After 50 years...

Enterprise moves into second half-century

CURRENT FULL-TIME STAFF at The Muenster Enterprise includes, seated, l to r, Elfreda Fette, Brenda Rigsby, Lisa Walterscheid, Alvin Hartman.

Standing are Dianne Walterscheid, David Fette and Janie Hartman.

Founded in November 1936 by the late R.N. Fette, whose death in August at the age of 79 ended his intense hope of completing a full fifty years, **The Muenster Enterprise** is moving into its second half-century.

From its infant years in a rented frame building in the second block of Main Street, then moving to its present location at 117 East First Street in 1939, publication of Muenster's historical changes has been continuous.

There was only one major interruption during a devastating ice storm that downed power lines between here and Sherman and an even wider circle. At one other time, a portable generator, owned by the FMA Plant, was offered and generously shared by the plant at night during a power failure, and served to run the big old faithful press for one week's publication.

In another look backward, **The Enterprise** staff today recalls with appreciation and respect, the most recent association for one and a half years of Bob Buckel, now publisher/editor of **The Cooke County Leader**. Also the treasured years since 1937 when Rosa Driever gathered the Lifestyle news for 38 years.

Also Bernie Fette, Becky Fenton, Gary Lantz, Leonard Endres, Steve Luke, Pam Adams, Daryl Ferber, Kathy Sicking, Shirley

Reiter, Sharlene Hartman, Christi Klement, Annette Walterscheid, Mary Ann Arendt, Emily Hartman, Kathy (Luke) Hartman, Josephine Yosten, Elaine Schad, Vina Voth, Joanie Cowden, Murlin Evans. Also Jake Horn, Mrs. Richard Fette, Bill Meddlin, Earl Marlatt, G.W. Hogan.

And Harvey Schmitt who started in 1964; Weldon Lyons in 1951; Herbert Fette in 1950 (?); Carly Pels in 1949; Emmet Fette in 1938; Gene Carter in 1937 and Bill Fink, Sr. in 1936.

In 1939, approximately half of the new building's space was used for **Enterprise** operation. The remaining space was available for rent.

First tenant was the Cooke County Electric Co-op. When that organization moved, the Upper Elm-Red Soil Conservation District offices and personnel occupied the west half of the building.

With the transfer of staff and equipment to a more central location in the Federal Building in Gainesville and to other offices at greater distances, **The Enterprise** began expanding into about half of the remaining floor space.

Presently occupying the office area on the west front of the building is the Muenster Chamber of Commerce Office.

The present **Enterprise** staff includes publisher/editor David Fette; advertising representatives Alvin Hartman and Lisa Walterscheid; composing room manager Dianne Walterscheid; photographer Janie Hartman; typesetting and composing Brenda Rigsby; accounting Pam Fette; circulation and editorial staff Elfreda Fette.

David Fette became publisher in January 1979. Alvin Hartman joined the staff in September 1946; Lisa Walterscheid in May 1985; Dianne Walterscheid in January 1983; Janie Hartman in April 1984, after freelancing for **The Enterprise** since 1979; and Brenda Rigsby joined the staff in May 1985.

The Enterprise expresses appreciation to George Avery and Larry Kendall for their assistance; and to contributing writers who frequently supply information: Elaine Schad, Jon LeBrasseur, Max Hastings, Ted Heers, Ruth Smith and Myrt Denham.

This 50-year milestone is offered in memory of its founder whose courage to start a newspaper, or any business in Depression years, was drawn from his trust in Almighty God, belief in his fellowman, and stamina to hang on. Perpetual optimism was his very nature and belief in the potential growth of Muenster was his crutch.

Littlest Angel program to provide service for needy

The Littlest Angel program, chaired by Shelly Kneupper, is now distributing applications for the program to needy Cooke County families.

Anyone who knows of a family not able to provide Christmas gifts for their children or elderly persons in need of a food basket, should request an application for them at the Voluntary Action Center in the basement of the Courthouse. Completed applications should be sent in by Dec. 11.

A Christmas tree will be decorated with paper angels, each carrying a separate name and need, and set up on Dec. 1 here at Muenster State Bank as well as other area banks.

A brief historical sketch of the Angel Program reveals that it began in 1984 as a non-profit organization whose purpose is to provide clothing, toys and food baskets to needy Cooke County families at Christmas time.

After applications have been

screened, paper angels are cut and lettered with the child's sex, age, size and wishes.

There are "Elder Angels," elderly persons in need of items or food baskets. This group has been added to the program. Angel cut-outs are then hung on Christmas trees in area banks.

Persons wishing to "adopt" an angel should remove a paper angel from the tree and purchase the needed items. Other information is available from Mary Ellis, 665-8805.

George Washington's
GENERAL ORDERS
To the American Army

Head Quarters, Moore's House
Saturday, November 27, 1779.

Parole Landaff, Countersigns
Lexington, Leeds.
The Honorable the Congress has
been pleased to pass the
following proclamation.

The Enterprise expresses
appreciation to Imelda Rohmer
who submitted this copy of
George Washington's General
Orders to the American Army.

WHEREAS it becomes us humbly to approach the throne of Almighty God, with gratitude and praise for the wonders which his goodness has wrought in conducting our fore-fathers to this western world; for his protection to them and to their posterity amid difficulties and dangers; for raising us, their children, from deep distress to be numbered among the nations of the earth; and for arming the hands of just and mighty princes in our deliverance; and especially for that he hath been pleased to grant us the enjoyment of health, and so to order the revolving seasons, that the earth hath produced her increase in abundance, blessing the labors of the husbandmen, and spreading plenty through the land; that he hath prospered our arms and those of our ally; been a shield to our troops in the hour of danger, pointed their swords to victory and led them in triumph over the bulwarks of the foe; that he hath gone with those who went out into the wilderness against the savage tribes; that he hath stayed the hand of the spoiler, and turned back his meditated destruction; that he hath prospered our commerce, and given success to those who sought the enemy on the face of the deep; and above all, that he hath diffused the glorious light of the gospel, whereby, through the merits of our gracious Redeemer, we may become the heirs of his eternal glory; therefore,

RESOLVED, That it be recommended to the several states, to appoint Thursday, the 9th of December next, to be a day of public and solemn thanksgiving to Almighty God for his mercies, and of prayer for the continuance of his favor and protection to these United States; to beseech him that he would be graciously pleased to influence our public councils, and bless them with wisdom from on high, with unanimity, firmness, and success; that he would go forth with our hosts and crown our arms with victory; that he would grant to his church the plentiful effusions of divine grace, and pour out his holy spirit on all ministers of the gospel; that he would bless and prosper the means of education, and spread the light of christian knowledge through the remotest corners of the earth; that he would smile upon the labours of his people and cause the earth to bring forth her fruits in abundance; that we may with gratitude and gladness enjoy them; that he would take into his holy protection our illustrious ally, give him victory over his enemies, and render him signally great, as the father of his people and the protector of the rights of mankind; that he would graciously be pleased to turn the hearts of our enemies, and to dispense the blessings of peace to contending nations; that he would in mercy look down upon us, pardon our sins and receive us into his favor, and finally, that he would establish the independence of these United States upon the basis of religion and virtue, and support and protect them in the enjoyment of peace, liberty and safety.

A strict observance to be paid by the Army
to this proclamation and the Chaplains are
to prepare and deliver discourses suitable to it.

The Muenster Enterprise will be closed on Thanksgiving Day so all of us can enjoy the holiday with our families. We wish a joyful day for you, and a safe observance of this truly American feast.

Big win for everyone!

Departing from the traditional picnic and parish bazaar day, always held since its first event many years ago on Thanksgiving Day, Sacred Heart Parish held the benefit and community observance on Nov. 23, the Sunday preceding the holiday.

It was marked as an outstanding success. Attendance at the turkey dinner was almost tripled over any other total. Co-chairmen Carrie Ann Walterscheid and Charlotte Dangelmayr said they and their assistants served more than 1100 meals at noon, with more guests coming after 2 p.m., continuing long into the afternoon and others coming in for a lighter supper menu.

Attendance at afternoon entertainments kept the Community Center crowded.

Winners of the Thanksgiving Raffle included 1) Ed Knauf, a fully processed side of beef; 2) Gene Gieb, \$200 cash; 3) Cal Wells

of Bowie, \$150 cash; 4) Beatrice Hess, \$100 cash; 5) Ed Knauf, \$100 cash; 6) Albert A. Knabe, \$100 cash; 7) Donald Walterscheid, \$100 cash; 8) Arthur Felderhoff, \$100 in trade, Muenster Bldg. Center; 9) Julian Walterscheid, \$100 in trade, Community Lumber Co.; 10) Sam Endres, \$100 cash; 11) Mrs. Andy Schoech, \$75 cash; 12) Betty Pautler, \$50 cash; 13) Herb Miller, \$50 cash; 14) Father Cletus Post, two weather forecasters.

In a separate raffle, the Christ-

mas Tree Skirt was won by Joe Wilkerson of Gainesville. The rifle was won by Tom Vogel.

Winners in the Children's Raffle were: 1) Denis Walterscheid, Magnavox Stereo Component System; 2) Kristine Hartman, Casio 49 Key Mini Stereo Keyboard; 3) Sheila Klement, 10 speed bicycle; 4) Arthur Lutkenhaus, Worlds of Wonder, Teddy Ruxpin; 5) Rosa Driever, Magnavox AM/FM Cassette Recorder; 6) Jessamy Sicking, \$60

Good News!

Thus says the Lord: Observe what is right, do what is just; for my salvation is about to come, my justice about to be revealed. Happy is the man who does this, the son of man who holds to it; Who keeps the sabbath free from profanation and his hand from any evil doing.

ISAIAH 56:1-2

The essence of thanks...

Remembering the teacher

by Bernie Fette

For the first time in my life, I feel that I have a clear idea of just what I'm thankful for.

That statement is certainly not meant to suggest that I've had nothing in the way of good fortune in years past; only that I now am reminded that all of that good fortune is in some way tied to one person.

When my mother and brother approached me a few weeks ago and asked me to make some sort of contribution to this special 50th anniversary issue of *The Enterprise*, I jumped at the opportunity, having no earthly idea of how I would do so. It was my wife, Vicki, who pointed out the obvious: Muenster and I have one very important thing in common; the same person has touched our lives in ways that we'll both be feeling for as long as we both may live.

Any effort to mark this special anniversary would be incomplete without a tribute to the man who made it possible, and I am deeply honored to offer that tribute.

Fifty years ago this week, my father began what was to become an institution in Muenster. He did so with little more than the idea that Muenster should have a newspaper it could be proud of, and the confidence that he could create such a newspaper. He told me this many years ago, at the same time he told me that he made less than \$90 profit his first year in business - that's no small feat when you consider that it takes most small businesses starting out today at least three years before they can turn any profit at all.

One of the many bits of advice he offered me years ago illustrated the philosophy with which he chronicled Muenster's history since 1936. "If you can't say something nice about somebody, don't say anything at all." There were, of course, many times when Dad found it necessary to report tragedy and controversy in his newspaper, but he always did so in a way that was dignified and fair to those people involved in the stories.

It's certainly obvious that Dad was opinionated; but here again, he demonstrated an ability that few possess. Dad had the ability to disagree without being disagreeable. Every week, Dad would crank out an opinion or set of opinions that was almost certain to irritate some other viewpoint. But his intent was not to irritate; his intent was to make people think. It's sad, but sometimes people won't think unless they're forced to.

This seemingly pushy approach was only one way in which Dad exerted a well-meant, but sometimes demanding, influence. And that influence is the primary reason that I feel I have so much for which to be thankful. And, if you'll pardon the self-indulgence, I'd like to share some examples with you:

I have a wonderful wife who loves me and supports me and shares in my dreams.

We have a nice house in a pleasant neighborhood in a community that we like very much.

We have two beautiful dogs who receive treatment usually reserved for human beings their age (yes, they too have much to be thankful for).

I have an absolutely fantastic job that has allowed me to meet scores of terrific people and make some very special friends - not only in Bryan-College Station, but in several other cities across the United States. I spend several hours each day doing things to help make my community a better place to live, and I get a paycheck for doing those things. You can't beat that.

I could go on, but instead I'll just say what I believe - I am one of the most fortunate people I know. I'm so fortunate because one person was so generous in giving of himself to teach me some very important lessons; lessons on love, respect and diligence.

Since my own words would not do justice to a description of those lessons, I'll just let the teacher's words speak for themselves:

- "Pay attention to details."
- "Don't get too cocky."
- "Work hard and the rest will follow."
- "Save your money."
- "God bless you."
- "We love you."

I know now that these are lessons he tried to teach everyone with whom he came in contact, throughout his life.

It makes me intensely proud to know that my Dad had such a beneficial and lasting impact on so many people. And, of course, I'll be forever thankful that I was lucky enough to be one of those people. Dad's community, as his many friends would attest, represented to him an extension of his own immediate family. That, to me represents the highest form of giving, and will probably be the characteristic about him that I try hardest to duplicate.

I've been truly blessed, and so has Muenster. I hope you'll all join me in thanking him, and in wishing continued success to those people who will continue to pursue his 50-year-old mission.

FOUNDER, R.N. FETTE, at his desk in 1979.

THEIR YEARS WITH THE MUENSTER ENTERPRISE BEGAN, for Henry "Curly" Pels, Jr. in 1949; for Rosa Driever in 1937; and for Alvin Hartman in 1946.

WELDON LYONS joined *The Enterprise* staff in 1951 as linotype operator. He worked during the four years Curly Pels was in the Air Force and upon Curly's return, Weldon became a linotype operator for the Gainesville Register. He is now employed by Mrs. Baird's Bakery.

Remembering an old love...

by Rosa Driever

My love affair with *The Muenster Enterprise* began early in its young life.

Even then *The Enterprise* was the best little weekly in Texas. Like a parent who nurtures a child and is proud of its progress, I share pride in this golden milestone.

The Enterprise has been so much a part of my life. Happy times, sad times, frustrating times. There were lean years and war years.

The Enterprise grieved with families whose young men did not come home from battle and rejoiced with those who returned.

There were times when giving up would have been easier than going on. Machinery breakdowns, electric power failures. Waiting impatiently. Sometimes a 24-hour vigil. Standing by. Doubling efforts to get the paper in the mail on time. Those were six-day work weeks. Few holidays. No minimum wage. No overtime. But Ah! A Christmas bonus!!

Sometimes it's the small things one recalls easily. My mixing powdered paste and water each Thursday morning for the mailer. That was before instant paste.

And the noises. The big news press. The job presses. The linotype. Everything going at the same time and all of us, usually three, sometimes four, all together in one space.

I learned about newspapering from Ramie. He was a fantastic teacher. A perfectionist. I remember his cautioning, "Don't editorialize in a news story. Don't use the active and the passive voice in the same sentence." Good days.

But time and circumstances change people's lives and contributed to my leaving after giving nearly 38 years of my life to a paper I loved.

I think we had the most loyal readers and the most loyal advertisers a newspaper could have. They, too, share in this anniversary. A half century. Fifty years.

The Enterprise grew up rugged. Without luxuries. Un pampered. Unspoiled. With a charm of its own. And a great deal of love.

That is a part of its success. Its progress. Its modern innovations. Its continuing charm.

I join Elfreda and David and the present staff in their joy and pride on this anniversary.

Congratulations!

Annual sausage meal to be held at Windthorst

On Sunday, Dec. 7, Windthorst will once again be hosting the annual sausage feed, featuring that good ole homemade sausage with all the trimmings.

Sponsoring the meal will be the 3rd degree Knights of Columbus of Windthorst. Assisting will be the wives of the members and many residents of Windthorst. Bill Wolf, head of the Knights, and Ernie Hoff will be co-chairmen for the event.

The profits of the meal will be utilized by the Knights for

charitable and community purposes including Wichita Falls Maternity Cottage, Deaf Program, Senior Citizens and other organized charities.

The traditional sausage meals are semi-annual affairs which are held each year on the first Sundays of December and March. Modifications to four serving lines have been made to provide prompt service for guests' convenience. So come to the country and join us for a delicious sausage meal with all the trimmings!

Gramm plan will aid employers

WASHINGTON - A legislative initiative announced by U.S. Sen. Phil Gramm aims to lighten the burden imposed on both employers and prospective employees by the new immigration reform law.

"Employers must be able to hire with confidence, and no American should be turned away from a job out of fear that he may be an illegal alien," Gramm said in describing the plan.

The senator's proposal would

take a large step toward curing the problems caused by the immigration law's threat of fines and imprisonment for employers who unknowingly hire illegal aliens.

The plan includes three specific points:

- It requires the Social Security Administration to operate a telephone verification system which employers may use to check the authenticity of Social Security cards presented by prospective em-

ployees.

- It requires that tamper-proof Social Security cards be available to employees.

- It establishes new penalties for use of counterfeit Social Security cards - up to five years in prison and a \$10,000 fine - and for counterfeiting Social Security cards - up to 20 years and a \$100,000 fine.

"Too often, Congress passes laws and then allows somebody else to work out the details of how they

will be enforced," Gramm said. "But there is too much at stake for Texas to allow that to happen with immigration reform."

"Making this new law work to the advantage of Texas employers and Texas workers will be a high priority of mine during the 1987 session of Congress," the senator pledged.

Mrs. Ed Jesko dies Nov. 22 in Hereford

Mrs. Ed Jesko, 85, the former Sallie Zipper and a former resident of Muenster, died unexpectedly Saturday night in a Hereford hospital. She entered the hospital Friday after becoming ill Thursday night, according to word received here.

Mass of Christian Burial was held Tuesday in St. Anthony's Church and burial followed in Hereford.

She was born Sept. 20, 1901 in Pilot Point. She worked in Muenster before her marriage to Ed Jesko and they resided on a farm in Friona until they retired and moved to Hereford. Her husband, an infant daughter and a son preceded her in death.

She is survived by two daughters, Martha Kerchun of Clovis, N.M. and Gwen Hacker of Hereford; one son, Jimmy Jesko of Hereford; and one daughter-in-law, JoAnn Jesko of Hereford; and a number of grandchildren.

She was a sister of the late Rudolph Zipper of Muenster.

Harold Franke retires

Dr. Harold Franke, Professor Emeritus in the Department of Animal Science at Texas A&M University, retired Aug. 31, 1986. During his 40 years with the Texas A&M University System, Franke served in numerous capacities including 17 years as undergraduate advisor and personal counselor. He also served as beef cattle herdsman, farm superintendent, livestock judging coach and professor. Over 3500 students from virtually every town in Texas have benefited from Franke's guidance and knowledge. He was and is dedicated to his students and to their future.

An ardent believer in both practical and formal education, Franke's vast experience and personal contacts in the livestock industry have enabled him to place students from diverse backgrounds in jobs all over Texas and the United States. This in itself has added to the respect and high esteem the agriculture industry has for Dr. Franke.

Franke's dedication to youth, community activities and the future of agriculture has not been confined solely to Texas A&M University. He has served the Houston Livestock Show and Rodeo for over 30 years during the youth show and was instrumental in developing the Commercial Steer Feeding Contest. Franke is an active supporter of the Brazos County Youth Livestock Show and the Bryan-College Station Cham-

ber of Commerce, a director of the Brazos County Farm Bureau and a deacon of the First Christian Church of Bryan. He has served as a Livestock Market Specialist for the Packers and Stockyards Administration and as County Extension Agent in three counties.

In honor of Dr. Franke's retirement, an endowed scholar-

ship fund is being established for students in animal science. Contributions to the Harold W. Franke Animal Science Scholarship Fund should be made payable to Texas A&M University Development Fund and sent to Dr. G.T. King, Department of Animal Science, Texas A&M University, College Station, Texas 77843-2471.

MRS. JEFFREY WARREN THACKER
...nee Carmen Joy Flusche...

Couple exchange vows in Henrietta

Mr. and Mrs. Jeffrey Warren Thacker are at home in Henrietta since their wedding on Nov. 15 at 2 p.m. in First United Methodist Church of Henrietta.

Rev. George Topper officiated for the double ring ceremony.

The bride is a daughter of Mr. and Mrs. Don Flusche of Muenster and Ms. Dorma Taylor of Gainesville.

The groom is a son of Mr. and Mrs. William M. Thacker, Jr. of

Henrietta.

Given in marriage by her father, the bride was wearing an elegant white taffeta wedding gown with portrait neckline, puffed sleeves edged with double rows of lace at the elbow, fitted bodice and sweeping skirt edged with double rows of lace in a modified train. The front of the skirt revealed four layers of lace gathered below a cascading band of white taffeta, waist to hem, caught with matching bows of taffeta.

She carried white gardenias and white baby roses in a cascade arrangement, and for "something old" she wore a gold wedding band belonging to her husband's late Grandmother Tyding.

Her white bridal hat held a brief veil in back.

ATTENDANTS

Matron of honor was the bride's sister Claudia, Mrs. Doug Holmesby of Fort Worth. Bridesmaids were the bride's sister Connie Jo Miller of Fort Worth and the groom's sister-in-law, Mrs. Ty Thacker (Sue) of Wichita Falls. They wore tea-length jade moire taffeta dresses and each carried two gardenias with long ribbons tied with tiny gardenias.

Best man was the groom's father, William M. Thacker, Jr. of Wichita Falls. Groomsman were Robert Thacker and Ty Thacker, both brothers of the groom, of Wichita Falls.

Ushers were George Ratcliff, Dwight Campbell, Steve Coleman and Kent McCord, all friends of

the groom.

RECEPTION

A reception followed the church ceremony, at the Wichita Falls Country Club, hosted by the groom's parents.

Mrs. Dwight Campbell and Ms. Shirlene Parker secured guest

signatures in the bride's book.

The white, three-tiered wedding cake, decorated with peach flowers and greenery, was served by Pauline Hays of Wichita Falls. The chocolate groom's cake, decorated with fresh fruit and flowers, was served by Barbara Henry of Wichita Falls.

Beta Kappa holds meeting on Nov. 6

The November meeting of the local Beta Kappa chapter of Epsilon Sigma Alpha was held on Nov. 6 at 7:30 p.m. in the TP&L Meeting Room with Wanda Flusche presiding in the absence of president Marcy Wilde.

Following committee reports, members voted to sponsor Girl Scout Troop 45 for the 1986-87 year; to help with the Littlest Angel Project again this year; and to donate 100 percent of the profits made at the Autofest to the Muenster Volunteer Fire Department. Upcoming meeting dates will be Thursday, Dec. 4 (a regular business meeting) and the Christmas Party on Dec. 13.

Following the educational program by Sharon Felderhoff and Marlene Endres on "The Texas Tropical Trails," a pledge ceremony was held for Kathy Hartman.

The meeting was adjourned with refreshments served by Wanda Flusche.

Schedule of Meetings

C.D.A.

Catholic Daughters of America will meet Monday night, Dec. 1, at 7:30 p.m. Part of the meeting will include packing goodie bags for shut-ins, an annual holiday activity.

A.A.

A.A. meetings are held each Tuesday in the meeting room of the Community Center. New members are always welcome.

On May 9, 1936, the giant Zeppelin *Hindenburg* completed her maiden voyage across the North Atlantic in Lakohurst, New Jersey. Fares were \$400 one way and \$720 round trip. The *Hindenburg* carried 50 passengers and a crew of 54, until May 6, 1937 when it burst into flames.

"In Lieu Of Christmas Cards" held again

The annual charitable project, "In Lieu of Christmas Cards" will be held again this year and will be sponsored by the Ladies Auxiliary to the VFW.

Part of the proceeds will benefit the fund drive for purchase of a new Muenster fire truck. Part of the proceeds benefit the Auxiliary's local relief fund, which members dispense as the need arises.

Donations of \$5.00 or more will

assure your name printed on the Christmas ad. However, it is suggested that donations reflect the cost of Christmas cards and postage. Donations are to be sent before Dec. 12 to Frances Bayer, Rt. 1, Box 19-A, Muenster, or Juanita Knabe, P.O. Box 474, Muenster.

The above are the correct addresses. There was an error in last week's story.

Amanda observes eighth

Amanda Russell's eighth birthday on Nov. 7 was observed with a party at her home hosted by her

parents, Glenda and Bryan Russell. Guests were her sister Lisa; her aunt Marlene Endres and children Lacy and Ricky; her aunt Sharlene Hartman and Chris Pagel; and friends Jenny Sicking, Brenda Lutkenhaus, Holly Mullins, Leann Klement and Amy Walterscheid.

Refreshments were angel food cake and ice cream. Group pictures and gift display added to the fun.

SHS students see program at planetarium

Using optical devices to project celestial images and effects, Dr. Ron Bost, director of Cooke County College's Planetarium, guided Sacred Heart sixth and seventh graders through a model representation of our solar system. The combined classes' field trip to the planetarium took place Friday, Nov. 21, and was under the direction of Sr. Monica, sixth grade teacher, and Becky Fenton, seventh grade teacher. Students were bussed to and from the planetarium by Joe Fenton.

Bake Sale set for Dec. 5

The Cooke County Heritage Society will hold its annual Christmas Bake Sale on Friday, Dec. 5, in the lobbies of the First State Bank and Gainesville National Bank and at the south entrance of Wal-Mart between 9 a.m. and 2 p.m. People wanting to donate baked goods should bring them to the Museum on Thursday, Dec. 4. Proceeds from the sale will be used to help support the Morton Museum.

For further information contact the Morton Museum at 668-8900.

Year after year, the Internal Revenue agents continued to seize and destroy bootleggers' stills at the rate of something like 15,000 a year.

A Fortune survey made in late 1937 showed that only 15.1% of the men and 29.7% of the women wanted complete Prohibition back again.

MR. and MRS. TONY WIMMER
... wedding day Nov. 17, 1936 ...

Wimmer golden wedding observed

The first wedding to be reported in *The Muenster Enterprise* in 1936 was celebrated with a golden wedding anniversary party here on Sunday, Nov. 16, 1986, in the Knights of Columbus Hall.

Tony Wimmer, a son of Charlie and Annie Wimmer of Muenster, and the former Loretta Lueb, daughter of Henry and Mary Lueb of Oklahoma City, were married in St. Edward's Church in Dallas on Nov. 17, 1936. Attendants were his brother, Charles Wimmer, and her sister, Annie Mae Lueb Monaghan.

They have lived all of their married life on a farm northeast of Muenster. They have continued to reside at the old homestead, but retired from farming 10 years ago.

Tony and Loretta Wimmer are parents of six children, Ruby Otto of Arlington, Jerry Wimmer of Muenster, Charles (Crunch) Wimmer of Edmond, Okla., Della Hellman of Muenster, Roy Wimmer of Denton, and Jackie Hanna of Mesquite. There are 17 living grandchildren and one deceased grandson. Also there are five great-grandchildren.

First event of the anniversary weekend was a family dinner on Saturday evening at the home of Joe and Della Hellman.

After attending Sunday morning Mass with family members, the Wimmers hosted a dinner in the Knights of Columbus Hall at noon.

The anniversary table was covered with an ivory lace cloth, and held candles in brass candleholders and an arrangement of fresh flowers in fall colors. Other tables were decorated with candles and bud vases holding similar flowers.

Dinner was catered by Rohmer's Restaurant.

Family members attending included Herbie and Ruby Otto, their daughters and spouses, Pam and Dennis Sweetland, Rhonda and Ted Le Compte and their daughter Jennifer of Arlington, Jerry and Louise Wimmer and son Marlin of Muenster, and their son Monte and his wife Natalie and their daughter Renee and Larry Don Stewart and sons, Steven and Justin, and daughter, Holly of Gainesville; Charles and Delores Wimmer and daughters, Dana, Tina and Melody, and son Stanley of Edmond, Okla.; Joe and Della Hellman and daughters, Jenny, JoEll, and sons, Damie and Jeff of Muenster; Roy Wimmer and son Lance of Denton; Bobby and Jackie Hanna and sons, Jason and Brandon, and daughter, Angel, of Mesquite.

Other dinner guests came from McCloud, Midwest City, and Edmond, Okla.; Fort Worth, Dallas, Denton, Gainesville, Lindsay and Muenster.

The Wimmers hosted Open House from 2:00 until 4:00 at the KC Hall, attended by many friends and relatives.

The six-tier ivory anniversary cake was baked and decorated by Carolyn Bayer of Bayer's Kolonialwaren, with gold and salmon flowers, accented with gold leaves. It adorned the reception table. An arrangement of fresh flowers in the chosen colors, along with a goldenwed couple figurine, completed the top keepsake tier. The cake was served by Dorothy Hartman and Gertie Wimmer.

Grandchildren served punch and coffee, and also presided at the guest book.

MR. and MRS. LESTER HARRIS

50 years of marriage...

Harris anniversary celebrated on Thanksgiving

On Thanksgiving Day this week, Mr. and Mrs. Lester Harris of Muenster will recall a most memorable event in their lives. It was on Thanksgiving Day, Nov. 26, 1936 that Lester and Kathryn were married in Saint Jo in the

Assembly of God Parsonage. They were members of the Rosston Methodist Church. Her parents were the late Mr. and Mrs. C.N. Worley and his parents were the late Mr. and Mrs. R.W. Harris. Mr. and Mrs. Harris are parents

of two sons, Jimmy Wayne Harris of Gordonville and James Lester Harris of Dallas. There is a granddaughter, Cathy of Gordonville, a grandson, Matthew of Dallas, and a great-grandson, Danny of Gordonville.

A group of relatives surprised the goldenweds Sunday afternoon and evening, arriving with a decorated anniversary cake to serve with coffee. Group pictures were made.

Included were four sisters of Mr. Harris, Billie Jean Dennis of Gainesville, Inez Dunn, Fay Dunkin and Gertie Belle Smith, all of Irving, and a niece and her husband, Frances Jo and Jim Brookshear of Whitesboro; and a nephew and his wife, Jerl and Travella Smith of Irving.

Lester and Kathryn Harris have lived in Muenster more than 30 years. He is retired from AMPI. Now his hobby is gardening and tending his yard. Her special hobby is crocheting. She makes all sorts of afghans, slippers, caps, scarves and baby clothes.

Pollard

Mr. and Mrs. Kevin Pollard of Evanston, Wyoming announce the birth of their first child, a daughter, Courtney Kiersten Pollard, on Nov. 12, 1986, weighing 5 lb. 8½ oz. and measuring 17¼ inches in length, in Evanston Regional Hospital. Grandparents are Mr. and Mrs. Don Flusche of Muenster and Dorna Taylor of Gainesville. The paternal grandparents live in New York. Mrs. Kevin Pollard is the former Cathy Flusche of Muenster.

"Less flamboyant drinking is the present-day rule," said a Fortune survey of youth in college in 1936. "There is no Prohibition Law to defy, hence one can drink in peace." Observers reported some of them, at least, to be less interested in alcohol than their elders, and were amazed at the volume of their consumption of Coca-Cola and milk.

A Collection of Holiday Recipes

It's beginning to look a lot like Christmas

CAULIFLOWER SALAD
 Maudine Griffin
 1 head of fresh cauliflower
 4 green onions, chopped
 1 can ripe olives, chopped
 1/2 pint mayonnaise
 (not salad dressing)
 1 stick melted oleo
 1 tsp. garlic salt
 1 tsp. black pepper
 1 tsp. onion salt
 1 tsp. Accent

Soak cauliflower upside down in salty water for 30 minutes. Rinse and drain; break into florets. Add remaining ingredients. Store in refrigerator and allow to chill. Yield: 8-10 servings.

VINEGAR COOKIES
 Maudine Griffin
 1 cup brown sugar
 1 cup sugar
 2 eggs
 1/2 cup Crisco
 1 tsp. baking soda
 2 tbsp. vinegar
 4 cups flour
 2 tsp. baking powder
 1/4 tsp. salt
 1 tsp. vanilla

Cream sugar, eggs and Crisco; add baking soda and vinegar. Mix in flour, baking powder, salt and vanilla. Drop by teaspoons on ungreased cookie sheet. Bake at 350°F. 8-10 minutes. Note: Chocolate or butterscotch chips, coconut or nuts may be added.

RELISH DIP
 Maudine Griffin
 1 (4 1/2 oz.) can chopped black olives
 1 (4 1/2 oz.) can chopped green chilies
 2 tomatoes, peeled and chopped
 4 whole green onions, chopped
 1/2 tsp. oil
 1 tsp. vinegar
 1 tsp. garlic salt
 1 tsp. pepper

Combine all ingredients. Let set 2-3 hours before serving. Serve with chips or crackers.

SPRINGERLE
 4 eggs
 2 cups sugar
 1 tbsp. butter, softened
 2 tsp. anise seeds, crushed
 3 3/4 cups all-purpose flour
 1/2 tsp. baking powder

Beat eggs in a large mixing bowl until thick and lemon-colored; gradually add sugar and butter. Continue beating 10 minutes; stir in anise. Combine flour and baking powder in a medium mixing bowl; stir well. Add to egg mixture, stirring well.

Roll dough to 1/2-inch thickness on a lightly floured surface. Use a floured cookie mold or springerle rolling pin to imprint dough. Separate cookie squares, using a knife. Place 2 inches apart on well-greased cookie sheets. Let stand, uncovered, in a cool, dry place 12 hours or overnight to set design.

Bake at 300°F. for 12 to 15 minutes. Remove from cookie sheets, and cool on wire racks. Store in airtight containers. Yield: approx. 4 1/2 dozen

SPINACH DIP
 Maudine Griffin
 1 (10 oz.) pkg. frozen chopped spinach
 1 cup mayonnaise
 1 cup sour cream
 1 medium onion, chopped
 1 (8 oz.) can water chestnuts, chopped
 1 (1-5/8 oz.) pkg. dry vegetable soup mix

Thaw and dry spinach with paper towels. Combine all ingredients; stir well. Cover and chill several hours. Serve with crackers or raw vegetables.

THE LAST SPAN of Muenster's new \$90,000 overpass on Hwy. 82 was "completed this week," according to the Dec. 18, 1936 issue of **The Muenster Enterprise**. It was set to open to traffic on New Year's Day, 1937, but a spell of miserable weather delayed sufficient seasoning. This impressive picture is a copy of the original color photo made by the late

Arthur Endres, and commissioned by Dr. Bernard Luke. It was enlarged into a wall mural for his dental office. **The Enterprise** expresses sincere gratitude to Mrs. Sue Endres and Dr. Luke, who both granted exclusive use of this photo.

4-H Club News

The Nov. 11 meeting of the Muenster 4-H Club was marked by the attendance of 25 members and three parents and adult leaders.

Daniel Proffer gave the first report, telling that the local club profit from the Bake Sale held in Gainesville was \$134.25. He expressed thanks to all who participated. The club members signed thank-you cards for three adults, Kay Bynum, Harriet Pagel and Eleanor Sicking, who do not have children in the 4-H Club, but who donated food for the bake sale

anyway.

Sherilyn Sicking reported on the County Council meeting, relating that items remaining after the bake sale were given to the Cooke County Development Center. Stephen Becker read a card of thanks from the Center.

Members were told to check their newsletters from the County office which carry information on the 1987 4-H Recreation Team Training; the 1987 Teen Retreats; the 4-H Sheep Workshop and project meetings; the Cooke Coun-

ty 4-H Food Show on Saturday, Nov. 22.

To attend the Beef Project meetings, members must be enrolled in a 4-H Club and actively participate in this club in order to show livestock this coming spring. For information on Rabbit Equipment, members should contact the 4-H office.

A Citizenship Project will start in January 1987. Information is available at 668-5412.

Next month's meeting will include a visit to the rest home for

singing, also to take cookies to the residents. Recipes used should be acceptable for diabetics. Recipes are available from Barbara Bayer 759-2574 or Evelyn Sicking 759-4388.

Members discussed sponsoring a family for the Littlest Angel project, also collecting canned goods or money for needy folks in Muenster.

4-H members will each invite a friend to join them in the next month litter pick-up project. Date of the next project will be announced.

"The only thing we have to fear
is fear itself."
FDR, March 4, 1933

March 2, 1936 - President Roosevelt signed the Soil Conservation and Domestic Allotment Act, which provided benefit payments to farmers who practiced soil conservation in a cooperative program.

In the platform for the 1936 election: We hold this truth to be self-evident — that government in a modern civilization has certain inescapable obligations to its citizens, among which are: (1) Protection of the family and home; (2) Establishment of a democracy of opportunity for all people; (3) Aid to those overtaken by a disaster.
Nov. 3, 1936 - Democratic landslide in the presidential election carried every state except Maine and Vermont for Franklin D. Roosevelt. The campaign was one of the most bitter in American history. About 80% of the press opposed Roosevelt.

Hornettes drop record to 1-1

The Muenster Lady Hornettes suffered their first loss of the season at the hands of the Valley View Eaglettes Saturday night 63-51. Muenster fell behind 16-11 in the first quarter and never recovered. Staci Walterscheid led the Hornettes with 22 points on 8 of 9 free throws and she also had 9 rebounds, 5 steals and 4 assists. "Staci kept us in the game tonight," said Hornette Coach Ted Heers, "she was all over the floor.

The Eaglettes have a lot of size that seemed to intimidate some of our girls, which was reflected in their getting many second shots, but Staci battled all night."

Heers also had praise for Peachy Switzer. "Peachy has really improved, and is contributing everytime she goes into the ballgame."

Stephanie Krahl was top gun for Valley View with 24 points. Muen-

ster will meet the Eaglettes here on Dec. 2 at 7 p.m. A boys' varsity game is to follow if the Eagles are knocked out of the football playoffs.

The Lady Hornettes JV squad dumped the JV Eaglettes to even their record at 1-1. Muenster ran away with a 35-11 win. Tara Walterscheid and Denise Anderle paced the attack. The JV team will meet the Eaglettes at 5:30 p.m. Dec. 2.

Junior high boys maintain first

The JH Little Red Hornets maintained a share of first place in district action with an exciting 24-18 win over archrival Lindsay. The host Hornets were led by Spencer McAden, Troy Pagel and Brad

McDaniel. McAden hit 6 key points down the stretch to give the Hornets the come-from-behind win. Their record is now 2-0.

The JH Lady Hornettes fell to 1-1 with a 28-16 loss to the Lindsay

Knightettes. Melissa Bayer and Mindy Graham paced the scoring for Muenster.

Both teams will be in action again this Monday night against Forestburg. Tip-off will be at 6 p.m. for the girls' contest.

living models they want solved.
For instance, here's an example.
A boy wrote in, saying that for years he had been searching for the perfect girl. He met her on a cruise. They didn't even tell their names—just used silly nicknames. But—the ship was the *Morra Castle*, which caused fire at sea two years ago, causing the loss of so many lives. He doesn't know whether she was saved or not. They were to tell their real names when they landed. So he doesn't even know her name. And he wants to find her.

STAR DUST
Movie • Radio
By VIRGINIA VALE

ITS said that Fred Astaire has been most upset over the fact that his radio programs haven't come up to expectations. In fact, it's reported that he wanted to drop the whole thing—but just try to get out of a contract to broadcast, once you're in it! He's continuing—and they'll just give him the right scripts to work with there's no reason why he shouldn't be tremendously successful.

You may recall that Maurice Chevalier felt that same way about his broadcasts—but they were popularly considered fops right to the last. If the opinion of the great American public that stayed home and listened to them counts for anything, Al Jolson was pretty unhappy about his first program, but he gritted his teeth and went right on.

Clark Gable abandoned his New York vacation after three days of being almost torn apart by autograph seekers and enthusiastic fans, and Carole Lombard didn't even start for the East after hearing what had happened to him.

Incidentally, during his brief stay in New York a girl who's part of the movie business there noticed a man on the street who looked very much like the famous Clark—face, figure, even clothes bore a strong resemblance. The only difficulty was that he was blacked up—she insists that the man was a white man who'd used burnt cork.

There's a new radio program on a coast-to-coast hookup that ought to interest everybody who has ideas for such programs. It was originated by Octavius Roy Cohen, the famous story writer, and it's called "Agony Column." It is based on letters from people who write in

If you hadn't realized how rapidly Robert Taylor has climbed the rungs of the ladder leading to movie popularity, just consider the fact that he has signed a new seven-year contract which will bring him \$2,000 a week at first, and during the last two years will add \$5,000 to his bank account each week. All this as the result of a year's work for until a year or so ago he was just a minor player.

Both Chatterbox's buying a new plane; she just can't get enough of flying when she pilots her own. Incidentally, doesn't she do a grand piece of work in "Dadward"? Never has she given a better performance. And of course it's an exceptionally good picture—the kind that makes audiences applaud when it turns out the way they want it to.

It's reported that James Cagney has had so much difficulty with his first picture made under his new affiliation that he'd be glad to bury the hatchet and go back to working for Warner Brothers.

Which brings up the fact that Blanche Davis has shown that she can take it. After losing her leg in a fight with Warner Brothers and being forbidden to make pictures in England, she announced that she'd come

back to the States. She's announced that she'd come

HOW
LANSI WILL BOULDER DAM STAND UP TO THE TESTS OF TIME?—When Boulder dam was designed the engineers argued both for and against the material that should be used in its construction. Coolidge dam in Arizona, 220 feet high, had been built of reinforced concrete. Boulder dam is 700 feet high—too big a leap from 220 feet. Besides, reinforced concrete contains steel, and an one knows how durable it is embedded in concrete actually is.

This raises the question of the life of Boulder dam. How long will the structure last? Many thousands years. An earthquake, some cataclysm is more likely to shake it down than the tooth of time is likely to gnaw it away.

Perhaps, says a writer in the New York Times, this civilization will have disappeared when the dam at last crumbles, as other civilizations have disappeared in the past. And then after more thousands of years, when averages will have become other civilizations have disappeared in the past. And then after more thousands of years, when averages will have become other civilizations have disappeared in the past.

How Rusted Screw May Be Loosened by Use of Heat
When replacing old hinges, locks and other building hardware which have long been in use, it is sometimes found that the screws holding such parts have rusted and that they cannot be removed with a screw driver.

Why Safety Glass Is Tinted
The national bureau of standards says that the green or blue tint in safety glass is produced by adding iron oxide to the batch from which the glass is made. Glasses containing iron do not transmit the ultraviolet or actinic rays as much as those free from iron.

Why Mexican Beans Jump
Mexican jumping beans is the popular name given to the seed pods of the small shrub known as the jumping tree, which grows in Mexico and the southwestern part of the United States. The pods are also known as bracco beans. When the tree is in bloom the gray torrid moth lays its eggs in the blossoms. After the eggs hatch the pod serves as a compartment for the larvae. The popular names of the bean come from the fact that the pods containing larvae are seen to move from time to time, due to the motions of the worms inside.

FLOYD GIBBONS ADVENTURERS' CLUB
Hello, Everybody!

"Struck by Lightning"
By FLOYD GIBBONS
Famous Headline Hunter.

AND a very special hello to you, Mrs. Catherine Daugherty, for your adventure story.
They say "lightning never strikes in the same place twice," and I sure hope it doesn't in your case. One experience of that kind is enough for a lifetime.

Mrs. Daugherty's husband is a night foreman at the coal mines, and he was nice and safe in the coal mine when his wife and family brushed through with a bolt of lightning—right in their home.
It happened on the night July 13th—that uniquely 13 again—of the year 1934. The evening had been hot and sultry, Mrs. Daugherty says, and the air held that ominous calm that precedes the greatest storm.

Too hot to sleep, Mrs. Daugherty and her four children—Jane, Annette, Jack, and Billy—were nervously waiting for the storm to break. At 10 o'clock it broke in all its fury.
Rain fell in torrents, thunder crashed, and wicked chain lightning streaked across the black sky—lighting up the room like powerful searchlight flashes. The anxious mother put her children to bed, and lay down herself fasting and worrying in the grip of a powerful premonition that something terrible was about to happen.

Midnight Doubles Purp of Storm.
And something terrible did happen!
It must have been around midnight, Mrs. Daugherty says, that the storm doubled in fury. The lightning seemed to be coming right into the little home, and each blast of deafening thunder shook the house to its foundations.
Hoping to lessen the chances of the lightning striking her home, Mrs. Daugherty decided to turn off the main switch of the electricity at the meter. The meter was in her son Jack's room—right over his bed. She went in and turned the switch, and had just regained her room when, as she says, "all Hades broke loose."

A blinding flash of light—followed almost instantly by an ear-splitting crash—threw the terrified mother to the floor. Over the screams of her children, she could hear the heavy thuds of pieces of brick and plaster falling throughout the house. The lightning had struck!
The first explosion had come from the direction of Jack's room, and the three other children whimpering in fear—but unborn—clung to their mother as she picked her way carefully through the building debris in the hall and kitchen—her heart pounding with dread of what lay before her—her son's room.

Mother Paralyzed With Fear for Son.
Electric light bulbs all over the house had smashed with the first crash and Mrs. Daugherty says, as she stepped fearfully through the shivering pieces of glass she had the hysterical thought that they were bits of star-dust.
The dread of fire added to the fears of the distracted mother. She knew lightning had struck her home, and expected any moment to see the glare of flames. A deluge of icy water suddenly drenched her and the children as they picked their way through the darkness of the hall and Mrs. Daugherty, looking up, could see the lightning flashes through a gaping hole in the roof.
Once in Jack's room, the flashes showed them a terrible sight. The main force of the bolt had struck here—the light meter lay at their feet where it had been blown from the wall—right over the boy's body as he lay in bed!

This Proves Thirteenth Isn't Jinx.
Plaster from the ceiling was all over the floor, and the shattered windows were just swiveling for the storm to enter. The rain came through the open casements like all outdoors, and as the little group peered through the wreckage, Mrs. Daugherty says, the wind swept the water over them like waves over a ship. Drenched to the skin and shivering in their wet nightclothes, mother and children called frantically for the missing Jack. And what do you suppose had happened to him?
Not a darn thing!
The little fellow was huddled in bed with the wreckage of the room all around him and not even scratched!

Well, sir, it was a happy reunion—even if it was a wet one—and even if the house was so badly damaged that it took months to repair. That bolt of lightning had struck that home smack in the meter and torn the house to bits, but not a person was hurt!
Don't tell me the thirteenth day is unlucky.
—WNO Barrios.

Why Canaries Get Sore Feet
Dirty or improperly shaped perches are often the cause. Flipping the perches so that they are neither too small nor too large and keeping them perfectly clean may remedy the trouble. Further treatment is to soak the feet in warm water for about ten minutes, cleanse carefully and gently. When thoroughly dry anoint with vasoline or some other soft salve. Watch the diet and give the bird more green food.

Mother's Cook Book
TIMELY RECIPES
A GOOD stuffing to use for fish is the following, which all will like:
Pickle and Caper Stuffing.
Thoroughly chop the following ingredients: One cupful of cracker crumbs, one-half teaspoonful of salt, one-fourth teaspoonful of paprika or a mixture of paprika and cayenne, one teaspoonful each of chopped onion, minced parsley, carrots and pickles finely chopped; add one-fourth cupful of melted butter. This makes a dry stuffing; if liked moist, add a little milk. If capers are not liked, substitute a teaspoonful of lemon juice.

For a delicious filling for sandwiches, cream peanut butter with water, using one-half cupful of the butter and one-fourth cupful of water. Add two cups of ground beef, one-half cupful of chopped pickle. Soak chopped pickle in water and add to the mixture. Heat thoroughly. This is also an addition to salmon salad.

Carrot Soup.
Wash, scrape and dice thin twelve medium-sized carrots. Place in a saucepan with two tablespoonfuls of butter, season with salt and cayenne pepper and a teaspoonful of sugar. Cook slowly, turning constantly until the carrots begin to brown. Add two cupfuls of good broth and simmer slowly until the carrots are glazed. Strain through a fine strainer, add a little butter, and return to the broth and simmer until hot, then serve.

Apple Jam With Cinnamon Candy.
Take four and one-half cupfuls or two and one-fourth pounds of ripe unpeeled apples, cut into quarters and add one-half cupful of water. Cover tightly and simmer for five minutes or until the apples are soft. Put through a sieve to remove the skins. Measure apples, sugar, five cupfuls or two and one-fourth pounds, add the fruit and sugar with two-thirds of a cupful of cinnamon candies, bring to a full rolling boil in a kettle over a hot fire, boil hard one minute, remove from the fire and add one-fourth of a cupful of pectin. Skim and pour quickly. Cover with a thin film of paraffin when cold add another.

Making Windows Attractive.
Even though there may not be anything outside a window to make the view attractive, it is possible to make the window itself quite picturesque. Glass shelves, supported by brackets, will serve as bases for colored glassware or fragile figurines. Plants and flowers, and odds and ends from household collections may all adorn such shelves, and when taste is used in the assembling, the general effect is decorative.

Why Gutter Is Prevalent
The Public Health Service says that in certain areas, particularly in the vicinity of the Great Lakes, the drinking water does not contain a sufficient iodine content to supply the natural needs of the human body. As a result, numerous cases of goiter may be found in those areas. This situation may be prevented in part by the addition of iodine to the water supply at regular intervals.

She'll Be a Flyer
A girl pilot learns how to steer a glider in one of the new aviation schools in Japan, located near Tokyo. Japanese girls as well as boys are trained in the "Junior division" of the air force. After competitive examinations the most competent are sent to military aviation schools.

Precipitation
"Precipitation" is the general term the Weather Bureau uses in preference to rainfall for the sake of the comparison of the amounts of water deposited on the earth by rain, hail, mist, sleet and snow. For this purpose, sleet and snow are measured when melted. Deposits of dew, fog and frost are not regarded by the Weather Bureau as precipitation.

Why Dry Ice Is So Cold
That It Will Not Melt
If the air pressure on any substance is reduced, the boiling point of that substance is greatly reduced, while the freezing point remains almost unchanged. If the air is pumped out of a flask containing some water, eventually the boiling point of the water falls to the same temperature as the freezing point. At pressures below this, says a writer in the Chicago Tribune, the theoretical boiling point is less than the melting point, with the result that on heating the ice passes directly into vapor without melting. Dry ice is solid carbon dioxide. It happens that it shows this same property at atmospheric pressure. If dry ice is placed in a container subjected to pressure much higher than atmospheric, it can be made to melt.

THROUGH A Woman's Eyes
By JEAN NEWTON
WHAT IS A LIE?
ONE of our readers asks how far it is safe to follow "this new-fangled notion of the psychologists" that children must never be regarded as lying, for what they do is only "wish thinking." She sends us something on the subject that appeared in a newspaper. Here it is:
"When we persist in demanding their absolute truthfulness of our children, we neglect to make allowance for the child's natural tendency to say what he wishes were so instead of what actually is so. The same drive which makes a child forget duties and remember pleasures, which makes him invent delightful happenings to gloss over painful and humiliating ones, causes him sometimes to distort the behavior of others. He supplies for their actions the motives and interpretations which are more agreeable to him than the actual ones. He misconstrues what they do and say in his own favor—and all this he does quite honestly and innocently."
It seems to me that there is a good idea gone wrong. It is the other extreme from the rigorous and cruel viewpoint of making a child feel like a criminal for indulging in a little "wish thinking" or allowing an active imagination to slightly color or exaggerate an incident.
I believe it is unquestionable that a child should never be made to feel like a criminal, should never be called a liar. On the other hand, it is no less dangerous and wrong to consider such disregard of veracity as "misconstruing in his own favor the actions of others." In that case I believe a spade should be called a spade. For the child is father of the man. Our chief job with the child is building the character of the man.
If we are to encourage the "natural tendency to say what he wishes were so instead of what actually is so," it is not a very far cry to his saying that something which belongs to another boy is his. And what then about appropriating that dollar which he "wishes" were his? Also if we are to accept with approval distortion in his favor of the behavior of others, what shall we say if later he says "I borrowed that boy's bike because he told me I could"—or of some damage for which he is responsible that "the other fellow did it?"
Compared with many of the old ways, today's methods of dealing with children are a distinct improvement. But it is important always to avoid dangerous extremes, to keep within the guiding light of common sense.

THE CHILDREN WILL BENEFIT

During the past 10 years leading minds of America have been deeply concerned over our youth problem. Faced with thousands of cases of juvenile delinquency and youthful criminality, our leaders realize more than ever before the necessity of a program of healthful activity for the younger set.

That is the outstanding reason for the emphasis placed on athletic programs in our schools. Young people instinctively love competitive sports. Instilling them to take part in athletic activities that are healthful and mentally restful, teaches them self-discipline, teaches them to respect the rules, and above all, teaches them to respect the individual and to respect the team.

It is regretted that too few of our youth are given the opportunity to participate in these activities. In Muenster we are making a special effort to do this. We are offering a special program of athletic activities for the younger set.

WHY FEED A COW HERE AND HAVE HER MILKED IN THE EAST?

Have you ever seen the custom of the cow being fed by Texas farmers and at the same time being milked by Eastern capitalists? If not, try to draw that picture in your own imagination—then consider what it means to you.

The local business man has a better chance to see the cow than the Eastern capitalist. The local business man has a better chance to see the cow than the Eastern capitalist.

A good local business increases the size of the town at the same time increasing property value both in and beyond the city limits.

Let's get the correct picture. Let's get all of our own milk—our own butter—our own cream—our own cheese—our own butter—our own cream—our own cheese.

THE ROBBERS DECIDE TO FIGHT

WHEN one of the young robbers rats at the meeting of all the rats in the big barn which Billy Mink had visited, boasted that he never had seen anyone he couldn't bite from, all the other young rats juddered their heads in approval.

Tigerettes claim tourney title

The Sacred Heart Tigerettes blasted the Prairie Valley Lady Bulldogs 74-24 Saturday to capture the Prairie Valley Invitational Basketball Tournament. With the victory, the Tigerettes upped their season record to 4-0.

The Tigerettes jumped out to a commanding 45-10 first half lead behind the play of Vicki Walterscheid and Noelle Hesse with 12 and 8 points each. From that point, the Tigerettes cruised to the championship victory. Scoring for the Tigerettes were Vicki Walterscheid 15, Noelle Hesse 14, Lisa Hamric 12, Vicki Schmitt 11, Danna Hamric 10, Juline Bartel 7, Julie Rohmer 2, Angela Endres 2, and

Molly Koelzer 1. Vicki Schmitt controlled the boards with 12 caroms and Vicki Walterscheid had 6 blocked shots.

The Tigerettes reached the finals by knocking off the previous unbeaten Paradise Lady Eagles in a thrilling 40-37 contest. The game was expected to be a battle and it was, as both teams played their pressure man defense and fought to a 20-20 halftime score. Danna Hamric paced the Tigerettes with 8 in the half. The Tigerettes switched defenses in the second half to shut down the Paradise inside game and moved out to a 30-26 third period lead behind 6 points by Vicki Walterscheid. The final period saw

the Tigerettes open the lead to 7, but the Lady Eagles fought back to close the gap to the final score of 40-37.

Scoring for the Tigerettes were Danna Hamric 15 points, 6 assists and 4 steals; Lisa Hamric 9 points; Vicki Walterscheid 8 points, 16 rebounds and 8 blocked shots; Juline Bartel 4; and Molly Koelzer and Noelle Hesse 2 each.

"We're getting some great play from Danna and Vicki," said Coach Jon. "Vicki has been dominating the inside and Danna is getting the ball to the scorers." The Tigerettes are home for the next three contests as the host Forestburg on Tuesday, Notre Dame on Friday and Era next Tuesday.

Sacred Heart Junior High split openers

Members of the junior boys' are Josh McCoy, Ryan Gehrig, John Schilling, Jason Endres, Arnie Hess, Gus Felderhoff, Mark Flusche, Stevan Nasche, Steve Fisher, Jason Frost, Gary Hess, Greg Hess, Kelly Bell and Helmuth Koelzer.

Tigers drop 2 close ones

The Sacred Heart Tigers entered the Prairie Valley Tournament with a 1-1 record and returned home with a 1-3 mark. The Tigers opened the tournament with AA Paradise and the two teams battled to the wire with Paradise taking a 37-35 victory from the Tigers.

The Tigers took a one point (28-27) lead into the final frame but could not hold on as turnovers yielded the victory to the Eagles. Scoring for the Tigers were Todd Thorson 10, Craig Voth 8 and 13 rebounds, Casey Houtchens 7, Wayne Becker 6, and Steve Becker and Steve Knabe 2 each.

After the opening loss to Paradise the Tigers moved into the

consolation game and played the tournament host, the Bulldogs, from Prairie Valley. In another hard-fought battle, the Tigers dropped a 51-43 contest. Scoring for the Tigers were Todd Thorson 17, Craig Voth 12, Wayne Becker 8 and 16 rebounds, Darrell Dangelmayr 4, and Steve Knabe 2. "If we can cut our turnovers in half we're going to win some ballgames," said Coach Jon. "If we don't, we are going to take our lumps." The Tigers will host Forestburg Tuesday and are looking for a contest for Friday as the Notre Dame boys just got out of football. Then next Tuesday, the Tigers will host the Hornets of Era.

BASEBALL 1936

The top 5 National League teams were: New York, Chicago, St. Louis, Pittsburgh, Cincinnati; for the American League: New York, Detroit, Chicago, Washington, Cleveland.

Annual attendance for the National League games were 3,903,691; for the American League games, 4,178,922.

Most Valuable Player for the National League was Carl Hubbell, New York; for American League, H. Lewis Gehrig, New York.

THE INTERSCHOLASTIC LEAGUE tennis team from Muenster High School in 1934 was a big winner also. Dorothy (Fette) Quinlan, at left, was the tennis singles entry; and Lillian (Fisher) Appel, center, and Marcella (Page) Janicki entered as the doubles team. The picture belongs to Mrs. Appel.

Sacred Heart Jr. High lose both home openers

The Sacred Heart Junior High School basketball teams dropped their home openers Monday evening to a tall and fast Gold-Burg squad. The Sacred Heart girls were unable to hang on to a narrow lead as the visiting Bears claimed a 21-18 victory. Scorers for the girls were Sharon Fuhrmann 7, Robin Greathouse 5, Kristen Klement 4, and Jennifer Walter 2.

Sacred Heart's Cubs were out-sized but not out-hustled. Gold-Burg took a 20-10 halftime lead and coasted to a 41-27 victory. Cub scorers were Steve Nasche 11, Ryan Gehrig 6, Jason Endres 6, Josh McCoy and Gary Hess 2 each.

Next action for the juniors' will be Dec. 1 when they host Prairie Valley.

Odis Johnson dies in Oklahoma

Funeral services for Odis Johnson were held Saturday, Nov. 22, at 2 o'clock in the McGee Valley Church in Daisy, Oklahoma with burial in Mountain Home Cemetery, east of Daisy. Mr. Johnson passed away Wednesday evening, Nov. 19. He is survived by his wife, and foster sons, five sisters and one brother and a host of nieces and nephews. Mrs. Inez Stevens, Mrs. Mary Ruth Kindiger and John R. Mosley of Forestburg from this area are cousins and they all attended the funeral. Mrs. Edwina Case, Mrs. Inez Baillo and Susan Case of Gainesville also attended the funeral.

Kindiger spent Thursday night with Jim and Gail Kindiger in Whitesboro. They took Jim to Denton to Doctors Center for outpatient surgery on his elbow.

Guests of Mrs. Brown

Mrs. Evelyn Brown had as her guest during the weekend Michael and Bernie Brown of Denton, Raymond Brown of Era who came to check on Mrs. Brown and relatives at Forestburg, Harold Brown of Era, Maria Brown and daughters Anna and Sara, Mrs. Teresa Miller and baby son Timmy of Fort Worth, Mrs. Joyce Brown, Anita and Les Lender of Slidell.

Penton in hospital

Jim Penton entered the City of Faith Hospital in Tulsa, Okla. last week and had surgery Tuesday, Nov. 18. He is reported to be doing

her great-grandson Ryan. Then on to Stephenville to see the play "Alice in Wonderland" presented by the Tarleton State University Department of Fine Arts in the Clyde H. Wells Fine Arts Center Theater. Her granddaughter, Shannan Christian, was a member of the cast. Shannan played the part of Tweedle-Dee. Ruth says it was a beautiful play. The cast had made their costumes. Ruth visited Bill and Dorothy Christian, Barry Christian, Fred Christian, Shannan and Brady, Mike, Debbie and Tara Christian, Donna Christian of Dublin and returned home Tuesday, Nov. 18. Then Ruth says after all her rounds she had to enter the Muenster Memorial Hospital and stay till Sunday afternoon.

To host Thanksgiving Day

Mrs. Vena Settle and Mrs. Helen Haines will be hosts in their homes for the annual Christian Thanksgiving Dinner Thursday, Nov. 27. Mrs. Helen Haines is on the sick list this week.

Senior citizens honored

Mr. and Mrs. Stanley Lovette had as their guests for the weekend Linda and Jack Bowman and son Jason. Stanley reports that the Forestburg Baptist Church which they attend held a noon luncheon in the new Community Center Sunday, Nov. 23, honoring Senior Adults. About 60 people attended. Rev. Bob Ellis, former pastor of the church and teaching professor in Southwestern Baptist Seminary in Fort Worth, was guest speaker for the morning service. Rev. Barry Fikes is the pastor.

THE A.G. HUTTON REFINERY was located about two blocks west of Main Street. A small plant with a capacity of only 276 barrels a day, it could, by running steady, supply more than enough for the

local market and a fair distribution in neighboring communities. The local market was estimated at about 100 barrels a day. The picture belongs to Ray Wilde.

Thanksgiving Supper

The annual Forestburg Thanksgiving Supper on Thursday night, Nov. 20, was very well attended. There was much good food which all enjoyed plus having the opportunity to visit with their friends and neighbors. We wish to give a special thanks to the Rex Andersons for the turkeys and the Kenneth Woods for the ham. Other thanks go to Wilma Moseley, Minnie Sirman and Mrs. Junior Landers for preparing the turkey and dressing. Last, but not least, a big thanks goes out to those folks who cleaned the building, set up tables and chairs and got everything ready

those suppers - they don't just happen!

COMMENT

The following article was written and handed to me by a friend - and I must say I agree 100% with the writer. Therefore, I will assume the writing and printing of it as my responsibility. I quote:

As I came into Forestburg on FM 922 last Friday these thoughts came to me:

We, the taxpayers, are the owners of our roadways. FM 922, 455 and 607 are among them. We paid taxes that were used to build these. We pay taxes that are used to maintain them.

Some of us are so ignorant as to go out, for the kicks of it, I suppose, and push over road signs that are put there for safety or information for all who use these roads. Doing this distraction (sic) shows ignorance, disrespect, juvenile (sic) thinking and lack of intelligence. In the future, when the urge to destroy overwhelms the above described culprit - remember you are doing this dastardly deed to yourself.

Market Report

by Bill Hamer

Altering holiday foods for health

You don't need to give up favorite holiday foods to follow today's dietary guidelines, says a Texas A&M University Agricultural Extension Service nutritionist.

Dr. Alice Hunt notes that dietary guidelines from the U.S. Department of Agriculture and Health and Human Services, and those from major health organizations, recommend reducing consumption of fat, sugar and salt while increasing the amount of fiber in our diets.

"Making an effort to eat nutritiously doesn't have to put a damper on your holiday season," she adds, "since relatively simple modifications can reduce the fat and total calories in many favorite foods, without significantly affecting their taste."

She says sugar can be reduced by a third in many holiday desserts. If a recipe calls for 1 cup sugar, for example, use 2/3 cup. This works best in fruit-based recipes and in making puddings and custards. The sugar in cookies and cakes can

also be reduced, but requires some experimenting to find an appropriate level.

Likewise, fat can be reduced by a third in gravies, sauces, puddings and quick breads.

The nutritionist suggests omitting salt or reducing it by half and adding more herbs and spices to increase flavor.

To increase fiber intake, substitute whole grain flour for 1/4 to 1/2 of the refined flour in holiday baking. If a recipe calls for 3 cups all-purpose flour, use 3/4 whole

grain flour and 2 1/4 cups all-purpose flour.

Yogurt or cottage cheese may be substituted for sour cream in some recipes for sauces, dips, dressings and main dishes.

She also recommends using skim rather than whole milk and in some recipes calling for whipped cream, substituting evaporated milk.

"Take the time to modify favorite holiday recipes this year and you'll have a healthier alternative to hand down as part of your family tradition," Hunt remarks.

The sale tally for the past week at the Muenster Livestock Auction was 1,246 cattle and 30 hogs. Stocker and feeder steers and heifers were strong to \$1.00 higher on good grade; cows and bulls were \$1.00 to \$2.00 lower; and hogs remained steady.

County Agent's Report

by Craig Rosenbaum

The Tax Reform Act of 1986 is revenue neutral - that is, it is not expected to bring in more or less tax money in total. But, it shifts the distribution of the tax burden. Over the next five years, individuals are expected to pay about \$120 billion less in taxes, while corporations pay \$120 billion more.

The impact of the Tax Reform Act on an individual farmer will depend, among other things, on the farmer's income and investments. For most farmers, the tax burden should not change substantially. The most significant change will occur for those livestock producers with relatively high annual investment and a large proportion of their gross receipts from culled livestock. Many of these producers will face higher taxes.

For the majority of farmers, however, the most important effects of the new law are those on aggregate agricultural investment, rather than the impact on individual tax liability. The current

tax system has encouraged the growth of existing farm businesses and attracted tax-motivated investments in farming. This has distorted relative input and commodity prices and has given an advantage to those able to benefit the most from the tax breaks.

Under the Tax Reform Act, reduced marginal tax rates and the elimination of some tax preference items will cause income earned within and outside of farming to be treated more equally. As a result, future decisions to invest in agriculture will be based more on economic returns and less on tax benefits.

Dr. Kenneth W. Stokes, Economist with the Texas Agricultural Extension Service, will discuss changes in the tax laws and the impact on agricultural firms at 7:30 p.m., Thursday, Dec. 4, 1986, at the Gainesville National Bank Meeting Room. Producers should enter the bank through the West door by Schad and Pulte.

Upper Elm Red Soil & Water Conservation District to hold essay contest

Clyde Hale, Chairman of the Board of Directors, has announced that Upper Elm Red Soil and Water Conservation District #524 will again sponsor an annual Essay Writing contest, the 27th, to students residing in the District.

The subject is Soil and Water Conservation, including but not limited to, the concept that soil and water resources of this nation are vital for providing the necessities of food, clothing and shelter.

Entries of 300 words or less should be sent to Upper Elm-Red SWCD Federal Building, Room 204, Gainesville, Texas 76240, no later than Jan. 15, 1987. Contestants must be students, not having graduated from high school, and not more than 18 years of age. Essays will be judged locally for consideration of cash awards of \$35.00 for first place, \$25.00 for second place, and \$20.00 for third place.

Vocational Agriculture, English teachers and 4-H leaders are urged to encourage students to participate.
