

## Valley View voters ponder bond issue

Residents of the Valley View Independent School District will go to the polls October 6 to vote on a \$1.5 million bond election to remodel and add to school facilities.

According to school superintendent Bert Glascock, the proposal will provide for "a bare minimum" of the growing school district's needs.

On the drawing board are four major changes or additions to the

school's existing facilities:

— the existing cafeteria would be remodelled into a three-classroom building for use by the primary grades;

— the existing vocational building would be remodelled to add three classrooms, converting it into a seven-classroom building for the sixth through eighth grades;

— a vocational building would be added onto the present high

school building, with home economics classrooms and kitchen, ag classrooms and a shop area;

— and a new "multi-purpose" building would be constructed in the center of the campus, to house a new library, cafeteria and combination gymnasium-auditorium with shower and dressing facilities for PE and athletics.

Out of the project, the school will gain 10 sorely-needed classrooms — two where the high school library is now, two in the new vocational building, three in the old vocational building and three at the elementary school where the cafeteria is now — in addition to getting a new gym, cafeteria and library.

At the present valuation, the bond payment would increase the district's tax rate 45 cents, from .87 to \$1.32. The payout on the bonds would be 13 years, according to Glascock.

"We're talking about a large increase in taxes," he said. "This is a property-poor school district.

## United Way kicks off

The Cooke County United Way kicked off an ambitious fund-raising campaign Monday with a barbecue supper at District Judge Larry Sullivan's quarterhorse ranch.

The goal of \$125,000 is within reach, according to drive chairman Keith Russell.

"This goal is in line with the steady growth we've been showing for the past several years," he told the crowd at the kickoff supper. "We've got more agencies now that benefit from the United Way, so we need to get out and work harder to support them."

The advance division, with a goal of \$36,500, kicked off last week and is scheduled to wrap up its activities sometime in the next week. The entire campaign will wind up by the end of October, with a "victory luncheon" scheduled for October 31.

Last year's campaign raised \$120,164, surpassing a goal of \$115,000 under drive chairman Mike Murphy. Murphy, who moved to Corsicana recently, was replaced as United Way president by Gordon Adair.

Other officers include Rick Williams, first vice-president,

Sharon Driggers, second vice-president, Tim Turbeville, treasurer and Marsha Day, secretary.

Volunteers will be calling on individuals and business over the next few weeks to raise funds to support 14 charitable agencies — with most of the money staying in Cooke County to address local needs.

Agencies and the amount of funding they will receive are: — the Gainesville Boys Club, providing recreational activities

## "Private Lives" on stage in Gainesville

The first play of the season opened Thursday night at the Butterfield Stage Playhouse at Main and Denton in Gainesville.

The play, Noel Coward's "Private Lives," stars Dick Powell, Lynette Kirk, Elaine English and Jim Fielder and is directed by Fielder. It is the tale of two newlywed couples — Elliot and Sybil Chase, and Victor and Amanda Prynne — who arrive at the same motel at the same time for their honeymoon.

Elliot and Amanda were formerly married, however, and the witty comedy explores the many facets of the relationships as they unfold.

Curtain time is 7:30 p.m. Thursday, Friday and Saturday nights for three consecutive weekends, running through October 6. Tickets may be reserved by calling the box office at 665-8152 from 2 to 6 p.m. or they may be purchased at the box office or the Gainesville Chamber of Commerce office.

Season tickets cost \$11.

## Muenster ready for homecoming night

Everything's all set for the 1984 homecoming at Muenster High Friday night. The event headed by a football encounter of MHS Hornets and Windthorst Trojans, will include a pre-game parade, half-time formalities and a dance after the game.

First on the program is the parade starting at 6:30 at First and Main Streets. It will include queen candidates and princesses in con-

vertibles driven by Seniors Cory Klement, Jay Mollenkopf and Craig Monday, also the Hornet Band, cheerleaders, mascot and any others who care to join them. They will arrive at the Hornet stadium at about 7 p.m., at which time the band will present a program.

At half time the queen can-

## Resident admits to water theft

Council declines criminal charges, accepts restitution

A Muenster resident will pay an \$800 water bill this month — gladly.

The resident, whose name was not released, met with the city council last Wednesday to ask that they not seek a criminal indictment against him for theft of water dating back to 1978 — and perhaps beyond.

The city discovered recently that a local resident had tapped a water line going into the meter at his residence, run another line around the meter and tapped back in. The resident's water bills had been consistently low since just a few

months after the meter was installed in '78.

City crews discovered the irregularity when they were reading meters at the end of August. Although a sprinkler was running when the crew came, they noticed the meter was shut off. A quick check revealed that water pressure remained the same whether the meter was on or off.

At the Wednesday council meeting, the resident appealed to city authorities not to take the case to a Cooke County grand jury which was to meet last week. He offered to make full restitution for

the water stolen over the six-year period, plus pay expenses for the investigation, labor and backhoe charges for digging up the evidence and the cost of moving the meter to avoid such an occurrence in the future.

The council accepted the offer, declining to prosecute the case.

The water alone will be billed at \$800, with other charges expected to increase the total to more than \$1,000. Since no criminal charges will be filed, the city is not releasing the name of the resident

## Eagles trounce Tigers

Sacred Heart still seeks first win

State-ranked Valley View blew into town Friday night and swept to a convincing 48-0 win over Sacred Heart in a non-conference game for both schools.

The Tigers, now 0-2 on the year, displayed a lot of courage and some promise for the future in the face of a Valley View onslaught that will likely be hard for anyone to stop this season.

The Eagles called upon senior running backs Ray Sappington and Gary Ward for a combined 236 yards rushing, and quarterback Mike Montgomery hit six of

nine passes for 108 yards while rushing for another 56 on 13 carries.

"It seems odd to say it, but we definitely improved over the week before," Sacred Heart coach Virgil Henscheid said this week. "I think moving Bret (Walter-scheid) to running back was a good move — he can help us more there and — (freshman Scott) Taylor did a fairly good job at quarterback. He made a few mistakes, but to have just stepped into the position like that, he did a good job."

Valley View coach John Kassen

also gave the Tigers credit.

"They played hard," he said. "The freshman quarterback will be a pretty good boy when he gets some experience. We played pretty well — it wasn't just them. We didn't have near the missed assignments we had the week before against Paradise."

The Eagles evened their record at 1-1 with the win, after losing their opener to top-ranked Paradise.

Friday night's game saw Valley

Nothing is more obvious than the fact that the Mondale-Ferraro party, and not the GOP, is departing from the American way. The truth of this matter is that our forefathers were men of deep religious conviction and moral integrity. Their belief in God and dedication to His divine will are apparent in their frequent mention of Him in the Declaration of Independence and the Constitution, as well as the wording of those documents to acknowledge that personal rights are derived from the Creator, not from the governments.

Theirs is the attitude which prevailed in U.S. politics until the Godless element moved in. No, the spirit of America has not been violated by the GOP candidates. It was done many years ago by the humanist element which lost sight of God. There is no other way to judge this matter. A nation is wrong when it stoops to tolerate, even support, gutter morality and the murder of unborn children.

The incident which apparently lit the fuse of the Democrat flareup was the President's talk at a prayer breakfast during the GOP conven-

tion. Persons who attended and approved were members of many faiths, also some of no personal affiliation but who, like Benjamin Franklin, encourage religion because it makes people's lives better.

The president cited a number of incidents in which present law interferes with common sense God given rights, and went on to say "I believe that faith and religion play a critical role in the political life of our nation and always have, and that the church...and by that I mean all churches...has had a strong influence on the state, and this has worked to our benefit as a nation. The truth is that politics and morality are inseparable. And as morality's foundation is religion, religion and politics are necessarily related. Without God democracy will not and can not long endure."

The president's statements brought out a great deal of vicious

# COMMENT

hateful response. Mondale said it could "corrupt our faith and divide our nation." New York Times called the speech "dangerous, divisive mixing of religion and politics and a blatant attempt to divide Americans. And that, in the civic, secular sense of the word, is a sin."

Isn't it a little unlikely that people of such twisted convictions should be qualified to identify any statement as sinful?

The fuzzy thinkers who entertain the wild ideas of separation of church and state would do well to refer back to a former president who said "of all the dispositions

and habits which lead to political prosperity, religion and morality are inseparable supports." He advised us to be skeptical about "the supposition that morality can be maintained without religion. He said that "reason and experience both forbid us to expect that national morality can prevail in exclusion of religious principle." The president who made those comments was not our 40th, but our first.

A proper view about the question of religion and politics is that the real debate is not between Mondale and Reagan, but between Mondale and George Washington.

## Letter to the Editor

Dear Sir:

Your "confetti" article of September 14 concerned a proposal that workers have the option of individually investing the amounts they now pay in social security (FICA) taxes. In your editorial, you favored such a proposal. Please permit me to present some additional considerations.

Individual Retirement Accounts (IRA's) are one of several excellent savings mechanisms by which one can supplement future social security payments. The basic intent of social security is that it only replace in part the earnings which a worker loses through retirement in old age, death, or disability. Therefore, a worker should plan to supplement his future social security benefits.

A common misconception is that social security taxes are used to provide retirement income protection only. In fact, only about two-thirds of the program's benefits are for such protection. In addition, family benefits for the worker who dies; disability benefits for the worker and his dependents; and health insurance (Medicare) for the aged and disabled account for over a third of the program's costs. Certainly, no one would doubt the vital importance of these categories of protection.

You cite the impact on businesses that FICA taxes would

have if invested in IRA accounts. Again, while totally supporting the concept of IRA's as a "supplement to social security", I must point out that FICA taxes invested in local IRA accounts would have less impact on businesses than the present receipt of social security benefits generated through the collection of FICA taxes. All current taxes are returned in total in the form of monthly benefits. (The interest rate on the reserves are more than sufficient to pay the 1 1/2 percent administrative costs.) Because benefits are weighed in favor of those with lower earnings (consistent with the social insurance objective of the program), areas with a high percentage of elderly population and non-industrial in nature invariably receive significantly more in monthly social security benefits than that area pays in FICA taxes. In getting \$21,600,000 in social security benefits annually, Cooke County's 5,200 recipients bring far more to the county than is paid in FICA taxes. Hence, the value of benefits exceeds the taxes which could be invested in IRA's.

Unfortunately, a relatively low percentage of the nation's workers now avail themselves of the opportunity to invest in IRA's. A recent article in Time magazine cited the fact that Congress is reconsidering expanding the amounts a worker can so invest.

Sincerely,  
Gus Jones  
District Manager

## State Capitol Highlights ...

AUSTIN — Political attention turned away from campaigns last week when news broke that a Port Arthur state senator had been indicted on pornography, promotion of prostitution and perjury charges.

Rumors had barely rippled in this summer during the special session that State Sen. Carl Parker was being investigated, but the waves weren't large enough to keep Parker from heavily influencing the education tax bill which was passed.

As chairman of the Senate Education Committee, Parker and others were instrumental in holding the tax bill hostage until a sales tax hike provision was included with various other increases in the record tax bill.

After the probe became public last week, his hometown defenders accused a local prosecutor of waging a political vendetta against Parker. Parker, himself, issued a statement saying he had committed no crime. Around the state, his colleagues in the Legislature issued statements of surprise and shock.

### Business Partner

The charges stemmed from Parker's ownership interest in a building alleged to house a hard pornography marketing operation and a prostitution ring. The perjury charge alleged he had lied to a grand jury during the probe. All indictments came from a state grand jury in Beaumont.

### Some Convene

Texas Democrats held their state convention in Dallas last week, overwhelmingly re-electing chairman Bob Slagle to his third term. Slagle, generally regarded as one of the hardest working chairs his party has ever had.

### Some Bolt

A couple of days after the Democrats adjourned, some 15 former local and state Democratic officials from Dallas County announced they had joined the campaign of Republican Phil Gramm.

Their reasoning is that Gramm's opponent for the U.S. Senate is too liberal, and not really what they call a Texas Democrat.

# Homeowner's withdrawal ...

A question has plagued me ever since we left our house in Andrews and moved to a rented apartment here: What do I do on Saturday afternoons?

In my own house, there was always something to fill my weekends, weekday nights, the last 30 minutes of my lunch break. I could chose from a whole home handyman's smorgasbord of projects: putting the door on that bathroom cabinet, retouching the plaster in the closet, shoring up the floor under the water heater, installing sliders on the folding closet doors, tightening up the windows in preparation for the next sandstorm — the list was almost endless.

And that was just inside. Outside, if the weather was nice, I could go from flower bed to flower bed pulling weeds and watering, I could mow or till or check on the garden, fill holes in the dog's kennel, nail up loose boards on the fence, plant trees, kill grubworms, trim hedges, turn the compost pile, and on and on.

I never realized it before, but the primary reason for owning a home is not have a place to live — it's to have something to do.

Now that I don't own my place of abode I spend long hours every weekend drifting around the house aimlessly, a man with no purpose in life. I read or play guitar or visit with my wife and kid, but behind it all there's a hollow feeling. I haven't knocked out a wall in months. I can't even hit a nail on the head anymore, and none of

my clothes have a drop of paint on them.

What is going to become of me? I'm suffering from handyman's withdrawal.

Last night I pulled down the huge "Home Handyman's Guide" that I got for Christmas last year. My pulse raced as I leafed through the pages, reading things like, "How to repair cracks in brickwork," and "Elementary wiring on new additions."

I almost wept every time I came across a project similar to something I had done — plumbing a new sink or turning a door into a window. Those were the best times of my life, I realize now.

A few weeks ago I got a little reminder of the good old days — the commode started leaking. My wife suggested I call the landlord and have someone sent to fix it, but I didn't even consider it — this was my baby. Something to repair at last!

I cut off the water and flushed it to drain the tank, then began an investigation that all too soon revealed the problem. It was just a crack in the old rubber stopper that pops down after you release the handle — far too simple. I had hoped for something involved and complex.

Still, I took the old stopper off, went to the lumber yard — my favorite place to shop in all the world — and chewed the fat for awhile about what kind of replacement part to get.

As luck would have it, the first thing I bought worked like a

charm, the toilet was fixed and I haven't had to go back to the lumber yard since. Back in the good old days I could stretch a simple toilet repair over two weeks if I worked at it, and get 15 trips to the lumber yard out of the bargain.

That's what really scares me — I think I'm losing my touch.

Having an apartment makes me realize how much of my time and money the house soaked up. I catch myself all the time thinking, "I'd like to build in a table for barbecuing on this back deck," or "What if I cut a door between these bedrooms?"

They're not really needs — the apartment is nice and we have everything we need — but if the place were mine I'd probably do them. It's my nature, I guess, to be constantly working on the place where I'm living.

Until the house in Andrews sells, we're not even looking to buy out this way. But when we do, we want a place that's really junky, with lots of unneeded walls, a lack of shelving, leaky toilets, and doors that can easily be turned into windows. I want them to know my name at the lumber yard. I want them to roll their eyes and nudge each other when they see me walking in with some new tale of woe and some old, beat-up, worn-out part in my hand — just like the good old days.

I'm not looking for a place to live, you understand, I'm looking for a reason.

# Why I support Reagan ...

BEFORE THE 1980 election the economy was on the verge of collapse from skyrocketing taxes, inflation, and interest rates. Absurd regulatory rules had created the greatest energy crisis in the nation's history. The United States had been humiliated in Iran and around the globe. The Soviet Union had become the greatest military power on earth.

President Carter, in his malaise speech, chose to blame our country's problems on the American people themselves.

It seemed to many people that no one could offer us hope for a better future. Then Ronald Reagan, like FDR and JFK, offered hope. He lifted the American spirit and reminded us that there was no obstacle we could not overcome, if only our leaders would have faith in the people.

As President, Reagan stopped the overall growth of federal taxes. He worked to stop the flow of political power to Washington, and he showed compassion for the working people who carry the burden of the wasteful Washington bureaucracy.

President Reagan fought to restore America's military strength and discourage aggression by our enemies. Against strong opposition, he supported the anti-communists in Central America. He told the truth about the vicious killers in the Kremlin. Most important, he liberated Grenada, the first nation to be freed from the iron grip of the Soviets.

Yes, the President has made

mistakes. He failed to clean out the bureaucracy, leaving in place many people left over from liberal administrations. He increased funding for programs that benefit mostly the well-to-do. He bailed out the big international banks, failed to stop taxpayer funding of leftwing interest groups, and agreed to a temporary "Band-Aid" solution to the Social Security crisis. He supported four tax increases, increased federal spending from 23 percent of the nation's income to 25 percent, and proposed huge budget deficits.

Yet conservatives agree that we must help reelect the President. Why? Consider that alternative.

Walter Mondale believes that "Ronald Reagan is...a radical. He's like Mao Tse-tung." "Reaganomics," says Mondale, "ushered in the cruelest assault on social justice in American history."

"I'm going to cut defense below the Reagan budget by about \$35 to \$40 billion," Mondale promised. It's the sort of promise you would expect from someone who said, "The American liberation of Grenada means that we have no business even criticizing the Soviets for their invasion of Afghanistan."

During his presidential campaign, Mondale has promised to kill the MX missile, the B-1 bomber, and other weapons systems. He has pledged to declare a nuclear freeze, and cut off aid to the freedom fighters in Nicaragua. And he has promised to raise taxes.

Most frightening, he has promised to appoint a liberal

Supreme Court that would continue the tradition of the late Chief Justice Earl Warren — a tradition that coddles criminals while ignoring victims.

Mondale is unable or unwilling to purge his party of bigots and other extremists. Instead of kicking Jesse Jackson out of the Democratic convention for his anti-semitic and pro-communist comments, Mondale gave him a national television audience and promised him a major role in the fall campaign.

Instead of reaching out to the less radical wing of his party, Mondale appointed a virtual clone as his vice presidential candidate. The respected National Journal rates Ms. Ferraro as one of the eight most liberal members of the House of Representatives. "She's a liberal Democrat. No question about it... And I think she's an excellent choice," George McGovern said of Ferraro.

During the next four years, a President Mondale would have time to realize his vision of a socialist America. Americans would see their hard-earned dollars flow, like a mighty stream, into schemes for politicians to buy votes. And the United States would weaken itself in the face of the greatest enemy civilization has ever known.

During the next four years, President Reagan would have the chance to build a very different America — to keep restoring our military strength, emphasize the simple values that made this a great nation, and bring together a new majority coalition to lead us into the next century.

## Sacred Heart youths study computers

Kindergarten through fourth grade students at Sacred Heart Schools in Muenster have been

getting their first taste of the computer world since school began this year.

The students, under the guidance of special computer teacher Loretta Felderhoff, have learned

the parts of the computer — monitor, keyboard, printer, disks and disk drives — and have begun using the computer as a tool in learning other things.

Working with programs, they have studied addition and subtraction, finding missing letters and numbers and finding matching shapes. A special program was set up to allow them to practice their spelling words each week, and the youngsters were even able to write short stories, using a program to animate the characters and actions.

A shape and pattern recognition game, on a program written by last year's computer science class at the high school, helps the youngsters become familiar with the location of certain numbers and letters on the keyboard.

Mrs. Felderhoff said each class in the grade school will spend time working with computers this semester, and plans are being made to increase the amount of time next semester.

## How it will look ...

... architect's drawing of the proposed changes to Valley View schools

## Election set October 6 at Valley View

**Continued from front page**  
Raising taxes is not something any of us look forward to doing, but we feel like we don't have any other answers. We can't stretch our facilities any more."  
Glascok appointed a committee of taxpayers several months ago to review the facilities, work with the school board and provide feedback from the community on the proposals. Their support has been vital to the effort this far.  
"I think the feeling is, it's time to just bite the bullet and do something," Glascok said. "Some of the people on the committee and on the board feel like we're not doing enough with this

proposal — and they're probably right. But we're doing all we think the taxpayers can bear."  
Glascok said the Texas Education Agency, on their last accreditation visit to the school, strongly recommended changes in the library and PE facilities. State law, in fact, will require the school district to employ a certified librarian by next year.  
"Rather than having a library in each school and splitting the librarian's time among them, we decided to build a central library with a full-time librarian," he said. "We can do that because our campuses are so close together, and we think it will

provide better service to the kids as well as being more cost-efficient."  
The multi-purpose center, Glascok said, will become a gathering place for the whole community.  
"We really need a place for graduation, for banquets — we hope the building will be used throughout the community," he said. "The library, the cafeteria and the gym will be made available to the whole community."  
The gym would greatly expand the school's PE facilities as well as providing a place for basketball games, graduation, school plays and other programs. The dressing and shower facilities would replace the old frame building that now

The griddle is heating up for the Muenster Kiwanis Club's first-ever Pancake Supper.

The flapjack feast will be held in the Muenster High School cafeteria just prior to the Muenster vs. Windthorst homecoming game Friday, with serving lines opening at 4:30 p.m. and closing at 7:30 before the 8 o'clock game.

Tickets, available at the door, are \$2.50 for adults and \$1.50 for children.

The all-you-can-eat menu includes pancakes, biscuits, sausage, bacon, milk and coffee. Club members will do the cooking and serving in what should become an annual affair.

All funds raised through this and other Kiwanis Club projects go back into the community through the club's activities during the year, according to publicity chairman Gary Fisher.

Among the club's projects are a planned fingerprinting session for school-age children in cooperation with "Operation Child-Find," purchasing playground equipment

for local schools, donations to local libraries, completion of a small park downtown and continuing support for deprived, needy and handicapped children.

The public is invited to come enjoy the pancake supper — either prior to leaving for Callisburg for the Sacred Heart game or walking across the field for the Muenster game.

Jerry Bynum and Ken McDougle are co-chairmen of the event.

## Water theft

Continued from front page

involved.  
The city's investigation revealed that the resident had crimped the copper water line in front of the meter and made a half-inch tap on it. A line then went around the meter and tapped back in on the other side.

A city official said that, "even with the meter on, more than half the water was free" since it would flow easier through the tapped-in line than through the meter.  
The resident apparently left the meter on most of the time, but turned it off when water bills got "too high" in his estimation — getting all his water free.

The city went back and took the line completely out, laid a new water line to the house and moved the meter back out closer to the main onto city easement. Further tampering with the meter would have to occur on the easement, which would provide for stiffer penalties if the city decided to prosecute.

The city estimates the water theft might have gone on since 1975, when a type of meter was installed at the residence that could be bypassed simply by removal of the meter head. The customer involved had a consistently low bill from '75 until the new meter was installed in '78, when it went up for a few months.

Wednesday's meeting was the latest in several council sessions called since August 28 to deal with

the problem. The investigation involved councilmen, city water department crews, the police department, and the district attorney's office.

**TIGER PUNTER BRET WALTERSCHEID** gets off a kick in the face of a strong Valley View rush Friday night. Walterscheid's punting was one of the few bright spots for Sacred Heart in the 48-0 loss to the state-ranked Eagles here. Photo by Janie Hartman

## Football teams clash here

Continued from front page

View turning everything they touched into points on the scoreboard. Sappington put the first touchdown up in lights with 7:03 left in the first quarter when he rambled 20 yards around the left side of the Sacred Heart line and won a race to the endzone.

Sappington scored again on a 25-yard run with 3:27 left in the quarter, and wound up with 146 yards on 14 carries for the night.

In the second frame, Eagle sophomore Steve Sparkman picked off one of Taylor's passes and dodged tacklers for 40 yards into the Tiger end zone to make it 20-0. Mike Alexander's third PAT kick of the night made it 21-0 with 9:24 to play in the half.

Sacred Heart started showing some offense, however, as Walterscheid banged forward for 11 yards and the Tigers' first first down with nine minutes left in the half.

Runs of five and six yards gave them another first down inside the Valley View 40 yard line before Eagle senior James Bridges came crashing through on a third-and-five to sack Taylor and force a punt.

Walterscheid picked up the ball after a bad snap, outran several defenders and managed to get the punt off. He posted a sparkling 37-yard average on eight punts.

After going for it successfully

on a fourth-and-three, Valley View sustained another drive which ended when Ward tore off a 51-yard run right up the middle to make it 28-0.

The Tigers mounted another drive as the half wound down, with Taylor hitting Craig Voth for strikes of 29 and 12 yards. A fourth and-five effort failed with 35 seconds to play.

In the third quarter Valley View recovered a fumble on the Tiger 25 and Montgomery capped a four-play drive with a 10-yard touchdown strike to Alexander. The kick made it 35-0.

Greg Bell ran the ensuing kickoff back to out to the 36 for Sacred Heart, and Walterscheid swept around left end for a 34-yard gain before the Tigers coughed up the ball on the next play. Valley View struck back quickly, as Montgomery hit Sparkman on a 30-yard pass play for his team's sixth touchdown with 4:36 left in the frame.

Montgomery capped off a final drive early in the fourth quarter by tiptoeing in from four yards out, and the kick by sophomore Robert Gordon made it 48-0.

"It should have been a lot closer game," Henscheid said. "I think we could have given them a better game than we did. We missed some keys on defense that gave them some big plays."

"I'll say this for the kids though, they didn't lay down and quit," he added. "They kept hustling right up to the end, even though we were out of it."

With a senior-heavy squad, Kassen said he was forced to leave his star running backs in the game even after it was out of reach.

"If I'd had some other backs I wouldn't have left Sappington and Ward in there," he said. He did run sophomore John Cope at quarterback in the fourth period and gave junior varsity player Jeff Alexander a couple of cracks at running back.

### Coaches look ahead

Looking ahead to this week's games, both coaches saw tough opponents on the horizon.

Sacred Heart travels to Callisburg to play AA Wildcats at their homecoming. Callisburg lost to Pottsville in their opener, but rebounded to eke out a 14-9 win over Nocona last Friday.

"They've got a lot of speed, and they're bigger than we are," Henscheid said. "We anticipate them to be pretty tough — Nocona's coach compared them with Muenster, so we know they've got some good players."

Henscheid will keep Taylor at quarterback and try to get the ball in Walterscheid's hands more often to establish the running game. Former lineman Kevin Switzer,

who moved to the backfield for the Valley View game, will probably stay there against Callisburg, but Henscheid says if the line started looking weak he "wouldn't hesitate" to move him back to guard on offense.

"We'll probably have our hands full again," he noted. "Still, we played better (against Valley View) than we did against Era, and there were some bright spots. It takes time to get some experience, but one of these games it's going to jell."

The Eagles will also step up to take on AA power Little Elm at Valley View Friday night. Little Elm is 0-2, but both losses have come at the hands of AAA clubs, and Kassen is wary.

"They humiliated us last year," he said. "It was the same way — they had been beaten by 3A clubs and we thought they were weaker than they really were. We know they'll play hard — it's been a real tussle both times we've played them."

Little Elm's fullback, Gus Diamond, and quarterback Joe Curtis both run the ball well out of their wishbone offense. On defense, they boast a "couple of pretty good linebackers" according to Kassen.

THE OLD BELLAH HOME before its remodelling and restoration...

AND AFTER THE PROJECT was completed by the Parmers...

Tour of restored home to benefit Cystic Fibrosis fund

## Saint Jo residence to be open Sunday

Mr. and Mrs. James Parmer of Saint Jo will host an open house at their historic home Sunday, to benefit the Cystic Fibrosis Foundation.

The open house will run from 2 to 6 p.m., with \$5 per person donation accepted at the door for the Cystic Fibrosis fund. Mrs. Parmer is this year's Cystic Fibrosis drive chairman for Saint Jo.

The historic Bellah home was completed in the early 1900's and remained in the Bellah family until 1976. It was unoccupied, however, for about 20 years and had deteriorated badly before the Parmers bought it a few years ago. They spent months in an extensive restoration and remodelling project.

Two 54-foot wings were added to the sides of the original house — one containing an indoor swimming pool and the other housing garage space for several automobiles.

One of the highlights of the home is the 150-year-old stair railing, taken from a large home in Sherman. Mrs. Parmer spent three months stripping and refinishing the wood to restore its former beauty.

Chandeliers and ceiling fans also add to the interior of the home. One of the chandeliers came from the former home of Senator Barry Goldwater in Phoenix, Arizona.

The home includes a bathtub dated December 6, 1910 which is still used and is in excellent condition. There are eight wood-burning fireplaces, and bay windows upstairs and downstairs overlook the large back lawn.

Along the side of the property, portions of the original stone fence remain, and the original iron fence still stretches across the front of the 9,500-square foot home. The Parmers added a long

curving driveway in front of the house.

Also at Sunday's open house, Val Jean Bowerman of Nocona will have copies of her recently published book, "65 Years of Trying to Grow Up (and never quite making it)" for sale, with a portion of the profits to be donated to the Cystic Fibrosis fund.

The public is cordially invited to attend the open house.

# Hale, Henscheid pledge vows

Kyla Hale became the bride of Steve Henscheid on Saturday, Sept. 15 with traditional wedding ceremonies in Sacred Heart Church. Father Victor Gillespie officiated for the Nuptial Mass and recitation of vows.

The bride is the daughter of Mr. and Mrs. Kenneth Hale and the groom is the son of Mr. and Mrs. Ervin Henscheid all of Muenster.

Given in marriage by her father, the bride was wearing a white designer gown of imported spun silk featuring a high neckline edged over a sheer yoke; fitted bodice enhanced with re-embroidered Venice lace and tiny bridal pearls; sheer sleeves puffed briefly at the shoulder and fitted closely to the wrist, with a long matching lace applique.

The full skirt was attached at the waist with imported lace. Details of matching lace adorned the front of the skirt. Hemline ruffles completely surrounded the skirt, flowing gently into a cathedral length train.

Her veil of nylon net was embroidered to match her dress and was attached to a headpiece made of silk flowers and pearls.

Her bridal bouquet was an arrangement of white spider lilies, lavender roses and purple and lilac ribbons with an entwined rosary.

For sentiment and something old she wore a century-old ring belonging to her grandmother, Mrs. Ed Shoefstall. For something borrowed she wore a diamond necklace belonging to Mrs. Colette Biffle and earrings belonging to Mrs. Dorothy Endres.

**Attendants**

Judy Biffle, a friend of the bride was her maid of honor. Brenda Richey, groom's sister, Laurie Ann Endres and Jill Mollenkopf both cousins of the groom and Gina Walterscheid a friend of the bride were bridesmaids. Shirley Henscheid, groom's sister was junior bridesmaid.

They wore purple chiffon dresses designed with ruffles at the sleeves, and full skirts. They had ruffled white gloves and carried three purple roses and lavender forget-me-nots. Each wore a rose and forget-me-nots in her hair.

Mindy Endres, niece of the bride was flower girl and Neil Berres, cousin of the groom was ring bearer. All are of Muenster.

Roger Endres, groom's cousin was best man. Todd Richey, groom's brother-in-law, Kim Hale, bride's brother, Wayne Wimmer and Fred Koesler, friends of the groom were groomsmen.

All are of Muenster. Corey Schmitt of Prosser, Washington was junior groomsman.

Ushers were Bobby Endres of Muenster, and Larry Insel of Oklahoma City, both brothers-in-law of the bride, Troy Mills, of Burkburnett, bride's cousin; Garry Felderhoff of Gainesville and Chris Stoffels of Muenster, both friends of the couple.

Kenya Endres and Kellie Insel, sisters of the bride were candlelighters. They were dressed identically to the bridesmaids.

Participating in the special wedding liturgy were Doris Henscheid, groom's sister and Debbie Hale, bride's sister-in-law who gave the readings; Mr. and Mrs. Herb Miller, groom's godparents who presented Offertory gifts at the altar; and Regina Pels and Leoba Henscheid, groom's aunts who assisted as Eucharistic ministers.

The wedding party approached the altar through a white arch decorated with purple flowers and ribbons and white lily of the valley. A pair of tall floor candelabra, with lighted candles ascending in V shape, enhanced the altar space. White pew bows and magnolia leaves marked family pews in the center aisle.

Traditional organ music was presented by Rita Pels and Mrs. Joe Felderhoff, as guests were being seated. Ronnie and Tina Weinzapfel played trumpets for the processional and recessional. Christy Felderhoff was soloist for "The Rose" and "Sunrise, Sunset." Selections also included "Nadia's Theme."

**Reception**

Parents of the couple hosted a reception, dinner and dance in the Community Center for 439 guests, with Rohmers catering the meal and Hoss playing for dancing.

Donna Walterscheid and Susan Walterscheid secured guest signatures in the bride's book. The bride's table was decorated

by Mrs. Arnold Knabe, with a centerpiece holding two doves in front of a heart holding white and purple flowers. At each side were two lotus bowls with blending flowers and four candles. Two floor baskets with matching flowers marked the far corners of the table.

White table cloths were accented with lace caught up in scallops with flower clusters. White lattice work on the wall was decorated with the couple's names traced in vines and blossoms and an arrangement of lace bells in the center.

A hanging centerpiece made by the bride's mother and Mrs. Dorothy Endres, was suspended in a central area. It featured a large umbrella of white lace lines with flowers. On its handle hung a circle of flowers, centered with bridal figurines.

The four tiered white wedding cake by Betty Rose Walterscheid was decorated with orchid flowers and placed over a lighted orchid fountain. Miniatures of a bridal couple decorated the traditional keepsake layer. The chocolate groom's cake held a monogram. It was cut by Stephanie Richey. Other reception assistants were Carla Walterscheid, Diane Gibson and Connie Lutkenhaus. Amber Schmitt of Prosser, Wash. handed out rice bags.

Special guests were the groom's grandmother Mrs. Dora Henscheid of Muenster and the bride's grandmother, Mrs. Bernice Sides of Wichita Falls.

The bride is a 1983 graduate of Muenster High School and is employed by Hamric's.

The groom is a 1977 graduate of Sacred Heart High School and is employed by Muenster Milling Company. When the couple returns from a wedding trip to San Antonio, they will be at home in Muenster.

## Auxiliary sets bake sale

Members of the Muenster VFW Auxiliary have announced plans to sponsor their 8th annual bake sale to benefit Cancer Aid and Research. It will be held on Friday, Sept. 28 at Fischer's and Hofbauer's, 9 a.m. - 4 p.m.

The benefit is an established project each year when all auxiliaries contribute to two special funds: 1) Cancer grants to help stricken members ease financial burdens, and 2) Cancer research centers.

Each auxiliary member is asked

to bring baked items to the stores Friday, wrapped and named with price attached or ingredients listed.

Cash donations are requested from members unable to bake.

Auxiliary members remind the public that better selections are available during the early hours of the sale. The Auxiliary asks everyone to "Help US Help Others." Special attention is called to the date: Friday, September 28.

## Groom is native of Gainesville

Mr. and Mrs. Don Edward Pulte are on a wedding trip in Mexico and when they return will be at home in Fort Worth.

They were married on Saturday Sept. 15 in a traditional wedding ceremony with double ring rites at 6 p.m. in Fielder Road Baptist Church of Arlington. Rev. Bill Taylor of Preston Wood Baptist Church of Dallas officiated.

The bride is the former Belinda A. Donald, daughter of Mr. and Mrs. Robert Donald of Arlington. She is a 1975 graduate of Lafayette High School in Lafayette La. and attended the University of Southwestern Louisiana. She is employed as a Geological Technician by TKO Production.

The groom is the son of Mrs. Coralee Pulte of Gainesville and the late Robert J. Pulte. He is a graduate of Gainesville High School, Texas Tech University in Lubbock and North Texas State University in Denton. He is a Computer Programmer employed by General Dynamics.

Their wedding vows were exchanged before an altar decorated with greenery and the Unity candle, with baskets of Boston fern and airplane plants held on wicker stands. Greenery was used to mark center aisle pews.

The bride was presented at the altar by her father. For her wedding she chose a formal gown of white lace designed with Victorian neckline, with Wedgewood lace ruffles, fitted waist illusion sleeves entwined in satin ribbon, and a chapel train with satin ribbon enhancing its length.

She carried a bridal bouquet of white lilies, silk flowers, greenery of Boston fern and airplane plants and lily leaves.

### Attendants

Marsha Propes of Plano was matron of honor and Robyn

Dougherty of Carrollton, both sisters of the bride, and Diane Pulte of Gainesville were bridesmaids. They wore teal tea length dresses, with full skirts and back drape. Their flowers were white silk lilies, teal flowers and white babies breath.

Kelly Propes, bride's niece and Collin Dougherty, bride's nephew were flower girl and ring bearer.

Mike Pulte of Buffalo, New York was his brother's best man. Chris Pulte and Steven Pulte of Gainesville, also brothers of the groom were his groomsmen.

Ushers were David Farquhar of Plano and Terry Laughlin of Coppell, Texas.

Preceding the ceremony, mothers of the couple lit two candles at the side of the Unity candle. Wedding music was presented by Olthea Thames, organist and Vicki Jones, soloist. Selections included "The Wedding Song", "Sunrise, Sunset", "Saviour, Like a Shepherd, Lead Us" and "In This Very Room."

### Reception

A reception followed in the home of the bride's parents.

The guests registry table held the Unity candle and the flower girl's basket. Vicki Jones secured guest signatures.

Tables were set up on the patio and in the back yard of the home. Peach table cloths, peach and teal candles and flowers were included with decor.

The bride's table covered in peach held an arrangement of peach and teal flowers, teal napkins, the wedding cake and the punch service.

Reception assistants were Vicki Jones of Fort Worth, Lisa Guidry of Lake Charles, La., Janis Martin of Denton and Cindy Mark of Tulsa.

The rehearsal dinner was hosted

by Don Pulte and Mrs. Coralee Pulte.

Guests at the wedding and reception included the groom's maternal grandmother, Mrs. H.J. Fuhrman of Muenster, and the bride's grandmother Mrs. Flora Donald of De Ridder, La. Guests from Muenster included Mr. and Mrs. Gilbert Endres, Mr. and Mrs. Alvin Fuhrman all of Muenster, Mr. and Mrs. William Fuhrman of Fort Worth, Mrs. J.A. Farquhar and Mrs. Jim Farquhar both of Denton and a number of relatives of the bride from Flushing, N.Y., Lake Charles, La., Lafayette, La., De Ridder, La., and Tulsa.

# Iowa priest visits kin in Muenster

Msgr. A.W. Behrens, pastor of St. Mary's Church in Mapleton, Iowa was a guest of relatives in the Loerwald and Kuhn families in Lindsay and Muenster for three days last week.

He arrived in Cooke County after attending a class reunion in Oklahoma. He was guest of Urban and Viola Rohmer on Wednesday and spent Thursday in the home of Jake Kuhn in Lindsay. He celebrated a Home Mass in the home of Mr. and Mrs. Alvin (Red) Loerwald, attended by about 30 members of the Loerwald relationship and several neighbors. A covered dish supper followed.

Msgr. Behrens was a guest of Mr. and Mrs. Joe J. Neu in Lindsay for lunch on Thursday, and officiated at a Home Mass in the home of Mr. and Mrs. Pete Mosman in Lindsay. They served pick up foods to guests after the Mass.

Msgr. Behrens left Friday to return to Mapleton, Iowa.

# Library reception a success

More than 100 visitors registered for the Muenster Public Library's 25th anniversary open house recently.

Prominently displayed was a \$1,000.00 donor plaque with four nameplates. Pictures and posters added to the festivities of the celebration.

Also displayed were a painting of Mrs. J.M. Weinzapfel, the first librarian, a picture of Mrs. Joe Luke, who followed Mrs. Weinzapfel as librarian, a picture of Muenster in 1980 donated by Arthur Endres, and a picture of the first mural on the AMPI Building.

Posters congratulating the library and depicting its purpose were by children of Muenster Public School — kindergarten through fourth grade — under the direction of Gwen Trubenbach, elementary school principal. Snapshots of the remodeling project and pictures of Muenster people and places of long ago were enjoyed by everyone.

Potted ivy and schefflera, a 6' by 6' Texas map, and a globe with lighthographed maps in 10 colors decorated the library.

New fiction and non fiction covering subjects such as Texas, careers, and books of general interest were viewed by the visitors. Many became familiar with the video cassette project now available at the library.

Special visitors offering congratulations to the library were Elizabeth Crabb, coordinator of the Northeast Texas Library System now headquartered in Garland, and Margaret Murray, collection development resource sharing librarian, also with the Northeast Texas Library System.

Board president Sharon Felderhoff and vice president Janet Hess presided at the punch bowl and served cookies. Other board members and staff were present and greeted visitors.

**WITH AVERAGE BILLING, YOUR ELECTRIC BILL WILL BE ABOUT THE SAME EACH MONTH.**

Everyone knows electric bills go up and down throughout the year. Some months they're low. Some months they're higher depending on how much electricity you use.

But for most of us there aren't any highs and lows in our monthly income. It's pretty much the same from month to month. So, balancing the monthly budget can be a problem.

Well, Texas Power and Light Company has an answer. It's the

Average Billing Plan. And each month after you join, you'll pay an average of your monthly electric bills over the past twelve months. No more ups and downs.

Of course, you're still paying for all the electricity you use. But with average billing, your electric bills will be about the same each month. So budgeting will be that much easier.

If you want to know more about our Average Billing Plan, call your local TP&L office today.

## Former resident returns to Muenster

# Visit ends 40-year absence

Mrs. Mary Eschan, the former Mary Nause was back in Muenster during the weekend, for the first time in 40 years. She was seeing childhood friends and schoolmates while the houseguest of Rosa Driever.

She arrived in Gainesville from Cincinnati, Ohio on Friday in 102 degree weather and was an overnight guest of a cousin, Mrs. Elizabeth Krahl. On Saturday her hosts drove her around Gainesville to view changes in the area.

They were among guests at the wedding of David Prescher and Stephanie Sidener at St. Mary's Church in Gainesville, and a reception that followed in the KC Hall. Other cousins at the reception were Mr. and Mrs. Carl Prescher of Slidell, La. and Mr. and Mrs. Bernard Prescher of Grand Rapids, Michigan.

From Gainesville Mrs. Eschan accompanied other guests, Rosa Driever and Mr. and Mrs. Pete Koelzer to visit in the Driever home.

On Sunday, Rosa and Catherine Rollman took her for a tour of the community, seeing also Sacred Heart Church. They visited the Cemetery where Mrs. Eschan's

parents, Mr. and Mrs. Charles Naus and a brother are buried.

They were met, a surprise to all of them, and recognized by a former neighbor, Irene (Sicking) Klement as she was out for an afternoon walk. The Nause family and Ben Sicking family were former neighbors.

Also on Sunday afternoon they visited in the home of long-time friends, Mamie and Ben Haverkamp and later at St. Richard's Villa where Rosie Walterscheid, Frances Reiter and Agnes Seyler got together to recall childhood memories.

On Monday Mrs. Eschan toured the Muenster area with her hostess and they stopped in to visit at The Enterprise. Recalling events of the 1920s and 1930s she was asked if her brothers Philip Nause, now of Blanchester, Ohio and Carl Nause also of Ohio, remember Sister Bertha and Sister Anastasia, first and second grade teacher - "Vividly" she answered.

Mrs. Eschan also recalled when she operated a small restaurant in Muenster.

Mary Eschan was born in Denver Colo., to a gold mining

engineer and a cook for the Denver mighty, moving to Texas as a child and to Muenster. After her father's death she moved to Covington, Kentucky. In 1929 she began attending cooking and sewing classes at downtown Cincinnati's YWCA. And that's when

her culinary fame began to blossom.

Mary learned well in her cooking classes, acquiring skills which made her dishes the delight to several of this country's prominent statesmen and their overseas guests.

## "She fed the greats ..."

Her first employer was Barney Kroger, founder and owner of the grocery chain bearing that name. Kroger was a neighbor and close friend of Joseph Kennedy Sr., whom he frequently hosted. Mary recalls a conversation of theirs in 1933 when Kennedy said his oldest son, Joe, would some day be president of the U.S. It turned out that Joe was deprived of that chance when his plane was shot down early in World War II. But the prediction still came close as the second son, John reached that lofty position and Bobby became attorney general.

During three years with the Krogers and her friendship with the Kennedy's, Mary became associated with Franklin and Eleanor Roosevelt. Kennedy held several positions in FDR's administration including ambassador to England. Word of her skill made the rounds and guests frequently hired her to cater their receptions.

Her connections with the "Roosevelt people" led to a job in the home of Norman Davis, second only to Harry Hopkins in closeness to President Roosevelt. As head cook and dining room supervisor for a man of such global prestige, Mary soon was preparing favorite continental cuts and imported sauces for a number of famous people. Among them was Eleanor Roosevelt, who talked to her on a first name basis, also Lord and Lady Halifax of

England, Ambassador Litvinoff of Russia, Secretary of Labor Frances Perkins, General George Marshall, Admiral "Bull" Halsey, Mamie Eisenhower, the widow of Woodrow Wilson, and royal envoys from Norway, Sweden and Greece.

Mary remained in the Davis home for 11 years, until the death of her employer in July 1944. His passing marked the end of the intimate Roosevelt years of Mary. It was nine years before FDR himself died.

After that she returned to Cincinnati where she has lived since, enjoying memories, and keeping busy in animal welfare, animal rescue and flower and herb culture - besides cooking occasionally for families of long acquaintance. She married her second husband, Louis Eschan in 1966. Her first husband died before she joined the Davis household.

## Adam Bayer celebrates first birthday here

Adam Bayer was one year old on Sept. 16 when his birthday was celebrated at a party hosted by his parents, Mr. and Mrs. Tom Bayer and his sisters Rhonda, Cheryl and Jennifer.

The Sunday evening party in Muenster City Park began with a wiener roast and included cake and ice cream for dessert. Decorations and cake decorations carried out a Care Bear theme. There was an individual heart cake for the honoree.

Pictures, games and gifts added to the fun and all children received helium balloons for party favors.

Guests were the grandparents, Mr. and Mrs. Martin Bayer and Mr. and Mrs. Tony Klement; and uncles, aunts and cousins.

They included Bill and Annette Bayer, Dave and Janice Bayer and Melanie, Deanne, Brandon and Matthew; Paul and Patsy Dangelmayr; Ruthie, Darren, Crystal and John Klement; Janet and Willie Fisher and Lanette, Melissa and Coy; Alice, Jeannene, Kenneth and Eric Walterscheid; Roy and Carol Klement and Ryan, Brandon and Kimberly;

# Hornets steamroll to second win Saturday

The Muenster Hornets rolled to their second straight victory with a 30-0 shutout over Masonic Home in Fort Worth Saturday night, but six fumbles dulled the luster of the win for coach Leonard Peters.

"We didn't play well," he said. "Maybe because it was the Saturday game, the long drive or something, but we had a lack of concentration. Fumbles just make you look bad — without them we probably wouldn't be too disappointed."

The Hornets drove for three first-half touchdowns despite the bobbles, and Muenster's defense held Masonic Home to just six yards of total offense for the game. Muenster put their hosts 54 yards in the hole on rushing, and only a respectable 60 yards of passing offense kept Masonic Home from going in the red for the game.

Muenster, on the other hand, rushed for 230 yards, with senior tailback Ronnie Fisher notching his second straight 100-yard game. He carried the ball 24 times for 116 yards and one touchdown.

Quarterback Johnny Eldred hit just three passes on the night, but two of those went for touchdowns in the first and fourth quarters. He was three-for-nine overall with one interception, and picked up 55 yards through the air.

The first scoring came when Eldred found senior split end Kevin Wolf in the end zone for a 15-yard touchdown strike in the opening period. Neal Flusche's kick made it 7-0.

The ground game took over in the second quarter, as junior wingback Jeff McAden notched a 12-yard touchdown run and Fisher waltzed in from five yards out. With Flusche's toe remaining true, Muenster had built a 21-0 lead by halftime.

After getting a safety in the third quarter when Masonic Home

snapped the ball out of their own end zone on a punt, the Hornets came back for a final touchdown in the fourth frame. This time Eldred hit Shawn Flusche for a 25-yard touchdown pass, and Flusche's kick put the final margin of 30-0 on the board.

"I didn't feel like we gave the effort we had given in previous weeks," Peters said. "We've been working this week to get that attitude back, where we play with enthusiasm all the time."

Defensively, the Hornets pretty well had their way with Masonic Home's young and out-sized runners. Peters cited Neal Flusche and Ronnie Trubenbach as the leading tacklers, and noted sophomore Gary Grewing did a good job along with the other linebackers at going to the football and filling the gaps.

Ends Keith Klement and Andy Burnette also played good defense, Peters said, and Grewing did a good job blocking at offensive guard.

"The defense wasn't near as aggressive as in previous weeks, but they were good enough to win," Peter's said. "Offensively, we didn't block well as a team, and the backs didn't play all that well as a unit. We want them to execute all the way through the

play — that's something we emphasize. They should be doing it better by this point in the season."

The win kept the Hornets ranked 25th in the state in this week's Harris poll. They are the second-highest ranked team in the district, behind Valley View, who moved to 10th on the strength of their 48-0 win over Sacred Heart.

**Windthorst due here**  
Friday night the Hornets will face perhaps their stiffest test of the season when they host Windthorst for their homecoming game.

"They're a better football team than they were last year," Peter's said. "They'll be our biggest test so far — it won't be a runaway."

Windthorst lost their opener to Henrietta, then got blasted last week by Paradise. That 56-6 thrashing is not indicative of the kind of game Muenster expects Friday night.

"They're not as weak as that score indicates," Peters said. "Their defense played right into Paradise's hands, but it will hurt our offense. Offensively, they moved the ball very well against Paradise — I was impressed with their football team."

Peters said Windthorst's stunting defense gave Paradise quarterback Chris Lowery just what he needed to break several long runs. Against Muenster, though, the same defense will be much more effective in shutting down the power running attack.

"They'll get in there some," Peters said of the Windthorst rush. "We just hope they don't get in there all the time. Their defense will hurt a power team a lot worse than it hurt the Paradise veer."

Windthorst runs a wing-T offense, keyed by a quick, scrappy little fullback and a freshman quarterback who is "not afraid to throw the ball."

"We'll have to tackle that full back," Peters said. "He's short and stocky and he runs hard — he's not going to fall down just because you hit him. They're not a

A roundup of area sports happenings

### Friday night slate...

It's homecoming time at Muenster, with the undefeated Hornets going for win number three against Windthorst here at 8 p.m. Sacred Heart travels to Callisburg for another 8 p.m. contest, and other area action looks like this:

- Lindsay will host Chico at 8 p.m.;
- Era's Hornets will travel to Tom Bean for an 8 p.m. game;
- Saint Jo will host Petrolia at 8 p.m.;
- Valley View stays home to take on Little Elm, also at 8;
- and Callisburg hosts Sacred Heart in their homecoming game.

### Spikers set full week...

Volleyball action for Sacred Heart, Muenster and Callisburg looks like this for the week:

- The Hornets will host powerful Paradise Monday at 5 p.m.;
- Sacred Heart plays host to Denton Selwyn at 6 p.m. Tuesday then the Tigerettes will host Wichita Falls Notre Dame Thursday at 6;
- Callisburg's Lady Wildcats will take part in a tournament at Bonham Saturday, then open district against Pilot Point Tuesday, with matches starting at 5 p.m. at the Callisburg gym.

### Striper, catfish good...

Moss Lake this week reports water clear, 84 degrees and three feet low; black bass fair to a pound-and-a-half on minnows and surface plugs; crappie poor; white bass poor; catfish good to seven lbs. on rod and reel with live bait.

Lake Texoma also reports water clear and 81 degrees, six feet low. Black bass are fair early and late to four lbs. on cranks and worms; striper good early to 15 lbs. on jigs, flirts and Hellbenders; crappie fair in deeper water on minnows and crappie jigs; white bass good schooling on surface late; catfish excellent to 35 lbs. on jugline with live bait.

### Golf scramble set...

The Muenster Golf Association will host its monthly scrambles tournament Sunday at Falconhead Country Club in Marietta, Oklahoma.

There will be a players meeting at 10:15 a.m. and tee-off will follow. Total cost will be less than \$20 per person, which will include tournament fee, green fee and golf cart.

To get there, those wishing to play should take I-35 north out of Gainesville to exit 15 near Marietta, then go west 11 miles on highway 32 to the main gate. It takes about 45 minutes from Muenster.

Anyone who would like to join the MGA and take part in the tournament is welcome to come.

### QB Club on schedule...

The Muenster Quarterback Club is holding its regular meetings on Tuesday nights at 8, and the public is invited to attend.

The sessions take place in the Muenster cafeteria and club members watch filmed highlights of last week's games varsity and junior varsity and discuss the teams' progress with coaches.

There are no dues and everyone is welcome to attend. Roy Monday is president of the organization, with Jerry Bynum serving as vice-president and Gertie Wimmer secretary.

# Lindsay jangles Bells, 34-18

Steve Corcoran ran the opening kickoff back 80 yards for a touchdown and the Lindsay Knights never trailed as they rambled to a 34-18 win over Bells at their home field last Friday.

The win extends the Knights' record to 2-0 as they prepare to face Chico Friday, again on their home turf in Lindsay.

"Other than the score, it was a pretty close game," coach Grady Roller said. "We intercepted them five times, but we lost four fumbles and an interception, so the turnovers were even."

Bells outdid Lindsay in total yardage, getting 296 to the Knights' 287 — but Roller said a about 80 of that total came on their last drive against the Lindsay freshmen.

After Corcoran's crowd-pleasing opening touchdown, Jeff Wimmer booted the extra point to

make it 7-0. The Knights scored again early in the second quarter when Wayne Fleitman hit Jeff Hellman with a nine-yard touchdown pass. Again, Wimmer's kick was true and it was 14-0.

Moments later, defensive lineman Frank Fangman sacked the Bells quarterback in his own end zone for a safety to make it 16-0, and it looked like a rout in the making.

But Bells came back late in the period to hit a long pass play for a touchdown after the Lindsay defender fell down. They scored again early in the third frame on a 12-yard run up the middle, cutting the margin to 16-12.

But Fleitman, a 6'2" junior, marched his team back down the field and capped two drives with scoring runs of eight and 14 yards to put Lindsay back on top 28-12 by the end of the quarter. Both ex-

tra point attempts failed on quarterback keepers.

Corcoran moved to the quarterback spot in the fourth quarter and found the sailing smooth as he scored on a 28-yard keeper.

Again, a try for two extra points failed, but a running touchdown by Bells as the clock expired was not enough to change the outcome.

**Chico comes to town**

The win Friday was costly for Lindsay, as Fleitman fractured a bone in the hand on his non-throwing arm. The lanky junior will sit Friday's game out, but Corcoran, a senior who started at quarterback the past three years, will step into call the signals.

Senior tailback Kenneth Fuhrmann, who suffered a deep thigh bruise against S&S in the Knights' opener, did not play against Bells and remains questionable for

Friday's game against Chico.

With Corcoran at quarterback, Roller will likely start 160-lb. sophomore Roy Neu at fullback and 155-lb. sophomore Eric Weems at the tailback spot.

"Chico's got a pretty good ball club," Roller said. "They're a little smaller than us, but they've got good team speed and they're a very disciplined team."

Chico is 2-0 after beating Petrolia and Millsap in the early going.

"They don't do a lot of different things, but what they do, they do a pretty good job of it," Roller said. "We've learned a lot in the last two games — I just hope we can keep on learning in these next three before district starts."

## Wildcats even record with 9-7 win Callisburg nips Nocona

The Callisburg Wildcats charged back after going down 9-7 in the fourth quarter to score a late touchdown and beat Nocona 14-9 last Friday.

The win evened their record at 1-1 heading into their homecoming game against Sacred Heart of Muenster.

Although it took a fourth-quarter touchdown to give Callisburg the win, coach Gary Utsler said the game "would have been a blowout" except for a plague of Wildcat turnovers. His team fumbled the ball away seven times — twice after driving inside the Nocona 10 yard line — and gave up an interception to the Indians.

"We killed ourselves," Utsler said. "We gave away at least two touchdowns with turnovers, even though we pretty well controlled the game."

Callisburg scored first when quarterback Keith Williams hit tight end Richard Edwards on an 11-yard touchdown pass in the first quarter. Mark Pethel's kick made it 7-0.

Nocona struck back in the second quarter when David Bennett ran the ball across from three yards out after his team came up with a fumble inside the Callisburg 10 yard line. The Indians went ahead in the fourth quarter when they kicked a field goal from the Wildcat four, making it 9-7.

But Callisburg senior Tracy

## Muenster jayvees win, 16-0

The MHS junior varsity upped its season record to 1-1 Thursday by a 16-0 victory over Whitesboro's JV. In their opener a week earlier the young Hornets lost to Nocona's youngsters.

Muenster kids dominated almost all of the contest for a lead of 8-5 in first downs and 139 to 30 in rushing yardage. The steady gains of Scott McAden, Mark Hennigan and Darren Cheaney behind a sturdy line accounted for the Hornet success.

However Muenster passing was limited to a single completion, Kevin Anderle to Brian Hess for bonus points following the second TD. On the other hand Whitesboro put together three passes in the closing moments for 59 yard which almost led to a TD. The Bearcats were only a yard away when they ran out of time.

Starting the game the Hornets were hot in making three first downs and 51 yards before being stopped by an interception. On next possession they made 38 and 2 first downs and failed on the third series. MHS led 5-2 in first downs in the scoreless first half.

The Hornets started early in the second half with McAden's interception on the Indian 22. Five plays from there finished the job, McAden crashing over from the 1 and Hennigan following over for extra points.

The final TD started with the Hornets' recovery of a fumble 27 yards from pay dirt. Five plays made the distance, McAden scooting over for the last 4 and the pass to Hess adding extra points.

In this week's action the JV will host Callisburg Thursday at 7 p.m. and Muenster Junior High will play in Windthorst Thursday at 6 p.m.

Phone 759-4311 or 4351 or send to Box 190, 76252 to share news of interest with out of town friends, relatives and former residents.

Ramsey fielded the ensuing kickoff and galloped 52 yards down to the Nocona 35 before being caught. That set up a six-yard touchdown run by quarterback Clint Hollandsworth with 2:12 left to play.

Hollandsworth is just returning to action part-time after a pre-season knee injury.

Senior running back Bobby Harrison carried the load for the

Wildcat offense, gaining 102 yards on 20 trips into the line. Williams and Hollandsworth combined for 49 yards passing, Williams hitting Edwards twice for 11 and 27 yards, and Hollandsworth completing passes to Monty Gilbreath for seven yards and Kevin King for four yards.

The Wildcats had 222 yards of offense to Nocona's 89, and 11 first downs to the Indians' three.

Edwards, playing at free safety on defense, stole two Nocona passes, running one back for 45 yards in the second quarter.

**Sacred Heart next**  
Utsler said Hollandsworth will get more playing time this week against Sacred Heart, after coming through his first game without any twinges from the knee.

"We'll play Hollandsworth a

little more each week, depending on how the game goes," he said. "We'd like to get him back at quarterback simply because of his two years' experience, but he's a little rusty right now. Keith will probably still play quite a bit."

The Tigers, 0-2 after a 48-0 thrashing at the hands of Valley View last week, will not catch the 1-1 Wildcats cat-napping on their homecoming night.

"They're one of those teams you're a little scared of," Utsler said. "Basically, they're young and trying to get something going."

You have to stay on top of them and not let them get their momentum up. We're not taking them lightly by any means — they have enough personnel and size to have a pretty good football team."

Utsler cited running back Bret Walterscheid and running back-lineman Kevin Switzer as "exceptionally good ballplayers" on the Sacred Heart team. Walterscheid got switched last week from quarterback to a running back spot, and Switzer came from an offensive guard position to carry the ball several times.

"We really don't know where he'll play those guys, so we're kind of preparing in the dark," Utsler said. "That could work to their advantage if we go out there and see something we're totally unprepared for."

"It may take them (Sacred Heart) a little while to get untracked," he added. "They're a lot like us — they're basically in a transition period and they're going to be doing a lot of different things looking for the key to success."

Looking for a 2-1 record in his final non-district game, Utsler obviously hopes the Wildcats can keep the key dangling out of the Tigers' reach for a while longer. Gametime Friday night is 8 in Callisburg.

## Era remains unbeaten Second-quarter explosion keys Hornet win

The Era Hornets exploded for 21 second-quarter points enroute to a 36-16 thrashing of Alvord last Friday, pushing their early season record to 2-0.

Freshman fullback Stuart Kyle rambled for 97 yards and a touchdown, while senior halfback Chris Sikes picked up 82 yards and scored touchdowns both rushing and receiving for Era.

Kyle opened the scoring with a one-yard plunge in the first quarter, with sophomore Kevin Ford running for the two-point conversion. Alvord's John Kuykendall brought his team back with a 26-yard run from his full back spot, and ran the PAT himself to tie it at eight-all.

But the second quarter belonged to Era, starting with a one-yard sneak early in the period by quarterback Mark Knabe. Knabe came back moments later to fire a touchdown pass to Sikes on a play covering 17 yards, then ran the two-point conversion to make it 22-8.

Halfback Bradley Fenley tromped in from five yards out and Knabe's kick made it 29-8. Alvord scored again just before halftime, however, when Kuykendall hit Mike Whitt for a 16-yard touchdown pass. The two-pointer made it 29-16 at halftime.

Sikes finished off the scoring with a seven-yard run in the third quarter. Knabe's kick put the final

margin on the board. "We moved the ball well in the first half," Era coach Mike Allison said. "They just kept coming back on us, though. In the second half, penalties and

mistakes kept us out of the end zone."

Allison's troops, while amassing some good offensive statistics, also collected an even 100 yards worth of penalties for the night and lost the ball three times on two interceptions and a fumble. Alvord was flagged for 80 yards, and gave up two each in the fumbles and interceptions department.

With 268 yards rushing, Allison wasn't unhappy about his ground attack. But, he says, the Hornets will have to do more through the air as the season goes on.

"We're going to have to pass

more on down the line," he said. "The interceptions bothered us — we've got to cut down on those. Obviously, we didn't have to pass much the other night, but we'll have to against some teams in district."

**Trip to Savoy on tap**

The Hornets will leave the friendly faces at their own field Friday and head for Savoy, 0-2 after losing to Saint Jo and Aubrey. "They're a fairly new football program, but they're improving every year," Allison said. "They've got more size, more speed and they execute a little better than they did last year. We'll have to be on our toes and play good football to stay with them."

Allison cites tailback Todd Yearly and quarterback-running back Bryan Melugin as the weapons for Savoy on offense. They line up in the power I most of the time, but also use a spread offense with a lone setback.

"That spread kind of concerns us," Allison said. "They throw the ball pretty well, and that formation puts a lot of receivers out in the secondary. We'll have to put some pressure on the quarterback when they go to that setup."

At 2-0, Era is off to their best start in years under the first-year coach. Allison and company hope to keep the ball rolling in the right direction.

## Wildcat JV loses

The Callisburg junior varsity dropped a 20-18 decision to Nocona last Thursday, leaving them with an 0-2 record going into their game last night with the Muenster jayvees.

Callisburg got touchdowns in each of the second, third and fourth quarters. Halfback Mike Medford scored on a 20-yard run in the second quarter to make it 14-6 at the half.

In the third quarter, quarterback Junior Tolbert hit Shawn Parker for a 30-yard pass and cut the margin to 14-12, but again the extra-point attempt was un-

successful.

The Wildcats went ahead early in the fourth period on a five-yard run by Ricky Tolbert, but Nocona came back to score with five minutes left and go back on top 20-18. Their extra-point kick was blocked.

Coach Steve Webb cited Medford, Parker and both Tolberts for their outstanding play on offense, and mentioned linebackers Junior Tolbert and Pat Kazda, tackle Glenn Housden and safety Roy Romero for their defensive play in the game.

passing team, but they will throw the ball enough to make you respect the passing game."

Muenster will be without the services of Burnette, a lanky sophomore who has been a standout on the defensive line and on offense as a tight end. He jammed a hand against Masonic Home and is experiencing a lot of swelling.

Otherwise, the Hornets will enter the game healthy and looking to regain their enthusiasm in what promises to be a good homecoming fracas.

Gametime at the MHS field is 8 p.m.

# Arbor Day group offers free trees

For those joining in September

The National Arbor Day Foundation is giving 10 free trees to people who become Foundation members during September, 1984.

Colorado Blue Spruce, Red Maple, White Flowering Dogwood, Black Walnut, Norway Spruce, Red Oak, Washington Hawthorn, European Mountainash, Pin Oak, and Silver Maple trees will be given to members joining during September.

These trees are part of the Foundation's efforts to foster tree planting throughout America. They were selected because they provide a wide range of benefits: flowers, berries and nuts, as well as shade and beautiful foliage, according to John Rosenow, the Foundation's executive director.

The trees are guaranteed to grow, or they will be replaced free

of charge.

The National Arbor Day Foundation, a nonprofit organization, is working to improve the quality of life throughout the country by encouraging tree planting. The six-to-twelve inch trees will be shipped postpaid at the right time for planting this fall between October 15 and December 10. Planting instructions will be enclosed. The Foundation will give the ten free trees to members contributing \$10 during September.

To become a member of the Foundation and to receive the free trees, a \$10 membership contribution should be sent to TEN TREES, National Arbor Day Foundation, 100 Arbor Avenue, Nebraska City, NE 68410, by September 30, 1984.

## Unbeaten Panthers to face Petrolia

# Saint Jo routs Gunter, 26-6

A first-quarter goalline stand gave Saint Jo the momentum they needed as they sprang for 20 first-half points enroute to 26-6 win over Gunter Friday night.

Things started out bad for the Panthers in their home opener, as their first pass was intercepted and run back to their own 35 by a Gunter defender. Gunter then drove the ball down inside the Panther five before a courageous defense held firm and got the ball back on downs.

From that point, it was all Panthers.

Saint Jo halfback Kevin Reeves rushed for the first touchdown, sweeping 15 yards around the right end, then quarterback Donald Castle hit Randy Talley for the two-point conversion to make it

8-0 in the first quarter.

Reeves scored again on a six-yard sweep after a 35-yard gallop by Andy Sappington put the Panthers deep in Gunter territory. Then with 20 seconds left in the half, Reeves took the ball from Castle and lofted a 25-yard touchdown pass back to the quarterback to make it 20-0.

Gunter scored in the third quarter after Saint Jo fumbled the second-half kickoff on their own 20. The five-play drive was all carried out on the ground, closing the margin to 20-6.

The Panthers answered with another halfback pass, this time from Reeves to Scott Graham for a 20-yard touchdown play.

Reeves was three-for-three passing from his halfback spot, while Castle hit six of 14 attempts and had one interception. Talley caught five passes on the night for 80 yards, including Reeves' other effort, a 40-yard play.

The Panthers got 122 yards through the air to go along with their 185-yard ground game, for a total of 307 yards of offense.

The rushing yardage was almost evenly divided among Talley, Castle, Reeves and Sappington, who each scampered for 40 or 50 yards. Sappington, returning to the lineup after an early-season ankle injury, provided the spark for the Panthers' attack, according to coach Steve Qualls.

"Reeves and Sappington have both had bad ankles this year," he said, "but they didn't seem to bother them in this game. When Sappington came back it seems

like everyone speeded up — we're right on track now."

On defense, Qualls cited Chris Turner, Michael Dennis, Randall Flusche, Donnie Haney and Sappington for each notching 10 or more tackles.

### Petrolia on tap

The Panthers host Petrolia Friday, a AA squad with a 1-1 record so far.

"They're a lot like us," Qualls said. "They are not a powerhouse, but they've got a decent team. They won 20-0 over a good Perrin

team last Friday, so they'll be tough."

Petrolia's wishbone offense will give Saint Jo their first look at that formation this year — another factor that "might pose a problem" for Saint Jo.

Qualls said Petrolia has an outstanding quarterback and halfback, in addition to an offensive guard.

Gametime at Saint Jo is 8 p.m.

# College unveils fall lineup of continuing education courses

Cooke County College this week unveiled the fall lineup of community service Mini-Courses and participation is open to all interested persons.

The inexpensive, short-term courses carry no college credit, and participation is open to all interested persons.

Persons who wish to enroll need to do so in person at the CCC Registrar's Office on campus.

"This represents a change from previous semesters," points out Dr. Eddie Hadlock who recently assumed duties as Dean of Students at CCC and who will continue

to be responsible for Continuing Education programs. "All telephone inquiries regarding these programs should be directed to my new office at 668-7731, Ext. 240.

"Many of the courses are starting very soon," he stresses, "so it would be a good idea for interested persons to call or come by our office as soon as possible to enroll or reserve a space. Several of the courses tend to fill up quickly."

Topping the list of courses being offered this fall is Aerobic Exercise, brought back by popular

demand. It begins October 2 and will meet twice weekly through November 22 on Tuesdays and Thursdays from 6 to 7:30 p.m. The fee is \$25, and Sandy Buchanan will be the instructor.

Other popular courses being brought back are Bookkeeping, beginning October 4; Oil Painting, starting November 5; Sewing, starting October 9; Stained Glass, starting October 11; Typing, starting October 31; and Welding, set to begin on October 11.

In addition to regular Cardiopulmonary Resuscitation (CPR), which will be offered over

two days on October 24 and 25, several additional courses relating to medical emergency will be offered this fall.

They include special courses on First Aid for Babysitters, set for October 1-2; Trauma and Environmental Emergencies, starting November 3; Medical Emergencies for Special Patients, starting December 1; and several Paramedic refresher and skills enhancement courses.

Aspiring shutterbugs should enjoy Get to Know Your Camera, starting October 2; those who want to be "on target" can take

Beginning Archery, starting October 4; and local gardeners can benefit from Soil Care for Homeowners, set to begin on October 8.

Persons who want to become proficient in a foreign language will be interested in two special Spanish courses. The first, for adults, is Advanced Conversational Spanish, starting October 9. For youngsters, there's Spanish for Children, beginning October 2.

Hunters and fisherman can preserve their trophies after taking Taxidermy, beginning October 31;

and motorcyclists can learn to ride better and more safely, as well as save on insurance, by enrolling in the special Motorcycle Rider Course, starting October 6.

For those who want to stretch their investment dollars, there's a special course in Personal Investing, set to begin on October 2; and a new course, You And The Law, will begin October 30.

For complete details on course costs, class meeting days and times, instructors and other information, call Cooke County College's Division of Continuing Education at 668-7731, Ext. 240.

JAYVEE KNIGHT DANNY WOLF breaks through a couple of S&S tacklers in last week's junior varsity game at Lindsay. This week's Lindsay jayvee game was cancelled.

# Fleitman's celebrate 25th anniversary here

Mr. and Mrs. Henry Fleitman celebrated their 25th wedding anniversary on Saturday, Sept. 15 with a Mass in St. Peter's Church in Lindsay, offered by Father Placidus Eckart at 5 p.m.

Henry Fleitman, son of Mr. and Mrs. William Fleitman of Lindsay and Annette Himmels, daughter of the late Mr. and Mrs. Paul Himmels of Windthorst, were married in St. Mary's Church in Windthorst on Sept. 14, 1959.

Attendants on their wedding day 25 years ago were Al and Ann Veitenheimer, best man and maid of honor and Alvin Fleitman, groomsmen and were present for the anniversary Mass. The bridesmaid, Marilyn Wachman was unable to attend.

Mr. and Mrs. Henry Fleitman are parents of five children, Karen, Ronnie, Wayne, Bobby and Kenny.

They participated in the liturgy and assisted at the reception. Bobby and Kenny were Mass servers. Ronnie was lector. Wayne and Ronnie were ushers, with Doug Cassidy, a nephew of the

Henry Fleitmans. Karen and Wayne presented Offertory gifts at the altar.

During Mass the Youth Choir gave vocal selections with guitar accompaniment.

### Reception

A dinner and dance followed the church service. The Fleitmans' daughter, Karen registered about 160 guests attending the event held in the Lindsay Cafetorium. The registration table was covered with a lace cloth, and held a basket arrangement of royal blue and yellow-orange flowers. A wedding picture, book, and family portrait were also on display.

Dinner tables held arrangements of the same flowers, centered with a lighted candle, and made by Jean Berend. Bells ornamented with the numeral "25" added to decor.

Schneiders of Muenster catered the dinner. Jean Berend cut the three-tiered anniversary cake which was made by Betty Rose Walterscheid, and served by Joyce Wolf, Elaine and June Veitenheimer and Sharon Cassidy, all nieces of the couple. Pauline Cassidy, a sister, also helped with the party.

Guests danced to music by Doug Martin and The Rustlers.

## Junior 4-H'ers hold meeting

The members of the Lindsay Junior 4-H held their first meeting of the year on Thursday, Septem-

ber 13th in the Lindsay Parish Hall, from 3:45 p.m. until 5:00 p.m.

Enrollment was held for the school year 1984-85. Fifty-four students ranging from 3rd grade through the 7th grade enrolled for this year.

Members also signed up for various projects to be carried out through the year. These projects included crafts, energy, grass judging, clothing, share the fun, exploring 4-H, 4-H child

development, gardening, cake decorating, foods and nutrition, and method demonstration.

Later refreshments were served and field trips were discussed. Those serving refreshments included: Donna Schad, Kathy Lutkenhaus, Sharon Arendt, Carol Fuhrmann, Rose Mary Fangmann, and Patsy Krebs.

4-H leader is Mrs. Pat Zimmerer.

- "The rating is due to an insurance policy and relates only to the bonds in the portfolio and not to the units of the trust. The insurance does not remove market risk since it does not guarantee the market value of the units. The details of the insurance policy are more fully described in the prospectus. No representation is made as to the Insurer's ability to meet its commitment."
- "The return represents the net annual interest, after annual expenses, divided by the public offering price. It varies with changes in either amount and with particular payment options."
- "Portions of the income may be subject to state and local taxes."

This is neither an offer to sell nor a solicitation of an offer to buy any Units of the Fund. The offering of Units is made only by the prospectus and only in those states in which Units may legally be offered.

## Lutkenhaus daughter baptized

Pamela Gayle Lutkenhaus, infant daughter of Leo and Peggy Lutkenhaus was baptized Sunday September 2 in Saint Peter's Church with Father Cletus Post officiating.

Godparents of the baby were Lynn and Maurus Hacker, an aunt and uncle.

The baptismal dress worn by Pamela was made especially for her by Mrs. Pete Block, the great grandmother.

Following the baptism, a dinner was held in the Lutkenhaus home. Two cakes were table centerpieces, made especially for the occasion.

One, in the shape of a lamb, was made by the maternal grandmother, Mrs. Damond Fuhrmann. The others, was decorated for Pamela by the Godmother.

Special guests included: Pamela's sister Kristie; godparents, Mr. and Mrs. Maurus Hacker; maternal grandparents, Mr. and Mrs. Damond Fuhrmann; paternal grandparents Mr. and Mrs. Gus Lutkenhaus; great-grandmother, Mrs. Pete Block, and great-grandfather H.S. Fuhrmann.

Also Mr. and Mrs. Leo Wagner of Perry, OK., Marian Wagner of Oklahoma City; Gene Block;

LuElla Fuhrmann; Cheryl and Michael and Maurus Hacker Jr.

## 4-H leaders plan fall activities

On September 10, 4-H organizational leaders met at the Cooke County Courthouse to plan their 1984-85 meetings. County Agents holding the meeting included John Bourquin and Lynn Goerke.

The group planned meetings and activities for the months of September 1984 through August 1985.

Those 4-H members eligible for County Achievement events will be setting up on October 8 at the Community Center in Gainesville. Lindsay members eligible include Cassandra Fuhrmann, Janelle Fuhrmann, Julie Fuhrmann, Eddie Krebs, John Krebs, James Krebs, Laura Lutkenhaus, Calista McGilvray, and Amy Sandmann.

## Former Lindsay resident honored with shower

Mrs. Danny Endres, formerly Jan Metzler of Lindsay, was honored with a baby shower Sunday, September 16th, in the home of Mrs. Tom Eberhart.

Gifts were opened and passed around for the guests to see. The gifts were displayed in a playpen which was a special gift from the

hostesses.

Later, hostesses including Mayme Metzler, Karla Metzler and Patty Eberhart, served cake, punch, and mints to approximately 20 guests.

Special guest included the two future grandmothers, Mrs. Ethel Metzler and Mrs. Jane Endres.

# Oil runs in Muenster family

## Walterscheid, son operate distributorship

Walterscheid Oil Co. is a family-run Muenster business that delivers a whole family of fine oil and gas products to its customers. Willie Walterscheid, a lifelong resident of Muenster, runs the company. The only other fulltime employee is his son Terry, who makes the deliveries to Walter-

scheid's customers in an area stretching from Muenster to Lindsay, Saint Jo, Forestburg and Capp's Corner. Willie got into the oil business when he started a service station here in 1958. He worked at that for 10 years before going into the wholesale business as a Mobil Oil consignee.

Shortly after that move, he went independent and began carrying Kerr-McGee gasoline and diesel, while still selling Mobil oil products. The bulk of the business involves supplying gasoline and diesel to three service stations in the area. The gas comes from Ardmore and the diesel from Wynnewood, Oklahoma, where one of the newest, most modern refineries in the country processes oil into fuel.

The motor oil, in sizes from a quart to a 55-gallon barrel, comes from Mobil's refinery at Beaumont. Willie and his wife, Queenie, have two sons, Terry and Kim. Terry has been with his father in the business fulltime for about five years. He graduated from Muenster High School and attended the University of Texas at Arlington. He and his wife Dianne have one son, Casey, two years old, and another child on the way. Kim, who works for Trumpler Petroleum, also helps out in the family business when he's needed. He and his wife, Lisa, are expecting their first child next month. Walterscheid Oil is located on South Main (FM 373) in Muenster, and the phone number is 759-2737.

# Recycling center busy here

Approximately 637,968 cans have been cashed in during the first six months of 1984 at the aluminum can recycling center in Muenster. The facility is operated by Sacred Heart Parish, under the sponsorship of Gilbert Endres Dist., Inc.

The recycling center is located at the Sacred Heart Community Center. Hours of operation are 8 a.m. to noon Saturday.

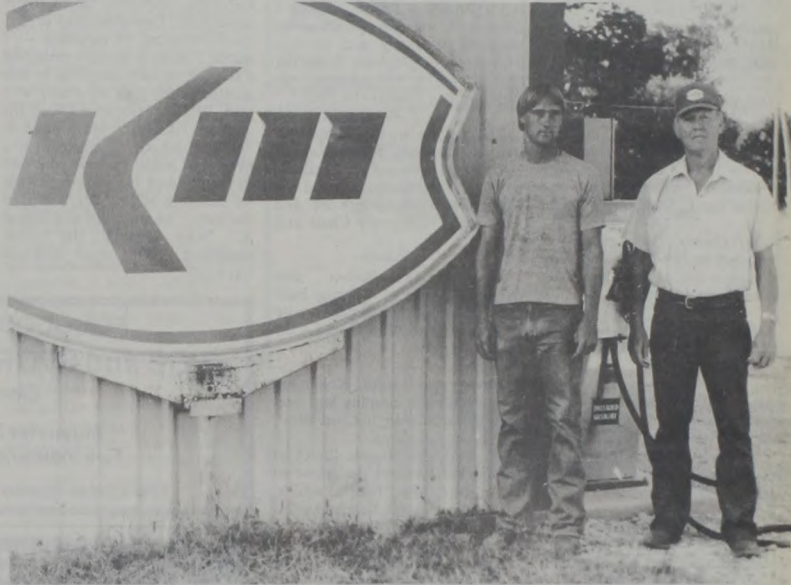

"We paid out about \$7,710 to individuals and organizations in our area who cashed in those cans with us," explained Wilfred Bindel, recycling center coordinator.

All administrative proceeds from the operation of the recycling center are used by the Sacred Heart Parish to fund its various programs.

Gilbert Endres Dist., Inc. sponsors the recycling program in cooperation with Container Recovery Corporation (CRC), the recycling subsidiary of the Anheuser-Busch Companies, Inc. Working with about 500 Anheuser-Busch distributors across the nation, CRC has grown to become the nation's second largest recycler of aluminum.

"Individuals and organizations have responded well to aluminum can recycling," said Bindel. "Aluminum can recycling allows people to collect a little extra cash at the same time they are helping to reduce litter and conserve our energy resources."

# Forestburg News

by Myrt Denham

It was a rather exciting time around the area recently with a house being buglarized, bank robbers rumored to be in the vicinity and a "Peeping tom" incident with probably burglarly intent, and a house burning to the ground. With all this fresh on our minds let's all be more aware of strange vehicles in the area — take down a description of it and if possible get the license number and be sure to notify your neighbors and friends about it. Above all DO NOT let a stranger into your home under any guise they may give to obtain entry.

Mrs. Charlene Willis boarded a plane in Dallas Saturday the 8th and flew to Austin to visit with her daughter and family, Mr. and Mrs. Jack Martin and children. Charlene returned home Wednesday night the 12th, reporting a wonderful visit.

Ted and Laura Belle Jackson made their Gainesville run last Tuesday the 11th, getting in some shopping. Then on Thursday night the 13th, it was up and away to Slidell to visit their buddies, Mr. and Mrs. S.T. Warford.

Mrs. Louise Shults made her way down to Lewisville Thursday the 13th to visit her son and wife, Bill and Ginny Shults.

Mrs. Cornelia Holzbog and Beth made a business trip to Fort Worth Sat. the 15th.

Mrs. Esther Shears and her nephew Rhett Shears made it over to Bowie Saturday the 15th to get in some shopping and then on the Nocona to visit with Mr. and Mrs. Eugene Shears.

Harold and Betty Carmen of Marine, Ill. spent the recent weekend with the L.D. Sirman family — on Saturday the 15th they visited with Mrs. Minnie Sirman. The Carmens and the L.D. Sirman's met and became friends while L.D. and Harold served together in the army.

Shirley Lanier and Louise Shults were Bowie visitors Saturday last, got in some shopping, then picked up Mrs. Jewel McGregor and enjoyed lunch at the Jim Bowie Restaurant.

Mrs. Linda Huckabay entered the Muenster Hospital Friday the 14th and underwent back surgery Sat. a.m. the 15th. Linda is recovering very nicely and most likely will be home by the time you read this.

Forest Galmor was admitted to the Bowie Hospital Wed. Sept. 11. Mr. and Mrs. Bert Galmor and Mrs. Alice Shults and Cristie visited with him on Saturday the 15th. Then on Sunday the 16th, the Bert Galmors visited Forrest's wife Edna in Saint Jo and also got to visit with the Forrest Galmor's son, William C. and wife from Houston.

Mrs. Caronell Wright of Temple brought her mother Mrs. Decia Ellzey home Friday the 14th and then returned home on Saturday. Mr. and Mrs. Jerry Ellzey of Odessa made it in to Decia's house on Saturday and they will spend a week with her.

Mrs. Vera Mae McGee returned home Thursday the 13th after spending a week in Wichita Falls

visiting with her children and their families.

Gladys Barclay and grandson Shane of Saint Jo breezed into the Burg last Friday to spend the weekend with Charlie Barclay. On Saturday they all drove over to Alvord to get in some kin-folk visiting.

Mr. and Mrs. Kenneth Woods of Stoney Point and their son and wife, Dr. and Mrs. Kenne Woods of Henrietta attended the Bowie-Henrietta football game in Bowie Friday night the 14th. Charlene says it was a real fun evening for them all.

Mrs. Millie Reynolds, Wanda Perryman and their little friend April Tinney of Poolville made it over to Bowie last Saturday on business, shopping and to visit with Mrs. Joe Denham. Speaking of Joe — she will celebrate her 89th birthday Sunday the 23rd.

Tanya Clinton, Mashelle Hudspeth's college roommate at Sherman accompanied Mashelle home to Forestburg to spend the Sept. 14-16 weekend with Mr. and Mrs. Dale Hudspeth, Chad and Leah.

Mrs. Paula Barber and daughter Angie of Wichita Falls spent the past weekend with Paula's parents, Merle and Clifford Hudspeth.

Jimmy and Louise Robertson have been on a camping and deer and elk hunting trip in Colorado.

Mr. and Mrs. Ronald Bailey of Lubbock arrived at the home of his mother, Mrs. Juanita Bailey, on Sunday the 16th to spend a few days with her.

Bennett Reynolds smashed one of his fingers while operating a log-splitter Saturday the 15th. He even drove himself to the doctor in Muenster. Rev. Chris Allen had lunch with Betty and Bennett that day.

Elaine and Price Truitt of Argyle made it up to their Mallard Creek Retreat Sunday a.m. the 16th and then spent part of the afternoon with the Perryman Denhams.

Joyce Kenas and husband Bill also of Argyle made it up to the Burg Sunday, took her parents, the Howard Sockwells out to lunch. Then they all returned to the Sockwell home to watch the Dallas Cowboy-Eagle football game.

The Larry Eldridge's new home is coming right along — it is in the "dry" now.

The Forestburg Homemakers, their husbands and families were very busy spray painting the framework of the new Community Center this past Sunday. I only saw Charles and Larry Dill, and both looked as if someone had decided to spray them instead of the framework.

Nell and Bill Looney of Decatur and Joe Frank Berry of Rosston visited with Dude and Bula Mae Berry Sunday the 16th. Bula Mae is still on the sick list.

Four Melson children, who once resided in the Dewey area, visited with Mrs. Cornelia Holz-

bog Monday the 17th. The Melson's now reside in Oklahoma and Kansas. Cornelia also says her son Doug went to work for her this Monday and made a business trip to Arlington.

Millie and Wib Reynolds visited with Mr. and Mrs. Ray Reynolds of Dallas in their Forestburg residence on Monday the 17th.

It was a big fish fry with a lot of side trimmings at the Ted Jackson home Sunday the 16th at 7 p.m. Enjoying all the "goodies" with Ted and Laura Belle were: Mr. and Mrs. S.T. Warford of Slidell, Mr. and Mrs. Bill Jackson of Decatur, Rev. and Mrs. Chris Allen and son, Mr. and Mrs. Jack C. Dill, Mr. and Mrs. Charles Dill and family, Mr. and Mrs. Larry Dill and family, and Mr. and Mrs. Perryman Denham.

Cleo Lanier, Merle Hudspeth, Jamie Lively and Vanessa Covington attended a 4-H Council meeting at Montague Monday afternoon the 17th. They helped plan 4-H activities for the year.

This week I will close with the following anecdote taken from some RBC Literature and it says much to many of us today — I quote: "After a minister preached a sermon on spiritual gifts, he was greeted at the door by a lady who said, 'Pastor, I believe I have the gift of criticism.'" He looked at her and asked, "Remember the person in Jesus' parable who had the one talent? Do you recall what he did with it?" "Yes," replied the lady, "he went out and buried it." With a smile, the pastor suggested, "Go thou and do likewise!"

## AARP holds luncheon meeting

Local Chapter 1049 of the American Association of Retired Persons, held its September meeting with a covered dish luncheon at the fellowship hall of First Baptist Church. A large group attended the first meeting of the new season.

Fred Mosher, pres. of A.A.R.P. presided and led the pledge allegiance to the flag. The prayer was offered by Price Wood. Visitors were welcomed and birthdays in Sept. were honored with the birthday song. Jody Putman, admin. of Frontier Manor, was a special guest of Louise Leaton Social Activity director of Frontier Manor. Mrs. Gayla Blanton, volunteer director of Gainesville Memorial Hospital, was guest speaker, and presented a film and demonstration on "Lifeline Home Emergency Response." She told how the little machine can get help to persons living alone. It is an electric device hooked up to the hospital and your own home phone. Help can be obtained quickly. Contact Gayla Blanton at the hospital for information.

## Band entertains at Manor

Frontier Manor residents, families, staff members, and visitors enjoyed good old fashioned country music, by the Cross Timbers band, at the monthly family night, September 3. Labor Day was especially enjoyed by everyone, with good fun, and good refreshments. Birthdays in September were honored, with the traditional happy birthday song sung to them. Mr. and Mrs. Fred Haynie, Mr.

and Mrs. Paul Orsburn, Mr. and Mrs. Clyde Farr, Mr. and Mrs. Norman Mills, Mr. and Mrs. Merlin McCorkle, McRee Hickman, and Clay McCorkle, were band members participating in family night. Special guests were Stacey and Stephanie Orsburn. The band members have been coming to entertain our residents since this nursing home opened on Jan. 5, 1971.

## Church groups help residents

The Saint Mary's Church and Saint Peter's Church and the Broadway Church of Christ, united in helping residents at Frontier Manor enjoy their birthday. A birthday party was held for all September birthday honorees. The ladies of Broadway Church of Christ made and presented the birthday honorees with beautiful corsages and boutonnières. The ladies from Saint Peter's and Saint Mary's Churches made and served cakes and punch, and entertained with singing. Residents having birthdays in September are: Ernest Adcock, Lillian Hott, Richard Daniel, Mayrena Murphy, Mary Schafer, Lorraine Scoggins, Raymond Bengfort, and Pete Miller. New residents to Frontier Manor are: Mrs. Lorena Gault, Mrs. Lenora Hagarty, Mrs. Stella Wells, Mr. Gordon Yeargan, and Mr. Ernest Baker.

Another guest speaker was Al Parsons, of Lake Kiowa. He spoke on income tax and aide program to the elderly, and those who need help in preparing their income tax for various reasons. Fred Mosher announced that A.A.R.P. members are still working on trying to find land, or a building for AARP to meet. The meeting ended with a sing along, with Bert Burch at the piano. There will be a board meeting at the friendship sororimitt house at 10 a.m. Sept. 28. The luncheon meeting will be, Oct. 10.

**PUBLIC NOTICE**  
BRIEF EXPLANATORY STATEMENTS  
OF PROPOSED  
**CONSTITUTIONAL AMENDMENTS**  
GENERAL ELECTION  
NOVEMBER 6, 1984

### PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 29 proposes a constitutional amendment that provides to state-chartered banks the same rights and privileges that are or may be granted to national banks of the United States domiciled in this state. For example, if national banks become authorized to maintain branch offices, this amendment would extend the same privilege to state banks. The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide state banks the same rights and privileges as national banks."

### PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that restructures the Permanent University Fund to provide: (1) for the expansion of the institutions eligible to participate in the bonding capacity of the fund to include the components of The University of Texas and Texas A&M University systems that have been added to those two systems of higher education since the Permanent University Fund was last restructured by constitutional amendment; (2) for the expansion of the purposes for which bond proceeds can be expended from new construction to include major repair and rehabilitation projects and the acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials; (3) for an increase in the bonding capacity from 20% (¾ for The University of Texas System and ¼ for the Texas A&M University System) to 30% (20% for The University of Texas System and 10% for Texas A&M University System) of the value of the assets (exclusive of real estate) in the Permanent University Fund in order to provide sufficient bond proceeds to participate in the Permanent University Fund bonding program and to care for the expanded purposes for which the bond proceeds can be spent; and (4) for the dedication of the dividends, interest, and other income from the Permanent University Fund remaining after payment of principal and interest due on bonds and notes issued, to the provision of support and maintenance (over and above normal legislative appropriations) for Texas A&M University in Brazos County, Prairie View A&M University, and The University of Texas at Austin.

House Joint Resolution 19 also annually appropriates \$100 million in each fiscal year, beginning September 1, 1985 (from the first money coming into the state treasury that is not otherwise appropriated by the constitution) for the use of those

### PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 65 proposes a constitutional amendment which authorizes the legislature to provide for the payment of assistance to the surviving dependent parents, brothers, and sisters of officers, employees and agents of the state or its political subdivisions, including members of organized volunteer fire departments and members of organized police reserve or auxiliary units authorized to make arrests, who die in the course of performing hazardous official duties. Payments to surviving spouses and dependent children of

### PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 20 proposes a constitutional amendment which abolishes the office of county treasurer in Bexar and Collin counties if a majority of the voters in each of those counties vote in favor of abolishing the office of county treasurer in a local election to be held on the issue. All the powers, duties, and functions of the office of county treasurer in each of these counties would be transferred to the county clerk.

### PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 22 proposes a constitutional amendment which provides a new method of filling a vacancy in the office of Lieutenant Governor. The amendment requires the President pro tempore of the Senate to call together the committee of the whole Senate within 30 days after a vacancy occurs in the office of Lieutenant Governor. The committee would be required to elect one of its members to perform the duties of the Lieutenant Governor until the next general election. This individual would continue his duties as Lieutenant Governor at the same time that he performs the Lieutenant Governor's duties. If the Senator who is elected ceases to be a Senator before the next general election, another Senator must be elected according to the above procedure to perform the Lieutenant Governor's duties. The President pro tempore would be required to perform the Lieutenant Governor's duties pending the election of one of its members by the committee of the whole Senate.

### PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 73 proposes a constitutional amendment that permits the use of public funds and credit for payment of premiums on non-assessable life, health, or accident insurance policies and annuity contracts issued by a mutual insurance company authorized to do business in this state. The constitutional prohibition against a grant of public money to an individual, association, or corporation or against becoming a stockholder in a corporation, association, or company has limited life and health group policies of political subdivisions to non-mutual insurance companies. The amendment would permit mutual insurance companies to bid for those policies.

### PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment to change the membership of the State Commission on Judicial Conduct to include one Judge of a Municipal Court and one Judge of a County Court at Law, who shall be selected at large and appointed by the Supreme Court with the advice and consent of the Senate. The amendment also provides additional grounds for removal from office of judges or justices of Texas courts, and provides additional disciplinary actions that could be taken in lieu of removal or censure. The amendment would extend the Commission's disciplinary authority to masters, magistrates, and retired or former judges who hear cases by designation. The amendment creates a tribunal to review recommendations of the State Commission on Judicial Conduct for removal or retirement of a judge or justice. The review tribunal would be composed of seven (7) Justices or Judges of the Courts of Appeals selected by lot by the Chief Justice of the Supreme Court. The amendment also provides for appeal of the review tribunal's decision to the Supreme Court of Texas and grants an accused judge the right to discovery of evidence.

### PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment which increases the per diem of members of the Legislature. The amount of per diem allowed during a calendar year would be equal to the maximum amount set in federal income tax statutes as of January 1 of that same year as a deduction for ordinary and necessary business expenses incurred by a state legislator. Current per diem is \$30; the maximum deduction is now \$75. The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide a per diem for members of the legislature equal to the maximum daily amount allowed by federal law as a deduction for ordinary and necessary business expenses incurred by a state legislator."

### PROPOSITION NO. 9 ON THE BALLOT

## Laniers attend annual Stenholm gathering

Cleo and Charles Lanier attended the annual Ericksdahl picnic in Stamford honoring Congressman Charles Stenholm on Sept. 8.

Among dignitaries present was former Congressman Omar Burleson who served Texas well for 32 years. Others attending included Congresswoman Beverly Bryon of Maryland and Congressman Ed Jones of Ten-

nessee. There were more than 1200 friends and neighbors in the crowd of well-wishers.

The Laniers enjoyed a visiting with Beverly Bryon and an interesting and most unforgettable visit with Mr. Burleson.

Cleo Lanier said: "The Ericksdahl Picnic is called a Fun Day. It is a wonderful way to experience traditional Texas hospitality."

Cattlemen raise funds for rehab center

# Woody heads round-up here

Tom Woody of Gainesville is one of nearly 200 volunteer chairmen serving statewide to assist in the Cattlemen's Roundup for Crippled Children.

Woody is spearheading the effort in this area to raise funds for the West Texas Rehabilitation Center, which serves approximately 11,000 handicapped persons throughout the southwest. Jim Alexander of Abilene is general chairman of the event.

"Cattlemen have always believed in the philosophy of neighbor helping neighbor," Alexander said. "The Cattlemen's Roundup for Crippled Children is a beautiful example of that help."

Since 1960, when the late Fort Chadbourne rancher Conda Wylie first approached WTRC executive director Shelley V. Smith with the idea, the Roundup has been a major fundraiser for the center, which is based at Abilene and San Angelo. Cattlemen donate livestock for sale at auction each year, with the proceeds going to support the center's work.

"It will take about \$4.5 million for us to treat 11,000 handicapped persons in 1984," Smith said. "About 75 percent of that money must come from donations. The balance comes from contract and insurance payments — no federal funds are used in treatment."

Trained personnel at the center provide top quality care in physical, occupational and speech therapy, audiology, orthotics, psychology, education and social services — all without charge to the patients, with the exception of braces and hearing aids.

Sales scheduled as part of the Cattlemen's Roundup this year include:

- cattle sale, September 24 at Abilene Auction;
- horse sale, October 6, Abilene Auction;
- sheep and goat sale, October 8, Junction;
- special sale, October 10, Coleman;
- special sale, October 10, Stephenville;
- special sale, November 7, Brownwood.

Livestock donated by ranchers are collected at a designated point in each community and transported free of charge to the auction site. Those wishing to donate livestock may call Woody at 665-2950, or contact the West Texas Rehabilitation Center, (915) 692-1633.

## Couples attend conference

Mr. and Mrs. Shelby Smith and Mr. and Mrs. Melvin Otto of S&W Tractor Co. in Gainesville attended Hesston Corporation's North American Dealer Conference in Wichita, Kansas, last week, where more than 60 new or improved Hesston products were unveiled.

During the four-day sessions, Company officials directed specialized training seminars and presented Hesston's strategies for the future.

The Dealer Conference accommodated groups from different geographical regions throughout Canada and the United States, and was preceded by the Company's National Sales Meeting for Territory Managers and Branch Sales personnel.

Company President Howard L. Breneman announced during the meetings that future Hesston products would carry a new FIATAGRI identifying symbol to represent the worldwide marketing alliance with Fiat.

Vice President-Sales Jim Gaedert unveiled Hesston's new and improved products, including an entire new line of 90 Series tractors with 31 models in two- or four-wheel drive.

Other products introduced were new loaders for tractors, windrowers with new headers, three mower conditioners, a new 16 x 18 square baler, new field cultivator, improved round balers with an automatic bale ejector, Tilt-Tub bale processor, new 8-knife forage harvesters up to 135 hp, all new auger-base header group for forage harvesters, and new forage boxes and blowers.

# County Agent's Report

### Feed grain situation

As of August 1, USDA projects a 1984 corn and sorghum crop at 7.7 billion and 820 million bushels, respectively. Central Texas sorghum markets declined significantly at harvest. High Plains markets are also feeling the pressure of more than adequate feed grain supplies in 1984/85 and will probably erode further as harvest approaches.

### Milk production update

Both U.S. milk production and Texas milk production continued their downward trends. July

production for the U.S. was estimated at 11.6 billion pounds down 4 percent from year earlier levels. Texas production at 314 million pounds was off 5 percent. Most of the decline in Texas is due to the diversion program and drought. Participating Texas milk producers cut production 21 percent from 1983 levels during the first half of 1984. Non participants, however, increased production by almost 8 percent. If these trends continue Texas' total milk production for 1984 could be down 3 percent from 1983 totals.

**DON'T KISS \$8,938 GOODBYE**

That's how much you could lose just on resale value if you don't buy a John Deere

Looking for a big discount when you buy a tractor? Don't get stuck with an even bigger discount when you want to trade.

Always consider resale value when you price a field tractor. Because the differences among brands may sometimes be bigger than ANY purchase incentive.

Compare John Deere with our two leading competitors. According to the Spring 1984 Official Guide of the National Farm and Power Equipment Dealers Association, the average 5-year-old John Deere 4440 sells for 106 percent of its 1979 list price. One leading competitor averages 87 percent of its 1979 list price. The other averages 73 percent.

What's that mean in dollars? Add the John Deere gain on original price to the competitor's loss. The John Deere advantage is as much as \$8,938!

Is this only true of one model? No. Every 40 Series 90- to 180-hp tractor has an average resale price that's higher than its new price five years ago.

Is resale your only John Deere advantage? No. Don't forget the remarkable fuel efficiency of today's 50 Series John Deere Tractors. And don't forget our unmatched reputation for high quality and high reliability. See your John Deere dealer. He'll be happy to explain the big difference between a low-price tractor and a low-cost John Deere: 100-hp 4050, 120-hp 4250, 140-hp 4450, 165-hp 4650 or 190-hp 4850.

NOTE: Average resale prices taken from Spring 1984 Official Guide of The National Farm and Power Equipment Dealers Association. Percentages calculated from best currently available information on 1979 list prices.

## IMPROVING A BUSINESS IN TEN EASY STEPS

1. ADVERTISE - Let everyone know what you have to offer.
2. ADVERTISE - Spend time thinking about promoting your business.
3. ADVERTISE - Let everybody know what you sell.
4. ADVERTISE - Remind yourself that even though you've been in business a long time, customers will NOT automatically come to you.
5. ADVERTISE - Remember, that there are new, potential customers who would do business with you if they were reminded and urged to do so.
6. ADVERTISE - Keep in mind that you have competition trying to attract YOUR customers away from you.
7. ADVERTISE - Tell yourself that you get more out of advertising than the small cost involved.
8. ADVERTISE - Don't overlook the fact that advertising is an INVESTMENT in selling, not an expense.
9. ADVERTISE - Be sure to provide an adequate advertising budget for your business.
10. ADVERTISE - Don't forget that you have to keep reminding your established customers that YOU APPRECIATE THEIR BUSINESS.
