that requires 32,000 miles of pipeline. And the system keeps growing.

There's plenty of gas. But it takes a smart buy to secure it. And a mighty pipeline system to deliver it.

Lone Star has both. We get you the gas you need.

The recent elections brought to mind a local political story to my husband. Years ago his grandfather ran for Sheriff in Montague County. He had one opponent and he had so much confidence in winning the election that he voted for his opponent. When the ballots were counted in the Forestburg box my husband's grandfather received every vote but one. Upon hearing this his opponent remarked bitterly, "That guy that voted for me must have been an influential So and So."
