A SIZEABLE PROJECT was necessary to eliminate two tiny drips at the city water tank last Friday. It involved moving a crane from Irving for the comparatively short job and draining the tank to relieve water pressure. Water service was continued by closing the tank's intake valve and pumping continuously through the mains, however, pressure was low. David Fisher and Mike Sturm are shown in the crane's cage welding on the repair patches.

State gives \$31,481 to co. road fund

Cooke County has just received a check from the State Treasurer in the amount of \$31,481.43 for its road construction and maintenance fund. It was one of the checks for a total of \$7.3 million divided among the 254 counties of the state.

The treasurer each year disburses money appropriated by

the Legislature for the lateral road program. The grants may be used by counties for purchase of right-of-way and for construction and maintenance of lateral roads, FM roads and state highways.

The money is allocated to counties under a formula based on the county's area, rural population and lateral road mileage.

A comment on radio a few days ago calls attention to a bumper sticker which suggests an effective and common sense way to deal with the growing problem of AIDS. As a way to avoid the dreaded disease, it states simply "Don't do it." It's a down-to-earth way of saying what the Ten Commandments said way back in the time of Moses. The kind of behavior referred to is a direct violation of the law of nature, which Christian people have long regarded as the law of God Himself, the author of nature.

In these sophisticated times, increasing numbers of people have acquired the idea that they can get along without God, so they logically assume that the ideas long accepted in relation to belief in God do not apply anymore. Their view is logical if their basic premise is correct, but it is absurd if the premise is wrong. And, if wrong, it will have a consequence regardless of anyone's denials. As a popular commercial used to say, "You can't fool Mother Nature."

The same general idea was first presented thousands of years ago in the Bible story of Sodom and Gomorrah: As related, those evil cities drew down their destruction by the wrath of God because of their depraved sex life. It is said that God destroyed, but modern experience suggests that the deaths resulted naturally from ailments caused by their sins. The plain fact is that many unhappy results are a natural consequence of one's own deeds and it would be less logical to assume that they are caused by a higher power.

A reasonable assumption on this subject is simply that AIDS is caused by over-indulgence. Though it's hard to know whether today's lifestyle has degraded to the level of Biblical sin cities, it is possible that Nature is reaching its limit of endurance. At least it is alarming to hear that half of the people with AIDS are dying, and

many others wonder whether they are in danger of giving or receiving the infection.

At the same time, school authorities face the dilemma of admitting or rejecting a child with AIDS. Should the child's personal right be denied, or should other students be exposed? Whatever the answer, it isn't pleasing.

Meanwhile, society has a related problem with the disease. Homosexuals and their supporters are clamoring for a cure and government scientists are trying feverishly to fine one. It seems ironic that enormous funds are spent on this disease, originating in sin, while several involving no faults get less attention.

Another thought is that homosexuals still insist on a right to social acceptance. They want to be recognized as equals in cities and schools in spite of their repulsive ways and ideas.

Besides, little ones do not deserve to be exposed to the beliefs of homosexuals. The problem presents a dilemma to public officials. Are rights of homosexuals denied when they are not accepted into society? Or are the rights of society denied when it is required to accept the moral misfits? As long as official opinion is divided on the issue, a solution is not likely.

Still, one point should be kept in mind. The United States is a Christian nation founded on Christian principles and whatever violates the law of God, should not be acceptable to the country.

Whether or not that principle is accepted by the country, individuals can and should bear in mind that they are personally responsible to God.

Unfortunately, the outlook is bleak for people who have the dreaded disease, but there's a hope for people who want to avoid it. The Ten Commandments tell how.

MHS is ready for homecoming

Students and exes of Muenster Public School are all set for homecoming activities to be headlined by a football game with the MHS Hornets hosting the Bryson Cowboys.

The game and principal observance is dated for Friday, Sept. 27, however, it will be preceded by the customary CCD Mass at Sacred Heart Church Wednesday with a special homecoming liturgy. That ceremony, beginning at 8 p.m., will include the homecoming princess and queen candidates along with their escorts, also team members and coaches.

After that David and Joan Walterscheid will host the crowd at a bonfire on their farm west of town.

Friday's festivity will begin with a parade starting at Ben Franklin's Store's parking lot Friday, 6 p.m., and proceeding to the stadium. It will include the Hornet band, princesses, queen candidates, cheerleaders, mascot and any others who would like to join.

And the last of pre-game activity will be a concert by the Hornet

Band starting at 7:35. The game's kickoff time is 8 p.m.

The formalities of presenting members of the royal party and announcing and crowning the queen will be held at half time. The princesses are Freshman Stephanie Bynum, daughter of Jerry and Kay Bynum; Sophomore Michelle Monday, daughter of Roy and Jane Monday; and Junior Kristi Pagel, daughter of Dick and Kay Pagel. The four candidates for queen, all seniors, are Julie Fisher, daughter of Clyde and Polly Fisher; Connie Klement, daughter of Robert and Laujana Klement; Dolle Pagel, daughter of Dick and Kay Pagel and Deann Walterscheid, daughter of David and Joann Walterscheid. When the queen is named she will receive her crown from Kim Eldred, the 1984 homecoming queen. Other candidates then will become senior princesses in the queen's court.

Escorts of the princesses and queen candidates will be MHS grads of the 1985 class. They are Rodney Hess, Cory Klement, Neal

Flusche, Craig Monday, Keith Klement, Jay Mollenkopf and Ronnie Fisher. Joe Hennigan will escort last year's queen.

Final event of the day will be a dance following the football game in the VFW hall. Proceeds from it will be donated to the love fund for defraying medical expenses of Lindsay's Shelly Long who was injured in a car accident.

A continuation of the homecoming awaits the class of 1970 who will have a reunion Saturday the 28th at the home of Kathy and Clifford Sicking, starting at 6 p.m.

Another get together is planned for the class of 1980. They will have a reunion Saturday at the home of Kim and Kenny Felderhoff. It starts at 7 p.m.

CANDIDATES FOR QUEEN at the MHS Homecoming are the three seniors at the front and one in the middle. They are, front, Dolle Pagel, Deann Walterscheid and Julie Fisher; and middle, Connie Klement. The back row has princesses as follows: Freshman Stephanie Bynum, Sophomore Michelle Monday and Junior Kristi Pagel.

Good News

We beg you, brothers, respect those among you whose task it is to exercise authority in the Lord and admonish you;

esteem them with the greatest love because of their work. Remain at peace with one another.

We exhort you to admonish the unruly; cheer the faint-hearted; support the weak; be patient toward all.

Fall arrives

Prolonged heat and drought came to a sudden halt Friday as Fall arrived slightly ahead of schedule with a high wind and a downpour that emptied the grandstand at the MHS football game. It also brought a welcome drop in temperature.

Rainfall total for September to date is .98 inch; for 1985 to date the total is 23.72 inches.

Low and high temperatures of the week were recorded as follows by Steve Moster:

Sept. 12	70 and 93
Sept. 13	with .98 in. rain 73 and 96
Sept. 14	66 and 78
Sept. 15	66 and 72
Sept. 16	66 and 84
Sept. 17	68 and 90
Sept. 18	68 and 80

Sept. 30 is small grains insurance deadline

COLLEGE STATION — Texas farmers have until the last day of September to buy crop insurance for small grains.

"Crop insurance is basically a risk management strategy in which a farmer pays a premium to protect against large, unpredictable yield losses," says Dr. Ashley Lovell of Stephenville, economist with the Texas Agricultural Extension Service, The Texas A&M University System.

Producers who insured their small grain crops last year will have their contracts renewed automatically unless they cancel them, Lovell points out. However, any changes in the level of coverage or price election must be made by Sept. 30.

This year multiple peril crop insurance (mpei) for 1985-86 wheat, oats and barley will be available only under the Actual Production History (APH) program, Lovell explains. Under APH, yield guarantees are based on actual production records of the insured or grower rather than on county average yields as was the case under the area coverage plan. This means that a farmer must provide evidence of previous years' production and acreages. The premium cost per acre also may be higher than with the area coverage plan.

Lovell reminds farmers that the

premium cost for mpei reflects the federal subsidy of the premium.

Interested producers can obtain additional information by contacting a local firm that offers multiple peril crop insurance.

City gets \$5,861 sales tax rebate

The City of Muenster has received a check in the amount of \$5,861.07 from State Comptroller Bob Bullock as a rebate for City Sales tax remitted through the pay period of Aug. 30, 1985.

This amount increases the year's total to \$78,918.35, which is 0.87 percent less than at this time last year. The rebate is a part of \$57.3 million sent to 1,005 cities that levy the city sales tax.

The comptroller's report also specifies the amounts rebated to other North Texas cities along with their total receipts of the year to date and the percentage of in-

crease or decrease over last year's amounts to date. They are:

Gainesville	\$57,885,	to date
\$784,116,	up 18.47 percent.	
Lindsay,	\$5,236,	to date
\$44,439,	up 26.64 percent.	
Pilot Point,	\$7,352,	to date
\$66,407,	up 9.16 percent.	
Sanger,	\$12,516,	to date
\$61,759,	up 38.99 percent.	
Whitesboro,	\$9,265,	to date
\$99,636,	up 0.17 percent.	
Bowie,	\$29,955,	to date
\$351,150,	up 14.89 percent.	
Nocona,	\$11,328,	to date
\$128,962,	up 11.51 percent.	
Saint Jo,	\$1,563,	to date
\$17,611,	up 15.90 percent.	

HORNETS HUDDLED IN RAINCOATS during a timeout strategy session with Coach Sims at last Friday's game with Masonic Home. A downpour living with high winds drove spectators out of the

stands. Even so, the teams kept going, whereas players joined fans in leaving other games...for instance, Sacred Heart and Valley View, Era and Alvord.

COMMENT

Letters to the Editor

Dear Editor,
Although history, the recent Red Cross swim program is not forgotten. Therefore, I wish to give an update on the time, effort and skills that helped to put this successful program together.

Early in the summer, 21 students completed the basic rescue course and four students completed the advanced lifesaving course. The learn-to-swim program in July included 348 children and nine adults. This gives us a grand total of 382 swim students.

Each day an average of 45 instructors cheerfully volunteered time and talent to coach the students. This gave us a teacher/student ratio of better than 3/1 per class.

Our budget was boosted by generous private donations. We were able to purchase T-shirts, visors and morning snacks for the instructors. The budget for 1985 was as follows:

EXPENDITURES	
Badges.....	\$ 8.25
T-shirts & visors.....	434.00
Donuts.....	125.00
Correspondence.....	25.70
	\$592.95

INCOME:	
Knights of Columbus.....	\$ 25.00
St. Anne's Society.....	25.00
V. Hoagland.....	25.00
Phyllis Cook.....	20.00
Karen Wilde.....	20.00
Muenster Young Homemakers.....	50.00
VFW Auxiliary.....	25.00
Beta Kappa.....	25.00
Anonymous.....	25.00
Marla Fette.....	10.00
"A Friend".....	25.00
Muenster VFW.....	25.00
Walter Lutkenhaus.....	20.00
Muenster Youth Fund.....	164.70
Anonymous.....	8.25
	\$592.95

Next year the visors will be used again and we have a surplus of 29 T-shirts.

Approximately 765 hours of volunteer service went toward the cause of "waterproofing America."

Thanks, Muenster!

Constitution Week

The Rebecca Crockett Chapter and The Francis Lightfoot Lee Chapter, NSDAR, place special emphasis upon the observance of Constitution Week, Sept. 17-23, 1985 which marks the 198th Anniversary of the signing of the Constitution of the United States of America. The President has designated, Congress has voted in to law, and our Mayor has issued the Proclamation designating this historical observance. Therefore, it is requested that Constitution Week dates of Sept. 17-23 be placed on all church, school and public calendars and residents, merchants and members are en-

couraged to fly the flag all week.

The Constitution of the United States of America gave us the foundation for a free, prosperous and independent life for every citizen, but each generation in turn must work for and claim it; otherwise, through carelessness or indifference, the rights and liberties we have enjoyed may vanish; and it is of the greatest consequen-

The people of the United States should be deeply grateful to the Founding Fathers for the wisdom and foresight they displayed in writing and adopting the Constitution.

The independence granted to the American people to enjoy such freedom and liberty unknown to any other country should be celebrated by appropriate ceremonies and activities during Constitution Week.

The Constitution of the United States of America is the safeguard of all our liberties, champion of our freedoms. The purposes of the observance and celebration of

Constitution Week are (1) to emphasize the responsibility of protecting and defending the Constitution and preserving it for posterity; (2) to understand that the Constitution is our great heritage and the foundation of our lives; and (3) to study the historical events which occurred during September 1787.

The Preamble of the Constitution has set the tone for American life: "cooperation among its citizens, justice, peace, promotion of the general welfare and liberty for all."

Member NSDAR

Internal demoralization

THE OVERALL strategy of the International Communist movement, led by the Soviet Union, includes as an important part internal demoralization of our people.

What does demoralization mean? Why is it important as a component of overall Communist strategy? What part does it play?

In the sense in which demoralization plays a significant part in overall Communist strategy, it means to weaken the morale of our people, to upset the normal functioning of our society in such a way as to make it difficult to oppose Communism, and to cause disorder, in the process of discouraging and dispiriting our citizens.

In order to win World War III in which we are now engaged, it will be necessary for us to develop a unity of spirit, a will to win. This

can only be accomplished when a public opinion is created which will support such a policy.

It is to prevent such a will to win from ever being developed that the strategy of demoralization is directed. The Communists have been extremely successful in achieving their objectives through demoralization.

Their successes have been so many and so significant that it would be impossible to list but a few. However, we can illustrate the degree of Communist success with some specific examples.

In 1958, the American Bar Association's Special Committee on Communist Tactics, Strategy and Objectives issued its well-known and vitally important report on that subject. It was placed in the CONGRESSIONAL RECORD of Aug. 22, 1958, pages 17717 to 17723, by Senator Styles

Bridges of New Hampshire.

The report was extremely significant as an objective compilation by a committee of distinguished attorneys from the independent sector, put together after much study and investigation. It was an authoritative report issued to inform the American people about the objectives of the Communists. During the 27 years since the report was issued, it has retained its significance because it serves as a gauge of Communist success in achieving their objectives.

The report outlined 11 major objectives of the Communists. Here is how successful they have been:

The Communists have been able to destroy our internal security program, by (1) nullifying anti-Communist laws, (2) eliminating important aspects of loyalty in-

vestigations, and (3) abolishing congressional committees which investigated subversion.

They have conned us into participating in (4) summit conferences, (5) cultural exchange programs, (6) trading vital products to the Reds, and (7) recognizing Communist China.

They have induced us to (8) halt nuclear weapon tests; their agents of influence throughout the country promote (9) peace at any price, and (10) spout Communist propaganda in the Congress and throughout the media.

The shooting down of the Korean airliner, bombing of the Marine barracks in Beirut, and the current terrorist campaign of kidnapping and skyjacking are part of the application of their objective of (11) humiliating the United States, showing it to be incapable of protecting its citizens or retaliating against such naked aggression.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION

NOVEMBER 5, 1985

PROPOSITION NO. 1 ON THE BALLOT

Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$980 million of Texas Water Development bonds.

The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with \$190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with \$400 million of those bond proceeds to be used for state participation in the acquisition and development of facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, \$190 million will be dedicated for use in water quality enhancement projects, and \$200 million will be dedicated exclusively for flood control projects.

The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to \$250 million of its general credit to insure payment of the principal of and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control or desalinization. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this section becomes a part of the constitution. Bond insurance issued before expiration of the program will not be affected by such expiration.

The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, and desalinization, to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

PROPOSITION NO. 2 ON THE BALLOT

Section 3 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an

amount not to exceed \$200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance and sale of \$200 million of Texas agricultural water conservation bonds."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment that would permit the legislature to authorize a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property if such relocation or replacement is done in conjunction with or immediately following the relocation or replacement of water mains serving the property. Any legislative enactment permitting the expenditure of funds for such purposes would authorize the city or town to fix a lien on the property, with the owners' consent, for the cost of relocating or replacing the water laterals, and would provide that such cost shall be assessed against the property, with repayment by the property owner to be amortized over a period not to exceed five years at the rate of interest set by law. Such liens could not be enforced until after five years from the date the liens were affixed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would authorize the use of the proceeds from the sale of permanent school fund land to acquire other land for the permanent school fund. Currently, the constitution requires that proceeds from the sale of such land be invested in certain bonds and other securities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 89 proposes a constitutional amendment that would enable the legislature to regulate the provision of health care by hospital districts by determining

the services the district must provide, by setting requirements a resident must meet in order to qualify for services, and by determining any other relevant provisions necessary for providing health care to residents.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to regulate the provision of health care by hospital districts."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would enable the State of Texas to enter into an agreement with another state to confine inmates from the state of Texas in penal or correctional facilities of the other state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit state prisoners to be placed in penal facilities of another state pursuant to an interstate agreement."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 27 proposes a constitutional amendment that would authorize the commissioners court of Chambers County to divide Chambers County into not less than two and not more than six justice precincts. Under current constitutional law, Chambers County may be divided into not less than two and not more than five justice precincts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing Chambers County to be divided into two to six precincts."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would grant an additional \$500 million in bonding authority to the Veterans' Land Board for the veterans' housing assistance program. Under the current constitution, the Veterans' Land Board is authorized by Article III, Section 49-b-1 to issue and sell not more than \$800 million in bonds, \$500 million of which may be used for the Veterans' Housing Assistance Fund. This amendment would increase that authorization to permit the issuance and sale of up to \$1.3 billion in bonds, \$1 billion of which would be used for the Veterans' Housing Assistance Fund. In addition, the amendment would remove the current definition of "veteran" from the constitution and permit the legislature to redefine "veteran" as the changing times and circumstances require.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing \$500 million in additional bonding authority for the veterans' housing assistance program and changing the definition of those veterans eligible to participate in the veterans' land program and the veterans' housing program by authorizing the legislature by law to define an eligible veteran for the purposes of those programs."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment that would permit the legislature to enact a statute or to attach a rider to the General Ap-

propriations Act to require prior approval of the expenditure or emergency transfer of any funds appropriated by the legislature to state governmental agencies.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to protect public funds by authorizing prior approval of expenditure or emergency transfer of state appropriations."

PROPOSITION NO. 10 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds, the proceeds of which would be deposited in a fund to be known as the farm and ranch finance program fund. The fund would be administered by the Veterans' Land Board and would be used to make loans and provide other financial assistance for the purchase of farm and ranch land. The amount of bonds outstanding at any one time would be limited to \$500 million. The principal and interest in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds to provide financing assistance for the purchase of farm and ranch land."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment that would define indictments and informations as instruments charging a person with the commission of an offense, and would delete certain technical requirements as to the form of writs and processes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 10 proposes a constitutional amendment that would grant the Texas Supreme Court and the Texas Court of Criminal Appeals jurisdiction to answer questions of state law certified from federal appellate courts. In addition, the two courts would promulgate rules of procedure relating to the review of those questions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal appellate court."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that would create a board with responsibility for the reapportionment of judicial districts, subject to legislative approval. The amendment would provide for the continued power of the legislature to provide for judicial reapportionment, and would provide that reapportionment

would be the responsibility of the Legislative Redistricting Board if the Judicial Districts Board fails to make a timely reapportionment. The amendment would provide for the creation of judicial districts smaller than a county in counties where the creation of such districts has been approved by the voters at a general election. The amendment would provide for more than one judge for a judicial district. The amendment would rename supreme judicial districts as courts of appeals districts. The amendment would provide that the jurisdiction and terms of court of district and county courts may be as provided by law. The amendment would provide for the jurisdiction of justice courts, which may have additional jurisdiction as provided by law. The amendment would provide for rules of judicial administration and civil procedure to be promulgated by the Supreme Court, and would provide that the legislature may delegate additional rule making power to the Supreme Court or to the Court of Criminal Appeals. The amendment would provide that courts and judges in existence at the time of its adoption remain in existence until otherwise provided by law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the reapportionment of the judicial districts of the state by the Judicial Districts Board or by the Legislative Redistricting Board, and providing for the administration and jurisdiction of constitutional courts."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment that would abolish the office of County Treasurer in Andrews County and transfer the powers and duties of that office to the County Auditor. The amendment would also abolish the office of County Treasurer in El Paso County if, at the statewide election at which this amendment is submitted to the voters, a majority of the voters who vote in El Paso County favor the amendment. The functions of the office of El Paso County Treasurer will be performed by a person employed or designated by the El Paso County Commissioners Court. The amendment also provides for the abolition of the office of County Surveyor in Denton, Randall, Collin, Dallas, El Paso, and Henderson Counties upon approval of such abolition by a majority of the voters who vote on the question at an election called by the commissioners court of the county. If the office of County Surveyor is abolished in any county, the commissioners court may employ or contract with any qualified person to perform the duties of the office.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for:

- (1) the abolition of the office of county treasurer in Andrews County and El Paso County;
- (2) the abolition of the office of county surveyor in Collin, Dallas, Denton, El Paso, Henderson, and Randall Counties."

Anna Walterscheid, 95, dies

Funeral service for Anna Walterscheid, 95, a lifetime resident of Muenster until 10 years ago, was held Monday, Sept. 16, 10 a.m., in Sacred Heart Church with Father Denis Soerries officiating at a Mass of Christian Burial and Fathers Victor Gillespie, Placidus Eckart, Cletus Post and Nicholas Fuhrmann assisting.

Burial was in Sacred Heart Cemetery directed by McCoy Funeral Home and the pallbearers were Rudy, Karl and Fred Koessler, Lenny Walterscheid, Tommy Hesse and Herbie Yosten.

Prior services were held in the funeral home chapel: a rosary Saturday 8 p.m. and Sunday at 4, also a special wake service Sunday at 8 p.m. with liturgy composed by Sisters of the Wichita Falls convent. It was conducted by Sisters Patricia Marie and Ginny with instrumental accompaniment.

The funeral homilist was Sister Mary Elaine Breen of Our Lady of Victory Convent. She quoted the Savior's promise "I am the Way, the Truth and the Light," adding that Anna had heeded the guidance and has reached her eternal home. The speaker referred to her edifying life, and to her death as a resurrection and beginning of everlasting happiness.

Other participants in the solemn service included a number of relatives and friends. Sister Romana Rohmer, Chris Hesse and Leon Klement gave scriptural readings; Melissa and Denise Bayer and Andrea Klement presented offertory gifts; Dolores

1890. She was married to August Walterscheid on May 22, 1923, was a 61 year member of St. Anne's Society.

Survivors are two daughters: Mrs. Norbert (Elizabeth) Koessler of Muenster and Sister Francesca of OLV Convent; two sons, Wilfred Walterscheid of Muenster and Leonard Walterscheid of Moab, Utah; one brother, Al Hesse of Muenster; two sisters, Dora Henscheid and Teresa Hesse both of Muenster; 11 grandchildren and 18 great-grandchildren. Her husband died on February 5, 1965.

Miller, Rudy Koessler, Regina Pels and Leoba Mollenkopf were eucharistic ministers; Ruth Felderhoff, Emily Klement, Christi Klement and Denise Bayer were musicians; and David Rohmer, Glen Swirczynski, Terry Felderhoff and Troy Berres were mass servers.

The family suggests that memorials may be made to the Sister of St. Mary's infirmary building fund in care of Sister Francesca, 3300 Hemphill, Fort Worth, Texas 76110.

Among relatives and friends attending the services were Leonard and Betty Walterscheid of Moab, Utah; Lenny Walterscheid of Oklahoma City; the Larry Kostyniak and Ida Rohmer and David Green of Fort Worth; Rita Tucker of Wichita Falls; Chris Hesse and the Glen Georgias of Dallas; the Joe Spaeths of Longview; Edward Kostyniak, Raymond Hesse and Harold Neu of Denison; Dorothy and Morton Wright and Minnie Odom of Irving; and more than 25 members of the Sisters of St. Mary from Fort Worth, Wichita Falls and Dallas. Among them were four who came from Muenster: Sisters Francesca Walterscheid, Agnes Endres, Antoinette Fette and Anselma Knabe.

THE LAWNS AND PLANTINGS surrounding Sacred Heart Rectory have been awarded "Yard of the Month" honors for September by the Muenster Garden Club. Neatness, good maintenance and careful trimming were stressed in judging. A suitable sign was placed to indicate the award.

Shown in the photo are, l to r, Father Denis Soerries, George Bayer, in charge of lawn maintenance, and Father Victor Gillespie. Mrs. Felix Yosten, who cares for the flower beds, was unavailable for the picture.

Florence Fisher hosts Extension Homemakers

Florence Fisher hosted Muenster Extension Homemakers on Wednesday, Sept. 11, at 2 p.m. She presented the inspiration "Just One Thing."

Lucille Lutkenhaus, president, conducted the meeting and read several cards of thanks. Routine business included a county council report by Jaci Bilderback. Members filled out yearbooks for programs and hostesses for the coming year.

Plans were discussed for a celebration of the Muenster club's 25th anniversary in October. Mrs. Lutkenhaus led a discussion of coming events, including the quilt show at the Boys Club in Gainesville on Nov. 8-9.

Twenty-two members and one guest, Nancy Walter, were served refreshments of cake squares, ice cream and coffee. The next meeting will be on Oct. 9 in the home of Ann Herr.

Celebrates seventh

Jenny Lynn Schneider, daughter of Mr. and Mrs. John Schneider, celebrated her seventh birthday on Tuesday, Sept. 10, with a party in the Muenster park at 6:30 p.m.

A Care Bear and Rainbow theme were used in her birthday cake, refreshments and decorations. Cake, ice cream and punch were served to about 18 friends and first grade classmates. Also to grandparents, Ginny and Ed Schneider; great-grandmother Catherine Walterscheid; and Angela Antonetti; Deb Klement and Aaron and Ashley; Shirley Endres and Da Lana and Allison.

JUSTIN WALTERSCHIED

Aug. 25, carried out a Master of the Universe theme in decorations and birthday cake, served with ice cream.

Attending were his sister Gayle, his parents, Bert and Kim, and his grandparents, Frank and Dorothy Krebs and Herbie and Margie Walterscheid, his great-grandmothers, Mmes. Marie Reiter and Regina Krebs, and uncle, aunt and cousins, Mark and Terry Krebs and Austin and Aaron.

Sending birthday wishes and gifts were the honoree's uncles, aunts and cousin, Greg Krebs, Robin and Danny Hess, Gary, Jill and Renee Balthrop, also his great-grandmother Catherine Luttmir.

Justin's second party was held at Tender Loving Care Day Care Center on his actual birthday, Aug. 29. Refreshments were served to all the children.

Pictures were made at both parties and gifts were opened each time.

Two parties honored Justin Michael Walterscheid, son of Mr. and Mrs. Bert Walterscheid, in observance of his third birthday.

The first, on Sunday afternoon,

Remember when cars had wings?

Times have changed...

Not too many years ago our cars were great big and used a lot of gas. We loved them. Gasoline was cheap and we had never heard of environmental protection.

Today's cars are much more complex. They get a lot more miles per gallon and they have cut out most of the pollution. That's progress.

Times have changed for your cooperative, too.

The Brazos System used to build natural gas power plants. They were fairly simple and did not require special environmental equipment.

Today, we build lignite coal power plants. They are complicated, difficult to build and require a lot of environmental protection equipment to insure that we keep the air and water clean. Even so, lignite is today's most economical choice for making your electricity. Lignite costs only a third as much as natural gas.

Your business, Cooke County Electric Cooperative, benefits from that choice, and so do you. The power of the kilowatt hour can do so much good... don't waste it.

MRS. CECILIA SCHMITZ

55-year St. Peter's organist retires

Mrs. Cecilia Schmitz, organist of St. Peter's Church in Lindsay for the past 55 years, has announced her retirement and is leaving the bench.

A reception hosted by parishioners of St. Peter's Church was held in the Lindsay Parish Hall to honor her on Aug. 18. Mrs. Schmitz said she started playing hymns in 1926, as a girl of 14. A year later, when her brother Frank Wiese resigned as organist, she was named full-time church organist at age 15. That meant High Mass every Sunday morning, Benediction with other religious services every Sunday afternoon, and playing the organ also for all weddings and funerals.

"I was very reluctant to take on the job," she said. "But Father John Nigg, pastor of St. Peter's at that time, practically shoved me on the bench. I've been playing and loving it all these years - it will be 60 years in 1986, with the exception of seven when I lived in another city. I am grateful to the Lord for making me do it...I feel that the choir loft was my niche

for serving the Lord these many years."

When asked, "For how many weddings and funerals have you played the organ?" she answered, "Into many hundreds, I would not want to start counting them. High lights of my years as organist were playing for the weddings of my four daughters.

"It has not been easy for me. In 1950, our choir director resigned. Then I had to play with my hands and direct with my head!" She laughed, remembering, then went on "I ordered new music, etc., and with the help of faithful and patient choir members (there were 15 at one time) and lots of practice, we learned new hymns, Masses in Latin, and in later years, Masses in English. I am not a perfectionist, nor do I have that musical talent."

Mrs. Cecilia Schmitz summed up her 55 years as organist at St. Peter's Church as the satisfying experience of doing something for the glory of God. "There is nothing more satisfying," she said.

Lindsay...

St. Peter's names CCD teachers

Eight religious education teachers of St. Peter's Church in Lindsay were commissioned "Ministers of Jesus' Teachings" for elementary teachers on Friday, Sept. 13, by Father Cletus Post O.S.B. He commissioned the teachers in a special celebration of the liturgy in which they accepted

the responsibility to become effective teachers and mutually support each other for the parish's religious education program in 1985-86.

Teachers who were commissioned were: Sister Ferdinand, grade 1; Mrs. Lynn Huchton, grade 2; Mrs. Miklos Nagy, grade

3; Mrs. Harold Nortman, grade 4; Mrs. Dale Bezner, grade 5; Mrs. John Hoberer, grade 6; Sister Dorothy Therese Zimmerman, grade 7; and Mrs. Pete Stoffels, grade 8.

Adding to the solemnity of the liturgical celebration was the participation of the students in the Offertory procession of the Mass. They presented symbols of faith and the Offertory gifts at the altar.

These included a picture of Pope John Paul II by Leslie Cler; candles by Troy Eberhart and Dawn Marie Sandmann; a baptismal robe by Jennifer Hoberer and Zack Schumacher; a Bible by George Lutkenhaus; a Crucifix by Lance Sandmann; a religion textbook by Shannon Don Schad.

Water and wine were presented by Heather Bell, Brandy Bezner, Stephany Pearson and Leigh Ann

Zimmerer.

John Krebs gave eight general intercessions which were read to correspond with the gift presented to the pastor.

During the Offertory liturgy, the CCD teachers assembled in the sanctuary to promise their best efforts in teaching religion. In turn, the students promised to cooperate in the spreading of God's Word through faithful participation in their religious classes.

Amy Sandmann was the principal lector of the Mass. Other readers were Matthew Zimmerman, who gave an introduction to the services before Mass; and Debbie Nortman, who read Romans 10, verses 13-15.

Mass servers at this liturgical celebration were Jimmy Denison, Jason Zimmerman and Keith Zimmerman.

CDA holds its Monday meeting

Catholic Daughters of the Americas Court St. Mary #249 met on Sept. 9 at 8 p.m., changing the day and time to enable members to attend Novena Devotions at Sacred Heart Church, and follow by attending the CDA meeting.

Stella Hess, regent, presided and Dorothy Bengfort opened the meeting with prayer.

Members discussed forming a junior Catholic Daughters Court and expressed favorable comment. The regent will seek more details from state officers. There is a need for leaders. Any member interested in working with girls 6 to 10 years, or 11 to 18 years is urged to call Stella Hess for details.

It was announced that the bi-annual workshop for new officers will be held in Windthorst on Sept. 22 with Mass at 11 a.m. followed by a luncheon and the workshop.

Mary Moser told of a variety of video tapes available in the library and especially books on Texas; also all books of Father Di Orto. Improvements in library facilities include new shelf supports and book stops donated by Flusche Enterprises.

Court St. Mary is planning a reception of new members on Oct. 20, CDA Day, themed "Reaching Out To Young People, the Hope of the Church."

"Thanks for bereavement dinners" were received from the

families of Loretta Wilde, Mary Schmitz, Archie Hess, Ruth Needham and Maurice King.

Monetary gifts from individuals will be used for kitchen equipment.

A note from personnel of Vacation Bible School expressed thanks to CDA for its continued support of religious training for children.

The meeting adjourned at 9:30 p.m. with prayer. Refreshments were served by Stella Hess and Dorothy Bengfort. The next meeting will be on Oct. 7 at 8 p.m. in the K C Hall.

TERRI WHITT, daughter of Kathy and James Whitt of Sanger and granddaughter of Mr. and Mrs. Al Trubenbach of Myra, is a June 1985 graduate of Texas Tech. She has been accepted into the Medical School of the university in Lubbock and is enrolled for the fall semester. Since graduation, she has been employed in the research department of the university.

Forestburg News

by Myrt Denham

The following is taken from Radio Bible Class Literature and I quote:

"Did you waste the day or lose it?"

"Was it well or poorly spent? Did you leave a trail of kindness or a scar of discontent?"

Anon. "Admitting an error is not a confession of weakness, but a sign of strength."

Enjoying lunch on Sunday with Merle and Clifford Hudspeth were Mrs. Irene Harry, Mrs. Corvella Roberson and also Maxine Peers of Krum.

Mr. and Mrs. Dawson Ensey made their way up to Altus, Okla. on Sept. 6 to visit their children and also with Dawson's parents, Mr. and Mrs. Thomas Ensey.

Mr. and Mrs. Bill Shults and son Wayne of Denton and Mrs. Louise Shults of the 'Burg took in the Bowie Trade Days on Saturday. On Sunday, Bill and wife Louise left for Sayre, Okla. to attend the funeral on Monday, Sept. 9, for Louise's sister-in-law and the wife of the late Jim Kelly.

Mr. and Mrs. Chris Gresham and Carl have moved to Denton as of last week. It is my understanding that Jeff Lanier and Brent Shults are now the occupants of the house the Greshams vacated.

Vera Mae McGee says she had such a nice time one day recently when Merle and Clifford Hudspeth took her to visit with Juanita Cote and then on to see Irene Harry.

Dorothy and Cecil Foster were rather active again last week. On Monday, Dorothy was in Krum visiting with daughter Billie and family. Then on Tuesday, Cecil joined Dorothy on a business trip to Denton. On Sunday, the 15th, the two took a Sunday drive to Whitesboro and Gainesville.

Sept. 7-8 weekend visitors with Mrs. Lonas Boyd were Mr. and Mrs. Homer Dale of Wichita Falls and Mr. and Mrs. Tommy Skinner

and Darinda Johnson and son Jeremy Colt of Gainesville.

On Sept. 3, Mrs. Ola Mae Shults visited with Vickie Harrison in a Lewisville hospital.

Mr. and Mrs. Malcolm Hunt of Portersville, California visited relatives here - Mrs. Georgia Greenwood and family and the Joe Hunts - from Sept. 6 to 9. Then they departed for Nashville, Tenn., and from there home.

Mmes. Shirley Lanier, Bobbie Wylie and Janice Gresham and Carl were in Dallas Saturday night, Sept. 7, to attend the wedding of Pam Landers to Gary Allen. Pam is the daughter of Mr. and Mrs. Travis Landers.

Mr. and Mrs. Donny Shults and Matt of Lewisville and Ola Mae Shults were on vacation in Brownsville, Corpus Christi, San Antonio and Austin the first part of September. In Corpus Christi they visited with Mr. and Mrs. Jesse Ramos.

Randy and David Hudson of Arlington visited with Dale Shults on Saturday, Sept. 7. Other visitors with Dale and Ola Mae on the 7th were Mr. and Mrs. Donny Shults and Matt, Mr. and Mrs. Billy Dee Hill of Garland and Richard Hill of Irving.

Mr. and Mrs. Bob Hunter of Portersville, Calif. spent Wed., Sept. 11, with Mrs. Georgia Greenwood, JoAnn and Wynona.

Perryman Denham, yours truly and Mrs. Joe Denham made it up to Wichita Falls Tuesday, Sept. 10. Joe visited with brother Bailey Perryman and wife Gladys while we made our Sheppard A.F.B. run. Later, we visited with Bailey and Gladys also and with Mr. and Mrs. "Sug" Williams who had stopped by.

"Dude" and Bula Mae Berry were Bowie visitors Wed., Sept. 11. Between business appointments, they visited with Mrs. Joe Denham at Bellmire Home. Bula Mae reports that Dude and Joe really spun the yarns and tales

about "old times and days." I asked who managed to do the most talking and Bula Mae said, "Dude did."

Now we come to Ted and Laura Belle Jackson news time: On Monday, the 10th, Ted visited with his sister, Eula Steen, at the Saint Jo Nursing Center. Tuesday they made their Muenster and Gainesville "grazing run." That evening, they visited with Mrs. Alma (Hunter) Griffin in the Saint Joseph Hospital in Fort Worth where Mrs. Hunter was transferred for a rehabilitation program. Alma's address is Room 3210, Third Floor, Saint Joseph's Hospital, Fort Worth.

Thursday, Ted and his buddy, S.T. Warford of Slidell, made a fishing trip to Lake Dallas and they really hauled 'em in.

Then on Friday, the 13th, Mr. and Mrs. Johnny Brogdon of Miami, Texas breezed in, Mrs. Brogdon is the Jackson's daughter.

On Saturday, Pamela (Brogdon) Williams, Kyle and Ali of Shamrock arrived at the Jackson home.

On Sunday, the Johnny Brogdons, Pamela and children and Mr. and Mrs. Jack C. Dill and Vatori were all noontime dinner guests of the Jacksons.

Mrs. Virginia Lynch spent from Sept. 9-11 in Baylor Hospital, Dallas, with daughter Lecia Pickens of Edgewood. Lecia was undergoing tests for a severe back problem.

On Friday, Sept. 13, Mrs. Nina Holland of Nocona came home with son Kenneth to spend the night and Saturday. Mrs. Chris Rashid of Denton drove up to visit her parents and grandmother on Saturday. On Sunday, Mrs. Eva Crayton and Kenneth and Peggy Holland motored to Bedford to spend the day with Eva's daughter and husband, Trecia and Ken Jeffcoat.

Miss Mashelle Hudspeth of Denton came in to spend the weekend with her parents, Mr. and Mrs. Dale Hudspeth, Chad and Leah. On Saturday, they were joined by Mr. and Mrs. Clifford Hudspeth of the 'Burg and Mr. and Mrs. "Cotton" White of Bowie to help Mashelle celebrate her 19th birthday.

Word comes to us that Vint Freeman is a patient in the Decatur hospital as of Saturday, Sept. 14.

Miss Jo Ellen Gardner of San

Leandro, Calif. made it to the 'Burg and Dewey area late Saturday afternoon, the 14th, to visit with relatives here until Sept. 23 when she will leave from DFW for home and resume her duties as a 3rd grade teacher. Jo Ellen is the niece of Mrs. Millie Reynolds and Mrs. Joe Denham and the daughter of the late Herbert and Willie (Perryman) Gardners.

Merle and Clifford Hudspeth drove up to Wichita Falls Sat., the 14th, to see their fourth new great-grandchild, a little girl whose mother is Amanda (Wood) Jackson. Amanda's parents are Carolyn (Hudspeth) and Raymond Wood. Merle and Cliff returned home Sunday.

Meg Huckabay, Nannie Bonner and Joyce Hanson attended a farm machinery sale at Era on Saturday, the 14th. Meg didn't say how much or what type of farm equipment they all purchased, but they did enjoy themselves.

Ora and J.P. Embry of Dye Mound cranked up a freezer of homemade ice cream, got out a cake and invited the Howard Sockwells and Perryman Denhams over to help devour it Friday night. Perhaps Ora and J.P. should have done this more often during the summer, as up came a nice rain while we were there.

Barney and Veda Brogdon's children honored them with a big and very nice celebration for their 50th wedding anniversary. The celebration was Saturday, Sept. 14, in the new Forestburg Community Center from 2 to 4 p.m. Barney and Veda's children are Johnny Brogdon of Miami, Texas; Janie Sledge of Cleburne; Max, who lives in South Dakota; Maggie Long of Dallas; and Becky Scott of Forestburg.

Veda says that Barney tells he would never have met her or found her back in them hills if he hadn't been a possum-hunter all those years ago. After he found Veda, he quit the possum hunting and started fishing. Anyhow, they have made it 50 years and the celebration in their honor on Saturday was a wonderful and happy occasion. We wish them many more years together.

Henry Berry and son Reece of Nocona had lunch with Dude and Bula Mae Berry Saturday. Then they proceeded on to the farm machinery sale at Era.

On Sunday, Dude and Bula Mae made it over to Gainesville to

visit with Dude's sister-in-law, Mrs. Hallie Berry. Afterwards, they called on Sarah Cooper, a lady Bula Mae worked with at Weber Aircraft.

The Larry Dill family and Mrs. Gladys Barclay paid us Denhams a visit Sunday afternoon, the 15th.

Johnny Brogdon returned home to Miami, Texas Sunday but his frau, Shirley, stayed here with her parents, the Ted Jacksons. Shirley will stay here until after the wedding of her niece, Vatori Dill, on Saturday, Sept. 21, for which Johnny will be back. They will both return home to Miami.

Charles Lanier of Wichita Falls and Mrs. Janice Gresham and Carl of Denton visited with Cleo Lanier Sunday, the 15th.

Debra Dill and Britany, along with Emma Steadham, made a Muenster-run Monday morning, the 16th. Then Monday night, Debra was hostess to a Tupperware party in her home.

Did you know there are now Kindergartens for puppies? Well, seems there are. Billie Anderson has enrolled her Great Pyrenees pup, Bridgit, in one in Lewisville for a five-week course. How about that? What next?

The monthly Ladies Luncheon on Sept. 12 had a very nice attendance with a lot of talking, laughing and visiting, then the gift exchange with Meg Huckabay winning the door prize. This was followed with a very delicious meal. Ladies attending were Mmes. Edwina Stewart, Meg Huckabay, Loveta Bewley, Juanita Bailey, Mary Etta Foster, Eula Faye Galmor, Wilma Moseley, Lavonna Fanning, Dorothy Foster, Gladys Barclay, Imogene Links, Vera Mae McGee, Cleo Lanier, Marion Sockwell, Alice Burchard, Betty Reynolds, Millie Reynolds, Cleta Reynolds, Wilma Thurman, Ruthie Steadham, Emma Steadham, Dollie Wilson, Louise Shults, Betty Jo Cook, Myrt Denham, Wynona Montgomery, Jeanette Montgomery, Shirley Lanier, Christine Cook and Christine Patterson. Even though this is strictly a ladies luncheon, the rule is bent on occasion and this happened this past Thursday when three men attended. They were Dean L. Miller, Herschel Strickland and Weldon M. Bates. We ladies hope that "mencoming" are few and far between as it is a ladies luncheon. The next luncheon will be on Thursday,

Oct. 10, at 10 a.m. at the old Community Center. So make your plans to attend.

— COMMENT —

First of all, I wish to thank everyone that expressed their approval of the recent comment part of my column in this paper. I'm certain it has not met with the approval of some folks but that is par for the course. Is it not?

So this week I will once again comment on what happened at the Regular Meeting of the local School Board Saturday, Sept. 14, at 7 p.m. About 77 or more people showed up to sit in on the meeting to learn for themselves what is going on.

The School Board members appeared at 7 p.m., called meeting to order, minutes were read and corrected, then around 7:20 p.m. they voted to go into an Executive Session, which is for board members only, and they left the room. This session lasted almost 2 1/2 hours. Could the business of this session not have been accomplished in a much shorter time? This I have no way of knowing as I'm not familiar with these proceedings and the time element involved. However, once again I must express my admiration for all those present for "hanging in there and waiting them out."

When the board did return, they continued with the agenda as stated on the format. The last item was for four approved speakers to make their talks. They were Charles Dill, David Souther, Kenneth Woods and Rex Anderson. Mr. Woods was the third person and he made a very straightforward talk to the board - he told the board just how the vast majority of the people felt about the proceedings and actions the board had taken in the past. Mr. Woods also asked the board several questions, some of which were answered, perhaps not satisfactorily, and some were not answered. At the end of his talk, Mr. Woods told all the School Board members that the best thing they could do for the school and community would be for them all to resign. Not everyone present was in agreement with this, but the biggest majority applauded this request. Then Mr. Anderson made a short speech and asked a question or two. After this, the meeting was adjourned by the School Board.

Sacred Heart Tigers shock V V Eagles, 7-0

The upset of the season, and the game which made the season for Sacred Heart's Tigers, was their thrilling 7-0 win in last Friday's downpour at Valley View. Because of the hard rain and accompanying electrical storm, officials stopped the action in the third period.

Considering the Eagles' high rating, it was a major occasion for celebration at Sacred Heart. Moreover, the game was not a matter of good and bad luck. Rather it was solid heads-up playing in which the Tigers earned their score and did an equally good job of defending it.

The super performance started with the first series, on which the Tigers forced a punt and then started from 64 yards away. Two tries gained 11 and Scott Taylor's pass to Wayne Becker added 15. A pass

to Adair gained 11 and 9 more plays gained the 38 remaining yards to pay dirt. Becker made the TD from the 2. Switzer's kick upped the score to 7-0.

The Eagles came back with a pair of first downs but stalled on the third series and lost possession on the 15 early in the second series. The remainder of the second quarter was made up by ball exchanges, either kicking or failing on a fourth down try. One of the kicks set S H back to its 1 yard line, and all the action was inside the Tiger 40.

Starting the third, the Eagles had a few breaks; first, recovering the S H fumble of their kick and then completing a series, but the next series was stopped by Voth's defense. The next exchange followed Sacred Heart's failure to move and shortly after Switzer

recovered a fumble for the Tigers. Meanwhile, lightning was getting more menacing, so officials decided to quit with 2:21 still showing in the third quarter.

At the time, the teams were near even on stats. Sacred Heart had 83 yards rushing on 26 tries and Valley View had 100 on 27 carries. Cope was the leading runner for V V with 9 carries for 73 and Kyle had 20 yards on 9 carries. For the Tigers, Switzer ran 7 times for 30, Becker 8 times for 27, Taylor 5 times for 14, Nasche 6 times for 12.

Taylor completed 1 pass to Becker for 12 and 1 to Adair for 13. And Cope completed 1 of 4 to Sparkman for 6. There was no interception. In other stats Eagles lost 2 fumbles and Tigers 1; Tigers had 7 first downs and Eagles 3; Tigers were penalized 3 times for 25 yards, Eagles 4 times for 20.

SCOTT TAYLOR GAINS but not before being nabbed by John Grussell of Valley View. The Tigers were the sensation of the season in upsetting the Eagles 7-0 before the game was halted by a rain-storm in the third period.

Cubs downed 14-6 by junior Eagles

Sacred Heart Cubs started their '85 season at Valley View with a 14-6 loss to the future Eagles in a tussle that does them credit in spite of the loss.

Defense did a fine job all night and especially on the third series

of the contest, which the hosts started at the 9 but was set back 10 yards in the next four plays.

Then the Cubs looked good. From their 19, they drove 81 yards for a score and Pete Abbott made the last 9. Abbott accounted for

38 other yards on three carries along the way.

The young Eagles responded in a hurry with a drive of their own for 71 yards in 11 plays. Moon accounted for 62 of those yards and the touchdown from the 10. A pass raised the score to 8-6 at half-time.

Starting the third period, Valley View fumbled a Sacred Heart punt and Terry Felderhoff recovered on the 38, then promptly lost possession on an interception. Another turnover came soon when Shawn Dangelmayr recovered a fumble for the Cubs. The action was taking place in the Eagle end of the field and that's where Calabrese broke away for 90 yards to pay dirt.

Bonus points were spoiled by a fumble. The score was 14-6 early in the fourth quarter.

Cubs got started on a comeback after that but their threat ended with an interception on the third series.

Sacred Heart led in first downs by a count of 10 to 6.

MHS nips Masonic Home

In a rainstorm before a near empty stadium Muenster's Hornets won their season's second Friday night 19-0 from the Mighty Mites of Masonic Home. In spite of being drenched the two contenders sloshed through to the end whereas some games of the area were halted, for instance Sacred Heart - Valley View and Era-Alvord.

The rain came early in the second period accompanied by high wind that carried away the band's sheet music and deposited most of it on the fence at the south side of the field. At the same time it drove spectators out of the grand stand. Hardly anyone was left at halftime.

A more pleasant feature of the evening was parent's night at which all Hornets were introduced with their parents, luckily before the game and the downpour.

Previously rated as a toss-up, the game leaned in Muenster's favor, and an improvement over the previous week's season opener. Coach Dewey Sims was pleased to have fewer mistake penalties. There were only 2 for 15 yards. And he also liked the rushing, but was disappointed in the completion of only one pass. Defense was solid, especially in the second half. Masonic Home's

success was limited to three good gains in the first half.

Muenster started with two series of gains and fumbled on the third series, Calk recovering for the visitors. The balance of the quarter was about even, principal plays being a 20 yard run by J. Calk stopped by Mark Hennigan, a 34-yard run by D. Calk and a fumble recovery by Darren Walterscheid.

The next quarter the Hornets got going about the time the storm arrived. They drove 80 yards in ten plays with help from a 15 yard penalty. Ryan Klement scored from the 1 on a quarterback sneak.

The TD was set up the play before by Eldred's 20 yard gain and Flusche helped with gains of 13 and 10 in earlier series.

Eldred was the game's top rusher. He gained 166 on 23 carries. Flusche was next with 116 on 25 carries.

Following the touchdown Flusche's kick added a point. Muenster led 7-0 at halftime.

Starting the second half Masonic Home had to kick on second series and MHS was 58 yards away. Eight plays did the job and included an 18 yard pass to Burnette, a 9 yard gain by Eldred

and the 19 yard scoring sprint by Flusche. The PAT attempt failed.

The next score came in a hurry after the Mighty Mites' punt on second series. Muenster had 59 to go and Eldred made 43 of it three tries later on the first play of the fourth quarter. A pass for a double bonus failed. The score was 19-0.

The balance of the quarter was mostly an exchange of punts along with two normally important

plays that did not affect the outcome. A Hornet fumble was recovered by D. Calk and Cheaney made a 16 yard gain.

Hornets will meet Windthorst Friday

The Windthorst Trojans, always scrappy, are expected to be tough foes Friday night as they take on their traditional rivals, the Hornets, on the Trojan field.

Coach Dewey Sims has a feeling that the hosts will have a few factors in their favor, which add up to the fact that they are not to be taken for granted. For instance their two losses to date have been to strong teams, so they're really better than they look. Besides, it's homecoming, and beating Muenster is always high priority.

As regards the Hornets Sims is well pleased with last week's outcome in a rainstorm. For the second time this season they rushed well and their defense was solid against Masonic Home, which is much improved this year and showed muscle in a decisive win over Collinsville.

One of the Hornets, Ronnie Trubench is still on the injured list with a leg bruise sustained two weeks ago. All others are healthy and ready to go.

Kickoff time is 8 p.m., at Windthorst.

Juniors to play two games Thurs.

Both junior teams of Muenster Public School will be active Thursday night but in separate locations.

The junior varsity will go to Callisburg for its second game of the season, the opener having been

a loss to Nocona JV. Game time is 7 p.m.

Meanwhile Muenster Junior High will be at home for its season opener hosting Windthorst. Their kick off time is 6 p.m.

MHS volleyball team wins doubleheader

MHS volleyball teams won a double header in a rematch with the Chico girls on Tuesday, the 10th. Junior varsity started the good work with scores of 15-11 and 16-14. Next the varsity won the last two encounters after losing the first. Both teams showed definite progress in shaping up from a late start in their practice.

Junior varsity was specially good in its second match in which Meredith McDaniel did a fine job

of serving and got fine support from her teammates. The team trailed 14-7 at the start of the hot streak and continued without a break to its 16-14 win.

Varsity started its contest by losing 15-9 and caught fire after that for wins of 15-12 and 15-11. The Hornets were specially impressive with a good percentage of difficult spikes and saves along with lots of hustle.

MHS wins 1 of 3 in v-ball Thursday

MHS volleyballers were the losers in a pair of matches with Gainesville on the Callisburg court Thursday night.

In the first encounter, the JVs lost 15-7, then came back with a long and intensive effort to win 15-13. They lost the tie-breaker 15-9.

The varsity had a similar experience, losing 15-13 in the first game and catching up with a 16-14 win in their second. And again, the tie-breaker became an unhappy ending, by a score of 15-10.

During the weekend, the varsity played in Nocona's tournament, winning their first match and losing the second.

First opponent was Holliday, and the first game was a 15-11 win for the Hornets. The middle game was a thriller ending in a 13-

15 loss. The third was a 15-7 win, advancing MHS to the champ bracket.

Then they were eliminated in the first match, again a three-game contest. Their first with Whitesboro was a 15-7 win and the next two were losers, 13-15 and 9-15.

Tammy Reiter was selected to the all-tournament team.

Ric Williamson speaker at extension homemakers leadership workshop

The Cooke County Extension Homemakers held their annual Leadership Workshop on Friday, Sept. 6, at Cooke County Electric in Muenster. Ric Williamson, State Representative, was a special guest at noon. Also attending with Rep. Williamson was Flossie Shoppa, Director of Rep. Williamson's local office.

Rep. Williamson spoke on his concern for people becoming informed and involved on current issues. He conducted a question and answer session with the Extension Homemakers leaders. Included in this discussion was his deep concern for the drug problem in the state, particularly as it relates to youth.

The Leadership Workshop was planned and conducted by current Council Officers and Evelyn Yeatts, County Extension Agent. Beginning the day was a short presentation on Extension Homemakers Clubs and how they relate to the total Extension Program. Study group sessions were held on ways to improve and expand Extension Homemakers Clubs.

A crossword puzzle and Wise Tips for Club Leaders were used to review officers' responsibilities and parliamentary procedure.

Lunch was prepared and served by the Council Officers: Sharon Simmons, Catherine Stoffels, Annette Martin, Sharon Wolf, Annette Russell and Lucille Lutkenhaus.

An installation of new club officers was conducted by Evelyn Yeatts, County Extension Agent. She used the wheel and its importance as officers were installed. The selection of new officers is like the turning of a wheel of friendship which involves new hopes, ideas and accomplishments. Annette Russell, Chairman, was referred to as the "Hub" of the wheel. Council officers Beverly Norvell, Vice Chairman; Maurine Griggs, Secretary; Betty Flynn, Treasurer; Marie Fuhrmann, Reporter; and Sharon Simmons, Parliamentarian; were compared to the strong "Spokes" of the wheel. The Hub and Spokes cannot turn, however, without the "Rim" - the club members.

The September council meeting followed the Leadership Workshop. New committee chairmen were selected for the coming year. Wilma Richardson was elected T.E.H.A. Chairman beginning Jan. 1.

The meeting closed with the distribution and explanation of new yearbooks for the club vice-presidents.

County Agent's Report

Properly watering plants tends to be one of the most misunderstood gardening chores. Often, Gardeners do not see results of inadequate watering methods until it is too late and the plant is badly damaged or dead.

"How often should I water?" and "How much should I apply?" are, at this time of the year, the most often asked questions from gardeners. Since water is both essential for healthy plant growth and often costly to apply to plants in quantity during the summer, it is important to get it to the plant's roots and keep it there.

The following are several suggestions for easier and more effective watering. These techniques apply to all gardening from shade and fruit trees and vegetable gardens to lawns and houseplants.

1. Never water strictly by the calendar. We don't drink water "every ten minutes" or "every hour," so why should plants be watered "every two days" or "once a week?" Instead, learn to recognize dry plants and soil and use these as your tipoff for watering. Too many factors determine how fast a soil dries for us to put watering on a regular basis.

2. When the plants are dry, water thoroughly. Water lawns so that the soil will be wet several in-

ches down, to encourage deep rooting and drought tolerance. One of the worst mistakes people make on their lawns is try to "sprinkle" them each day by using their thumb and the end of a running hose. Most gardeners just don't have the patience to stand in one spot long enough for deep water penetration. Water trees by taking the sprinkler off the end of the hose and letting water run slowly for several hours, being sure that run-off does not occur.

3. Most plants should be watered in the morning. Watering during the day results in some water loss by evaporation and can result in burned leaves where sunlight hits the water droplets on new foliage. Evening watering increases the likelihood of disease invasion, as most disease develop most rapidly in cool, moist conditions.

4. While watering your lawn, try to keep water off the leaves of trees and shrubs as much as possible. This is especially important for such plants as crepe myrtles and roses, which are troubled by leaf diseases which spread rapidly on wet surfaces.

5. Symptoms for plants which have kept too wet are about the same as for those kept too dry. Roots in waterlogged soils die and

do not take up water, so plants wilt and turn yellow. Try not to water a drowning plant!

6. Organic matter, such as peat moss and rotted manure, can reduce water loss by run-off when they are worked into the soil.

To keep moisture in the soil, use a mulch, such as redwood bark or gravel. In addition to reducing evaporation, mulches also keep the soil cooler and make weed pulling much easier.

7. Be especially careful to keep newly planted trees and shrubs well watered. Their developing root systems are sensitive to under-and-over watering.

8. Always soak inorganic fertilizers into the soil immediately after applying. These materials are excellent sources of plant foods, but they are salts, and can pull water out of plant tissue, resulting in burn, unless they are watered into the soil.

9. Gardeners often wonder what type of sprinkler is best. Generally speaking, they all do a satisfactory job of making an even application. Convenience of operation and spray patterns applied are two common causes of individual preferences.

Water for plants is essential, as is the method of applying the water if healthy plants are to be maintained during the summer.

A SIZEABLE PROJECT was necessary to eliminate two tiny drips at the city water tank last Friday. It involved moving a crane from Irving for the comparatively short job and draining the tank to relieve water pressure. Water service was continued by closing the tank's intake valve and pumping continuously through the mains, however, pressure was low. David Fisher and Mike Sturm are shown in the crane's cage welding on the repair patches.

MHS is ready for homecoming

Students and exes of Muenster Public School are all set for homecoming activities to be headlined by a football game with the MHS Hornets hosting the Bryson Cowboys.

The game and principal observance is dated for Friday, Sept. 27, however, it will be preceded by the customary CCD Mass at Sacred Heart Church Wednesday with a special homecoming liturgy. That ceremony, beginning at 8 p.m., will include the homecoming princess and queen candidates along with their escorts, also team members and coaches.

After that David and Joan Walterscheid will host the crowd at a bonfire on their farm west of town.

Friday's festivity will begin with a parade starting at Ben Franklin's Store's parking lot Friday, 6 p.m., and proceeding to the stadium. It will include the Hornet band, princesses, queen candidates, cheerleaders, mascot and any others who would like to join.

And the last of pre-game activity will be a concert by the Hornet

Band starting at 7:35. The game's kickoff time is 8 p.m.

The formalities of presenting members of the royal party and announcing and crowning the queen will be held at half time. The princesses are Freshman Stephanie Bynum, daughter of Jerry and Kay Bynum; Sophomore Michelle Monday, daughter of Roy and Jane Monday; and Junior Kristi Pagel, daughter of Dick and Kay Pagel. The four candidates for queen, all seniors, are Julie Fisher, daughter of Clyde and Polly Fisher; Connie Klement, daughter of Robert and Laujuana Klement; Dolle Pagel, daughter of Dick and Kay Pagel and Deann Walterscheid, daughter of David and Joann Walterscheid. When the queen is named she will receive her crown from Kim Eldred, the 1984 homecoming queen. Other candidates then will become senior princesses in the queen's court.

Escorts of the princesses and queen candidates will be MHS grads of the 1985 class. They are Rodney Hess, Cory Klement, Neal

Flusche, Craig Monday, Keith Klement, Jay Mollenkopf and Ronnie Fisher. Joe Hennigan will escort last year's queen.

Final event of the day will be a dance following the football game in the VFW hall. Proceeds from it will be donated to the love fund for defraying medical expenses of Lindsay's Shelly Long who was injured in a car accident.

A continuation of the homecoming awaits the class of 1970 who will have a reunion Saturday the 28th at the home of Kathy and Clifford Sicking, starting at 6 p.m.

Another get together is planned for the class of 1980. They will have a reunion Saturday at the home of Kim and Kenny Felderhoff. It starts at 7 p.m.

CANDIDATES FOR QUEEN at the MHS Homecoming are the three seniors at the front and one in the middle. They are, front, Dolle Pagel, Deann Walterscheid and Julie Fisher; and middle, Connie Klement. The back row has princesses as follows: Freshman Stephanie Bynum, Sophomore Michelle Monday and Junior Kristi Pagel.

State gives \$31,481 to co. road fund

Cooke County has just received a check from the State Treasurer in the amount of \$31,481.43 for its road construction and maintenance fund. It was one of the checks for a total of \$7.3 million divided among the 254 counties of the state.

The treasurer each year disburses money appropriated by

the Legislature for the lateral road program. The grants may be used by counties for purchase of right-of-way and for construction and maintenance of lateral roads, FM roads and state highways.

The money is allocated to counties under a formula based on the county's area, rural population and lateral road mileage.

Good News

We beg you, brothers, respect those among you whose task it is to exercise authority in the Lord and admonish you; esteem them with the greatest love because of their work. Remain at peace with one another.

We exhort you to admonish the unruly; cheer the faint-hearted; support the weak; be patient toward all.

Fall arrives

Prolonged heat and drought came to a sudden halt Friday as Fall arrived slightly ahead of schedule with a high wind and a downpour that emptied the grandstand at the MHS football game. It also brought a welcome drop in temperature.

Rainfall total for September to date is .98 inch; for 1985 to date the total is 23.72 inches.

Low and high temperatures of the week were recorded as follows by Steve Mosler:

Sept. 12.....	70 and 93
Sept. 13.....	with .98 in. rain 73 and 96
Sept. 14.....	66 and 78
Sept. 15.....	66 and 72

Sept. 30 is small grains insurance deadline

COLLEGE STATION — Texas farmers have until the last day of September to buy crop insurance for small grains.

"Crop insurance is basically a risk management strategy in which a farmer pays a premium to protect against large, unpredictable yield losses," says Dr. Ashley Lovell of Stephenville, economist with the Texas Agricultural Extension Service, The Texas A&M University System.

Producers who insured their small grain crops last year will have their contracts renewed automatically unless they cancel them, Lovell points out. However, any changes in the level of coverage or price election must be made by Sept. 30.

This year multiple peril crop insurance (mpci) for 1985-86 wheat, oats and barley will be available only under the Actual Production History (APH) program, Lovell explains. Under APH, yield guarantees are based on actual production records of the insured or grower rather than on county average yields as was the case under the area coverage plan. This means that a farmer must provide evidence of previous years' production and acreages. The premium cost per acre also may be higher than with the area coverage plan.

Lovell reminds farmers that the

premium cost for mpci reflects the federal subsidy of the premium.

Interested producers can obtain additional information by contacting a local firm that offers multiple peril crop insurance.

City gets \$5,861 sales tax rebate

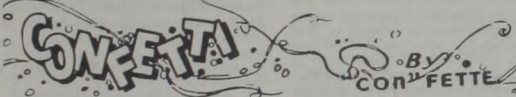

The City of Muenster has received a check in the amount of \$5,861.07 from State Comptroller Bob Bullock as a rebate for City Sales tax remitted through the pay period of Aug. 30, 1985.

This amount increases the year's total to \$78,918.35, which is 0.87 percent less than at this time last year. The rebate is a part of \$57.3 million sent to 1,005 cities that levy the city sales tax.

A comment on radio a few days ago calls attention to a bumper sticker which suggests an effective and common sense way to deal with the growing problem of AIDS. As a way to avoid the dreaded disease, it states simply "Don't do it." It's a down-to-earth way of saying what the Ten Commandments said way back in the time of Moses. The kind of behavior referred to is a direct violation of the law of nature, which Christian people have long regarded as the law of God Himself, the author of nature.

In these sophisticated times, increasing numbers of people have acquired the idea that they can get along without God, so they logically assume that the ideas long accepted in relation to belief in God do not apply anymore. Their view is logical if their basic premise is correct, but it is absurd if the premise is wrong. And, if wrong, it will have a consequence regardless of anyone's denials. As a popular commercial used to say, "You can't fool Mother Nature."

The same general idea was first presented thousands of years ago in the Bible story of Sodom and Gomorrah: As related, those evil cities drew down their destruction by the wrath of God because of their depraved sex life. It is said that God destroyed, but modern experience suggests that the deaths resulted naturally from ailments caused by their sins. The plain fact is that many unhappy results are a natural consequence of one's own deeds and it would be less logical to assume that they are caused by a higher power.

A reasonable assumption on this subject is simply that AIDS is caused by over-indulgence. Though it's hard to know whether today's lifestyle has degraded to the level of Biblical sin cities, it is possible that Nature is reaching its limit of endurance. At least it is alarming to hear that half of the people with AIDS are dying, and

many others wonder whether they are in danger of giving or receiving the infection.

At the same time, school authorities face the dilemma of admitting or rejecting a child with AIDS. Should the child's personal right be denied, or should other students be exposed? Whatever the answer, it isn't pleasing.

Meanwhile, society has a related problem with the disease. Homosexuals and their supporters are clamoring for a cure and government scientists are trying feverishly to fine one. It seems ironic that enormous funds are spent on this disease, originating in sin, while several involving no faults get less attention.

Another thought is that homosexuals still insist on a right to social acceptance. They want to be recognized as equals in cities and schools in spite of their repulsive ways and ideas.

Besides, little ones do not deserve to be exposed to the beliefs of homosexuals. The problem presents a dilemma to public officials. Are rights of homosexuals denied when they are not accepted into society? Or are the rights of society denied when it is required to accept the moral misfits? As long as official opinion is divided on the issue, a solution is not likely.

Still, one point should be kept in mind. The United States is a Christian nation founded on Christian principles and whatever violates the law of God, should not be acceptable to the country.

Whether or not that principle is accepted by the country, individuals can and should bear in mind that they are personally responsible to God.

Unfortunately, the outlook is bleak for people who have the dreaded disease, but there's a hope for people who want to avoid it. The Ten Commandments tell how.

HORNETS HUDDLED IN RAINCOATS during a timeout strategy session with Coach Sims at last Friday's game with Masonic Home. A downpour arriving with high winds drove spectators out of the

stands. Even so, the teams kept going, whereas players joined fans in leaving other games...for instance, Sacred Heart and Valley View, Era and Alvord.

COMMENT

Letters to the Editor

Dear Editor,
 Although history, the recent Red Cross swim program is not forgotten. Therefore, I wish to give an update on the time, effort and skills that helped to put this successful program together.
 Early in the summer, 21 students completed the basic rescue course and four students completed the advanced lifesaving course. The learn-to-swim program in July included 348 children and nine adults. This gives us a grand total of 382 swim students.
 Each day an average of 45 instructors cheerfully volunteered time and talent to coach the students. This gave us a teacher/student ratio of better than 3/1 per class.

Our budget was boosted by generous private donations. We were able to purchase T-shirts, visors and morning snacks for the instructors. The budget for 1985 was as follows:

EXPENDITURES

Badges.....	\$ 8.25
T-shirts & visors.....	434.00
Donuts.....	125.00
Correspondence.....	25.70
Total.....	\$592.95

INCOME:

Knights of Columbus.....	\$ 25.00
St. Anne's Society.....	25.00
V. Hoagland.....	25.00
Phyllis Cook.....	20.00
Karen Wilde.....	20.00
Muenster Young Homemakers.....	50.00
VFW Auxiliary.....	25.00
Beta Kappa.....	25.00
Anonymous.....	25.00
Marla Fette.....	10.00
"A Friend".....	25.00
Muenster VFW.....	25.00
Walter Lutkenhaus.....	20.00
Muenster Youth Fund.....	164.70
Anonymous.....	8.25
Total.....	\$592.95

Next year the visors will be used again and we have a surplus of 29 T-shirts.
 Approximately 765 hours of volunteer service went toward the cause of "waterproofing America."
Thanks, Muenster!

Sept. 17-23 Constitution Week

The Rebecca Crockett Chapter and The Francis Lightfoot Lee Chapter, NSDAR, place special emphasis upon the observance of Constitution Week, Sept. 17-23, 1985 which marks the 198th Anniversary of the signing of the Constitution of the United States of America. The President has designated, Congress has voted in to law, and our Mayor has issued the Proclamation designating this historical observance. Therefore, it is requested that Constitution Week dates of Sept. 17-23 be placed on all church, school and public calendars and residents, merchants and members are en-

couraged to fly the flag all week. The Constitution of the United States of America gave us the foundation for a free, prosperous and independent life for every citizen, but each generation in turn must work for and claim it; otherwise, through carelessness or indifference, the rights and liberties we have enjoyed may vanish; and it is of the greatest consequence that the citizens fully understand the provisions and principles contained in the Constitution — "The Greatest Document For Human Liberty In Two Thousand Years Of Recorded History."

The people of the United States should be deeply grateful to their Founding Fathers for the wisdom and foresight they displayed in writing and adopting the Constitution. The independence granted to the American people to enjoy such freedom and liberty unknown to any other country should be celebrated by appropriate ceremonies and activities during Constitution Week. The Constitution of the United States of America is the safeguard of all our liberties, champion of our freedoms. The purposes of the observance and celebration of

Constitution Week are (1) to emphasize the responsibility of protecting and defending the Constitution and preserving it for posterity; (2) to understand that the Constitution is our great heritage and the foundation of our lives; and (3) to study the historical events which occurred during September 1787. The Preamble of the Constitution has set the tone for American life: "cooperation among its citizens, justice, peace, promotion of the general welfare and liberty for all."
 Mary Katherine Smith,
 Member NSDAR

Dr. George S. Benson

Internal demoralization

THE OVERALL strategy of the International Communist movement, led by the Soviet Union, includes as an important part internal demoralization of our people. What does demoralization mean? Why is it important as a component of overall Communist strategy? What part does it play? In the sense in which demoralization plays a significant part in overall Communist strategy, it means to weaken the morale of our people, to upset the normal functioning of our society in such a way as to make it difficult to oppose Communism, and to cause disorder, in the process of discouraging and dispiriting our citizens. In order to win World War III in which we are now engaged, it will be necessary for us to develop a unity of spirit, a will to win. This

can only be accomplished when a public opinion is created which will support such a policy. It is to prevent such a will to win from ever being developed that the strategy of demoralization is directed. The Communists have been extremely successful in achieving their objectives through demoralization. Their successes have been so many and so significant that it would be impossible to list but a few. However, we can illustrate the degree of Communist success with some specific examples. In 1958, the American Bar Association's Special Committee on Communist Tactics, Strategy and Objectives issued its well-known and vitally important report on that subject. It was placed in the CONGRESSIONAL RECORD of Aug. 22, 1958, pages 17717 to 17723, by Senator Styles

Bridges of New Hampshire. The report was extremely significant as an objective compilation by a committee of distinguished attorneys from the independent sector, put together after much study and investigation. It was an authoritative report issued to inform the American people about the objectives of the Communists. During the 27 years since the report was issued, it has retained its significance because it serves as a gauge of Communist success in achieving their objectives. The report outlined 11 major objectives of the Communists. Here is how successful they have been: The Communists have been able to destroy our internal security program, by (1) nullifying anti-communist laws, (2) eliminating important aspects of loyalty in-

vestigations, and (3) abolishing congressional committees which investigated subversion. They have conned us into participating in (4) summit conferences, (5) cultural exchange programs, (6) trading vital products to the Reds, and (7) recognizing Communist China. They have induced us to (8) halt nuclear weapon tests; their agents of influence throughout the country promote (9) peace at any price, and (10) spout Communist propaganda in the Congress and throughout the media. The shooting down of the Korean airliner, bombing of the Marine barracks in Beirut, and the current terrorist campaign of kidnapping and skyjacking are part of the application of their objective of (11) humiliating the United States, showing it to be incapable of protecting its citizens or retaliating against such naked aggression.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 5, 1985

PROPOSITION NO. 1 ON THE BALLOT
 Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$980 million of Texas Water Development bonds. The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with \$190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with \$400 million of those bond proceeds to be used for state participation in the acquisition and development of facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, \$190 million will be dedicated for use in water quality enhancement projects, and \$200 million will be dedicated exclusively for flood control projects. The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to \$250 million of its general credit to insure payment of the principal of and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control or desalinization. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this section becomes a part of the constitution. Bond insurance issued before expiration of the program will not be affected by such expiration. The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations. The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the issuance of an additional \$980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, and desalinization, to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

amount not to exceed \$200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution. The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance and sale of \$200 million of Texas agricultural water conservation bonds."

PROPOSITION NO. 3 ON THE BALLOT
 House Joint Resolution 54 proposes a constitutional amendment that would permit the legislature to authorize a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property if such relocation or replacement is done in conjunction with or immediately following the relocation or replacement of water mains serving the property. Any legislative enactment permitting the expenditure of funds for such purposes would authorize the city or town to fix a lien on the property, with the owners' consent, for the cost of relocating or replacing the water laterals, and would provide that such cost shall be assessed against the property, with repayment by the property owner to be amortized over a period not to exceed five years at the rate of interest set by law. Such liens could not be enforced until after five years from the date the liens were affixed. The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

PROPOSITION NO. 4 ON THE BALLOT
 Senate Joint Resolution 21 proposes a constitutional amendment that would authorize the use of the proceeds from the sale of permanent school fund land to acquire other land for the permanent school fund. Currently, the constitution requires that proceeds from the sale of such land be invested in certain bonds and other securities. The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund."

PROPOSITION NO. 2 ON THE BALLOT
 Section 3 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an

amount not to exceed \$200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution. The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance and sale of \$200 million of Texas agricultural water conservation bonds."

PROPOSITION NO. 5 ON THE BALLOT
 House Joint Resolution 89 proposes a constitutional amendment that would enable the legislature to regulate the provision of health care by hospital districts by determining

the services the district must provide, by setting requirements a resident must meet in order to qualify for services, and by determining any other relevant provisions necessary for providing health care to residents. The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the legislature to regulate the provision of health care by hospital districts."

PROPOSITION NO. 6 ON THE BALLOT
 Senate Joint Resolution 6 proposes a constitutional amendment that would enable the State of Texas to enter into an agreement with another state to confine inmates from the state of Texas in penal or correctional facilities of the other state. The proposed amendment will appear on the ballot as follows: "The constitutional amendment to permit state prisoners to be placed in penal facilities of another state pursuant to an interstate agreement."

PROPOSITION NO. 7 ON THE BALLOT
 House Joint Resolution 27 proposes a constitutional amendment that would authorize the commissioners of Chambers County to divide Chambers County into not less than two and not more than six justice precincts. Under current constitutional law, Chambers County may be divided into not less than two and not more than five justice precincts. The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing Chambers County to be divided into two to six precincts."

PROPOSITION NO. 8 ON THE BALLOT
 Senate Joint Resolution 9 proposes a constitutional amendment that would grant an additional \$500 million in bonding authority to the Veterans' Land Board for the veterans' housing assistance program. Under the current constitution, the Veterans' Land Board is authorized by Article III, Section 49-b-1 to issue and sell not more than \$800 million in bonds, \$500 million of which may be used for the Veterans' Housing Assistance Fund. This amendment would increase that authorization to permit the issuance and sale of up to \$1.3 billion in bonds, \$1 billion of which would be used for the Veterans' Housing Assistance Fund. In addition, the amendment would remove the current definition of "veteran" from the constitution and permit the legislature to redefine "veteran" as the changing times and circumstances require. The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing \$500 million in additional bonding authority for the veterans' housing assistance program and changing the definition of those veterans eligible to participate in the veterans' land program and the veterans' housing program by authorizing the legislature by law to define an eligible veteran for the purposes of those programs."

PROPOSITION NO. 9 ON THE BALLOT
 House Joint Resolution 72 proposes a constitutional amendment that would permit the legislature either to enact a statute or to attach a rider to the General Ap-

propriations Act to require prior approval of the expenditure or emergency transfer of any funds appropriated by the legislature to state governmental agencies. The proposed amendment will appear on the ballot as follows: "The constitutional amendment to protect public funds by authorizing prior approval of expenditure or emergency transfer of state appropriations."

PROPOSITION NO. 10 ON THE BALLOT
 House Joint Resolution 19 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds, the proceeds of which would be deposited in a fund to be known as the farm and ranch finance program fund. The fund would be administered by the Veterans' Land Board and would be used to make loans and provide other financial assistance for the purchase of farm and ranch land. The amount of bonds outstanding at any one time would be limited to \$500 million. The principal and interest that becomes due on such bonds in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due. The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of general obligation bonds to provide financing assistance for the purchase of farm and ranch land."

PROPOSITION NO. 11 ON THE BALLOT
 Senate Joint Resolution 16 proposes a constitutional amendment that would define indictments and informations as instruments charging a person with the commission of an offense, and would delete certain technical requirements as to the form of writs and processes. The proposed amendment will appear on the ballot as follows: "The constitutional amendment relating to the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes."

PROPOSITION NO. 12 ON THE BALLOT
 Senate Joint Resolution 10 proposes a constitutional amendment that would grant the Texas Supreme Court and the Texas Court of Criminal Appeals jurisdiction to answer questions of state law certified from federal appellate courts. In addition, the two courts would promulgate rules of procedure relating to the review of those questions. The proposed amendment will appear on the ballot as follows: "The constitutional amendment granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal appellate court."

PROPOSITION NO. 13 ON THE BALLOT
 Senate Joint Resolution 14 proposes a constitutional amendment that would abolish the office of County Treasurer in Andrews County and El Paso County; (2) the abolition of the office of county surveyor in Collin, Dallas, Denton, El Paso, Henderson, and Randall Counties."

will be the responsibility of the Legislative Redistricting Board if the Judicial Districts Board fails to make a timely reapportionment. The amendment would provide for the creation of judicial districts smaller than a county in counties where the creation of such districts has been approved by the voters at a general election. The amendment would provide for more than one judge for a judicial district. The amendment would rename supreme judicial districts as courts of appeals districts. The amendment would provide that the jurisdiction and terms of court of district and county courts may be as provided by law. The amendment would provide for the jurisdiction of justice courts, which may have additional jurisdiction as provided by law. The amendment would provide for rules of judicial administration and civil procedure to be promulgated by the Supreme Court, and would provide that the legislature may delegate additional rule making power to the Supreme Court or to the Court of Criminal Appeals. The amendment would provide that courts and judges in existence at the time of its adoption remain in existence until otherwise provided by law. The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the reapportionment of the judicial districts of the state by the Judicial Districts Board or by the Legislative Redistricting Board, and providing for the administration and jurisdiction of constitutional courts."

PROPOSITION NO. 14 ON THE BALLOT
 Senate Joint Resolution 27 proposes a constitutional amendment that would abolish the office of County Treasurer in Andrews County and transfer the powers and duties of that office to the County Auditor. The amendment would also abolish the office of County Treasurer in El Paso County if, at the statewide election at which this amendment is submitted to the voters, a majority of the voters who vote in El Paso County favor the amendment. The functions of the office of El Paso County Treasurer will be performed by a person employed or designated by the El Paso County Commissioners Court. The amendment also provides for the abolition of the office of County Surveyor in Denton, Randall, Collin, Dallas, El Paso, and Henderson Counties upon approval of such abolition by a majority of the voters who vote on the question at an election called by the commissioners court of the county. If the office of County Surveyor is abolished in any county, the commissioners court may employ or contract with any qualified person to perform the duties of the office. The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide for:

(1) the abolition of the office of county treasurer in Andrews County and El Paso County; (2) the abolition of the office of county surveyor in Collin, Dallas, Denton, El Paso, Henderson, and Randall Counties."

Anna Walterscheid, 95, dies

Funeral service for Anna Walterscheid, 95, a lifetime resident of Muenster until 10 years ago, was held Monday, Sept. 16, 10 a.m., in Sacred Heart Church with Father Denis Soerries officiating at a Mass of Christian Burial and Fathers Victor Gillespie, Placidus Eckart, Cletus Post and Nicholas Fuhrmann assisting.

Burial was in Sacred Heart Cemetery directed by McCoy Funeral Home and the pallbearers were Rudy, Karl and Fred Koesler, Lenny Walterscheid, Tommy Hesse and Herbie Yosten.

Prior services were held in the funeral home chapel: a rosary Saturday 8 p.m. and Sunday at 4, also a special wake service Sunday at 8 p.m. with liturgy composed by Sisters of the Wichita Falls convent. It was conducted by Sisters Patricia Marie and Ginny with instrumental accompaniment.

The funeral homilist was Sister Mary Elaine Breen of Our Lady of Victory Convent. She quoted the Savior's promise "I am the Way, the Truth and the Light," adding that Anna had heeded the guidance and has reached her eternal home. The speaker referred to her edifying life, and to her death as a resurrection and beginning of everlasting happiness.

Other participants in the solemn service included a number of relatives and friends. Sister Romana Rohmer, Chris Hesse and Leon Klement gave scriptural readings; Melissa and Denise Bayer and Andrea Klement presented offertory gifts; Dolores

1890. She was married to August Walterscheid on May 22, 1923, was a 61 year member of St. Anne's Society.

Survivors are two daughters: Mrs. Norbert (Elizabeth) Koesler of Muenster and Sister Francesca of OLV Convent; two sons, Wilfred Walterscheid of Muenster and Leonard Walterscheid of Moab, Utah; one brother, Al Hesse of Muenster; two sisters, Dora Henschel and Teresa Hesse both of Muenster; 11 grandchildren and 18 great-grandchildren. Her husband died on February 5, 1965.

Miller, Rudy Koesler, Regina Pels and Leoba Mollenkopf were eucharistic ministers; Ruth Felderhoff, Emily Klement, Christi Klement and Denise Bayer were musicians; and David Rohmer, Glen Swirczynski, Terry Felderhoff and Troy Berres were mass servers.

The family suggests that memorials may be made to the Sister of St. Mary's infirmary building fund in care of Sister Francesca, 3300 Hemphill, Fort Worth, Texas 76110.

Among relatives and friends attending the services were Leonard and Betty Walterscheid of Moab, Utah; Lenny Walterscheid of Oklahoma City; the Larry Kostyniaks and Ida Rohmer and David Green of Fort Worth; Rita Tucker of Wichita Falls; Chris Hesse and the Glen Georgias of Dallas; the Joe Spaeths of Longview; Edward Kostyniak, Raymond Hesse and Harold Neu of Denison; Dorothy and Morton Wright and Minnie Odum of Irving; and more than 25 members of the Sisters of St. Mary from Fort Worth, Wichita Falls and Dallas. Among them were four who came from Muenster: Sisters Francesca Walterscheid, Agnes Endres, Antoinette Fette and Anselma Knabe.

Mrs. Walterscheid died Thursday Sept. 12 in the infirmary of Our Lady of Victory Convent in Fort Worth ending a long sickness. She had been living at the convent with her daughter, Sister Francesca, for the past ten years. Before that she lived all of her life in Muenster.

Anna Walterscheid was the former Anna Hesse, the first child born in the community after it was established on December 8, 1889. The birthdate was February 18,

Florence Fisher hosts Extension Homemakers

Florence Fisher hosted Muenster Extension Homemakers on Wednesday, Sept. 11, at 2 p.m. She presented the inspiration "Just One Thing." Lucille Lutkenhaus, president, conducted the meeting and read several cards of thanks. Routine business included a county council report by Jaci Bilderback. Members filled out yearbooks for programs and hostesses for the coming year.

Plans were discussed for a celebration of the Muenster club's 25th anniversary in October. Mrs. Lutkenhaus led a discussion of coming events, including the quilt show at the Boys Club in Gainesville on Nov. 8-9. Twenty-two members and one guest, Nancy Walter, were served refreshments of cake squares, ice cream and coffee. The next meeting will be on Oct. 9 in the home of Ann Herr.

Celebrates seventh

Jenny Lynn Schneider, daughter of Mr. and Mrs. John Schneider, celebrated her seventh birthday on Tuesday, Sept. 10, with a party in the Muenster park at 6:30 p.m. A Care Bear and Rainbow theme were used in her birthday cake, refreshments and decorations. Cake, ice cream and punch were served to about 18 friends and first grade classmates. Also to grandparents, Ginny and Ed Schneider; great-grandmother Catherine Walterscheid; and Angela Antonetti; Deb Klement and Aaron and Ashley; Shirley Endres and Da Lana and Allison.

JUSTIN WALTERSCHEID

Aug. 25, carried out a Master of the Universe theme in decorations and birthday cake, served with ice cream.

Attending were his sister Gayle, his parents, Bert and Kim, and his grandparents, Frank and Dorothy Krebs and Herbie and Margie Walterscheid, his great-grandmothers, Mmes. Marie Reiter and Regina Krebs, and uncle, aunt and cousins, Mark and Terry Krebs and Austin and Aaron.

Sending birthday wishes and gifts were the honoree's uncles, aunts and cousin, Greg Krebs, Robin and Danny Hess, Gary, Jill and Renee Balthrop, also his great-grandmother Catherine Lutmer.

Justin's second party was held at Tender Loving Care Day Care Center on his actual birthday, Aug. 29. Refreshments were served to all the children.

Pictures were made at both parties and gifts were opened each time.

Two parties honored Justin Michael Walterscheid, son of Mr. and Mrs. Bert Walterscheid, in observance of his third birthday. The first, on Sunday afternoon,

Lindsay Homemakers plan coming year's program

The Lindsay Homemakers Club met on Sept. 12 at 1:45 p.m. in the parish hall of St. Peter's Church. Members completed yearbooks, assigning programs and hostesses for the coming '85-'86 year. A leadership workshop "Wise Tips for Leaders" was presented.

Mrs. Marie Fuhrmann was hostess for the September meeting.

Mrs. Clara Fuhrmann will be hostess for the Oct. 10 meeting. Mrs. Evelyn Yeatts, Cooke County Extension leader will present the program "Improving Your Memory."

Remember when cars had wings?

Times have changed...

Not too many years ago our cars were great big and used a lot of gas. We loved them. Gasoline was cheap and we had never heard of environmental protection.

Today's cars are much more complex. They get a lot more miles per gallon and they have cut out most of the pollution. That's progress.

Times have changed for your cooperative, too.

The Brazos System used to build natural gas power plants. They were fairly simple and did not require special environmental equipment.

Today, we build lignite coal power plants. They are complicated, difficult to build and require a lot of environmental protection equipment to insure that we keep the air and water clean. Even so, lignite is today's most economical choice for making your electricity. Lignite costs only a third as much as natural gas.

Your business, Cooke County Electric Cooperative, benefits from that choice, and so do you. The power of the kilowatt hour can do so much good... don't waste it.

MRS. CECILIA SCHMITZ

55-year St. Peter's organist retires

Mrs. Cecilia Schmitz, organist of St. Peter's Church in Lindsay for the past 55 years, has announced her retirement and is leaving the bench.

A reception hosted by parishioners of St. Peter's Church was held in the Lindsay Parish Hall to honor her on Aug. 18.

Mrs. Schmitz said she started playing hymns in 1926, as a girl of 14. A year later, when her brother Frank Wiese resigned as organist, she was named full-time church organist at age 15. That meant High Mass every Sunday morning, Benediction with other religious services every Sunday afternoon, and playing the organ also for all weddings and funerals.

"I was very reluctant to take on the job," she said. "But Father John Nigg, pastor of St. Peter's at that time, practically shoved me on the bench. I've been playing and loving it all these years - it will be 60 years in 1986, with the exception of seven when I lived in another city. I am grateful to the Lord for making me do it...I feel that the choir loft was my niche

for serving the Lord these many years."

When asked, "For how many weddings and funerals have you played the organ?" she answered, "Into many hundreds, I would not want to start counting them. High lights of my years as organist were playing for the weddings of my four daughters.

"It has not been easy for me. In 1950, our choir director resigned. Then I had to play with my hands and direct with my head!" She laughed, remembering, then went on "I ordered new music, etc., and with the help of faithful and patient choir members (there were 15 at one time) and lots of practice, we learned new hymns, Masses in Latin, and in later years, Masses in English. I am not a perfectionist, nor do I have that musical talent."

Mrs. Cecilia Schmitz summed up her 55 years as organist at St. Peter's Church as the satisfying experience of doing something for the glory of God. "There is nothing more satisfying," she said.

Lindsay...

St. Peter's names CCD teachers

Eight religious education teachers of St. Peter's Church in Lindsay were commissioned "Ministers of Jesus' Teachings" for elementary teachers on Friday, Sept. 13, by Father Cletus Post O.S.B. He commissioned the teachers in a special celebration of the liturgy in which they accepted the responsibility to become effective teachers and mutually support each other for the parish's religious education program in 1985-86.

Teachers who were commissioned were: Sister Ferdinand, grade 1; Mrs. Lynn Huchton, grade 2; Mrs. Miklos Nagy, grade 3; Mrs. Harold Nortman, grade 4; Mrs. Dale Bezner, grade 5; Mrs. John Hoberer, grade 6; Sister Dorothy Therese Zimmerer, grade 7; and Mrs. Pete Stoffels, grade 8.

Adding to the solemnity of the liturgical celebration was the participation of the students in the Offertory procession of the Mass. They presented symbols of faith and the Offertory gifts at the altar.

These included a picture of Pope John Paul II by Leslie Cler; candles by Troy Eberhart and Dawn Marie Sandmann; a baptismal robe by Jennifer Hoberer and Zack Schumacher; a Bible by George Lutkenhaus; a Crucifix by Lance Sandmann; a religion textbook by Shannon Don Schad.

Water and wine were presented by Heather Bell, Brandy Bezner, Stephany Pearson and Leigh Ann Zimmerer.

John Krebs gave eight general intercessions which were read to correspond with the gift presented to the pastor.

During the Offertory liturgy, the CCD teachers assembled in the sanctuary to promise their best efforts in teaching religion. In turn, the students promised to cooperate in the spreading of God's Word through faithful participation in their religious classes.

Amy Sandmann was the principal lector of the Mass. Other readers were Matthew Zimmerer, who gave an introduction to the services before Mass; and Debbie Nortman, who read Romans 10, verses 13-15.

Mass servers at this liturgical celebration were Jimmy Denison, Jason Zimmerer and Keith Zimmerer.

CDA holds its Monday meeting

Catholic Daughters of the Americas Court St. Mary #249 met on Sept. 9 at 8 p.m., changing the day and time to enable members to attend Novena Devotions at Sacred Heart Church, and follow by attending the CDA meeting.

Stella Hess, regent, presided and Dorothy Bengfort opened the meeting with prayer.

Members discussed forming a junior Catholic Daughters Court and expressed favorable comment. The regent will seek more details from state officers. There is a need for leaders. Any member interested in working with girls 6 to 10 years, or 11 to 18 years is urged to call Stella Hess for details.

It was announced that the bi-annual workshop for new officers will be held in Windthorst on Sept. 22 with Mass at 11 a.m. followed by a luncheon and the workshop.

Mary Moster told of a variety of video tapes available in the library and especially books on Texas; also all books of Father Di Orio. Improvements in library facilities include new shelf supports and book stops donated by Flusche Enterprises.

Court St. Mary is planning a reception of new members on Oct. 20, CDA Day, themed "Reaching Out To Young People, the Hope of the Church."

"Thanks for bereavement dinners" were received from the

families of Loretta Wilde, Mary Schmitz, Archie Hess, Ruth Needham and Maurice King.

Monetary gifts from individuals will be used for kitchen equipment.

A note from personnel of Vacation Bible School expressed thanks to CDA for its continued support of religious training for children.

The meeting adjourned at 9:30 p.m. with prayer. Refreshments were served by Stella Hess and Dorothy Bengfort. The next meeting will be on Oct. 7 at 8 p.m. in the K C Hall.

TERRI WHITT, daughter of Kathy and James Whitt of Sanger and granddaughter of Mr. and Mrs. Al Trubenbach of Myra, is a June 1985 graduate of Texas Tech. She has been accepted into the Medical School of the university in Lubbock and is enrolled for the fall semester. Since graduation, she has been employed in the research department of the university.

Forestburg News

by Myrt Denham

The following is taken from Radio Bible Class Literature and I quote: "Did you waste the day or lose it? Was it well or poorly spent? Did you leave a trail of kindness or a scar of discontent?"

Anon. "Admitting an error is not a confession of weakness, but a sign of strength."

Enjoying lunch on Sunday with Merle and Clifford Hudspeth were Mrs. Irene Harry, Mrs. Corvella Roberson and also Maxine Peers of Krum.

Mr. and Mrs. Dawson Ensey made their way up to Altus, Okla. on Sept. 6 to visit their children and also with Dawson's parents, Mr. and Mrs. Thomas Ensey.

Mr. and Mrs. Bill Shults and son Wayne of Denton and Mrs. Louise Shults of the 'Burg took in the Bowie Trade Days on Saturday. On Sunday, Bill and wife Louise left for Sayre, Okla. to attend the funeral on Monday, Sept. 9, for Louise's sister-in-law and the wife of the late Jim Kelly.

Mr. and Mrs. Chris Gresham and Carl have moved to Denton as of last week. It is my understanding that Jeff Lanier and Brent Shults are now the occupants of the house the Greshams vacated.

Vera Mae McGee says she had such a nice time one day recently when Merle and Clifford Hudspeth took her to visit with Juanita Cote and then on to see Irene Harry.

Dorothy and Cecil Foster were rather active again last week. On Monday, Dorothy was in Krum visiting with daughter Billie and family. Then on Tuesday, Cecil joined Dorothy on a business trip to Denton. On Sunday, the 15th, the two took a Sunday drive to Whitesboro and Gainesville.

Sept. 7-8 weekend visitors with Mrs. Lonas Boyd were Mr. and Mrs. Homer Dale of Wichita Falls and Mr. and Mrs. Tommy Skinner

and Darinda Johnson and son Jeremy Colt of Gainesville.

On Sept. 3, Mrs. Ola Mae Shults visited with Vickie Harrison in a Lewisville hospital.

Mr. and Mrs. Malcolm Hunt of Portersville, California visited relatives here - Mrs. Georgia Greenwood and family and the Joe Hunts - from Sept. 6 to 9. Then they departed for Nashville, Tenn., and from there home.

Mmes. Shirley Lanier, Bobbie Wylie and Janice Gresham and Carl were in Dallas Saturday night, Sept. 7, to attend the wedding of Pam Landers to Gary Allen. Pam is the daughter of Mr. and Mrs. Travis Landers.

Mr. and Mrs. Donny Shults and Matt of Lewisville and Ola Mae Shults were on vacation in Brownsville, Corpus Christi, San Antonio and Austin the first part of September. In Corpus Christi they visited with Mr. and Mrs. Jesse Ramos.

Randy and David Hudson of Arlington visited with Dale Shults on Saturday, Sept. 7. Other visitors with Dale and Ola Mae on the 7th were Mr. and Mrs. Donny Shults and Matt, Mr. and Mrs. Billy Dee Hill of Garland and Richard Hill of Irving.

Mr. and Mrs. Bob Hunter of Portersville, Calif. spent Wed., Sept. 11, with Mrs. Georgia Greenwood, JoAnn and Wynona.

Perryman Denham, yours truly and Mrs. Joe Denham made it up to Wichita Falls Tuesday, Sept. 10. Joe visited with brother Bailey Perryman and wife Gladys while we made our Sheppard A.F.B. run. Later, we visited with Bailey and Gladys also and with Mr. and Mrs. "Sug" Williams who had stopped by.

"Dude" and Bula Mae Berry were Bowie visitors Wed., Sept. 11. Between business appointments, they visited with Mrs. Joe Denham at Bellmire Home. Bula Mae reports that Dude and Joe really spun the yarns and tales

about "old times and days." I asked who managed to do the most talking and Bula Mae said, "Dude did."

Now we come to Ted and Laura Belle Jackson news time: On Monday, the 10th, Ted visited with his sister, Eula Steen, at the Saint Jo Nursing Center. Tuesday they made their Muenster and Gainesville "grazing run." That evening, they visited with Mrs. Alma (Hunter) Griffin in the Saint Joseph Hospital in Fort Worth where Mrs. Hunter was transferred for a rehabilitation program. Alma's address is Room 3210, Third Floor, Saint Joseph's Hospital, Fort Worth.

Thursday, Ted and his buddy, S.T. Warford of Slidell, made a fishing trip to Lake Dallas and they really hauled 'em in.

Then on Friday, the 13th, Mr. and Mrs. Johnny Brogdon of Miami, Texas breezed in, Mrs. Brogdon is the Jackson's daughter.

On Saturday, Pamela (Brogdon) Williams, Kyle and Ali of Shamrock arrived at the Jackson home.

On Sunday, the Johnny Brogdons, Pamela and children and Mr. and Mrs. Jack C. Dill and Vatori were all noontime dinner guests of the Jacksons.

Mrs. Virginia Lynch spent from Sept. 9-11 in Baylor Hospital, Dallas, with daughter Lecia Pickens of Edgewood. Lecia was undergoing tests for a severe back problem.

On Friday, Sept. 13, Mrs. Nina Holland of Nocona came home with son Kenneth to spend the night and Saturday. Mrs. Chrissy Rashid of Denton drove up to visit her parents and grandmother on Saturday. On Sunday, Mrs. Eva Crayton and Kenneth and Peggy Holland motored to Bedford to spend the day with Eva's daughter and husband, Treccia and Ken Jeffcoat.

Miss Mashelle Hudspeth of Denison came in to spend the weekend with her parents, Mr. and Mrs. Dale Hudspeth, Chad and Leah. On Saturday, they were joined by Mr. and Mrs. Clifford Hudspeth of the 'Burg and Mr. and Mrs. "Cotton" White of Bowie to help Mashelle celebrate her 19th birthday.

Word comes to us that Vint Freeman is a patient in the Decatur hospital as of Saturday, Sept. 14.

Miss Jo Ellen Gardner of San

Leandro, Calif. made it to the 'Burg and Dewey area late Saturday afternoon, the 14th, to visit with relatives here until Sept. 23 when she will leave from DFW for home and resume her duties as a 3rd grade teacher. Jo Ellen is the niece of Mrs. Millie Reynolds and Mrs. Joe Denham and the daughter of the late Herbert and Willie (Perryman) Gardners.

Merle and Clifford Hudspeth drove up to Wichita Falls Sat., the 14th, to see their fourth new great-grandchild, a little girl whose mother is Amanda (Wood) Jackson. Amanda's parents are Carolyn (Hudspeth) and Raymond Wood. Merle and Cliff returned home Sunday.

Meg Huckabay, Nannie Bonner and Joyce Hanson attended a farm machinery sale at Era on Saturday, the 14th. Meg didn't say how much or what type of farm equipment they all purchased, but they did enjoy themselves.

Ora and J.P. Embry of Dye Mound cranked up a freezer of homemade ice cream, got out a cake and invited the Howard Sockwells and Perryman Denhams over to help devour it Friday night. Perhaps Ora and J.P. should have done this more often during the summer, as up came a nice rain while we were there.

Barney and Veda Brogdon's children honored them with a big and very nice celebration for their 50th wedding anniversary. The celebration was Saturday, Sept. 14, in the new Forestburg Community Center from 2 to 4 p.m. Barney and Veda's children are Johnny Brogdon of Miami, Texas; Janie Sledge of Cleburne; Max, who lives in South Dakota; Margie Long of Dallas; and Becky Scott of Forestburg.

Veda says that Barney tells he would never have met her or found her back in them hills if he hadn't been a possum-hunter all those years ago. After he found Veda, he quit the possum hunting and started fishing. Anyhow, they have made it 50 years and the celebration in their honor on Saturday was a wonderful and happy occasion. We wish them many more years together.

Henry Berry and son Reece of Nocona had lunch with Dude and Bula Mae Berry Saturday. Then they proceeded on to the farm machinery sale at Era.

On Sunday, Dude and Bula Mae made it over to Gainesville to

visit with Dude's sister-in-law, Mrs. Hallie Berry. Afterwards, they called on Sarah Cooper, a lady Bula Mae worked with at Weber Aircraft.

The Larry Dill family and Mrs. Gladys Barclay paid us Denhams a visit Sunday afternoon, the 15th.

Johnny Brogdon returned home to Miami, Texas Sunday but his frau, Shirley, stayed here with her parents, the Ted Jacksons. Shirley will stay here until after the wedding of her niece, Vatori Dill, on Saturday, Sept. 21, for which Johnny will be back. They they will both return home to Miami.

Charles Lanier of Wichita Falls and Mrs. Janice Gresham and Carl of Denton visited with Cleo Lanier Sunday, the 15th.

Debra Dill and Britany, along with Emma Steadham, made a Muenster-run Monday morning, the 16th. Then Monday night, Debra was hostess to a Tupperware party in her home.

Did you know there are now Kindergartens for puppies? Well, seems there are. Billie Anderson has enrolled her Great Pyrenees pup, Bridgit, in one in Lewisville for a five-week course. How about that? What next?

The monthly Ladies Luncheon on Sept. 12 had a very nice attendance with a lot of talking, laughing and visiting, then the gift exchange with Meg Huckabay winning the door prize. This was followed with a very delicious meal. Ladies attending were Mmes. Edwina Stewart, Meg Huckabay, Loveta Bewley, Juanita Bailey, Mary Etta Foster, Eula Faye Galmor, Wilma Moseley, Lavonna Fanning, Dorothy Foster, Gladys Barclay, Imogene Links, Vera Mae McGee, Cleo Lanier, Marion Sockwell, Alice Burchard, Betty Reynolds, Millie Reynolds, Cleta Reynolds, Wilma Thurman, Ruthie Steadham, Emma Steadham, Dollie Wilson, Louise Shults, Betty Jo Cook, Myrt Denham, Wynona Montgomery, Jeanette Montgomery, Shirley Lanier, Christine Cook and Christine Patterson. Even though this is strictly a ladies luncheon, the rule is bent on occasion and this happened this past Thursday when three men attended. They were Dean L. Miller, Herschel Strickland and Weldon M. Bates. We ladies hope that "mencoming" are few and far between as it is a ladies luncheon. The next luncheon will be on Thursday,

Oct. 10, at 10 a.m. at the old Community Center. So make your plans to attend.

— COMMENT —

First of all, I wish to thank everyone that expressed their approval of the recent comment part of my column in this paper. I'm certain it has not met with the approval of some folks but that is par for the course. Is it not?

So this week I will once again comment on what happened at the Regular Meeting of the local School Board Saturday, Sept. 14, at 7 p.m. About 77 or more people showed up to sit in on the meeting to learn for themselves what is going on.

The School Board members appeared at 7 p.m., called meeting to order, minutes were read and corrected, then around 7:20 p.m. they voted to go into an Executive Session, which is for board members only, and they left the room. This session lasted almost 2 1/2 hours. Could the business of this session not have been accomplished in a much shorter time? This I have no way of knowing as I'm not familiar with these proceedings and the time element involved. However, once again I must express my admiration for all those present for "hanging in there and waiting them out."

When the board did return, they continued with the agenda as stated on the format. The last item was for four approved speakers to make their talks. They were Charles Dill, David Souther, Kenneth Woods and Rex Anderson. Mr. Woods was the third person and he made a very straight-forward talk to the board - he told the board just how the vast majority of the people felt about the proceedings and actions the board had taken in the past. Mr. Woods also asked the board several questions, some of which were answered, perhaps not satisfactorily, and some were not answered. At the end of his talk, Mr. Woods told all the School Board members that the best thing they could do for the school and community would be for them all to resign. Not everyone present was in agreement with this, but the biggest majority applauded this request. Then Mr. Anderson made a short speech and asked a question or two. After this, the meeting was adjourned by the School Board.

Sacred Heart Tigers shock V V Eagles, 7-0

The upset of the season, and the game which made the season for Sacred Heart's Tigers, was their thrilling 7-0 win in last Friday's downpour at Valley View. Because of the hard rain and accompanying electrical storm, officials stopped the action in the third period.

Considering the Eagles' high rating, it was a major occasion for celebration at Sacred Heart. Moreover, the game was not a matter of good and bad luck. Rather it was solid heads-up playing in which the Tigers earned their score and did an equally good job of defending it.

The super performance started with the first series, on which the Tigers forced a punt and then started from 64 yards away. Two tries gained 11 and Scott Taylor's pass to Wayne Becker added 15. A pass

to Adair gained 11 and 9 more plays gained the 38 remaining yards to pay dirt. Becker made the TD from the 2. Switzer's kick upped the score to 7-0.

The Eagles came back with a pair of first downs but stalled on the third series and lost possession on the 15 early in the second series. The remainder of the second quarter was made up by ball exchanges, either kicking or failing on a fourth down try. One of the kicks set S H back to its 1 yard line, and all the action was inside the Tiger 40.

Starting the third, the Eagles had a few breaks; first, recovering the S H fumble of their kick and then completing a series, but the next series was stopped by Voth's defense. The next exchange followed Sacred Heart's failure to move and shortly after Switzer

recovered a fumble for the Tigers. Meanwhile, lightning was getting more menacing, so officials decided to quit with 2:21 still showing in the third quarter.

At the time, the teams were near even on stats. Sacred Heart had 83 yards rushing on 26 tries and Valley View had 100 on 27 carries. Cope was the leading runner for V V with 9 carries for 73 and Kyle had 20 yards on 9 carries. For the Tigers, Switzer ran 7 times for 30, Becker 8 times for 27, Taylor 5 times for 14, Nasche 6 times for 12.

Taylor completed 1 pass to Becker for 12 and 1 to Adair for 13. And Cope completed 1 of 4 to Sparkman for 6. There was no interception. In other stats Eagles lost 2 fumbles and Tigers 1; Tigers had 7 first downs and Eagles 3; Tigers were penalized 3 times for 25 yards, Eagles 4 times for 20.

SCOTT TAYLOR GAINS but not before being nabbed by John Grussell of Valley View. The Tigers were the sensation of the season in upsetting the Eagles 7-0 before the game was halted by a rain-storm in the third period.

Cubs downed 14-6 by junior Eagles

Sacred Heart Cubs started their '85 season at Valley View with a 14-6 loss to the future Eagles in a tussle that does them credit in spite of the loss.

Defense did a fine job all night and especially on the third series

of the contest, which the hosts started at the 9 but was set back 10 yards in the next four plays.

Then the Cubs looked good. From their 19, they drove 81 yards for a score and Pete Abbott made the last 9. Abbott accounted for

38 other yards on three carries along the way.

The young Eagles responded in a hurry with a drive of their own for 71 yards in 11 plays. Moon accounted for 62 of those yards and the touchdown from the 10. A pass raised the score to 8-6 at half-time.

Starting the third period, Valley View fumbled a Sacred Heart punt and Terry Felderhoff recovered on the 38, then promptly lost possession on an interception. Another turnover came soon when Shawn Dangelmayr recovered a fumble for the Cubs. The action was taking place in the Eagle end of the field and that's where Calabrese broke away for 90 yards to pay dirt.

Bonus points were spoiled by a fumble. The score was 14-6 early in the fourth quarter.

Cubs got started on a comeback after that but their threat ended with an interception on the third series.

Sacred Heart led in first downs by a count of 10 to 6.

STEVE KOELZER of the Cubs blocks a punt in the game with Valley View Junior High. The future Eagles won 14-6.

MHS nips Masonic Home

In a rainstorm before a near empty stadium Muenster's Hornets won their season's second Friday night 19-0 from the Mighty Mites of Masonic Home. In spite of being drenched the two contenders sloshed through to the end whereas some games of the area were halted, for instance Sacred Heart - Valley View and Era-Alvord.

The rain came early in the second period accompanied by high wind that carried away the band's sheet music and deposited most of it on the fence at the south side of the field. At the same time it drove spectators out of the grand stand. Hardly anyone was left at halftime.

A more pleasant feature of the evening was parent's night at which all Hornets were introduced with their parents, luckily before the game and the downpour.

Previously rated as a toss-up, the game leaned in Muenster's favor, and an improvement over the previous week's season opener. Coach Dewey Sims was pleased to have fewer mistake penalties. There were only 2 for 15 yards. And he also liked the rushing, but was disappointed in the completion of only one pass. Defense was solid, especially in the second half. Masonic Home's

success was limited to three good gains in the first half.

Muenster started with two series of gains and fumbled on the third series, Calk recovering for the visitors. The balance of the quarter was about even, principal plays being a 20 yard run by J. Calk stopped by Mark Hennigan, a 34-yard run by D. Calk and a fumble recovery by Darren Walterscheid.

The next quarter the Hornets got going about the time the storm arrived. They drove 80 yards in ten plays with help from a 15 yard penalty. Ryan Klement scored from the 1 on a quarterback sneak.

The TD was set up the play before by Eldred's 20 yard gain and Flusche helped with gains of 13 and 10 in earlier series.

Eldred was the game's top rusher. He gained 166 on 23 carries. Flusche was next with 116 on 25 carries.

Following the touchdown Flusche's kick added a point. Muenster led 7-0 at halftime.

Starting the second half Masonic Home had to kick on second series and MHS was 58 yards away. Eight plays did the job and included an 18 yard pass to Burnette, a 9 yard gain by Eldred

and the 19 yard scoring sprint by Flusche. The PAT attempt failed.

The next score came in a hurry after the Mighty Mites' punt on second series. Muenster had 59 to go and Eldred made 43 of it three tries later on the first play of the fourth quarter. A pass for a double bonus failed. The score was 19-0.

The balance of the quarter was mostly an exchange of punts along with two normally important

plays that did not affect the outcome. A Hornet fumble was recovered by D. Calk and Cheaney made a 16 yard gain.

Hornets will meet Windthorst Friday

The Windthorst Trojans, always scrappy, are expected to be tough foes Friday night as they take on their traditional rivals, the Hornets, on the Trojan field.

Coach Dewey Sims has a feeling that the hosts will have a few factors in their favor, which add up to the fact that they are not to be taken for granted. For instance their two losses to date have been to strong teams, so they're really better than they look. Besides, it's homecoming, and beating Muenster is always high priority.

As regards the Hornets Sims is

well pleased with last week's outcome in a rainstorm. For the second time this season they rushed well and their defense was solid against Masonic Home, which is much improved this year and showed muscle in a decisive win over Collinsville.

One of the Hornets, Ronnie Trubenbach is still on the injured list with a leg bruise sustained two weeks ago. All others are healthy and ready to go.

Kickoff time is 8 p.m., at Windthorst.

Juniors to play two games Thurs.

Both junior teams of Muenster Public School will be active Thursday night but in separate locations.

The junior varsity will go to Callisburg for its second game of the season, the opener having been

a loss to Nocona JV. Game time is 7 p.m.

Meanwhile Muenster Junior High will be at home for its season opener hosting Windthorst. Their kick off time is 6 p.m.

MHS volleyball team wins doubleheader

MHS volleyball teams won a double header in a rematch with the Chico girls on Tuesday, the 10th. Junior varsity started the good work with scores of 15-11 and 16-14. Next the varsity won the last two encounters after losing the first. Both teams showed definite progress in shaping up from a late start in their practice.

Junior varsity was specially good in its second match in which Meredith McDaniel did a fine job

of serving and got fine support from her teammates. The team trailed 14-7 at the start of the hot streak and continued without a break to its 16-14 win.

Varsity started its contest by losing 15-9 and caught fire after that for wins of 15-12 and 15-11. The Hornets were specially impressive with a good percentage of difficult spikes and saves along with lots of hustle.

MHS wins 1 of 3 in v-ball Thursday

MHS volleyballers were the losers in a pair of matches with Gainesville on the Callisburg court Thursday night.

In the first encounter, the JVs lost 15-7, then came back with a long and intensive effort to win 15-13. They lost the tie-breaker 15-9.

The varsity had a similar experience, losing 15-13 in the first game and catching up with a 16-14 win in their second. And again, the tie-breaker became an unhappy ending, by a score of 15-10.

During the weekend, the varsity played in Nocona's tournament, winning their first match and losing the second.

First opponent was Holliday, and the first game was a 15-11 win for the Hornets. The middle game was a thriller ending in a 13-

15 loss. The third was a 15-7 win, advancing MHS to the champ bracket.

Then they were eliminated in the first match, again a three-game contest. Their first with Whitesboro was a 15-7 win and the next two were losers, 13-15 and 9-15.

Tammy Reiter was selected to the all-tournament team.

Ric Williamson speaker at extension homemakers leadership workshop

The Cooke County Extension Homemakers held their annual Leadership Workshop on Friday, Sept. 6, at Cooke County Electric in Muenster. Ric Williamson, State Representative, was a special guest at noon. Also attending with Rep. Williamson was Flossie Shoppa, Director of Rep. Williamson's local office.

Rep. Williamson spoke on his concern for people becoming informed and involved on current issues. He conducted a question and answer session with the Extension Homemakers leaders. Included in this discussion was his deep concern for the drug problem in the state, particularly as it relates to youth.

The Leadership Workshop was planned and conducted by current Council Officers and Evelyn Yeatts, County Extension Agent. Beginning the day was a short presentation on Extension Homemakers Clubs and how they relate to the total Extension Program. Study group sessions were held on ways to improve and expand Extension Homemakers Clubs.

A crossword puzzle and Wise Tips for Club Leaders were used to review officers' responsibilities and parliamentary procedure.

Lunch was prepared and served by the Council Officers: Sharon Simmons, Catherine Stoffels, Annette Martin, Sharon Wolf, Annette Russell and Lucille Lutkenhaus.

An installation of new club officers was conducted by Evelyn Yeatts, County Extension Agent. She used the wheel and its importance as officers were installed. The selection of new officers is like the turning of a wheel of friendship which involves new hopes, ideas and accomplishments. Annette Russell, Chairman, was referred to as the "Hub" of the wheel. Council officers Beverly Norvell, Vice Chairman; Maurine Griggs, Secretary; Betty Flynn, Treasurer; Marie Fuhrmann, Reporter; and Sharon Simmons, Parliamentarian; were compared to the strong "Spokes" of the wheel. The Hub and Spokes cannot turn, however, without the "Rim" — the club members.

The September council meeting followed the Leadership Workshop. New committee chairmen were selected for the coming year. Wilma Richardson was elected T.E.H.A. Chairman beginning Jan. 1.

The meeting closed with the distribution and explanation of new yearbooks for the club vice-presidents.

County Agent's Report

Properly watering plants tends to be one of the most misunderstood gardening chores. Often, Gardeners do not see results of inadequate watering methods until it is too late and the plant is badly damaged or dead.

"How often should I water?" and "How much should I apply?" are, at this time of the year, the most often asked questions from gardeners. Since water is both essential for healthy plant growth and often costly to apply to plants in quantity during the summer, it is important to get it to the plant's roots and keep it there.

The following are several suggestions for easier and more effective watering. These techniques apply to all gardening from shade and fruit trees and vegetable gardens to lawns and houseplants.

1. Never water strictly by the calendar. We don't drink water "every ten minutes" or "every hour," so why should plants be watered "every two days" or "once a week?" Instead, learn to recognize dry plants and soil and use these as your tipoff for watering. Too many factors determine how fast a soil dries for us to put watering on a regular basis.

2. When the plants are dry, water thoroughly. Water lawns so that the soil will be wet several in-

ches down, to encourage deep rooting and drought tolerance. One of the worst mistakes people make on their lawns is try to "sprinkle" them each day by using their thumb and the end of a running hose. Most gardeners just don't have the patience to stand in one spot long enough for deep water penetration. Water trees by taking the sprinkler off the end of the hose and letting water run slowly for several hours, being sure that run-off does not occur.

3. Most plants should be watered in the morning. Watering during the day results in some water loss by evaporation and can result in burned leaves where sunlight hits the water droplets on new foliage. Evening watering increases the likelihood of disease invasion, as most disease develop most rapidly in cool, moist conditions.

4. While watering your lawn, try to keep water off the leaves of trees and shrubs as much as possible. This is especially important for such plants as crepe myrtles and roses, which are troubled by leaf diseases which spread rapidly on wet surfaces.

5. Symptoms for plants which have kept too wet are about the same as for those kept too dry. Roots in waterlogged soils die and

do not take up water, so plants wilt and turn yellow. Try not to water a drowning plant!

6. Organic matter, such as peat moss and rotted manure, can reduce water loss by run-off when they are worked into the soil.

To keep moisture in the soil, use a mulch, such as redwood bark or gravel. In addition to reducing evaporation, mulches also keep the soil cooler and make weed pulling much easier.

7. Be especially careful to keep newly planted trees and shrubs well watered. Their developing root systems are sensitive to under-and-over watering.

8. Always soak inorganic fertilizers into the soil immediately after applying. These materials are excellent sources of plant foods, but they are salts, and can pull water out of plant tissue, resulting in burn, unless they are watered into the soil.

9. Gardeners often wonder what type of sprinkler is best. Generally speaking, they all do a satisfactory job of making an even application. Convenience of operation and spray patterns applied are two common causes of individual preferences.

Water for plants is essential, as is the method of applying the water if healthy plants are to be maintained during the summer.
