

According to Morton Smith in Town Topics of the Gainesville Register, several motorists have complained lately about tire hazards in the form of protruding nails on the bridges spanning Pecan creek within the city limits of Gainesville. The nails have worked loose so that the heads now stand as high as an inch or two above the surface. No doubt about it, nails like that, even the seemingly blunt heads of nails, can wreck a tire.

Behind every report was accompanied by the suggestion that something ought to be done about it. Which goes to show that Gainesville citizens are not only public spirited but are keeping up with the times. They're right there to let people know when something goes wrong or when a civic improvement can be made.

All that remains to be done now is get word to the city council, which most likely will consider the problem in its next meeting. If the council is old fashioned it may tell somebody to drive down the nails. But if it's really on the beam it will send out a formal request for bids to recognized bridge repair companies. Then in a few weeks it can call a special meeting to determine who gets the job. After that the council's worries are all over. The job has become the contractor's headache. It's up to him to see that every nail is hammered down within the specified time, which probably will not exceed six months.

That's system for you. Modern efficiency with a capital E. We go through the proper channels and we get specialists to do specific jobs. Which is as it should be. Who besides a recognized, dependable bridge repair company can be expected to do a good job of hammering down loose nails in a bridge?

Furthermore, those bridge repair men are entitled to the business. They're paying their union dues for the assurance that they will get jobs like that and the wages they want. So, anyone else who lays a hand on the work, especially if he does it for less than \$1.50 an hour, automatically becomes a low-down chiseling scab.

Here's a swell chance for the people of Gainesville to find out whether their city is keeping pace with modern trends. If it is on the ball it will do this thing properly. If not, it will forever brand the fair city as being only a hick town.

Meanwhile the council had better keep an eye on the bridges. Otherwise some rube thirty years behind the times may, without contract or anything, take it upon himself to drive down the nails, — and mortify the whole city.

That's how people used to be before this age of efficiency, you know. They found trash on a sidewalk, rocks on a road, or nails sticking up on a bridge, and fixed it. And forgot about it, never realizing that they should leave the job for someone else, or that somebody somewhere should make reports and write letters about it. Neither did they appreciate that such jobs present wonderful opportunity for people to get back a part of the money they are paying out in taxes.

Yes, the city had better keep a close watch. Because there's also a chance that somebody will get the idea he can drive down those nails in less time than it takes to fix a flat. Such a guy might take matters into his own hands regardless of the consequences.

Another short chapter in the story we've been hearing about the diabolical pre-war scheme of the Japanese to wreck its intended enemies with dope. This comes from one of the men who has matched wits with the little yellow devils and now enjoys the satisfaction of having helped break up their game.

As interesting as the story is the man who took a part in it. He's a quiet, unassuming GI who first impresses you as being content to just let the world go by. But as you become better acquainted you gradually learn that the shy exterior covers a multitude of talents. He's a linguist, philosopher, mathematician. Capable, industrious, and darn likeable to boot. Had he been in the service as long as some soldiers, he'd probably be wearing eagles or stars today instead of stripes. Just the kind of man who would be willing to slave for months under miserable conditions, patiently picking up clues for a big haul.

MUENSTER, TEXAS, COOKE COUNTY, FRIDAY, SEPTEMBER 10, 1943

NUMBER 42

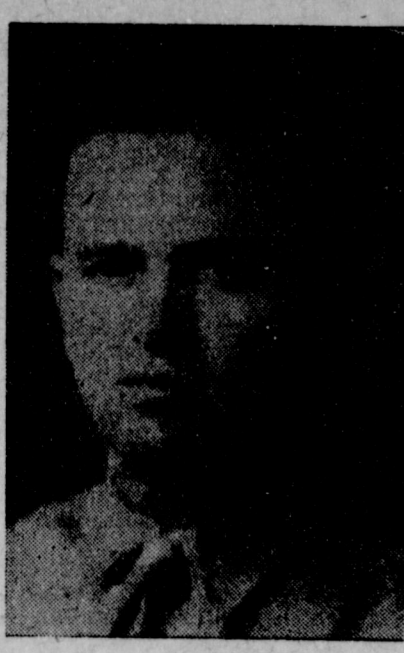

## Third Bond Drive Gets Good Start Here First Day

The Third War Loan drive, in which the goal is 15 billion dollars, got underway Thursday, September 9, and according to J.M. Weinzapfel, local chairman, Muenster citizens purchased a gratifying amount of bonds on the first day. Mayor Weinzapfel, who successfully led this community through the bond drive last April, when the \$60,000 quota was topped by more than \$3,000, was again named chairman of the drive for this sector by County chairman Felix McCurdy.

Muenster's quota for the Third War Loan Drive is \$90,000 out of the county's prorated quota of \$1,378,000. Chairman Weinzapfel disclosed Tuesday that he plans to have no special soliciting committee this time, as he believes that voluntary purchases will make up Muenster's quota. If, however, the first two weeks' response is not as good as estimated, a committee to solicit purchases will take the field.

Both the Muenster State Bank and the Postoffice experienced a nice rush of bond sales Thursday. Weinzapfel said, and with the continuance of such spirit this community can reach its quota in the four weeks' drive.

## IN AUSTRALIA

—Pvt. Walter Becker, son of Mr. and Mrs. Felix Becker, advises in a letter home this week that he has arrived safely in Australia. He entered the service in February 1942, trained with an infantry division at Camp Wolters and was called overseas in May of the same year, spending 14 months in Hawaii. He has a brother, Vincent Becker, seaman first class, in the U.S. Coast Guard, now stationed in Maryland.

## AND THE RAIN CAME TO PARCHED EARTH; THERMOMETERS DROP

1.10 inches of rain fell here Friday to break one of the most severe droughts this community has experienced in years. With the rain came cooler weather, bringing relief from excessive heat waves. A brisk northerly Monday morning sent thermometers still further down and made citizens don sweaters and get out blankets. The mercury which had been up between the 90 and 100 mark, stood at 60.

The 1.10 inches of precipitation, which was recorded by I. A. Schoech, in charge of the local U.S. Weather Bureau gauge, was the first moisture for parched earth since the 1-4 inch rain about the middle of June.

While the rain came too late to benefit cotton it is a real boon to grass and pastures for cattle and a possible help to late feed crops. It also benefits fields for plowing which had been too hard and dry to take a plow for several weeks. Fall gardens are reported springing up from seeds that had been lying idle in dry ground for weeks.

## KNIGHTS OF COLUMBUS HAVE INTERESTING MEET WEDNESDAY

The local council Knights of Columbus held its regular meeting Wednesday evening, Sept. 1, with a normal attendance. Grand Knight Nick Miller presided and appointed F. A. Kathman, Jr., as financial secretary, and by ballot, Ervin Hamric was elected recording secretary.

Trustees of the council announced that the council is now completely out of debt having paid \$850 during the past six months to clear all claims held against the properties of the council. Under the title of a separate corporation called the K of C Home Association, Inc., the members own the two-story brick hall, built in 1935, with recreational equipment and furniture exceeding in value more than ten thousand dollars. The council has purchased U.S. Bonds for investment in the recreational fund.

The recording secretary was instructed to send letters of condolence to the council members of the Hofbauer and Luke families and also to remember, with a letter, Rev. Frowin Koerd, former chaplain of the council and pastor here for nearly 25 years, now at Subiaco, Ark.

Members discussed plans for a Columbus Day program on October 12 and a committee was appointed to make arrangements.

## TREW GAME RESERVE MEETS MONDAY TO SET REGULATIONS

Members of the Trew Game Reserve met with County Agent Albert Brient Monday evening in the former Linn school building to discuss the coming hunting season and rules of the organization.

This organization which is named after its president, R.W. Trew, comprises farms and ranches in the area south and southeast of Muenster and members decided to have the same rules as last year with no trespassing on any farms in the group without special permit from the land owner, and it was also cautioned to watch fence lines, as trespassers will be turned in for prosecution.

## In Australia Now

Pvt. Joe Sicking and Ray Fuhrmann are now in Australia following their transfer from Hawaii where they spent about a year. The two recently enjoyed a visit. They have written relatives here. They have also met up with "Red" Loerwald of Lindsay, a brother of Mrs. Al Bayer of this city.

## Both Schools Ready To Open Here Monday Busses Will Run

Parish Takes Over North Bus, Public School Will Finance South Route

Everything is in order for the opening of both Muenster schools Monday morning and both busses will operate on the same routes north and south of town as last year. Teaching staffs for both institutions are also complete.

The bus situation was straightened out and settled Sunday afternoon during a meeting of the Sacred Heart church committee and the public school board. The parish has taken over the north bus and will operate it while the public school has hired Arthur Hellman to run his bus on the south route. Both parochial and public school students will ride the busses.

The public school will finance the bus it runs and parents of parochial school pupils will pay a small riding fee for their children attending Sacred Heart school. Cost for grade school pupils will be \$1.50 a month, and for high school students \$2.00, according to plans made by the committee and school board Sunday.

Father Thomas, speaking for the parish, stated that the estimated cost of maintaining the bus and paying the driver a salary, will be taken care of by the charges to be made, and that for this year it is the only thing that can be done. He plans for a bus system for the parish, which he hopes, will be worked out in the future. "We have to get along the best we can, this season, and probably until after victory," he stated.

A driver for the north bus has not been named this week, but it was intimated that Doyle Blodgett, high school superintendent, would take the job, at least until a regular driver is secured.

Mrs. John Mosman has been signed up as the fourth teacher on the public school staff. She returns as an instructor after a several years absence from teaching duties. The school will be conducted this year with four teachers instead of five, the trustees stated. Could another teacher have been secured the full five-teacher staff would have been placed, but due to a shortage of instructors the four will "just double up on subjects", the board said. All subjects taught last year will be offered students again this season. The faculty of four, in addition to Mrs. Mosman, are Doyle Blodgett, Miss Elfeda Luke and Mrs. L. Burchiel.

At Sacred Heart school eleven instructors are ready for classes, eight in the grade department, three in high school and one music teacher.

Classes will begin for both schools at 9:30. Mass before the opening of school, will be said at 8.

Superintendent Blodgett announces that on the first day at the public school, only registration and issuance of books will be made and pupils will be dismissed at noon.

## PRUNES AND RAISINS BACK ON RATION LIST

Dried and dehydrated prunes and raisins were restored to rationing on September 5. Values were placed at four points per pound. Allocations of dried prunes and raisins to Government agencies will be large. However, the balance of raisins and dried prunes available from the year's production for civilian distribution is expected to be over 90 percent of the average annual civilian supply for a five-year period preceding rationing.

## GUEST SPEAKER FOR GARDEN CLUB MEET

The Civic League and Garden Club, meeting this Friday afternoon at 3:15 in the public school, will have as its guest speaker Mrs. Estelle M. Trew, home supervisor of the Farm Security Administration, of Gainesville. Her topic will be "Fall Gardens and Home Storage of Vegetables and Fruit."

## Receives Promotion

Joe E. Streng is now a corporal having received that rating recently at Fort Lewis, Wash., where he is stationed with a medical detachment.

Miss Lu Vogel has returned to Houston after a vacation visit here with her parents, Mr. and Mrs. Emil Vogel and family.

## Hy. Walterscheid Succumbs Monday To Heart Attack

Funeral Services For Spanish-American War Veteran Held Thursday

Henry Walterscheid, 70, for many years a resident of this city, died suddenly of a heart attack at 4:30 Monday afternoon.

He had been afflicted with a heart ailment for two years but his condition was not considered serious and his death came as a distinct shock to his family and his friends.

Funeral services were held here Thursday morning at 9 o'clock at Sacred Heart church with the pastor, Rev. Thomas Buerger, officiating at the requiem high mass and at burial in the local cemetery. Funeral arrangements were under the direction of Mrs. Nick Miller.

Rosary was recited at the Walterscheid home on Tuesday and Wednesday evenings at 8 o'clock.

Mr. Walterscheid was born October 21, 1872, in Remscheid on the Rhine, near Cologne, Germany, and came to the United States with his parents, the late Conrad and Eva Walterscheid, when he was 7 years old. His family settled in Illinois, then moved to Iowa for a short time and came to Texas, making their home in Muenster, in 1895.

As a youth he volunteered and served in the Spanish-American war, and in 1901 was married here to Miss Ann Kaiser. They resided in San Antonio until her death in August 1916. He then toured the country, having a concession with a circus, and returned to this city a few years later, establishing himself in the drug store business, where he was engaged for 16 years. In January 1925 he married Miss Mary Fels of this city, who survived him, and four years ago he retired from active work.

Survivors in addition to his widow are two children, Harold Walterscheid, Muenster, and Mrs. Charles Stelzer, Fort Worth, five grandchildren and three brothers, John, Joe and August Walterscheid, Muenster, and an uncle, William Schmitz, Sr., of Lindsay.

Mr. Walterscheid has a host of friends who loved him for his kindness and ready wit. He was always jovial and good humored and delighted in telling humorous stories that he had gathered on his tours during his interesting and colorful lifetime. He loved music and was a member of the Muenster Band for many years. One of his prized possessions is a genuine Stradivarius violin. He also played a number of wind instruments. He was especially fond of children and was never too busy to stop what he was doing for a chat with them.

About two years ago his heart ailment first afflicted him but it was not of such a nature as to confine him to bed for any length of time. He was always active around his home in the city, tending a large flock of chickens as a hobby and spending much time in his garden and orchard. He was very adept in budding trees and his place contains many fine specimens of fruits and nuts.

On the day of his death he remarked that he felt especially good and wanted to spend the day at his farm, occupied by Joe Hesse to help workers pull a water well and install new pipes. It was here that he succumbed suddenly from a heart attack, death being instantaneous.

He was an active church member and also took part in civic enterprises whenever the opportunity presented itself.

Parker, Joe Horn, Andy Hofbauer, Misses Anna Marie Element, Marie Felderhoff, Edna Margaret Hartman, Marie Trubenbach, Ida Rohmer, Mary Wiedeman, Katie Mae Walterscheid, Terese Walter and Eleanor Trubenbach, Clyde Fisher and Rev. Richard Eveld.

## Urge Blood Donors To Register Today At Public School

Collection To Be Made Sept. 16 At Gainesville

300 Donors Are Needed

If you are between the ages of 18 and 65, an American citizen, and healthy, your blood is needed for the collection to be held in Gainesville, September 16. This announcement was made last week.

Registrations for citizens of Muenster and vicinity will be taken this Friday afternoon, beginning at 2 o'clock in the public school. Mrs. G.H. Hellman, local Red Cross chairman, is to be in charge of registration. Three hundred donors will be needed and citizens of Muenster are urged to register promptly. Registrations have also been taken at Gainesville for citizens of that sector and the collection will be made at the Gainesville Cooke County Health unit during the morning and afternoon of September 16 by a staff of doctors and nurses from the Wm. Buchanan Blood Plasma and Serum center in Dallas.

Each donor's blood is typed and a record or same is kept on file at the health unit, for future reference. The plasma is processed at the foundation for use strictly for the army, navy, civilian emergencies and charity purposes, but may be returned to local hospitals and doctors at the rate of five dollars per unit, the cost of processing the blood.

The project is sponsored in Muenster by the Civic League and Garden Club.

Persons who register agree to donate one pint of blood and they must appear in Gainesville on Thursday, Sept. 16, at some 15-minute period between the hours of 9:30 a.m. and 1:30 p.m. to make the donation.

Mrs. Hellman, local chairman, intends to group persons for transportation in cars to Gainesville so that some who have no cars will have a way over.

## RATION BOOK NO. 3 TO BECOME VALID SEPT. 12

The first brown "point stamp" in War Ration Book III will become valid September 12. This stamp, A, is good for 16 points through October 2. Brown stamps will become valid on successive Sundays and will always expire on the Saturday nearest the end of the month. They will be used for rationing meats, fats, oils, canned fish, cheese, canned milk, and all other commodities now rationed with red stamps in War Ration Book II. The small stamps bearing pictures of field guns, tanks, ships and airplanes are not yet in use. Anyone who has not received Book III may obtain one by applying to his local ration board.

## Three Local Boys Are Off To Subiaco Academy

Three local boys, Herbert Fette, Frank Hennigan and Anton Hess, left this week to attend school at Subiaco Academy for the coming term. Herbert left Monday in company of Father Conrad and two young men from Lindsay, and the other boys departed Tuesday morning. They were driven to Gainesville by J.W. Hess, boarded a bus there, and at Paris, Texas, changed to the train for the remainder of the trip.

Frank is completing his high school course this year and Herbert and Anton are sophomores.

## OVERSEAS CHRISTMAS MAIL

More than 10 million individual Christmas parcels for overseas soldiers are expected in the mailing period, September 15 to October 15. The Army Postal Service will need the full cooperation of the mailing public if packages are to reach soldiers in time. The public is asked to be sure to put the correct overseas mailing addresses on the packages and to wrap them securely, but in such a manner as to permit inspection prior to their dispatch. Every overseas package must be opened, inspected, and re-wrapped at the port of embarkation. The Army Postal Service and the U.S. Post Office Department strongly urge that packages be mailed Sept. 15 or immediately thereafter.

**M**ARK well the date—Thursday, September 9th. For on that day, you must answer to your country's call.

On that day, the 3rd War Loan Drive opens. You will be asked to back our fighting forces to the very limit of your resources. You will be asked to go ALL-OUT FOR INVASION by investing in EXTRA War Bonds—more War Bonds than you perhaps think you can possibly afford.

To meet the national quota, every individual in the country who earns a wage or draws an income or has accumulated funds must invest, if he possibly can, in at least one EXTRA \$100 War Bond. Those who can, must invest in more bonds—hundreds and thousands of dollars' worth more.

Scrape up the money from every source you can . . . turn in all the loose cash you carry with you . . . dig out what you had tucked away "just in case." Go without pleasures, luxuries, even necessities this September. And give our fighting men the things they need to fight with—and win.

These men are throwing everything they

have into this fierce invasion push. They are giving their blood, their lives. No one can put a price on such courage, self-sacrifice, devotion. But you can show you're with them to the limit! You can say it with Bonds . . . EXTRA Bonds this month.

**World's Safest Investments**

For this 3rd War Loan, you will be offered a choice of various government securities. Choose the one that fits your requirements.

United States War Savings Bonds Series "E"; gives you back \$4 for every \$3 when the bond matures. Interest: 2.9% a year, compounded semiannually, if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1,000. Redemption: Anytime 60 days after issue date. Price: 75% of maturity value.

2½% Treasury Bonds of 1964-1969; readily marketable, acceptable as bank collateral. Redeemable at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated September 15, 1943; due December 15, 1969. Denominations: \$500, 1,000, \$5,000, \$10,000, \$100,000 and \$1,000,000. Price: par and accrued interest.

Other securities: Series "C" Savings Notes; ½% Certificates of Indebtedness; 2% Treasury Bonds of 1951-1953; United States Savings Bonds series "F"; United States Savings Bonds series "G."

#### SMALL GRAIN PASTURES PAY

A winter small grain pasture is a paying proposition every year. But this year, a wheat, oat, or barley pasture will be more important to a livestock producer than ever before. The current protein shortage adds to the importance of this practice, and, too, pasture is

cheaper than hay and silage. Plant these small grain crops in September, if possible. And if it's too dry in September, often October-planted grain will furnish good grazing.

Preparation of the seed bed and the amount of seed sowed will have a lot to do with the amount of pasture you get. Small grains should be planted on a firm seed bed. It's best to have about three inches of loose dirt on top to cover the seed, but below this the ground should be good and firm.

Study has shown that it's best to plant a little more seed per acre for pasture than when you're planting for harvest as grain. The amount of seed to plant depends upon the land. Be sure and plant plenty of seed for a good pasture.

**Letter From Tech. Sgt. Luke**

Mr. and Mrs. Ben Luke recently received a long letter from their son, Technical Sergeant Anthon, Luke, parts of which follow:

"Censorship rules have relaxed somewhat, so now I can say a few things about what I have been doing and where I have been. If it seems like I have been doing a lot of loafing, don't let that fool you, because business, or rather, I should say duty, has taken me around quite a bit. I have traveled many hundreds of miles by boat, plane, glider, train, bicycle and FOOT. Some of the boys are luckier than I, in that they can say where they now are. Maybe soon I can tell you that also.

"I have been in the Mediterranean Sea a number of times for a swim. In more than one place. One spot was formerly a health resort, and it was nice. Once I was in Oran. Another time in Tunisia, then again in French Morocco. I was in Oudja, French Morocco, a number of times. It was in Oudja that I saw a lot of things that will remain with me for a long, long time. It was there that a bunch of half-starved children almost mobbed me when they found out that I had a little something to eat.

"On several different occasions I had the chance to see whole blocks of large cities blown to bits from bombing. I did not dream that the day would come when I would see sections of cities barricaded with barbed wire entanglements, but I did, and nothing looks more ghastly than a section of a city dead as can be with every window, door, roof, wall and practically everything you can name, blown to pieces. I have seen the steel girders of large buildings

strewn around and twisted like a pile of old junk iron. In such places there is no sign of life. Everything is destroyed.

"I know you have heard a lot about Tunisia, where the big fight took place. I was in Sousse also a number of times. Sousse is in Tunisia in Northern Africa.

"Now let's go way, way over to the West. Do you remember the movie sometime ago that was supposed to represent parts of Casa Bianca? Well, I have been in Casa Bianca and there "just aint no justice". The place positively "stinks", the natives are filthy, and I was dern scared of them, maybe because I don't know them very well, but anyway, when it grew dark, I was not in that place called Casa Bianca.

"If you notice a change in the handle on my name, you already know that I am now a Technical Sergeant. My promotion was effective August 12. It is a heavy job.

"This is close to the end of a hard day. There is no change here from day to day or night to night. The war goes on at night and on Sunday too, so we are on constant duty. The news is encouraging now so let's hope it keeps up. Don't let radio and newspaper stories worry you. The island is ours and I don't have a scratch.

"I have seen Bill Eberhart and he is getting along alright. Once I met a man from Dallas who used to be a Bank Examiner in the district, and who was well acquainted with Mr. Weinzapfel and the rest of the bank personnel at home."

The remainder of the letter was devoted to questions about the family and friends and was concluded with "Tell everybody I know hello".

**SURPRISE BIRTHDAY PARTY GREET'S CLARA HENSCHIED**

Miss Clara Henschied was greeted with a surprise party at the home of her parents, Mr. and Mrs. Albert Henschied, Sunday evening in observance of her 18th birthday. Some 75 relatives and friends gathered at the Henschied home from which the honoree was absent and when she returned at 9 she was greeted with a loud round of "happy birthday" and presented with a shower of gift remembrances.

Later music and games were enjoyed and refreshments served. The affair was planned by Mrs. Henschied and daughter, Miss Rosalie, who were hostesses for the evening. Music was provided by Miss Veronica Yosten, Henry Yosten and Buddy Yosten.

Mrs. Joe Biffle of Fort Worth spent Wednesday and Thursday here with relatives.

Before leaving for Hollywood and a probable movie career, pretty Elsie Roberts, National Bond Queen and University of Houston coed, did her part for the Texas Deposit Bottle Round-Up. Dressed in typical Texas costume, Elsie loaded into a basket all the milk, carbonated beverage and beer bottles in her home, mounted the beautiful Palomino horse, on which she is pictured, and rode to her beverage dealer. "Keeping deposit bottles working is not only a patriotic duty," Miss Roberts said, "but I'll get my deposits back which can be invested in War Stamps."

You are hereby commanded to appear before the Honorable District Court of Cooke County at the Court House thereof, in Gainesville, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 18th day of October A.D. 1943, then and there to answer Plaintiff's Petition filed in said Court, on the 3rd day of August A.D. 1943, in this cause, numbered 13869 on the docket of said court and styled Robert W. Christmas Plaintiff, vs. Margie Christmas Defendant.

A brief statement of the nature of this suit is as follows, to wit: Suit for divorce from the bonds of matrimony, plaintiff and defendant being duly and legally married on or about the 7th day of December, 1942, in Cooke County, Texas. Plaintiff alleges that defendant refuses to stay and live with him as his wife, and insists on being divorced from plaintiff, and further, defendants actions has caused plaintiff great worry and mental pain to the extent as to render their further living together insupportable; that they are possessed of but very little personal property which is given to this defendant, and that no children were born of said marriage, as is more fully shown by Plaintiff's Petition on file in the suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Gainesville, Texas this 1st day of September A.D. 1943. (SEAL) Attest: Martin G. Davis Clerk, District Court, Cooke County, Texas. (42-3-4-5)

**WHEAT, OATS AND BARLEY SEED**

There will be a great number of Cooke County farmers who will need small grain seed this fall. There is not a large supply of good seed available. AUSTIN wheat is a new wheat developed for this section that is resistant to rust. This seed can be obtained from the Denton Experiment Station. TENMARQ wheat, NEW NORTEX oats, and FULTEX oats seed can also be obtained from the Denton Exp. Station. Then there is a new wheat called COMANCHE that would be an excellent seed for farmers in Cooke county. This seed is available and the names of the growers can be obtained from the County Agent's office. I would suggest that any farmer needing any small grain seed buy it immediately as the supply is small and will not last long.

### Two Couples Wed Here In Impressive Double Ceremony

VERONICA YOSTEN,  
PFC. JOHN DURBIN;  
FRANK J. YOSTEN,  
ANNA WIEDEMANN  
UNITED WEDNESDAY

A beautifully impressive double wedding ceremony took place here at Sacred Heart church Wednesday morning at 8 o'clock to unite Miss Veronica Yosten, daughter of P. J. Yosten of this city, to Pfc. John A. Durbin of Camp Howze, and F.J. Yosten to Mrs. Anna Wiedemann of this city. It is the first time in Muenster's history that father and daughter were principals in a wedding at the same time.

Rev. Thomas Buergler, pastor, officiated at the nuptial high mass and at the ring ceremonies, in the presence of a large attendance of relatives and friends of the couples. The altar before which the vows were exchanged was adorned with white gladioli, and wedding music was furnished by Sister Leonarda, organist. She also assisted Sacred Heart choir in rendering music for the mass. The choir, under the direction of Leo N. Henscheid, uncle of Mrs. Durbin, sang "Missa Tercia". Three cousins of Mrs. Durbin, and nephews of Mr. Yosten, were acolytes: George Swirczynski, Herbert and Gilbert Yosten.

Mrs. Durbin wore a lovely floor length gown of white lace, over satin. It featured a long fitted bodice, sweetheart neckline, very full skirt and long fitted sleeves that extended into points over the wrist. Her bridal veil of lace and net fell from a tiara of seed pearls and extended into a graceful train. She carried an arm bouquet of white gladioli and wore as "something old" a gold cross and chain, worn by her mother at her wedding, and for "something borrowed" carried a white rosary belonging to her sister, Miss Josephine Yosten, who attended as maid of honor.

Miss Yosten was attired in floor length white lace frock, over satin. It was fashioned on princess lines with a full skirt and short sleeves. She wore a head-dress of white net and a shoulder-length matching veil and completed her costume with a corsage of peach gladioli.

Henry Yosten brother of the bride was best man for Pfc. Durbin.

Mrs. Yosten chose a navy blue two-piece suit for her wedding. It was worn with navy blue accessories and a corsage of white gladioli and she carried a Missal.

She was attended by her daughter, Miss Mary Wiedemann, as maid of honor. Miss Wiedemann wore a gold crepe frock with brown accessories and a corsage of peach gladioli.

Felix Yosten was best man for his father. Immediately after the rites the bridal parties were served breakfast at the Yosten home. Miss Elfreda Luke presided at the piano to offer several musical selections during the breakfast hour. At noon immediate members of the families were guests at dinner and in the evening a buffet supper and reception was given for which some 75 relatives and friends were guests.

The brides' table carried out the traditional all-white theme and held two cakes, the one topped with a military groom and bride figurine, the other with a tiny bride and groom. Both cakes were placed on crystal stands, the one holding the Durbin cake being more than one hundred years old. It is an heirloom in Mrs. Durbin's maternal side of the family and has held innumerable wedding cakes for several generations. The sideboard held another decorated cake which was presented to Mr. and Mrs. Felix Yosten in observance of their third wedding anniversary, which event was celebrated on the same day.

Pfc. Durbin is a son of Mr. and Mrs. Charles Durbin, Sr. of New Orleans, La. He attended school in that city and graduated from high school in Washington, D.C. He has been in the army one year, this month, and with the exception of ten days spent at a reception center, has been stationed at Camp Howze during that time. He is connected with camp headquarters.

Mrs. Durbin is a native of this city and attended Sacred Heart school. She has been an active member of the Young Ladies' Sodality and represented Muenster as duchess at the annual Circus

### Confetti---

(Continued from page 1)

This goes back to several years before Pearl Harbor. A friend on Uncle Sam's narcotic squad in Alaska invited him to come up and join the game. He did. And spent the next 18 months associating with dope addicts among the Eskimos and poor white trash. Most of the time he worked around docks and canneries and visited dives. A messy smelly job all the way through.

From the beginning it was obvious that the dope was coming in on Jap fishing boats. The job he and his associates had was to discover who were the importers and the peddlers. Then they put out their dragnet and hauled the whole gang into Federal court with enough evidence to send them up the river for a nice, long stretch.

Knowing what we now know about the Nips, there's little doubt that the whole dope ring was sponsored by the importers and hissed their profuse apologies for the misconduct of unworthy sons, and left the stooges to face the music.

Working around there he had plenty opportunity to learn why the Japs were better acquainted with Alaskan waters than our own nation. Their fishing boats had everything. Quite a number had canneries built aboard. That provided not only an efficient means to preserve the fish, but also a good excuse for size and power and a convenient opportunity to add lots of other equipment more interesting to the imperial government.

Considering tricks like that, considering all the other sneak punches the yellow rats have taken at us, we're firmly convinced that the worst we can do by way of retaliation is none too severe.

Roundup at Gainesville in 1941.

Pfc. and Mrs. Durbin are at home here in an apartment at the home of Misses Mary and Anna Becker. They will take a delayed wedding trip when he is granted a furlough.

Mrs. Yosten is the daughter of Mr. and Mrs. Julius Pfler of Tours, Mr. and Mrs. Yosten are at home here occupying his residence in the northeast part of the city.

A large number of relatives from out of town were present for the ceremony. They will be listed in next week's issue of the Enterprise.

### MORE THAN 100 ATTEND SISTERS' PANTRY SHOWER

A pantry shower for the Sisters, given by the parish mothers in the Sisters' home Monday afternoon from 2 to 3 o'clock was a delightful affair attended by more than one hundred persons.

Guests were greeted by Sister Anastasia, introduced to new members of the teaching staff, and registered in a guest book. Visiting was enjoyed and punch and cookies served by the Sisters.

Many useful gifts of canned goods, soaps and other pantry items were presented to the honorees.

### CARD OF THANKS

The Benedictine Sisters wish to express their sincerest thanks and appreciation which we owe to all who so generously contributed to the pantry shower.

Special thanks are due to the pastor, Rev. Father Thomas who made the shower possible and whose untiring interest afforded us such an enjoyable, and successful social hour.

Many thanks are also due to Rev. Richard who solicited, and the kind donors who so generously donated the chicken feed for the winter use.

May God bless our kind benefactors and friends and be assured of the daily prayers of all the Sisters at Sacred Heart School.

### ARE GREAT "PEACEMAKERS"

Many a "little war" starts over a disputed payment. But peace is quickly restored when the payer can produce the canceled check, which is a perfect receipt.

It is so easy, so safe, and so economical to pay-by-check that cash should be used principally for "pocket transactions." All important obligations should be settled by check—so that they will stay settled.

It can easily be arranged to open a checking account for YOU.
