VOLUME VII

MUENSTER, TEXAS, COOKE COUNTY, FRIDAY, AUGUST 6, 1943

NUMBER 37

A tribute to colorful ole' General Forrest is a newly adopted slogan of the air forces: "Get there fastest with the bestest." A slight variation, but strategically just as sound as the original: "Git thar fustest with the mostest."

For that matter, Americans are applying both slogans in their present conduct of the war. After more than a year of making up for lost time, we've got the mostest and the bestest and we're getting there fustest and fastest. All of which is paying dividends.

You can see that in practically every bulletin — in the opinions of some men who really know the score in world affairs. President Benes of Czechoslovakia for instance. He says the war will be over in Europe before April 1944. Perhaps you will recall that he's been amazingly accurate in a lot of his other predictions about the whole mess since it first started back in the thirties.

The reason for quoting Benes is obvious. Con just wanted to show that as a prognosticator he's keeping good company, that his wishful thinking harmonizes quite well with smart people's sound thinking.

Sorry to have drifted away from General Forrest before mentioning another of his ideas that might well be applied to our modern army — that paper work should be held down to a minimum. A perfect illustrative example is that of a captain's request for a leave. It was a persuasive letter listing in carefully chosen words the usual reasons why the officer considered himself eligible for the favor. On the back of the sheet Forrest made his terse reply. "I tol' you twice, dammit, No." (As you probably suspect, if you've seen Reader's Digest some of the pungency of the reply has been deleted here. Just remember that Forrest was a worthy counterpart of our own Blood and Guts Patton, and imagine the rest.)

Honestly, such efficiency is an inspiration to our present army. Modern official correspondence is submitted in several copies and goes through channels with everybody along the line adding his own little notation. By the time it reaches its destination it is quite a file. Clerks aren't just kidding when they say the secret of success in the army is to shoot the bull, pass the buck, and make five copies. Our army is paperized as well as mechanized.

In that respect we're running neck and neck with other federal organizations. Of course, you knew all along that the government has made some wonderful strides in efficiency. Specifically, back in Jefferson's day it employed only one person out of every 5,308, today it provides a job for one person out of every 45. That's exclusive of persons in the armed forces or in the employ of state, county, and municipal governments. No doubt about it, that's progress.

We're gradually approaching the Utopian condition in which everyone will be on the public payroll and nobody has to worry where the money comes from. When that time comes, are we gonna' laugh at those old fosey economists who claim you can't lift yourself by your bootstraps!

Well, it seems as though the self-styled Caesar of modern times passed out of the Roman political picture no less abruptly than the original Caesar. The only difference is that one was booted out and the other was carried out, feet first.

There are a few interesting comparisons of the two. According to Shakespeare, Brutus exultantly shouted "Eo semper tyrannis" as he put the first Caesar out for keeps. The king of Italy could have chosen no better phrase as he was getting rid of Mussolini.

Also, a dagger is associated with each name. The real Caesar absorbed a stab and the imitation Caesar delivered one. Remember what he did when France was on its knees overwhelmed by German (Continued on page 6)

MISS SHULTZ MEETS WITH 4-H CLUB GIRLS; ACTIVITY REPORTS

Muenster 4-H Club girls met in regular session Tuesday afternoon in the parochial school with Miss Nette Shultz, county home demonstration agent, in attendance. The subject of the meeting was "Food Storage" and Miss Shultz discussed "Ventilated Pantries", "Insulated Pantries" and "Methods of Dry Storage".

Members Give Reports
Following Miss Shultz's lecture members gave reports on what they have done during the spring and summer. The year's slogan has been "To Grow Enough Food for Myself and a Fighter".

Eight girls reported they shocked grain for the first time this year, due to farm labor shortage. Three girls, Rosalie Miller, Edna Margaret Hartman and Rosalie Fuhrmann, each drove a tractor for a week. All members helped gather and prepare vegetables and assisted their mothers with the canning. Several of the older members did much canning alone.

Seven mentioned in their reports that they chopped cotton and the majority milk a number of cows each morning and evening. Ethel Mae Trubenbach tends 400 chickens.

The county-wide rally and picnic to be held at the Davis farm near Gainesville on August 12 was discussed and local girls made plans to attend.

The meeting was attended by 22 members, the sponsors and Miss Shultz and two guests.

GOVERNOR ASKS FOR RETURN OF EMPTY BEVERAGE BOTTLES

Governor Coke R. Stevenson in a proclamation this week urged Texans to return empty deposit bottles for civilian use so that the glass industry might concentrate on containers for the armed forces.

The proclamation stated that the conservation of these bottles like the conservation of all other material these days, is of vital importance to everyone, and urged that every person cooperate by searching homes, garages and business places and promptly return these containers to the places from which they were obtained. They will be sterilized for civilian re-use and will permit the glass industry to use more of its facilities for the manufacture of glass containers for food and other items required by the armed forces at home and abroad.

Local Baptist Church To Start Revival Aug. 9

A revival for the Muenster Baptist congregation will get underway next Monday, August 9, and will continue through the 20th. It was announced this week.

Rev. Luther Bradley of Denton has been secured to preach the sermons. Services will be in the open at the public school each evening at 8:30 and the public has an invitation to attend.

Mrs. Hinzman, 71, Of Lindsay Dies Tuesday

FUNERAL SERVICES ARE HELD THURSDAY MORNING WITH BURIAL AT LINDSAY

LINDSAY.— Mrs. Mathilda Hinzman, 71, a resident of this community for many years, died at a Gainesville hospital Tuesday afternoon at 4:20 following a 3 weeks' illness. She had been in the hospital since last Thursday, when her condition became critical.

Funeral services with mass of requiem were held Thursday morning at St. Mary's church in Gainesville at 9 o'clock with the pastor, Rev. John P. Brady, officiating, and burial was in the Lindsay cemetery under the direction of George J. Carroll and Son Funeral Home.

Mrs. Hinzman was a native of Germany where she was born November 4, 1871. She came to the United States at the age of 24 years and had resided east of the city for many years. Her husband, A. Hinzman, passed away a number of years ago.

Survivors are two sons, Otto of Bolivar and Conrad, who resides at the family home; four daughters, Mrs. Virgil Alfred, Gainesville, Miss Anna Hinzman, Sherman; Mrs. Erna Wels and Miss Edith Hinzman, who reside at the family home, and three grandchildren.

Mrs. Hinzman was an active church member and a good neighbor and has many friends who join her family in sympathy at her passing.

CITY COUNCIL HAS REGULAR MEETING MONDAY EVENING

The city council met in regular session Monday evening. Following routine business J. P. Fuscio resigned as city marshal and an officer to replace him is to be appointed in the near future. It was stated, Fuscio, who is also fire marshal, retained that office.

I. A. Schoech, city water superintendent, reported that use of city water has been heavy during the past two months, and that the city well is being pumped constantly in an effort to keep the supply up. Soldiers on maneuvers through this sector were permitted use of the water Tuesday, but the city was forced to discontinue their supply on Wednesday when it was revealed that their daily needs were equivalent to the well's daily output.

Liberty Baptist Church Sets Revival Dates

Rev. Fred Parnell will begin a revival at Liberty Baptist church Sunday, August 8, at the 11 o'clock a.m. service. Everyone is cordially invited to attend.

SEABEE INSTRUCTOR

—William J. Wilp, fireman second class, is the son of Mr. and Mrs. Joe B. Wilp of Oklahoma City. They are former residents of Muenster and William is a native of this city. He joined the Navy Seabees in November, last year, and is stationed at Camp Peary, Va., as an instructor.

ICE SHORTAGE IS EXPERIENCED HERE

The local ice supply was back to normal the past weekend after being rationed for more than a week, but the condition was short-lived. By Wednesday of his week the shortage was on again and local persons were allowed, as during the previous low period only 25 pounds per ice box each day.

Shortage results from an unusual demand in the county. The two Gainesville plants run at full capacity and ice is shipped in from other cities, nevertheless the home consumer suffers.

The demand for ice in this county, it was said, during this time more than doubles the demand for the same time in the year 1942.

COFFEE RATIONING ENDS; INCREASE IN SUGAR IS EXPECTED

Coffee rationing is ended. President Roosevelt announced the end of coffee rationing for civilians and added that a probable increase in sugar allotments will be made soon when he addressed the nation on Wednesday evening of last week. He attributed the move to a vast increase in available shipping space and greater success in the war against U-boats.

Purchases and sales of coffee may now be made at all trade and consumer levels without the surrender or collection of coffee ration stamps or other ration currency and banks will no longer accept coffee ration currency.

IF YOU DO NOT HAVE ONE APPLY FOR YOUR RATION BOOK 3 NOW

Approximately 122 million copies of War Ration Book Three have been mailed. OPA has announced.

The Office of Price Administration also stated that anyone who has not received Ration Book 3 should apply at his local board between August 1 and 10. A plan is now being set up to distribute Book 3 to members of the armed services who are eligible for ration books.

FEDERAL USE AUTO TAX STAMP CHECK IS NOW UNDER WAY

Reports from postmasters "undoubtedly indicate" that many persons have failed to buy the \$5 federal auto-use tax stamp which was required beginning July 1, the collector of internal revenue in Austin said last week.

A systematic check is underway to determine whether motorists have paid the tax and willful violators will be reported to the U.S. district attorney, it has been warned. Penalties include \$50 fine and a jail or even prison sentence.

MISS NORMA FISCH IS BRIDE OF LT. LEHMANN

Miss Norma Fisch, daughter of Mr. and Mrs. Bert Fisch of Fort Worth, was married last week in that city to Lt. James Howard Lehmann. They are making their home in San Angelo.

Mrs. Lehmann is a granddaughter of Mr. and Mrs. J.P. Fisch and Mrs. Mary Lehnertz of this city and is well known locally.

Army To Call Fathers After October First

Pre-Pearl Harbor Dads To Don Khaki To Fill Draft Board Quotas

Local draft boards were authorized by selective service Monday to call up pre-Pearl Harbor fathers after October 1, but only to the extent "absolutely required" to meet their monthly quotas.

One estimate was that only 300,000 fathers living with and supporting children born before September 15 and not engaged in non-deferrable work would actually be inducted this year.

Since there are 6,569,000 non-farming fathers, this would indicate that only about one of 22 will be called in 1943.

The 744,000 fathers regularly working in agriculture will continue practically draft-proof for occupational reasons.

Reclassifications may begin at once, but local boards were forbidden to order fathers to report for induction before October 1st if they are maintaining a bona fide home relationship with children born before September 15, and are not workers in activities classed as non-deferrable.

Boards were also instructed to call single and childless married men first if they have no occupation or hardship grounds for deferment and to make reclassification out of the father's 3-A group only as needed to meet demands upon a local board for men for military service.

The calling of fathers will be according to their draft order numbers regardless of the number or the age of their children, unless they are granted deferment as "essential" in agriculture or industry or unless their induction would mean "extreme hardship and privation" to their families. The policy of not drafting men over 38 continues.

To put off the actual calling of fathers as far beyond October 1 as possible War Man Power Commissioner McNutt said local boards were told again "to comb the rank of the 2,976,000 men who previously have been examined and deferred in 4-F as unfit for military service and to sift out registrants who may now be qualified for duty."

McNutt disclosed that the August and September quotas call for induction of 275,000 men each month with the army getting 175,000, and the navy, marines and coast guard 100,000 each month. The July quota was 325,000.

During the last quarter of this year, when fathers will be eligible for the draft, approximately 625,000 men will be inducted but 150,000 can be obtained from the ranks of youths newly turned 18 and another 175,000 from the non-fathers still in civilian life.

Fathers will make up the majority of the nearly 200,000 to be inducted monthly in the first half of next year according to tentative selective estimates, although the actual size of 1944 calls will depend largely on the extent of combat casualties.

MRS. BROEKER DIES IN WICHITA FALLS; FORMER MUENSTERITE

Mrs. Frances Ann Broeker, 60, former resident of this city, died at her home in Wichita Falls Tuesday afternoon after a lengthy illness.

Survivors are her husband, Hy. Broeker, a daughter, Hilda Broeker, a son, Ernest at Camp Hulen, and a grandchild Yvonne.

Funeral arrangements were incomplete Wednesday morning pending word from the son, but it was understood that burial would be at Wichita Falls.

FEWER NEW TIRES

Smaller quotas of new passenger car tires for August and larger quotas of used and recapped tires have been announced by OPA based on rationing allotments assigned for the month by the Office of Rubber Director. The August quota of Grade 1 tires is the lowest since April. OPA officials warned that drivers who are eligible for new tires may have to accept used or recapped tires as long as the quota of new tires is low.

MRS. ALBERT HENDERSON HOSTESS TO HAYS CLUB

Members of the Hays Club were entertained Wednesday evening in the home of Mrs. Albert Henderson. After a brief business session the group enjoyed games.

The hostess, who is moving to another city soon with her family, was presented with a coffee table as a gift from the club members.

GOVERNOR STEVENSON'S PROCLAMATION URGES RETURN OF DEPOSIT BOTTLES. In the proclamation, just issued by Governor Stevenson, Texans are urged, during the month of August, to conserve the existing supply of returnable deposit bottles by returning them promptly to the dealers. Governor Stevenson's proclamation points out that the general public, by returning idle milk, carbonated beverage, and beer bottles, which can be sterilized for civilian re-use, will permit the glass industry to re-use even more of its facilities for the manufacture of glass containers for food, and other items, required by the armed forces at home and abroad. Mrs. Margaret McDuffie, the Governor's personal secretary, was photographed with him at the time the proclamation was signed.

COTTON INSECTS IN COOKE COUNTY

On a check made Friday, July 30, by County Agent Al Erient he found practically no insect damage to cotton. With the continuance of dry, hot weather we do not believe there will be any further damage from the flea hopper or the boll weevil. Of course, weather conditions could increase boll weevils.

We have had some farmers reporting millers of leaf worm. Any farmer who thinks he has leaf

worm millers should watch his cotton so he will be able to dust at the proper time. He should not start dusting until the leaf worm has started ragging the cotton.

The whole idea is to get a good kill with the first dusting.

It is possible, with a good general rain during the first part of August for cotton to put on a real crop during the month of August. Therefore, farmers should be on the alert and not let leaf worms damage their cotton.

The best poison for cotton leaf worm is calcium arsenate. This poison can be obtained at the Gainesville Oil Mill. Applications should vary from 6 to 10 lbs. per acre, depending on the size of the cotton. This should be put on as a dust, either early in the morning when there is a dew or any time during the day when the wind is not blowing.

D. 1943, in this cause, numbered 13856 on the docket of said court and styled James M. Lesslie Plaintiff, vs. Ruth Lesslie Defendant.

A brief statement of the nature of this suit is as follows, to wit:
 Suit for divorce stating plaintiff and defendant were duly and legally married in Greenville, S. C. on or about February 7th, 1942, and that they lived together as husband and wife until on or about the 1st day of March 1942, that said marriage relation still exists, and that no children or

child was born to them as a result of said union and that they have no community property.
 For cause of action plaintiff says: that at the time of the marriage, both he and the defendant were highly intoxicated, and knew but little about what was going on; that she requested of him to get a divorce immediately, but he did not, at the time, have the necessary funds. Plaintiff further says that defendant never has recognized him as her husband and never quit making dates with other men, but that he took the matter seriously, and suffered great mental pain and anguish from her disloyalty to him after said marriage, and that she has refused to live with him as his wife and still refuses to do so; that their further living together as husband and wife is insupportable.
 Wherefore plaintiff prays that he have judgement dissolving their said marriage relation and for such other and further relief as he may be justly entitled to either at law or in equity, as is more fully shown by Plaintiff's Petition on file in this suit.
 The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.
 Issued and given under my hand and Seal of said Court, at office in Gainesville, Texas this 20th day of July A.D. 1943.

A brief statement of the nature of this suit is as follows, to wit:
 Suit for divorce stating that on the 22nd day of January 1933 the plaintiff and defendant were lawfully married and that said marriage still exists and that no children were born of said marriage and that there are no property rights involved, and that the residence of the defendant is to the plaintiff unknown.

Plaintiff alleges that about 1934 the defendant abandoned her and since that time they have not lived together as husband and wife. She further alleges that after said marriage she learned that the defendant had married her under the name of Wellington, while his real name was and is Cecil McKay.

Whereas plaintiff prays that the defendant be cited to appear and answer herein under the name of Wellington and that upon final hearing she have judgement annulling or dissolving said marriage and she further prays for general and special relief as is more fully shown by Plaintiff's Petition on file in this suit.

 To: May Chasteen Defendant.
 Greeting:

You are hereby commanded to appear before the Honorable District Court of Cooke County at the Court House thereof, in Gainesville, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 6th day of September A.D. 1943, then and there to answer Plaintiff's Petition filed in said Court, on the 20th day of July A. D. 1943, in this cause, numbered 13855 on the docket of said court and styled C.T. Chasteen Plaintiff, vs. May Chasteen Defendant.

A brief statement of the nature of this suit is as follows, to wit:
 Suit for divorce stating that plaintiff and defendant were lawfully married January 10, 1934 and that said marriage relation still exists, but that no children have been born of said marriage and that no property rights are involved.

For cause of action plaintiff alleges that defendant, about February 1941 began a course of cruel harsh and unusual treatment toward plaintiff, which continued until about the 10th day of February, 1942, when plaintiff and defendant separated and since which time they have not lived together as husband and wife; that said conduct rendered their living together as husband and wife insupportable; that during said time defendant associated with other men and kept company with them and had improper relations with them, and that she finally left plaintiff and has kept her residence secret from him and that she has refused to perform her wifely and household duties to him.

Wherefore plaintiff prays that the defendant be cited to appear and answer herein, and on final hearing that he have judgement dissolving said marriage relation and for general and special relief, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.
 Issued and given under my hand and Seal of said Court, at office in Gainesville, Texas this 20th day of July A.D. 1943.

"For Better or For Worse"

With boys leaving for the service, and other war-time conditions, it seems that marriages are reaching an all-time record.

You've heard the expression, "Live on Love"—possibly so, providing it's just between meals. Or perhaps you have heard that "Two Can Live as Cheap as One"—but we believe they forgot to tell you the rest, "Half as Long".

Regardless of jokes, we know that it takes food to live, and Quality Food to live Economically. We'll try to make your food dollar go as far as possible in Groceries, Meats, Fruits and Vegetables.

It Doesn't Show in Our Bank Statement

Periodically we issue to the public bank statements which include a listing of all our assets. All? Well, not quite all. We must admit there is one thing we leave out, for it is impossible to figure in dollars and cents. It's our good will, one of the most valuable assets we possess. You'll sense it, the minute you step into the bank. It shows on the faces of our employees and our depositors. It reveals itself in the way we perform our various services.

Funny thing about good will. The more we give out, the more we have left. Come in and get your share.

Members of the Gun Club, along with their wives and lady friends, enjoyed a social in the community hall here Sunday evening. A large attendance was present to enjoy games and refreshments.

Pfc. Robert Beyer, who has been stationed at Nashville, Tenn., was recently transferred to Pine Camp, N.Y., according to word received by his parents, Mr. and Mrs. Adam Beyer.

Cpl. Joe B. Hundt, son of Mr. and Mrs. Joe Hundt, is a patient at Tournay General Hospital Palm Springs, Calif. He sustained a double fracture of his left arm on June 30 at Kingston, Ariz., and was at the station hospital there until July 23 when he was transferred to Palm Springs. He is connected with the army air corps ground crew personnel. Mr. and Mrs. Hundt's other son in the service, Cpl. Gregory Hundt, was recently transferred from Long

Beach, Calif., to Pope Field at Fort Bragg, N.C.

Lieut. Ray Bezner Brings Down Zero In Pacific Fight

Credited with one Zero, 2nd Lt. Ray W. Bezner, son of Mr. and Mrs. John Bezner of this community, flying with the 13th Air Force made his catch while participating in an air battle in the Rendova area of the Solomon Islands on July 3.

Describing the flight in a combat report released by the headquarters of Lt. General Millard F. Harmon, commanding U.S. army forces in the South Pacific Lt. Bezner said:

"I saw four Zeros on the tails of four P-38's. I turned into them at a 90-degree angle, bore-sighted one but my guns were not on and I missed the kill. The Zero got on my tail after a fast loop but I evaded him in a high speed dive.

"Returning to the fight, I found 15 to 20 Zeros in a bunch head-on but approximately 1,000 feet below. Because I was alone, I made one pass at them as they were going by. I saw one burst into flames and go down. I then returned to my base as I was low on gasoline."

SCHMITZ-KLEMENT RITES SET FOR AUGUST 19TH

Announcement was made Sunday, by the reading of the marriage banns, of the engagement and approaching marriage of Miss Isabel Schmitz, daughter of Theo Schmitz of Lindsay, to Anthony Klement, CM 2-C, U. S. Coast Guard, stationed at Bucksport, S. C., and son of Mr. and Mrs. Frank Klement, Muenster.

The rites will take place at St. Peter's church, Lindsay, on Aug. 19, when the bridegroom is on leave.

A number of pre-nuptial parties are being planned for Miss Schmitz.

BANKING

Through courtesy Muenster State Bank

Opening a checking account and the use of checks:

In opening a checking account at any bank, whether it be an individual, a corporation or a partnership, the procedure involved is substantially the same. Suppose for example, that you yourself want to open a checking account at a bank. In large banks this is handled by a special department in the bank, in which case you will be directed to the representative or department handling new accounts. In smaller banks, the opening of new accounts will and can be handled by the Tellers or any other officer of the bank. The first thing to consider in opening your first account is that you must ascertain from the bank what is the minimum amount they will accept on deposit for a checking account.

Many banks have various amounts they will accept as a minimum account, such as ten, twenty-five, fifty or one hundred dollars. Your next step should be to make inquiry about the service charge in effect at the bank where you are opening your account, so that you will be enabled to regulate your withdrawals to get the maximum service at minimum cost.

You will then fill out a signature card, which contains an agreement setting forth the conditions on which the bank will accept deposits and will pay checks drawn against your account. By signing the card you give the bank an exact specimen of the signature you will use in drawing checks. Other information is usually asked on your signature card, such as former banking relations, your age, occupation, etc.

Your card is indexed and filed which is a guide when any question arises over the signature appearing on your checks. You will then be given a deposit blank upon which you will enter your deposit items, if coin or currency or if other checks you will itemize them on your deposit. You are then provided with a book of bank checks, which are provided with stubs for you to keep a record of all checks given.

It is a wise practice to use only the checks from your own book, it enables you to check your account against your bank statement at all times.

The method in which your withdrawals travel is interesting to follow. It varies from a simple operation completed within one bank to a highly complicated procedure involving many banks. We are all familiar with a transaction whereby one gives a check to a local store. The merchant merely adds your check to a list of other checks and deposits them in the bank. He is given credit on the bank's books and your check is posted by the bookkeeper to your account, which transaction does not change in the least the total of the Bank's deposits.

Suppose, however you mailed a check to a distant firm for some merchandise. Your check is, like the first case, placed in the distant firm's bank for collection.

might? As Churchill says, he came in like a jackal to claim a share after another beast had made the kill.

If you want to compare the two warriors, Mussolini was as infamous for his retreats as Caesar was famous for his conquests.

A few years from now Italians will remember the Duce only as a power-crazed punk who got their country into an awful mess, but they'll still be proud of Caesar who lived almost twenty centuries before. The memories of Hitler and Hirohito will live in comparable infamy before very long.

For the edification of GI's anywhere and everywhere the column passes on a story told by an officer returning from leave. Our friend had entered a diningcar and was waiting to be shown to a table when the steward came bustling down the aisle and officiously announced "you men will have to leave, this car is reserved for soldiers." A voice behind said, "Too bad, I suppose we don't eat." Our friend turned and discovered that his companion was a two-star general. What do you think? Was the steward blissfully dumb about the army or was he an old soldier making the most of an opportunity?

Noted around here during the week: A building in the OCS area, one that I used to go into every day, is now adorned with a snazzy sign proclaiming "Through these portals pass the world's outstanding field artillery officers." Why did-

Let's presume this firm is in New York City. The New York city banks in which this firm first deposited your check would have to transmit your check to the Federal Reserve Bank in New York City. This Federal Reserve Bank in turn would transmit your check to the Federal Reserve Bank located in your state. From here it would be sent to your local bank for final payment. If paid, the bank making the payment would have to transmit its draft in payment to the Federal Reserve Bank for your check. It is then handled about six more times by your local bank before it is finally charged against your individual account by the bookkeepers of your local bank.

n't they think of that several months ago when I was so sorely in need of such encouragement!

A case of mis-applied military courtesy. A luscious lovely was passing a loitering soldier on the corner. He snapped to attention, flashed a bright smile, and gave her one of the best salutes you could ever hope to see. Next he completely snubbed a captain. What do you think the captain did? That's right. Probably the boy's ears are still burning.

Payday philosophy from a jeep jockey: "Ise expecting lots of mail the next few days. Love letters saying, Honey, I loves you mo' an' mo', jus' can't live without you — an' I needs five dolla's fo' this an' eight dolla's fo' that."
