Learning Center builds new, larger building

By B. J. Fenton

While senators and representatives of Washington struggle with the deficit, lots of us taxpayers are inclined to wonder whether they have considered all of their possibilities. After all, the effort is pretty much our concern when, on the average, a taxpayer kicks in about a third of his annual income to keep the government supplied with spending money.

For instance, we wonder whether it's good business to keep Amtrak going when it loses \$35 every time a passenger gets on board. It's estimated that on some routes it would be cheaper to give people a free airline ticket.

A similar situation applies to the subsidized subway system of Washington D.C., where the bite on taxpayers is more than providing free cab rides to all the passengers.

We wonder, too, about the wisdom of subsidizing tobacco growers so they can produce more, and then ban cigarette advertising so that people will smoke less.

And, while Social Security is always a handy subject for emotional political fusing, thinking people are well aware that some low income people pay into the fund while millionaires share in the outgo. It's pleasing to recall the situation is improved by requiring a tax on social security income when one's taxable income exceeds a certain figure. There's been howling about the tax, but can anyone claim that poor people are affected by it, or that rich people are hurt by it?

The matter of student loans likewise brings up the issue of help to the rich. It's fine to help youngsters in need, but should taxpayers be required to subsidize those who don't need help?

Amid all the howl about the need of a better farm program, one has to wonder again whether something's being done about 70 percent of the subsidies going to the 250,000 largest farms.

And how about the International Monetary Fund? This is the arrangement whereby taxpayer money is used to endorse the loans, sometimes very stupid loans, made by the big banks to third world and communist countries. When those countries default, the monetary fund, meaning us taxpayers, reimburses the banks. There have been lots of those defaults, especially by countries that have been most hostile to US in UN and world affairs.

Still more glaring examples of the government's big spending are \$1.9 billion in research grants to big oil companies, which could easily do their own funding, and \$3.5 million a day in subsidies to inland waterways.

These costs and many, many more are included in the government's huge expenditures which in the end are taken from taxpayers' pockets. It's estimated that federal government spends between \$6,000 and \$7,000 a year per family of four on schemes to take money from one person and give it to another. That's only counting items that appear in the federal budget.

Of all those costs, many of which seem unnecessary and many others which seem downright unfair, it does seem that the legislature could agree in dozens or even hundreds of cases on ways to give the taxpayers a fair shake. The job may not be easy considering that they have an old custom of priorities with a practice of swapping support to keep lawmakers on good terms with their constituencies.

Well, it's time to think of taxpayers rather than political pals. Let's look for ways to eliminate all unnecessary and unfair burdens on taxpayers.

Along with taxes there are regulations that need lots of serious consideration. One is the long standing favoritism toward organized labor whereby buyers get stuck for higher prices. For in-

Young Children's Learning Center, under the direction of Loretta Felderhoff, is moving to a new location and a brand new building.

Construction of the new facility, located on East 7th Street just behind Sacred Heart Convent, is currently underway.

According to Felderhoff, the new facility will house one large open-area classroom, a kitchen facility, restrooms, storage, and office areas. The learning center will be sectioned-off with low shelving units accessible to the children.

The present facility, located at 602 North Maple, has been in existence for only three years and has simply been outgrown, Felderhoff said.

"With 30 students this year and 33 already enrolled for next year, we simply need more room," Felderhoff said. The new facility will allow for an enrollment of 40 students.

Enrollment is on a first-come first-served basis. Children must be three-years-old to attend the center.

Enrolling a one or two-year-old now for his or her third birthday is not a bad idea. According to Felderhoff the waiting list sometimes gets full.

Felderhoff is cautious to point out the the Learning Center is not a day-care center. It is a Montesory oriented learning program for children ages three to five.

Four types of learning are stressed, according to Felderhoff. Sensorial learning involves the senses and works with such things as a-like characters (i.e. telling which of the four triangles does not belong in the group), height, width, length, colors.

Practical life learning deals with matters such as how to tie shoes, button shirts, fasten jackets, and pour liquids from one container to another.

All these areas help the child in his preliminary development, his eye-hand coordination and left-right perception.

The third and fourth types of learning help the child to increase his development and to go on to math and science through writing and reading.

"We also do some cultural work and touch on some geography," Felderhoff said.

"In science, the children learn to raise earth and silk worms. We also have a parakeet, an aquarium, and gerbils."

The Learning Center currently has three staff members and several volunteers. "We still

have an opening for a teacher next year," Felderhoff said. "We'll need one more full-time teacher. We will have two interns who will become full-time teachers the year after next."

Interested and qualified persons need to contact Felderhoff or the Learning Center for additional information concerning the teaching position.

The Center is open to any child who is three-years-old at the time he enters the school. Entry can be made at any time during the year when an opening becomes available, Felderhoff said.

The facility keeps the same hours and do the schools. "We try to coordinate with the schools' opening and closing times," Felderhoff said, "to make it easier for parents."

The new facility will be open by next fall.

While the operation is funded through the Sacred Heart Building Fund, money and supplies are needed to establish and maintain the new Center.

Therefore, donations of cash, materials, supplies, time are more than welcome, Felderhoff said.

Graduation for this year's students is scheduled for Friday, May 24, 6 p.m. at the Center on Elm Street.

'FAMILY FARM' OWNERS William and Mary Hermes, right, were honored as outstanding conservationists of the year in zone 3. Al Fleitman of 1st State Bank, Gainesville, made the award presentation. The Hermes, along with their son Gary, operate 258 acres in the Southwest part of Cooke

County, in the Muenster zone, and lease over 900 acres in the surrounding community. Strong believers in the "Family Farm," the Hermes maintained their conservation efforts through terraces, waterway outlets, plowing on the contour and rotation of small grain crops.

Lightning strikes two facilities in Monday's storm

Lightening struck St. Richard's Villa and the Young Children's Learning Center during Monday's mid-morning storm.

St. Richard's received extensive damage to its communications, emergency services and television services, according to facility director Wess Fuson.

"Lightening struck at 11:05 (a.m.)," Fuson said. He was certain because, "It blew the clock up."

According to Fuson, the facility was fully operational by Tuesday. However, solidified wires in the in-house cable television system, the nurse call systems, exhaust fans, air conditioning and fire alarm systems will all have to be replaced.

Apparently, the lightening came into the facility through the television receiving system, or it could have hit a tree and somehow traveled into the facility, Fuson said.

It was at first believed that all or some of the windows had burst because of the loudness of the sound of breaking glass. However, no broken glass could

be found. Fuson said the sound could have come from inside the televisions. They were picked up for repair sometime Tuesday.

St. Richard's was never inoperable, Fuson said, and he praised local emergency services who handled the situation. One small ceiling fire was quickly extinguished and was due to a smoldering electrical motor which shorted-out.

On the other hand, little damage was done to the Young Children's Learning Center, according to Director Loretta Felderhoff.

"Burnt out light bulbs seemed to be the major problem," Felderhoff said. It is believed lightning struck a tree adjacent to the building, rather than directly striking the building.

Awards banquet honors soil stewards of '84

Last year's conservation champions of the Uppr Elm Red Soil and Water Conservation District were the honored guests last Thursday at the 36th annual awards banquet sponsored by banks and news media of the district.

It was held in Sacred Heart Community Center as Muenster took its turn at hosting with Gainesville, Bowie, Nocona, Sherman, Denison and Whitesboro.

The program has a twofold purpose of presenting awards to winning farmers and ranchers and to encourage widespread interest in the conservation practices of soil stewardship.

The awards were the traditional carved wooden plaques made by Bavarian Woodcarvers of Dallas, formerly of Muenster. The champ of each of the five zones received one of them, presented by a sponsor from that zone. Lloyd Hinkle of Bowie received his from Lynn Gray of First National Bank, Bowie; Richard C. Haralson of Nocona received it from Bob Beckham of F&M Bank Nocona; Mr. and Mrs. C. William Hermes of Hood received theirs from Bill Lewie of First State Bank, Gainesville; Merwin Delashaw of Callisburg received his from Al Fleitman of First State Bank; and Mrs. W.O. Hunt of Sadler received hers from Bill Gray of M Bank, Sherman.

Another wooden plaque was presented as a special award to the Cooke County Commissioners' Court in appreciation of many years of maintaining detention

dams at a cost of some \$27,000 plus a \$31,000 donation for repairs following the 1981 flood. David Fette of the Muenster Enterprise made the presentation.

Each of the champions also received a year of membership in the Soil Conservation Society of America, the customary gift from Joe Weinzapfel. Still another award to each champ and to the five members of the commissioners court was a belt buckle of the Soil Conservation Society of America. Marion Porter of Terrell, president of the Texas Chapter of SCSA and area SCS conservationist, made the presentation.

Included with the honorees was Kimberly Key of Denison, essay contest winner. She received a cash award from Clyde Hale, chairman of SCS directors.

Other special awards were a gold SCSA belt buckle presented by Marion Porter to J.M. Weinzapfel in recognition of his leadership in organizing the district and continued leadership in its activities, along with organizing the Clear Creek Watershed Authority and serving many years as its president.

Still another award was a plaque from the district board to Raymond Endres on his retirement after 35 years of serving SCS. Clyde Hale made the presentation.

The program was headed by Gene Davenport of Cooke County Electric as master of ceremonies. He mentioned that as the district is Please see SCS, page 3

Good News

Do not give in to sadness, torment not yourself with brooding; Gladness of the heart is the very life of man, cheerfulness prolongs his days. Distract yourself, renew your courage, drive resentment far away from you; For worry has brought death to many, nor is there aught to be gained from resentment. Envy and anger shorten one's life; worry brings on premature old age. One who is cheerful and gay while at table benefits from his food.

Random samplings...

For want of a compelling theme, random thoughts:

Pet Peeve number one — the treatment of newspaper reporters in television shows. The other night for the second time I saw the show in which Thomas Magnum (one of my few TV heroes) punches the reporter into the swimming pool. The reporter deserved it — he was obnoxious, cynical, biased and unfeeling.

Why do they always make the reporters the bad guys? Is this a backlash from the post-Watergate era when all reporters were crusaders like Woodward and Bernstein, bringing down corrupt governments right and left?

The reality is somewhere in between. Well, okay, maybe obnoxious is a little closer to reality than Robert Redford. I bet Redford wouldn't touch any of the reporters' parts they're writing today. He's into baseball players now — they're still likeable.

And why is it when you only watch a show one time the entire fall season, you'll catch the rerun of that same episode the following summer?

Did you know that the University of Texas is raising funds to build the world's largest telescope — a 300-inch and station it at McDonald Observatory in the Davis Mountains of southwest Texas? The telescope's mirror would be only four inches thick, but would weigh 20,000 pounds. A building more than eight stories high would have to be built to house it, and it would enable astronomers to study the formation of galaxies, quasars, black holes and white dwarfs.

The cost is out of this world. It will be privately funded by donations, and most the necessary funds have already been received.

Did you know that in 1947 Lennie Merullo led the Chicago Cubs in stolen bases? That's right. The Cub shortstop stole four that year.

Are you aware that arachibutyrophobia is a real and imminent fear of many people in the world today? That's right, many people are afraid of peanut butter sticking to the roofs of their mouths.

Other biggies on the phobia list are: ailurophobia, the fear of cats; anthophobia, the fear of bees; belonephobia, the fear of pins and needles (prevalent among dressmakers' models); decidophobia, the fear of (you guessed it) making decisions; ergophobia, the fear of work; keraunophobia, the fear of thunder; sophophobia, the fear of learning; and even phobophobia, the fear of fear.

stance, import restrictions have added \$1500 to the price of a new car when average auto workers made more money than average auto buyers.

Another problem is featherbedding where union men get pay they don't earn and customers get rip-

ped off. And there's the Davis-Bacon Act whereby unions maintain higher wage scales than average workers get. It has the two-fold effect of excluding many capable workers from jobs plus an extra cost to taxpayers, because it applies to federal jobs.

Add columnphobia, the fear of newspaper writers on off days.

Some of James Michener's comments on the state of Texas, taken from a speech he made in Odessa last spring.

"What do I think of Texas? Let me tell you a story about a visit I made to Israel. I was shown around the country by a group of very patriotic people, people who were extremely proud of their country. They took me around and showed me several bridges the government had built — they were, in fact, the first bridges built in the country."

"I looked at a lot of bridges and started thinking, 'Wait a minute. Bridges are wonderful things, but they're not remarkable — building bridges is one of the things governments are supposed to do.' So without questioning your patriotism, let me tell you — Texas is a wonderful state, but so are Iowa and Montana and Pennsylvania and all the other states."

"The things that fascinate me about Texas are the fact that it shares a long border with a nation of a different language, religion and culture, and the fact that it was once a separate nation and its history is full of dramatic incidents."

"I spoke at a meeting much like this in Jefferson, in East Texas, and at the close of the meeting a lady stood up, placed her white-gloved hand over heart, and the whole crowd — black, white and all — stood and sang 'Dixie' with a great deal of passion. I felt they were ready to march north and try the Civil War all over again."

"I can't imagine that happening, say, in El Paso. That's the wonderful thing about Texas."

"Your biggest problem? I recently discovered a most shocking fact: 78 percent of your school principals are former football coaches. Next to the boll weevil and OPEC, that's your biggest problem."

Michener at the time was living in Austin and writing a novel about Texas, which will be released this year.

And to close, a random sampling of country song titles which I have never been able to work into a meaningful column:

"My wife ran off with my best friend, and I miss him..."

"I'd rather have a bottle in front of me than a frontal lobotomy..."

"I gave her a ring, and she gave me the finger..."

"I bought the shoes that just walked out on me..." Enough. Now cheer up.

Still another consideration for relieving the burden on the public is a reform of the requirement that half of government-financed shipments go on US vessels. The regulation cost the Food for Peace program \$100 million in 1981, money that could have been

Dr. George S. Benson

Benson seeks "fair" tax

THE FEDERAL income tax system is effective only because the American people voluntarily comply with its provisions.

If the people come to think it is unfair and lose faith in it, the system will collapse of its own weight.

Tax fairness is the subject of a national public opinion poll conducted each year for the Advisory Commission on Intergovernmental Relations. I am disturbed by its most recent results.

The poll shows that in the past 12 years there has been a sharp increase in the number of people who think the federal income tax system is unfair.

Back in 1972, only 19 percent of

the American people thought the federal income tax was the least fair tax, but by 1984 that had risen to 36 percent.

Along the way, over that 12-year period, the federal income tax passed the local property tax as the least fair tax in the minds of Americans.

The Joint Committee on Taxation, of which I am a member, estimates that the average tax rate on individuals in this country is 12 percent. As average American taxpayers struggle each year to pay their taxes, they can't help but be stung by stories of huge corporations, making hundreds of millions of dollars in profits and paying no taxes at all, in some cases actually receiving a refund.

When a family of four earns \$25,000 a year and pays \$2,500 or more in taxes, it's hard for them to understand how General Electric, for example, can earn \$6.5 billion in profits from 1981 through 1983 and pay no federal income taxes. Insult is added to injury by reports that during that time GE claimed tax refunds of \$283 million for earlier years.

General Electric is hardly alone in this. One study of 250 companies shows that between 1981 and 1983, just over half of those companies paid no federal income taxes in at least one of those years.

The situation is not the fault of any of these corporations. It is the

fault of our tax code. You cannot blame any company for using that code to its fullest advantage.

As a senior member of the Senate Finance Committee, I have introduced legislation to guarantee that money-making corporations pay at least 15 percent of their profits in taxes. My minimum corporate tax would be similar to the minimum tax on individuals, which we had for several years and which has been quite successful.

Senator John Danforth, a Missouri Republican, and other members of the Finance Committee...which has jurisdiction over all tax legislation...are joining me in cosponsoring this measure.

I am not proposing a tax increase. My purpose is not higher taxes but a fairer tax system.

While setting a minimum, to ensure that all corporations pay at least some tax on their profits, my legislation would also reduce taxes for those corporations now paying higher rates.

Increased revenues to the government from the new minimum tax would be offset by a cut in the overall corporate tax rate.

None of us likes to pay taxes. It is, and will always be, a painful and unpleasant task. The task is made easier, though, by the knowledge that everyone is paying a fair share.

No One Ever Told Me

Written by Emily Klement

No one ever told me
That motherhood wasn't —
All ruffles and smiling faces
Beaming at me so dear.

I was to have the perfect family —
Two boys — two girls
And all healthy of course
I thought I'd made that clear.

No one ever told me
That motherhood wasn't
What Dr. Spock or
Those other experts said.

I was to have the perfect child
Who every night at seven
Would be in her little bed.

No one ever told me
That motherhood was
Casting aside old ideas
Like one day having everything
Organized and neat —

I would be ready to conquer
The world again and
Not feel so tired and beat.

No one ever told me
That motherhood was
Watching my babies suffer
And to be in pain —

Or watching IV's and heart monitors
In dreary hospitals,
and knowing full well
That I'd never be the same.

Someone did tell me
That motherhood was
Full of hope for the future
And so much joy

And it didn't matter at all
If my new baby would be a girl or a boy.

Someone did tell me
That motherhood was
Having true faith and
When I don't fully understand

I must always entrust my
Precious children to Him
And always seek my Lord's outreach Hand.

Someone did tell me
That motherhood was
Worth every pain and every tear

That the joy always outweighed bad times
And that all could be taken care of
With the Lord so very near.

That Someone was my mother
Thank you, Mom.

Letters to the Editor

Dear Editor:

It is great to have friends in a German community like Muenster. Recently at the Germanfest, while working in the booth doing the stress profile, we found ourselves in great need of getting more forms printed. With all businesses being closed we began a search for someone with a copier and were fortunate enough to find these businesses willing to help us. Our thanks go to Cooke County Distributors, Muenster Telephone Company, Fischers Meat Market, and the Muenster Enterprise for their caring attitude.

As a result of the stress profile we ran in our booth, we became aware of the tremendous amount of stress people in this area seem to be under. Cooke County College has offered a room for us to hold a stress seminar and it is now in the planning stages, hopefully to start July 29th and last 5 weeks one night a week. Watch for more information to follow at a later date in this paper. Thanks for being our friends and neighbors.

Gainesville Seventh-Day Adventist Church, 2400 North Weaver St. Paula Reiter, Community Service Leader

Dear Editor:

The citizens and children of Cooke County are indeed fortunate to have teachers such as those in the local Association of Texas Professional Educators who recently displayed their professionalism by sponsoring a meeting with Katherine Raines, the new State Board of Education member from your area.

The implementation of change is almost always difficult, and too often during this school year the new education reforms have been met with naysaying and negativism. The Cooke County ATPE unit and its president, Phyllis Coffey, should be commended for their efforts to establish better communication about the new laws and better understanding of the State Board's interpretations.

Although the meeting was organized and sponsored by ATPE, it was open to all educators and many from other professional organizations did attend. It is this spirit of cooperation that produces a positive influence for public education.

The state organization of ATPE is very proud of its Cooke County Unit, and Cooke County can be equally proud of its educators who are still proud to be teachers.

Sincerely,
Annell Todd McCorkle
Assistant Executive Director

recognizing a year of conservation achievement the nation's lawmakers are considering a drastic slash of the SCS budget. However, Congressman Stenholm assured him by phone that he and others are trying to assure an adequate program for SCS.

Opening remarks were made by Clyde Hale, district chairman, and invocation was offered by Jim Hutcherson, assistant pastor of Muenster's First Baptist Church.

A colored film was then shown reviewing 50 years of conservation to overcome loss of the nation's soil by rain and wind.

Methods adopted were the tried and proven ways of saving land and retaining moisture by terraces, grassed waterways, contour farming, denton dams, gully repairs, etc.

After a look at the national picture the people saw the district scene in a narration by Pat Bolin of Station KRLD, Dallas, while related pictures were flashed on a screen. Bolin started with a summary of district achievement. Some of the facts in his list are that the district, organized in 1941, has a population of 151,000, of which 6000 are farmers, and the total acreage of 1,800,000 has 280,000 in crops, 547,000 of pasture and hayland, 700,000 acres of rangeland and 150,000 in wildlife, recreation and water area. Also, conservation practice of 1984 includes 17 miles of terraces, 71 acres of grassed waterways, 849 acres of shaped and sodded gullies, 28 grade stabilization structures, 15,000 acres of pasture planting and 114 livestock ponds. And the district now has 336 flood control reservoirs which have done wonders at protecting crops on Elm and Clear Creek bottomslands.

Following the overall summary Bolin's narrative and the film were focused on the stories of the year's conservation champs, and after that the awards were presented.

RAY 'TINY' ENDRES of Muenster is honored with a belt buckle upon his retirement from 35 years in the Soil Conservation Service. Endres is credited with leaving numerous structures across the county during his years of service, and for leaving some pretty good "tracks" across the land.

Commissioners meet needs of handicapped

The Cooke County commissioners Monday approved specifications for remodeling the restrooms in the basement of the county courthouse to meet the needs of handicapped persons.

Among the changes to be made are the installation of 36-inch doors which swing both ways, repainting and repair of the tile and floors, installation of new commodes and lavatories with handrails and fixtures designed for handicapped people, and installation of new mirrors and paper dispensers.

The specifications are to be put out for bids this week so that the county can hire a contractor to do the work as soon as possible. Completion is to be within 30 days after the job is started.

The commissioners also approved bid specifications on a microfilming system for the courthouse. The county plans to purchase a camera, duplicator, master, duplicate fiche, reader/printer, microfiche reader,

file cabinets and stand, for use by the county and district clerk's offices.

The equipment will be designed to allow those offices to duplicate and then destroy some of the voluminous paper records that now threaten to crowd those offices out of the courthouse.

Delivery and installation of the system will be expected within 60 days of the bid acceptance.

In other action, Monday, the commissioners also accepted a bid from Jimmy Jack Biffle to sell a 1979 Autocar four-axle winch truck to precinct three for \$25,000. The only other bid received was from Boyd Ware, who offered to sell the county a 1980 truck for \$40,000.

It's National Hospital Week

National Hospital Week is being observed this week with the theme "Lifework", which has a dual application in that it describes the dedication on the part of hospital workers to keep the hospital running 24 hours a day so that life can be sustained, while at the same time emphasizing the role of the hospital and its value to the community.

Patients, their families and visitors are well aware of the team of physicians, nurses and others who exercise direct contact with the patient during his or her hospitalization. However, few realize the workforce necessary as backup in making that care possible. Among them are the

laundry workers and housekeepers who insure clean and fresh surroundings, the kitchen personnel who prepare nutritional meals planned and served to individual requirements, those who buy supplies and a host of others.

To remain in continuous operation under adverse circumstances the hospital must be self-contained and self sustaining. This means it must have provisions for an alternate source of water, power, and other supporting elements. None of this is possible without a staff of dedicated workers.

Unlike most other elements of a community, the hospital must be

readily available and fully responsive around the clock, 365 days a year. It does not close down at night, on weekends or holidays. That requirement prevails whether it is a small rural facility or a large metropolitan institution.

Wherever located, the hospital is a vital segment of the community. Besides offering needed patient care it is an employer contributing to the local economy.

"Lifework" offers health to the ill, ability to the disabled, employment and purpose to many, with service to the community. The theme reflects a message worth noting and remembering, and truly describes the role of the hospital and its staff.

Blood drive yields 89 pints

A late afternoon response to telephone calls is due the credit for a near quota in last Wednesday's blood collection for the Muenster Hospital District.

Nearing 5 p.m. attendance was lagging when a call from the Red Cross Blood Center of Wichita Falls said that an emergency had

upped the need of blood and a good response here would be very helpful.

The message served as a signal to phone a number of customary donors, several of whom had forgotten. Their response was great. At the 7 p.m. closing the number reporting was 95 and 89 of them were accepted as donors. Red Cross personnel were delighted with the result.

The collection proceeded as usual. Wichita Falls technicians set up their Bloodmobile equipment in the KC hall and local volunteers helped. Hospital personnel included Pauline Stelzer, Aileen Cler, Lillian Appel, Florence Fisher, Gwen Caroll, Herman Carroll and Bob LaCoe. Other volunteers were Carolyn Bayer, Cheryl Bayer, Shirley Grewing, Juanita Bright, Patsy Walterscheid and Dorothy Hartman.

In the giving five donors became gallon club members by completing a total of eight pints. They were Carolyn Bayer, Janice Bayer, Jack Dangelmayr, Mary Kay Sicking and Edgar Dyer. At

the same time Doyle Klement and Aileen Cler completed their second gallon, M.J. McCoy completed his third gallon and Wayne Klement completed his fifth gallon.

Cow struck by pickup on farm road

A Forestburg man was not hurt early last Thursday morning when his pickup hit a cow on farm road 455 eight miles south of Forestburg.

H.D. Cook, 63, was southbound at 4:45 a.m. when he ran into the cow, which was one of about 18 head out on the road. The cow, belonging to C.W. Minor, was killed — a loss pegged at \$500.

Cook's 1985 Chevrolet pickup was damaged, but he escaped injury. The wreck occurred a half-mile south of the Montague County line.

If you're looking for ways to spend less on electricity, the choices are yours. You can choose energy-efficient appliances designed to save electricity, or those that aren't. You can even make the same efficiency choice when you buy or build a new home. It's up to you. So before you buy, remember, energy-efficiency saves you money. And that's something Texas Power & Light thought you'd like to know.

One-liners upped one dollar, June 1

Like other telephone customers around the nation, Muenster Telephone Corporation residential customers will begin paying a \$1 fee June 1, 1985, according to Alvin Fuhrman, President for Muenster Telephone Corporation.

"Business customers with one line will also be charged the fee at that time," Fuhrman said. "Under the Federal Communications Commission's (FCC) plan, the \$1 fee will increase to \$2 on June 1, 1986."

He explained that customers will be paying the fee to cover more of the actual costs of providing the line from their residence of business to Muenster Telephone Corporation's switching equipment.

"The fee is part of the FCC's plan, to price telephone service more in line with the costs of providing it," Fuhrman continued. "It is a move to partially modify the practice of charging customers more for long-distance telephone service in order to keep residential rates relatively low."

If the change weren't made, Fuhrman said, more large long distance users, in an effort to avoid artificially high long-distance rates, would find ways to bypass local telephone company facilities to complete long-distance calls. While this may not happen in our area, anything that affects the network nationwide will eventually affect our local rates.

Once bypass occurs, the cost of maintaining the local telephone network must be spread among the remaining customers, and that drives up local rates," he said. "The incentive to bypass is therefore lessened when the subsidy is reduced and long-distance

rates are decreased." Fuhrman pointed out that AT&T has announced plans to reduce its interstate long-distance rates by 5.6 percent as a direct result of the \$1 fee to customers on June 1. Depending on the amount of long-distance calling, the reduced rates could offset the \$1 fee for many customers.

Residential and single-line business customers are not the only customers affected by the FCC's plan, Fuhrman stressed.

"Long-distance companies pay a fixed fee for each minute they use local lines and business customers with more than one line have been paying a monthly fee of up to \$6 per line since May 1984," according to Fuhrman.

Contrary to some predictions, Fuhrman said he does not expect customers on welfare or with low fixed incomes to be forced to give up phone service because of the \$1 or \$2 fee. "Our industry, particularly Muenster Telephone Corporation, has been guided by a philosophy of providing good telephone service at a price affordable to everyone. After over 50 years of following that philosophy, the telephone industry is not about to stand by and watch its customers leave the network. The telephone is too important to the individual for this to happen."

"Also, we recognize that every customer we lose diminishes the value of the network to everyone else," he continued. "That's why we value of the network to everyone else," he continued. "That's why we will do all in our power to keep customers on the network, regardless."

4-Hers show fashions, compete for honors

Twenty-five 4-H'ers entered the 1985 4-H Fashion Show on May 4. Each 4-H'er entered a garment or project he or she had made during their 4-H clothing and textiles project this spring. Judging was based on construction skills, personal appearance, accessories, fit, and creative technique.

CHRIS YOSTEN, city water department employee, talks with Tom Swirczynski, back hoe operator, as they repair a water leak at the corner of Main and East First Streets on Friday. The 5:30 a.m. "leak" shot water approximately 30-feet into the air before city employees Garland Tate (not pictured) and Yosten were able to get the water supp-

ly shut down, the leak located, and the repairs underway. According to City Administrator Joe Fenton and 8-inch cast iron water main developed a 3-inch hole due to age and simple fatigue. The mishap was repaired by noon and Friday traffic was back to normal.

HTLV-III antibody testing

Red Cross announces safest blood

The Red River Regional Red Cross Blood Service has announced implementation of the HTLV-III antibody testing which provides our region with the safest blood supply possible. The required phase-in period for antibody testing is complete and the Blood Center technical staff is proficient in the use of test kits.

All blood donations collected since April 5, 1985, have undergone the testing process and

our current blood supply meets all established criteria for patient use as determined by the FDA.

The HTLV-III antibody test is not a direct diagnostic test for AIDS. A positive test implies previous exposure to the HTLV-

III virus and does not mean that the individual concerned has AIDS or will develop AIDS.

Officials from the Red Cross Blood Center and the Wichita Falls-Wichita County Public

Health District are working together to develop an alternate collection site for individuals who wish to be tested. It is expected that this alternate collection site will begin operations after June 1.

Documentary tells REA story

One of the important features of this year-long celebration is to honor the people who in the beginning went around and collected the few dollars in membership monies from their neighbors, the people who set the first poles and strung the wire throughout the countryside to bring the miracle of electricity to rural residents, and the people who continue today to take a leading role in running their consumer-owned electric system.

The challenge has not been easy and the obstacles that had to be overcome were many. Yet, because of the dedication of these people in partnership with their government, the rural electrification program today not only benefits rural residents but all Americans.

It's these people we honor as we mark the 50th Anniversary of REA, and as we look forward to the challenges of the next 50 years.

These people will be honored in the much-talked-about Texas Rural Electrification program documentary, "Legacy of a Dream" which will be aired next on KTVT, Dallas/FW, June 16, 10:30 p.m.

Cooke County Electric Cooperative urges all member-consumers to view this very special and most interesting documentary.

Herr, Devillers vows exchanged in G'ville

MRS. DOUGLAS TED HERR
... nee Shannon Jill DeVilliers ...

Mr. and Mrs. Douglas Ted Herr have returned from their wedding trip to the Bahamas and Disney World in Florida and are at home in Gainesville.

They were married in St. Mary's Church on April 20, with Father Nicholas Fuhrmann officiating for the Nuptial Mass and double ring wedding vows at 5 p.m.

The bride is the daughter of Barbara DeVilliers of Gainesville and Richard DeVilliers of Salem, Oregon. The groom is the son of Mr. and Mrs. Ronnie Herr of Gainesville. He is also the grandson of Mrs. Frank Herr and Mrs. Albert Henscheid, all of Muenster.

The bride was given in marriage by her parents and escorted by her father. For her wedding she chose a William Cahill designer gown of candlelight satin, fashioned with a fitted bodice, sheer yoke, high neckline and long sheer tapering sleeves. The bodice and sleeves were adorned with Alencon lace motifs beaded with seed pearls and bridal beads. From the dropped waistline, the full, graceful skirt fell in soft folds to sweep into a circular train of chapel length. The skirt was marked with satin roses and lavish appliques of floral lace embroidered with pearls and iridescents.

Her tiered ivory illusion veil was caught to a headpiece of imported Brussels lace. She carried a pearl bouquet highlighted with a few small pink flowers and a rosary given to her by the groom's mother.

For sentiment she carried a handkerchief belonging to her grandmother as "something old" and a sixpence borrowed from a relative.

Attendants

Shermaine DeVilliers of Gainesville was her sister's maid of honor. Jana Herr of Gainesville, groom's sister, Denise Lafferty of Wylie, Tx. bride's cousin and Brenda Boykin of Gainesville were bridesmaids. They were attired in formal, raspberry pink satin gowns designed with a sweetheart neckline framing the neck and shoulders, fitted bodices, puffed sleeves and straight skirts. Each carried orchids, with eucalyptus leaves, and wore a single pink rosud and baby's breath in her hair.

Tim Herr of Denton was his brother's best man. Robert Herr of Gainesville groom's brother, Mike Heffron groom's brother-in-law of Gainesville and Brian Herr, groom's cousin of Muenster were groomsmen.

Ushers were Guy DeVilliers, bride's brother of Salem, Oregon, Daryl Herr, groom's cousin of Muenster, Kyle Kuhn and John Schniederjan both of Gainesville.

Guy DeVilliers was also candlelighter. Brad Herr, groom's brother and Mark Fleitman were Mass servers.

Sandy and Judy Herr gave the readings of the wedding liturgy. James and LaChrista Krahl and Vickie Self were lay Eucharistic ministers and Tommy and Virgilla Herr of Muenster, groom's godparents presented Offertory gifts at the altar.

Presenting wedding music were Pat Hennigan, Jr. organist, Leann Roberts vocalist and Ronnie and Tina Weinzapfel who played the trumpets. Some of the selections were "Bridal Prayer", "Love That Lasts a Lifetime" and "Through the Eyes of Love."

The center altar was decorated with a pair of candelabra, and floral arrangements in shades of pink. Side altars held raspberry pink flowers; and pink bows marked pews in the center aisle with pink bows and white babies breath marking parents' pews.

Reception

A reception, buffet and dance by parents of the couple, followed in St. Mary's Parish Hall.

Susie Herr of Gainesville and Kathy Herr of Denton secured guest signatures in the bride's book.

The wedding cake was made by Debbie Rice of Gainesville, groom's cousin. Eydie Ritche and Kelly Lafferty, bride's cousins, Courtney Herr, Marilyn Mitchell, Minday Dunham, groom's cousins and Dana Fleitman served wedding cake. Claire Schniederjan and Bridgette Kirkpatrick served punch.

The bride's table was covered in white, with white net overlay. Candelabra were entwined with pink flowers and doves and pink

flowers were used in the centerpiece. The reception hall was decorated with pink satin ribbons, hurricane globes, pink candles and pink floral arrangements, all made by Mrs. Arnold Knabe of Muenster.

The rehearsal dinner was hosted by the groom's parents in their home.

The bride is a 1982 graduate of Gainesville High School. She attended UTA in Arlington and is a student at NTSU and is employed by Zale's Jewelers in Gainesville. She has been named to the National Dean's Honor List twice in college.

The groom is a 1982 graduate of Gainesville High School and a 1984 graduate of TSTI in Waco. He is employed by Herr Oil Co. in Gainesville.

Brian Downe is the valedictorian with an average of 94 and Pattie Sadau is the salutatorian in this year's eighth grade at Era. He is the son of Ray and Sue Downe,

and she is the daughter of Paul and Jeanne Sadau. They and other graduates of the class will receive their diplomas at the eighth grade banquet Thursday May 23.

Ceremony honors mothers

Students and faculty of Sacred Heart School honored mothers of the parish with a special liturgy during the 8 a.m. Mass in Sacred Heart Church on May 10. Coordinating the program were Anna Hermes and Eileen Fisher.

Father Victor Gillespie was celebrant and Mass servers were Jason, Ryan and Michael Gehrig, who led the entrance procession.

Kristen Klement gave the narrative, welcoming parents and students, explaining the altar banner and introducing Mrs. Claude Bayer (Mary) and her children Deano, Amy, Vicki and Kelly who together designed the banner.

It depicts Mary and her child, Jesus in her arms and carries the words "Mother's Love...God's Reflection," the theme of the liturgy.

The first reading from "Proverbs" was given by Staci Cler and the second reading from Paul's "Acts of the Apostles" by Kim Cler. Their mother, Mrs. Glen Cler (Glenda) led the responsorial psalm.

In his homily Father Victor stressed the human qualities of mothers and their untiring love, devotion and dedication to their families.

Prayers of the Faithful were led by Brad, Erica, Cindy, Tina, Kelly and Charlie Schilling and their mother, Mrs. Dwayne Schilling (Sharlene).

Laura Schilling narrated the Offertory procession. Her mother, Mrs. Frank Schilling, Jr. (Eileen) carried a family portrait a symbol of unity. Jon Schilling offered a family Bible. Lisa carried a loaf of bread, symbolic of care and nourishment mothers provide. Michael Schilling brought up a ball and glove symbol of fun and sharing within the family. Joel offered a pink carnation, symbol of joy and beauty mothers bring to families.

Mrs. Monica McCoy carried the Chalice and her sons Jake and Josh carried the hosts, water and wine.

Eucharistic ministers were mothers of students Mrs. Jim Gehrig (Cindy), Mrs. Leon Fuhrmann (Sandy), Mrs. Werner Becker, Jr. (Linda), Mrs. Clinton Endres (Debbie) and Mrs. Thomas Hesse (Lucille).

For the Communion Meditation, Allison Klement read a poem thanking God for all the wonders of His earth, especially mothers. Her mother Mrs. Andy

Klement (Emily) responded with her original poem on joys and sorrows of motherhood. (See page 2).

Ruth Felderhoff was organist for the celebration and Mrs. Robert Miller (Betty) and daughter Melissa were song leaders. Hymns included "Great

Things Happen When God Mixes With Us", "Only a Shadow", "Hail Mary Gentle Woman", and "By the Love."

A reception followed in the corridors of both schools. Parents and friends were guests and refreshments were made by the teachers.

Services are held for Tim Stormer, 63

Final service for Emerson Thomas "Tim" Stormer, 63, was held Friday, May 10, at 10 a.m. in Sacred Heart Church with Father Denis Soerries officiating at a Mass of Christian Burial and Father Victor Gillespie assisting and the Sacred Heart Choral Group participating in the liturgy.

Stormer died suddenly of a heart attack early Wednesday in Muenster Memorial Hospital.

Interment was in Sacred Heart Cemetery directed by McCoy Funeral Home with Dolphy Joe Hellman, Larry Hennigan, Harold Bindel, Eugene Hoberer, Edwin Hoberer and Terry Thomason as the pallbearers.

In his homily Father Denis referred to the suddenness of Tim's passing and its shock to the family, and added that God in His wisdom fashioned all things to have a meaning and that faith inspires us to believe in the mercy

and goodness of God. He further stated that the suddenness serves a good purpose in reminding us that death can come at any time.

An earlier service was a rosary Thursday, 8 p.m., in the chapel of the funeral home.

Tim Stormer was born May 19, 1921, at Brookville, Pa. He was a veteran of World War II, having served in the Army Air Corps as navigator on a B-17 bomber over Germany and Korea. He was married to Agnes Fette on October 28, 1944, in St. Mary's Church, Ardmore. He was a rancher and a member of Muenster Sacred Heart Church.

Survivors are his wife, Agnes; two daughters, Karen Partridge of Jackson Hole, Wyo., and Kris Ducote of Dallas; two sons, Kenneth of Muenster and David of Gainesville; and eight grandchildren.

Fleitmans honor son on third birthday

P.J. Fleitman, Jr. was honored by his parents, Paul and Susie Fleitman on May 5, in observance of his first birthday which occurred on May 8.

A "fire truck" theme was used for his double birthday cake; the fire truck decoration was on the first one and the fire station was the second cake. Both were made by an aunt, Mrs. Dorothy Fleitman.

Guests were served a buffet dinner of fried chicken and German sausage.

Special guests were the honoree's grandparents Mr. and Mrs. J.W. Fleitmann and Mr. and Mrs. Lawrence Knabe, Sr. and the godparents, Mr. and Mrs. Gene Yosten. Also Mr. and Mrs. Robert Fleitman and Rex Wade; Mr. and Mrs. Larry Knabe and Lisa; Mr. and Mrs. Ray Fleitman and Becky, Barry, Brian and Justin; Mr. and Mrs. Martin Knabe and

NORBERT AND ELIZABETH KOESLER
... honored on 40th ...

Family hosts Koesler 40th anniversary

Norbert and Elizabeth Koesler were honored on their 40th wedding anniversary on Saturday, May 4 at a party hosted by their children at 7:30 p.m. Hosts for the party were a daughter and son-in-law Mary Alice and Dan Bayer and children, for a group of more than fifty.

Guests enjoyed a cocktail hour and buffet dinner, followed by picture taking and home movies. Decorations in peach and green repeated the bride's colors of 40 years ago. The honor couple's table was covered with a peach cloth and held a white anniversary cake trimmed with peach and green. It was made by Pam Dangelmayr.

Further ornamenting their table were peach candles in a pair of crystal candleholders, a wedding gift 40 years ago. Christi Klement arranged peach silk flowers for a table centerpiece.

Gretchen Kostyniak offered the champagne toast. Pictures of the wedding party in 1945 were displayed in the living room. Guests enjoyed singing old favorite songs.

Norbert Koesler and Elizabeth Walterscheid were married on May 2, 1945 in Sacred Heart Church, with Father Thomas Buegler officiating. He is a son of the late Mr. and Mrs. Alfons Koesler Sr. and was born in Lin-

dsay. She is a daughter of Mrs. Anna Walterscheid and the late August Walterscheid and was born in Muenster.

At their wedding in 1945, their attendants were his sister Miriam Koesler Caplinger and her sister Helen Walterscheid, now Sister Francesca of OLV. The groom's brother Alfons and bride's cousin Henry Felderhoff were his attendants and all attended the anniversary party.

The couple has six children, Mary Alice Bayer of Muenster, Gretchen Kostyniak of Fort Worth, Christi Klement and Rudy Koesler all of Muenster, Karl Koesler of Gainesville and Fred Koesler of Muenster. There are seven grandchildren.

Hess family sets reunion in Lindsay

The Hess family reunion will be held on June 9 in the Lindsay Park. There will be a volleyball tournament beginning at 10 a.m. Those attending are asked to bring a covered dish and their own drinks. For more information call Nellie Berend of Windthorst, 423-6240 or Rosemary Fangman of Lindsay, 668-8498.

Juniors head closing liturgy

The liturgy for the closing ceremony of CCD classes at the end of school was prepared by the junior class taught by Charles and Tommi Sue Meurer.

Father Victor Gillespie was celebrant and Jerry Brawner, Sam Walterscheid, Rex Huchton and

Jon Fleitman were Mass servers. Dana Dankesreiter and Jeanne Pagel gave the first reading and responsorial psalm.

Father Victor gave the homily and then conducted the blessing of class rings for the juniors. He was assisted by Coach Charles Meurer

who summoned each junior by name to come forward and receive the ring. A blessing was asked for all members of the junior class.

John Anderle led prayers of the faithful. Tommi Sue Meurer narrated the Offertory procession. A candle and various symbols of the school years were carried to the altar by Karen Wolf, Francine

Hudspeth, Rita Walterscheid and Deann Walterscheid.

Offertory gifts were carried to the altar by Connie Klement, Peni Hess and Valerie Vogel. Perfect attendance awards were presented after Mass.

Song leaders for the closing liturgy were Ruth Felderhoff organist and Eileen Fisher soloist.

102 CCD students obtain perfect attendance record

Perfect Attendance Certificates were awarded to 102 CCD students of Sacred Heart Parish for attending the 32 scheduled classes. Presentation was made after the closing CCD liturgy on May 8.

Father Victor was celebrant of the Mass and presented the awards. Sister Romana Rohmer is CCD coordinator for the parish.

Students and parents enjoyed a picnic supper on the church grounds, immediately following the Mass.

Society announces two summer fun classes

The Cooke County Heritage Society is pleased to announce Summer Fun Classes for 1985. A Children's Craft Course will be held from June 10 to June 13. Sessions will be from 9:00 to 10:00 a.m. for children 8 to 10 years old, and from 10:30 - 11:30 for children ages 11 to 14. The Children's Craft Course will be held at the home of Michelle Kneupper, 125 Main Street, Lindsay. Mrs. Kneupper will also teach the classes. Enrollment will be limited to 8 children per class. The children will learn soap-making, candle-dipping, paper-making and wool-dyeing. Cost is \$15 for children of Heritage Society members and \$18 for children of non-members.

An Archaeology Summer Fun Class will be held June 17 through the 21st, from 9:00 - 11:00 a.m., at the Morton Museum. These classes are for children 8-14 years of age, and will have a maximum enrollment of 20 students. The students will receive a brief introduction to the science of archaeology — what it is, why it is done, and how archaeologists excavate and interpret sites. There will also be field trips within Cooke County for the purpose of demonstrating and teaching proper archaeological field techniques. Cost for the classes will be \$5 for children of Heritage Society members and \$7.50 for children of non-members. Museum Director Richard Kastl

and Curator Becky Hughes will be teaching the classes.

For registration information contact the Cooke County Heritage Society/Morton Museum at 668-8900.

MHS parents are invited to meeting

Parents of children who will be students in Muenster Public High School next fall are urged to attend an important meeting on Monday, May 20 at 7:30 p.m., in the MHS auditorium. Subject to be discussed: "Future Proms and The Welfare Of Our Children."

Montague plans May 24-25 festival

Members of the Montague Fire Department are readying for the fifth annual Montague County Bocci Ball Tournament and chili cookoff May 24-25 at the courthouse square.

The third annual county fun run will also be held, on Saturday May 25, at 10:30 a.m., states Randy Nobile, president of the Montague Volunteer Fire Department.

Fun and games for everyone is the bill of fare for the two-day event, Nobile adds. He has lined up some 40 volunteer helpers to assist in the big weekend operation. Sponsors are optimistic about this year's event and expect, if good weather prevails, that attendance will approach 2,000. Ticket sales are going well for the fish fry on Saturday.

Friday will be a short day. Registration for the chili and barbecue teams starts at 6:00 p.m. at the hospitality room in Cinner's Mall on the north side of the square. Visitors will dance to the

D.J. from 8:00 p.m. to midnight. The dance will be interrupted at 10:00 p.m. while the Cow Chip Queen will be crowned. Cook off contestants will select the queen.

Saturday is the big day. The chili cookoff starts at 10:00 a.m. under the direction of Lynn Heller and Eddie Fenoglio. They say that several chili heads have entered the cookoff and more are expected. Chili judging begins at 2:00 p.m. Out-of-town judges selected by the Wichita Falls Chili Pot will sample wares and declare winners. Some 50 teams are expected to enter this year's event.

At 10:30 the Fun Run begins. It will be in 3 mile and 6 mile divisions. Freddie Williams and Rusty Fenoglio will oversee the event and have 40 plaques ready for five different age groups.

At 1:00 p.m. the annual bocci ball tournament begins. Bocci, a game steeped in Italian history, is played with wooden balls on a regular dirt area. The game pits

two players against two players and requires skill and strength to accomplish the winning goals. Jimmy Blue and Lynn Nobile will direct this event.

Other events are scheduled among them horseshoe pitching, tobacco spitting, washer pitching, and egg toss contests.

A fish fry, starting at 4:30 p.m. and a street dance, at 8:30 p.m. played for by the Kountry Klass, conclude the Saturday entertainment.

This fifth annual event is billed as "fun for everyone", but it has

its serious side, too. Proceeds go toward fulfilling the needs of the local volunteer fire department. Past events have produced as high as \$5,000. Local firemen hope to exceed that amount this year. They will use the proceeds to upgrade existing fire fighting equipment. Plans call for equipping a smaller, lighter truck for use in fighting rural fires and for purchasing electronic devices for

individual firefighters in order to cut their response time, thus insuring better fire protection.

Summer homemaking class set at MHS

Sign-up for the summer Homemaking program at Muenster High School is currently underway. Classes will begin on Tuesday, May 28 and will continue Monday through Friday until June 21.

Incoming freshmen are invited

to participate in a week-long beginner's sewing class. Other high school students may choose from sewing, crafts, foods, make-up and cake decorating classes.

More information can be obtained by contacting Joni Sturm, 759-2282 or 759-2724.

SENIOR SPOTLIGHTS

Sandy Taylor, 17, is the daughter of Roger and Janie Taylor.

While a student at Sacred Heart High School, Sandy distinguished herself by being the 1985 Homecoming Queen, vice president of the senior class, National Honor Society secretary, Mission Club two years, Lettermen's Club two years, Thespian Club two years, Drill Team four years, and Drill Team leader one year.

In addition, Sandy was Campus favorite, class favorite and Miss Drill Team her senior year.

"The most important thing I have learned (in high school)," Sandy said, "is that if you help others, they will help you. I am glad that I have had a good education here at Sacred Heart."

Her best memories of high school? "Getting Homecoming Queen, that was really exciting to me and I am thankful that I was elected," Sandy said.

Sandy has worked part-time at Fischer Meat Market for the past year and a half. In her spare time she said she likes to walk.

After graduation, Sandy plans to attend school in Waco for two years. She is undecided about her future plans.

Sandy Taylor

Tim Knabe, 18, is the son of Herbert Knabe.

Football and track have played major roles in Tim's high school years at Sacred Heart. He was a guard on the football team his sophomore, junior and senior year, and said he liked football best because he was better at that sport.

In track, Tim was a state qualifier his junior year.

Other school activities included memberships in Spanish Club and Lettermen's Club.

While in high school, Tim said the most important thing he learned was, "That if you want something you have to work for it. Nothing is going to be given to you."

Among his best memories of school will be, "All the friends that I have. I think I'll keep in contact with them," Tim said.

Tim's hobbies include working on his car and water skiing. After graduation, Tim plans to attend college and to study business. He said he would probably go to North Texas and study real estate and/or insurance. He chose those areas of study because, "I want to get rich," Tim said.

Tim Knabe

Bret Walterscheid, 18, of Route 2, is the son of Denis and Della Walterscheid.

Football and track have made for busy high school years for Bret.

Holding the position of linebacker on the Sacred Heart football team, Bret was named all-district and all-state linebacker.

He was a three-year member of the Lettermen's Club.

In track, Bret was a state qualifier for four years in both the shot put and discus.

"There are too many important things that you learn in school that I can't just pick one," Bret said. "But, the biggest thing I will remember is playing football."

Bret has lived on the same farm all of his life. He has grown up raising cattle and said he doesn't mind it at all. "I like the open space," Bret said about farm life. "There's a lot of room."

After graduation, Bret plans to attend Cooke County College to get his basics and then to go on to North Texas. "I plan to major in physical education and to teach and coach both football and track," Bret said.

Bret Walterscheid

Stephen Schmitt, 17, of Route 2, is the son of Harvey and Della Schmitt.

While a student at Sacred Heart, Stephen served as treasurer of his junior class and class representative his senior year.

Stephen was a member of Spanish Club and participated in the school play for two years.

In sports, Stephen played the position of guard for three years on the football team, and ran the 440 relay in track one year.

Of the two sports, Stephen said he preferred football because it was more fun.

"The most important thing I have learned in high school is how to get along with other people," Stephen said.

His best memories of high school will be the things he has done and been with friends.

For approximately two years, Stephen has worked part-time at H&W Meat Company.

In his spare time, Stephen said he likes to fish.

After graduation, Stephen plans to attend Cooke County College and the go on to school in Denton. He is undecided as to what his area of study will be.

Stephen Schmitt

Craig Monday, 18, is the son of Roy and Jane Monday.

While a student at Muenster High School, Craig maintained a position on the honor roll, was a member of Student Council, served as junior class treasurer and senior class vice president.

He was on the debate team and participated in the one-act play. His junior year he was voted class favorite.

Craig was a three-year member of FFA, serving as secretary his junior year.

In sports, Craig participated in track for two years and concentrated in the shot put events.

"The study of the human body in my anatomy class was the most important thing I've learned in school," Craig said. "I learned a lot and it got me interested in science."

Craig said his best memories of his high school days will be, "The friendships I have shared."

Craig has worked part-time after school and weekends at Fisher's Meat Market for three years.

His past-time interests include photography, which he has taken up in the past two years. Animals are his favorite photographic subject.

After graduation, Craig plans to attend college at North Texas or Texas Tech and major in science.

Craig Monday

Davud Muller, 18, of Route 2, is the son of Arnold and Thresa Muller.

During his high school years at Sacred Heart, David has distinguished himself as treasurer of his senior class, senior class favorite, and maintaining a position on the B honor roll.

He was also a member of Spanish Club.

"The most interesting things I have learned in high school are in economics," David said. He believes that his education in economics will be of great benefit to him in the future, when he hopes to one day go into business for himself.

"All of the friends that I have will be my best memories of school," David said.

For the past two years David has worked part-time at Wilde Chevrolet, where his interest in paint and body work has also been nurtured.

In his spare time, David likes to play the drums. "I got interested in drums when I was about six years old," David said. "Mom and Dad just bought a set one year for Christmas." He's been beating out the rhythm ever since.

For the past two years he has been playing with various bands in the area. David said he preferred rock music and some country western music.

After graduation, David plans to continue working at Wilde Chevrolet and to someday go into the paint and body business for himself. "I just re-did my pickup last fall. I sanded it, did a little body work, and painted it. I'm still using it and I think I did a pretty good job," David said.

Davud Muller

Amy Reiter, 17, is the daughter of Leonard and Wanda Reiter.

While a student at Muenster Public School, Amy participated in Student Council two years, serving as vice president her senior year.

She was a member of the National Honor Society; Los Jovenos, vice president her junior year; FHA, three years; drama, one year; chorus, one year.

Amy was named class favorite and served as treasurer both her freshman and sophomore years.

Among other honors, Amy was FFA Sweetheart for two years, Homecoming princess for two years and Homecoming Queen candidate her senior year.

"Patients, understanding and trust are the most important things I have learned in high school," Amy said.

"The things I will remember most are the things learned from teachers and friends. The things that are not taught with text books," Amy said.

Amy has worked at The Hut for a little over one year as a sales clerk.

In her spare time, Amy likes to play golf and go fishing at Moss Lake.

After graduation, Amy plans to work this summer and look into court reporting schools. "I've always wanted to be a court reporter," Amy said.

VETERANS AND THEIR FAMILIES in cities and towns across America are taking advantage of the free counseling and claims filing service provided by the Disabled American Veterans Field Service Unit program.

Vets worry over threat to benefits

Local veterans and their families, who are concerned about the future of benefits earned through military service, will get expert assistance free of charge when a national service officer from the nonprofit Disabled American Veterans (DAV) visits Gainesville, Thursday, May 16, Caravan Motor Motel, Junction Highway 82 & 135.

"Lots of veterans and their families are worried," said National Director of Services Charles E. Joeckel, explaining the need for the DAV's visit to veterans in this area. The DAV's office-equipped van will be parked at Caravan Motor Motel, Junction Highway 82 & 135 from 10 a.m. to 6 p.m. on Thursday, May 16.

The DAV has been sending these vans, called field service units, to communities across the United States for the past 11 years.

During that time, more than 404,000 veterans, dependents and survivors have taken advantage of the free services offered by the DAV's highly trained national service officers who staff these traveling offices.

Those services include knowledgeable benefits counseling and skilled claim filing assistance.

Reunions

The annual Muller-Herr reunion, traditionally an event of the Memorial Day weekend, will be held on Sunday May 26 at the Muenster City Park. Those attending are urged to come early and remain late, and bring the usual covered dishes and usual soft drinks for the noon and evening meals. For more information call 759-2948.

On behalf of veterans visiting its field service units, the DAV has filed 148,000 claims for Veterans Administration (VA) disability compensation and pension alone during the past 11 years — 7,200 in just the past year.

Also resulting from visits of DAV field service units in 1984 were several thousand claims for VA educational programs, Social Security disability payments, VA loan guarantee and insurance programs, military benefits, employment services and the entire range of veterans' benefits and services.

"The DAV is not a government agency," Joeckel pointed out. "We're an association of nearly one million disabled vets dedicated to helping our fellow veterans, and we serve no other master. That's why we've earned the trust of America's veterans and their families over the past 65 years."

Veterans need not be members of the DAV to take advantage of this free service. It's an extension of the DAV's National Service Program, under which the DAV employs more than 260 national service officers — more than 95 percent of whom served during the Vietnam War — at VA facilities across the country.

The DAV reminded any veteran or family member who visits the van to bring the veteran's VA claim number, if available, and Social Security number. These are needed for the purpose of filing and reopening claims.

GIFT SUBSCRIPTIONS

A gift subscription to The Muenster Enterprise is a good way to say "Happy Birthday" or "Get Well Soon" or "Thank You For Your Hospitality." The Enterprise will send a suitable card with your greeting.

YHT program features baskets

Muenster's Chapter of Young Homemakers of Texas heard a program by Tina Bindel presented during the May 13 meeting in the homemaking department of Muenster High School.

She shared her knowledge of cross stitch on baskets with the seven members attending; and displayed several baskets which she had cross stitched. Everyone was given the opportunity to work on a basket of her own.

Pam Dangelmayr opened the meeting with a devotional. Janet Felderhoff, president, led the business meeting. June Bartush, secretary read minutes from the March and April meetings.

The Germanfest committee reported on the success of the YHT's booth at the Arts and Crafts Fair during the festival. They told of finalizing arrangements in the meeting held

in the home Margie Klement, and of selling German sweet chocolate cake, sweet rolls, cookies, lemonade and barbecue sandwiches on Saturday and Sunday. Pam Dangelmayr gave the financial report of this project.

Members voted to contribute \$50 each to the two Vacation Bible Schools and also to contribute \$50 to the Red Cross Swim program in Muenster.

Scheduled for the next meeting on June 10 is election of officers, to serve '85-'86. Printed forms were given to members, asking them to indicate which positions, if any, they would be willing to hold.

The program for the June meeting will be on stenciling by YHT advisor Joni Sturm. Members wishing to order a stenciling kit are asked to do so by May 21.

Vietnam companion spends weekend with Andy Klements

Bill Reilly of Boston was a guest of Andy Klement and his family from Friday through Monday. The two men have been friends since serving in the Armed Forces in Vietnam. Reilly arrived at DFW Friday evening and was met by Andy and Emily Klement and their children.

On Saturday they were all guests of Mr. and Mrs. Gene Klement for lunch, enjoying visiting and remembering old times. Other guests at the same

time were Sally, Bailey and Kylie Johnson of Denton, who remained to enjoy an afternoon on the farm.

The Andy Klements took their guest on a tour by car, from the legendary "Sam Bass" area near Rosston, to the Red River, to ranching and dairy areas, viewing new homes and building activity and important local sites.

The Klements took their guest to DFW Monday morning for his return flight to Boston.

Lehnertz gathers for festival

Guests of Mrs. Agnes Lehnertz for Germanfest and during the days that followed have been her children and several friends who accompanied them.

All were together for three days, most remained for ten days.

They were entertained by a number of relatives and friends here and spent much of the first weekend at Germanfest, recalling great times with old friends in their former town.

Family members and house guests of Agnes Lehnertz included Dave and Jane Lehnertz, Don Lehnertz, Quintin Lehnertz all of Spokane, Washington. Floyd Lehnertz of Saunderstown, Rhode Island, G.M. Lehnertz of Tyler; Dolores Shively and her daughter and son-in-law Cathy and Larry Garrison, all of Memphis, Tennessee; joined by Jim and Theresa Lehnertz and Jimmy Joe and Sandra Lehnertz and children, all of Gainesville.

Also included in the family gatherings and celebrations were Mildred and Wayne Clausen of Spokane who arrived with the others from Spokane. They were house guests of a friend, Leo Becker.

Bud Light, third in tourney

Muenster's Bud Light ball team opened its 1985 tournament season with a third place, crediting its success with a combination of solid defense and timely hitting.

The team started with an 8-5 loss to L&M Pest Control and followed with four wins as follows: 6-4 over Miller Lite of Muenster, 8-7 over DuPont Color Systems, 10-5 over Texas Outlaws

of Denton and 11-0 over Gainesville KCs. Then Bud lost a semifinal 8-4 to Braswell of Denton.

Bud Light members are Monte Endres, David Felderhoff, Kenny Hartman, Darrel Herr, Mike Hesse, Jay Mollenkopf, Kirk Mollenkopf, Monte Moore, Angelo Nasche Jr., Glen Pharr,

Joe Reeves, Todd Richey, Craig Walterscheid, Mel Walterscheid, Phil Wolf and Coach Adam Wolf. All are grateful to their sponsor, Gilbert Endres Distributing, and especially to George Grounds.

The team will sponsor a tournament June 5-8 in Muenster. Interested persons are invited to call Angelo Nasche Jr., 759-4386, or Craig Walterscheid, 759-4585.

MUESTER HIGH ENTRIES found too much competition at the state track meet and finished far down the list in spite of their usual good records. Keith Klement, two time winner in the regional finished fifth in the 3200 meter run and seventh in the 1600 meter run. The girls 1600 relay team,

second at regional was eighth in the state. Pictured are the five Muenster entries awaiting their events: Meredith McDaniel, Rita Walterscheid, Melody Klement and Dana Dankesreiter with Keith Kelemment.

Work day, gunfight scheduled for Rosston Fire Department.

Rosston area residents are reminded of a general work day sponsored by Rosston Volunteer Fire Department on Saturday, May 18 beginning at 8 a.m. at the Fire Hall. Sponsors urge them to call Herbert Richardson, 768-2213

if more information is wanted. Also announced is that this year's Sam Bass Day, July 20 will feature a Gunfight Team Competition sponsored by Team Competition sponsored by the Fire Department and hosted

by our local gunfighting group The Old West Gunfighters. Ricky Huckabay and Ran Greenead are working with the National Association of Old West Gunfighters to have it officially sanctioned. This way the par-

ticipating teams may gain points toward becoming the state's team champions. The skits presented by the teams will just be part of the afternoon entertainment.

St. Richard's observes birthdays

Al Vogel's relatives and St. Richard's residents celebrated his birthday with a party on April 25. Sonny and Norma furnished accordion music and songs.

On April 27 Mrs. Earl Fisher brought fresh strawberries and cake for strawberry shortcake for everyone to honor the birthday of her mother, Mrs. Rose Evers.

The May birthday party was held on May 2, but there were no birthday honorees. So everyone had a party. St. Richard's Villa provided cakes and punch. The Cross Timbers Band furnished the music. Mass was offered on Friday, May 3 at St. Richard's Villa.

Mildred Lawson of Gainesville entertained the residents on May 10. Everyone was busy on Saturday getting ready for Mother's Day. Church services were held on Sunday. Many mothers spent the day with family members. Doris Grewing and Angie Barnhill came to visit, bringing doughnuts. Betty Rose Walterscheid made corsages for all the ladies and presented

them. Residents received a special treat recently when Butch Fisher brought delicious German

sausage. They thanked him and also thanked the Volunteers who bring so many joys and special events.

LLOYD HINKLE, left, farms near Forestburg in the Dry Valley bottomland. He was named Farmer of the Year in Zone I and presented a carved wooden plaque made by Bavarian Woodcarvers of Dallas, formerly of Muenster. Lynn Gray, right, of First National Bank, Bowie, presented the award. Hinkle has improved 1766 acres of rangeland from wooded range in fair condition to a bluestem range in high good to excellent condition. This was achieved by carrying out brush management, range seeding, deferred grazing and proper grazing use. Photo by David Fette

Fishers join Europe pilgrimage

Mrs. Margaret Fisher and Joe and Gertie Fisher were members of a pilgrimage group of 188 tourists who traveled on the Blue Army "Queen of the World" plane and then spent nine days on a pilgrimage tour of Rome, Lourdes and Fatima.

Included with the group were seven priests. Holy Mass was celebrated on the plane. The flight, which began on April 22, took eleven hours.

After landing in Rome, the tour group was taken by private Blue Army bus to begin the crowded schedule. First stop was at the Catacombs of Stephen where Holy Mass was celebrated and the travelers viewed the underground passages. Later they visited the Basilica of St. Mary Major and St. John Lateran.

The next afternoon, in St. Peter's Square in beautiful weather, they were privileged to be in an audience with Pope John Paul. He spoke in a clear and impressive manner in several languages. He told them also that he attributes his protection on the fateful May 13, 1981 attempt on his life to the special protection of

Our Lady of Fatima, citing his particular devotion to the Mother of Jesus.

Next the group traveled to Assisi, attended Mass at the tomb of St. Francis and at another church viewed St. Clair's body through glass, beautiful but darkened.

From Rome they went to Lourdes where they took the famous baths and secured Lourdes water. In the afternoon they witnessed special services for the sick and handicapped, amazed to see so many, many people brought in wheel chairs or stretchers, cared for by their nurses.

"The benediction singing and prayers with the special blessings were impressive," said Mrs. Fisher. "In the evening we had a candlelight procession singing and praying the rosary."

The next day they traveled to Fatima to spend three very impressive days, and enjoying time with all the group members who were becoming good friends.

They visited the Basilica where the bodies of Jacinta and Francisco of Fatima fame are buried at the sides of the main altar. In a

side chapel, nuns, dressed all in white, keep perpetual adoration.

"The next day", Mrs. Fisher said, "our wonderful guide took us on a sight-seeing trip we will never forget." She related their impressions of the home where Jacinta and Francisco lived. They saw the bedrooms, and the bed where Francisco died, but Jacinta who suffered greatly, died in a hospital. A younger brother, John still lives there.

The group was taken to the home of the children's cousin, Lucia where they saw the well where the angel appeared to the children, and where Lucia, the eldest, received Holy Communion from the angel. Lucia, now 75 years old, lives in Coimbra. She is a cloistered Carmelite and visits Fatima only rarely. In Coimbra they also visited the church where the body of St. Elizabeth rests in a silver coffin. "This St. Elizabeth, the Queen of Portugal", the Fishers said, "is the one we remember from our childhood reading about the 'Miracle of the Roses.'"

The tour group also visited the royal Castle of Ourem. After first

attending Mass in the church, the group was entertained by an historical pageant in the castle's Medieval Banquet Hall. In Pantomime Theatre they viewed famous personages who lived in the castle during several centuries of Portuguese history. One of these was St. Elizabeth, the Queen.

Woven into the pageantry were references to the Scapular and the Rosary. The final part of the pageant showed the parallel of historic Portugal leading up to the Fatima Miracle of 1917.

Margaret Fisher said the accompanying music was particularly beautiful.

In the Medieval Banquet Hall, the 188 tourists were served a magnificent and delicious dinner on ancient pottery dishes. Many tourists are entertained there every year. The Fishers traveled with group members from Midland, Wichita Falls, Houston, San Antonio, and the states of Louisiana, Missouri, California, Virginia, Oregon and Pennsylvania.

The Fishers concluded by saying "We remembered all our family, friends and fellow parishioners at the Shrines."

Forestburg News

by Myrt Denham

Forestburg's first Bike-a-thon for St. Jude Children's Hospital was a big success, thanks to riders, parents, grandparents and friends who supported it. We made \$540.70. A sincere thank you and grateful appreciation to all who helped in any way.

There will be a "Hot-Dog Supper" at the Log Cabin, in Forestburg, Saturday evening, May 18th at 6 p.m. Proceeds will go for repair to the cabin. In case of rain

it will be at the Old Community Center. Anyone interested in our Sesquicentennial in 1986 is invited to come help us repair the Cabin. Everyone in Montague and Cooke Counties or surrounding communities is invited.

Thanks go to Johnny Lanier for all his community service last weekend, for mowing rodeo grounds, community center and Roadside Park. It is greatly appreciated.

Clifford Hudspeth underwent major surgery Fri. May 10th at Westgate Hospital in Denton. He was removed from ICU on Sunday the 12th. At this writing Clifford is doing as well as can be expected. It all goes according to plans he should be able to come home this weekend.

Vera Mae Mc Gee was admitted to Bowie Memorial Hospital the middle on last week - she was dismissed on Saturday into the care of her daughter - Mrs. Edna Merle Hill of Bowie.

H. A. Dunn of Dyemound was also a patient in Bowie Memorial Hospital last week. He was hoping to be released on Saturday.

T. J. Vann of Montague was admitted to the same Hospital on Thurs. of last week. T. J. is the father of Mrs. Glen Romines of the Dewey area.

Another Bowie Memorial Hospital patient over the weekend was Henry Berry of Nocona. Henry's parents are "Dude and Bula Mae Berry. Henry got to go home Sunday.

Brent Shults, son of Mr. and Mrs. W. N. Shults, was involved in a one car accident Fri. nite - May 10 on his way home from Bowie. He was admitted to the Bowie Hospital and dismissed on Sun. the 12th.

Ted and Laura Belle Jackson attended the Regular meeting of the Greenwood Chapter of the Order of the Eastern Star Fri. p. m. May 10th.

Mrs. Gladys Barclay, Mr. Billy Barclay, Jennifer and Shane of Saint Jo motored to Boerne, Texas, Saturday May 11 to attend the wedding of Gladys' niece. From there Gladys and Shane will

go on to Port Lavaca to visit with her daughter and family.

Mrs. Dewie Ellzey and daughter Caronell Wright of Temple spent from Wednesday, May 8 to Sunday, May 12 in Dewie's home here in the burg. Many of Dewie's friends dropped by to visit with her.

Miss Veronica Edwards, daughter of Mr. and Mrs. Charles Edwards, is a recent graduate of Weatherford Junior College.

Mr. and Mrs. Jack C. Dill, Mr. and Mrs. Charles Dill and family, Mr. and Mrs. Ted Jackson, Mr. Mrs. Debra Dill and children, Mr. and Mrs. Hal Hays and Leann, Mrs. Gayle Edwards and Mrs. Faith Sandusky attended Graduation Exercises at NTSU in Denton, Saturday, May 11. The Jack C. Dill's daughter, Vatoni, was among the graduates. After

the exercises there was a big family get-together in Vatoni's home in Denton.

Mrs. Joe Denham, Bellmire home in Bowie, was a visitor in the Perryman Denham home from Friday, May 10 to Sunday, May 12.

May 11-13 visitors in the Kenneth Woods home were Mr. and Mrs. J. R. Motes of Dumas who arrived on Saturday and returned home Monday, May 13. Dr. and Mrs. Kenny Woods of Henrietta arrived on Saturday also, but returned home on Sunday. Mrs. Peggy Cain of Thacker-ville, Okla., plus the Billie Biffles were also visitors on Sunday. Charlene informed me that J. R. Motes and Kenneth are cousins.

Fathers Fuhrmann and Post

Mass marks baccalaureate

Baccalaureate service for the 1985 Lindsay graduates consisted of a celebrated Mass on May 12 by Father Nicholas Fuhrmann and Father Cletus Post, with Father Nicholas giving the homily. Senior participants were Brenda Haverkamp and Laura Lutkenhaus as lectors; Julie Myrick and Jeff Hellman presenting petitions; also Deana Nor-

man and John Corcoran narrating as offertory gifts recalled varied student interests. Kurt Hermes presented the US flag; John Sprouse a globe; Angela Hellingner, cheerleader pom-poms; Scott Fleitman, Bible; Craig Hellingner, diploma; Steve Corcoran, football; Sherry Anderle, basketball; Kenneth Fuhrmann, track baton. Traditional

offertory gifts were presented by Kenny Noggler, Randy Hess, Doris Voth, Collette Hoenig and Jeff Wimmer.

Jeff Wimmer and Kevin Fuhrmann took up the Sunday collection; Brenda Haverkamp and Kenny Noggler extended the Sign of Peace. Kenny Bezner, Martha Fuhrmann, Deana Nortman, and Laura Fuhrmann were the singers.

FATHER CLETUS SPOTTED in Lindsay confirmation procession.

Beta Kappa reviews busy club schedule

Applicants for the annual Beta Kappa Scholarships were presented by the scholarship committee to members of the sorority at their May meeting held in the home of Debbie Hess on Monday, May 6.

A \$400 scholarship will be given to one by Becky Felderhoff at the Sacred Heart High School awards banquet, and by Martha Koester to the other winner at the Muenster High School awards banquet.

Pam Fette, president conducted the meeting.

Members were reminded of the church-door collection to benefit St. Jude's Hospital on June 9. Members expressed delight over the success of their strudel booth at Germanfest. Plans are being

discussed for next year's booth.

They also decided to serve supper on Saturday, May 11 to workers on the Jim Hoedebeck house.

An appeal was received from sponsors of the Red Cross Swimming program, requesting Beta Kappa volunteers and possibly a cash donation. Several members volunteered to help and Beta Kappa sent a \$25 donation for supplies.

Ladies Day Out was planned. Members will go to Grandbury on Friday, June 14, have lunch at "The Nutt House" and attend a matinee of "Hello Dolly!" at the Granbury Opera House.

Powderpuff football on Friday

Football returned to Lindsay last Friday night as freshmen and junior girls beat sophomores and seniors by a count of 8-0.

Following a TD by Minnie Hundt, an attempted 2 point PAT failed but a third quarter safety was good for extra points.

Wayne Fleitman and Michael Hermes coached the freshmen and juniors, Doug Anderle and Greg Haverkamp coached sophs and seniors.

Proceeds of the contest went to the Lindsay FHA.

TADA Executive VP named

David Jenkins, former president of the Greater Odessa Chamber of Commerce, assumed the duties of executive vice president of the Texas Automobile Dealers Association May 1, said TADA President Gene Fondren.

In the newly created position, Jenkins will share overall management responsibilities of the association with Fondren. TADA's membership includes more than 1400 Texas franchised new car and truck dealers.

Jenkins has headed the Odessa chamber — one of the largest in Texas — since 1983. Before going to Odessa, Jenkins was president for three years of the OakCliff Chamber of Commerce, which serves more than 300,000 people and is the largest area chamber of commerce in the United States. He has also been a project coordinator/marketing analyst for the Methodist Hospitals of Dallas.

Jenkins received his masters degree from Ohio University at Athens and his undergraduate degree from the University of Idaho. He is also a graduate of the Institutes of Organizations Management, a six-year program sponsored by the U.S. Chamber of Commerce.

Jenkins was a charter member of the Northwest Texas Legislative Council, which is made up of representatives from four west Texas cities with common legislative interests.

He recently resigned from the board of directors of the Texas Tech University Regional Academic Health Center at Odessa.

He was listed in Who's Who in America and Who's Who in the South and Southwest in 1984 and 1985. Jenkins was named outstanding Young Man in America in 1981 and 1982.

He was president of the Dallas Area Chamber of Commerce Executives and he was a charter member of the Economic Development Board for Dallas in 1982.

In 1983, Jenkins was first vice president of the United States Highway 67 Association.

He was an OakCliff Optimist and he served on the boards of directors for Odessa Economic Development Corp., the Odessa Industrial Development Corp. and the Odessa Health Facilities Corp.

Jenkins and his wife, Kim, have a 19-month-old son.

IN THANKS
I would like to thank all the Parent-Teacher Organization members and also those parents who were not members of P.T.O. for their work in the concession stand during the past football and basketball season. Everyone we called on did their job efficiently and cheerfully. A special thanks goes to Gerrie Wimmer for again taking charge of the concession stand. It is a big responsibility which she handles like a pro. Thanks too to my fellow officers, Jerry Bynum, Gwen Carroll, Judy McDaniel, Mary Alice Bayer, and Edgar Dyer, and to Eddie Green and Tommie Sue Meurer.

NOTICE

By Order Of The Federal Communications Commission Customer Notice of Interstate Access Charge

To: All Customers

The Federal Communications Commission (FCC) has ordered telephone companies to begin charging residential and single line business customers a \$1.00 per month subscriber line charge, effective June 1, 1985. These subscriber line charges are designed to recover a portion of the costs of connecting telephone customers to the nationwide telephone network that in the past were recovered through interstate long distance charges.

Due to changes in the telephone industry and increasing telephone competition in long distance telephone service, the FCC has determined that it is no longer appropriate to recover certain local network costs through long distance charges. We anticipate that the subscriber line charges authorized will be offset by reductions in charges by long distance service providers.

If you have any questions about these charges, please call the Muenster Telephone Corporation business office at 759-2251 and 726-3333 if you are in the Valley View system.

County Agent's Report

The first part of this week we saw some really bad weather in the county. Reports of several small tornadoes in the south part of the county were made. I have only seen one in my life several years ago, but it was certainly a frightening experience. It all happened so fast that a friend and I did not really know what to do.

The other day I was looking at some information that was sent to us by Dr. Gary Nelson, who is a Safety Engineer at Texas A&M, and I thought we would pass these tornado precautions and safety rules along to you.

Tornadoes can occur any place in the United States at any time of the year. They happen most frequently in the midwestern, southern and central states from March through September. Over the years, tornadoes have been a serious and deadly threat to Texans.

Tornado "weather" can be hot, sticky days with southerly winds and a threatening, ominous sky. Familiar thunderstorm clouds are present. An hour or two before a tornado, topsy-turvy clouds appear sometimes bulging down instead of up. The clouds often have a greenish-black color. Rain or hail frequently precedes the tornado.

Tornadoes occur mostly between 3 and 7 p.m., but they occurred at all hours.

Tornadoes in most cases move from a westerly direction, usually from the southwest. The tornado's path is usually 10 to 40 miles (the average length is 16 miles,) but they may move forward for 300 miles. The average width of the path is about 400 yards, but they have cut swaths over a mile in width. Speeds within the tornado have been estimated at 500 miles per hour.

Tornadoes cause destruction with violent winds which uproot trees, destroy buildings, and which create a serious hazard from objects blown through the air.

Remember — A **TORNADO WATCH** means tornadoes may develop in the area. A **TORNADO WARNING** means a tornado has been sighted in the area. Should you hear the sound of local sirens, turn on your radio or TV for information. Do not call Emergency Preparedness, the police or the weather bureau except to report the sighting of a tornado.

Keep calm and help prevent public excitement and panic. Establish emergency plans for every school, church, hospital, hotel, business, house, industry, and trailer park.

When a tornado is sighted — keep calm. It will not help to get excited. Remember you are safer indoors than out except in a mobile home. Flying debris is one of the major causes of death and injury during a tornado.

1. If Outdoors:
A. Seek indoor shelter if time permits; if not, get into a ditch, ravine, or low-lying area.
B. If in a vehicle, park the vehicle and get into a ditch or ravine. A vehicle offers no protection from a tornado.

2. In a House:
A. In houses, the basement offers the best protection.
B. In houses without basements, go to the center hallway, bathroom, or closet.
C. Stay away from windows — get under heavy furniture.

3. In Apartments:
A. Move to the center hallway, bathroom, or closet.

B. Stay away from windows — get under heavy furniture if possible.

4. In Mobile Homes:
Mobile homes are particularly vulnerable to overturning during strong winds and offer no shelter. Leave mobile home. Seek mobile home trailer park shelter if available. Otherwise, look for a ditch, culvert, or low-lying area.

5. In Schools:
Move to central hallways. Avoid gymnasiums and auditoriums with large, poorly supported roofs. Stay away from windows. Follow the instructions of the principal.

6. In High-Rise Buildings:
Move to the center of the building, the hallway or stairways. Avoid areas with large amounts of glass.

7. In Industrial Plants or Warehouses:
Move to an area that has interior walls. Avoid windows. Avoid areas with clearspan, lightly supported roofs. Follow company policy.

8. In Shopping Centers:
Stay indoors. Stay away from glass. Move to an interior area close to interior walls. Sit on floors to avoid flying debris.

Add up what a 9-month John Deere finance charge waiver means to you

Are most advertised "low-rate" finance offers the big deals they're made out to be? Not compared to John Deere's 9-month finance charge waiver on new tractors, 40- to 300-hp.* As the chart shows, the John Deere 9-month waiver is more attractive than most of the low-rate offers you've read about. And, as you can see, paying off the John Deere contract early could result in an effective rate as low as 3.38%.

Don't be misled — compare real finance charges

If balance owed is paid off after	Your effective annual rate**		Your total finance charge**	
	w/8.8% APR, no waiver, is:	w/JDFP 13.5% and waiver is:	w/8.8% APR, no waiver, is:	w/JDFP 13.5% and waiver is:
1 year	8.8%	3.38%	\$2640	\$1013
2 years	8.8%	7.45%	\$4701	\$3946
3 years	8.8%	8.68%	\$6132	\$6023
4 years	8.8%	9.11%	\$6878	\$7127

**Chart is based on a typical situation using current finance charge rates: 48-month contract, \$30,000 amount financed, with 4 annual payments of equal amounts and first payment due 12 months from contract date. Actual rates and finance charges will vary depending on payment schedules and rate changes on variable-rate JDFP contracts.

And the John Deere Finance Plan also includes physical damage insurance and, for qualified individuals, credit life insurance. All that on a tractor with proven high trade-in value. A John Deere tractor with a warranty backed by a solidly established manufacturer. A John Deere tractor we'll treat like our own when it comes to supplying parts and giving shop service. Added together, the 9-month finance charge waiver and the John Deere tractor deliver more real value to you.

*Availability of John Deere financing subject to approved credit.
