## Williamson speaks at Chamber luncheon

Richard Williamson came to talk about taxes. He said that's not what people like to talk about, but that's what everyone wanted to talk about. Our state representative for Congressional District 63 was introduced and welcomed by Mayor Ted Henscheid on behalf of the community and the large attendance at the Chamber of Commerce luncheon meeting.

Williamson explained, speaking of himself and most other legislators, "We're not different from you here in the hinterlands." He claimed the same feelings about taxation that most people have. Going on, he talked about taxes for education and constitutional requirement that education should be equal for all the states' residents but the dollars spent on that education are seldom equal. A lawsuit is currently challenging the way we pay for public education as illegal. Williamson explained some alternatives if that challenge succeeds.

1. Fifty percent of the school districts which are rich would contribute to the others which are poorer. (Muenster is in the top 50.)

2. Raise sales tax (estimated to 11 percent) and send it to poorer districts.

3. Put a cap on spending per child at \$2400.00.

4. Initiate a state income tax.

Rep. Williamson emphasized that he certainly didn't like the last idea but he felt that it was inevitable. "I believe it's coming no matter what I do so the best way to handle it is lock up tight constitutionally."

He said that in talking to other constituents in this district, the biggest gripe was not about the income tax itself, but the ways and means of it. He suggested that the best way to deal with the problem may be to start now and make sure the tax is constitutionally limited and spread evenly, then abolish the property tax and "make it the law."

"Rest assured," Williamson said, "by 1996, 51 percent of the state's population will be minority

and they will vote for income tax."

During question and answer time, several points were discussed including education, the prison system, different sales tax options and a blanket sales tax on everything. The representative said that the blanket tax, which would include food and services, had been recently considered by a small number of legislators but the idea had received little emphasis since it came up so near the end of the last regular session. He indicated that it was a new idea worth considering.

Williamson ended with a reminder that Texas used to be a rural state but now was an urban state, adding half a million residents per year. We need time and understanding to tackle urban problems.

On other business, the community is notified of a change in date for the Christmas Parade. Chairman Ed Griffin said the date will be Saturday, Dec. 5, at 1:30 p.m. The theme is "Babes in Toyland."

THE MUENSTER JAYCEES and the Muenster Beer Distributors sponsored a softball tournament on Aug. 1 as a benefit for the Cystic Fibrosis Foundation. Presenting a check for \$880.00 are, from left, co-chairmen Nick Walterscheid and Tim Felderhoff of the Muenster Jaycee chapter; Gilbert Endres of Gilbert Endres Distributing; Bob Vogel of Cooke County Distributors. Accepting the check is Patsy

Henry, representing the North Texas Cystic Fibrosis Foundation. Not pictured is Chuck Fisher of Clyde Fisher Distributor, Inc. Another project sponsored by the Jaycees was a rifle raffle to benefit the new fire truck fund. Jerry Fleitman was the winner of the scoped hunting rifle. Ross Felderhoff and Alan Miller were co-chairmen. Janie Hartman Photo

## Tigers unleash offense on Lexington Patriots, 46-0

The Tigers' taste of victory turned out to be a banquet Friday night as Sacred Heart trounced Lexington to the tune of 46-0 after being off last week. Everybody got in the act.

"Best executed ball game they've played," said Coach Joe Pasqua, "executed well, good blocking, excellent running by Taylor, Becker and Ryan."

Sacred Heart chalked up a total of 419 yards, 255 on the ground and 164 on the air. "Dangelmayr threw the ball well and Randy Miller did a fine job of receiving," continued Coach Pasqua. Miller caught 2 for 49 yards along with Scott Taylor's 3 for 53 and Wayne Becker's 1 for 50 yards.

"Defense did a great job holding them to less than 100 total yards." Standouts on defense include Becker, Deano Bayer, Tommy Bonner, Ryan Bayer, David Rohmer, Max Hastings and Randy Miller. "Total defense was extraordinary, shutting down their passing, something that worried us." Lexington completed only 8 of 27 passes for 52 yards with 2 interceptions, both by Taylor. Defensively, Stanley Knabe and

Deano Bayer covered fumbles for the Tigers.

Things moved smoothly for Sacred Heart, scoring every quarter. On the opening kickoff, the Tigers moved the ball 55 yards in 5 plays, ending with Becker's 25-yard touchdown run for the first score of the night.

Two penalties and a quarterback sack forced the Patriots to punt. Sacred Heart moved the ball from midfield to the 3-yard line, assisted by a 29-yard run by Taylor behind good blocking, only to turn the ball over with a fumble.

The Tigers held Lexington and again forced a punt. Becker returned the ball to the 6-yard line then ran it in on the next play. The extra point attempt failed and Sacred Heart led 12-0.

Sacred Heart had early controlled in the second quarter, with the help of a 29-yard pass to Miller. Dangelmayr, Becker and Taylor moved the ball to the 9-yard line. After a QB sack, a motion penalty and an incomplete pass, Taylor crossed the goal line only to have the play nullified on a 15-yard clipping penalty. With two unsuccessful passes, the Patriots took

over on their own 19-yard line. Again Lexington was unable to move, punted, and behind the blocking of Miller, Becker returned the ball 56 yards for a third touchdown. Deano kicked the point after, extending the lead 19-0.

The first play of the Patriots next possession saw Taylor pick off a pass, returning it 39 yards. Two plays later, Taylor ran around the left to up the score 26-0, after Deano's kick.

Having flag troubles, Taylor crossed into the end zone on a 22-yard run only to have the play called back. The ball was then lost on a fumble as time ran out.

The Tigers' first score in the second half was set up on a 16-yard run by Becker and an 11-yarder by Ryan Bayer. Dangelmayr scored on a 1-yard keeper and Deano's kick made it 32-0.

Sacred Heart scored again on their next possession. A 57-yard drive, sparked by a 25-yard pass reception to Ryan gave Taylor the 5-yard TD run. Deano kicked again, ending the quarter 40-0.

The last score came early in the final period. Ryan Becker scored from the 1, making the final score 46-0.

Scott Taylor ended the game with one last interception.

Sacred Heart District 2, Division 2 runner-ups, will host Fort Worth Temple Christian in the first round of regional playoff Friday at 7:30 p.m. at The Colony School Stadium.

"Temple is probably the #2 seed in the state," said Coach Pasqua. "They have a good club; they are big, but not as fast as Liberty. We've scouted them and felt we have a good, even chance."

The Eagles have 25 returning lettermen off last year's 5-5 squad, several gaining All District honors and one All Stater.

### Directions to Game

Take I-35 S to Dallas. Take 121 exit, go east on 121 under I-35, approximately 5 miles to The Colony. Pass through two stop lights, proceed to Blair Oaks Rd. Take a left, go two blocks on Blair Oaks to school.

## Fraud takes a fine turn

There's a new wrinkle to defrauding trusting persons and it was carried out in Muenster several weeks ago. However, investigation has shown that it was practiced and perfected to a fine honing in many towns, many times in recent months, and is nothing new to law enforcement officers.

Police Chief Helen Tompkins is repeating her plea: "Please don't give anyone any money if it is required up front."

She has reported the following set of circumstances in a so-called Telephone Communications Fraud:

"A caller, identifying himself as a representative of International Co-op Network of Montclair, California, reached a certain local lady on the phone and told her, 'Congratulations! You have just won \$5,000!' He went on to describe other prizes included in the "package," an airline ticket, a guest appearance on television, getting the red-carpet treatment and a few other choice fringe benefits.

"The caller went on to explain

that winners must provide a cash payment of \$574 to 'cover legal audit purposes...' 'When we receive your payment,' he said, 'we will send you the airline ticket and \$5,000 within two weeks.'

"The local lady sent that payment of \$574 to the address given her in the call, and waited...and waited...Becoming concerned, she phoned the number he gave her, after determining that her check had gone through her bank."

Repeated calls went unanswered so the local lady called Helen Tompkins, who immediately notified the police department in Montclair.

Their answer: "No one will receive any packets of any prizes. We have a stack of complaints on this company several inches high. This man has a long record of fraud, added to parole violation from the penitentiary in Phoenix, Arizona, and is also guilty of income tax evasion. He has cheated

many people out of a great amount of money.

"His office has been closed and office personnel have disappeared."

"Because of his offenses he is on the wanted criminal lists of the Internal Revenue Service. He will have his house and land confiscated. But those who fell prey will lose the money they sent him."

And then Chief Tompkins repeated her plea: "Please don't send any money to anyone who requests 'up front money.'"

## 1987 open container law to be enforced

Police Chief Helen Tompkins reminds that the relatively new law that went into effect on Sept. 1, 1987, concerning the open container law, in reference to drivers consuming alcoholic beverages while operating a motor vehicle, will be enforced in the City of Muenster. Violation brings a fine of \$75, a set amount mandated by the State of Texas.

## Don't forget!

World's Top Masters martial arts exposition, sponsored by North Texas area Kiwanis Clubs for the 1988 Special Olympics for children, will take place Saturday, Nov. 14, 7 p.m. at the NTSU Men's Gym in Denton. Top masters from many countries will demonstrate skills to be used in the 1988 Olympic Games. Tickets are \$5.00 in advance, \$8.00 at the door, \$3.00 for students and children under 12 are free if accompanied by an adult.

Participants of this caliber will not be seen outside the Olympic Games for a demonstration like this!

## Weinzapfel bldg. sold, business owners remain

The Weinzapfel Building in the 200 block of North Main St. in Muenster was sold to Msgr. Thomas Weinzapfel of Dallas, who was the highest bidder in an auction held in Muenster State Bank at 3 p.m. on Tuesday, Nov. 10.

Janie Monday, owner of Hamric's Men's Wear, and Queenie Walterscheid, owner of The Charm Shop, longtime occupants of the building will remain in the same location, continuing the practice of offering quality wear for men and boys, and women and girls.

The Charm Shop, occupying the north half of the building, and

Hamric's in the south half reflect the business growth of the community with their central location on Main St.

Historically, Queenie Walterscheid related Tuesday, The Charm Shop was purchased by Pearl Evans in 1946 from Ruth Herr and she began to lead its inventory into women's wear rather than the original children's store. At the time, she was in a small frame building on the corner of Main and First Streets, sharing space with Bertha Hamric. Both businesses moved into the Weinzapfel

## Good News!

But I pray to you, O Lord, for the time of your favor, O God!  
In your great kindness answer me with your constant help.  
Rescue me out of the mire; may I not sink!  
May I be rescued from my foes, and from the watery depths.

PSALMS 69: 14-15

### Letters to the Editor

#### To the Editor:

The Muenster Chamber of Commerce would like to express their appreciation to all who helped with the Autofest. A great big thank you to:

Dale Felderhoff, Ben Bindel and Gary Fisher for acting as chairpersons; Gainesville Antique and Classic Auto Club for being the host club; Muenster Volunteer Fire Department; Muenster Wander-vogel Volksmarch Club; Muenster Kiwanis; Catholic Daughters Court 249; Knights of Columbus for sponsoring the dance; Gregg's Chevrolet; Endres Motor Company;

Rohmer's Restaurant; Hen-nigan's Auto Parts; Muenster Auto Parts; Glenn's Paint and Body Shop; Muenster Wholesale Beer Distributors; Hoedbeck GMC Trucks; E G T Truck & Trailer Leasing; Bayer's Kolonialwaren und Backerei; H&W Kountry Korner; The Center Restaurant &

Tavern; Dairy Inn/DI One Stop; Modern Floors; Gehrig's Hardware; The food vendors, H&W, Ed Otto and his helpers, Dairy Inn; City of Muenster; Cooke County Sheriff's Department;

Individuals who helped with the Information Booth, Daryl Ferber, Monica Hess, Gracie Fuhrman, Pat Dennis and Doris Hamer; Muenster Camp Fire Girls and Billie Fleitman; D.E.O.A. and Kevin Titus of Lancaster for the recreation of living history; all who set up craft booths; and all who attended the auto show and dance.

As with any list of names, someone has surely been left out, but it is hoped we will be forgiven. The work of everyone who helped is greatly appreciated and continues to show the pride, industry and spirit of the people of Muenster. Keep up the good work!

The Muenster Chamber of Commerce

## Repeal of tax could boost energy production

by Lloyd Bentsen, United States Senator

As demonstrated by recent news of our increasing imports of Iranian oil, U.S. dependence on the unstable Persian Gulf for our energy needs continues to increase.

This rising dependence has serious consequences for our national security, making us increasingly vulnerable to the threat of a foreign oil cutoff.

Repealing the so-called windfall profit tax would help us boost energy production in this country - and in Texas - and reduce that vulnerability.

The Canadians repealed their version of the "windfall" tax last year and gave a boost to their nation's energy production. If we repeal the U.S. tax, a study prepared for me by the Library of Congress indicates similar results could be in store for us.

The study shows that repeal could mean an immediate increase in production - within a few months - of some 25,000 barrels a day. Over the long run, and depending on what happens to the price of oil itself, we could expect an increase of half a million barrels a day, possibly more.

After repealing its windfall tax last year, the study noted, Canada had "more than three times as many rigs drilling this past August as there were in April, while in the United States the August increase in active rigs (compared to April) was only by one-third."

If rotary drilling activity in the U.S. were to recover to the same degree as Canada, the average domestic rig count would be 974 - rather than 920 - with proved reserve additions projected to be 1,461 million barrels. This is 81 million barrels more than the 1,380 million that is projected from the current active rig estimate.

It's important to our economy and our national security that we boost our domestic energy production and reverse our trend toward ever-increasing dependence on foreign oil.

To accomplish this goal, our nation should have an energy policy. As these statistics indicate, repeal of the windfall tax is a good place to start.

Congress has an opportunity to do just that and, as an added benefit, relieve the domestic industry and federal government of some burdensome red tape.

The Senate included such a provision in the Bentsen-Danforth trade bill. Now, House and Senate conference committees are at work resolving differences between the two versions of the bill.

A repeal provision was passed by the Senate last year, only to be stopped dead in its tracks by the House, so this clearly is an uphill battle. But it's one we need to win. As chairman of the Senate conferees, I'll be working hard to convince those folks in the conference to agree to the Senate version.

I expect to put this new Library of Congress study to good use in making our case.

## THE ECONOMY AND YOU

### Freeze Spending, Not Taxpayers

By Richard H. Fink

White Wall Street has shown us a lot of ups and downs lately. Congress is singing the same old tune: raise taxes to cut the deficit. Even some national commentators have taken up the chorus, arguing that tax increases would show investors that Washington is serious about cutting the deficit.

The real debate is about how to best prevent a recession and promote economic growth. Yet the fans of tax increases would have us believe that the way to encourage production is to penalize it through higher taxes.

Of course the federal deficit is a problem, because it soaks up money that could be used for job-creation and private investment. However, it does not measure the full cost the government imposes on the economy, for taxes too drain resources out of the productive sector of the economy to be spent on legislators' pet boondoggle projects.

Fortunately, there is a way to cut the deficit and leave more money in the taxpayer's pocket: a federal budget freeze. If Congress and President Reagan simply stopped increasing spending, the budget would be balanced in just three years.

The budget freeze does not involve magic or "creative" accounting gimmicks. It would quickly wipe out the deficit because tax revenues are already scheduled to rise dramatically over the next few years due to economic growth and previously-legislated tax increases.

The Congressional Budget Office estimates that tax revenues will rise by about \$50 billion each year in the near future. Fiscal year 1988 began on October 1, even though Congress has not yet passed a budget. If Congress and the president hold spending in this fiscal year to its level in fiscal year 1987, next year's deficit would be about \$13 billion. That's \$31 billion below the Gramm-Rudman-Hollings deficit reduction target. It is also \$44 billion below the deficit in the budget package Congress spent most of the year assembling, all without a tax increase. Talk about a "down payment" on the deficit!

It gets even better in future years. A three-year spending freeze would generate a \$26 billion surplus by 1990. We could finally begin the process of reducing the national debt, which hangs like a millstone around the necks of generations yet to come.

What's the main obstacle to a budget freeze? The fact that Congress loves to spend money. Though President Reagan has presided over the largest peacetime tax increases in America's history, deficits have grown because Congress has consistently increased spending. Every time congressional leaders promised spending cuts in exchange for some tax increases, they reneged on their part of the deal.

As the enactment of laws like Gramm-Rudman shows, however, many legislators know that the game cannot go on forever. A freeze offers them a practical way to control their spending habit.

Special interest groups oppose the freeze, raising their snouts from the public trough to complain that the Republic will collapse if they do not receive their customary spending increases. They know that a spending freeze would force them to fight each other instead of ganging up on the taxpayer. That may be bad for them, but it's all the more reason for the average citizen to favor the freeze. In effect, we citizens would be telling special interests that they should all simultaneously cease and desist their raid on our wallets.

Congress could try to reduce the deficit by raising taxes, a strategy that in the past has only fueled higher spending and deficits, and now threatens to throw the economy into a recession. Or, legislators could simply stop increasing spending and watch the deficit shrink. It is indeed a sad commentary on Washington that many even consider this choice a difficult one.

(Richard H. Fink is president of Citizens for a Sound Economy, a 250,000-member independent public interest group located in Washington, D.C.)

IN THIS PHOTO FROM THE PAST, Mrs. Felix (Rosie) Becker and Alvin (Jonesy) Klebr of Ft. Wayne, IN, pose with Willard Hartman, center, owner-operator of Hartman's Shoe Store in Muenster. Located in the south front end of the present Ben Franklin Store, Hartman purchased the business from Jesse Sanner on March 1, 1959, changing the store's title. Merchandise didn't change, with the store continuing to carry name brand shoes for the entire family. Mrs. Alvin Hartman, a sister-in-law, was appointed his number one assistant, helping with special sales and taking charge in his absence. The formal opening was held March 7 with about 275 adults registered. Lucky winners in the certificate drawing were Mrs. Al Horn, \$10; M.F. Milner, \$5; and Mrs. Bill Landers of Forestburg the \$3 award. For Willard Hartman and his family, the occasion provided a complete reunion. Hartman Shoe Store went out of business in April 1962. Hartman, a native of Muenster, is the son of Mrs. Margaret Hartman and the late Victor Hartman, and now lives in Killen, Texas.

## USPS employees required to register

The federal government's largest employer - the Postal Service - recently announced Selective Service registration requirements for employment. Under the new guidelines, a young man must prove that he has registered with Selective Service before being eligible for appointment to a position in the Postal Service.

This requirement follows the Thurmond/Montgomery Amendment to the Fiscal Year 1986 Department of Defense Authorization Act. The Amendment prohibits a young man who is required to register from being appointed to a position in an executive agency of the federal government unless he has registered. The intent of the legislation was to ensure that all men required by law to register do so.

Rep. Gerald Solomon (R-NY), a strong supporter of Selective Service, introduced legislation in July requiring registration as a prerequisite to employment with the Postal Service. Technically the Postal Service was not included in the original Thurmond/Montgomery Amendment because they are not an executive agency of the federal government. Commenting on the legislation, Mr. Solomon

said, "If a young man is going to accept the benefits of this country then he should be ready and willing to accept the responsibilities as well. Registration is one of these responsibilities."

As of mid-August, all young men who are 18 through 25 years of age must show proof of registration before being considered for a position with the Postal Service. Those young men who do not reach 18 until after appointment will be asked to submit proof within 30 days of their 18th birthday. Men who fail to provide proof of registration will be considered "not available" and will receive no further consideration for employment.

Along with federal employment, Selective Service registration has been linked to federal student aid and job training benefits. Many states also require registration as a prerequisite for state student aid, entrance into a state-supported college or university and state employment.

All young men must register with Selective Service at any local post office within 30 days of their 18th birthday. Failure to register is a felony punishable by up to five years in prison and/or up to a \$250,000 fine.

## Outstanding teacher recognized

Nominations which will lead to the recognition of several hundred distinguished high school teachers are being made by principals across Texas. Forms were mailed this week to every high school principal in the state.

The Texas Excellence Awards for Outstanding High School Teachers were created last year by the University of Texas at Austin Ex-Students' Association in cooperation with UT's College of Education. In the first year, 289 teachers who were nominated by their principals were recognized in their hometowns for their outstanding contributions.

All teachers selected for the award will be recognized through local publicity, and many will be honored by UT alumni clubs in

their towns. Ten of them will be invited to the UT campus for special recognition.

The 10 honorees will receive \$1,000, a commemorative sculpture, and an exclusive on-campus conference which will include meetings with top students, faculty and administrators for informal discussion and intellectual exchange.

Specific University of Texas enrichment opportunities will be tailored to each honoree's field of expertise, putting the teachers in touch with faculty and facilities that are at the heart of the educational process.

The 10 will be selected by a committee composed of distinguished UT alumni, high school officials, and UT students,

faculty and administrators.

Dr. Waneen Spiridous, Interim Dean of Education, explained that the program "... is the University's way of raising public awareness of the contributions that teachers make, and raising the esteem of the teaching profession and individual teachers in communities across the state."

According to Roy Vaughan, Executive Director of The Ex-Students Association any high school teacher in Texas is eligible to be nominated for the honor by his or her principal.

High school students, former students, parents and Texas Exes are encouraged to recommend nominees to their principal. The deadline for nominations is Nov. 16.

## Farabee receives public policy award

Senator Ray Farabee received the annual Public Policy Award given by the Texas Association of Community Health Centers in recognition of his work to improve the availability of health care for all Texans.

"Health care availability is a major issue for all of us," said Farabee, "and I am pleased to be recognized by the Texas Association of Community Health Centers."

In his acceptance speech Farabee highlighted the four major issues in health care he anticipates the state will be facing during the next biennium:

- \*Medical liability and its serious impact on the cost of health care in smaller communities;
\*Medical ethics issues and his recent work in making organ donation more available;
\*The problem of workers' compensation; and
\*The allocation of health care resources for older citizens and children who are uninsured.

Farabee expressed special concern over the growing number of doctors who cannot deliver babies in rural areas because of the high cost of malpractice insurance premiums. He also noted the need for the state to explore solutions to the AIDS crisis before it bankrupts our health care financing system.

Farabee commended the excellent work being done by Community Health Centers in Matador, Spur and Floydada in the 30th Senatorial District.

When asked what the state can do about the complex problem of workers' compensation insurance, Farabee expressed his hope that the interim study he will co-chair during this biennium will produce workable solutions. This committee, which had its first meeting recently, will carry out a comprehensive study of workers' compensation in the state.

## BUILDING

Building immediately upon completion.

In 1965, Mrs. Evans added Queenie Walterscheid to her sales personnel and she began learning all facets of the business and gradually was promoted to Store Manager.

In February 1987, Queenie Walterscheid purchased The Charm Shop from Pearl Evans and became the sole owner.

She has added several new clothing lines appealing to girls and young women, and continues to stock classics appealing to all ages, tastes and sizes.

She feels that the young and the young-at-heart will be pleased with the array of sterling silver jewelry, fashion watches and eye-catching accessories of every kind, designed to enhance the quality merchandise on the showroom floor.

Queenie Walterscheid said, "We welcome you to inspect the gorgeous leather ensembles added to our inventory." Janie Monday explained, "This building was constructed in 1956. Its grand opening was held on Oct. 13, the same year. Hamric's Men's and Boys' Wear was originated by Bertha and Ervin Hamric.

The business was sold in June 1980 to Janie Monday who was then serving as Store Manager.

Since that time, Janie has added three lines of tuxedos, featuring designer tuxedos by Pierre Cardin, Christian Dior and Bill Blass.

She has also added a large assortment of Tall and Big items to her inventory.

Western suits and shirts have been included in the steadily increasing inventory. Janie said, "We will continue to offer a full selection of clothing for men and boys, and proudly serve as the most complete men's clothing store in Cooke County."

Queenie Walterscheid and Janie Monday both said, "Please come in to see the added clothing lines. We want to thank everyone for continued patronage and we extend a special invitation to you to see what we've added. Again, we thank you, we welcome you and we look forward to seeing you very soon. Your friends, Queenie and Janie."

MUESTER CUB SCOUT DEN 2 visited The Enterprise to learn about communications last Friday. Here pressman Alvin Hartman demonstrates the Heidelberg press to the Cubs. Visible in the middle

are John Bartush, Lucas Hartman, Jon Knabe and Aaron Sicking. Also visiting were Jody Felderhoff, Glenn Dangelmayr, Billy Hellman and Den Leader John Bartush. Dave Fette Photo

## Medication aides can take refresher course

Persons employed as medication aides in nursing homes can complete a required refresher course at Cooke County College on Saturday, Nov. 21.

The course is accepted by the state for re-certification - a process which must be completed by medication aides by Dec. 31 of each year, according to Treason Kindiger, spokesperson for CCC's Division of Continuing Education which is sponsoring the course.

"It is very important to understand that this refresher course is restricted to non-licensed nursing home personnel who have already completed an approved medication aide training program," Kindiger stresses.

"It is not a course," she adds, "for persons wanting to get the training required to go to work as a medication aide for the first time. We do offer another course for beginners at another time of the year, but this is only for those who've already completed the basic training and need re-certification."

The refresher course at CCC will last from 8 a.m. to 5 p.m., and the cost per student is \$20. Advance registration is required because space in the class will be limited.

Persons wishing to enroll should come in person to the CCC Continuing Education Office in Room 109 on campus between the hours of 8 a.m. and 4:30 p.m., Monday through Thursday, and 8 a.m. to 3 p.m. on Fridays. Latecomers should report to the Registrar's Office in Room 107.

For more information, contact Treason Kindiger at 817/668-7731, Ext. 272.

## Sister Gerardo Carns, 82, dies

Sister Gerarda Carns, 82, died in Jonesboro, Arkansas on Wednesday, Oct. 7, at 1 p.m. She was a former Math teacher at Sacred Heart School.

She was a daughter of Frank and Cecilia Wyllie Carns, born on July 29, 1905 in Jonesboro. On July 2, 1923 she made her religious profession as a member of the Olivetan Benedictine Sisters and was a nun for 64 years.

After obtaining her M.A. in mathematics at St. Louis University, she taught school in Little Rock, Blytheville, Pocahontas and Jonesboro, Arkansas; Muenster, Texas and Lake Arthur, Louisiana. After retirement she tutored math students in Jonesboro.

Preceding her in death were all her sisters and brothers and her parents.

A rosary vigil service was held at the convent and Mass of Christian Burial was offered on Friday, Oct. 9, at 9 a.m. at Holy Angels Convent in Jonesboro.

## NOTICE!

There will be no garbage pickup on Thanksgiving Day, Nov. 26. Both routes will be run on Friday, Nov. 27.

## City sales tax down in Cooke County from last year

State Comptroller Bob Bullock sent checks totaling \$105.9 million last week in local sales tax to 1,039 cities that levy the one-percent city tax. According to Bullock, this year's payments are down by nearly 5 percent overall compared to payments made by November of last year.

In Cooke County, Gainesville received \$137,805.52; Lindsay got a check for \$5,236.50; Muenster received \$13,528.07 and Valley View \$991.69. Overall and so far this year, Cooke County is 6.17

percent behind the pace for last year. So are Gainesville and Muenster separately. An interesting difference shows between Valley View, which is over 11 percent ahead, and Lindsay which is almost 11 percent behind.

November checks represent taxes collected on sales made in September and reported to the Comptroller by Oct. 20. This month's checks also include third quarter allocations, which reflects sales reported to the Comptroller on a quarterly basis.

## URGENT!

Wanted: Witness

Please call collect Jeanne Biffle at 665-0339 in Gainesville if you saw a 1986 Freightliner trailer, Oklahoma license #Y73839 involved with backing into the path of a 1977 white Ford Courier pickup, license #4910AS on Tuesday, Oct. 27, at 9:00 a.m. in front of Muenster Cheese Plant. Insurance Co. refuses to pay damages to Ford Courier.

## New planetarium program explains mysterious phenomena

What do the Bermuda Triangle, the Egyptian Pyramids, and the lost continent of Atlantis have in common? They are just a few of the mysterious phenomena examined in the Noble Planetarium's newest program, "Gifts From The Gods?"

While not intended to prove or disprove any particular theories, this satirical program pokes fun at some of the more outlandish explanations of these, and other, so-called mysteries. "People frequently believe a 'non-fiction' book or 'documentary' program that appears to be based on scientific facts," says Michael Walker, Noble Planetarium director, "but

in reality its conclusions can be the result of illogical reasoning, or even mere conjecture."

"Gifts From The Gods?" will be shown Saturdays at 1, 2 and 3 p.m., Sundays at 2, 3, 4 and 8 p.m., and Tuesdays through Fridays at 1 p.m., through Nov. 29. All seats are \$2.50, and due to the program's subject matter children under 4 will not be admitted.

For younger audiences, the planetarium presents "Star Travelers," the popular story of Edna the Alien and her wise-cracking computer, who take two young stargazers on a journey of discovery though the universe. All

ages are welcome, and tickets are \$2.50 per person. "Star Travelers" will be shown on Saturdays at 12 noon and Sundays at 1 p.m. through Nov. 29.

"The Texas Sky," a live, 20-minute presentation exploring celestial events currently visible in the night sky, is presented Saturdays at 4 p.m. and Sundays at 7:15 p.m. Tickets are \$2.00 per person and children under 4 will not be admitted.

For more information, contact the Noble Planetarium at the Fort Worth Museum of Science and History, at (817) 732-1631 or Metro 654-1356.

## Winnefred R. Streng dies Oct. 25

Winnefred Ruth Streng, 67, a resident of Muenster for 14 years, a native of Marietta, Oklahoma and for the past 16 years a resident of Stockton, California, died on Oct. 25 in a Stockton hospital.

She was a retired nurse's aide for Crestwood Convalescent Hospital and a member of the Living Faith Center.

Survivors include four

daughters, Lillian Heathcock, Emma Newman, Mamie Newman and Clellene Gentry, all of Stockton; a son, George Streng of Stockton. Also five brothers and two sisters; 23 grandchildren and 19 great-grandchildren.

Funeral services were held on Oct. 27 in the Living Faith Center of Stockton with B.C. Wallace and Son Funeral Home in charge.

Burial was in Cherokee Memorial Park in Lodi.

Mrs. Ruth Barnhill of Muenster attended the funeral. She is a granddaughter of Mrs. Winnefred Streng.

Mmes. Heathcock and Gentry, daughters of Mrs. Streng, are also former Muenster residents and Mrs. Clellene Gentry is a graduate of Muenster High School.

## Lifestyle

### Thanksgiving event is set for Nov. 22

The annual Thanksgiving dinner, picnic and bazaar, sponsored by Sacred Heart Parish, will be held on Sunday, Nov. 22, at the Community Center.

Tom Herr and Don Hess are general co-chairmen. Carrie Walterscheid heads the dinner committee. Regina Pels, Miriam Caplinger, Margie Starke and Charlotte Dangelmayr are co-chairmen of the Country Store. Billie Fleitman and Debbie Hess will be in charge of the Silent Auction.

Workers are still needed for all booths. Sponsors urge parishioners to invite friends and relatives from surrounding towns to join them at the event.

Chairmen are requesting volunteers to help bake turkeys, and to donate items for the dinner. Cakes are needed for the cake walk and pies are needed for the dinner. Items for the Silent Auction and Country Store are also needed. For information, call any of the chairmen.

### Diabetic Support Group requests your help

The Cooke County Diabetic Support Group is asking for your help - your presence and your ideas. The goals of the organization are:

1. To create a better understanding of diabetes through education and group interaction.
  2. To develop a community awareness to diabetes.
  3. To educate families and friends to a better understanding of diabetes.
  4. To serve as a support group to each other and to especially be aware of the personal emotional stress and physical needs of every person in the group.
  5. To provide professional speakers and workshops to meet these goals.
- During the past few years, the Diabetic Support Group has had numerous programs on diabetes - its treatment, effects, diet, exercise - from many local doctors, nurses, dietitians, exercise instructors,

as well as specialists from the Dallas Fort-Worth area. Representatives from various pharmaceutical companies have demonstrated the equipment to help diabetics to control their illness. (Advice on insurance was given by a local agent). Members have shared recipes, as well as advice on how they have dealt with various problems.

This past year, our attendance has decreased to the point where there is doubt about continuing. There is a need, but is there interest? What would you like to know? What programs could be offered to help you?

Diabetics, families and friends, please help to answer these questions. Attend the meeting next Tuesday, Nov. 17, at 7:30 p.m. in the Conference Room of Gainesville Memorial Hospital. Together, let's decide the future of this organization.

### Oct. 24 ceremony unites Dallas couple

Gina Marie Felderhoff and Kenneth Earl Pape were married on Oct. 24 in a 5 p.m. double ring ceremony at Preston Hollow United Methodist Church in Dallas, with Rev. Gene Gorden officiating the ceremony.

Parents of the couple are Arthur and Evelyn Felderhoff of Muenster, and Anson and Marianne Pape of Houston.

The bride was escorted to the altar by her father and given in marriage by her parents. She was wearing a formal white satin wedding gown. The bodice was fashioned with a Queen Anne neckline which was enhanced with iridescent sequins and tiny pearls, and lace. The Renaissance sleeves also featured matching beads and lace. From the waistline, the skirt swept into a cathedral train which was enhanced with Venice lace and silk floss Schiffl embroidery.

Her veil was attached to a band of beaded white silk flowers and delicate pearl sprays. Her bridal bouquet was a cascade of white carnations with baby's breath.

#### ATTENDANTS

Sherie Felderhoff was her sister's maid of honor, and Leslie Cronkrite, a friend of the bride, was the bridesmaid. They wore teal-length gowns with the V-backed bodices fashioned in midnight blue velvet, and the skirts, sleeves and bustle bows in midnight blue iridescent taffeta. They wore matching royal blue satin pumps, and carried bouquets of white carnations and daisies, and had baby's breath in their hair.

Lacy Hultstrand, niece of the bride, was flower girl. She was dressed in a gown of velvet and taffeta made similar to the bridesmaids. Her gown was made by her mother, a sister of the bride, Diann Hultstrand. Chad Felderhoff, nephew of the bride, was ring bearer. He carried the ring pillow used at his parents' wedding 11 years ago.

The best man was Allen Pape, brother of the groom. David Pape was his brother's groomsman. Both are from Houston. Dale Felderhoff and Ronnie Felderhoff of Muenster, bride's brothers, were ushers.

The bride presented a fresh white rose to her mother as she approached the altar and a similar rose to the groom's mother as the couple left the altar.

Patti Barnett of Lubbock, a friend of the bride, was the vocalist, singing "Wedding Song" after the bride's mother was seated, and "We've Only Just Begun" after vows were given.

#### RECEPTION

A reception at the Holiday Inn was hosted by the bride's parents, following the ceremony.

Ashley Hultstrand, a niece of the bride, secured 150 guest signatures in the bride's book.

Guests were served a buffet dinner, a four-tiered white wedding cake and a chocolate groom's cake. After dinner, guests enjoyed dancing to music which had been selected and taped by the bride and groom.

The couple left for a wedding trip and scuba diving at Grand Cayman Island, British West Indies. Since their return, they are residing in Dallas.

The bride is a graduate of Muenster Public High School and Texas Tech University in Lubbock. She is employed as a teacher for the Dallas Independent School District.

The groom is a graduate of Northshore High School in Houston and attended the University of Houston. He is employed as an estimator for DBM Marble and Granite of Dallas.

A rehearsal dinner was hosted by the groom's parents on Friday, Oct. 23, at Red Lobster Restaurant in Dallas.

### Focus on Families Forum slated for Nov. 19

by Evelyn Yeatts,  
County Extension Agent

What makes a family strong? The first of several activities planned on developing strong families and effective parenting will be held on Thursday evening, Nov. 19. The forum will begin at 7 p.m. in the Cooke County College Little Theater.

This forum is being planned and sponsored by the Cooke County Extension Service Strengthening the Family Committee.

Dr. Edwin Hammer, Psychologist from Dallas who has spent much time working with parents and family members, will be the speaker and lead the discussion. To pre-register or for more information, call Mrs. Evelyn Yeatts, County Extension Agent, at 668-5412.

What makes a family strong? A strong family doesn't just happen, it's built slowly over time through many little events, happenings and parts. Strong families grow out of simple, everyday occurrences. Strong families result from sharing with other family members. Doing things together helps us to share ourselves, to build trust and to develop a sense of unity.

Strong families are the result of showing appreciation, concern, interest and love for all family members. The special smile, an unexpected hug, the softly spoken words of love and appreciation are all important in making family members feel special.

Strong families talk to each other frequently, openly, clearly and

directly. They share their hopes and dreams, their fears and worries, their joys and sorrows.

Strong families have connections with others - both relatives and friends. They are involved with their communities and have a variety of interests which provide the family with outside stimuli and support.

There is no simple answer to what makes a family strong. There is no one single factor which will distinguish a strong family. The Focus on the Family Forum is designed to help families develop ways of being stronger.

### Felderhoffs honored

Arthur and Evelyn Felderhoff were honored on their 39th wedding anniversary when their daughter and son-in-law, Diann and Bob Hultstrand, and family entertained with a Sunday morning brunch in their home in Dallas.

Other guests were family members and Mr. and Mrs. Mark Kuta of Gainesville, Mark Kuta, Jr. of

Colorado, Mr. and Mrs. Rick Ault of Oklahoma City.

After brunch they all went to view Bob Hultstrand's newest project, remodeling of the old Sears Building, renaming it Jefferson Market Place. It is totally renovated and will be open on weekends.

### News of the Sick

Joe Henry Walterscheid underwent emergency surgery a second time on Friday, Nov. 6 at AMI in Denton.

His wife, Carolyn, was called to hospital Wednesday morning when

he experienced breathing difficulties. At present he is in Room 264-B, Denton Regional Medical Center, Denton, Texas 76201, where cards will reach him.

*Important safety tips from Lone Star Gas*

You can take comfort in Natural Gas.

Trusting gas for your home is a natural. After all, Lone Star Gas Company has been faithfully serving its customers for

more than 75 years. Through the years, we have worked to earn your trust by providing safe, dependable natural gas.

Do you know why gas has a strong odor? Because we have added a harmless odorant to the gas that lets you know it's there. This is for your safety, so if you ever smell the strong odor of gas in your home, follow these rules:

Since gas lines run underground, you should also take precautions against disrupting these lines, particularly if you plan to:

- 1 Do not switch anything electrical on or off. Do not use your own telephone (telephones use small amounts of electricity). Do not strike a match, and do not do anything that might cause a spark.
- 2 Have everyone leave the house immediately, leaving doors open for ventilation.
- 3 Go to the nearest telephone and call Lone Star Gas Company. Wait until we have found the cause before returning to your home.
- 1 Put in a new fence.
- 2 Install an underground sprinkler system.
- 3 Perform any major landscape renovation.

Before you dig, call your local Lone Star Gas office. If you smell a gas odor while you're outside, immediately contact Lone Star Gas.

In our continuing effort to provide better safer service, local Lone Star Gas offices are ready to answer any questions that contractors may have concerning the location of gas lines in their areas.

The safety record for natural gas is impressive, and peace of mind is an important part of what natural gas has

to offer. By following these simple rules, you can take even greater comfort in natural gas.

# Fisher, Hermes united in Nov. 7 ceremony

**MRS. RONNIE CLYDE FISHER**  
...nee Beverly Susan Hermes...

Mr. and Mrs. Ronnie Clyde Fisher have returned from a trip to Hawaii that followed their wedding on Saturday, Nov. 7, and are at home in Wichita Falls.

They were married in St. Peter's Church of Lindsay, with Father Cletus Post officiating at 5 p.m. in a Nuptial Mass with double ring ceremony.

The bride is the former Beverly Susan Hermes, daughter of Richard and Edna Hermes of Lindsay. The groom is the son of Clyde and Polly Fisher of Muenster.

Presented at the altar by her father, the bride was wearing a formal white satin wedding gown designed and made by the bride and her mother, with a sweetheart neckline and a deep V in back. The bodice was covered with embroidered Alencon lace, with sequins and seed pearls. Long sleeves were puffed at the shoulders, adorned with pearl clusters, and fitted to the wrists. The front of the skirt was beautifully appliqued at the instep, and was completely surrounded with matching scalloped lace. The cathedral length train was enhanced with tiers of satin ruffles and bows divided by lace medallion cutouts.

Her two-tiered bridal veil was attached to a wreath of silk flowers and pearls. It was made of illusion net with seed pearls in fingertip length.

She carried a bridal bouquet in a cascade of white silk roses, and tiny blue and pink flowers with a crystal rosary entwined.

### ATTENDANTS

The bride was attended by her sister, Gayle Hermes of Arlington, as maid of honor. Another sister, Shirley Krueger of Sanger, and the

groom's sister, Ginnie Fisher of Denton, and a friend, Anita Martin of Stephenville, were bridesmaids.

They were identically attired in tea-length midnight blue moire tafeta gowns with full gathered skirts, and three-quarter length sleeves, fitted bodices, with sweetheart necklines and V-back accented with a large bow. They carried pink silk bouquets.

Peyton Krueger, bride's niece of Sanger, was flower girl and Mitchell Herr, groom's nephew of Denton was ring bearer.

Steven Fisher of Muenster, a cousin of the groom, was best man; and Dannie Fisher of Wichita Falls and Chuckie Fisher of Muenster, both groom's brothers and Dale Hermes of Lindsay, bride's brother, were groomsmen.

Ushers were David Hermes and Leroy Hermes, both bride's brothers of Lindsay, and Dick Fisher of Denton, groom's brother, and Carl Sicking of Lindsay, a friend.

Mass servers were Leslie Cler, cousin, and Greg Arendt, a neighbor.

Adding sentiment and tradition to the wedding liturgy, the couple chose her godparents, Walter and Joann Hermes, and his godparents, Keith and Sharon Grill, to present Offertory gifts at the altar; and the bride's brother, Ronnie Hermes, as lector.

Vows were exchanged before an altar decorated with bouquets of white gladioli and blue roses and lighted candles.

Pat Hennigan, Jr., organist, and Roger Dieter, vocalist, presented wedding music, including "The Rose," "We've Only Just Begun," "Ice Castle," "One Hand, One

Heart," "Wedding Song" and "Hail Mary, Gentle Woman."

### RECEPTION

A formal reception, dinner and dance hosted by parents of the couple, followed in the Sacred Heart Community Center, for more than 300 guests.

The dinner was catered by the Hermes Sisters and guests danced to music by Mike Ott.

Kitie Hermes and Julie Fisher presided at the bride's book.

The bride's table was decorated with brass candelabra holding pink and blue tapers with silk flowers. Fresh ivy entwined with pink and blue silk flowers and lighted candles in hurricane globes decorated all tables.

The bride's three-tiered cake was placed on a lighted fountain, and two heart-shaped cakes were at each side. Ivy and silk flowers added decor.

Reception assistants and cake servers were Jennifer Lippe, Lisa Lippe, Sally Fisher and Julia Fleitman.

The bride is a graduate of Lindsay High School and Cooke County College. She is a teller em-

ployed by North Texas Bank and Trust. The groom is a graduate of Muenster Public High School and is a beer salesman employed by Wichita Beer Distributors, Inc.

The rehearsal dinner was hosted by parents of the couple at Billy and Mun-Cha's Restaurant in Lindsay on Friday, Nov. 6.

A miscellaneous shower was given by bridesmaids on Oct. 11; and a couple's shower on Oct. 24 by Larry and Kitie Hermes, David Hermes and Madge Klement; and a couples shower on Oct. 25 by sisters-in-law.

Among out-of-town guests at the wedding were the groom's grandmother, Mrs. Margaret Fisher of Muenster, and aunts, uncles and cousins, Jeanette Galloway of Wichita Falls; Max and Ruthie Rumelhart and daughters Annie and Bessie, and their friend, all of Buda; and Keith and Sharon Grill.

## St. Anne's Society plans for holidays

Members of St. Anne's Society, at their November meeting on the first Sunday of the month, planned participation in the parish Thanksgiving observance on Nov. 22, by volunteering their help in concession stands.

In other business conducted by Della Walterscheid, president, members planned ahead for the Dec. 6 meeting and decided to include a holiday party. Each member was urged to bring along a member or a prospective member.

In lieu of a gift exchange among

themselves, they decided to bring a gift for residents of St. Richard's Villa. Gifts suggested are toilet articles, skin care products, lotions, shampoos, shave creams, soaps, etc.

Bertha Knabe reviewed minutes of the previous meeting. Marie Henschel gave the financial report and read a poem, "Prayer of Thanks." She reported get-well cards sent to Adeline Livingston, Rosa Driever and Therese Miller. Margaret Kupper won the door prize.

## SHHS freshmen elect, begin fundraising project

The Freshman Class of Sacred Heart has elected officers for the 1987-88 school year. They are: Robin Greathouse, president; Kim

Cler, vice president; Jayna Hofbauer, secretary; and Kristen Klement, treasurer.

They will be holding their first fundraising event of the year, a stereo raffle, that features AM/FM stereo receiver with a built-in programmable clock timer, graphic equalizer, dual cassette decks, semi-automatic record player, tower speakers and a custom component rack.

The tickets will be sold at all home basketball games, and the students will be coming around door-to-door this weekend. The tickets are one for \$1.00 and six for \$5.00. The drawing is Dec. 22, 1987. Your support will be appreciated.

## Bezner relatives vacation in California for 12 days

Vacationing in California, spending extended time sightseeing and visiting relatives there, after flying together from DFW on Oct. 10 was a special treat for Joe and Anna Bezner and Dorothy Zimmerer of Lindsay; Isabel Galvan of Irving; and Hubert and Vicky Bezner of Sugarland.

Arriving in San Francisco, they were met by Bob and Albina Young of Dallas on Oct. 11, after they had attended an Air Force reunion in Sacramento.

They toured a wide area including the Golden Gate Bridge; Muir Woods; Fisherman's Wharf; Chinatown; Pier 39; Crooked Street; the Winchester Mystery House in San Jose; the Hurst Castle in San Simeon.

Then they drove down Hwy. 1 along the coast to Santa Barbara; then to Azusa, Calif. to visit their sister, Cecilia Corcoran.

Joining them there were Elsie and Benny Benenate of Dallas, who had driven to California two weeks earlier to visit Benny's brothers, Leo and Joe, and sister, Fran.

On Saturday, Oct. 17, they joined all of Cecilia's children, grandchildren and four great-

grandchildren and some friends at a party in the home of Tim and Kathy Gover in Glendora.

On Sunday the brothers, sisters and spouses were together for an early Christmas party with Cecilia as hostess.

The Youngs left Monday to visit former neighbors from Dallas, before returning home. The Benenates went to Santa Barbara for a niece's wedding on Oct. 24 and the others flew back on Oct. 21 after touring Universal Studios and Knott's Berry Farm.

## Reception to honor goldenweds

Al and Dorothy Yosten are approaching their 50th wedding anniversary. They will be honored with a reception in the Knights of Columbus Hall in Muenster on Sunday, Nov. 22, hosted by their children, Bobby Yosten and Judy Phillips. All relatives and friends are invited.

## Five visit kin in California

A six-day trip to San Francisco was unforgettable for Mmes. Ernie Hellman and Peggy Gobble of Muenster, and Doris Lee Hellman of Dallas, who met Mmes. Mary Nell Newman and Wanda Evans of Kansas City, Mo. to spend a vacation together as guests of Mrs. Newman's son, Duane Newman, of San Francisco.

Peggy, Doris Lee and Mary Nell are daughters of Ernie Hellman.

Duane Newman is manager of the Marriott Lounge at the Marriott Hotel. He planned the visit for them and was their host for four days, directing guided tours of many of the city's most famous places of interest.

As so many visitors do, they enjoyed riding cable cars; seeing the Golden Gate Bridge, where they were surprised to note a wedding ceremony being performed; they enjoyed eating in famous restaurants; toured in Chinatown; went through the winery used in filming Falcon Crest; and through a chocolate factory; and drove on the famous "crookedest" street in the world.

The group returned home on Oct. 26.

## News from the Library

The November and December packet of 30 video cassettes is at the Muenster Public Library for your enjoyment. The packet is an assortment of Walt Disney films, Sesame Street, films from the 30's and 50's as well as recent films, classics, films from the Learning Corporation of America, and from the American Short Story Collection. Loan periods vary for videos depending on the day of the week the video is checked out.

Nov. 16 through 21 is Children's Book Week. We continually add to our children's fiction and nonfiction collection. If you haven't visited the library lately, come and see for yourselves.

For adult readers, we have the latest fiction by some of the best known authors.

Library hours are Tuesday, 8:30-5:00; Wednesday, 2:30-5:30; and Thursday, 8:30-5:00.

**TRULY** a Photo From The Past is this family portrait of the late John Sr. and Catherine (Vogel) Yosten and their two daughters and seven sons. Seated in front row, l to r, are Robert Yosten; Matt Yosten; Barney Yosten; George Yosten; John Yosten, Jr.; Frank Yosten; and Nick Yosten. All were born in Nebraska, except John Sr. and his wife. He was born in Koblenz, Germany on March 7, 1844

and came to the United States with his brother, Bill, when both were grown. Catherine was born in Boston, Mass. on Aug. 28, 1847 and migrated to Pennsylvania with her folks soon after. They were married in Erie, Penn. Both John Sr. and Bill fought in the Civil War, on the Union side. John Sr. is the only Civil War veteran in Sacred Heart Cemetery. He died on Aug. 13, 1927 and Catherine died on Sept. 10, 1936 and she is also buried here in the parish cemetery.

## Hammond graduates at Tulane

Stephen Hammond, son of Chris and Lou Rena Hammond of New York City and grandson of Mrs. Regina Wolf of Muenster, is a graduate of Tulane University in New Orleans. During many vacations of his boyhood, he was a frequent visitor with his grandparents here, Regina and the late Lou Wolf.

Stephen's degree and field of study is in Modern European History. While a student, he was social chairman of Delta Kappa Epsilon Fraternity in 1986 and vice-

president of the fraternity in 1987. He was honored with a celebration brunch on Sunday, Nov. 1, at noon at Brennan's of New Orleans, with his parents as hosts.

Guests included his maternal grandmother, his aunt Charlotte Barron of Georgia, an uncle Mitchell Wolf of Houston, a cousin Britt Wolf, son of Roger Wolf of Florida.

Britt Wolf has just graduated from the University of Florida with a degree in Mechanical Engineering and is employed by Allied-Chemical in Baton Rouge.

Other guests at the graduation and celebration were Very Rev. Val A. McInnes O.P. Ph.D. of New Orleans; and friends from Beirut, Lebanon. Stephen Hammond was

born in Beirut, while the family resided in the city.

Mrs. Regina Wolf spent several days in New Orleans, visiting relatives and seeing special tourist attractions and "great places to eat."

## New Arrival

Cox

Tina and Cliff Cox of The Colony announce the birth of their second daughter, Angela Danielle, on Oct. 27, 1987, weighing 7 lb. 4 oz. and measuring 21 inches long, in Lewisville Hospital. She has a sister, Katie, age 2½. Their grandparents are Mrs. Ethel Hesse of Muenster and Mr. and Mrs. Edwin Cox of Callisburg. Mrs. Gertrude Bayer is the great-grandmother.

## Cub Scout News

by Eric Miller, grade 3  
Notes for Den 4, Pack 664

The den meeting was held Oct. 21, 1987.

We made Smokey the Bear tie slides.

We played fire brigade game. It's like a relay race played with buckets of water.

We discussed leadership questions on Achievement 24, step three.

We talked about pushmobile that took place this weekend.

We enjoyed refreshments of Zingers, apples and Hi-C drinks, provided by Ryan Klement.

Royce received his fourth red bead, and Paul received his second and third red beads for recognition patch.

The dinner this week was Jamie and assistant denner is Royce. They helped with cleanup and served the snacks.

We discussed the Goodwill Bags that were collected this last weekend.

as the student's difficulties are solved, they are scheduled for enrichment activities.

This arrangement allows teachers to assist students quickly and efficiently, making sure students do not fall behind in their school work.

Advancement was held for Paul Swirczynski who received his fourth red bead and is now ready to receive his Bear rank and Eric Miller who received his second red bead.

## Muenster ISD provides tutorials

by Gwen Trubenbach  
Muenster ISD provides tutorials for students experiencing difficulty succeeding in the regular classroom. A cumulative of 90 minutes weekly is devoted to students needing extra help in Kindergarten through grade 4.

Tutorials are taught by the child's own teacher during the regular school day. The sessions do not occur during the required number of minutes of weekly instruction because students who do not need tutorials participate in a wide variety of enrichment activities. Students are not "locked in" the tutorial program. As soon

## Den 4 Cubs work on communication

Cubs of Den 4 held their first den meeting of November on the 2nd, after school. They started their den meeting by excitedly retelling the fun they had at the Pushmobile Derby races to Michael and James as they were unable to attend. They then officially opened their meeting with the Pledge of Allegiance to the Flag and the Cub Scout Promise.

A new denner and assistant were elected for November with Jeff Felderhoff elected denner and Paul Swirczynski elected assistant denner.

Theme for November is communications. In working with this theme, the boys tried an experiment by using a fork and feeling the vibrations passed

through the handle when the tines are hit on something solid.

They explored a different use of a computer than they are used to seeing when they each were able to run a proposal for themselves for insurance, and how, by pushing the correct buttons, they were able to communicate with the computer.

They used another form of communication while playing a game of charades in which they had to act out doing something and not tell what it was until guessed.

They then explored the state of Texas by taking imaginary trips to Houston, Galveston, Corpus Christi, Dallas and Fort Worth. They discovered the four different states that touch the borders of Texas - Oklahoma, Louisiana, New Mexico and Arkansas. They also figured out that they are in the central time zone and are supposed to find out how far they live from the capital of Texas.

Goodwill patches were given out for their recent Goodwill collection. Reminders of the Turkey Shoot this Sunday were also given.

Cody Trubenbach, Michael Hacker, Darren Bindel; back row - Head Coach Bill Jump, Brad Richey, Tony Perryman, Ryan Sicking, Sam Walterscheid, Chris Kubis, Mike Vogel and Assistant Coach Bob Gross. Not pictured was Assistant Coach Ted Heers, Jr.

# Little Red wins district title!

For the second consecutive year, the Muenster Hornet junior high football team finished 5-0 in district play and captured the crown. Last Thursday night they thrashed the Collinsville Pirates 39-14 to remain unblemished. They finished the year 7-1, the third consecutive year to post that record in junior high. The lone defeat came against the Nocona 8th grade in the first game of the year, 14-0.

Mike Vogel, Ryan Sicking, Chris Kubis, Mike Gobble, Sam Walterscheid, Tony Perryman and Doug Hennigan all scored for the Hornets, with Hennigan adding the extra points. Collinsville scored 14 points in the third period to pull within 31-14.

both championship teams were Chris Kubis, Ryan Sicking, Mike Gobble, Tony Perryman, Jason Biffle, Rex Huchton, Doug Hennigan, Sam Walterscheid, Justin Ramsey and Mike Vogel. Seventh graders were Kenneth Walterscheid, Brian Knabe, Chad Cheaney, Darren Bindel, Brad Richey, Justin Hartman, Cody Trubenbach, Jeremy Jones, Harvey Hubbard and Michael Hacker. John Moster was unable to finish the season.

## KC Oilers win big 50-0

Eighth graders who played for

Football season for the junior league of Cooke County ended on a high note for Muenster's efforts this past weekend.

The Muenster KC Oilers ended the season on Saturday with a big win over Martindale Feed Mill of Valley View, and the same evening Amy Otto, representing the Muenster team, as crowned Queen of the Gainesville Boys and Girls Club.

The score of the football game was Muenster KC Oilers 50, Valley View 0. Rodney Vogel scored 26 points in the first half; Cory Cain scored 6 and Jimmy Hacker 2 for a 34-point halftime lead.

The second half opened with A.J. Knabe scoring a touchdown and Ryan Haverkamp adding two points. Ryan Haverkamp scored the final touchdown with A.J. Knabe adding two points.

The offensive line was cited for good blocking by Chris Pagel, Charlie Johnson, Trent Trubenbach, Cody Price, Jason Hess, Charlie Luttmier and Brandon Walterscheid.

Defense was led by Coy Fisher, Willie Hess, Jason Huchton, Rodney Vogel and Brandon Walterscheid.

## Muenster's season ended

For the first time in their school's history, the Collinsville Pirate football team will be making a trip to the state playoffs. On the strength of their 17-14 win over the Muenster Hornets, the Pirates averted a coin toss, raised their zone record to 3-1, and will meet Gunter at Pilot Point Saturday night at 7:30 p.m.

Muenster head football coach Bill Jump saw his first Hornet team finish 2-7 and 1-3 for the year. He was down but not out after the game.

"We'll be back," he said after the tough last minute Hornet heroics fell short. "This season was a great learning tool for a lot of inexperienced varsity athletes. I'm going to miss our three seniors, they played hard. But we're going

to see which boys are willing to work during the next nine months, forced the Pirate punter to run. Three incompletions later, Klement found Brian Hess over the middle for 10 yards, but a measurement left Muenster a half-yard short and looking toward 1988.

Collinsville's Tad Denton kicked 3 field goals, 2 extra points and scored another touchdown on a reversed punt return. Pirate Michael McKnight added the other score on a 2-yard run.

James Hennigan paced Muenster with 98 yards on 18 carries. He scored the Hornets' first touchdown on an 11-yard run, and added the 2-point conversion. Klement then brought Muenster within striking distance when he hit J. Shane Wimmer in the end zone for

the second score. A bobbled snap thwarted the extra point attempt.

This season marked the end of the current schedule. Coupled with district re-alignment, which will be announced in February, the Hornets could be faced with several new opponents and possibly renew some old ones. Jump relishes making his own schedule.

"This was a tough year to play five consecutive AA schools. We were unfortunate to have very few injuries. It's hard to predict re-alignment, but we hope to get some Class A schools for pre-season contests."

Muenster defeated Nocona 21-6 and Prosper 50-6 for their two victories this season. Next fall they will line up with nine starters back on offense and eight starters back on defense. Coach Jump will be in his second year and the Red Machine may get back on the track and rolling once again.

GANG TACKLING by Muenster's Travis Klement (75), Stuart Hess (72), Bobby Thornhill (88) and Donnie Boydston (30). Dave Fette Photo

I'm looking forward to next year already."

Muenster junior Chris Klement came in late in the third quarter and rallied the Hornets from a 17-0 deficit to a 17-14 margin. With 2:56 left, the Hornets got the ball on the Pirate 28-yard line after a bad snap

Seniors Brian Hess, Stuart Hess and Billy Youngblood played their final varsity contests for the Hornets. Pre-game activities were highlighted with the seniors being introduced with their parents to conclude the annual Parents' Night.

J. SHANE WIMMER receives a touchdown pass in the end zone, bringing the Hornets to only 3 points behind Collinsville and the Hornet comeback attempt. Dave Fette Photo

## Muenster basketball season opens at Savoy

The 1987-88 Muenster High School varsity basketball teams will travel to Savoy Friday night to battle the traditionally tough Cardinals. The Hornets will tip-off at 6 p.m., followed by the boys' game at 7:30 p.m. Due to football playoffs, the scheduled game with Gunter was changed. The Gunter girls will be in Muenster Tuesday night for a junior varsity contest at 5:30 p.m., followed by a varsity contest at 7 p.m. A boys' opponent has yet to be named.

Both the Hornets and Hornetses are out to defend their district titles from last season and avenge first round playoff losses to the Ponder Lions. Senior Staci Walterscheid has paced the Hornetses offensive attack in two preseason scrimmages, a 49-36 win over Gainesville, and a 48-18 triple-overtime stalemate with Archer City. Walterscheid had 19 and 23 points, followed by Melody Klement with 12 against the Leopards and Dana Wimmer with 10 against the Wildcats. Muenster Coach Ted Heers has seen good and bad in the scrimmages.

"Our shooting percentage and turnover ratios have not been any better than last season," Heers noted. "We are getting improvement in our man defensive play, and the effect has been great, but the ball just needs to start dropping in the hole. We'll need a consistent game to beat Savoy." Savoy's girls' squad has been tab-

bed to win their district crown, which includes the Roxton Lions, the team which ousted Ponder last season.

The Hornets will be lead by four seniors. Returning starters Brian Hess and Kevin Anderle will captain the team, Dale Reiter and Alan Hudspeth will provide capable support Junior J. Shane Wimmer returns along with projected starter Mike Pagel to give Muenster guard and forward play. Other juniors are Keith Klement, Chris Klement, and Weldon Hermes. Sophomores James Hennigan, Joe Paul Walterscheid, and freshmen Troy Pagel and Brad McDaniel may also contend for some varsity action. Coach Heers and the players both know they are in a different seat this year.

"We are the ones people are gunning for now. It's nice to be respected, but the monkey is on our back to be up one game at a time and perform. It's going to be exciting."

The Dallas Morning News basketball preview tabbed Muenster as one of the strong Class A teams in the area. Last year, the News tabbed Ponder, a 74-69 bi-district winner over Muenster, as the racehorse. Ponder then lost to Roxton 57-50. Heers said that Roxton must not be in the News circulation because they have everyone back and are ranked 12th in the current TABC poll.

"Every Sunday we speak of

faith, hope, love and we just want to carry these over and enjoy ourselves," Heers said. "The intangibles such as injuries, grades, desire cannot be predicted or measured. If we win, we'll celebrate, and if things don't work out the way we hope, we'll celebrate anyway. Because we're going to have fun playing." Tip-off is at 6 p.m. Friday night in Savoy.

## Lindsay slams door on Eagles

by Gene Hermes

Lindsay scored nine times while holding the Eagles scoreless, the fourth district team the Knights shut out.

The first TD of the game came from Chris Sanders, a 5'11", 136-lb. freshman, on a 10-yard run. He led the Knights with 103 yards rushing.

Tejay Fleitman set the Knights up for their second TD when he recovered a fumble on the 24-yard line. Three plays later, sophomore QB Lance Sandmann scored on a 6-yard run.

Still in the first period, Corey Sandmann scored on the 1-yard line. With Leo Sandmann's extra point, the Knights led 19-0 at the end of the first period.

Going into the second quarter, the Knights scored twice. This time, in the air. The first was a 33-yard pass from Lance Sandmann to Regi Klement. The second was from Rick Sandmann to Ralph Klement on a 23-yard pass, ending the first half 31-0.

Starting the second half the Knights received the kickoff. It took seven plays before Craig Neu crossed the line on a 2-yard run. The seventh TD of the game came from the defense. The Eagles were forced to punt, and an over snapped ball was recovered in the end zone by Regi Klement, making the score 43-0 at the end of the third period.

The Eagles, still trying to get

**SOPHOMORE** quarterback Lance Sandmann picked up 42 yards in the Knights' victory over Prosper.

Gene Hermes Photo

something moving, went to the air, only to have Phil Metzler intercept and set the Knights up for another TD. This time it was an 8-yard run by Lance Sandmann. The final TD was made by Ian Woelfel on a 1-yard run. This TD was set up when

Chad Sandmann recovered a fumble on the 17-yard line.

Joel Metzler and Greg Zimmerer led the defense with seven tackles, followed by John Fangman with 6 and 5 for Rudy Hess.

The leading rushers were Chris Sanders, 103 yards on 14 carries; and Lance Sandmann 42 yards on 9 carries.

**FRESHMAN CHRIS SANDERS** picks up more yards behind the blocking of teammates. Sanders was the Knights' leading rusher against Prosper with 103 yards.

The Knights play the Celeste Blue Devils, District 9-A East Zone runner-up, at Gainesville Leeper

Stadium Friday, Nov. 13, at 7:30 p.m.

The last time these two teams met, Lindsay came out on top 33-0. Coach Grady Roller said, "It may be the same school, but it is a different team. They have a lot of speed and a good size line to block for them. They have a QB that can pass, so we will have to play some

## Tigerettes to open season Saturday

The Sacred Heart Tigerettes will open their 1987-88 season Saturday at the Tiger Den. The Tigerettes will host Byers, a team that is rated in the top ten in many pre-season polls. Game time is scheduled for 7 p.m.

Only the varsity girls will be played. Season duets will be available at the door. Two for \$25.00, one for \$15.00 and a student for \$10.00. Doors will open at 6:15 p.m.

## Winners in Week 3

Sweepstakes winners for Week 3, sponsored by Sacred Heart Alumni Association, are as follows:

1st, Harvey Lampkin, \$200; 2nd (tie) Tom Godfrey, \$25.00; 2nd (tie), Billy Rainey, \$25; 3rd, Janet Voth, \$40; 4th (tie) LeAnn Mollenkopf, \$15; 4th (tie) Farrel Fenne, \$15; 5th (tie) Leoba Mollenkopf, \$10; 5th (tie) Sam Endres, \$10; Lowest 1st, Don Eckart, \$40; lowest 2nd, Janet Fisher, \$20.

### Football contest...

## Full of surprises

The eighth week of the Enterprise football contest gave several surprise upsets in local, college and professional games.

Craig Stoffels and Janet Pagel picked 18 correct out of 24 games. Stoffels won on his 7-14 tiebreaker score, only 10 points off. Janet finished second with an 11-point difference.

Going for the grand prize, the Stoffels brothers, Craig and Chris, once again are tied with a percentage of 73.33. Mickey Haverkamp, last week's leader, drops to third place, with 73.05 percent correct. Also in the running are Mark Klement, Curtis Pagel, Benny Haverkamp, Mark Grewing and Janet Pagel.

The football contest will con-

tinue as long as Sacred Heart remains in the playoffs.

All entrants correctly picked the winners of the Lindsay-Prosper, Sacred Heart-Lexington, Gunter-Savoy, Gainesville-Northwest, Air Force-Army, Penn St.-Maryland and Nebraska-Iowa State games.

Jannette Hess was the only person to correctly pick Detroit over Dallas; and Janet Pagel was the only entrant to choose Houston over Texas, as well as Philadelphia over Washington. Three predicted Muenster's loss to Collinsville.

Everyone was wrong in the Princeton 35-0 win over Whitesboro.

Winners picked up their cash prizes at Dennis & Muller Accounting office, the tiebreaker sponsor for last week.

## Sign offer announced by Game Thief officials

Landowners and other interested persons can now obtain an "Operation Game Thief - No Trespassing" sign for each minimum \$10 donation, to the Operation Game Thief (OGT) fund.

OGT is a program for reporting suspected game law violations through a toll-free number, 1-800-792-GAME. Any caller whose tip leads to conviction of a game law violator is eligible to receive a reward funded through donations from individuals and organizations.

The 12-inch by 18-inch all-weather aluminum signs may be

obtained in several ways. A check or money order can be sent to OGT, Texas Parks and Wildlife Department, 4200 Smith School Road, Austin, TX 78744. Also, a limited supply of the signs will be maintained at TPWD law enforcement offices across the state.

Capt. Stanley Brooks, OGT coordinator, said the signs identify the landowner as an OGT contributor. "In addition to supporting a successful and worthwhile program, an added bonus is that all contributions to the OGT fund are tax-deductible," said Brooks.

For further information, call toll-free 1-800-792-1112.

**1987 SACRED HEART** Junior High Cubs are, 1 to r, front - Neil Berres, mgr.; Jeff Sicking, Barry Hess, Warren Becker, Tommy Greathouse, Darren Klement, Martin McCoy, Leroy Switzer, Jordan Bayer and Jason Hess, mgr.; back - Stevan Nasche, Greg Hess, Gary Hess, Helmuth Koelzer, Steven Fisher, Kelly Bell, Jason Frost, Scott Hennigan and Bill Parks; Coaches Jon LeBrasseur and Danny Walterscheid.

# FARM AND RANCH NEWS

## System reorganized

Legislation designed to assist the troubled Farm Credit System (FCS) was approved by the House of Representatives on Tuesday, Oct. 6.

By a vote of 365-49, the House approved a compromise package that was written by the House Agriculture Committee. One of the main components of the bill was a proposal authored by Congressman Charles W. Stenholm which initiated major changes to the FCS' 70-year-old structure. Although considered controversial, Stenholm presented his

legislation to the floor, where he successfully lobbied for its adoption by a vote of 322-94. Under the Stenholm provision, the FCS will be reorganized. The 24 Federal Land Banks and Federal Intermediate Credit Banks would be dissolved and the assets and liabilities transferred to local PCAs and FLBAs. These associations would then create six Farm Credit Systems Service Banks which would be jointly and severally liable for bonds sold by FCS. Criteria for the relationship between the associations and the service banks would be established by a committee with representation from all associations in the given region.

"I feel confident that the bill passed by the House will provide PCAs and FLBAs with the needed authorities to efficiently operate their associations and that the Service Banks will have the needed tools to access capital markets providing farmers with the lowest possible interest rates," said Congressman Stenholm. "Local control has been a key in our goal to save the system without more government intervention at the local level."

Other provisions of H.R. 3030 included: the restructuring of farmer/borrower loans; five-year guarantees on farmer/borrower stock; establishment of a secondary market for farm real estate mortgages; providing for the sale of Farmers Home Administration assets totalling \$2.5 billion in order to assist failing PCA and FLBA; and the establishment of an FDIC-type insurance corporation to help troubled associations. The house version now awaits action by the Senate Agriculture Committee.

## Farmers income tax meeting set for Nov. 18

The Tax Reform Act of 1986 is revenue neutral - that is, it is not expected to bring in more or less tax money in total. But, it shifts the distribution of the tax burden. Over the next five years, individuals are expected to pay \$120 billion less in taxes, while corporations pay \$120 billion more.

however, the most important effects of the new law are those on aggregate agricultural investment, rather than the impact on individual tax liability. The current tax system has encouraged the growth of existing farm businesses and attracted tax-motivated investments in farming.

This has distorted relative input and commodity prices and has given an advantage to those able to benefit the most from the tax breaks.

Under the Tax Reform Act, reduced marginal tax rates and the elimination of some tax preference items will cause income earned within and outside of farming to be treated more equally. As a result, future decisions to invest in agriculture will be based more on economic returns and less on tax benefits.

Dr. Kenneth W. Stokes, Economist with the Texas Agricultural Extension Service, will discuss changes in the tax laws and the impact on agricultural firms at a meeting to be held Wednesday, Nov. 18, at 7 p.m., at the Cooke County Fairgrounds.

## USDA publishes final of 1985 Farm Bill

Final rules clarifying the requirements of the conservation provisions of the Food Security Act of 1985 have been issued by the U.S. Department of Agriculture.

Under the conservation provisions of the act, farmers can retain eligibility for USDA program benefits by installing a conservation plan on highly erodible cropland and by not converting wetlands.

The rules, which were to be published in the Federal Register Sept. 16, clarify definitions of highly erodible land, wetland and converted wetland.

They also say that although

plowing alfalfa, legumes or other grasses in a crop rotation is considered sodbusting, the rotation may be an acceptable conservation system.

However, farmers need to have the rotation approved by the local conservation district before plowing.

Certain crop acreage bases may now be exchanged for high residue crops if called for in an approved soil conservation plan.

Still out for public comment is a rule dealing with what is considered an acceptable level of soil erosion reduction. This issue was addressed in an amendment to the interim rule on June 27, 1987, and will be resolved this fall.

To remain eligible for USDA program benefits, farmers must have a conservation plan for highly erodible cropland by Jan. 1, 1990. It must be fully implemented by Jan. 1, 1995.

"We will do our best to help farmers and ranchers develop conservation plans and systems that are realistic and practical," SCS Chief Wilson Sealing said. "The sooner they ask for help, the sooner we'll be able to assure that they will remain eligible for program benefits."

## Market Report

Bill Hamer

The sale tally for the past week at the Muenster Livestock Auction was 872 cattle and 25 hogs. Stocker and feeder calves and yearlings were \$2.00 to \$4.00 higher; cows and bulls were \$.50 to \$1.00 lower; hogs remained steady.

**HOGS**  
Good to Choice.....220-260 lbs.  
Good Butchers.....125-180 lbs.

**COWS**  
Good to Choice.....\$42 to \$45  
Medium to Good.....\$38 to \$42  
Canners to Cutters.....\$37 to \$40  
Hard Kinds.....\$25 to \$35  
Stocker Cows.....\$40 to \$48  
Cow w/ Calf @ Side.....\$50 to \$675

**STOCKER CALVES**  
Steer Calves.....\$75 to \$105  
Steer Yearlings.....\$67 to \$83  
Heifer Calves.....\$62 to \$90  
Heifer Yearlings.....\$58 to \$72  
Heifer.....2 yrs. \$52 to \$63

**BULLS**  
Good to Choice.....\$53 to \$55  
Medium to Good.....\$50 to \$53

## County Agent's Report

by Craig Rosenbaum

The following information comes from various economists with the Texas Agricultural Extension Service concerning marketing and policy information.

### Bits and Pieces of the 1988 Farm Program

Concern over the Gramm-Rudman reductions is the reason USDA gives for not announcing all program provisions for 1988. The sign-up period for wheat was postponed and we may not know any more on the farm program until Congress and the Administration agree on a tax/spending plan which will meet the Gramm-Rudman targets. The basic target prices, loan rates, and set-aside requirements have been announced for all commodities except rice. The rice program announcement is not required until Jan. 31, 1988, but there will be considerable pressure to announce earlier. Farm program decision aids will be forthcoming in "Food and Fiber Economics" when more details are known. (Edward Smith)

### Meat Import Quotas

The U.S. Secretary of Agriculture estimated that meat imports regulated by the U.S. Meat Import Act of 1979 would reach trigger levels before year end. To avoid imposing the quotas, Austria and New Zealand agreed to voluntary restraints of reducing their imports by 5 and 3 million pounds, respectively, for the remainder of the year. (Ernest Davis)

### Beef Referendum

The Mandatory Beef Checkoff Program must conduct a producer referendum by May 18, 1988, to determine if the program will continue beyond the 22 months allowed in the mandatory program. Referendum registration and voting will be on the same day.

Voting will be at the County Extension Service office with the county ASCS office tabulating the votes. It is expected that there will be allowances made for absentee voting. (Ernest Davis)

### Beef Grade Name Change

USDA has announced that effective Nov. 23, the name of the USDA Good grade will be changed to "USDA Select." The change was requested by Public Voice for Food and Health Policy, a consumer group, and supported by cattlemen. (Ernest Davis)

### IRS Revokes Previous Ruling on PIK Certificates

The Internal Revenue Service recently revoked a ruling it issued last spring concerning the taxation of proceeds from a "PIK and ROLL" transaction. That earlier ruling affected those producers who had elected to treat CCC loan proceeds as a loan, and as income only at the time the commodity was actually forfeited or sold. The ruling held that the "PIK and ROLL" transaction was, in effect, a sale of the commodity to the CCC, and that the loan value was taxable income at the time of that transaction.

The recent ruling (Revenue Ruling 87-103), however, allows this producer to continue to claim taxable income at the time of actual commodity sale or forfeiture to CCC. He does, however, have current taxable income equal to the difference between the commodity loan rate and his basis in the PIK certificate. In effect, this producer continues to create taxable income as he has in previous years, with the exception that he must claim any gain on the "PIK and ROLL" transaction when it occurs. (Lawrence Lippke)

## Lindsay Jr. 4-H Club plans for two shows

The Lindsay Jr. 4-H Club held a business meeting on Oct. 19 with 20 members present and six adult leaders assisting.

Allison Walterscheid, president, conducted the meeting. George Lutkenhaus led the inspiration. Members discussed rules for participating in the County Livestock

Show; and then made plans for entering the Food and Nutrition Show.

Three new members joined. Games and activities were led by Andrea Gieb and Elizabeth Cler. The meeting was reported by Christy Zimmerer.

## Texas could increase grain trade by deepening Houston Ship Channel

COLLEGE STATION — Digging deeper ports at Houston and Galveston by a few feet could dramatically increase the amount of grain traveling from the Midwest to Texas for export, according to a study by a Texas A&M University agricultural economist.

"Deepening upper Texas ports would attract larger vessels and, due to economies of ship size, rates on selected routes would fall," says Dr. Stephen Fuller, who used a computer model to explain how the shifts in the flow of grain would occur.

"Deepening the channel from 40 to 45 feet as proposed by the Army Corps of Engineers increases export volume from 646 million to 933 million bushels, or 44 percent," said Fuller, adding that a 50-foot deeper port increases the volume to 1,163 million bushels.

The change in the grain flow pattern would generally be the result of re-routed corn exports, Fuller explained.

Using the model, when the channel is deepened to 50 feet, additional corn comes to Texas ports from western and central Iowa, but also from southeastern Nebraska.

## FARM FACTS

THE TOOLS OF THE FARMING TRADE CAN GO A LONG WAY TOWARD HELPING TO CURB TOPSOIL EROSION.

MANY MODERN RELIABLE AMERICAN FARMERS ARE DISCARDING THE PLOW IN FAVOR OF DISKS AND OTHER NEW TILLAGE EQUIPMENT.

FOR MANY FARMERS THE MODERN DISK GETS THE SAME GOOD RESULTS AS A PLOW, BUT CUTS LESS DEEPLY AND MORE UNIFORMLY AS A RESULT THE TOPSOIL IS LESS DISTURBED AND THERE'S LESS CHANCE OF DROUGHT AND RUNOFF.

FARMERS DEPEND ON THE SOIL FOR THEIR LIVELIHOODS AND THEY KNOW THAT PRECIOUS NATURAL RESOURCES MUST BE CARED FOR.

THE RELIABLE AMERICAN FARMER... USING CONTOUR DISKING AND OTHER METHODS... IS CONSERVING THE SOIL ON HIS OWN... HE'S AMERICA'S #1 ECOLOGIST!

## Baptisms

### Gibson

Tyler Michael Gibson, son of Tim and Lynn Gibson of Keller, was baptized at the parish of St. Elizabeth Ann Seton in Keller at the 10:30 Mass Sunday, Nov. 8, with Father Gerard Scholl officiating.

Tyler wore a christening gown which was handmade by his maternal grandmother, Mrs. Polly Reiter. The gown has been worn by many members of the family, including the grandchildren.

Godparents were Don and Kim Wiese of Gainesville.

After Mass, a christening dinner was held in Tyler's honor in the home of his parents. A special cross cake served as centerpiece. The cake was baked and decorated by Bob and Linda Sepanski of Grand Prairie.

Guests were paternal grandparents, Bill and Shirley Gibson, and great-grandmother, Argyll Gibson, all of Houston; maternal grandparents, Wilfred and Polly Reiter of Muenster; godparents Don and Kim Wiese and sons Bryan, David and Stephen of Gainesville; Lloyd and Mary Reiter and Travis, all of Gainesville; Sister Patrice Sullivan of Fort Worth; Bob and Linda Sepanski, Sara and Kate of Grand Prairie; and Roger Reiter of Muenster.

### Geiser

Adam Charles Geiser, son of Candy and Bob Geiser of Irving, was baptized Sunday, Nov. 8, at 2 p.m. in the Holy Family Church in Irving with Father Rev. Jerry Deusman officiating.

Molly and Louis Gieb of Lindsay served as Adam's godparents.

Adam wore the traditional baptism gown, which was made by the maternal grandmother, Mrs. Andy Wimmer, and which has been worn by all the Andy Wimmer family.

After the Mass, a lunch, featuring pickup foods, as hosted by Candy and Bob Geiser in their home.

Guests attending, in addition to his parents, were Adam's brother, Eric, and sister, Sarah; grandparents, Mr. and Mrs. Andy Wimmer of Muenster and Mr. and Mrs. Charles Geiser of Dallas; godparents Molly and Louis Gieb and daughters Andrea, Stacie and Julie of Lindsay; Tommy Geiser of Aledo; Kevin Murray and son Ryan of Dallas; David Wimmer of Fort Worth; and Jim and Janel Horton of Irving.

## Decorate your own sweat shirt

by Evelyn Yeatts,  
**County Extension Agent**  
 Decorated sweat shirts or T-shirts are definitely "in" as far as popularity is concerned. Sweat shirts are being worn by all ages from the littlest girl to grandmothers. They are being decorated in many different ways.

A special program on how to decorate or trim your own shirt will be given on Monday, Nov. 16, at 1:30 p.m. The program will be in the Texas Utilities Electric (formerly TP&L) Meeting Room in Gainesville. A repeat of the same program will be given at 7 p.m., also in Texas Utilities Electric Meeting Room. The program will be given by Mrs. Evelyn Yeatts, County Extension Agent. Call the County Extension Office at 668-5412 to pre-register.

Decorating sweat shirts is limited only by your lack of imagination. A variety of methods will be shown at the programs. Some of these will include the use of buttons and bows, applique techniques, paints, conchos, rhinestones, nailheads and a combination of these materials.

Money can be saved by decorating your own shirt. You can also create that special one exactly like you want and have that feeling of accomplishment. Since you can buy a plain ready-to-wear sweat shirt and then decorate it, you need not have sewing skills for several of the ideas shown.

Participants are invited to bring a decorated sweat shirt to the meeting to share with others attending. This is not a requirement, however. Bring one only if you want to share an idea.

This Sweat Shirt Decorating Program, like all educational programs of the Texas Agricultural Extension Service, is open to people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.

## Genetics exhibit to open at museum

An exhibition about one of the most important and controversial technologies of the twentieth century opened at the Fort Worth Museum of Science and History Friday, Oct. 2. "The Splice of Life: Genetic Engineering" will offer visitors a "hands-on" opportunity to learn the basic concepts of genetics as well as to explore the advanced technology of recombinant DNA, or genetic engineering.

In addition to learning how characteristics are biologically transmitted from generation to generation through hereditary matter, and how this information is coded in genes of DNA, visitors will discover how genes can be manipulated using recombinant DNA technology, and explore the potential applications of genetic engineering technology in medicine, agriculture and industry.

The Fort Worth venue of "The Splice of Life" is made possible by a grant from the Leo Potshman Foundation. The exhibition, which was produced by the Science Museums of Charlotte, Inc., will be on display in the Museum's East Gallery through Jan. 3, 1988, and a number of special programs, including a symposium and lecture series, are planned.

The Museum is open Monday through Thursday 9-5, Friday and Saturday 9-8:30, and Sunday 12-5. Admission is free of charge. For further information about programs, contact the Education Department at (817) 732-1631 or Metro 654-1356.

## More writing...

**Hello Folks!**  
 We have started a new chart for just the Muenster library books. We started another new chart called "Radical Readers" for any book.

The Blue Ribbon student this week is Melissa Biffle. She is a fourth grader.

The third grade is studying plants in Science. Some students glued leaves to a piece of paper and labeled them.

The fourth grade has been studying Monarch butterflies. Mr. Dyer caught one. We looked at it and it was a male. He read us a book about butterflies.

We'll see you next time.
