NUMBER 20

SPLINTERS

Japan and China want to fight but neither want the blame for starting the war. They might ask Kaiser Wilhelm how to do it.

China, the sleeping giant, might fool the little militaristic Japs. A national crisis has a tendency to more closely unite a people than some of the world's foremost statesmen think. Germany found this to be true to her sorrow.

Newspapers are always claiming a lot of credit in getting results in locating lost and found articles, but (page Mr. Ripley) a love letter in a divorce case succeeded in locating a lost bull pup after the classified ad section in a newspaper failed.

Love letters should be written, proof read and thrown in the waste basket.

From a reliable source we have learned that the Joneses may be differentiated by the following cognomens: "Wading", "Capless", "Cutworm", and "Rarmall". The use of the above will in most cases prevent social errors, at least lessen the chances of making them, if used with discretion.

The analogy of the Browns has not yet been determined.

Nimrods are oiling and polishing their shotguns and rifles in preparation of bagging the birds and the beasts as soon as the game season opens. More game has been killed in the Drug Store and in front of the post office than will be killed in the field this year.

It's a shame that there is a closed season on Indians and Republicans, now that the ducks are getting scarce. Even the low down coyote is protected by the game laws. The next thing we know, house flies will have a closed season.

Of course the season closed on Republicans in 1865 and on Indians in 1912 and Texas has never been the same since and we might add, never was.

Poor old Standard Oil has quit a time. She's in Dutch now with the Attorney General for trying to monopolize the oil business. Andy Mellon must be getting jealous.

The Committee on Taxation met at Austin to talk about taxes yesterday. And can you imagine some of the speakers told the legislative group that taxes were too high.

Why, those vile cigarettes that the elite smoke are only taxed six cents by the Federal Government and three cents by the state and only cost the purchaser eighteen cents.

Even the beggars pay no taxes. There are several bad examples set before the land owner and we think that every body and every thing should pay a little tax to keep the poor farmer from feeling so exclusive.

Eleventh Quiet Day, No Formal Celebration

Armistice Day has come and gone. Several of the local business houses closed for the day, but aside from that there was no celebration in this town to mark the event that thirteen years ago meant so much to the people at home and the boys over there. Perhaps several paused during the day to think of the agonies, the suspense, the disillusionment and the disappointments that war brings forth, how little was in reality gained by the last great conflict although we were on the winning side.

Perhaps many stopped to think that the present economic conditions were but an aftermath of the war, a condition that exists because of circumstances which appeared unavoidable thirteen years ago. War is a game at which a nation cannot gain. If they win, they lose. If they lose, the loss is greater. The world is such a small place after all and the different nations of the earth so closely linked in an economic way that there is no place for war. It disrupts the routine of trade and commerce, government and social activities in such way that it takes generations to recover from the effects of it. Although the world is now in an unsettled condition with war clouds brewing, let us hope that our government at least, will not be drawn into the conflict.

Father of Local Man Dies at Weinert

L. M. Williams was called to Weinert last Thursday to the bedside of his father, J. M. Williams who died Friday, November 6th at 3:30 p. m. Mr. Williams had been in bad health for the past several months. He was 74 years of age and had lived in Haskell County at Weinert for the past thirty years. He is survived by his wife and five children, Miss Julia Williams, Mrs. A. D. Bennett, and Mr. J. Edward Williams all of Weinert and Mrs. L. O. Findley of Rochester and L. M. Williams of Benjamin.

Knox County Band Meets at Truscott

The Knox County Band met at Truscott Monday night for rehearsal with a good percentage of the membership present. All musicians in the county are invited and urged to attend these rehearsals. Many hundreds of dollars worth of musical instruments are idle in the county and there is no reason why they should not be used. The band fee is only fifty cents per month, the money used to defray the cost of music for the organization and other small incidental expenses. The musicians are out of practice so do not stand back on that account from coming out. Join the band now and work up with the boys. It is in times like these that a band is of the greatest value. Help to put it over.

PROCLAMATION

November 11th, to November 26th, is designated as Red Cross weeks during which period our people should avail themselves of the opportunity to aid in this work. We are fortunate in not needing the services of the Red Cross ourselves but many of our neighbors will not be so fortunate, so in honor of the FIFTIETH ANNIVERSARY of the organization of the Red Cross let the people of Benjamin show their appreciation by enrolling as members and contributing further as ability will permit.

Officially endorsed this the 12th, day of November 1931.

J. B. Jones,
Mayor of Benjamin

Knox County Boy Wins Trip to Chicago

E. L. Park Jr. of Knox City has been selected as one of the winners for the Chicago trip to attend the Boy's and Girl's 4-H Congress November 27th to December 6th. This is the second consecutive year that a Knox County boy has won this trip, the winner last year being Paul Pruitt. The trip is sponsored by the Santa Fe Railroad and is given in recognition of the best showing made in raising crops or livestock. All expenses are paid. Park Jr. raised one and one half tons to the acre of maize this year on twenty five acres.

School Ball Team Shuts Out C. of C. Team

Monday afternoon the Junior Chamber of Commerce faced a High School team in its first game of the season. The outcome was discouraging to the Junior Chamber team resulting in a defeat by a single score. At the end of the game the score was six to five in favor of the High School.

Glenn pitched for the Junior Chamber with Chamberlain behind the bat while Melton and Meiner were the batter-ies for the high school. Wednesday afternoon concluding a half holiday in celebration of Armistice Day, the Senior Chamber of Commerce under the guidance of Captain T. W. Templeton met another high school team in the most exciting game of the series, losing by the score of six to five. Batteries for the Senior Chamber were West and B. Bisbee with Green and Jackson for the high school boys. Qualls tossed a number of innings for the high school.

Features of the games this week were the bunting of Jimmie Chamberlain, back stopping of Mr. Brewer, the fielding of Atterbury, the pitching of Melton and Green, a two bagger by West bringing in 3 runs, a home run by Brewer clearing the bases, the sensational catches of Alex Holt in right field, and the closeness of scores in both games. The averages are as follows: Junior Chamber, .000, Senior Chamber, .200, High school Reds, 1000, High school Blues, 1000.

C. of C. Membership Drive Starts Monday

The drive for Chamber of Commerce Memberships will begin Monday morning in charge of the Secretary and Membership Committee with Judge Kilgore as Chairman. Membership cards have been printed and signed and will be presented to all members. The requirements are the payment of an initial fee of thirty cents. To retain membership monthly dues of thirty cents will be required. Memberships will be in two classes: Active and Associate. Active members will be those who pay dues and actually attend while associate members will be those who pay supporting dues but do not attend meetings. Regular meetings are held on each first and third Tuesday nights in the Club rooms. Those who attend a meeting will be credited with ten cents on their month dues. A member who attends both meetings each month will have net dues of 10 cents each month. Those who attend one meeting a month will have net dues of 20 cents each month, while those who are unable to attend a meeting during the month will pay the regular monthly dues of 30 cents. This arrangement makes it possible for everyone to support the work of the Chamber of Commerce even they are unable to attend meetings regularly. All members will have voting powers in deciding policies of the Chamber.

The drive will start Monday morning and will close at the regular meeting Tuesday night. Memberships will be open at all times and may be had by payment of the initial dues of thirty cents. All members are urged to attend since the program will each time be worth attendance and since every one may have an idea or suggestion or problem that will serve to make the work of the Chamber of Commerce more effective. Assistants to the committee have been selected to canvas the three groups, the Senior Chamber Membership, the Junior Chamber Auxiliary and the Young Business Womens Auxiliary.

CHRISTIAN CHURCH NOTES

Services for Sunday Nov. 15th.
Bible School 10 A. M.
Preaching 11 A. M.

This will be a Thanksgiving message for the year 1931.

This message is delivered today because the preacher will be at Truscott Nov. 22. Remember Nov 26th is the National Thanksgiving day and be present to hear the words of praise and thankfulness at your home Church. The members of the Methodist and Baptist church are invited to this service also. Come and help us render our heartfelt thanks to the great giver of all good. No Endeavor program in the evening. We have given the time to the Boy Scouts who will put on an interesting program in furtherance of that great work of making manly men out of all our boys. Good speakers will be present to address the people. Everybody invited and if you have boys do not fail to come. Let their be a full house. All are welcome.
A. R. Caudle.

Need of Red Cross Felt

The Fiftieth Anniversary Roll Call beginning November 11th provides the opportunity to those who are in fortunate circumstances to provide funds needed for chapter activities during the coming year and as chapter officers it becomes your duty to acquaint all citizens of your county of their opportunity of service through membership in the Red Cross.

During the past two months the National Organization has endeavored to assist chapters in perfecting their Roll Call organization, and during the roll call period there will be national publicity calculated to center upon the efforts of local chapters. While the completion of the task is now largely in your hands, I want you to know that the Midwestern Branch Office stands ready to give such further help as it is within its power to give.

This year throughout the entire country there exists the consciousness that the coming winter will bring with it serious problems for many of our neighbors. Unemployment exists to a greater degree than in other years, and as a result relief needs will be greater. Your Red Cross Chapter constitutes an organized channel through which the citizenship of your county can function in providing and helping to produce such relief as will be necessary to prevent suffering. The chapter's ability to meet the situation depends upon the amount of financial support which it receives.

It is recognized that just as there exists a wide variety of opinion as to the fundamental underlying causes of our present problem, there also exists a variety of opinion as to the responsibility for relief and the manner in which it should be handled. But in the final analysis it is also recognized that our respective communities are confronted with immediate emergencies and that as a people we will deal with these immediate problems with promptness and dispatch. Because of this fact the Red Cross can approach their Roll Call with faith and assurance of support provided they have created in their respective communities a consciousness of the need and an appreciation of the opportunity for service through the American Red Cross.

Editor's Note: Extract from a letter by Wm. M. Baxter, Jr. Manager of the Mid Western Area of the Red Cross to the local chapter officers.

George Ryder was here the first of the week for a short visit, this being his first trip back to Seymour in two years. He had been down to visit his brother Bill Ryder of Gilliland, who was also in the city Monday. George is now spending part of his time at Paducah in the home of his daughter, Mrs. Dee Kennedy. He is still in the painting business and he claims most any place his home that will give him a job. He lived in Seymour for so long that we thought that he could never live anywhere else, but evidently he can.—Baylor Co. Banner.

SUBSCRIPTION PRICE, \$1.50 A YEAR

BUILDING OF THE WEST TEXAS UTILITIES COMPANY

Including the extension of dependable electric service to new residential and commercial customers and the construction of new facilities to improve service now being rendered, the current construction report of the West Texas Utilities Company indicates a period of considerable activity for construction and maintenance crews, according to information received from the company's offices here.

The most important activity scheduled for immediate completion involves the construction of a transformer rack and the building of a four wire primary line to serve the Hall Brothers Grain Company at San Angelo. The additions have been made necessary by the expansion of the company, which has installed new electric motors.

Another new power customer will be connected to the lines of the company at Vernon, where the third phase of an existing 2,300 volt primary

single phase line will be strung to serve a new feed grinding mill and irrigation project.

At McCamey, a 110 volt extension will be built, to serve new customers; a secondary line, carrying service to new customers, will be extended at Lockett; at Imperial, a 3 wire, single phase 220 volt secondary line will be built in to the Imperial oilfield to serve new customers, and at Robert Lee, a new secondary line will serve additional customers.

Existing equipment at Anson will be improved through the building of a new 2,300 volt single phase primary line and the stringing of several hundred feet of new secondary line. Service to Anson customers will be improved through this new work.

Construction and maintenance crews of the West Texas Utilities Company will be used on the new construction.

A pigeon flew into a post office at Chester, Eng., laid an egg on one of the desks and departed.

DUCK SEASON OPENS MONDAY AT NOON

Game Warden Hopkins was in the city the first part of the week on busnss and announced that the season for hunting ducks and the other migratory birds would open at noon Monday, November 16. As the season was curtailed this year for the purpose of saving as many of these birds as possible the season will open at noon for the same reason, it being reasoned that by so doing, the birds would have a better chance with the hunters and become wary. Due to the drough in the northern part of the United States and Canada this year, the breeding grounds were not as good as usual and cut the duck increase short.

BURIAL FLAGS ISSUED FOR DECEASED VETERANS AT POST OFFICE

According to a communication from the Regional Manager of the Veterans Bureau to th local postmaster in regard to th issuance of burial flags for deceased veterans, the following instructions ar- issued: "We are just in receipt of instructions from our Central Office to the effect that flags will be issued only prior to interment of the deceased and is to be used actually for the purpose of draping the casket. Therefore, in keeping with these instructions, you are ad-

vised that flags will not be issued in any event subsequent to the burial of a deceased veteran to be given to the next kin as a momento, inasmuch as it was the intent of Congress that suh flag be used primarily to drape the casket of the deceased veteran, after which it was to be given to the next of kin and retained by them as a momento of the service performed by the veteran."

SCOUT EXECUATIVE TO BE IN BENJAMIN

Frank Creighton, Scout Executive of Wichita Falls, will be in Benjamin Sunday November 15th. He will have with him a motion picture, "Scouting" which will be presented at the Christian church at 7:30 Sunday. The picture will be accompanier by a lecture, and is being sponsored by the Benjamin Boy Scouts. All scouts and cubs are expected to be -present and all others are invited to attend. An admission fee of ten cents will be charged to all besides the scouts to defray the expense of the picture.

Miss Mary McIlheron Camp Fire Executive is expected to be present at the same time to complete the organization of a local Fire of the Camp Fire Girls. Those interested in Camp Fire work are invited. A number of Knox City Camp Fire Girls are expected to attend.

for Better Cookery . . .

If you were offered better meals, cooked in but a fraction of the time now required, and assurance that your foods would be always of the same delicious perfection—you'd insist on an immediate realization of this ideal, at any cost, wouldn't you?

Here's a way you can have all these important advantages—and actually save money! Are you interested?

Then, drop in at the Merchandise Showroom and ask a Trained Representative to explain the many superiorities of the new Electric Ranges. You'll marvel at the automatic features that give you hundreds of leisure hours each year . . . you'll appreciate the controlled heat that enables you to bring all your meals to the same delicious completion . . . you'll enjoy the prospect of clean electric heat that eliminates all scrubbing of soot from pots, pans, walls and ceilings. With all these important advantages—plus the fact that modern Electric Cookery will save money for you each month—shouldn't you install your range without delay?

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

West Texas Utilities Company

VERA SCHOOL NEWS

The Sophomore Class of the Vera High School met November 3, to select our class colors motto, and flower. For our colors we selected green and white. We selected "Watch us climb" for our motto and rose bud for our flower. We decided that our regular meeting day would be ever second Tuesday in each month.

Edward Patterson, Reporter

Hugh Jones, Homer T. Melton and D. D. Collins left Wednesday for Del Rio for a hunting trip.

C. H. Stewart, Supt. of the Truscott Public School, was a visitor in Benjamin Wednesday.

4-H CLUB HOLD REGULAR MEETING

The 4-H Club met at Mrs. J. W. Meltons Monday for the purpose of electing officers.

The following officers were elected, Mrs. Guy Holmes, President, Mrs. J. A. McCanlies Vice President, Mrs. J. C. Patterson, Sec.-Treas., Mrs. I. T. Wright, Reporter, Mrs. W. F. Snody Director.

Our next meeting will be with Mrs. Chas. Moorhouse November 23, and we will study native shrubs. Bring a sample of some shrub, a book, or information on shrubs to the meeting.

It is our last meeting until a new year so all come.

Reporter.

FINISHING TURKEYS FOR THE MARKET

Turkeys must have feed to produce flesh, fat and bones. Grains make fat, but grain alone will not produce the best finish, it must be supplemented by meat scraps or by milk to produce flesh and by bone meal to grow bones. A good ration to feed for four weeks previous to marketing to secure good finish for the birds is 60 pounds ground maize, -corn or hegari, 20 pounds ground wheat or shorts, 10 pounds meat scraps, 4 pounds of bone meal and one pound of salt.

If there is plenty of milk to feed the turkeys the meat scraps may be left out. But the mash must be available in the hoppers all the time and water vessels should be near by and kept filled. In addition 5 pounds of mash moistened with water or milk to every 100 birds might be fed daily. And at night all the grain that they will eat should be fed, but care must be taken not to have too much of this wheate oats or barley.

Turkeys fatten more quickly when confined to a small area, but range birds may refuse to eat if confined too suddenly so it is best to accustom them to feeding near the house before penning them.

At selling time the turkey raiser would get better prices if he would divide his flock in to four groups, marking the best birds to save as breeders; penning and selling the finished ones; saving for further feeding and later marketing the small or late hatched birds the ones showing pin feathers and lack of fleshing; and eating or canning the deformed or crooked breasted members of the flock.

It pays well to grade this way and nobody need be in a hurry to rush their unfinished turkeys on the Thanksgiving market, because eight years out of the past eleven the Christmas market has been as good or better than the earlier one.

W. E. Jones, County Agent

MODERN THEATER, THE DANCE AND COMEDY PICTURE SHOW

The Devil wants every church member to go to them hoping that if you go there you will no go to church on Sunday and thus break the habit of going. He wants you to ake the larger change in your house to the movie and the nickels to the church. He wants your regular attendance and all the spare change around the house so that the immoral men and dissolute women at Hollywood can live and eat and go on producing low comedy to vitiate the appetite of all the people so that they cannot enjoy, nor have any interest in worth while pictures that vitally educate. Does he do this.

The Devil wants you to take a drink of whiskey every chance you get and if you do not get a chance make one, and never tell the truth when a lie will do as well or serve your purpose better.

The Devil wants you to show the world- you are a man and hard boiled because you swear like a pirate.

The Devil wants you to learn to read a enchre deck better and more often than you do your Bible.

If he can persuade you to do all these things you are his and are not going to heaven.

A. R. Caudle.

Mr. and Mrs. Buster Tolson and daughter were visiting in the home of Mr. and Mrs. Tom Hudson Wednesday.

Ralph T. O'Neil, Retiring National Commander of the American Legion makes the following statement:

I want to remind the members of the Legion that this year marks the fiftieth anniversary of the American Red Cross. It was fifty years ago last may that Clara Barton the Civil War nurse heroine, organized the first Red Cross Society in the United States.

This year the Red Cross Chapters in many of your home towns face a great task and I know that you can be relied upon to give them your

support, just as the Red Cross members in 1917 and 1918 back here in the states, labored to provide some comfort for you while you were fighting the war in France.

The Red Cross roll call for members will be held, as usual from Armistice Day to Thanks giving Day. In no year since the World War it has been more urgent that every man and woman join the Red Cross. There must be no failure in its support this year, because, just as in the drought last year, it faces one of its greatest peace time relief jobs.

For the convenience of our customers we have made arrangements with the Melton Drug Company whereby they will receive all trouble calls and in turn notify our serviceman.

SPECIAL TRAINS TO BRING 50,000 TO SAN ANTONIO FOR W. O. W. AFFAIR

U. S. Senator Morris Sheppard, W. O. W. Treasurer, to Deliver Main Address

Special trains of Woodmen of the World members and their families from all sections of the United States and Mexico will bring more than 50,000 people to the formal dedication of the William Alexander Fraser Chapel and Bird Sanctuary, which will be held November 22 at San Antonio, Texas, according to W. A. Fraser, president of the Woodmen of the World with headquarters at Omaha, Nebraska.

Railroads have indicated that special rates will be offered from leading vicinities of the country.

The dedication program is to last three days. Leading speakers with national reputations have accepted invitations to make addresses during the program. The principal speaker on November 22 will be Senator Morris Sheppard of Texas, who is treasurer of the Woodmen of the World. Senator Sheppard is the author of the 18th Amendment and a speaker of national reputation.

A mammoth barbeque with pork, beef, and mutton products from the farm of the Woodmen of the World Memorial Hospital will be served without cost to the Woodmen of the World Pilgrims attending the dedication.

"Leading Church Dignitaries from all faiths will take part in the program," said Mr. Fraser. "The Woodmen of the World Chapel is a universal church in which every denomination will be represented. Regardless of religion, everyone can hold services in the Chapel."

President Fraser has announced the plan to a half million members of the association by which they

Senator Morris Sheppard

may earn their way to the dedication through the performance of service to the Woodmen of the World. The Woodmen of the World expects in this way to pay the expenses of several thousand members.

The Bird Sanctuary was built following a study of the Bok Tower and Bird Sanctuary in Florida and other such structures in various parts of the world.

The Chapel has a patio with a beautiful fountain especially designed, according to Mr. Fraser. The exterior of the Chapel is of Indiana limestone and of a unique architectural design. Dark oak with large ceiling beams are used in the interior. The main stained-glass window of the Church is a production of Tiffany of New York.

Another window of the Chapel contains an art memorial dedicated to the States in which the Woodmen of the World does business. Special landscaping has helped to make the Chapel one of the most beautiful structures in all of Texas. Phelps and Dewees of San Antonio are the architects.

FORT WORTH STAR-TELEGRAM

Morning—Evening—Sunday

AMON G. CARTER, President

What I see on Streets

Men and boys, women and grown girls whose lives are as monotonous as oysters. No church training for God and for the right, one day the same as another, no growth, no God but self, most of their golden years lost beyond recall. A little more poverty stricken, a little dirtier, a little more ragged, slowly sinking into the nigh of the grave, lost in utter forgetfulness unwept unhonored and unsung. Do you ever see them here in this house where Gods people are trying to make this a better world. You do not for they do not come. I have seen folks grow from childhood to early manhood and woman hood since I came here and today I see the innocence of childhood replaced by the scars of sin and the end is not yett. Their lives are already dedicated to poverty, erty, ignorance and filthy associations. God help us no man can. Shall the church and its members sit by while the forces of hell brew

bitter broth to curse us, our children and our childrens children. A. R. Caudle

PROGRAM AT SCHOOL 11th

The Benjamin schools closed Wednesday noon for the day, after an Armistice Day exercise from 11 to 12 o'clock. The exercises were opened with a song "America the Beautiful". A short inspirational talk by Bro. Caudle was concluded by a prayer. Mr. Brewer gave an interesting interpretation of the meaning of Armistice Day. His talk led to a medley of war time songs by a high school chorus. Mr. Guy, teacher of Knox City school, who was in the 344 F. F. A. at Camp Tra-hood and woman hood since I vis in 1917-1918 with Supt. West, was the speaker of the day holding the student body with an inspiring plea for a sane and intelligent attitude toward peace and war. The program was concluded by a flag ceremony in which the student body saluted the flag and recited the pledge of allegiance.

FORD BRAKES ARE UNUSUALLY EFFECTIVE

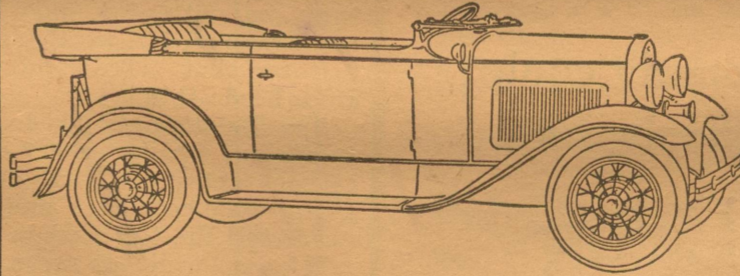

Reliability and safety due to simple design and careful construction

ONE OF the first things you will notice when you drive the Ford is the quick, effective action of its four-wheel brakes.

They are unusually safe and reliable because they are mechanical, internal expanding, with all braking surfaces fully enclosed. This prevents mud, water, sand, etc., from getting between the band and drum and interfering with brake action.

Other outstanding features of the Ford are the Triplex shatter-proof glass windshield, four Houdaille double-acting hydraulic shock absorbers, aluminum pistons, torque-tube drive, more than twenty ball and roller bearings, Rustless Steel, reliability, economy, and long life.

You save when you buy the Ford and you save every mile you drive.
