## SWIRCZYNSKI BROTHERS SERVING IN ARMY

PVT. RAY SWIRCZYNSKI

PVT. RICHARD SWIRCZYNSKI

SGT. ED SWIRCZYNSKI

OUR BOYS WITH THE COLORS

### Seven-Day Leave

Lt. R.N. Fette arrived from Fort Sill Saturday to spend a 7-day leave here with his parents, Mr. and Mrs. Henry Fette and family. Also home on leave is Ensign Richard Fette. The brothers were honored with a party at the home of their parents Sunday evening for which members of the family were present.

### Has Change Of Address

Pfc. Harry Fisher, writing to his father, Joe Fisher, reports that he has recently moved and has a change of address. He did not reveal where he is now stationed. His new address may be obtained from members of his family. Previously he was on duty somewhere in Australia.

### Fleitman Brothers Report OK

Letters received this week by Mr. and Mrs. Joe Fleitman from their soldier sons, Pfc. Gus and Pfc. Anton, report that they both are well and busy. Both boys are overseas, widely separated. Gus is a member of the 36 division of Gen. Mark Clark's 5th army, and Anton is an airplane mechanic stationed somewhere in Australia. Gus wrote his letter on Oct. 4, and Anton on the 5th.

### Transfers To Indiana

Sgt. Anton Koessler was recently transferred from the air base at Grenada, Miss., to Baser Field, Ft. Wayne, Ind., he wrote his parents Mr. and Mrs. Alfons Koessler.

### Greetings From Canada

Pfc. Lawrence Knabe has written this newspaper to advise that the Enterprise reaches him regularly and that he certainly enjoys reading the home town news. Stationed somewhere in Canada, he likes it fine. In addition to his army duties he has assisted in the harvest fields. The Canadians call it "stuping grain," instead of shocking grain. He concludes by saying "Tell everybody hello." Lawrence is the son of Mr. and Mrs. Gus Knabe.

### Completes Leave

B.H. Schumacher S2C, left Saturday to return to duty at Astoria, Oregon, following a 10-day leave in this city with his family.

### Albert Seyler Improving

A letter last week from Mrs. Wm Seyler of Justin discloses that her son, Albert Seyler, injured five weeks ago in a plane crash in N. Carolina, is reported improved, and the doctors at the hospital hold hope for his complete recovery. Mrs. Seyler left the latter part of the week to visit at his bedside. He is the grandson of Jos Kreitz of this city.

### Reports For Navy Training

Tony Yosten, son of Mr. and Mrs. Nick Yosten, left Monday to report for training with the Navy Seabees. He left from Dallas and has not yet written to tell where he is stationed. Before his departure he was honored with a number of parties. Wednesday evening he was honor guests at a dinner in the John Felderhoff home and later joined a group of young people on a wiener roast. The following day Mr. and Mrs. Bob Yosten entertained with a dinner for him and a farewell dinner, and party honored him at his parents' home Sunday.

### First Freeze Wednesday

Muenster experienced its first freeze of the winter Wednesday morning. Thermometers stood at 27 degrees at sun up and considerable ice was visible on stock tanks and other water. A heavy deposit of Jack frost covered the countryside.

### These three brothers, Pvt. Ray Swirczynski, 30, Sgt. Ed Swirczynski, 27, and Pvt. Richard Swirczynski, 20, are sons of Mr. and Mrs. Joe Swirczynski of this city. Ray entered the army in March of this year, trained at Fort Warren, Wyo., was assigned to duty as a cook and was recently called overseas to serve in the Pacific war theatre. Ed has been in the service since February, 1942, and is stationed at Camp Wolters as a cook. Richard answered the call to colors in February, this year, received his basic training at Camp Hutten with an anti aircraft battalion and is now on maneuvers in Louisiana. Ray is married and his wife and two children reside here.

### JAMS AND JELLIES FROZEN PREPARATORY TO BEING RATIONED

Effective last Friday, prior to rationing beginning Oct. 31, OPA ordered a freeze on all retail sales of jams, jellies, preserves and fruit spreads. After the eight-day freeze ration stamps for processed foods must be surrendered for purchase of these newly rationed items. Citrus marmalades were excluded from the freeze because supplies are adequate at present. They will be added to the ration list but will be given a point value of zero on the point table. Housewives will not be required to make a report of their supply of fruit spreads, whether home canned or bought in stores, and ration books will not be tailored. Point values for these new items are to be announced by OPA when rationing of them starts. Consumers may use blue stamps X, Y, and Z from Ration Book 2 from Oct. 31 through Nov. 20 in purchasing the four types of products. In addition green stamps A, B and C from Book 4 will be valid for the new items from Nov. 1 to Dec. 20. These are the same stamps used for other processed food.

### MRS. JOHN HERR, SR. HAS HEART ATTACK

Mrs. John Herr, Sr., is recovering from a heart attack suffered during the weekend. She was critically ill for several days and her children were called to her bedside. She rallied Sunday, however, and is improving slowly. Visiting at her bedside were Mr. and Mrs. Joe Schlotter of Denison, Leo Herr of Tulsa, Frank Herr and two daughters of Ardmore, Paul Herr of Gladewater, Mrs. Mutt Corcoran, Gainesville and Mr. and Mrs. Bill Herr and children of Pampa.

### Job on Turkey Program May Affect II-C Status

To hire or not to hire Class II-C men in the turkey picking and packing program — that is the question. And an answer has been promised before the work begins next Wednesday, November 3. Rudy Hellman of the FMA stated this week. The controversy arises from the draft regulations. He explained after consulting with Anell Ross, secretary of the Cooke County Selective Service board. According to the letter of selective service provisions, a farmer forfeits his II-C status if he takes any kind of industrial job, under which general heading the turkey picking program is said to fall. Ross stated, however, that circumstances in this case were obviously different from those that the provision was intended to control, hence it was probable that the board in its next meeting would decide in favor of permitting the men in question to work on the program without jeopardizing their draft status. The regulation refers to men who leave the farm to accept other jobs. In this case no one would leave the farm but would only work several hours a day at the special job for the two weeks period. In fact, every such employee would of necessity continue his usual schedule of chores at home in addition to the special work. Instead of a change in occupation, this is similar to other cases throughout the country in which citizens of a community assembled on their own initiative to help with urgent seasonal work. It is likewise similar in that such cooperation is in harmony with the nation's food program. Hellman expressed his confidence that the board would permit men to work without affecting their draft status. If not, he added, we may have trouble getting the job done.

## War Chest Plans Completed; Drive Begins November 2

### CHEESE FACTORY TO MAKE FEED OF WHEY AND SOY BEAN MEAL

Possible relief for the protein shortage in feeds is in sight for this area as a result of a new venture recently undertaken at the Muenster Cheese Factory. Whey evaporated down to 50 per cent solid is to be mixed with soy bean meal to supplement existing rations for hogs and poultry.

Preparation of the feed will begin as soon as the meal is available here. Meanwhile, many stock raisers are using the condensed whey less the meal as a substitute for the whole whey they have fed for years. The balance of the product is now being shipped in barrels to large feed mills.

Besides helping the local feed situation, the newly adopted process provides for the first time in the cheese plant's history a marketable by-product for the plant's entire output of whey. For many years farmers were invited to haul away all their stock and poultry could consume, but much of it had to be drained off to the plant's waste pit. More recently a market was found for a limited portion in condensed form, but still some was lost. According to the present arrangement, none will be lost.

The change over necessitates a considerable increase in the plant's whey drying capacity. This emergency was met by installing a large vat with steam fittings for use as a pre-heater. As a result the liquid now enters the main unit at almost the correct temperature and decreases proportionately the time necessary to evaporate it. The addition makes it possible for the plant to dry all its whey in less time than formerly took to dry the limited amount.

### FARMERS ENDORSE AAA PROGRAM AT COUNTY MEETINGS

Farmers of Cooke County, assembled in a series of meetings in school buildings over the county during the week of October 18 to 23, passed resolutions endorsing the AAA program and its provisions of adjusted acreage to prevent price depressing surpluses and price supports and crop loans to uphold prices of products. The meeting in Muenster was held Friday evening and similar gatherings took place at Valley View, Era, Burton, Dexter and Gainesville.

### Cliff H. Day, administrative assistant of the state AAA office led the discussions which were participated in by the farmers in the attendance.

Mr. Day pointed out the facts about agricultural production, emphasizing that the United States is producing more food in 1943 than has ever been produced in any one year in American history, exceeding that of 1942 by an estimated five per cent. "In other words," Mr. Day asserted, American agriculture through a planned program, has produced more during the last two years than has ever been produced in the history of our country."

### Contrasts Farm Conditions 1917 and 1918 when production was 50 per cent less than the past two years. "We encouraged production of food for democracy, and farmers broke out new land. They did their utmost to produce as much as possible, but without a planned program. Their production efforts during these years were not nearly as effective as under the present planned program."

The AAA spokesman said "Production adjustment is only one of the purposes of the farm program. The most important feature is the government loan and price support feature which allows a farmer to sell his commodities for a parity price." It was pointed out at the meetings that the agricultural program is being attacked on every side by non-agricultural interests, and that this criticism is due to the fact that the average non-farming individual is not well enough acquainted with and informed of the actual working procedure of the present farm program to form any kind of opinion other than that it is a program in which crops are destroyed and livestock killed. Some three hundred farmers attended the series of meetings and resolutions were adopted.

### Muenster Is Assigned \$1,500 Quota; Mayor Weinzapfel, Chairman

Members of the executive committee and chairmen of other committees previously appointed to serve in the United War Chest campaign which begins Tuesday, November 2, met in Gainesville Monday evening to make further plans for the money-raising drive. G.D. Bell, county chairman, presided at the session and Frank Morris, Jr., delivered the main address. He told the gathering that money-raising for morale building and relief agencies has been simplified through the organization of the war chest, and explained that 18 different agencies have been consolidated into one to simplify raising the money but warned that "persons who have been giving \$5 must now give \$25 to put this campaign over."

Cooke county's quota has been set at \$22,500, of which \$2,500 will remain in the local United Charities fund.

Quota for the Muenster community is \$1,500, and Mayor J.M. Weinzapfel has been appointed local chairman. He is to appoint assistants to solicit throughout the community which includes the following school districts: Muenster, Valley Creek, Hays, Freemound and Bailey. These solicitors will call on every person possible, and in addition gifts may be left at the bank by those who find this method more convenient, Weinzapfel said.

He pointed out that since this drive takes care of 18 different agencies, donations must necessarily be larger than those previously given when each agency was collected for individually.

Chairmen of solicitation for the county are as follows: Special districts Claude Jones; business district in Gainesville, Cecil Tinsley and R.A. Wilson; residential district, Mrs. Felix M. Johnson; Gainesville schools, W.C. Robinson and Roy P. Wilson; Camp Howze, Frank Morris, Jr.; Muenster, J.M. Weinzapfel; Lindsay, Jake Bezner; Myra, Mrs. Parker Fears; Era, C.K. McClendon; Valley View, Ralph Couch; rural schools Randolph O'Brien.

### 1,794 RATION BOOKS ISSUED LAST WEEK TO MUENSTERITES

One thousand seven hundred and ninety-four ration books were issued in Muenster during the 3-day registration last weekend for the distribution of ration book No. 4, Doyle Blodgett, ration board supervisor, has announced. This is an increase of 131 over the number applied for in the first registration in May 1943, when 1,663 persons signed up.

Mr. Blodgett this week expressed his thanks for the cooperation shown by members of the community and stated that he was particularly grateful for the efficient help rendered by the volunteer workers, who gave their time, without pay, to this cause.

Superintendent Blodgett was assisted by the three teachers, Miss Elfreda Luke and Mesdames L. Burchfiel and Daisy Thompson and by Mesdames Joe Luke, J. B. Wilde, John Ezell, D. C. Kline, Tony Gremminger, Ben Hellman, E.O. Teague and Jim Cook. Misses Charlene Wilson, Cornelia Harrison and Dorothy Nell Fletcher.

### FDR SIGNS BILL TO INCREASE SERVICE MEN'S ALLOWANCES

President Roosevelt Tuesday signed a bill increasing servicemen's dependency allowances all along the line and providing for monthly payments of \$30 for the first child and \$20 for each additional child.

The new law, effective immediately, does not change the present allowance of \$50 monthly for the wife, nor does it require any additional contribution for the servicemen, who will continue to pay \$22 toward the monthly total if he has a wife or child and \$27 if he has a wife, children and collateral dependents.

### SET PIPE ON DANGLIMAYR

Kingery set pipe Wednesday on Danglimayr No. 1, south of the city, at 2,175 feet. Indications point to a good well.

# LOCAL NEWS BRIEFS

Short Items of Interest About Folks You Know

Mr. and Mrs. C.A. Siekman of Tulsa, Okla., were weekend guests of Mr. and Mrs. Henry Fette.

Miss Billy Evans of Saint Jo had her tonsils removed at the local clinic Saturday.

Since last week John Grewing is employed as a fireman at Camp Howze.

Mrs. I.A. Schoech left Tuesday to spend two weeks in Springfield, Mo., with her sister, Mrs. Thomas Donohue and husband.

The Claude Cannon home in the east part of town has been enlarged and remodeled and is now being repainted.

Pfc. Stuart Martin of Mississippi is on furlough to visit his parents, Mr. and Mrs. Sog Martin of Freemound.

A ten-pound son, Stanley Clifford was born at the local clinic on Oct. 23 to Mr. and Mrs. Clifford Russell of Sivals Bend.

Mrs. Bernie Schumacher and little son moved this week to make their home in Gainesville with her father, George Hundley.

Gene Schmitz spent several days of last week in Shawnee, Okla., with his sister, Mrs. Joe Thomasson and family.

Miss Dorothy Mae Yosten and Walter Heimer of Fort Worth spent Sunday with the former's parents, Mr. and Mrs. Bob Yosten.

Miss Armella Yosten of Fort Worth was here Sunday to visit here parents, Mr. and Mrs. Nick Yosten.

Mr. and Mrs. Alvin Cler of Valley View were here for the Subaco Alumni dance Monday evening.

Mrs. Eddie Hess and daughters, Joan and Marilyn, visited in Pilot Point with relatives and friends Wednesday.

Mr. and Mrs. Bert Fisch and son, Jerry, spent Sunday here with the Fisch and Lehnertz families.

Mr. and Mrs. Pete Kappas of Ardmore, Okla., were weekend guests of her parents, Mr. and Mrs. Barney Voth.

T.J. Vance is back as pharmacist at the Dixie Drug Store following a two weeks' vacation visit with his family at Ft. Worth.

S. Sgt. Amber Estes of Will Rogers Field, Okla., spent the weekend here with his wife and the W.T. Ritcher family.

Mrs. M.E. O'Banion of Los Angeles, Calif., is here for a visit with her mother, Mrs. Coursey, south of the city.

Mrs. O.W. Witherspoon and children and Mrs. M.L. Witherspoon of Ector were here Friday to visit the latter's son, Tom Carter and wife.

Mrs. Nick Miller and Misses Dorothy and Betty Hartman and Theresa Hirsy spent Sunday in Fort Worth visiting the Botanic Gardens.

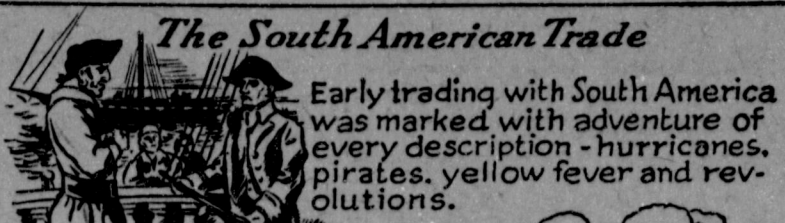

Mr. and Mrs. J.P. Fisch Sr. moved during the weekend to make their home with their son-in-law and daughter, Mr. and Mrs. M.J. Endres.

W.L. Stock was able to be up and around town Thursday for the first time in two weeks during which he was suffering from an attack of flu and pleurisy.

Mr. and Mrs. Albert Henderson of Woodbine were among out of town persons attending the dance here Monday night. They formerly lived here.

Mr. and Mrs. Herman Fleitman spent Sunday and Monday in Pilot Point with her parents, Mr. and Mrs. John Block. Her mother returned home with her for a few days' visit.

## Our Merchant Marine

*The South American Trade*  
Early trading with South America was marked with adventure of every description - hurricanes, pirates, yellow fever and revolutions.

In 1808, Brazil opened her ports to shipping and the following year the first cargo of coffee from that country arrived in Salem, Mass.

America quickly became a coffee drinking nation. By 1860 we imported 46 million pounds from the port of Rio de Janeiro alone.

With world trade generally at a low ebb in the eighties, the cargoes of a newly discovered rich fertilizer from the Chincha Islands, off Peru, proved a boon to the American Merchant Marine.

Now, in wartime, our vessels bring coffee, sugar, nitrate, copper, tin and many other cargoes from South America for war production and civilian needs.

Information courtesy of American Merchant Marine Institute, New York

Mr. and Mrs. Bill Herr and children and her mother, Mrs. R.W. Crawford of Pampa, returned home Tuesday after being here for several days during his mother's illness.

Bob Swirczynski came in Saturday evening after completing work on an oil well in Altus, Okla., and will be employed in Cooke county fields for the next several weeks.

Mr. and Mrs. Hugo Lutkenhaus and son have returned from a business trip to Amarillo. While in that city they were guests of his sister, Mrs. Oscar Detten and family.

Mr. and Mrs. John Mosman and children of Saint Jo spent Sunday here with relatives and were accompanied home by her mother, Mrs. Frank Seyler, to spend several weeks as their guest.

Mrs. John Schmitz visited in Dallas last week and was accompanied home by Mrs. Noel Jacobs who spent the weekend with her parents, Mr. and Mrs. Andy O'Connor.

Members of the Reiter families from this city helped Mr. and Mrs. Henry Luttmir of Gainesville celebrate a wedding anniversary at their home Sunday evening. Mrs. Luttmir is the former Miss Katie Reiter.

Pfe. and Mrs. John Durbin entertained with a dinner in their home Sunday at noon for which Mr. and Mrs. Felix Yosten and daughters, Linda Ann and Gloria Joy, and Miss Josephine Yosten were guests.

The WMU of the local Baptist church met for the regular weekly meeting Monday afternoon at the home of Mrs. John Ezeil. Mrs. D.C. Kline led the devotional and after business, refreshments were served to 11 members.

Mrs. Orien Edelen and son, Louis Dale, spent several days of last week in Norman, Okla., with her mother and joined her on a trip to Kalamazoo, Mich., for a visit with her brother, Ernest Allen and family.

Pvt. and Mrs. Joe Hamilton are the parents of a 9-pound daughter Linda Sue, born at the local clinic on Oct. 23. Mrs. Hamilton has been staying with relatives at Myra but will join her husband at Camp Chaffee, Ark., in about a month.

**JOE TISCHLERS HONORED ON 35TH ANNIVERSARY**

Mr. and Mrs. Joe Tischler were honored with a surprise party on October 17 in observance of their 35th wedding anniversary. The courtesy was extended by their children.

A goose dinner and family reunion was enjoyed by the honor couple, their four children and two grandchildren, all of them present for the occasion. They are

Citation by Publication  
THE STATE OF TEXAS  
To Mrs. Pearl M. Hanks Defendant, Greetings:

You are hereby commanded to appear before the Honorable District Court of Cooke County at the Court House thereof, in Gainesville, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 22nd day of November A.D. 1943, then and there to answer Plaintiff's Petition filed in said Court, on the 9th day of October A.D. 1943, in this cause, numbered 13934 on the docket of said court and styled Ernest L. Hanks Plaintiff, vs. Pearl M. Hanks Defendant. A brief statement of the nature of this suit is as follows, to wit: Suit to dissolve the bonds of matrimony between the plaintiff and defendant. Plaintiff alleges that he and defendant were legally married; that defendant, regarding the solemnity of her marriage vow, began within about a year after said marriage a course of unkind, tyrannical and harsh conduct towards plaintiff, such as to render their further living together insupportable. Plaintiff further alleges that no children were born to plaintiff and defendant. Plaintiff prays that defendant be cited to answer his petition; that on final hearing, plaintiff have judgement of divorce and for such other and further relief as the Court shall deem proper, as is more fully shown by Plaintiff's Petition on file in this suit. The officer executing this process shall promptly execute the

same according to law, and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Gainesville, Texas this the 9th day of October A.D. 1943.

Martin G. Davis Clerk,  
District Court Cooke Co. Texas.

## School Daze

MUENSTER PUBLIC SCHOOL

We are sorry to have missed several weeks' edition of School Daze. Everyone was so busy with six weeks exams there was no time to get copy ready.

The volley ball and basket ball teams are practicing hard, with several stiff games scheduled. We may have some new suits soon. Florentine Truberbach and Katharine Reeves, who didn't play last year, are showing up as new stars.

The English Literature class is beginning "Macbeth". In a test Dorothy Nell spelled "gulls" as "gills", slightly fishy, eh? Geometry students are having a hard time keeping their heads above water. Mr. Blodgett has decided to start at the beginning of the book for a thorough review.

Mrs. Burchfiel's room had a picnic last week in honor of Crendon Graham, who is moving. We will miss him.

Candidates for queen and king of the Halloween party have been nominated. Mrs. Burchfiel's room is supporting Billie Pierce and Sam Harrison; the sophomore class has nominated Betty Jo Hamilton and Russel Linn; junior class favorites are Lillian Branch and Charles King; senior nominees are Dorothy Nell Fletcher and Dewey Branch.

We are proud of the following honor roll. Most of the students are carrying a heavy schedule, and achieving a place on either list shows diligent effort. These students have A averages:

Lorene Knabe, Florentine Truberbach, Dorothy Nell Fletcher, La Vetta Martin, Mary Jo Williams, Howard Bowers, Mary Janelle Kline, Patsy Ezell, Mary Alice Holars and Sue Ann Teague.  
Those having a B average are: Thelma Kathman, Lorene Lut-

"Can't we be patriotic and turn the light out? Tell your Pa there is a bad shortage of kerosene these days."

kenhaus, Cornelia Harrison, Paul Nieball, Carl Coursey, O'Banion, Joan Roberg, Billie Jean Pierce, Sam Harrison, Millie Yeakley, Bobbie King, Jean King, Harold Reeves, Marilyn Graham, Phyllis Jo Jones, Maynard Williams, Jackie Robertson, Murlin Jo Evans, Janie Marie Reeves, Rowena Fielder, Joy King, Barbara Ann Tuglie, Klough Edelem, Jo Burchfiel, Ann Lee Mitchell, Samantha Wilson, Kenneth Graham, Kenneth Chapman, Bobbie Robertson, Betty Robertson, Betty King, Joan Roberts, Duwayna Sue Kline, Loretta King and James Doyle Hamilton.

was accompanied home by his sister, Mrs. Leona Rhone and baby, who had been visiting here with her sister, Mrs. Cain.

## Hints On Winter Care Of Orchards

The winter months, when fruit trees are dormant, is the best season to prepare the farm orchard for next year's production.

According to dietitians, two servings of fruit daily are needed to maintain a person's health. Fruits are a free source of vitamins, and also supply iron and calcium as well as other minerals for blood, bone and body processes.

To obtain highest yields trees should be treated now for harmful pests and surface diseases like borers and scale. Gummy exudations filled with sawdust pellets at the ground line of a tree is a sure sign of borer damage. Parachloro-benzene, commonly called PDB, is most effective against borers when used from the middle of October to mid-November. No soil preparation is necessary in administering this treatment

except to break the crust for 15 to 18 inches around the tree and remove any grass or weeds. Place the PDB crystals in a circle about three inches from the trunk. For mature trees one ounce is used, and for young trees one half ounce is enough. The crystals should be covered with dirt immediately after being applied, and firmly packed with the back of a shovel to make a cone-shaped mound. The cone should be torn down after six weeks and the remaining crystals removed.

### NATIONAL WAR FUND

To carry on a great work of human kindness around the world, the National War Fund must have your support. Your contribution will go to the USO, War Prisoners' Aid, United Seamen's Service and many other international and local agencies approved by the President's War Relief Control Board. . . . Give so that more will live.

## Plan Now Your

# WINTER COMFORT

Lone Star Gas Service costs so little. But this is no reason why in these wartime days some thought shouldn't be given to its wise use. By planning ahead there are many little things you can do to eliminate waste and thereby get full benefit from the economy of whole house heating. The eight suggestions below are insignificant in themselves, but all together they add up to quite a saving over a period of months. But more important they mean the wise use of a fuel which is so important to Southwestern war industries.

## How TO USE GAS WISELY FOR WHOLE HOUSE HEATING

- 1. Avoid overheating. Keep the house temperature around 72 degrees.
- 2. Keep all heating equipment in good operating condition; keep it clean and free from all dust particles.
- 3. Flame on radiant-type room heaters should not be allowed to lick out top of radiants.
- 4. If you have a gas heater in your fireplace, seal the flue to the extent that the room heat will not go up the chimney, yet leave sufficient space for venting heater.
- 5. See that windows and doors lock tightly; if possible they should be weather-stripped.
- 6. Where unvented equipment is used, a small opening at the top of the window is recommended to help reduce "wall sweating." Window openings should be no wider than necessary for an ample flow of fresh air, otherwise they become heat wasters.
- 7. At night when windows are open in bedrooms, shut off rest of house to prevent temperatures from dropping so low that more fuel will be needed to build up warmth during the morning hours.
- 8. When properly used, insulation can reduce consumption of heating gas 20 to 25 per cent in one-story houses and 15 to 20 per cent in two-story houses of standard type construction. Insulation materials are plentiful.

**U. S. Army Truck Convoys Operating On 24 Hour Schedule Over Alaska Highway**

**"World's Toughest Grind" Say Army Drivers**

Edmonton, Alberta, Canada (Oct. 26, 1943) — America's Highway to Victory is doing a land office business!

Blitzed to completion in only ten months time, the Alaska Highway is already paying huge dividends by speeding war materials to vital northern outposts. Cut through the wilderness but not yet paved, America's "Burma Road" for the past months has witnessed a beehive of highway activity without parallel in transport history.

Dust-masked convoy crews, working in relays on a round the clock schedule, have been high-balling their trucks over the historic route loaded down with food, fuel and other much needed supplies. They travel in groups of ten or more, driving in close formation, and it takes hair trigger concentration and expert driving know-how on the part of the men behind the wheels. Except for brief stops at relay stations, spaced approximately every one hundred miles, the trip is non-stop. Relay stops are made only to gas up, check the trucks mechanically, and to change exhausted drivers. These Army convoy crews would willingly wager six months pay theirs is one of the toughest jobs in the Army today. But they're just as unwilling to give up their back breaking grind for assignments elsewhere.

After hours on the road, eyes focused not on the magnificent scenery which one day will make the Alaska Highway one of the tourist wonders of the world, but on the tail of the truck right in front, all the boys ash for is a six hour catnap in their ever-present sleeping bags to refresh themselves for the return trip. They're back behind the driver's wheel ready for the southbound convoy that will bring them back to their original relay station.

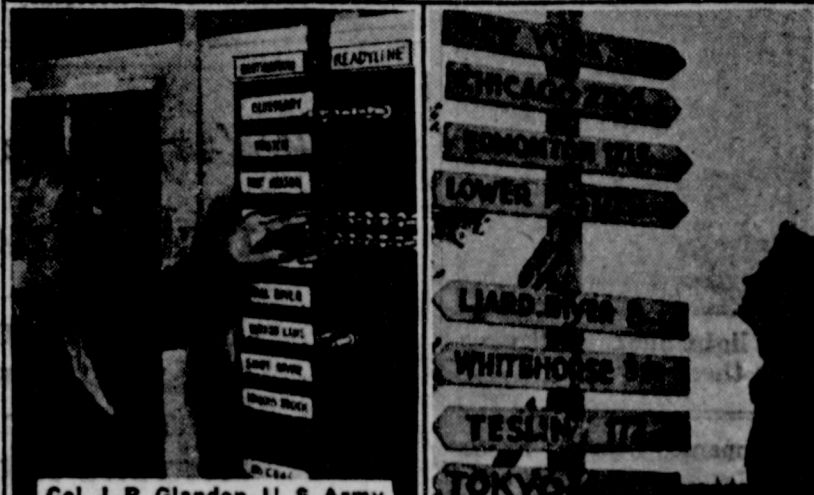

**Trucks Stand up Well Under Hard Driving**

The Alaska Highway is not all tough going now. Uncle Sam's Army Engineers have completed four magnificent steel bridges, one over the Peace River and three others across other streams, thus eliminating dangerous and time killing ferrying of trucks and their valuable loads. There are some first rate stretches of highway now in use, especially between Watson Lake and Whitehorse, where two and three lane roadway permits comfortable travel and a 40 mph speed can be achieved.

There are a few sections, however, which still provide tough going and repair and construction crews are working feverishly to improve this roadbed. Despite the

Photo shows a convoy of loaded trucks, built to Army specifications by Studebaker, moving northward from Dawson Creek, B. C. (insert) Protected by dust mask, this Army driver is ready for the long haul.

Col. J. P. Glandon, U. S. Army Quartermaster Corps, checks dispatch board marking location of all trucks moving along the highway.

Favorite stopping place is signpost identifying mileages.

At a typical relay station, a truck convoy stops to re-gas, check trucks and take on rested drivers for next jump.

Photos passed by U. S. Army

many handicaps, some of the trucks "highball" the 1000 mile stretch from Dawson Creek to Whitehorse in about 72 hours time, and boy, that's rolling. Only first rate mechanical skill in maintaining the rolling stock at a peak of efficiency makes this tremendous transport job possible. The trucks used on the Highway were the first in this war to be built to Government specifications.

A directive for a "pilot" production model was released in December, 1940 and production models began rolling off the converted passenger car line at the Studebaker plant at South Bend, Ind., a few months later. Trucks are four speed and have a conventionally mounted six cylinder engine with a multiple drive feature included to assure positive driving force regardless of the unevenness of the terrain.

She will soon receive a Gregg Certificate.

**SHHS Defeats Lindsay**

Sacred Heart High's Volley Ball team, with ceaseless determination, eked out a 2 to 0 victory over the spirited and hard-hitting team last Wednesday at three o'clock.

A beautiful combination of team work and stamina brightened an otherwise dismal game when with the score 14 to 8 in their favor, SH team picked up and won the game amid loud cheers. The final score being 17-15. The score of the following game was 15-10 in favor of SHS. We hope to play this team again in the near future for we always enjoy their spirited competition.

The Volley ball teams wish to express their appreciation to the splendid leadership of Coach Juanita Weinzapfel.

**Former Student Visits School**

We enjoyed a visit with one of our former classmates, Frank Hennigan, a senior, who is attending Subiaco Academy this year. He told us about his life at boarding school and his football career. According to Frank, Subiaco must be a swell place. As he said, it has regular classes and such but he still likes it.

We're sure you do, Frank, and we wish you and the other Muenster boys lots of luck. Of course, we would like to have you here but there are more advantages for you at Subiaco.

**Pep Squad is Organized**

Friday, October 22, marked another red letter day for SHHS's athletics. A pep-squad was organized under sponsorship of Sister M. Georgia. "Victory Forever" was selected as the motto: "When Sacred Heart High Comes March-

ing By" as the pep song. Blue and white were chosen as the official colors, and the Bluebonnet as the flower. Snowball, a white kitten on a blue leige is the mascot.

A small booklet of songs, cheers, and yells has been printed, a copy of which has been distributed to each student.

Mary Evelyn Seyler was chosen cheer leader. After practicing several days, the squad gave its first performance Wednesday afternoon at the game with Lindsay.

**Practice Continues for Comedy**

November 7, has been announced as the date for the staging of

our comedy, "Brother Goose". Practice continues under the direction of Sister M. Geraldine, and the cast has been very faithful in attending the practices and is showing much enthusiasm. From all reports, we are quite sure that it will be a worthwhile presentation.

**WANTED:** Reliable person to fill a position as secretary. Must be able to write eighty words per minute in shorthand and type fifty words per minute. Apply in person to the Editors of Mosaics.

Tests Over  
Six weeks tests are now past and classes have resumed their usual grind. Every one has made a resolution to study harder the coming six weeks. Watch grades! They will tell.

Student Council Prexy Speaks at Assembly  
Last Thursday morning a general assembly was held in the school auditorium. Alma Marie Luke, president of the Student Council, brought before the students some of the points of school spirit which should be observed. She stressed politeness above all else. "For after all," quoting the words of Miss Luke, "one who observes the common rules of etiquette, naturally respects other people; and being respectful includes holding the doors open for classmates and teachers, rising when a teacher or some older person enters the room." A quiet and attentive student gains every one's admiration.

Miss Luke also stated that study periods could be used to greater advantage. "Use them for what they are intended, and that is, getting assignments."

During the course of the week Mary Ann Reiter has acquired her forty words per minute in typing.

*America Salutes*  
**The NAVY**

When David Farragut, first admiral of the United States Navy, bellowed the much quoted words — "Damn the torpedos, full speed ahead" he expressed a spirit that has become traditional with our navy — its men — its ships — and more recently, its planes. "Old Salamander" as Admiral Farragut was fondly nicknamed, was from "stem to stern" the fighting figure of a man such as has made the American Navy undaunted, unbeaten; one of the first hopes of the world in the present war, to wipe tyranny off the face of the earth! On this day, dedicated to our navy, all of us backing up our naval heroes, here at home — give a rousing cheer to encourage them in the battle they are fighting so gloriously. Victory must be theirs — but it is for each of us to hasten it; unflinchingly we **Back the Attack With War Bonds.**

**FR. BAYER COMPLETES CONSTRUCTION OF DRAINAGE SYSTEM**

Frank Bayer, Muenster farmer, completed Friday, October 22, the construction of his entire terrace system, J.W. Hess, District Supervisor, reported today.

"Following the land use and water disposal systems which were planned by the Soil Conservation Service, Mr. Bayer has constructed to District specifications ridges and has made necessary fills on 7.85 miles of terraces covering 110 miles, and protecting his entire cultivated area of 124 acres. He has constructed, shaped, and sodded a terrace outlet drainage channel, and has shaped, smoothed, and sodded 21 individual terrace outlets. He is the first cooperator in this part of the District to complete his drainage system," Mr. Hess says.

Mr. Hess further observes that Mr. Bayer is to be commended for this execution of his District farm plan, notwithstanding the shortage of farm labor and heavy terracing equipment. It is such diligence and perseverance in Soil and Water conservation that is going to make for a prosperous agriculture through out the Upper Elm-Red Soil Conservation District.

**LOCAL 4-H GIRLS HAD ACHIEVEMENT PROGRAM MONDAY**

Members of the Muenster 4-H Girls' Club held their annual achievement day program last Monday afternoon in the parochial school auditorium. An attractive large display of work done during the year included canned goods, needlework, rugs, woodwork, and featured also fresh baked goods. A number of the girls presented a style show, modeling dresses and hats they had made as a part of their club work.

Miss Nettie Shultz, county agent sponsor Mrs. J.M. Weinzapfel, teachers and parents attended the program. Miss Shultz addressed the group, and the girls chose Rosalie Miller to represent the Muenster club as a candidate for the county's 1943 gold star award. Members had previously given a report of their year's activity.

Sixty-five members were present for the meeting.

**Nine Boys' 4-H Clubs Functioning in County**

Nine Boys' 4-H Clubs have been organized or re-organized in Cooke county this fall and are now busy with projects for the coming year.

Membership in the clubs totals 204 boys who have various types of projects, among them dairy calves, beef calves, brood sows, feeding pigs and poultry, and all types of field projects.

There is a decline in feeding of beef calves this year due to the fact that feed costs are too high and boys cannot see any profit in feeding calves. But they have a great number of hogs to feed out, County Agent Albert Briant, disclosed.

The boys are looking forward

According to Mr. Brient the following clubs are now functioning: Muenster, with Alvin Fuhrmann, as president and Henry Yosten, secretary; Lindsay with Johnnie Arendt, president, and Hubert Neu secretary; Burton, Callisburg, St. Mary's, Union Grove, Woodbine, and Hays. President and secretary for the Hays club are Jackie Newton and Junior Hammer.

**LITTLE DAUGHTER OF FRANK EVANS, PILOT POINT, HAS POLIO**

Marie, little two-and one-half-year-old daughter of Mr. and Mrs. Frank Evans of Pilot Point, and granddaughter of Mr. and Mrs. Frank Hess of this city, is suffering from infantile paralysis.

The child was taken to a Dallas hospital Saturday and is receiving the Kenny treatment. Reports this week are that she is responding to treatment as well as can be expected. Mr. Hess visited at the hospital Monday.

**Return Ration Books in Mail**

Finders of lost ration books may drop them in the mail without repaying postage or enclosing them in envelopes, according to OPA. On payment of a five-cent postage-due charge, the Post Office Department will return the lost book to the person whose name and address appear on the cover. When the addressee cannot be found, the post office will forward the book to the nearest ration board.

Mr. and Mrs. Arnold Friske and daughters of Gainesville visited his parents Sunday. Their younger child fell through a window last week and sustained a number of facial and body cuts. About the same time their automobile was stolen, but was recovered by police in a half hour eight blocks from their home where it had been abandoned unharmed.

1 Block North of State

Suit for divorce from the bonds of matrimony; plaintiff and defendant having been married on or about the 11th day of April, 1934, in Cooke County, Texas.

For cause of action plaintiff alleges that within about two years after their marriage, defendant began a course of cruel, harsh, and abusive treatment toward her; that she fears him most especially for the reason that he has often whipped her as an adult would a child; that he has left her at various times, for weeks at a time, without food or money to buy the necessities of life, that by reason of this she has often gone hungry for days and then would be forced to go to her sister's home and beg for food to sustain her; that defendant exact whereabouts is unknown to the plaintiff at this time. There is no community property and no child or children of this marriage relation; that said marriage relation still exists and that the herein stated reasons have rendered their living together, further, as husband and wife insupportable, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Gainesville, Texas this the 27th day of October A.D. 1943.

### Lindsay News

Rt. Rev. Abbot Paul Nahlen of Subiaco, Ark., visited with Father Conrad Saturday night and said Mass here Sunday.

Freddie Schmitz of Sheppard Field was home for a weekend visit with his parents, Mr. and Mrs. John Schmitz.

Mrs. Gus Knabe has returned to her home in Muenster after spending a week with her daughter Mrs. Frank Hellinger and family.

Pvt. Leonard Luttmer, stationed with the army in Italy, has cabled relatives to the effect that he is well and safe. He is a member of a medical unit.

Miss Margaret Gruber of Sherman and Harold Gruber of Fort Worth spent the weekend here with their parents, Mr. and Mrs. F.J. Gruber.

Jake Bezner has been named local chairman for the solicitation of funds for the county war chest in this community. The drive gets underway Nov. 2, and continues through the 16.

Mr. and Mrs. A.C. Flusche and daughter, Miss Miriam, and Mrs. Lillian Sacra, all of Denison, visited relatives and friends here Sunday, and attended the Subiaco Alumni party at Muenster.

Eugene Schmitz, son of Theo Schmitz, has been granted a medical discharge from the army and arrived home this week. He had been confined to the Amarillo air field hospital for the past several weeks.

Juniors and Seniors Hold Secret Meeting

How the terrified freshmen wish that the walls of Room III could speak to tell them what kind of scheming and planning the Juniors and Seniors were doing at 12:45 last Tuesday afternoon. And why, wonder the innocent little

greenies, did the meeting have to take place behind doors heavily guarded by the sophomores. No wonder the freshmen became alarmed, confused and even "panicky", looking as if their death warrant were being signed. Maybe it was, huh, Freshies? As this notice goes to press, the juniors and seniors are hoping that ALL the freshmen will still be among the living after Friday, October 29.

#### High School Sodality Plans Candlelight Service

On Sunday evening, October 31, at seven o'clock, the high school sodalists will conduct a Candlelight service to honor Christ, the King, and all His Saints, Sunday being the solemn feast of the Kingship of Christ and at the same time the eve of All Saints. The service will consist of a procession which will halt in front of church just before entering to join in Father Lord's well-known Catholic Action song, "For Christ the King". As the procession passes through the church, dark except for the soft glow of the sanctuary lamp and the flickering of the candles carried by the sodalists, the Litany of All Saints will be recited in unison choir for the boys of the parish in service. Rosary and Benediction will follow. After the service the sodalists will deposit their candle on Our Blessed Mother's shrine as an offering to Christ our King through Mary, our Queen and Mother.

#### Forty New Fiction Books Are Added to Library

Lovers of fiction — and who isn't — feasted their eyes on the forty attractive new books in their colorful jackets which were found on display in the library Monday morning. Leroy Schmitz, who found it so hard to make his decision as to which book to check out first, did not have to wait long to un-make his decision when Sister Alphonsine announced very firmly that no new fiction books would be checked out until all were catalogued and shelved. To the question, "Sister, when will they be ready?" she merely replied "It won't take too long. Here's a chance to practice a bit of patience." And PATIENCE — but a

### HUNDREDS ATTEND SOCIAL SPONSORED BY SUBIACO ALUMNI

The annual benefit party sponsored by members of North Texas District of the Subiaco Alumni Association here Sunday and Monday was a gala affair attended by hundreds of persons from Muenster and neighboring communities. Attendance was swelled by delegations from other cities in the district.

The general bazaar attractions, games and other entertainment got under way at about 2:30 Sunday afternoon, following a concert by the local youth band under the direction of Rev. Richard Eveld, and continued during the afternoon and evening hours. A plentiful supply of lunches and other refreshments was on hand for the large crowd.

On Monday evening, beginning at 8 o'clock, the party was continued, supplemented with a dance on the main floor for which Gordon Shay and his Orchestra, from Wichita Falls played. The large dance floor was crowded throughout the evening.

Proceeds from the affair were placed in the Subiaco Press Fund. Rev. Thomas Buerger, Muenster pastor was general chairman. He was assisted by alumni members and other persons from this community, Lindsay and Gainesville. In addition to the scores of visitors from Lindsay, Saint Jo and Gainesville the following were present from out of town: Rt. Rev. Abbot Paul Nahlen, Rev. Louis Rev. Michael and Frank Hennigan all of Subiaco, Ark.; Leo Krebs, national president of the alumni association, Little Rock, Ark.; Rev. Aemilian Schmitt and Tom Breen Fort Worth; Mr. and Mrs. A. C. Flusche and daughter, Miss Miriam, and Mrs. Lillian Sacra, Denison; St. Sgt. Wilmer Luke and Sgt. Frederick Schmitz, Sheppard Field; and a delegation from Windthorst composed of Rev. Edward Buerger, Mr. and Mrs. L.A. Zihlman, Mr. and Mrs. Ollie Thomson, Paul J. Berend, Marcus and Miss Mathilda Lindemann and Miss Rose Koelzer.

### Confetti---

(Continued from page 1)

Another interesting feature about the plane is its twin propellers. The front one is on the main shaft, the other is directly behind it and mounted on a sleeve moving in the opposite direction. Purpose of the arrangement is to overcome torque, which is the mechanic's word for the tendency of the entire plane to rotate in the same direction the propeller does.

### Texas Theatre Saint Jo, Texas

BOX OFFICE OPENS AT 7:30
