At the half way mark in his presidency, Ronald Reagan expressed confidence in the future while admitting that recovery has not been progressing as well as he hoped. He was disappointed with the persistent unemployment but well pleased with the drop of inflation and interest rates.

Needless to say, the nation as a whole does not share his optimism, as indicated by Reagan's sagging rating in the popularity poll. The sanctimonious Mr. Wright smugly chose the occasion to proclaim that the continued depression is a proof of administrative failure. In effect he found fault because Reagan did not clean up the mess left by Wright and O'Neil et al. And, to be honest he should have stated that Reagan could have had much more success if not sabotaged by the obstructionists who were more interested in their own political victories than the country's welfare.

Such opposition from the liberals is to be expected. But at the same time static is coming from the right, and it is more distressing. More and more we hear that Reagan policies are being watered down by his selection of liberals and moderates as his helpers in government business. This situation started in 1980 while he was choosing a running mate for his presidential race. He had listened to the political wise guys insisting that he must have the support of liberals and moderates to be elected. So he offended millions of devoted conservatives who wanted to see one of his kind beside him in office.

It's been going that way since. Reagan still heeds the advice of GOP liberals and moderates in his selection of key personnel in government. Unfortunately, those are the men and women who were expected by us the people to help bring about the reforms promised by Reagan the candidate.

The man was not just talking politics, but revealing deep conviction when he called for a return to the principles of our constitution based on traditional religion and morality. But, so far little has been accomplished along that line. We still have abortion, and forced school busing, and a ban of prayer in public school. We still have government agencies doing more harm than good, like the departments of education and energy, and various organizations which are using tax money to oppose government policy and promote the liberal line, and diplomats who double cross long-time friendly countries to curry favor with enemies.

People hearing the candidate included millions who shared his ideals. And now more and more of them are feeling let down because their crusade of conservatism and basic values, is giving way to the same old liberalism and humanism.

The offended people are those sneeringly referred to as the moral majority. Smart alecs of politics and media are using ridicule to down grade their political influence. But they are still there waiting for a chance to have their say for God and country.

Career day conducted for students at MHS

Juniors and seniors of Muenster High School had an opportunity Tuesday to discuss their future with several representatives of higher academic education, a trade school, and the military.

The occasion was College Career Day, a program organized by Tom Fluker,

counselor, who said the program was presented "so that Muenster students may start planning what they will do when they graduate from high school." The program consisted of hourly meetings of the students with the visiting representatives for brief group discussions after which each student had the

opportunity to talk individually with the visitor from the school of his or her principal interest.

Institutions represented were Cooke County College, North Texas State University, Midwestern University, the Bell and Howell electronics school, and the US Air Force.

Interest rates drop for farm loans

Secretary of Agriculture, John R. Block has announced a drop in the interest rates for loan programs of the U.S. Department of Agriculture's Farmers Home Administration.

It is the third such reduction since October 1982 by the Agency, which makes farm, home and other loans to rural residents and communities who cannot get credit

from private lenders.

Block said the reductions are possible because of a general move toward lower interest rates across all sectors of the economy and because of lower costs of federal borrowing.

Interest rates for farm operating loans, used to finance annual costs of production, will drop from 11.5 to 10.25 percent.

Texas wheat industry plans meetings

A series of area-wide meetings for wheat producers and elevator managers will be held throughout the expanding wheat growing areas of East and Central Texas to develop steps which may be taken to help improve the profitability for wheat production and marketing. The meetings are sponsored by the Texas Wheat Producers Board, Texas Farm Bureau, Texas Farmers

Union and Texas Grain and Feed Association, in cooperation with the Texas Agricultural Extension Service.

A record 1.5 billion bushel national wheat carryover, now projected for the current marketing year ending May 31, give a strong incentive for additional work in the areas of market development, foreign trade policy, and

farm program participation. Wheat producers throughout Texas, who export 90% of their crop, face many uncertainties in the areas of foreign trade policy and export outlook. These topics and others related to market development programs and timely production practices will be discussed by Extension specialists and staff of the Texas Wheat Producers Board.

The meeting for the Cooke County Area will be held in Krum, Tuesday, February 8 at 2:30 p.m. in the Krum High School Vo-Ag Building.

All wheat growers and elevator managers in the surrounding areas are urged to attend. For more details contact the Texas Wheat Producers Board in Amarillo (806-352-2191) or your local county agent.

Services held for Fr. Frances, former assistant pastor

Father Francis Zimmerer, OSB, 74, former assistant pastor of Sacred Heart Church and native of Lindsay, died Sunday about 11 a.m. in a Paris, Ark. hospital shortly after sustaining a heart attack in his home at Morrison Bluff, Ark. He was pastor of St. Peter and Paul Church at Morrison Bluff.

The first of two funeral Masses was held Tuesday

morning in the parish church and the second was held Wednesday at 10:30 a.m. in St. Benedict's Church of Subiaco Abbey followed by burial in the abbey cemetery.

Father Francis was born at Lindsay on November 1, 1908, a son of the late Mr. and Mrs. I.A. Zimmerer. After attending school at Lindsay and Subiaco

Academy he joined the Benedictine Order of Subiaco Abbey and was ordained to the priesthood on May 21, 1932. Golden anniversary observances of the event were held last year in Morrison Bluff, Subiaco and Lindsay.

After ordination Father Francis was assigned to the faculty of Corpus Christi College and next to Sacred

Heart Church of Muenster as assistant pastor. While here, he was prominent in parish and community activity, organizing local chapters of the Holy Name Society and CYO and a community dramatic group.

He was elected grand knight of the Muenster KC Council in 1939 and served as a state delegate to the order's national convention. Also,

he was prominent in organizing Muenster's 50th anniversary celebration in 1939. He was transferred to Windthorst as pastor in 1940.

During World War II he was a chaplain in the Army, served in the Pacific Theater and attained the rank of major.

Pastoral assignments since WW II include Subiaco, Windthorst, Decatur and

Morrison's Bluff along with parishes in Louisiana, Missouri, Wisconsin and Arkansas.

Survivors are four brothers, Paul of Orlando, Fla., and Henry, Vincent and Bruno, all of Lindsay; and one sister, Sister Dorothy Theresa of Lindsay. All of them and wives of the brothers were at Subiaco for the service.

Ezekiel 14: 12-14

Thus the word of the Lord came to me: Son of man, when a land sins against me by breaking faith, I stretch out my hand against it and break its staff of bread, I let famine loose upon it and cut off from it both man and beast; and even if these three men were in it, Noah, Daniel and Job, they could save only themselves by their virtue, says the Lord God.

Still a moderate winter

The Owner's Manual

Last week we studied how the Bible was inspired by God and written by men. We saw that the Old Testament was first written in Hebrew and later translated into Greek. The New Testament was written in Greek. In later years, since not everyone spoke the same language, the Bible had to be translated into languages different from Greek and Hebrew and the Latin translations came into being.

The first person to translate the Bible into English was John Wycliffe. The printing press had not been invented yet, so his copies were also made by hand. The official church declared Wycliffe a heretic and he was under "house arrest" for the last year of his life.

In 1437, Johann Gutenberg had made considerable advancements in the printing process. By 1456 he had printed the whole Bible (in Latin).

In England William Tyndale wanted everyone to have a Bible. Because he was not allowed to translate the Bible into English in England, he went to Germany in 1524. In 1526, Tyndale published the Bible which he had translated into English. But in England the Bible was still illegal. Most

of the Bibles that were smuggled into England were burned by authorities.

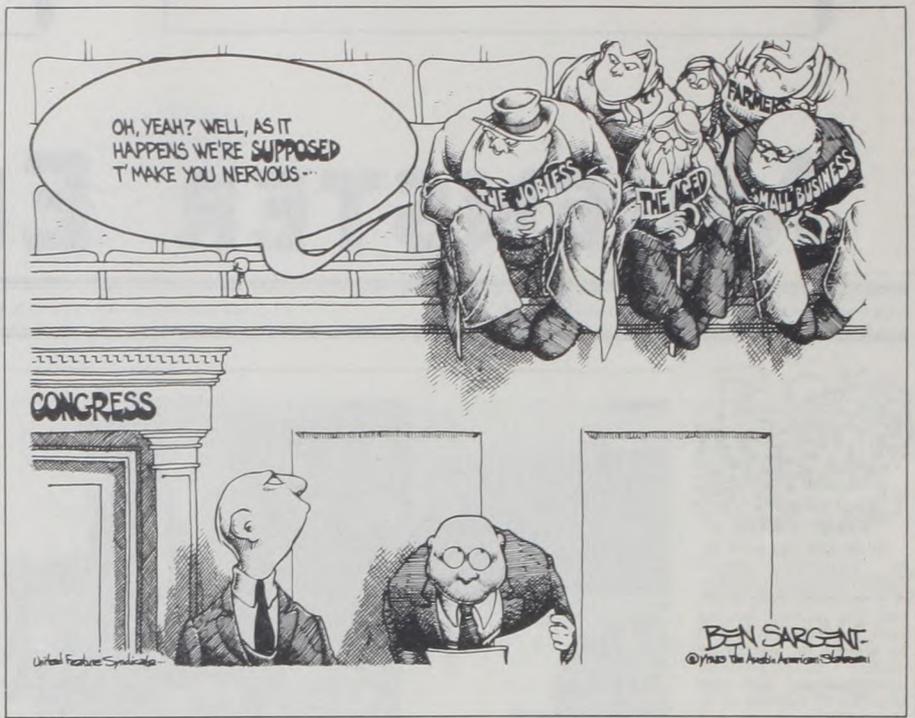

Once, one of the authorities hired Augustine Packington to go to Germany and buy as many of Tyndale's Bibles as he could so they could be burned. But Augustine was a friend of Tyndale. So Tyndale sold the Bibles for a high price (even though he knew they would be burned) and with the money he printed four times as many Bibles as were burned. Then in 1535, Tyndale was kidnapped and hanged by the authorities. His body was burned at the stake.

But the Bible didn't stop. Other men translated it and printed more and more. King James of England finally declared that the Bible should be published and that everyone should read it. The Bible he authorized (he didn't translate it himself) was finished in 1611. It took 47 top men to do it. They translated it from old Greek and Hebrew manuscripts. We call it the King James Version.

As Bible scholars found older manuscripts of the Bible (closer to the originals written in the first century), new translations into English were made. Today we have a Bible that is ac-

curate even after 2,000 years! New translations and paraphrase are common. (A translation is a Bible that was translated into English from Greek and Hebrew manuscripts or other very old manuscripts. A paraphrase is a retelling of the Bible in different words.)

The purpose of different translations and paraphrases is to present the Bible in such a way that it can be more easily understood by its readers. God's Word should not be disguised in phrases that are no longer clear, or hidden under words that have changed or lost their meaning. It must stand forth in language that is direct and plain and meaningful to people today. There is a vast difference of opinion as to which is the most accurate translation in use today. In order to determine this, one would have to compare the different translations to the original Greek and Hebrew. Since I am not qualified to do this, I would like to close by saying that the important thing is not which translation you use, but that you read and study the one you prefer in order that you might gain a better understanding of God's message for you.

Perspectives

The upcoming special election in which congressman Phil Gramm will seek re-election to the 6th district representative seat as a Republican is an important one. Important not only to him and the constituents of his district, but important to any advocate of responsive government.

Gramm left the Democratic Party several weeks ago after he was booted from his position on the House Budget Committee. The reason given for the ousting was that Gramm had sided with President Reagan on matters concerning the federal budget — obviously a somewhat risky thing to do as a democrat.

It's ironic that Gramm voted his conscience and voted his constituents wishes, and lost his job. Those are the things a representative, at least in theory, is supposed to do.

Gramm was made an example of what happens when someone in his position sides more often with the wishes of his constituency than the wishes of House Speaker Tip O' Neill and the rest of the Democratic party.

He was punished — punished in the name of "party loyalty." Party loyalty may be important, but it's not nearly so important as performing the task one was elected to perform.

The voters of the 6th district left little doubt as to the type of representative they wanted in Washington — a tight-fisted conservative. They showed that by giving him better than 60 percent of the vote at election time. Phil Gramm did his job, and ultimately lost it. But the big losers were the constituents of his district.

Those constituents will soon have a chance to regain what they have lost. When they vote, they will be doing

more than choosing among candidates. They will be choosing the more important between loyalty to party and loyalty to constituency.

There's a lot more riding on this election than just a Congressional seat.

When this entirely qualified member of the House Budget Committee lost that important post, it was said that an example was being made — an example to anyone in the future who would consider putting principles above party loyalty. Phil Gramm did just that. Now he has a chance to set an example of his own. He can set an example to anyone in the future, including Tip O' Neill, that party loyalty must become secondary when opposed by a constituency's wishes.

Looking Ahead

One of the controversies in which the Federal Reserve System finds itself embroiled concerns the means by which it implements monetary policy. Although the Fed has many responsibilities, its main concern is attempting to control the money supply in such a way that the economy has the quantity of money that it needs to function efficiently but not so much that inflation will occur.

For some time prior to October 6, 1979, the Fed attempted to control the money supply by controlling the federal funds rate. This is the rate charged by banks to each other for funds lent for short periods.

The federal funds rate is largely determined by the amount of bank reserves. The reserves are what the bank loans or invests. When the banks loan reserves the money supply is increased.

What the Fed attempted to do was affect the federal funds rate by increasing or decreasing the bank reserves by buying or selling Treasury securities. When the Fed buys, it puts money in the banks; when it sells it takes funds out.

The federal funds rate influences other interest rates because it is used as a barometer by the investment community.

It was found by the Fed that while this method appeared to work well for controlling interest rates, it performed poorly in controlling the money supply. There was too little money during recessionary periods and too much during booms.

We should all be aware of the results which were tremendously inflationary. For example, in 1976 the rate of inflation was 4.8 percent. By 1977 it had increased to 6.8. In 1978 the rate had risen to 9.0 percent, an increase of more than 100 percent in just two years. The controls weren't working.

By 1979 we were inflating at double-digit rates which reached 13.3 percent at year end. The dollar was dropping in value on foreign exchange markets in spite of emergency dollar-support actions. Gold had risen to \$426 per ounce from

\$300 just two months before. The basic money supply, M1, had increased at an annual rate of 11.5 percent. Obviously,

trying to control the money supply by attempting to manipulate interest rates not only was not working but was highly inflationary and thus very damaging to the economy.

So, on October 6, 1979, the Fed announced that it would now concentrate on controlling the level of bank reserves rather than targeting interest rates. It seems perfectly logical that this action was absolutely necessary in order to eradicate inflationary expectations. Businessmen and the general public had come to accept inflation as a part of economic life. Responsible officials recognized inflation as the number one problem of the country, and rightly so.

By the end of 1980 the inflation rate had declined slightly to 12.4 percent, but a year later it was down to 9.6 percent. This year it will be about 6.0 percent, a significant decline in just two years.

Confetti...

current problems. Asked for his opinion he stated simply, "If the President will only be Mr. Reagan." That says

a lot. If the President will start working seriously on the promises he made in 1980 he'll start making

progress. Furthermore he'll start recovering some of that precious public confidence that has been slipping lately.

As all of us know, the economy has monopolized public attention. Definitely it needs the best effort that national leaders can give it, so that millions of currently distressed people can start making ends meet again. However a point to remember is that we do not live by bread alone. We also need changes to sustain the spiritual side, to restore the standards handed down by our founding fathers. If America will do that we can be confident that the economic and social solutions will come easier.

Liberal politicians are smugly satisfied that things are going their way now, but nevertheless it's possible that their convictions are pre-mature. The landslide vote which elected Reagan two years ago indicates beliefs which still exist. All those people will rejoice if the President will be himself and start eliminating the policies and appointments which harm the country.

As regards predictions that he will seek re-election, it can be said that his chances are great if he will follow the advice of James Watt, who seems to imply that it's not too late, but likewise not too early to start making his change to the right program. As far as we are concerned, it's not a bad way to bet, and for sure it's a good way to pray.

Heritage News Forum

Though House Speaker Thomas P. "Tip" O'Neill, Jr., is, by all accounts, one of the most affable pols in Washington—a big white-maned huggy-bear of a man—he also has shown in recent weeks that he can be iron-fisted and dictatorial, a "do it my way or not at all" type.

And while his way may suit the followers of Thomas P. "Tip" O'Neill, there are many who believe no man—not the President, not the Vice President, not the Chief Justice of the Supreme Court, not even the captain of the Washington Redskins, should have as much life-and-death control over federal legislation as the Speaker has arrogated to himself.

The actions took place on the first day of the new 98th Congress, when on a strict party-line vote House Democrats approved several rule changes Congressman O'Neill said he needs to keep the troops in line.

A day later the Democrats did one better, and voted to deny Texas Democratic Representative Phil Gramm his seat on the House Budget Committee, punishing him for voting his conscience during the 97th Congress, when he sided with the White House on economic issues more often than with Speaker O'Neill. This led to Congressman Gramm's resignation from Congress. A special election has been called to fill the vacant seat; Congressman Gramm is running as a Republican.

Apparently, the Speaker thinks House Democrats should all march in lock-step with him. They didn't in the 97th Congress and he doesn't intend to let it happen again. So he's made an example of Phil Gramm and doctored the rules to make sure that history doesn't repeat itself—"taking power for himself at the expense of democracy within the Congress," in the words of *The Washington Times*.

Among the rule changes, two are particularly threatening to free debate. The first would prevent "riders" on appropriations bills, unless a majority of the House votes

to open such legislation for amendments. The second would change the quorum rule, allowing the Speaker to ignore calls for a quorum unless a vote is about to take place.

Supporters of the rule changes argue that they are necessary to improve the efficiency and orderliness of business. "The fact is, the House is not working well," says Democratic Caucus Chairman Gillis Long of Louisiana.

The restriction on appropriations riders would widen existing differences between the House and the Senate. In the Senate, extensive use is made of the rider to move key legislation past obstructive committees. Senate Majority Leader Lyndon Johnson used the device in 1960 to unlock his seminal civil rights bill. Both liberals and conservatives have used riders to introduce key restrictions on appropriations. In the early 1970s, for instance, liberal Democrats used the device in an effort to limit America's military activities in Vietnam. Most recently, conservatives have used riders to restrict the federal funding of abortions and busing.

The quorum rule change seems little more than an attempt to thwart the intent of the Constitution. Article I, Section 5 requires Congress to have a quorum present when conducting business. The attempt to interpret "business" solely as voting makes a mockery of debate. More importantly, it would extend the practice of "phantom legislating," whereby the Speaker allows work to continue on measures he approves of during meetings of the House that do not have enough members for a quorum, and then blocks later business he opposes.

As *The Times* correctly noted: "Tip O'Neill wasn't elected by all of us. In fact, he wasn't elected by many of us. Only 123,000 Massachusetts voters put him in office. But now he's trying to run the show all by himself."

Coordination continues for Project HAP'N

Lone Star Gas Co. president Carol Neaves announced recently that the Community Council of Greater Dallas has agreed to manage dispersal of funds for Project HAP'N, a program designed to help persons living in Lone Star's service area who are having difficulty paying their heating bills. Project HAP'N, Heating Assistance Program for the Needy, was

announced by Lone Star on Jan. 3. Lone Star has contributed \$100,000 to begin the fund and is inviting its customers and the public in general to join in making contributions to Project HAP'N. The Community Council will manage the designation of agencies that will disperse assistance funds throughout Lone Star's service area. Community Council executive director Harry Tanner said efforts are underway to coordinate the designation of local agencies with area Councils of

Government. All agencies will provide assistance on a case-by-case determination of need. Project HAP'N funds will apply to winter heating bills and all contributions to the fund are tax deductible. Checks to the fund should be made payable to "Project HAP'N Community Council" and mailed to "Project HAP'N - Community Council, P.O. Box 243, Dallas, Texas 75221." As local agencies are identified in each community, local residents will be informed.

Clear Creek directors honor J.M. Weinzapfel

Directors of the Clear Creek Watershed Authority at their year end meeting honored J.M. Weinzapfel with an appreciation plaque recognizing 23 years of ser-

vice as president of the board since it was organized in 1959. Weinzapfel retired from the eight-member board in October.

Also at the meeting the board elected two new directors. Wallace English of Denton succeeds Weinzapfel and Prentice Preston of Sanger succeeds H.G. Armstrong of Sanger.

The watershed authority was set up to maintain structures, mainly dams, along Clear Creek, in Cooke, Montague, Wise and Denton counties. Repair of washouts in the October 1981 flood have been completed but vegetation still has to be replaced.

Cash Flow seminar planned by county

A small business workshop which will concentrate on cash flow forecasting has been scheduled by the Cooke County Extension Agent's office for Tuesday, Feb. 8. The workshop will be held in the Gainesville Chamber of Commerce Building.

Often businesses run short of cash at the same time sales and profitability are increasing. And, although increasing profits and turning out of cash seem contradictory, the phenomenon is a fact of business life.

This workshop is designed to provide first-hand experience in forecasting cash flow while identifying reasons for the divergence between profits and cash

flow. The ability to forecast cash flow is essential to anticipating the need for increased capital and being prepared to take advantage of profitable opportunities.

The seminar will be conducted by Dr. Dennis Fisher, business development economist with the Texas Agricultural Extension Service, College Station.

Participants in the workshop will be charged \$10 and will receive an information packet intended to help with instruction. Interested persons can register for the workshop or find out more about it by calling Evelyn Yeatts, county extension, at 665-4931 or 665-1966.

January crime of the month

Burglary occurs every two minutes in Texas, leaving behind losses that cannot be replaced. In Texas, burglary rings account for \$245 million worth of stolen goods annually, an average loss of \$966 per home.

Crime prevention is one answer to this growing problem. The simple act of locking one's home before leaving, reduces the chances of burglary by 20 percent. Asking your neighbor to pick up your newspaper when you are away from home and turning household lights on at intervals, can deter a prospective burglar. The Texas Crime Stoppers Advisory Council is doing its part to see that those criminals who make their living by stealing from others are put where they belong - behind bars.

For the month of January, 1983, Texas Crime Stoppers is focusing its statewide "Crime of the Month" program on burglary. Any citizen having information about burglary is asked to call the anti-crime hotline at 1-800-242-TIPS. Cash rewards are available for information leading to the arrest and indictment of these criminals.

Our efforts to combat crime cannot succeed without active citizen involvement. Your support and participation in this program will be a formidable obstacle to any criminal.

Call 1-800-252-TIPS today to help shut down burglary rings in Texas.

energy answers

from the Texas Energy Extension Service

My husband and I are designing a house which we will build ourselves. We want it to be energy efficient and we want to use passive solar design. We would like to know about the following points:

- (1) The amount of heat loss for concrete slab foundations compared to pier-and-beam foundations
- (2) Two-story construction and heat stratification problems

G. H., Austin. On the choice of foundations, pier-and-beam can be insulated to avoid heat loss during the winter. It is more difficult to insulate a slab foundation. The real benefit of that insulation is enhanced comfort; the floor heat loss in this milder winter climate is not a significant problem. An underfloor air plenum heating/cooling system is one

idea using the pier-and-beam concept that you may wish to investigate. This system eliminates ductwork.

To control heat stratification problems in two-story construction where the house heats unevenly so that the second floor is too warm and the first floor too cold, avoid design features such as open loft floor plans which provide easy transfer of air from the first to the second floor. "Zoning" your heating and cooling systems so you have one unit on the upper story and one on the lower story is also helpful.

If a single unit is used for the entire house, it could be arranged with an air return which has optional inlets on the first and second floors.

was \$124,619. Last year's assessment rate was 42 cents per \$100 of insured value plus 5 cents additional for new insurance. That was a continuation of the 1981 rate, and delegates at Tuesday's meeting voted to up the assessment to 44 cents and include insurance against theft. In addition, the delegates voted to double the premium on mobile homes and rent houses.

All of last year's officers were re-elected as follows: J.A. Klement, pres.; Al Walter, vice-pres.; Victor Hartman, treas.; Ed Endres, secy. In addition the board includes a representative from each of the six districts. They are Alfred Bayer, Muenster; Charles Neu, Lindsay; Lawrence Hassenpflug, Valley View; Ed Darzapf, Henrietta; Adolph Vietenheimer, Windthorst; and A.J. Mengwasser, Electra.

Charity bridal show will be presented February 6 at CCC

The annual Charity Bridal Show, sponsored by Cooke County merchants, as a benefit for Cooke County College Fine Arts Dept. is an event scheduled for Sunday Feb. 6. Now nearing its third annual presentation, the show has grown steadily each year, and is attracting increased interest and attendance.

Pre-planning, preparation and participation are contributing to the growing popularity of the show.

Originally designed to serve a special purpose in helping families plan weddings efficiently and easily, the annual charity bridal show is developing a dual purpose as an eagerly anticipated entertainment feature of the season.

It will be held in the Activities Center of Cooke County College, 2 p.m. - 5 p.m. Admission is \$3.00, and all proceeds and donations will benefit the CCC Fine Arts Dept.

Exhibits will open at 2 p.m. followed at 3:00 by a screen presentation, and at 3:25 by the wedding style show.

Participants in the program include Pat Bolin, master of ceremonies; Janie Monday and Bolin, commentators; Harold and Cecilia Kafer, musicians for

the style show; Mike Otts, reception music.

Models include Kathy Enderby, Lori Neal, Lidia Royal, Tina Stewart, Michelle Marrion, Ruth Tyler, Patty Raymond, Courtney Enderby, Tiffany Enderby, Gia Bianchi, Rose Marie Bewley, Gay Marrion, Cori Barthold, Beulah Copeland, Margaretta Boydatum, Barbara Luke, and Buffie and Christy Smith.

Also: Brian Grewing, John Walterscheid, Dr. Bernard Luke, Tim Hermes, Bernie Fette and Scott Poole.

A reception will follow the program and drawings for free prizes will be held throughout the afternoon.

Two local sponsors of the bridal show are Hamric's and Betty Rose Walterscheid.

Hamric's will show newest clothing for the 1983 wedding season, and this year will add "Swan's Formal Wear of Topeka, Kansas" to their Skeffington of Dallas line, thus giving a wider selection of tuxedos.

Janie Monday, owner, said "Emphasis is leaning toward traditional shading in designer silhouettes. The wing collar tuxedo shirt has become more popular for wear with cummerbund, and ascot or band bow tie."

"Cakes by Betty Rose" will feature a bride's cake on a traditionally appointed table, both on appropriate table coverings that are available for use.

Also displayed in her booth will be many pictures of wedding cakes baked and decorated by Betty Rose Walterscheid, giving an opportunity for future brides

to select and compare at leisure.

Following the style show, wedding cake and punch will be served by Jerry and Betty Rose Walterscheid. They will be assisted by their son, Ronnie.

A complete list of Cooke County merchant-sponsors will be announced in next week's paper.

When asked about the purpose of a Bridal Show, Mat Mathews of Mathews Photographers said "A. The bridal show is designed to aid families in planning a wedding efficiently and easily. It will give pointers on: Names of people to contact for wedding gowns; formal for bridesmaids and mothers of couple; tuxedos; floral arrangements; wedding rings; wedding photography; bridal and engagement portraits; beauty consultation; new video photography ideas; hair styles; wedding cakes, etc.

B. The bridal show is designed to help with selections in China, appliances and furniture.

C. The bridal show is designed to help in planning the wedding trip, by helpful travel agents."

"All of this", said Mathews "is combined to help create a perfect wedding story."

Mary Lauren Lehnertz and Bruce Faulkner exchange vows in nuptial at Tyler

Mary Lauren Lehnertz became the bride of Bruce Campbell Faulkner on January 22 in a Nuptial Mass and formal, double ring ceremony officiated by Father Michael Hartwig at 7:30 in Immaculate Conception Catholic Church of Tyler.

The bride is the daughter of Mr. and Mrs. Giles Morris Lehnertz of Tyler and the granddaughter of Mrs. Agnes Lehnertz of Muenster.

The groom is the son of Mr. and Mrs. Wendell Dugger Faulkner, Sr. of Pecos.

The bride was presented at the altar by her father. For her marriage she chose to wear her mother's wedding gown made of Orgazine taffeta. It was designed with a Sabrina neckline of imported Alencon lace. Long slim sleeves tapered to petal points over her wrists. The princess bodice fastened in back with miniature covered buttons, complimenting the very bouffant skirt sweeping into a cathedral length train.

Her cathedral length, ivory illusion veil and blusher designed by Jena of New York, fell from a head-piece crown of iridescent beads, pearls and sequins. Additional appliques of ceru Alencon lace embroidered

with pearls and sequins, adorned the back of the veil.

The bride carried her paternal grandmother's wedding missal and Mrs. Oscar West's wedding rosary. The prayer book with its beautiful ivory cover was used in the wedding in November, 1915 when Agnes Fette became the bride of Joe Lehnertz. It held its original ivory satin ribbons, with fresh flower buds added and tied into individual lovers knots.

Attendants

Lanette Ann Lehnertz of Tyler was her sister's maid of honor, wearing a lilac dress. Lynn Wallace of Dallas, Nancy Broaddus of Dallas, Julie DuBois of Beaumont, Amy McMurrey of Tyler, and Mrs. James Keat Lewis III of Houston, Mrs. John O'Connor of Dallas, Mrs. Andrew Nations of Houston and Mrs. Kirk Bynum of Longview were bridesmaids. Their gowns were of moire silk taffeta in shades of pink. Pastels of springtime were reflected in the vari-colored tulips carried by the bride's attendants.

The best man was Joseph Segulia of Tyler. Groomsmen were Wendell D. Faulkner Jr. of Odessa, James C. Faulkner of

Houston, Douglas G. Faulkner of Pecos, William S. Kirklind of Dallas, James C. Hess of Midland, Peter A. Bell of Denver, Regan H. Davis of San Antonio and Robert P. Knox of Midland.

Ushers were John G. Yale of Denver, Robert O. Boles of Dallas, Sterling M. Morris, of San Antonio and Mitchell J. Shore of Philadelphia and Brian Broaddus of El Paso and Whales Maden III.

The bride's father gave the Readings of the Liturgy.

Traditional wedding music with organ and guitar included vocal selections: "I Cried a Tear", "Ave Maria" and "The Our Father", by Cynthia Stringer, a close friend.

Reception

A reception, buffet and dance followed in the Willowbrook Country Club of Tyler, with 600 guests attending. Guests danced to music provided by an orchestra.

The five-tiered Italian cream bride's cake, the chocolate and cherry groom's cake and the punch were served by Mrs. Wendell Faulkner, Jr., Mrs. Carroll Faulkner, Mrs. Douglas Faulkner, and Pamela Roach, Frances Lawrence, Sally Simons, Amy Lawrence, Peggy Pumphrey, Cyndey Donnell, Jill Hall, Sharon Anderson, Cindy

Henley, Barbie Eagle, Caroline Rose and Mmes. David Hundley, Joseph Foran, Mark Rainier and Leonard Blaylock III.

Among wedding guests were Mr. and Mrs. Jim Lehnertz of Gainesville, Cheryl Lehnertz of Dallas, Quintin (Chick) Lehnertz of Spokane and Judy Onthank of Spokane, Washington.

Children who handed out rose petals at the reception were Dana Wilcox and Deren Wilcox of Dallas, Ashley Mizer and Stephen Jack Mizer of Tyler, Lauren Blaylock of Dallas and Luci Barrett of Tyler.

When the couple returns from a wedding trip to Grand Cayman Islands, they will be at home in Denver where both are employed.

The bride attended Mary Baldwin College and is a Cum Laude graduate of Texas A&M University in 1979. She is a member of Kappa Alpha Theta Sorority and the Alumnae Board of Mary Baldwin College. In 1976 she was a Lady-in-Waiting in the Tyler Rose Festival. She is a member of the Slipper, Cotillion and the 500, Inc. in Dallas. 'Miracle Worker' a crowd-pleaser

The Butterfield Stage Players' opening night performance last Thursday of William Gibson's "The Miracle Worker" started a little slowly. But the players, many of whom were in their first performing role with the community theater group, quickly got the feel of the stage and turned in a polished performance of the story of Helen Keller.

Particularly good, from beginning to end, were the performances of Helen (Amie Felderhoff of Gainesville) and Captain Keller (Oliver Lusk of Gainesville).

Felderhoff's performance was noticeable for the most part because of the type of

year-old. The Captain's disgust at what he sees as the blind leading the blind and Annie's self-assurance make for a personal conflict that is both strong and interesting to the end when Annie wins acceptance. Curtis and Lusk are both effective in carrying out the conflict.

What is perhaps the most entertaining scene in the production is the breakfast table scene where Annie quickly takes it upon herself to break Helen's first bad habit—eating from the other family members' plates. What ensues, after all leave the room except Helen and Annie, is an active, believable, knock-down, drag-out mental and physical battle between the two, complete with slaps, kicks, screams and temper tantrums.

The two later emerge from the battlefield, Annie the victor having successfully instructed Helen in the fine art of eating with a fork and folding her napkin.

The knife-and-fork teaching scene is just the kind that can easily become monotonous, but both players keep the acting active enough to prevent that.

The only area in which the production falls somewhat short is not in the acting or directing but in the mechanics.

Set changes were handled between scenes when the lights were cut, without the concealment of curtains—because there were none. No matter how quiet

Photo by Brett Kaylor, courtesy Gainesville Daily Register

Helen Keller (Amie Felderhoff), in an attempt to gain some understanding of a friend's appearance, reaches to feel the face of Percy (Leslie Hess of Muenster) as Martha (Diane Pulte of Gainesville) looks on. The Butterfield Stage Players production of "The Miracle Worker" continues through Saturday with performances scheduled nightly at 7:30.

the stage hands are in such a case, the set changes are nevertheless distracting. But, as is true with most community theater groups, certain corners have to be cut for financial reasons. Still, curtains would be a useful and welcome addition to the playhouse.

Occasional line flubs were rare and well-covered.

Overall, the story of Helen Keller was a delightful choice for the cast and the cast told the story in a delightful manner.

Other members of the cast included: Linda Ritchey of Gainesville as Kate Keller, David Cole of Gainesville as James Keller, Linda Biffle of Era as Aunt Ev, Paula Lewis of Era as Viney,

Leslie Hess of Muenster as Percy and Diane Pulte of Gainesville as Martha.

Performances at the Butterfield Stage Playhouse are scheduled nightly at 7:30 Thursday, Friday and the final performance date, Saturday.

character she played—a blind deaf-mute. Her portrayal of the handicapped child was thoroughly convincing, as she continually stared glassy-eyed into space and remained totally oblivious both to the activity around her and loud yells from the other players.

Lusk handily communicated the Captain's assurance that young Helen was beyond help as well as he displayed the same assurance that Annie Sullivan (Sandy Curtis of Gainesville) was a hopeless mentor for the child.

The Captain develops sheer doubt when he discovers Miss Sullivan is herself a partially-blind 20-

His grandmother hosted a birthday dinner in his honor Tuesday, Jan. 25 when guests included uncles, aunts and cousins, Don and Sara Lester and Donna of Era;

J.D. and Patsy Fleitman and Doug, Sam, Jon and Julia; and Jerry Fleitman; and a special friend, Brian Schroeder of Lindsay.

The party included a decorated birthday cake, ice cream, party favors and gifts.

Growing Child

The Scribblers

The scribblers. They just can't help themselves, according to Growing Child, the monthly child development newsletter.

They've just got to close their fists around those fat black crayons—and scribble. Around and around they go, in huge arcs, angular zig-zags, blurs, and blobs. Unfortunately, scribblers like to use walls for their canvases.

(If you provide an alternative for a scribbler, like a large chalkboard and colored chalk, an easel with newspaper and paint, or lots of plain paper (the back of computer printouts or shelf paper in rolls make marvellous drawing pads) you'll have fewer pictures on your walls.)

Scribbling may look like nonsense to adults, but there is some sense in it for a three-year-old.

When children learn to stop their arm movements in time, those big circles become faces. Tight round scribbles make eyes, looser ones make curly hair.

Sweeping lines stop short for arms, fingers, mouths, spiky hair. Pounding with the point of the crayon, when it becomes less violent, makes pretty dots of snow and gentle raindrops. Scribbling is necessary preparation for drawing—and writing, too.

But it's hard to know what to say to a youngster when you're presented with a work of art. "That's very nice" sounds as phony as it is. "What is it?" is embarrassing since the child probably doesn't know either.

"I really like purple scribbles" is probably the most honest, appreciative, and gracious thing you can say!

For more information about the physical and social development of children up to the age of six, write to Growing Child, P.O. Box 620N, Lafayette, IN 47902. Include child's birthdate when writing. A year's subscription to the newsletter costs \$11.95.

Dash of pepper
1/2 cup (2 oz.) shredded Cheddar cheese

Pancake Puff:
1/2 cup water
1/4 cup butter or margarine

IN THANKS

THANKSGIVING NOVENA to St. Jude. Oh Holy St. Jude, Apostle and Martyr great in virtue and rich in miracles. Near kinsman of Jesus Christ. Faithful intercessor of all who invoke your special patronage in time of need to you. I have recourse from the depth of my heart and humbly beg to whom God has given such great power to come to my assistance. Help me in my present and urgent petition. In return I promise to make your name known and cause you to be invoked. Say Our Fathers, 3 Hail Marys and Glorias. Publication must be promised. St. Jude pray for us and all who invoke your aid. Amen. This novena has never been known to fail.

During time like this, we realize how much our relatives and friends really mean to us. Thanks for the Masses, food, flowers, visits and all other kindnesses shown to us at the loss of our husband and father. Special thanks to Father Cleus for the funeral Mass and his comforting words; and to Father Placidus for conducting the graveside services. Also to the ladies who prepared and served the delicious family meal.

87th year for Fat Stock Show

The 87th annual Southwestern Exposition and Fat Stock Show opened its 12-day run Jan. 26 with a flurry of activity at the Will Rogers Memorial Complex on Fort Worth's West Side and continues through Sunday, Feb. 6.

Scheduled in conjunction with the Stock Show is the World's Original Indoor Rodeo, featured in 22 performances with over 700 cowboys contesting for more than \$240,000 in prize money with events for bareback and saddle bronc riding, bull riding, calf roping, steer wrestling and popular wild horse race.

Special entertainer for each rodeo performance will be Jerry Clower, star of the Grand Ole Opry and nine times Country Comic of the Year. Clower tells humorous stories that "happened or almost happened" in a vein that relates to family members.

The annual Stock Show Parade is scheduled to begin at 2 p.m. Friday, Jan. 28, through downtown. The route will begin at Weatherford and Houston, move south on Houston to 6th Street, east to Main, then north to Weatherford.

Farm & Ranch
Stenholm praises PIK program; urges participation by farmers

Congressman Charles W. Stenholm (D-Texas) called the recently-announced Payment In Kind (PIK) program "the only game in town" and said it offers a chance to reduce surplus commodities while cutting government costs.

"I have, however, several questions about whether or not the program contains sufficient incentive to get the necessary participation," Stenholm, a member of the House Agriculture Committee, said.

"Farmers themselves will determine the success or failure of the PIK program," Stenholm said. "And that's as it should be. Each individual farmer needs to put pencil to paper and see how PIK fits his operation. But if we do get

high participation, I believe the program could be helpful."

Stenholm said a successful PIK program could not only help farmers by reducing the surplus, but also reduce federal outlays for farm price and income support programs.

"We have a problem of oversupply in agriculture," he continued, "and we have a budget problem. Now, how do we deal with those two problems?"

"Our options are limited," he said. "Yes, all of us have somewhat different ideas about what the best course for farm policy should be — I certainly do. But we must do something for the 1983 crop and for the moment, PIK is all that is available. I want to stress

that it isn't a long-term answer; it treats a symptom rather than the disease. But if we don't treat those symptoms, I question whether the patient will survive."

Basically, the PIK program provides that farmers who are already participating in the 1983 reduced acreage program (RAP) may set aside up to 30 percent of their base acreage. In return, farmers would be compensated "in kind" with government—or farmer-held stocks of the commodity they raise.

The compensation would be at a certain percentage of the program yield for that farm. This payment rate is 80 percent for corn, sorghum, rice and upland cotton, and 95 percent for wheat. The USDA has said the higher rate for wheat is

necessary because of the higher costs already invested in winter wheat.

Farmers who have questions about the PIK program may want to call a toll-free number, 800-368-5942, which USDA has set up to answer producers' inquiries. The number is open for calls between 7 a.m. and 7 p.m. CST.

Forestburg News

by Myrt Denham

Mrs. Merle Hudspeth, Mrs. Cleo Lanier and Mrs. Gary Bell were in Montague Fri. p.m., Jan. 21 for the planting of a tree on the court house lawn, sponsored by Montague County 4-H members. Forestburg 4-H members who attended were Dee Bell, Veronica and Douglas Edwards and Dee Williams.

Mr. and Mrs. H.A. Littell of Oklahoma City visited with Mr. and Mrs. Ross Littell and Mollie Moore Sun. the 16th. Mollie is Mrs. H.A. (Evelyn Dunn) Littell's aunt. Ross and H.A. are brothers.

Visiting with Mr. and Mrs. Ricky Huckaby and Lance on Sun. the 16th were Mr. and Mrs. John Korneth, Shelia and James of Lake Dallas.

Mr. and Mrs. S.T. Warford of Slidell attended Sun. a.m. Jan. 16 services at the Forestburg United Methodist Church. Afterwards they and their friends, the Ray Jacksons drove to Denton to eat lunch. Then back to the Warford home to watch the Dallas Cowboy, Green Bay Packers football game.

Mrs. Elaine Truitt of Argyle visited with the Howard Sockwells Sat. a.m. the 15th.

Mr. and Mrs. A.G. Barclay made the rounds, Fri. Jan. 21. They visited with A.G.'s aunt, Mrs. Ethel Haris in the Golden Years

Retreat in Bridgeport and the Hayward Richeys in Chico, they were in Decatur on business and also Alvord before making it back home.

That long predicted snow finally made its appearance late Fri. night, thus we awoke to about 1 inch of the white stuff on the ground Sat. the 22nd. Of course, Forestburg proper probably had more as it always rains more up on that hill then anywhere else around here. Therefore, it probably snowed more also, but those city folks are welcome to it.

Don't know if the Rosston-area reporter, one Ruth Smith, will mention it but she had herself a birthday Wed. Jan. 19.

Muenster, Slidell split a pair

Muenster High teams started the second half of their district schedule last Friday by dividing a pair of games at Slidell. The Hornets won for a 4-2 record to date and the Hornets lost dropping their record to 3-3.

The girls started strong and gained for three quarters by scores of 8-7, 16-11 and 24-15 and spent the final

period surviving a hot Slidell rally and winning 28-13.

Point makers for Muenster were Rita Walterscheid 8, Stephanie Richey 8, Shelly Zimmerer 6, Jill Wimmer 4, and Paula Russell 2.

The Hornets looked good in their contest with the loop leaders, that is until Kevin Felderhoff fouled out early

in the fourth. For three periods they were in hot pursuit by scores of 14-10, 22-21 and 28-26, but then the trend changed abruptly as Slidell pulled away for the 47-34 win.

Kevin Felderhoff was high scorer with 18, Ronnie Fisher made 8, Wayne Carroll 6 and Jay Mollenkopf 2.

MHS loses 2 to Forestburg

The MHS teams lost both ends of their double header with Forestburg Tuesday night, the girls by a score of 31-17 and the boys 53-42.

The Hornets made their

game interesting most of the way by starting with a 9-8 first quarter lead and trailing 24-19 and 36-30 the next two periods. They had the margin trimmed to 4 at 3

minutes before the end when Forestburg started cashing in on Hornet fouls and stretched the lead to 11 points. MHS scorers were Wayne Carroll 10, Jay Mollenkopf 8, Kevin Felderhoff 8, Steve Fisher 8, Ronnie Fisher 6, and Kevin Wolf 5.

The Hornets were in contention for two periods, the second and fourth, which netted a gain of only one, but the outcome was determined in the first and third when Forestburg gained 13. Scores by periods were 10-2, 15-7, 21-8 and 31-17. Stephanie Richey accounted for 8 points and Rita Walterscheid 6.

Lindsay basketball teams continued winning and losing in their two games of the past week. Girls have a perfect record of 7-0 and boys are winless at 9-7.

Knightettes ran away with their game at Alvord, leading 36-10 at intermission and 59-27 at the end, as Shannon Fleitman made 16, Beverly Neu 10, Gina Hellman 9 and Bridget Fangman 8.

The Slidell game was about the same as Lindsay gained in every period for a win of 54-30. Point makers were Shawna Hellman 14, Shannon Fleitman 12, Gina Hellman 10, Beverly Neu 8, Anita Fangman 6, Dianne Luttmier.

Playing Alvord, the Knights trailed all the way, by scores of 14-12, 33-22, 45-39 and 66-57. Doug Anderle led the scoring with 19, Glenn Hermes added 14 and Greg Havrkamp 14.

The Knights had similar trouble with Slidell and finished at the short end of 54-38 as Doug Anderle scored 12, Greg Havrkamp made 10 and Glenn Hermes 8.

Muenster JVs win 2 trophies

Junior varsity teams of Muenster High School came home with two trophies from a tournament at Alvord during the past weekend. Girls were runners-up in the champ bracket and boys were winners of the consolation bracket.

The Hornets started with a come-from-behind fourth period victory over Alvord. They trailed for three quarters by counts of 6-4, 18-12 and 21-18 then seemed to find the basket while Alvord lost it, outscoring the hosts 8-2 in the fourth. Dana Dankesreiter scored 12, Amy Davidson 8, DeAnn Walterscheid 4 and Julie Fisher 2.

The second game went the other way, with Muenster having the cold fourth. The score was close for three

periods, with Muenster trailing 2-1, 5-4, and 15-14 but then Valley View kept going and Muenster hit only once. The end result was 21-16, Amy Davidson scored 11, DeAnn Walterscheid 3 and Dana Dankesreiter 2.

The Hornets started with a one-sided loss to Alvord as the hosts gained in every

period for a 46-23 win. John Anderle led the MHS scoring with 12.

Their next game, for the consolation was one-sided Muenster's favor. Playing Saint Jo the Hornets gained all the way and ended at the long end of 42-19. Bob Youngblood and Kevin Switzer each scored 9.

Two one-point losses eliminate Tigers from TCIL playoffs

Two losses to Alamo High of Amarillo by identical scores of 55-54 eliminated Sacred Heart Tigers from a TCIL Zone tournament to be held Feb. 4 and 5 at Notre Dame. After the first game, SH and Alamo each had a record of 1-3 and played the second game to break the tie.

TJ Walterscheid led his team with 25 points and Greg Walterscheid added 16 in the first game. TJ also led the second with 16 points while Greg Walterscheid and Curtis Henschel made 14 each.
