## Splinters

Experience is the name  
everyone gives to his mis-  
takes.—Oscar Wilde.

Texas editors were guests of the Fort Worth Frontier Centennial last Friday evening and witnessed the final dress rehearsal before the opening Saturday. Amon Carter and Billy Rose told the press they hadn't brought them to Fort Worth as guests in hopes of bribing them for some free publicity but that if they thought the show was good not to keep it confidential.

Because the editor didn't know the beer, too, was on the house, he only had two or three bottles and as a consequence he saw everything. The show was good. Back in the days when Paul Whiteman made tours with his band the editor paid three bucks to hear a concert. Whiteman's music is a part of the Casa Manana revue. If the music was worth three bucks then the show is worth about thirty and you get to see it for a dollar.

As a dramatic critic, Splinters isn't so hot. He has his tastes and the show at Fort Worth comes the nearest to satisfying him of anything he has ever seen. Casa Manana leaves nothing to be desired in the way of music, beauty, fun, or size. It is complete.

"The Last Frontier" is another show which will thrill Texans especially. Produced on the order of a pageant, it depicts Texas and the Southwest as it was a century ago. Music, lights, waterfalls, longhorn cattle, buffalos, Indians, oxen, stage coaches, parairie schooners, cowboys, robbers, trick riders and ropers, dancers and singers, combine to make one of the most unique entertainments we have ever seen and when the spectators join in the singing of "The Eyes of Texas" at the finale, it's an emotionless person who isn't thrilled to the core as the show closes.

There's Jumbo, the show that stood New York on its head for a long run. It's a side show at Fort Worth.

The ballot will be shortened considerably tomorrow and as one farmer expressed it, the candidates will be cut down to two in a hill.

Knox County has a large number of candidates to choose from this year which will necessitate run-offs in many of the races. Considerable interest should be manifested in politics for the four weeks following to-morrow's primary.

"The Flapper Grandmother" presented by the Home Demonstration Club of Benjamin was well attended Monday evening and the cast of local characters highly complimented on the performance. Miss Hattie Dell Trieves of the Wayne Sewell Production Company directed the play. Costumes were furnished by the company. Mrs. Glenn Burnett was the pianist.

Wallace Harbert and G. H. Hudson won first place in wild cow milking at the Jacksboro rodeo last Saturday. Lee Smith of Knox City also won first in calf roping and C. W. Harbert won a riding exhibition.

Several Truscott folks were in the city Monday night to attend the entertainment sponsored by the Home Demonstration Club.

The Post is still \$1 a year.

## All County School Money In Closed Bank Is Received

County Judge E. L. Covey reports the receipt of \$42,288.18 from the Federal Deposit Insurance Corporation which represents the amount of the guarantee by this corporation on the county deposits in the Benjamin bank at the time the bank closed.

All the permanent school fund has been received and at a recent meeting of the Commissioners Court \$9,300 of the Rhineland school bonds were purchased. This purchase with other investments leaves only about \$4,000 of the permanent school fund not invested.

## Mrs. Pina Stroble Of Vera Dies Monday

Mrs. Pina Stroble, 63, resident of Vera for many years, died Monday at her home at that place after an illness of about five weeks. Mrs. Stroble had been in ill health the past two years.

Funeral services were held Thursday conducted by Rev. Faye Hinton of the Vera Baptist Church, Rev. E. A. Irvine of the Vera Methodist Church and Rev. J. R. Balch of the Seymour Baptist Church. Interment was made in the Vera Cemetery. A large concourse of friends and relatives were present to pay their last respects.

Survivors are two children, Julian Stroble and Mrs. Lola Scott of Vera, and five brothers and sisters, Ike and Charlie Shipman, Mrs. Ella Timberlake, Mrs. Lottie Smith and Sam Shipman of Vera.

Mrs. Stroble came to Vera thirty-six years ago with her parents from Erath county. She became a member of the Baptist church being converted at the age of nineteen. Her passing is mourned by all who knew her.

Out of town relatives attending the funeral were a sister-in-law, Mrs. Ether Johnson of Damesa and her son, C. A. Shipman of Lubbock, a cousin, Charlie Shipman of Roswell, New Mexico, and another cousin, Mr. and Mrs. Alvin McCarty of Rule.

Miss Lucille Stephens of Dallas is here to spend the summer with her father, James A. Stephens. Miss Stephens is a teacher in Sunset High School and for the past six weeks has been attending school at S M U where she is doing advanced work.

Ed Campsey of Knox City was in Benjamin the first of the week.

Miss Valerie Atterbury of Knox City was in Benjamin the week-end as the guest of Miss Billie Burnett.

Mat Verholen, south side farmer, was in Benjamin the first of the week on business and while here had the Post to set up his subscription date for another year and also subscribed to the Ferguson Forum. Mr. Verholen has our thanks.

Mr. and Mrs. Walter Moorhouse, Stonewall county ranch people, were in Benjamin Wednesday to visit relatives here.

Rev. and Mrs. T. R. Gaithright and family of Lampasas were here Tuesday for a short visit with friends. Mr. Gaithright is the former pastor of the Benjamin Christian Church and is assisting with a revival meeting now in progress at Knox City. While here the Gaithrights made many friends who were glad to see them again.

## Go to the Polls and Vote

Tomorrow is election day and fortunately voters will be able to go to the polls in a calm and deliberate frame of mind and cast their votes for those candidates whom they believe best qualified to fill the various offices from United States Senator to constable.

We say calm and deliberate frame of mind for the reason that there have been no issues raised in the present campaign by which a very mediocre candidate could climb on the band wagon of the popular side and ride into office.

The issues of the Ku Klux Klan, Catholicism, Fergusonism, prohibition, and the like have not been raised in the present campaign and tomorrow the voter may calmly appraise the merits of each individual whose name appears on the ticket and vote for the man whom he feels is best fitted to serve.

Extravagant promises, insinuations, bitter tirades, personal references, and all those other attention compelling tactics usually employed in political campaigns have been absent in the present campaign and the people ought to feel grateful.

All indications point to a record poll tomorrow. Already more than two hundred absentee ballots have been cast which is about four times as many as are usually used in a primary election in the county.

This is as it should be. It is not only the duty of every qualified voter to express his preference at the polls but it is one of the greatest privileges that civilization has ever known.

The Post is not especially interested in how you vote tomorrow but it is intensely interested that you do vote. Whatever the outcome of the various races may be, we feel certain that the majority of our citizens will make no mistake in those whom they place in control of public affairs.

## Williams Makes Final Appeal To Voters In District Attorney Race

Inasmuch as the 50th Judicial District is composed of four counties it has been impossible for me to make a house to house canvass. I have seen as many of the voters as possible, but I must depend on my Knox County friends to help me whether I have called to see you or not.

May I take this means of again soliciting your vote in Saturday's primary, with the assurance that, if elected I will do my best to make you an honest, efficient District Attorney.

Sincerely yours,  
LEWIS WILLIAMS

## Transfer Applications Must Be Made By August First

Application of parent or guardian of a child to transfer it from one school district to another must be made by August 1st. High school pupils whose grade is not taught in the home district must be transferred. Forms for making application may be obtained in the office of the county superintendent, Benjamin, Texas.

Sunset School will open August 10th for its first session of six weeks. At the end of the first six weeks, school will be dismissed for a period of about a month.

The Federal Deposit Insurance Corporation recently sent checks covering deposits of school districts in Knox County up to five thousand dollars. One fund and two school districts had over five thousand dollars on deposit when the county depository was closed—Permanent School Fund, Benjamin Common School District No. 1, and Sunset Consolidated Common School District No. 27. The over-plus of these three accounts were protected by bond and has been collected. \$31,173.68 was paid by the Federal Deposit Insurance Corporation, representing the deposits of sixteen school districts and the Knox County Permanent School Fund.

Notices were sent out this week by the City Council that water from the City Lake must be boiled to be used for domestic consumption following a recent report from the State Department of Health.

## Miss Joy Sams Weds Jack Spikes Saturday

The marriage of Miss Joy Sams of Benjamin to Jack Spikes of Knox City Saturday will be of interest to a wide circle of friends of the couple over this section of the state.

Following the ceremony the couple left for a short trip to Centennial points.

The bride is the daughter of Mr. and Mrs. A. H. Sams, Sr. of Benjamin and is a graduate of Benjamin High School. She attended Texas Christian University at Fort Worth after finishing at the local school.

The groom is the son of Mr. and Mrs. I. H. Spikes of Snyder, former Benjamin residents for many years. For the past several years Mr. Spikes has been employed at Knox City.

The newly weds will make their home in Munday where Mr. Spikes has a position with the Gratex company of that place.

## Seymour To Get New Bridge On Brazos South Of City

Advertisement for bids on construction of the new Brazos bridge south of Seymour are being made at this time. According to the advertisement, bids will be received until July 31 when they will be opened. It is expected that the contract will be let immediately.

The new bridge will be located just south of the present structure, and will be a great improvement in many ways. It will be a \$153,000 bridge, and will be completed in 200 working days.

This bridge is a regular Federal Aid project, and all the money for its construction is being put up by the Federal Government and State Highway Department with the exception of the right-of-way, the cost of which is being borne by the county.

In addition to providing a much needed means of crossing the Brazos river, the project will furnish some nice employment with a minimum wage of 30c per hour for unskilled labor.—Baylor County Banner.

County Agent W. W. Rice is in College Station this week attending the short course.

Miss Helen Burchard, home demonstration agent is attending the annual short course at A and M College.

## Wall Street Lions Optimistic Over Fall Prospects

The Wall Street Lions are still playing a bear market having consistently sold short in every game engaged since the opening of the series and despite the insinuations of some of the sidelines that the only method by which they could take a game would be to buy it, the softball ten continues to maintain its high enthusiasm, its dauntless courage in the face of overwhelming odds, its faith in the future and a number of other splendid attributes to which all good teams lay claim.

On the other hand the Tammany Tigers go around with a smirk on their face like the cat that ate the canary, maintain supercilious airs, and openly boast of their prowess on the diamond, all of which is calculated to breed overconfidence and eventually invoke the wrath of the gods.

Local gamblers are giving odds of 1-2 to 1 that the Tammany Tigers will be beat before the season is over in the fall.

## McCurdy Endorses Grady Woodruff In Congressional Race

R. Cal McCurdy, president of the Stephenville Production Credit Association, an organization composed of thousands of farmers in North and Central Texas, is urging farmers of the 1th Congressional District to support Senator Grady Woodruff of Decatur for Congress.

In a letter which he sent out recently to the farmers of this section he said in part:

"As a 'dirt farmer' of Wise County for a quarter of a century I have always been interested in legislation which affected farmers and livestock raisers. As a result of our trip to Washington for the farmers' conference with Congressmen and the President I am convinced that we need a change in Congress.

"We received no co-operation from the Congressman from the 13 District in presenting our problem to the national administration.

"I have known Grady Woodruff for more than ten years, and I sincerely endorse him to you as a man who will go down the line for the farmers of North Texas.

(signed) R. CAL MCCURDY

## Missionary Society Has Social Meeting

The Women's Missionary Society of the Methodist Church met Wednesday at the home of Mrs. Price Trimmier for an hour of social entertainment. Refreshments were served to Mes. R. C. Bradley, Orb Russell, Ofel Patterson, Guy Holmes, Clyde Gibson, Mrs. Sanders of Dallas, Mes. Fred Crenshaw, John Smith, Fred Jackson, and Misses Martha Crenshaw, Ila Jackson, Clodette Jackson, Lela Jackson, Janelle Trimmier, Gertrude Sams and the hostess.

The next regular meeting of the Society will be next Wednesday when the body will meet for Bible Study.

County Clerk Marvin Chamberlain reports that 225 absentee ballots have been voted for the first primary tomorrow which is probably a record vote in Knox County.

Sam Shipman, candidate for Commissioner of Precinct 2, was a visitor in Benjamin Thursday.

**Gubernatorial Race Nears Close With Allred In Front**

AUSTIN, July 22—Candidates for governor pounded down the stretch this week with Governor James V. Allred apparently increasing the lead he has held over his four opponents almost since he began his campaign after spotting them to a two-months advantage.

Biggest question to be decided Saturday is not who will lead the ticket but whether or not Allred will poll enough votes to win without a run-off campaign. Second biggest question is which of his four opponents will lead the other three into second position.

Allred leaders are making no secret of their conviction that the governor will be renominated in the first primary.

"We are not, however, growing over confident," State Campaign Manager Marvin Hall said. "Governor Allred has announced that he is leaving no stone unturned and has urged his friends to leave no stone unturned, and we are taking his advice. The fight will be waged up to primary eve."

The subject of the old age pensions remains the outstanding issue of the campaign. To crowds aggregating more than 40,000 last week Governor Allred has discussed the question of assistance payments to the needy pension payments to all, including the wealthy.

"I recommended old age pensions to the Legislature and the legislature submitted the subject of old age assistance to the people," the governor has explained. "By a vote of four to one the people endorsed old age assistance and directed the setting up a system under such limitations and restrictions and regulations as may be deemed by the legislature expedient."

"The 'limitations, restrictions and regulations' that the legislature deemed expedient—after consultation with officials of the National Social Security Board—are the basis of our present old age assistance law.

"It isn't a perfect law, as I said

when I signed it and on numerous occasions since, but it is the best law that we could get from two special sessions of the legislature.

"If we had waited for the 'perfect law'—the law that would have satisfied everyone—we would be waiting yet. As it is, more than 50,000 aged needy citizens of Texas already are receiving checks and others are being added to the rolls daily."

The rising tide of Allred sentiment, apparent all over the state, is influenced by a number of significant factors.

First, the crowds that have turned out to hear the governor speak are far larger than those that are being attracted by his opponents. Second, since he first took the stump early this month there has been an almost constant parade of recruits to the Allred banner from the camps of one-time political enemies. Third, a majority of 85 per cent of the state's approximately 700 weekly newspapers, as revealed in an independent survey completed last week for an industrial concern, is strongly pro-Allred.

**BITS O'PHILOSOPHY**

By Dean E. V. White, C. I. A.

Trying to give away a hard-luck story is indiscretion, trying to sell it is infamy.

Lying tries to cover the naked truth with hypocrisy.

A fool dislikes to be pestered with wisdom.

Kicking one who can't kick back is concentrated cowardice.

Selfishness is the art of standing up for yourself and dying down for others.

It takes a smart person to disagree with himself.

Ambition compels one to be as good as a human ash is dog is a canine.

One who is unhappy with plenty deserves poverty.

**Modern Gas Cookery**

**RETAINS VALUABLE VITAMINS AND MINERAL OILS**

Vigorous boiling in lots of water destroys the valuable vitamin and mineral content of fresh vegetables. The thoughtful woman wants to retain these health-giving elements. The controlled boiling heat provided by the modern gas range does not rapidly evaporate water when boiling vegetables. Mothers can serve more healthful food by following this simple method of modern gas cookery:

1. No special pot or pan is required for semi-waterless cooking on modern gas range. Place vegetables in ordinary utensil and cover with about one-half inch water.
2. Place covered pan over simmer burner. Turn to fast heat. When boiling starts turn to simmering heat which maintains gentle boiling action until vegetables are cooked.
3. After cooking is completed nearly as much liquid remains as was originally put into vessel, and there is no loss of valuable mineral oils or vitamins.
4. Gas simmer cookery is clean and labor saving. It means cooler cooking and a cleaner kitchen for little steam escapes from a covered pot of gently boiling vegetables.

### Production Credit Co. Reports More Business

More members and a steadily increasing volume of business was reported for the Stamford Production Credit Association according to J. B. Hill, Jr., secretary-treasurer of the association, who returned yesterday from a meeting of the directors of a group of West Texas Production Credit Associations held at Sweetwater, July 15 and 16. Mr. Hill declared that directors from all over

this territory report that their associations are making very satisfactory progress. Farmers and stockmen are getting a better understanding of this new system of credit and are coming to like the idea of budgeting their loans.

Mr. Hill pointed out that borrowers find that this method enables them to get along on less money and that getting the money as it actually is needed reduces the cost of the loan. He said that borrowers are beginning to realize just how low the cost of a production credit association loan really is.

It was reported at the meeting that the Stamford Production Credit Association had increased its volume of business from \$107,813.00 at the end of June, 1935, to \$198,126.00 at the end of June, 1936. It also was brought out that the association had net earnings during the first half of 1936 were \$1,923.00.

Emphasis was placed on the fact that the association is attempting to build up adequate reserve to take care of any losses which may occur in hard times. Mr. Hill declared that the facts brought out at the meeting showed that stock purchased by members of the association is being pro-

duced adequately and that in the long run it will prove to be an excellent investment.

He said that farmers and stockmen in this territory are making more and more inquiries about the association and that many of the most prominent men of this county are becoming members.

Among the speakers at the meeting were J. B. Pumphrey, president of the association, and the meeting conducted by Tully C. Garner and Virgil P. Lee of the Production Credit Corporation of Houston, who told of the progress of production credit associations over Texas and the United States. They also lead the discussion of income and expenses of the association, presenting figures showing the financial condition of each of the associations in this territory. According to Mr. Hill a great deal of emphasis was placed upon the importance of making loans upon a sound basis. A number of cases in which unsound loans had been made were studied and it was shown that such loans are detrimental both to the borrower and the association.

In addition to those mentioned the Stamford Production Credit Association was represented by J. B.

Morrison, W. C. Church, and J. F. McCulloch, directors.

### 6666 Employees Attend Reunion At Fort Worth

6666 Ranch employees from Guthrie have returned from Fort Worth where they attended the reunion of the present and past employees held at the Frontier Centennial and while they were there they took in the big show.

The famous chuck wagon of the 6666 outfit was on hand to feed the bunch and their friends and guests.

Among some of the oldtimers who were former hands of the Burk Burnett outfit and who attended the Ft. Worth reunion were Bub Arnett of Amarillo who made a hand on the ranch for 49 years and who resigned as manager in 1931. He became manager in 1900 when Burnett bought the King County property and Arnett rounded, branded and delivered 14,000 cattle in 20 days.

Walter Lorange of Vernon was there. He worked for the Burnett outfit when they ran cattle in the Territory back in 1889 to 1898. He was one of the top hands in those days.

Clyde Burnett of Benjamin who went to work for the 8's in '98 at the age of 14 and who told such enthusiastic tales of the King county country to his grandfather that his uncle, Burk Burnett, became interested and bought the property in 1900, was at the reunion. In his younger days he was considered one of the best bronc busters or peelers in the outfit. Burnett runs his own outfit east of Benjamin now.

George Humphries and George Graves, present foreman of the 6666 ranch were there. Humphries is foreman of the King County part of the ranch and Graves has charge of the Carson County branch.

Mike Luttrell of Fort Worth and J. J. Gipson of Paducah were on hand. Both men worked for Burk Burnett in the 80's and this was the first time they had met in 46 years.

Some of the guests of the reunion were representatives of the packing industry, commission men, railroad representatives, and feeders who have handled many of the 6666 cattle.

Miss Helen Burchard, home demonstration agent is attending the annual short course at A and M College.

Miss Francis Moorhouse, who is attending Texas Tech, was here the week-end for a short visit with her parents. Miss Moorhouse taught in the local high school the past two years.

## MOTHER! Here are Facts!

To Guide Your Purchase of a Refrigerator!

**DON'T CHOOSE BLINDLY**

**FOR HEALTH**—Your refrigerator must maintain safety food temperatures below 50° all the time. Before you buy, be sure it will do this in the hot hours of the summer time, too.

**FOR CONVENIENCE**—Your refrigerator must be able to freeze ice quickly—must have a high degree of usefulness. Before you buy, be sure it will produce fresh ice during the hot hours of the day.

**FOR ECONOMY**—Your refrigerator must maintain the above performance at low over-all cost. Before you buy, be sure.

**BUY AN ELECTRIC REFRIGERATOR**

• If you buy a refrigerator that cannot provide satisfactory, economical performance, *all the time*, you are wasting your money. It is inconvenient to own a refrigerator that cannot freeze desserts or plenty of fresh ice quickly during the hot hours of the day. It is wasteful to own one that has a high initial cost, though little to operate, if it cannot provide satisfactory performance, *all the time* .. under all conditions.

Remember this when you buy. All refrigerators cannot provide all three of these basic requirements. Tests prove this to be true by actual use in the home. So don't buy on claims alone. Ask for and be sure you get convincing evidence of value. Only then can you be certain you are getting your money's worth. Choose carefully and you will choose a modern electric refrigerator.

★ MODERNIZE--CHOOSE AN ELECTRIC REFRIGERATOR ★

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule ... and adds only a small amount to your total bill?

# NEW KIND OF CIRCUS SAYS IT WITH GIRLS

"BRING ON THE WOMEN," ECHOES BRAINY BOWERS IN ROSE SPECTACLE

TOP—A Fair Deuce Who Serve as Bridesmaids in the Colorful "Wedding in the Air." CENTER, LEFT—A Comely Equestrienne. CENTER, RIGHT—A Maid of Honor. BOTTOM—Eight Well Turned Specimens of What Has Been Termed "Perfect Understandings."

When Billy Rose set out to produce a new kind of circus he did. Truly it may be said that "Jumbo" is the first upset to tradition in the sawdust ring in 100 years. As Brainy Bowers, the comic character in the big show observes with

scorn, "Women? Women in a coikus? Dames wid big muscles. No sex appeal. Sex appeal, dat's what dey want." And that's precisely what they get in "Jumbo" which is one of the main attractions at the Fort Worth Frontier.

## BOY SCOUTS TO SEE CENTENNIAL AUGUST 10

The Wichita Area Council, of which this County is a part, is planning on a Boy Scout Special to Dallas and Fort Worth Centennials. It is planned for an all Expense trip for three days costing each boy \$8, for which the boys will receive:

Transportation to Dallas and back to Wichita.

Two nights lodging at Tent City in Dallas.

Six meals at Dallas.

Two admissions to Texas Centennial.

One admission to Texas Calvacade.

One admission to Byrd's Little America.

Trip to Broadcasting station WFA A to see Early Birds.

One admission to Frontier Centennial.

One admission to Jumbo.

One admission to another show to be selected, at Fort Worth.

Two meals at Fort Worth.

Trip will be made August 10th leaving Wichita Falls about 7:00 a. m. and returning about 3:00 a. m. Thursday morning. Each boy must

bring his own blankets and toilet articles. Any extra expense will be borne by the boys themselves. There is plenty of free buildings, etc. in Dallas to keep the boys busy for the entire time they will be there.

This trip is open to all Scouts or Lone Scouts and in event any boy is interested he should send in \$1.50 registration fee, so that the Scout Officials will know what size bus to get. It is estimated that at least 60 boys from this Boy Scout Council will make the trip.

The trip will be under the personal supervision of Frank B. Creighton the local Scout Executive and the trip will be made in large buses. This is a chance of a life time to see the greatest event in Texas history.

## ONE SWIFT AND SAFE PRESCRIPTION FOR RHEUMATISM

One supremely good prescription for rheumatism, when caused or aggravated by excess uric acid—as most rheumatism is—is well and favorably known to live pharmacists all over America. Just ask for 8 ounces Allenru prescription and take as directed—it is swift and safe—often the pain and agony leave in 48 hours—Costs about 85 cents. Cut this out and save it.

County Agent W. W. Rice is in College Station this week attending the short course.
