## Sales tax receipts...

# shows county business up

City sales tax rebates from the month of April to the month of May from the State Comptroller's office to Spearman show that business was up, while sales tax rebates to Gruver show that business was down.

In the April sales tax rebates, the City of Gruver received a check for \$3,991.85 while in May the city received \$3,590.82. Spearman received a check for \$13,358.13 in April, while in May the city received \$16,420.27.

Gruver's April city sales tax rebate was up 36.28% from the \$2,929.26 which was received in April 1991, while the May rebate was down 6.36% from the \$3,834.65 received in May of 1991.

Spearman's receipts for April showed a 22.81% increase from the April 1991 receipts of 10,876.87. The May receipts also showed an increase from the 1991, although it was only an increase of 0.59% from the \$16,323.33 rebate check.

Payments to Gruver have totaled \$20,672.66, up 13.54% from the 1991 payments to date, which was \$18,206.59. Spearman's payments to date (\$76,531.53) were also up. However, they are only up 9.82% from the 1991 rebates of \$69,685.13.

Statewide, State Comptroller John Sharp said that sales tax rebates to Texas cities and counties totaled \$9.9 million for the month of April, up 8.1% over last April's rebate of \$9.2 million.

In May State Comptroller Sharp said that sales tax rebates to Texas cities and counties totaled \$150.8 million, a 4.3% increase over payments received in 1991.

Texas cities received \$136.6 million. This is a 4.2% increase from the \$131.1 million received in rebate checks last year.

Counties received a total of \$14.2 million in May rebates. This year's rebate checks were a 5.2% increase over the May 1991 rebates which totaled \$13.5 million.

Sharp stated, "Monthly rebates to cities and counties so far this year continue to reflect a slow, but steady improvement in the state economy."

## CRP sign-up dates set, June 15-26

by Duval Burton, soil conservationist

The USDA Soil Conservation Service reminds that the Conservation Reserve Program (CRP) could be their ticket to staying in compliance, saving soil, and making a profit.

The 12th CRP sign up will be June 15-26 at local Agricultural Stabilization and Conservation Service offices.

The first eleven sign ups resulted in the acceptance of approximately 4.1 million Texas acres into the program. Under the Conservation Reserve Program, farmers receive annual rental payments in exchange for agreeing to put highly erodible land into permanent vegetation cover for 10 years.

Landowners wishing to enroll land into the Conservation Reserve Program state the rental rate they require to take their land out of crop production. Those bids are either accepted or rejected by USDA based upon the environmental benefits anticipated per dollar of cost.

Wes Oneth, state conservationist, says the Conservation Reserve Program is a good option for farmers who must have applied soil conservation systems by 1995 in order to remain eligible for USDA programs.

Program and services of the Soil Conservation Service are offered on a nondiscriminatory basis without regard for race, color, national origin, age, sex, religion, marital status or handicap.

Oneth explains that the Conservation Reserve Program allows farmers to be "in compliance" without having to install various conservation measures, such as terraces and waterways, which can be costly to construct. Cost-share money is available to help farmers establish permanent vegetation on CRP Land.

## Bort to live in Italy

Akiko Bort, 17-year-old Gruver High School senior, and the daughter of Robert Bort of Gruver, has been selected by a noted international organization in an exchange program to live in Italy with a local Italian family for one month this summer. She will depart for New York City, then Brussels and Rome, on June 30.

The Experiment in International Living and School for International Training in Brattleboro, Vermont,

selected Akiko from a host of applicants for its noted Homestay Italy program this summer. This Summer Abroad program will provide an opportunity for Akiko to learn about and experience firsthand the Italian people and culture. Akiko will carry on the school's tradition of promoting international understanding through people-to-people exchanges. Since 1932 more than 45,000 teenagers have participated

## Hansford Roundup...

# Saturday was a full day of fun

The last Saturday of the Hansford County Roundup Celebration had fun events starting at 8 a.m. and lasting till late afternoon.

The first event was the Biathlon race, a combination of bicycling and running from Gruver to Spearman. In the top picture, race organizer Joe Archer gives last minute instructions to the 16 competitors in the race. The winner of the race was Gary McCarell of Amarillo. He set a new race record of 44:33. Following McCarell were Jackie Cannon and Mike Roberts, both of Amarillo.

Another race that got under way at 8:30 a.m. was the 2 mile walking race. There were four competitors in that race. Their order of finish was Jerry Whitton, Reba Bengel, Bonnie Wilkerson and Susan Poole.

At the same time the races were being peddled, run and walked, The Palo Duro Supper Club was hosting the First Annual Hansford Roundup Fly In Breakfast and air show. Thirty-one pilots and spectators had breakfast at the Spearman air port and watched pilots from Texas and Oklahoma put on an air show.

Mike Schnell, of Spearman, made several passes in his restored 1942 Voltee air plane. In the second picture Billie Jo Moore and pilot David Black lock down the hatch as they prepare to put on a demonstration of acrobatic flying in his bi-plane.

The following awards were given to pilots attending the breakfast. The youngest pilot attending was Jeff Lackey. The pilot flying the longest distance to attend was from Queensland, Australia. Dirtiest airplane went to Kenneth Bozeman. Oldest pilot was Gus McLain and oldest airplane was Schnell's Voltee.

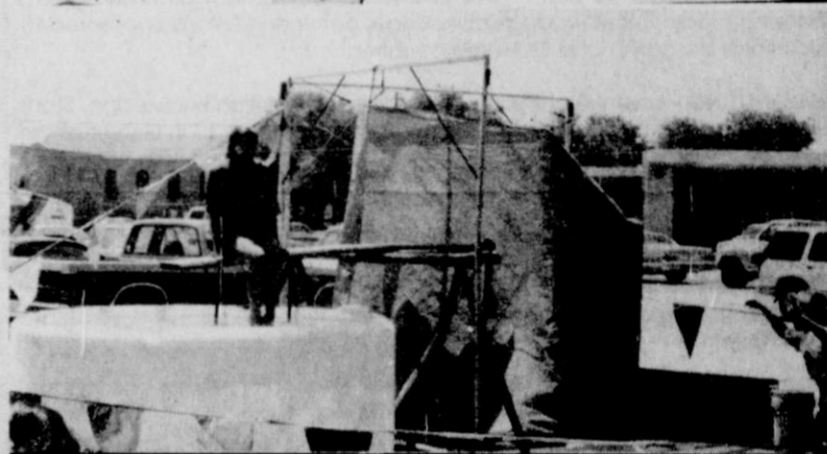

At 9 a.m. merchants along Main Street and along 7th street open their doors and moved out onto the sidewalk for a sidewalk sale.

At 11 a.m. food and game booths were set up on the Courthouse lawn. Of the food booths, the Lions Club hamburger, the pie and the snow cone booths were popular. Of the game booths, the dunking (3rd picture) and the face painting booths had steady lines all afternoon.

At 1 p.m. the Hansford Historical Society held a reception for Hansford County residence over 50-years of age. In the fourth picture, in the foreground are Dolly McWhirter(l) and Ruby Jo Wilbanks enjoy the refreshments and conversation of the reunion. In the background of the picture are Gus Renner, Ray Phelps, Herb Kirk and Major Lackey.

At 2 p.m. the parade started it was led by law enforcement vehicles from all over the county. Following them was an honor guard made up of boy scouts from the Spearman troop. The parade contained vehicles of every sort, from bicycles to farm machinery to the dune buggies and other off road vehicles in picture number five. The kids all along the parade route were ready to catch the candy being thrown from the parade vehicles.

# Chamber Chatter

by Cindy Blackman  
Chamber Manager

With the celebration over, I want to thank everyone who helped to make it a huge success. So far the comments have been really good. Of course we did a few things wrong but I think most of the events held were well attended and everyone enjoyed them.

Our parade was one of the best and I thank everyone who supported the parade with an entry. Craig and Beverly Vinson were in charge of getting the parade together. The winners in the float division were first place - First State Bank; second place - Rho Rho; and third place - Women's Division of the Chamber of Commerce.

Bike winners were: 5 and under: Joclin Baca, who won a sundae from Dairy Queen and a blue ribbon; 6 to 8 - 1st: Russell Sheets, who won a blue ribbon and a certificate for a movie rental from the Video Hut; 2nd: Keilee Goodheart, who won a red ribbon; and 3rd: Brant Fuller, who won a yellow ribbon.

Don't forget, if you picked up a ping-pong ball from the parade, take it to the First State Bank and see what your number matches for a

prize. Our thanks to all the clubs and organizations who set up booths at the court house. I hope they all did well.

A special big thank you to Elmer Bynum at the court house. The lawn was really nice and he was there Saturday just in case I needed him. Thank you!

I want to thank KRDF radio station. Without them no one would have known anything about our air show, which by the way is something we will do bigger and better next year. Thanks Mike and Randy for getting that together.

Thank you Bret for putting on a great rodeo! Thanks to Kathy Boyd and all Women's Division members and Joe and Wanda Archer, Ricky Thompson and Randall Sauer.

I hope I have not left anyone out. We will soon meet to go over this year's celebration and start to work on next year's events. Please let us know your feelings and any suggestions you have we would like to hear.

Last but not least, thank you Monty for helping with all the events and for giving me support!

## THE COST OF GETTING MARRIED

The summer months are just as popular for wedding today as they were in the good old days. But the price tag on today's weddings has nothing in common with the good old days. Today, the average cost of a formal wedding has soared to \$13,310.

The dilemma facing young couples planning to pay for most weddings themselves is that they face many other expenses at the same time. Home furnishings, automobile loans, student loans and new wardrobes can drain the budget, even when there are two earners. Squeezing in the wedding expenses is a major challenge. And with a wedding, expenses generally must be paid immediately, not stretched out, unless the couple has borrowed money to finance the wedding. With today's costs, financing a wedding on time can be a burdensome as an extra car payment.

The money squeeze means that the couples must make some "wedding affordability" decisions and then shop carefully to get the best value for the goods and services

they plan to purchase. Those who plan to get married should consult couples who have been married a year or two for advice on realistic ways to make the wedding more affordable.

First, decide what is most important, where you are willing to spend the most money and where you are willing to spend the least. If the reception location is the most important aspect of the wedding, then identify ways to economize on other items that are less important. Prepare a written budget for the wedding expenses. Figure out from the onset where the money will come from to pay expenses. Keep tabs on bills to avoid "cost over-runs."

Formal gowns are expensive so some brides are renting instead of buying. The difference between a \$75 rental fee and a \$750 purchase price represents substantial savings. Rental fees will vary, depending upon the original price of the gown and the size of the community. Another purchasing alternative is to buy from a consignment shop that sells previously worn

## At the movies . . .

Beginning Friday, June 12 and running through Tuesday, June 16 at the Lyric Theatre in Spearman is "Passed Away" on screen 1 at 8 p.m. and "Alien 3" on screen 2 at 7:45 p.m.

"Passed Away" Bob Hoskins, Blair Brown, Tim Curry, Frances McDormand, William Peterson, Pamela Reed, Peter Riegert, Maureen Stapleton, Nancy Travis and Jack Warden.

When a 70-year-old Jack Scanlon suddenly drops dead, his four estranged children have their hands full. They have to make all of the funeral arrangements and survive a traumatic family gathering.

As the Irish American family gathers for the wake and funeral, some of the fairly standard smirking-in-the-face-of-death gags are played states a review from a leading magazine.

But then the joking quits and the movie turns. It becomes a heart tugging. Romance, rebirth and the emotional problems of family relationships are then focused on.

"Passed Away" is rated PG-13.

"Aliens 3" stars Sigourney Weaver.

Lieutenant Ripley (Weaver) crash-lands on Fiorina 161. This is a planet inhabited by a crew of

brutal criminals. She is surrounded by rapists and killers. There is such a bad lice problem that everyone has to shave their head, stated a review in a leading magazine.

Weaver gives an anguished performance states the review. It is easily the most ambitious performance of this series it continued. She is a battle-scarred warrior who is a survivor. The review states, she's been "fighting these tentacled, machine-jawed beasts for so long that they've become, in effect, her other half."

The shots of the alien seem like just glimpses and it leaves the audience wishing that the shots were longer.

This movie is a grimly seductive end-of-the-world thriller and the climax is a true knockout, states the review.

"Alien 3" is rated R.

During the week running from June 1 to June 7 the Spearman Police Department logged a total of 45 calls.

Included in these calls was one call of larceny/theft, two call of vandalism, three disorderly conduct calls, two trespassing reports and eight suspicious activities calls. There was one call for an ambulance, four miscellaneous calls for an officer and eight calls to unlock vehicles. Officers followed-up on one investigation, verified one 911 call, filed one report on found property and received one escort call. There were eight calls for animal control during the week.

On Monday, June 1, at approximately 12:47 p.m. it was reported that an officer stopped a vehicle to investigate a possible DWI, driving while intoxicated. The driver, a 26-year-old male, ran from the vehicle, but was later caught by the officer. His 27-year-old wife attempted to help her husband escape. During the struggle she attempted to take the officer's handgun, but was unsuccessful. However, while this was occurring the male escaped from the officer, but later surrendered himself. They were arrested and the female was charged with attempting to take the officer's weapon and the male was charged with a first offense DWI as well as resisting arrest, stated the report.

At approximately 10:39 a.m. that same day, Monday, an accident was investigated. It was reported that a 73-year-old male driving a 1991 pickup was driving west bound on

East Kenneth. The vehicle was driven into a brick wall stated the report.

On June 4, Thursday, at approximately 7:54 a.m. another accident was investigated. It was reported that a 62-year-old female was driving west bound on third. She failed to yield the right of way to a 59-year-old male driving north on Haney. No injuries were reported.

Later that same day, at around 10:02 a.m. a report of vandalism was received. The report stated that a garage door had been spray painted in the 100 block of south Hazelwood.

On June 5, Friday, a theft report was taken at 5:15 p.m. It stated that \$98 in cash had been taken from a vehicle parked in the 500 block of South Hazelwood.

The next day, Saturday, June 6, at 11:39 p.m. the department received a report of disorderly conduct. This report is currently being investigated.

Other activities at the police department included receiving two telecommunications devices for the deaf (TDD) These TDD's were received May 21. The department also received training on TDD use. The devices were developed for the speech or hearing impaired citizens. It allows them to communicate their needs to the 911 service.

## Banker's golf tournament set

The Annual Banker's Golf Tournament will be held Saturday, June 12 and Sunday, June 13.

It is a 36 hole tournament. Saturday's tee off times are at 8 a.m. and 1:30 p.m. Competition will begin again on Sunday with tee off at 9 a.m. and 2 p.m.

Tammy Kygar said that the tournament has a 60 team limit and it had been full for two weeks. "We have five teams on the waiting list," she said. The teams are made up of two people. One person on the team has to be a member of the Hansford Golf Club or live in the Hansford County, she explained.

Gruver State Bank and First State Bank of Spearman sponsor the annual tournament.

Randall Sauer of First State Bank said that they would be giving prizes for the "closest to the pin," and the "longest drive." He added that they would also give a \$1,000 savings bond for a "hole-in-one."

Some of the other prizes to be given away during the tournament are golf clubs (a set of woods), golf shoes, a barbecue grill, and savings bond.

Rho Rho also gets involved in the golf tournament. They draw circles on the ground and the golfers wager on whether they can hit the ball into the circle.

Buster Davis of Gruver State Bank, said that they started the tournament to help the golf course and it's been an annual affair every since. "I think we've had it for about fourteen years now," he said. "It's fun," he added.

## Letter to the editor

Dear Editor,

We as a family would like to express how fortunate we feel the people of Spearman and Hansford County are to have such a fine Hospice Program and facility. We never realized the importance in supporting Hospice, as do most people, until we experienced the need ourselves.

The quality of life and care that Elaine had in Hospice the final 2 1/2 weeks was possible because of the excellent staff and volunteers. Not only was every need met for Elaine, but our every need was met as well. We especially want to express our deepest gratitude to Carol Hergert and Brenda Wall. We love you dearly.

Sincerely,  
The Elaine Floyd Family

Dear Editor:

The celebration is now behind us and, we must admit, that is a relief. The favorable reviews far outweigh the criticisms. The rodeo kicked off the Roundup this year and a great deal of time and work went into preparing for it. Many people, businesses and groups sacrificed money and manpower to make this event happen. We would like to thank the following:

Stephanie Crossland - Ad sales and creating the sponsor vests.

Cheryl Sander - Ad sales.

John Sutterfield - Selling a sponsorship.

Brandi Schneider - Programs, painting, and for doing all the jobs nobody else wanted.

David Witt & Equity - Landing panels for the perimeter fence.

Mark Allen - Moving bleachers, setting up panels, building bucking chutes, etc.

R.L. McFarlin, Dennis Cline and the Sheriff's Department - Mowing and clean up.

Harry Stumpf and Boy Scouts - Clean up

Joey Woolley - Welding for the bucking chutes.

Mike Cudd and Hansford Implement - Lending us a truck and trailer for hauling bleachers and panels.

Craig Vinson and Lenis Simpson - Hanging signs.

Mark Guthrie - Repairs on bucking chutes.

Greg Miesner, Greg Odegaard, and Ed McIntyre - Setting up panels.

Tony Mans and Wade Burgess - Hauling bleachers and setting up panels.

First State Bank - For letting me miss so many days from work to do this.

## Spiritually Speaking

By Rev. Al Bruening, Pastor Sacred Heart Catholic Church, Spearman

A few weeks ago I had the opportunity to visit the remains of the homes of the Anasazi Indians in New Mexico, homes that were built and abandoned centuries before Columbus encountered the New World. Here in this place there once was a great city, but with the passage of time it disappeared. It caused me to pause and consider how God not only gives us the gift of life but also the gift of time in which we live our lives. Whether our years be long or short, God gives us this time in which to live and enjoy his creation. As Ecclesiastes 3, 11 says: "He had made everything beautiful in its time."

Yet it seems that there is a modern fetish to escape the limitations of time. We want everything instant: instant coffee, instant communications, instant pleasure. We have a great deal of trouble waiting in lines. Even the Concorde, which can whisk us across the ocean from New York to Paris in a few hours, is too slow. We go much too fast to pause and smell the flowers, to linger a while and enjoy God's creation.

Yet, as we read in Scripture (Eccl. 3, 1 ff): "There is a time for everything, and a season for everything, and a season for every activity under heaven: a time to be born and a time to die, a time to plant and a time to uproot, a time to kill and a time to heal, a time to tear down and a time to build, a time to weep and a time to laugh, a time to mourn and a time to dance..." We misuse one of God's greatest gifts if

we use time only to pack it full with our multitudinous activities and never pause to thank God for giving us time.

During these summer months it would seem that God gives us a chance to slow down a bit and enjoy more, his many gifts. For many people summer really begins (no matter what astronomer's say) when school is out and ends when school begins again. The days are longer, the warm breezes beckon, the smell of growth surrounds us. Summertime is a time for families to spend more time with each other. Perhaps now families can take more time to discover God's riches in creation together, and as they do so, they will also have the time to discover each other better. It can happen in the rapidity in which we live our lives that members of a family really don't know one another. It takes time to know another person. How many whirlwind courtships end in whirlwind divorces?

Let's slow ourselves up a little this summer, and take more time to reflect. We need to take time to know God and to know one another. It was only "when the time has fully come," did God send "his Son, born of a woman, born under the law, to redeem those under law, that we might receive the full rights of sons" (Gal. 4, 4-5). It took God time to prepare the world for the coming of his Son. We too have to take time to prepare for God's coming to us. When he comes the gift of time, precious as it is, will pass into timelessness, and we will be fulfilled for "He has set eternity in the hearts of men" (Eccl. 3, 11).

## On The Go With Joy

by Joy Henderson

We observed Mother's Day, a few weeks ago and I was running back and forth to Oklahoma so much that I didn't make mention of it. However I was paying a lot of attention to my mom and I hope I have always made my mom know I loved her and that I tried to make her feel special. I know when I was a kid growing up that I was able to brag that she was a good "Room Mother" and helped co-ordinate the parties and activities at school. I suppose if we tried to name all the nice things about our mother, we would feel like the child who was asked if she could spell Mississippi. The third grader replied, "I can spell it; I just don't know when to stop."

A preacher mentioned Sunday morning that someone asked kids what make a happy home. One child said, "A cat." Another replied, "Brownies." A third youngster said, "Peanut butter."

Another child when asked that question stated, "Happy Mothers." Indeed a happy mother usually makes a happy home. The preacher added that he had recently noticed a bumper sticker that read: "If Mama Ain't Happy, Nobody's Happy." There's probably a lot of truth in that statement as well, but most mothers have a lot in common.

Think for a minute about some classic statements that all mothers make at one time or another. How about, "Change your underwear. You might be in an accident." Another: "Stay out of the cookie jar. You'll spoil you supper." And this one: "Don't forget to wash behind you ears."

And who hasn't been reminded by her mother that money doesn't grow on trees. (A bank recently put up a sign that read, "Until it grows

on trees, see us for a loan.") Did you ever ask your mom if you could go somewhere or do something, she said no, and you replied that everyone else was going or everybody else was doing it? What did you hear? I know. "I don't care if everybody else IS doing it. If everybody went out and jumped off a bridge, would you do it too?"

Mother's are so very special. They've loved us and taken care of us and disciplined us and laughed and cried with us. I heard about a mother of four boys who prayed, "Help me to walk softly and carry a big layer cake." Mothers always know what to do whatever the circumstances.

And I wonder if you've ever had this gentle reminder from your mother. "Straighten up your face and quit pouting. What if your face froze that way?"

Well, since Father's Day is coming up in a few days, just go back and read this and substitute in the right places just in case I don't get around to observing Father's Day.

The son and daughter of Brenda (Williams) and Alva Henderson have been taking turns visiting with grandparents L.A. and Fayrene Williams and Nell Henderson of Morse. Salee and Sam are trying to get plenty of TLC in before joining their parents in a new overseas job with T.I. They will be living in Rome, Italy for a while. Great grandmother Charmian Lyle is getting in on the TLC also.

Visiting in the home of Eva Dozier is Essie Simms, Leta Davis, and Essie's daughters Denise and Judith. I can remember Essie Simms as being a resident of Gruver back when I moved here in 1948.

Vivian Green is enjoying a quick visit from son Bo Green and his

wife Bea. Joining them is daughter Lynna. They are from Abilene. We have received word that Viva Renner is in the process of relocating in Texas and will begin a job in the medical field in Amarillo. She visited Gruver in the home of her parents B.J. and Glenda Renner.

Popping in for a quick visit with friends were Mike and Pat Burnam. Seems like there have been some fishing trips between the Burnams and Wingers. Maybe all this re-union in the Texas and Oklahoma area is making the "biting" good.

Violet Lee was rushed to the hospital in Perryton Sunday morning after experiencing some heart problems. She is expecting to be able to return home without too many complications.

Verna Finley has returned home after spending a couple of weeks visiting the Ft. Worth area. If I don't get a story on her adventures, you all just go by and ask her to fill you in.

Those visiting in the homes of sisters Anna Beth Wood and Marguerite Nelson have been daughters and grandchildren. They have been Joyce Simon and Stephanie and Kayla; Lisa Ellis with Mary Beth and Alexandra; Cheryl and Dennis Farren with Jackson and Kathy Nelson and her friend John Dumbald from Indianapolis. Christy Cooper enjoyed brother Darren Pittman and Jody Holland had a visitor, Renae Clark, from Abilene. T.J. and Charlotte Bergin are enjoying Loving Reed and Meredith Schmitz of Borger.

Also Mavis Hart's daughter Terry Breaux was guest in her home and sisters Anne and Jeanne Potts visited parents Joe and Cathy Potts.

## Big-5 4-H Shows...

## wrap up competition for the year

Big-5 4-H Horse Show Association completed its show schedule for the year with the Potter County 4-H Show on May 30 and the Armstrong County 4-H Show on June 6.

On Saturday, May 30, Potter County held their 4-H Horse Show at the West Texas State University Horse Center in Canyon. Three Hansford County 4-Hers joined in the competition.

Ashley Brown won the Grand Champion Halter Mare at the show. It was great said Nancy Morris.

N. Morris' daughters also showed. Brittany Morris won the showmanship, placed second in the western pleasure (walk/trot) and got fourth in the western horsemanship. Brittany competes in the "pee wee" age division.

Her sister, Brandy, was also showing. She won first in the western showmanship and placed 10th in halter (geldings five and over). In the English classes she placed second in the showmanship, won the hunter under saddle and placed fourth in the hunt-seat equitation.

The hunt-seat equitation was the last class Brandy competed in that day. She usually competes in

the western classes, but her horse got sick so she drew out of the competition. N. Morris said that Brandy had been in the running for the all-around title, but since her horse was sick and she was unable to compete and it dropped Brandy down in the standings. She added that the horse was doing much better.

The last show in the Big-5 4-H Horse Show schedule was Armstrong County. It was held Saturday, June 6, at the West Texas State University Horse Center in Canyon.

N. Morris said that the clubs like to have the shows there (at WTSU) because it is an indoor

## GTE announces new manager

GTE announced the recent assignment of Jim Sharrar to local manager in Perryton.

Sharrar began his new assignment at the end of April said Gilbert Montez, GTE public affairs manager from San Angelo.

Jim began his career with GTE in 1965 with GTE's Michigan Company. He held several positions in the Michigan Company, processing to I&M Supervisor to transferring to Clarendon, Texas in 1981.

Montez stated, "Jim was involved with the GTE in Clarendon for 11 years." While in Clarendon, Sharrar was a city alderman for six years and Mayor of Clarendon for three years. He did this in addition to his GTE duties.

Sharrar is responsible for the installation and maintenance of all telephone facilities in the Perryton area and his territory includes 12 exchanges in the Texas Panhandle.

Montez said, "Jim is going to be able to continue the quality of service customers are use to."

Sharrar and his wife, Venita, have two children; Kim who attends Stephen F. Austin University and Jason, who attends Clarendon College. The release states that Jim and Venita were active in local civic and government activities at Clarendon and are looking forward to new opportunities in Perryton.

## Students compete in academic contest

On April 22, students from Spearman Junior High School and students from the Spearman High School along with students from 50 states, Canada, Mexico, Africa, Asia, Europe, and South America competed in the 18th Knowledge Master Open, a grueling academic contest.

Using knowledge derived from all areas of the curricula, middle school, junior high and high school teams faced tough questions and vied for top scores based on accuracy and speed.

A team of 14 students at Spearman Junior High School team scored 1,482 of 2,000 possible points. (The team placed 22 out of 73 teams entered throughout the State of Texas and 375 out of 1,560 teams in the nation and fourteen foreign countries.)

Members of the Junior High team included Regan Boxwell, Tiffany

Bruning, Melanie Cook, Haley Farber, Clint Faries, Clayton Hergert, Cody McLeod, Dillon Miller, Mark Parker, Martin Sanders, Phillip Sanders, Britt Savage, Kelly Shieldknight and Jason Villines.

Twelve members of the Advanced Pupil Training Class at Spearman High School scored 1,271 points of a possible 2,000 in a competition. They ranked 38 out of 67 schools, regardless of enrollment, in Texas, 128 out of 405 high schools nationally with enrollment of 200-500 students and ranked 957 of 1,751 high schools of every size, state and country entered.

Representing Spearman High School in the competition were Melissa Baker, Regina Biggers, Amber Cates, Jennifer Covington, Christopher Hornsby, Alisha LaRochelle, Alfonso Martinez, Alma Martinez, Robert Needham, Eliza-

beth Pipkin, Kristina Poole and Heather Reimer.

This is the first time that Spearman has entered the Knowledge Master competition. Academic coach, Wynnette Mullins described the event as "an extraordinary academic contest that was also fun for the students."

The Knowledge Master Open was designed to stimulate interest and recognition for academic accomplishment. The contest was developed to run on classroom computers in order to provide all schools the opportunity to compete in a national academic contest without the expense of traveling to a central site.

Results of the contest are tabulated into national, state, and enrollment-size rankings by Academic Hallmarks, a Colorado publishing firm that hosts the event.

## enlists in the army

Graduating senior, Jeremy T. Willingham

of Spearman High School will spend part of this summer learning the skills of an Army soldier.

Willingham, the 17-year-old son of Arvin and Billie Willingham of Spearman, joined the Army on April 9 but delayed his active duty date until August after his graduation. He will be sent to Fort Sill, Okla., for both his Army basic training and specialized training as a field artillery cannon crewman.

"I joined the Army to serve my country," Willingham said when he enlisted. "I also wanted to receive the skill training in field artillery." He will receive a \$3,000 enlistment bonus when he completes his field artillery training.

Willingham is scheduled to graduate from Spearman High School in May. He enlisted for four years by Sergeant Bill Feagley at the Berger Army recruiting station. For more detail about job training for graduating seniors, call him at 274-5287.

leaders representing as many high schools from throughout the North Texas area on April 24, 25, and 26 in Amarillo.

Ralston enjoyed a weekend with many other enthusiastic sophomores. HOBY Leadership Seminars bring together a select group of high school sophomores so that they can interact with groups of distinguished leaders in business, government, education and the professions to discuss present and future issues. The goal is to provide the youths a unique forum for learning about the American incentive system and democratic process and for broadening their understanding of their leadership potential and quest for self development.

The Hugh O'Brian Youth Foundation was established by the popular actor Hugh O'Brian following a visit to Africa where he was inspired by a meeting with Dr. Albert Schweitzer.

"One of the things Schweitzer said to me was that the most important thing in education was to teach young people to think for

themselves," O'Brian says. "From that inspiration, and with the support of others who believe in youth and the American dream, I started HOBY to seek out, recognize, develop and reward outstanding leadership potential among our nations youth."

The seminar held in Amarillo was made possible by donations from local Kiwanis, Optimist, Texas Federation of Womens Clubs, corporations and individuals.

### POST SPAWN BASS

Local bass anglers are discovering the joy of trying to solve the mystery of catching bass during something called post spawn. Anglers who last week could easily catch a limit of quality bass now return with empty live wells. (Note the paltry results of recent tournaments at Meredith and Greenbelt.)

The available food supply in our lakes has increased dramatically because most sunfish and minnows have completed their spawns. When a predator switches from feeding on adult-sized minnows and starts snacking on little bait, it makes

sense for the angler to start throwing some really small lures.

**TIP OF THE WEEK**—Buy two bags of two-inch POWER GRUBS, one white and the other chartreuse. With 8 lb. Magnathin line (or less!) try using either a Carolina rig or 1/8 oz. Flea Fly jig tipped with a POWER GRUB. S-l-o-w-l-y probe both sides of the second point off the main lake points. The bite will be delicate. When you feel something akin to a clump of moss on the grub, set the hook with a sweeping motion. Eight pound line does not permit a jerk-his-head-off hook set.

Other solutions for this transi-

tion time for bass are called catfish and trout. The water is getting warmer so start fishing for catfish during the evenings.

Our Rocky Mountain sister states are stocking trout in every creek, pond, and lake. They love Texans with tourist dollars, and eager rainbows are just waiting on you. My favorite spot in New Mexico is Cimarron Canyon between Raton and Eagle Nest Lake. Even an amateur with a fly rod can fool those tasty trout.

Congratulations to RICK JONES of Fritch for winning the 4th Fun Tournament at Lake Meredith.

RODNEY SWEET of Borger was second by just .03 of a pound. Out of 30 bass anglers only two caught legal fish, and the winner squeaked the scales at 1.57 lbs. Ten walleye anglers competed before current state record holder HANK McWILLIAMS of Borger won with 2.56 lbs. The new motto at Meredith is "catch a keeper and win a tournament!" Only 3 of the 40 entries caught keeper fish.

**GOOD NEWS** Fifteen kids entered the tournament. The free entries for kids under seventeen will continue at LAKE GREENBELT on Thursday, June

18th. Adult entry fee is \$20 and all kids under 17 may fish free with paid contestant. It's a memory that no kid will ever forget. Call 353-3654 for details.

See you at the lake...

dresses and gowns at a fraction of the purchase cost. Some garments may be new—a result of cancelled wedding plans.

The size of the wedding will affect total cost. Having fewer attendants lowers the cost of flowers and gifts. Having fewer guests lowers the cost of the reception.

Comparison shop on printing costs, contracts with caterers and reception sites, florists, photographers and other goods and services. Use the summer flowers at the ceremony and reception. Consider the least expensive time of day for a reception. Afternoon tea receptions are less costly than full meals. Use family cars instead of rented limos. Keep photography costs down by contracting with the best photographer, but taking the least expensive options offered. Supplement the photography by providing friends with film purchased in bulk to take candid photos.

One way of managing costs is to delay the wedding trip until cash flow is re-established. Couples should plan for wedding costs that fit within the budget so that married life does not begin with major debt from wedding expenses.

## Lodge sets meeting dates for June

Dwayne L. Smith, Worshipful Master of Hansford Lodge #1040 AF & AM urges members to attend the next meeting of Hansford Lodge on Monday, June 22 for election of officers, beginning at 8 p.m.

The installation of officers will be held on Friday, June 26 at 7 p.m. in Borger. Hansford Lodge and possibly Gruver Lodge will hold a joint installation with Adobe Walls Lodge in Borger on that date. Deputy Grand Master Robert O. "Bob" Schnell will be the installing officer.

Schnell is a Past Master of Hansford Lodge #1040 AF & AM. In December Schnell will become the second member of Hansford Lodge to be Grand Master of the Most Worshipful Grand Lodge of Texas. John R. Collard, Jr. was Grand Master in 1964. Collard will be installing marshal for the evening.

Gruver Lodge # 1326 AF & AM will be holding their election of officers this coming Monday night June 15 at 8 p.m. Worshipful Master Ted Evans urges members to attend the meeting.

### Duke University...

## sponsors recognition ceremony

TIP, the Duke University Talent Identification Program, is sponsoring a recognition ceremony to honor some of Texas' most talented seventh-graders. Mary Dawn Henson, Tucker Henson and Amber Murrell who attend Gruver Jr. High School will be some of the over 560 students recognized for their academic achievement on June 15 at Ed Landreth Auditorium, Texas Christian University in Fort Worth, Texas.

All students attending the ceremony scored as well or better than the average college-bound high school senior on either the Scholastic Aptitude Test (SAT) or the American College Testing Assessment (ACT). These tests are administered as part of an annual Talent Search with TIP has operated since 1980.

"Exceptional academic talent is a precious national resource that is often undervalued or ignored in our

society," said TIP's executive director Dr. David Goldstein. "For many outstanding young people, recognition from TIP is an important source of support and encouragement for their efforts."

TIP conducts recognition ceremonies in a 16-state region across the Southeast, Midwest, and Southwest. These ceremonies are the largest of their kind in the world with nearly 25,000 people attending in 1991.

Over 60,000 mathematically and verbally gifted seventh-graders were identified by the Talent Search this year. As a benefit of their participation, TIP offers students a variety of educational materials and publications.

TIP is a nonprofit, educational organization. The program receives support from student fees and donations from individuals, corporations and foundations.

# Gruver FFA reports on banquet

In the top picture are Lillian Cooksey (l) and Gail Slover. They were given plaques by the Spearman FFA Chapter naming them Honorary Members of the Chapter. In the second picture are the FFA officers for 1992-93. On the back row are Alvin Harbour, Taydawn Elliott, Melissa Baker, T.I. Harbour and Eddie Herrington. On the front row are Paul Pochecho, John Holt, Joel Stark and Brad Law.

140 members and guests attended Gruver's annual FFA banquet on May 19, 1992, at 7:30 p.m. in the Elementary Gym.

The banquet was presided by Rex Ralston, Chapter President and the 91-92 Chapter officers. The officers included Kenny Slough-Vice-President, Sharlet Slough-Secretary, Cody Barkley-Treasurer, Hart Derington-Reporter, Justin Carthel-Senital, and the Chapter Advisor-Clay Montgomery.

The 1991-92 FFA Banquet opened with the president welcome, given by Rex Ralston. The menu for the evening was baked and BBQ pork. The pig was raised and cooked by the Gruver FFA chapter. Other dishes were furnished by the FFA mothers.

Shortly after the meal the Greenhand FFA Degree Ceremony took place. The recipients of this award were Isias Arzarte, Ray Wells, Brady Tidwell, Larry Wells, Tisha Ralston, Andy Jones, Ryan Atwood, Galen Slough, Kyle Deeds, Wes Babbs, Jake McCullough, Clint Williams, and Angela Roper.

This year the Gruver FFA Chapter presented to each of the buyers of the county show, with a certificate to show their appreciation.

The Chapter FFA Degree Ceremony took place next. Secretary, S. Slough, announced that 11 members would receive this outstanding award. The successful members were Robert Whitaker, Paul Renteria, Jered Bass, Santos Rivera Jr., Lee Stedje, J. Carthel, Dawn McCullough, Chris Stork, H. Derington, Tek Ferguson, Raul Villegas.

Appreciation awards were given to the many parents and community leaders who have given their time and money and went out of their way to lend a helping hand to the FFA Chapter members and advisor. These honored people were Karen Sparks, Burt Williams, Linda and Buck Tidwell, Kenneth and Alice Slough, Dennis Henderson, Jeff Rudolf, Jan Stedje, Wes Whitaker.

Out of the many people who helped the FFA Chapter, only one person received the Honorary Membership Award. This outstanding person was Jesse Renteria, he was ushered to the front by Paul Renteria.

The Proficiency Awards were given to many students. The Ag Electrification Award went to K. Slough. L. Stedje was Ag Mechanics award, he was also District winner in this category. Ag Processing went to K. Deeds, and Ag Sales and Service went to K. Slough. The Beef Production Award went to R. Ralston and C. Barkley. Diversified Livestock award went to S. Slough. Home and Farmstead Improvement went to K. Slough, he was also the District winner in the category. Horse Production went to D. McCullough. Placement in Agriculture was R. Whitaker.

Swine Production award went to K. Slough, who was also District winner in the category. Turf and Landscape went to J. McCullough. Wildlife went to C. Barkley. Sheep Production went to G. Slough. Crop Production Award went to Chad Stork. Specialty Animal Production went to T.J. Bayless.

Star awards were given to three individuals. The Star Greenhand Award went to G. Slough, also a District winner in the category. Star Chapter Farmer went to R. Whitaker. Star Lonestar Farmer went to S. Slough. S. Slough also won in this category at Districts.

Outstanding student awards were given to Freshman-B. Tidwell, Sophomore-H. Derington, and Junior-S. Slough.

The Dekalb award was presented to K. Slough.

Outstanding Agricultural Science Awards were given to four individuals. T. Ralston for the 101-102 class, R. Villegas for the 221-241 class, R. Ralston for the 311-312 class, and Joe L. Garza for the 323-322 class.

The Newcomer Award went to Matthew Hoel and A. Roper. Computers in Agriculture went to P. Renteria. Public speaking Award went to R. Ralston. S. Slough received the Judging Award. The Leadership Award went to S. Rivera Jr. Record Book Award went to S. Slough. The student aids for C. Montgomery were L. Wells and L. Stedje.

Sandra Cotter, from Region 16 service Center presented the Non-traditional Student of the Year Award to S. Slough.

The individual that is representing Gruver as a 1992-93 district officer is H. Derington.

The recipient of the President's Award was R. Ralston.

The Future of the FFA depends on the Jr. FFA members. These members are Amber and Autumn Roberts, Sammy Renteria, Dusty Eckhardt, Travis and Trevor Ferguson, Erin Derington, Kyle Winters, Kyler and Bailey Barkley, and Leslie and Sheri Fiel.

The Junior Chapter Conducting team placed 3rd at District. The team members were Rona Tomlinson, T. Ralston, B. Tidwell, A. Jones, I. Arzarte, G. Slough, W. Babbs, R. Atwood.

Creed Speaking was presented to W. Babbs.

The Rodeo Team placed 4th at District. The team members were D. McCullough, R. Whitaker and P. Renteria.

The Senior Farm Skills Team placed 3rd in District. The team members were S. Rivera Jr., T. Ferguson, H. Derington and L. Stedje.

This year Gruver had five judging teams, which all did very well. The Livestock Team consisted of R. Ralston, S. Slough, K. Slough, R. Whitaker, C. Stork and G. Slough.

The Dairy Products team members were H. Derington, Clint Bell, J. Bass and C. Stork. The Land Judging Team consisted of S. Rivera Jr., A. Roper, J. Carthel and G. Slough. The Dairy Cattle Judging Team members were of K. Deeds, L. Stedje, Clint Williams and B. Tidwell. The final judging team was the Horse Judging. The team members were D. McCullough, J. McCullough, I. Arzarte and P. Renteria.

The 1991-92 Sweetheart team, R. Ralston and D. McCullough, were recognized.

The Chapter Advisor, C. Montgomery, wrapped up the Awards Ceremony with the Advisor Ad-

dress. The new 1992-93 officers were recommended by the Chapter Nominating Committee and voted and approved by the Chapter members. The officers for 1992-93 are: President-C. Barkley, Vice-President-S. Slough, Secretary-H. Derington, Treasurer-J. Carthel, Reporter-S. Rivera Jr., Senital-G. Slough, Historian-D. McCullough, 1st Vice-President-L. Stedje, Parliamentarian-B. Tidwell, Chaplain-P. Renteria, Sergeant at Arms-J. McCullough.

The night was closed by the new FFA President, C. Barkley, giving a brief speech and going into the closing ceremony of a meeting.

## TDPS suggests planning ahead

It's vacation time and time to start thinking about our summer travels and those year long planned vacations. Major Vernon Cawthon, Regional Commander of the Texas Department of Public Safety, says, "With some pre-planning on our parts, our summer travels can be made a lot easier and a whole lot safer."

Major Cawthon suggests that before you take to the road that you first check out yourself or other drivers in your group to ensure that everyone is well rested. Do not push yourself to the limit, ensure that you take proper breaks and spread the driving out over short distances. Ensure that all drivers feel good physically and emotionally and that no driver is taking medication or has had any alcoholic beverages to drink.

Make a check of the vehicle to include tires, brakes, belts, hoses, wipers, lighting and fluid levels and include spare parts for any minor repair that might unexpectedly come up. Remember to use your headlights to allow other drivers to see you in adverse conditions. At night, do not over-drive your headlights. Over 50% of all traffic deaths happen at night. Also, remember

that at night, our eyes take 4 to 7 seconds to re-adjust to night conditions after facing bright lights.

Keep posted on weather condi-

tions. Adverse weather can affect your ability to see and be seen. In bad weather, slow down and put on the low beam headlights. If condi-

tions warrant, it is advisable to spot and take a break. Be alert to

### INTS FOR HOMEOWNERS

Treated Wood Is The Popular Choice

Although years from now it may be easier to see how wise you were in choosing treated wood for that special outdoor project, it pays to go over the advantages of using treated lumber even before you buy.

Pressure-treated wood is lumber that has been impregnated with a chemical preservative to make it resistant to attack from termites and fungal decay. A recent survey of 10,000 homeowners showed that most decks and porches, whether built by a do-it-yourselfer or a contractor, are constructed of wood. The predominate building material for decks is pressure-treated lumber (78 percent of all decks), a product that conserves trees by preserving wood.

The good news for homeowners with questions about the safety of treated lumber comes from Bill Baldwin, vice president of technical and environmental services at Hickson Corporation, a company that produces Wolman CCA preservative and licenses the treating companies which produce Wolmanized pressure-treated wood. "Wolmanized wood is harmless to

traffic condition and if you are traveling at night, and especially on the weekends, be aware that a lot of drivers sharing the road with you are either fatigued or intoxicated. Alcohol impaired drivers cause at least 50% of all fatal accidents. One of your best defenses against the drunk driver is your safety belt, but it is only effective if you and all your occupants wear them.

Let's all work together to make this summer a safe one on our Texas highways. Driver friendly; it's the Texas way.
