## Parade and program welcomes Yule season

The special program and annual parade welcoming the Christmas season to Muenster is set for Saturday, Nov. 30.

According to Ben Bindel, chairman for the event sponsored by the Muenster Chamber of Commerce, plans for the mini-parade at 11:00 a.m., the main parade at 1 p.m. highlighted by Santa's visit, and followed by entertainment and drawings, are shaping up fine.

The mini-parade, in a one block area on Main Street, is for children under 8, with decorated bikes, trikes, wagons, doll buggies, etc. All entries will receive Christmas gifts and the first place winner will receive a trophy.

Forming near Wilde Chevrolet Co. on Mesquite St., the parade will include floats, clowns, horse drawn wagons, covered wagons,

classic cars, marching units, army trucks and jeeps, the NTSU Eagle mascot, the Coors Beer Wolf, Cub Scouts, etc. Sound will be donated by Mike Otts.

A special program will be presented by the Cooke County Chorale directed by Glenn

Wilson. This outstanding group, noted for its talented performers and superb direction, will sing

carols and other selections on a stage in the Mini Park.

There will be live broadcasting by 94½ Lucky Country KDNT - FM, Gainesville.

More than 50 prizes will be given in a drawing the day of the parade. There are boxes and cards in local participating businesses, urging everyone over 18 years to register for the prizes. You must be present the day of the parade to win.

New figures have been acquired for the Nativity Scene to be placed in Muenster's mid-park for Christmas. Here sheep and shepherd wait patiently for the stabel and its cedar tree background to be set up, and other figures added to complete the familiar scene. David Fette Photo

## Ticketing starts Dec. 1 for seat belt law violators

Department of Public Safety enforcement of the new Texas safety belt law begins on Sunday, December 1, 1985. The law, expected to save hundreds of lives a year in Texas by encouraging more motorists to buckle up, took effect September 1. Drivers and front-seat passengers of cars and trucks up to three-quarter ton capacity will be subject to fines of \$25 to \$50 for violations committed on or after December 1.

"Informal observations by DPS troopers indicate that two-thirds of Texas motorists are already complying with this law," said Colonel Jim Adams, DPS director. "Those motorists who are not observing this statute are risking losing their lives or being seriously injured in a vehicle accident, and soon they'll also be facing the prospect of paying a fine for their oversight."

Adams said that in most instances, troopers will be checking for compliance with the safety belt law during routine traffic violator contacts. However, he pointed out that troopers will have the option of stopping motorists if the officers have probable cause to believe the law is being violated.

"The possibility of paying a fine for failing to use a safety belt should increase the incentive for observing this law, but much greater consequences could be involved for motorists who don't use this proven, lifesaving device," Adams said. "What value can be placed on the loss of a human life or a long-term, serious injury resulting from a crash in which a safety belt could have made the difference?"

The new law did not change the child safety seat statute, which provides that children under two years of age must be secured in a federally-approved child safety seat system when they are riding in a passenger car or light truck (¾ ton capacity and less). Children from two to four years of age must be secured by a safety belt or safety seat system when riding in a car or light truck.

The only persons exempted from the safety belt law are U.S. Postal Service employees while performing their carrier duties and motorists who possess a written statement from a licensed doctor stating that the person cannot wear a safety belt for medical reasons.

## Community will have traditional Thanksgiving

Final preparations are in high gear for the traditional community observance of Thanksgiving sponsored by Sacred Heart Parish.

The full day's activity will begin with the customary Thanksgiving Masses at 8 and 10 a.m. Thursday.

The second Mass will be followed by a Thanksgiving feast featuring turkey and sausage along with dressing, mashed potatoes and gravy, green beans, kraut, cranberry sauce, hot rolls, butter, pie and coffee or tea. Serving hours are 11:30 to 2 and single plates will be available all

day. Besides, there will be barbecue sandwiches, nachos and a light supper menu. The dinner and the balance of the day's events will be in the Community Center.

Also at 11:30 the bazaar will get under way. Its attractions include games, booths, arts and crafts, country store, cake walk, homemade candies, fish pond. Between those activities Cowboy fans will have an opportunity to see their favorites in the meeting room on T.V.

Also related to the observance is drawing for an assortment of prizes.

## "Cattle-Lac succeeds Pro-Lix feed supplement

For some 15 years Muenster Milling Co. has served stockmen with the PRO-LIX line of liquid feed distributed by Liquid Feeds, Inc. of Gainesville.

Recent developments have made it necessary to make changes. A world-wide molasses company bought the PRO-LIX trademark, manufacturing plants and other facilities throughout the United States ... all except the plant and storage facility at Gainesville. This plant has been acquired by Muenster Milling Co. as a full subsidiary.

Only the name of the product is changed. The new and improved

product will be known as the "Cattle Lac" line of liquid feed supplement.

Muenster Milling Company will continue to operate the plant as Liquid Feeds, Inc. Also, W.B. Anthony, nationally known nutritionist, will remain on the staff in charge of research and development of new products.

The company will continue to supply dealers in Texas, Oklahoma, Kansas, Arkansas and Louisiana. Dealers of this area are Muenster Milling Co., Tony's Seed and Feed of Gainesville and Dennard Farm Supply of Whitesboro.

## Thank You!

It's a pleasure to announce again that this Thanksgiving is a happy birthday for the Enterprise. It was on Thanksgiving Day 1936, the Texas Centennial Year, that this paper published its Volume 1, Number 1. And now it joins the state in looking forward to 1986, the bi-centennial year for Texas and the 50th anniversary year for the Enterprise.

As of now we are thankful for 49 good years. The paper has come a long way keeping pace with the progress of its home town. Its staff is grateful first of all for the good fortune of being located in a community of steady and substantial growth, but more so for community cooperation, and especially for Divine Blessing. Continued good health has been a most appreciated factor.

We are inclined to think also that we are indebted to President Reagan for an improved outlook in world affairs. Last week at Geneva his number 1 mission was

to achieve greater harmony in world affairs. Reflecting the President's optimism, we like to think that Gorbachev will be favorably impressed and join in believing that peace is better served by accentuating the positive rather than the negative. Banning the spirit of antagonism is more basic and more promising than banning the bombs. Though success in that venture is far from assured, it is pleasing to see the possibility as a reason to be thankful. We like to think that Reagan's attitude can reach millions of people of good will, convincing them that arms do not lead to happiness. Rather than confrontation about what country is seeking ways to harm another, the world's masses really want to seek ways of helping and getting along.

Another topic deserving consideration on Thanksgiving is our country's economic system of free enterprise, actually one of the many blessings for which the nation ought to be thankful.

When the Pilgrims arrived at Plymouth Rock they operated as a united and cooperative community in which each person was expected to observe the rule "from each according to his ability and to each according to his need." The idea was all right until some failed to do their part in providing for the community supply and some took more than

their share. Hard workers resented sharing with those who did less than their part.

Community friction developed into a meeting of leaders who decided that individuals thereafter would be on their own. Residents were assigned areas of land, each with an understanding to work it as he wished and to claim all of the crop for himself.

The result was an amazing change. People thrived when permitted to keep the fruits of their labors. They were prosperous as individuals whereas the community as a whole had failed to keep up with its needs.

Realizing what they had done toward community progress, the inhabitants assembled for a bountiful feast in thanksgiving for their blessings.

As we observe Thanksgiving in these times we can enjoy the thought that our free enterprise forefathers had the forethought to start it in the colonies. The system still serves us abundantly. In fact, it meets our need plus more, which we have used generously to help millions in distress, including some whose only problem is socialism. It is ironic that USSR with its enormous arms program has to depend on US for food.

In a spirit of gratitude for many blessings, the Enterprise wishes all a Happy Thanksgiving.

## Good News!

Stop worrying, then, over questions like "What are we to eat, or what are we to drink, or what are we to wear?" The unbelievers are always running after these things. Your Heavenly Father knows all that you need. Seek first his kingship over you,

his way of holiness, and all these things will be given you besides. Enough, then, of worrying about tomorrow. Let tomorrow take care of itself. Today has troubles enough of its own.

Matthew 6: 31 - 34

## Charlie Pagel, 52, dies

Funeral service for Charles Ronald (Charlie) Pagel, 52, was held Monday morning at 10 in Sacred Heart Church with Father Denis Soerries officiating at a Mass of Christian Burial and Father Victor Gillespie assisting.

Other participants in the service were the Sacred Heart Choral Group; Bill Otto in scriptural readings; Mary Otto in prayers of the faithful; and Joe Otto, Cheramic Moster and David Moster in presentation of offertory gifts.

In his funeral homily Father Denis referred to death as the gateway to eternity, the beginning of a person's true destiny as merited by Christ in his suffering and death. He said that persons

are created to the image of God and are intended to return to Him. It is an inspiring belief, a consoling thought to those grieving over the loss of a loved one.

Burial was in Sacred Heart Cemetery with military ceremonies conducted by the Muenster VFW Post, headed by Arthur Bayer. McCoy Funeral Home was funeral director.

Pallbearers were Ray Moore, Jerry Sicking, Johnny Pagel, J.T. Pagel, Tom McNamara and Walter Matt Stelzer.

Pre-funeral services in the funeral home chapel were a rosary at 4 p.m. and a wake at 8 p.m., Sunday.

Charlie Pagel died Saturday, Nov. 23, in Muenster Memorial

Hospital ending a long illness.

He was born in Muenster on May 19, 1933, a son of Charles and Carra Pagel. He lived in Muenster all of his life except three years when he served with the army in Japan and a short time in out-of-state oil fields. He was an 18 year employee, as a machinist, with Weber Aircraft of Gainesville.

Survivors are his wife, Harriet; three sons, Darrell of Muenster, Carl of Southlake, and Curtis of Valley View; one sister, Margie Schiederjian of Grand Prairie; five grandchildren and one niece, Lou Moster of Muenster. He was preceded in death by one sister, Florence Cole.

## C.J. Rucker, 66, of Ft. Worth dies

Funeral service with a Mass of Christian Burial was held Monday at 10 a.m. for C.J. Rucker, 66, of Fort Worth in Holy Family Church, Fort Worth, and burial followed in Greenwood Memorial Park.

Rucker died Thursday night in a Fort Worth hospital.

Service preceding the funeral was a rosary at 4 p.m. Sunday at the Harveson and Cole Funeral

home.

He was a native Texan and a resident of Fort Worth since 1935. His wife was the former Eugenia Luke, daughter of John and Anna Luke of Muenster.

Survivors include his wife, Eugenia, two daughters, Darla German of Chicago and Teri Weber of Fort Worth; a brother, Charles of Euless; and two grandchildren.

Rucker established Rucker's Radio and TV in 1941. He was a member of the Texas Electronics Association, the Electronics Hall

of Fame, the Serra Club of Fort Worth, the Rotary Club of Western Fort Worth, the Diocesan Lay Assembly, and also a Red Cross Volunteer.

Survivors include his wife, Eugenia, two daughters, Darla German of Chicago and Teri Weber of Fort Worth; a brother, Charles of Euless; and two grandchildren.

## Letter to the Editor

**My very dear friends,**

It is on a magnificent autumn day, more than a month before Christmas, that I am writing this message. From all sides one has been hearing, already for quite a while, to shop early, send mail early, do this and that early. So, why not write early to very dear friends?

To each and every one of you, I send the special gifts of Christmas: Peace, Good Will and Abiding Happiness, and may the Beauty of Christmas abide with you throughout the year 1986.

Now, since I have put first things first, I will proceed carefully to narrate an event about which I never wrote to you, because it took place on November first and second. On my daily walk on the cemetery road, I saw something sneaking around, not too far away from the graves. It was not disturbed by my presence, but kept on eating something, very lustily. I thought it was eating grass, but since it was a small skunk, it was probably eating grasshoppers. I left the scene, but it stayed on.

The following afternoon about the same time the little new friend was there again. I called "Hi." Then I proceeded to say the prayer, which I daily say before the carrara marble statue, which was the last work of art, sculptured by the artist in Italy. It represents the risen Christ.

After the minute or two devotion, I continued my walk, but there was no skunk to be seen. On the opposite side of the cemetery road, I heard our dog Prince, whom I had seen coming out of the woods, barking up a storm. There he was, face to face with the skunk. The area of the encounter was by now perfumed. I watched the scene with delight for quite a while. While the very large dog barked and moved, the skunk moved bravely, always facing the enemy face to face. I was certain that the dog would be the loser. And so it was.

I was so excited to have been witness to this event, and so

anxious to report it at the Convention, that I forgot to look how and where the victorious skunk strolled. I have not seen it since.

When I narrated the event at supper time with great delight and enthusiasm, I happened perchance to meet Sister Helen's eyes, they were positively withering. She did not appreciate the perfumed dog. Sister Helen is for years in charge of our cats and dogs, and she does a marvelous job in all regards. So much for that adventure.

As a rule I am as glued to my desk for hours per day. Now, with Christmas so close I am, like all of you, busier than at any time of the year. I have an enormous Christmas correspondence before me. This includes my own and that of several old Sisters.

Outside the Christmas Season I translate, from German into English, most fascinating letters from the past for our archive. There is not a dull, nor idle moment in my life. But there is also time on hand for my hobbies of reading books and solving Crossword Puzzles.

Now, my very dear friends, I must say the warmest good bye I can. God bless and keep each and every one of you! My daily prayers are with you always.

With lots and lots of Christmas love, prayers and good wishes, I remain forever your friend,

Sister M. Theresina, O.S.B.

dissertation. White said he won't do it and told Dennis Thomas to "hang in there."

—Directors of the 10,000-member Texas High School Coaches Association announced they will meet soon to consider whether they will launch a campaign against White for his unrelenting stance on the controversial "no-pass, no-play" reform. White's answer was to insist he won't back off an inch and to declare he has no sympathy for "crying and whining" coaches.

—A legal challenge to soften last week in Houston where a class action lawsuit went to trial. Political forecasters say if the suit to change the reform prevails, White's chances for re-election go down the tubes with the reform.

—With that possibility obviously in mind, Texas Attorney General Jim Mattox told reporters he will run for re-election, but wouldn't rule out the possibility he might challenge White for the Governor's Mansion. White's response to the challenge: "Come ahead."

—A Texas Consumers Union director criticized White for failing to reappoint a member of the State Board of Morticians. Grady Baskin, Jr. said he wasn't renamed because he refused to promise the governor's appointments secretary he would support White's re-election. The secretary, Dwane Holman, said that's not what happened at all, but consumer advocate Carol Barger, also present, sided with Baskin. Baskin won the Consumer Union's support last year when he made an undercover probe of funeral homes and found 23 of 24 breaking state price disclosure laws. Baskin was unsuccessful in trying to get the board to take action.

**Mattox, Brown**

Mattox, for his part, last week indicated he would forego making a legal ruling on whether an announced candidate, state Sen. Buster Brown, R-Lake Jackson, could legally run against him. The courts could best decide that issue, he said.

Brown's eligibility is questioned because the Texas Constitution prevents a legislator

from running for another office if he voted that office a salary increase. Brown has said he won't accept the higher salary if he's elected.

Mattox also announced last week he has hired former U.S. Rep. Jack Hightower, who served in Congress with Mattox, as first assistant attorney general. He replaces Tom Green, who resigned to run the Mattox campaign.

The appointment kills speculation that Hightower would try to take back the seat he lost in 1984 to the GOP.

**Two Party Chairmen**

Last week the head of the Texas Republican Party surprised his folks by saying he was out, and his counterpart with Texas Democrats did the same by saying he was in.

George Strake, the chairman credited with rebuilding a Texas Republican Party shattered in '82, said "it's my time to go and let somebody else do it." He will not run for re-election next year, and gave no clue hinting he will run for a state office.

Two days later, Texas Democratic Party chairman Bob Slagle told his state committee he will run for a fourth term, probably a record. Widespread speculation was that Slagle would step down or run for Congress instead. Slagle, solidly aligned with the Mark White faction, said he wants to finish the job he started.

**Short Takes**

- Comptroller Bob Bullock reported tax revenues rose 15.2 percent in fiscal '85, due to the 1984 tax bill. He said spending on education rose 12.8 percent for a record \$16.2 billion.
- The Northshore Bank of Houston became the 10th Texas bank to fail this year.
- Secretary of State Myra McDaniel says there will be a \$300,000 shortfall in funding the 1986 primaries, if two runoff elections are required.
- Former Rep. Jay Gibson, D-Odesa, announced his candidacy for the Texas Supreme Court against Raul Gonzales.
- Rep. Billy Hall, D-Laredo, announced for the Senate seat being vacated by Sen. John Traeger, D-Seguín.

### The Lesson of Rhodesia

With the campaign to destabilize South Africa brought before us by the media quite frequently, perhaps it would be well for us to pause to consider the fate of Rhodesia.

It may be recalled that at one time Rhodesia was a part of the Free World, firmly on the side of the West. Unfortunately, we foolishly joined with the racial fanatics of the United Nations and the Soviet bloc to destabilize that sad land.

What is the situation in Rhodesia, now called Zimbabwe, and what are the lessons to be learned with regard to the current anti-South Africa hysteria?

A member of our staff recently interviewed Rev. Robert Slimp, a retired U.S. Army Chaplain, now a writer for the Manchester Union Leader and other papers. Rev. Slimp visits Zimbabwe and other southern Africa nations on assignment quite regularly. His comments on former Rhodesia are important for they provide an insight into what is planned for South Africa, should its enemies be successful in overthrowing the present government.

Politics in Africa is based upon the tribe, which takes precedence over other considerations. In Rhodesia there are two major Black tribes which were vying to take power from the White minority which had built the nation. Both had been carrying on terroristic guerrilla warfare for years.

Finally, when everyone was persuaded to end the fighting and submit to the ballot to determine who should govern Rhodesia, naturally the largest tribe won, aided materially by widespread terrorism and intimidation.

That largest tribe is the Shona, 8 million strong, representing 70 percent of the population. It is led by Robert Mugabe, the present Prime Minister. He won out over Joshua Nkomo who leads the 2 million-member Ndebele tribe.

Of the 270,000 whites in Rhodesia at the time the Communists took over, only about 140,000 remain. Fifty thousand have been welcomed into South Africa.

True to his Communist nature, Mugabe is now in the process of liquidating his Black opposition. Presumably, he will get the Whites later. Some 25,000 Blacks, says Rev. Slimp, have been killed in Matabeleland, the western homeland of the Ndebele tribe, since March 1983.

The intimidation and/or extermination of the populace is being conducted by the 5th and 6th brigades of the Army, both commanded by North Korean officers, according to Slimp.

Their techniques of intimidation include public rapes of young girls and forcing tribesmen to dig large holes and fill them with their spittle. In villages which are closer to the capital, food is removed from the stores.

Villagers are then told they "would first have to eat their chickens, then their goats, then their cattle, then their children."

Keep in mind this "policy of starvation" is being carried on by Blacks against Blacks. This is what our American liberals helped bring on Rhodesia — and is what they are now attempting to bring on South Africa.

## Application date for Littlest Angel extended to December 11

On Dec. 4 Cooke County Campfire Girls will decorate a tree at the Muenster State Bank for the Littlest Angel Project. The tree will be placed on Dec. 2 by Beta Kappa.

Now in its second year of operation, the Littlest Angel takes

applications from needy families in Cooke County for holiday assistance. The application must be mailed to Box 607, Gainesville, Tx. or taken to the basement of the court house. Volunteers will be in the Cooke County courthouse to take last minute applications on

Wednesday, Dec. 11, and Thursday, Dec. 12, according to a late announcement on Monday.

Names of children in each family will be written on the paper angels used to decorate the tree, along with information on age, size and interest. A code number will identify the family to protect its privacy.

To sponsor a child, simply choose an "angel", buy a gift of clothing, wrap it and attach the paper angel to the package, and return the gift to the bank, to Camp Fire or to the Boys Club. Gifts of toys may be given but should be unwrapped and tagged with the angel's name AND family code number.

## Influenza is very near for many people

An estimated 75 million episodes of influenza are on the way this winter, according to the American Lung Association of Texas—the Christmas Seal People. The fevers, chills, aches, and lingering exhaustion will strike during what has come to be known as the flu season, which stretches from October to March. For those who are most endangered by the flu, the Lung Association's advice is simple and emphatic: get vaccinated as soon as possible, preferably by November 30.

Flu can be literally life-threatening for individuals in high-risk categories: those over 65; people with chronic lung diseases such as asthma, emphysema, tuberculosis, or chronic bronchitis; and people with heart disease, anemia, diabetes or other chronic illnesses.

The American Lung Association of Texas advises those at high-risk and those in "essential

service" jobs (hospital personnel, fire fighters, and police officers) to get a flu shot each year. The vaccine prevents flu in about 75 percent of those receiving it. For the rest, it reduces the severity of the seige.

### No garbage pick-up on Thanksgiving

To allow city garbage collectors a holiday on Thanksgiving Day, the truck routes will not be made. Instead, both Thursday and Friday routes will be made on Friday. Because of the crowded schedule, Muenster residents are asked to have their garbage out by 8 a.m. Friday.

### Contest lighting urged for parade

In line with the Christmas Parade and Program Saturday, the Chamber of Commerce this week is urging all business firms to make their lighting a part of the show.

It suggests completing the decorations for their part of the "Light the Town" contest which is being held in two divisions.

One division consists of business firms, which will be judged on Dec. 5. If installed before the parade they can serve a two fold purpose.

The second contest division is for individuals and organizations. Their judging is set December 14. Though not as urgent for the contest, those lights likewise would be a welcome improvement to the city's appearance for the parade.

MRS. GLENN JOSEPH WALTERSCHEID

## Jean Trubenbach marries Glenn Walterscheid

Jean Marie Trubenbach became the bride of Glenn Joseph Walterscheid in a double ring ceremony with Nuptial Mass in Sacred Heart Church, celebrated by Father Victor Gillespie at 5:00 p.m. on Saturday, Nov. 23.

The bride is the daughter of Loyd and Gwen Trubenbach and the groom is the son of Raymond and Peggy Walterscheid.

Lighted candles and arrangements of white gladioli tied with deep rose satin ribbon, two pyramid-shaped floor candelabra with lighted candles entwined with ribbon and smilax, and the unity candle centering the front altar, enhanced the wedding setting.

The bride was presented at the altar by her father. She was wearing a formal white taffeta wedding gown designed with stand-up collar of appliqued Venise lace and a yoke of illusion, fitted bodice of re-embroidered Chantilly lace, Juliet sleeves of matching lace and full cathedral train accented with three soft bows. The skirt was finished with a flounced Venise lace hem. The bride and her mother designed and created her appliqued lace headpiece, with attached fingertip length veil.

She carried a round bouquet of fresh pink and burgundy roses.

For sentiment, she carried her First Communion rosary and borrowed her great-grandmother Trubenbach's 50th anniversary garter also worn by her sister, Lisa Walterscheid.

## Forestburg nuptial unites Edwards, Brant

Pamela Rene Edwards and Mark Ervin Brant were united in marriage Nov. 16 at 6:30 p.m. in a wedding ceremony held in the Forestburg United Methodist Church with Rev. Chris Allen officiating.

The bride is the daughter of Mr. and Mrs. Charles Edwards of Forestburg, the granddaughter of Mr. and Mrs. J.P. Embry and great-granddaughter of Mr. and Mrs. Horace Embry all of Saint Jo. The groom is the son of Mr. and Mrs. E.W. Brant of Green Valley, Az.

Given in marriage by her father, the bride was wearing a designer gown of shimmering white organza, featuring an exquisite queen neckline bordered with Chantilly lace and tiny seed pearls. Appliques of matching lace covered the fitted bodice to the natural waistline. The back of the bodice was sheer and fastened with tiny covered buttons. Bishop sleeves were sheer and adorned with lace. The skirt flowed gracefully into a scalloped, chapel length train of organza-ruffled trim. Delicate appliques of lace bordered the entire skirt.

She wore a two-tiered illusion veil attached to a matching lace headpiece, and carried a bouquet of white silk roses.

She carried out tradition with her grandmother's wedding band as something old; her bridal gown as something new; her great-aunt's pearl necklace as something borrowed and a garter as something blue.

Veronica Greanad of Forestburg, served her sister as matron of honor. Vaton Selby of Denton and Phyllis Owens of Newcastle, friends of the bride were her bridesmaids. They wore royal blue charmous satin gowns, designed with sweetheart necklines, puffed sleeves accented with cabbage roses; and a cummerbund at the waist.

Each carried a long stemmed silver rose tied with ribbons of the bride's chosen colors.

Nelia and Josh Embry, cousins of the bride, were flower girl and ring bearer.

Dan Kardell of Dallas was the groom's best man. Edward Brant of Clinton, Ark., groom's brother and Douglas Edwards of Forestburg, bride's brother were groomsmen.

Chris Greanad of Forestburg and Willy Sandusky of Wichita Falls were ushers and the latter also was candlelighter. Falcia Bell of Forestburg secured guest signatures.

Church decorations included a brass arch with a halo of votive candles and a pair of altar candelabras with floral baskets in the bride's chosen colors. Lighted candles graced the center aisle.

Wedding music was provided by Freida Talley of Alvord who sang "Longer", "Annie's Song", and "Whither Thou Goest."

A reception followed in the New Community Center of Forestburg. The bride's table was covered with an imported white linen cloth, bordered and inset with bobbin lace. The three tiered wedding cake and silver appointments completed decorations. Serving the wedding cake were Norma Edwards of Bowie, bride's aunt, and Dessie Berry of Dallas, bride's great-aunt. Carla Underhill of

Gainesville, a friend served coffee.

The rehearsal dinner was given by the groom's parents at K-Bob's Steak House in Gainesville.

The couple will reside in Devon, Pa. The groom is employed by Valley Forge Space Center in King of Prussia, Pennsylvania as a

computer programmer.

They were honored with a wedding shower from the Forestburg Community on Saturday, Nov. 2. The bride was also honored with a shower by the M.I.S. Department at Placid Oil Co. in Dallas on Thursday, November 7.

## Saint Jo Starts cemetery perpetual care

The City of Saint Jo city council recently enacted Article 969c of Vernon's Texas Civil Statutes empowering the governing body of the city to act as a permanent trustee for the perpetual care and upkeep of individually owned lots in Mt. Park Cemetery, the city owned cemetery.

Heretofore, lot owners had to assume the responsibility for the care and upkeep of their privately owned lots. Under this law, lot owners still have the right to care for their lots without making a donation to the perpetual care program.

Donations are now being accepted from those who have loved ones interred in Mountain Park Cemetery and who find it difficult, if not impossible, to maintain their lots in the manner which they would like. Donations to this fund are being invested in interest bearing securities, and obligates the city to maintain and care, in a first class condition, the particular lot, graves, or burial places for which the donation was originally made. The original gift amount will remain in perpetual care fund and only interest will be used to care for the cemetery.

If an excess of interest revenue is accrued, as the city anticipates, such excess may be used to beautify the entire cemetery.

Certificates are issued by the City Secretary upon receipt of a donation and said certificate states the purpose, the amount advanced and by whom, and the location, as nearly as possible of the lot, grave or burial place which the city pledges to maintain.

Anyone desiring to make a donation to this fund may bring it to City Hall, 220 E. Howell St. in Saint Jo, or mail it to City Secretary Roberta Price, Box 186, Saint Jo, Texas 76265, with instruction as to which lot or lots the donation is being made, and certificates will be mailed.

## Auxiliary repeats 'Donations in lieu of Christmas cards'

"In Lieu of Christmas Cards" will be sponsored again this year by the VFW Auxiliary. It will benefit the Auxiliary's local relief fund for all area people struck by serious illness or in great need in some way. Donations are also made at the discretion of the organization to other local charities.

Co-chairmen of the project "In Lieu of Christmas Cards" are Ethel Hesse, Rt. 1, Box 140 Muenster, Janet Barnhill, P.O. Box 15, Muenster and Frances Bayer, Rt. 1 Box 19-A Muenster.

Donations may also be given to Mrs. Hesse at Ben Franklin Store.

The charitable project is an opportunity to send sincere Christmas greetings to friends in a manner that benefits many others. Names of participants will be announced in a special feature in The Muenster Enterprise the week before Christmas, but amounts of individual contributions will not be revealed.

Deadline for inclusion in the greetings is Dec. 14, to enable the sponsors to type the list and submit it to the printers.

## Health dept. gives warning on high blood pressure

The Texas Department of Health, in its recently released analysis of major causes of death in the state during 1984, found that most fatalities result from heart disease, an illness that is largely preventable.

Dr. Clift Price, Associate Commissioner for Personal Health Services, said, "A huge majority of the deaths we record every year, particularly cardiovascular disease deaths, are entirely preventable, if only the public will follow the simple, well-publicized advice the medical community has recommended for years."

Dr. Price said that among the variety of cardiovascular diseases, high blood pressure, also called hypertension, is one of the leading killers. Anyone who smokes, is overweight, gets little or no exercise, eats too much salt, suffers a lot of stress daily, or uses birth control pills is at risk of having abnormally high blood pressure.

Dr. Price said, "Most people

who develop high blood pressure can find out if they have the condition easily and painlessly. And after they know they have high blood pressure, they usually can control it, either by modifying their lifestyles and/or by using specialized medications."

High blood pressure is difficult to detect from how one physically feels. There are usually no warning signs, such as dizziness or nervousness. In fact, a person with high blood pressure may feel as if he or she is in excellent condition.

Dr. Price pointed out that the only real means of determining whether someone has developed high blood pressure is regular health checkups, during which blood pressure is routinely measured.

"Meanwhile," Dr. Price said, "to decrease the risk of developing hypertension all most people have to do is stop smoking, lose weight, use less salt, get

regular exercise. Everyone should regularly have a blood pressure check, and if any medications are recommended after a checkup, patients should recognize the importance of following their doctors' orders.

"I know all this sounds almost

too simply," Dr. Price added. "But the truth is that a large proportion of the nearly 40,000 Texans who died from cardiovascular disease last year could still be alive if they had heeded the advice we have emphasized for years."

## A Tribute To Bill Biffle

Bill, you rode the range you loved so well, and punched those cows down the trails. Bill, you gave many thrills to the rodeo fans with your "ridin' n' ropin'". First it was Bill and Frankie; then a little girl came along, then a boy, then another little boy, and still another little boy. What a wonderful family!!! Rounding up cattle, sheep and goats and thanking God in your own way - seeing to it that all those animals had water too. Now its round up time with God and you must go and bid farewell. So, goodbye Bill, from all of us down here, and thanks for all the pleasant memories.

In 1896, Joe Dennis of Bulcher donated a tract of land for the construction of a "school house". The school was named Center High School No. 64. Years later, because of deterioration of Center High 64, another smaller school was erected just east of this building. During this time the old school house served as a church for the community. Methodist services were held on the first Sunday of the month; Church of Christ services on the second Sunday and Assembly of God services the third Sunday. When Bulcher voted to consolidate with Saint Jo School District, the smaller building was torn down. The above building is one of the few remaining landmarks of the Bulcher Community.

We'll help. Will you?

# SH divides two games with Era last Friday

Sacred Heart basketball teams divided a pair, both decisively, with Era Friday night. The Tigerettes were 72-26 winners and the Tigers were 49-34 losers.

A factor in the boys' loss is that they had only four days of practice after ending their football

season. Their scorers were John Nasche 16, Ken Hesse 5, Tod Thorsen 4, Steve Knabe 4, Casey Houtchens 3, Wayne Becker 2.

On the other hand the girls had the benefit of a month of practice along with the experience of 8 let-

termen from last year's highly successful team. Their scorers were Tammy Hess 14, Sandra Walterscheid 12, Lydia Walterscheid 10, Lisa Haverkamp 8, Vickie Schmitt 8, Juline Bartel 6, Molly Koelzer 2, Janel Flusche 2.

# Hornets lose 14-0 to Crowell in bi-district

Football '85 came to an end Friday night for Muenster High's Hornets in a 14-0 bi-district loss to the rugged Wildcats of Crowell. They were representing District 4-A as runners up. Crowell is in District 3-A.

It was another game in which the MHS boys looked better on statistics than on the scoreboard. And it was another occasion to please their coaches and fans. The coaches are proud of their 8-3 season, with only losses being to the stout teams of Van Alstyne, Valley View and Crowell.

While Muenster was losing at Archer City, Valley View, as champ of 4-A, was doing likewise at Jacksboro. It was mauled 34-0 by Monday, rated a Class A power of the state.

Playing Crowell, the Hornets pulled through a scoreless first half, but were stunned by the Wildcats first offensive play after intermission. It was a 63 yard break-away run up the middle. A PAT upped the score to 7-0. The next score came with less than four minutes remaining. It was made on a quarterback sneak of one yard and the second extra point kick accounted for the final score of 14-0.

Earlier the Wildcats threatened, advancing to the 18 before Andy Burnette halted the drive with an interception at the 7.

Muenster likewise made a few fruitless threats. In the first quarter the team made a fine drive to the 12 before Wildcat defense took over. On a fourth and 2 situation in the next series it stopped Johnny Eldred and took possession.

At another time MHS gained to the Wildcat 30 and lost the opportunity in a fumble.

The big Hornet disappointment came in the fourth when Ryan Klement's screen pass with Eldred's 68 yard sprint went to the end zone, but was nullified by a

ruling of ineligible man down field. The TD at that time plus a PAT could have tied the score.

Also, brief success was spoiled when MHS risked a pass on a 4th and 11 punt situation. Flusche completed it for a first down but fumbled when tackled.

# Hornettes beat windthorst

Muenster High's basketball girls had their season opener Tuesday of last week hosting Windthorst and winning by a count of 56-34.

They have had several weeks of practice while the Hornets were delayed until their football season ended.

Next action is booked for both teams hosting Valley View and preceded by the Muenster JV girls playing Callisburg. Also, coming

next week are games for both varsity teams with Pottsboro and one each for JV boys or girls on the MHS count. And for the 5th and 6th, both varsity teams will be in a Slidell tournament.

The Windthorst game was Muenster's all the way with scores at the quarters being 15-7, 39-14, 51-24 and 56-34.

Scorers were Rita Walterscheid 17, Amy Davidson 10, Meredith

McDaniel 9, Staci Walterscheid 7, Rhonda Trubenbach 5, DeAnn Walterscheid 4, Judy Biffle 3, Darla Bindel 1.

**energy answers**  
from the Texas Energy Extension Service

At what outside temperature is the heating system of a heat pump transferred to the resistance heating elements exclusively? What is an ideal interval between the defrosting of the outdoor coils? D. S., Austin.

Heat pump operation is based on the fact that all air (even cold air) contains some heat. In the winter, the heat pump extracts heat from the outside air and brings it inside. At certain times, the heat pump must switch to an auxiliary electric resistance heating element to meet the demand placed on the system.

The balance point at which the heat pump switches to electric resistance heating varies according to heat load and output capacity of the system. There is no set temperature at which the resistance heating system uniformly switches on on all systems. Generally the efficiency of the heat pump is greatly reduced at temperatures below 40 degrees when frost may collect on the outside evaporator coils, but a heat pump can function at temperatures as low as 0 degrees F.

There is no set desirable interval between the defrosting of the outdoor coils. The defrost function is part of the equipment design and engineering and should not be tampered with. Information on the defrost function can be obtained by contacting the manufacturer of the heat pump.

And at Olney Savings.

The tradition of pride runs deep in the good country, and it sets the people here apart from others. In one sense, it's pride in being the best they can be. But more importantly, it's pride in knowing that their efforts are directed toward a common good — the kind of pride that can be experienced only through shared achievement.

At Olney Savings, that's the kind of pride we encourage — and always will. Because that's the kind of pride that makes the most important things in life happen.

Come see us soon. Or call and we'll come see you. We'd be proud to serve you.
