

BANNER STOCKMAN

Volume VIII.

Clarendon, Texas, Friday, Sept. 20, 1901.

Number 47.

GENERAL STOCK NEWS

A. W. Collins shipped a carload of mules north Saturday.

Williams, Mundy & Gibson bought of Frank Rhodes about 400 head of stock cattle at p. t.

The J's will ship cattle Sunday from Southard. The shipment will include one car of JJ thoroughbreds.

G. B. Martin, of Guthrie, Tex., was here the first of the week and sold a bunch of ones and twos to Frank Collinson.

John McClellan was down from White Deer last week where he and his father, D. L. McClellan, are holding down J. D. Joffe's grass fine and cattle all fat and in splendid condition.

J. Cuddy, of Eldridge, came in yesterday and brought along some sample ears of his Indian corn which looks easily 40 bushels to the acre. He says crops are very fine in his section and considering lack of rain the corn crop is extra good. The ears brought to this office are the best we have yet seen.

Mules Wanted.

Good smooth mules 3 to 8 years old, harness or halter broke, 14 to 15 hands high. A. W. COLLINS, Clarendon, Texas. 44-4t.

... who had his leg cut on a wire fence about two weeks ago, is now able to walk without crutches and expects to return to work Sunday.

For Sale or Exchange.—160 acres improved patented land in Middle California fruit belt. For particulars address J. C. Hamill, Indian Gulch, Mariposa county, Cal., or C. W. Kendall, Clarendon, Texas. 22tf

J. Frisbie has the thanks of the editor for a nice mess of prairie chicken this week. Mr. Frisbie was hunting in the Rowe neighborhood and reports the finest crop prospects he ever saw. Mr. Nat Smith has a field of cotton which will make a bale per acre, while feed crops are in fine shape.

Lake's Lice Exterminator will kill your chicken mites and lice. Get it at Hartman's. 32-tf

Cracksmen at Work.

About 2 o'clock Tuesday morning burglars entered the gold store market by cutting out a screen door, and with the aid of dynamite or some like explosive blew open the office safe, securing as a reward for their labor about \$53 in small change. Some papers of value were recovered the next morning where the robbers had discarded them along with the empty money boxes near the lumber yards.

The job was evidently the work of experienced safe blowers. Some tools stolen from a blacksmith shop were used and left in the room. A hole or holes had been drilled in the safe door, the explosive was placed and the result was a total wreck of the safe. The explosion was heard by several parties who took no notice of it, not thinking of what was going on.

So far there is no clue to the robbers and no arrests have been made.

For Sale.

A 5-acre tract of land one mile from town. Good fences, good well of water, fine young orchard, good sheds and out buildings and splendid 3-room house. A model home. Apply at this office. 47-tf

President's Life Insurance.

Cleveland, Ohio, Sept. 14.—Well informed life insurance men of this city say that President McKinley carried from \$100,000 to \$200,000 on his life. One big New York company is said to have a single policy for \$50,000. Mrs. McKinley is understood to be the beneficiary named in all the policies.

School Books.

School books will be needed and Stocking's store is the place to get them and don't you forget it. 43tf

Don't forget the ice cream supper at the Morgan building tonight given by the ladies of the Christian church. They will also serve ham sandwiches, coffee, tea, etc.

H. A. Morgan solicits your orders for a full line of school supplies, slates and slate pencils. 41-tf

CLAUDE DEPARTMENT

CAPT. J. L. WHITE, Editor.

Claude, Texas, Sept. 16.

The BANNER-STOCKMAN is of inestimable value to not only Donley and Armstrong counties, but to all counties in the Panhandle of Texas. Our people of Claude and Armstrong county are remailing after reading every copy they receive from their old homes not only in Texas but in Ohio, Illinois, Kentucky and other northern states. We notice that quite a number of our exchanges copy from the BANNER-STOCKMAN for the benefit of their readers. It is gratifying to us to know that our people are showing such appreciation of our efforts to show the world at large the true worth of the Panhandle as a farming, a stock farming and a stock country. Quite a number of our subscribers asked us to order extra copies of the issue of the 13th inst., but it appears that the demand upon our office at Clarendon was greater than the supply. We of course know nothing of the disappointments of others but we could not get half enough to satisfy the requirements of our patrons and so refunded their money. The management of the BANNER-STOCKMAN intends increasing the size of the paper in the near future, as quite a lot of good material has very frequently to be either rejected or carried over indefinitely for want of space.

BORN—To Mr. and Mrs. Brunner of this county on the 10th inst., a son.

BORN—To Mr. and Mrs. Gist of Armstrong county, on 11th inst., a son. All doing well.

Ed Humphreys met with rather a severe accident on the 11th inst., his horse falling with him, resulting in a very badly sprained ankle and a badly disfigured countenance for Ed. The horse was not injured.

As words cannot express our sorrow at the death of our beloved president, William McKinley, we can only tender to the heartbroken widow our heartfelt condolence and trite in our sincere supplication to our Supreme Ruler to be with her and give her strength and faith to submit all to the good will of God, and Mrs. McKinley may rest assured that although gone from us the memory of the noble, generous, kind and loving Christian husband, who is simply gone before, will stimulate each and every true, honest citizen of our beloved country, the country which saw and appreciated the merits of the private soldier of his native state (Ohio) and raised him step by step, through those merits alone, until it placed him upon the highest pinnacle of fame, surrounded, and as we thought protected by the love of everyone in all lands,

regardless of creed, color or political views, but we find that our love for our president and our confidence in our people only made it the more easy for the serpent to strike. That cowardly, murderous blow of the assassin sealed the doom of anarchy throughout all civilized nations.

BORN—To Mr. and Mrs. Robt. Smith on the 11th inst., a fine boy. All doing well.

Dr. H. Z. Pennington reports a baby boy born to Mr. and Mrs. W. B. Sanders near Claude on the 14th inst.

We notice that W. E. Miller is erecting a new store house between the dry goods house of J. L. Dysart & Co. and the post office in Claude. We understand that Mr. Miller will keep a general stock of merchandise, but that we hope to learn later through his ad in the BANNER-STOCKMAN.

We are experiencing the first norther of the season today, 6th inst. It is 48 in front of the office of the Claude Department at 4 p. m.

The members of the Baptist church at Lake View, this county, are erecting a new parsonage for their pastor, Rev. Kilman, and, as we have been creditably informed, the home is to be presented to Mr. Kilman when completed. Such munificence on the part of the members toward their pastor seems to us a good indication of their appreciation of Mr. Kilman's worth and their trust in his ministry. Such people are not only a great credit to our country but especially to the great cause of Christ.

H. B. Martin, yesterday with a car load of hogs for his new field of labor in Amarillo. Bee is a good feeder and would be a success in the future. He got a female object of his desire long enough to be to appreciate his love's dream. Maybe he will be better luck in Amarillo. Woin with the young ladies in care regrets at his going away.—Memphis Herald.

A Certain Cure for Scurvy and Diarrhoea

Some years ago as one of a party that intended making a long bicycle trip, says F. L. Taylor, of New Any, Bradford county, Pa. was taken suddenly with diarrhoea, and was about to give up the trip, when editor Ward, the Lacyville Messenger suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, starting and one on the next day made the trip successful. I never felt any ill effects. Last summer I was run down with an attack of diarrhoea. I bought a bottle of the same remedy and this time it cured me. Sold by H. D. Ramsey.

A WORTHY SUCCESSOR.

"Something New Under The Sun."

All doctors have tried to cure cataracts by the use of powders, acid gases, inhalations and drugs. The mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalations have entirely eaten away the branches that their makers have a while pastes and ointments can't reach to cure. An old and experienced practitioner who has for many years made a specialty of the treatment of cataracts, has at last perfected a treatment which will cure cataracts, by removing the discharges, and curing all inflammation. It is the only remedy known to science that reaches the afflicted parts. This wonderful remedy is known as "Suxiflax" and is sold at the low price of one dollar, each package containing full month's treatment and everything necessary to its perfect use.

"Suxiflax" is the only perfect cataract cure ever made and now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation and permanently and is also wonderful in relieving hay fever or cold in the head. Cataracts when neglected often leads to consumption. "Suxiflax" will save you if you use it. It is an ordinary remedy that a common cure cures in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "Suxiflax" the guaranteed cataract cure.

The large cattle raisers of Southwest Texas have suffered from drouth this summer that the cattle remaining are very thin; and the additional fact that feed is dearer than ever before, all indicate that the number of cattle fed in Texas will be quite short this season. Arrangements were made early in the season from that territory to the Indian Territory, and as these were the best condition of cattle, and of course will not return to Texas feed lots, the probability of the shortage of Texas fed cattle is still further confirmed. The Panhandle country has had rather a favorable season, and cattle are, or soon will be, in reasonably good fix, but they, as a rule, go out of the state to be ripened.—Farm and Ranch.

Good Advice.

The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint. More than seventy five per cent. of the people in the United States are afflicted with these two diseases and their effects: Such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heartburn, Waterbrash, Gnawing and Burning Pains at the pit of the Stomach, Yellow Skin, Coated Tongue and Disagreeable Taste in the Mouth. Coming up of Food after Eating, Low Spirits, etc. Go to your druggist and get a bottle of August Flower for 75c. Two doses will relieve you. Try it. Sold by H. D. Ramsey. Get Green's Prize Almanac.

There is no cure like Asthmaure. It brings instant relief, and the worst cases. It cures when all else fails.

Rev. C. F. of Villa Rica, Ill., says: "Your trial bottle of Asthmaure received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dread and tormenting disease, asthma, and thought you over spoken your case, but resolved to give it a trial. To my astonishment, the trial acted like magic. Send me a full size bottle."

We want to cure every sufferer a trial treatment of Asthmaure similar to the one that cured Mr. Wells. We will send it by mail, paid, ABSOLUTELY FREE OF CHARGE, to any sufferer who writes for it, even on a postal. Never mind, though you are despairing, never had your case. A Conscientious Cattleman.

John Sparks, the well known Hereford breeder of Reno, Nev., has caused considerable excitement lately. The other day he received a notice of his assessment. It valued his cattle at \$50 per head, with the exception of his thoroughbred bulls, which were listed at \$100. Mr. Sparks then proceeded to "tell the truth and shame the devil." He wrote the commissioners they were wrong. His cows were worth not less than \$70 each, while his bulls were valued at \$500 cold cash each. Then he insisted that he be assessed at that rate. The press of the west has taken him as a model citizen. He is a hero, because he pays his just taxes. In one way this is true. Rich men are prone to dodge the tax collector. Mr. Sparks is entitled to commendation, not because he has done his duty, but because he has paid it while so many other rich

men are neglecting their own. He has proven himself both an honest man and a shrewd advertiser. He will reap his reward. —Chicago Drovers Journal.
John Sparks is a subscriber of ours and this paper desires to reach far over into distant Nevada and pat him on the shoulder for doing the proper thing at the proper time and in the proper manner. There is no reason in the world why that herd of patrician Herefords should be rated alongside the piebald longhorns of remote Spanish ancestry, even for taxing purposes.
Mr. Sparks asks and receives a good round price for every animal that leaves his herd, and when he tells the commissioners court that they have rated his cattle too low, he proves himself a man of conscience who is not willing to let a question of dollars and cents stand between him and his conception of the right.

One of the greatest evils of the day is tax-dodging. Men will perjure themselves to evade the tax-gatherer who are otherwise the soul of honor. John Sparks has set the stock world a glorious example, and his name should go down to posterity as that of a man who would not permit self-interest to clash with honor.

Mr. Sparks is an uncle of S. D. Sims, the well known Kent county stockman.—Colorado Stockman.

McKINLEY DEAD.

Scarcely was the BANNER-STOCKMAN off the press with its report of the president's great improvement last Friday when news came over the wire that a change for the worse had occurred, and later his death at about 2 a. m. Saturday. The course of the let through his vitals had become gangrenous, and this resulted in the inevitable death. Vice president Roosevelt took the oath of office soon after the death of the president, and is now at the head of the government. The funeral of the late president occurred Thursday at his home, Canton, Ohio, and the service was generally observed all over the United States as from 11 a. m. to 1 p. m. Religious services were conducted at the Episcopal and Christian churches at 11 o'clock, the public school took a holiday.

Stood Death Off.

E. B. Munday, a lawyer of Henrietta, Texas, once fooled a grave-digger. He says: "My brother was very low with malarial fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life." This remedy expels malaria, kills disease germs and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints, gives perfect health. Tax Rolls Approved.

Commissioners court was in session the first of the week for the purpose of examining the tax rolls which were approved and complimented as being the best set ever made for Donley county. This speaks well, not only for Assessor Baker, but also of the abilities of his office assistant, G. W. Graham, than whom there is none more handy with figures.

As shown by the rolls the total number of acres of land outside of city property is 571,748, value \$228,612. Total value of town property, \$236,170. Number of acres, 2,120. Value, \$1,120,000. Cows, 41,432, value \$520,257. Hogs 585, value \$1430. Amount of money in banks, \$40,300. Total valuation of all property \$1,880,037. Special school taxes as levied by the various districts amount to \$1579.30.

Late Reports

From Crops and Cattle

ALL INDICATE that the great Texas Panhandle is by long a most prosperous section of the State. Crops are finer, more varied and more plentiful; grass better and more promising; cattle fatter and in better shape, and the people happier and more contented in Donley and adjoining counties than anywhere else—and all this means that there will be a great deal of MONEY IN CIRCULATION among us this fall, and of course everybody living within two days' travel of Clarendon will come here for their Dry Goods, Groceries and Ranch Supplies. WHY? Because they know by reading the papers that *Noland & Co. Set the Pace*. That they buy more goods, sell more goods, and that their prices are lower than they can find elsewhere. *Prices Count and Quality Tells!* That's all. We are opening up our new goods now, and want to show them and sell them. Come and see us. Our prices will do the rest. Your friends truly,

One of the most encouraging features of the present situation as respects live-stock improvements is the renewed interest being shown in the work by the farmers of some of the older agricultural communities. Ohio, Kentucky, Tennessee and the Virginias were the pioneer states in the business of making beef from corn and blue grass. They were famous at one time for their great droves of high-class bullocks. Cattle feeding was the foundation of more than one fortune in the Ohio Valley States. Then came the civil war, the development of the great west and the wholesale abandonment of cattle-growing in regions once largely given over to that industry. Evidence continues to accumulate showing that Short-horns, Herefords and Aberdeen "doddies" are making substantial headway in the sections mentioned and that well-bred cattle are again becoming a factor of importance in the farming operations of the more progressive element. The Gazette desires to urge upon all intelligent farmers the idea of keeping a few pure-bred animals. Not every man is situated so that he can keep a fine stock a serious service to any landowner can, if he will buy and use with profit. Few females of some of the improved breeds. There is no reason why farmers should not substitute moderate-priced registered stock for grades and mongrels. A first-class cow of any of the best breeds will often prove more profitable in actual cash earned than any forty acres of land on the farm. The idea that none but the rich can afford to own registered stock has long since been exploded. Men who can afford to disregard all of the economies in farm management can put feed into thriftless "scrubs" if they like, but those who hope to have their grain and grass converted into something that will be sought at a good price will appreciate the importance of blood in animal husbandry. At the basis of all successful stock keeping, however, is good, generous care. Without this the best-bred beast as well as the "scrub" will do no good. Unless you propose to provide reasonably for your farm animals better stay out of the business.—Breeder's Gazette.

A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Burnam of Machias, Me., when the doctors said she would die from pneumonia before morning" writes Mrs. S. H. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of consumption. After taking, she slept all night. Further use entirely cured her." This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c and \$1.00. Trial bottles free at H. D. Ramsey's drug store.

THE HOME GOLD CURE.

An Ingenious Treatment by which Drunkards are Being Cured Daily in Spite of Themselves.

No Noxious Doses. No weakening of the Nerves. A Pleasant and Positive Cure for the Liquor Habit.

It is now generally known and understood that drunkenness is a disease and not weakness. A body filled with poison, and nerves completely shattered by periodical or constant use of intoxicating liquors, requires an antidote capable of neutralizing and eradicating this poison, and destroying the craving for intoxicants. Sufferers may now cure themselves at home without publicity or loss of time from business by this wonderful "Home Gold Cure" which has been perfected after many years of close study and treatment of inebriates. The faithful use according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous transformation of thousands of drunkards into sober, industrious and upright men.

Wives cure your husbands! children cure your fathers! This remedy is in no sense a nostrum but is a specific for this disease only, and is so skillfully devised and prepared that it is thoroughly soluble and pleasant to the taste, so that it can be given in a cup of tea or coffee without the knowledge of the person taking it. Thousands of drunkards have cured themselves with this priceless remedy, and as many more have been cured and made temperate men by having the "Cure" administered by loving friends and relatives without their knowledge in coffee or tea, and believe today that they discontinued drinking of their own free will. Do not wait. Do not be deluded by apparent and misleading "improvement." Drive out the disease at once and for all time. The Home Gold Cure is sold at the extremely low price of one dollar, thus placing within reach of everybody a treatment more effectual than others costing \$5 to \$50. Full directions accompany each package. Special advice by skilled physicians when requested without extra charge. Send no money to any part of the world, on receipt of one dollar. Address Dept. C 823 Edwin B. Giles & Company, 230 and 232 Market Street, Philadelphia.

A Communication.

Mr. EDITOR—Allow me to speak a few words in favor of Chamberlain's Cough Remedy. I suffered for three years with the bronchitis and could not sleep at nights. I tried several doctors and various patent medicines, but could get nothing to give me any relief until my wife got a bottle of this valuable medicine, which has completely relieved me.—W. S. BROCKMAN, Bagnell, Mo. This remedy is in sale by H. D. Ramsey.

Something to Remember.

When a cough or cold is long neglected consumption almost invariably follows. Remember Mexican Syrup only costs 25 cents a bottle, and yet has proven in many thousand cases an absolute safe cure for coughs, colds and consumption. Taken in time it cures quickly. Children like it because it tastes so good. Insist on your druggist keeping it for sale. Beware of the seemingly marvellous cures advertised, printed on the wrapper around the bottle.

A Pliable Sign.

What is more pliable than to see a puny, delicate little child absolutely crying from neglect. There are many little ones, whose cheeks would grow rosy, whose eyes would grow bright, whose flesh would be plump and pretty if only the worms that are knowing at their vitals were removed, which is easily effected with Mother's Worm Syrup, so nice to taste that children ask for it. Also a cure for tape worm in grown people. Try a 25 cent bottle.

The Secret of Good Health.

The secret of beauty and good health is cleanliness. Uncleanliness breeds disease. Internal cleanliness is of even greater importance than external. Keep your liver active and your towels thoroughly clean by taking a Mexican Root Pill occasionally. Their use does the nerves, kidneys, etc., good also. Only 25 cents a box.

Gooch's Quick Relief.

When your joints and bones ache and your flesh feels tender and sore, a 25 cent bottle of Gooch's Quick Relief will give you quick relief. Best cure for colic.

Healthy Blood Makes Healthy Flesh.

To have good flesh and good feeling, to look well and feel well take some Gooch's Sarsaparilla. Nothing else so good for pale and sickly women.

"The Best is Always the Cheapest."

Not how cheap, but how good, is the question. The Twice-a-Week Republic is not as cheap as are some so-called newspapers. But it is as cheap as it is possible to sell a first-class newspaper. It prints all the news that is worth printing. If you read it all the year round, you are posted on all the important and interesting affairs of the world. It is the best and most reliable newspaper that money and brains can produce—and those should be the distinguishing traits of the newspaper that is to be read by all members of the family.

Subscription price, \$1 a year. Any newsdealer, newspaper or postmaster will receive your subscription, or you may mail it direct to THE REPUBLIC.

TEXAS HOUSE OF REPRESENTATIVES
OFFICIALLY RECOGNIZES THE SHIRT WAIST.

The one thing that is sure to stir up the American Public is any radical departure from custom—anything that is not in style and lacks Dame Fashion's approval, no matter how sensible and full of service the new idea provide the shirt waist man, for instance. In time, however, the merits of any worthy innovation impress themselves, and the ostracized theory becomes fact—as in the case of the shirt waist, adopted at Austin, Aug. 6, by official vote, as the proper thing.

"THE DENVER ROAD" was the first to break away from the electro-slug method of display advertising, giving the people something to read with frequent changes, and it worked well. This year in the interest of our "constant readers" we have put in a little time courting the Muse, also the Amuse, and—Has it worked? Well, the shirt waist man realized that he had been flattered and backed into a blind siding when he heard the talk. The "talk" is what we were after—we thought the people a trifle slow in coming to a full understanding of what we were offering them for their money.

Within the last three years "THE DENVER ROAD" has made several quite radical departures in the matter of regular daily equipment and service, viz: Pullmans with comfortable large dressing rooms for ladies, Cafe Cars, meals a la carte. Day coaches of the most modern variety, a handsome box-vestibled train, run through without change. These trains, as well as our individual advertising—both strictly "Poetry of Motion"—have attracted considerable attention, and we are doing a good business, which is a compliment to the intelligence of the people who are our guests.

Stock farming is the branch of
agriculture that pays best in the
grain and grass producing belt
of the Southwest. Provide all
the cattle the natural grass
pastures will support during the
grazing season and then raise
plenty of forage crops and other
feed to carry the cattle in fine
condition through the winter.
Do this and have none but good,
well bred cattle of some of the
good beef breeds, and the cattle
on the farm, even though they
are few in numbers, will prove
the most profitable and pleasant
branch of the business.—Farm

Mrs. J. E. Skinner, wife of the News' foreman, will arrive tonight from Brownwood.

T. P. Davis was quite sick Monday night and is still looking bad from the effects thereof.

Mr. J. E. B. Wright, the piano tuner, came in last week and has been busily engaged at his vocation.

Mrs. J. Frisbie is visiting the family of Hugh Brown at Rowe this week. Mrs. Brown is still very sick.

Miss Maude Boyer, of Rockford, Ill., is visiting her aunt, Mrs. J. O. King, and will spend the winter.

Miss J. O. King, who was here in the week for dental services, returned home Wednesday.

Tom Driskell, who is now a conductor on the Pea Vine, came in Monday and left Tuesday for the new country to locate his claim.

Misses Lou Cope and Lou Ryan and Messrs. Walter Taylor and Price Baker will leave next Friday for Houston where all will enter a business college.

R. N. Halbert, of Wichita, Kas., is the new bookkeeper for Noland & Co., vice J. T. Patman who resigned to enter business for himself. Mr. Halbert is a half-brother of Mr. T. J. Noland.

Mr. and Mrs. Clarence Crowe arrived Thursday night from Louisville, Ky., where Mr. Crowe has been in business. The Panhandle fever was too strong for Clarence and so he sold out and came back.

Mr. J. E. B. Wright, piano tuner, of Fort Worth, left here yesterday for Clarendon where he will do tuning. Mr. Wright has been with us five weeks, tuning thirty-six pianos, and in each instance his work has proven satisfactory, as far as we have heard. Mr. Wright will be in Amarillo again in April or May of next year.—Amarillo Champion.

Scientific Optician.

In order to increase my knowledge in optics I have spent 6 weeks in one of the best colleges in the world, viz: The Northern Illinois College of Ophthalmology and Otology, and feel that I am now thoroughly equipped to take care of the most obstinate cases. About 90 per cent of the cases of headache, nervousness and crosseyes are traceable directly to defective eyes which I correct with my perfect fitted glasses. Many people defer the use of glasses too long through pride. They hate awfully to resort to the use of the "dreaded spectacles," but it is utterly useless to fight age so far as our eyes are concerned. It is the part of wisdom to yield gracefully to the first signs of distress for the longer you put it off the more rapid your eyesight will fail. To get the proper glass the eyeball must be measured by a specialist and after this measurement is taken a glass should be ground to set in a correct frame and in a correct position in front of the eye, and one who is not qualified to do this work will do more harm than good. I guarantee my work.

The Only Big Show Coming.

Clarendon Sept 24. Frank E. Griswold's mammoth production of Uncle Tom's Cabin, under a waterproof pavilion with a complete stage and carload of special scenery. Few companies carry the amount of scenery this show does, on account of opera houses being too small to accommodate or handle it. Mr. Griswold's company only plays at the opera house of the larger cities in the winter and uses his own tent in the summer and we can guarantee the finest production ever seen in this or any other country.

The price of admission to Uncle Tom's Cabin has been placed at 25c for adults, children 15c. All children under 6 years, when accompanied, by their parents, will be admitted free.

We can afford this scale of prices as we show in a tent and can accommodate 2,000 people. So a father can come and bring his whole family.
