BENJAMIN, KNOX COUNTY, TEXAS, MAY, 29, 1936.

FOUR PAGES THIS WEEK

10,000 On Hand Wednesday For Knox County Celebration

Splinters

Experience is the name
everyone gives to his mis-
takes.—Oscar Wilde.

By far the largest crowd that ever congregated in Benjamin was here Wednesday, thousands of people. It was just the kind of a crowd that the sponsors, and the sponsors were all the citizens of the county, wished. The square was roped off and most of the entertainments were held there. But one thing of which Knox County citizens are extremely proud is the fact that with the huge crowd and the large number of cars, there was neither a traffic accident nor an arrest. Visitors to the Jubilee did not pay a forced visit also to the county jail.

Benjamin, a city whose population is 485 according to the 1930 Federal census but which if we had a Chamber of Commerce would claim more, feels that as the host city, she did herself proud. Visitors were unanimous in their compliments. The huge slow moving, good natured throng was not one to be rushed. People came to the Jubilee to visit their friends and even though the program got off to a late start and the parade was about the only part of the entertainment that followed the schedule, it made no difference. In fact the visitors seemed content to furnish their own amusement and it was nearing the end of the day when they began to depart. Night found the highways leading into Benjamin crowded with cars coming to the dances and carnival attractions and the night crowd did not begin to disperse until about 2 a. m.

Miss Willie Mae Wood and Mrs. Morey Wood Matier of Long Beach, California, probably came the greatest distance to attend the Knox County Golden Jubilee. While in Texas they plan to attend the Texas Centennial at Dallas. They were guests of Mrs. Frank Moorhouse Wednesday. Other guests were Senator and Mrs. Ben G. ONeal of Wichita Falls, Miss Lillian Ernest of Seymour, Mr. and Mrs. Chas. Featherston, Mr. and Mrs. Van Browning, Mr. and Mrs. Seth Wood, and Mrs. H. A. Smith of Truscott.

Among the old timers here for the Jubilee were Oscar Reed from New Mexico, Roy and Chas. Gray and Rufe Bedford of Henderson, Mrs. Frank Jones of Lubbock, Luce Bennett of Brownfield, Mrs. E. Duval of Abilene, and Bob Pennick of Stamford. All these folks are well acquainted with the early days of the county's history.

TRUSCOTT 4-H CLUB

Truscott 4-H club met Thursday June 4, at the school building. We met for the purpose of going on a picnic but did not go. We waited and waited for nearly two hours, for Miss Butcherd but she never did come. We sadly adjourned and went home.

T. E. Bentley of Haskell, former Benjamin business man, was in town today. He was accompanied by his son.

EXPLANATION

The publishers have tried to give everyone credit who helped make Knox County's big birthday party a success. There were so many who worked hard and did their tasks well that it is impossible for one reporter to give an accurate account of all that was done. Realizing this we make this word of explanation so if you were not mentioned in this issue, do not feel that your work was overlooked and not appreciated. It was appreciated. Without the combined efforts of all, the big celebration could not have been the grand success that it was.

Goes To Washington

D. J. Brookreson is in Washington, D. C. this week affecting a settlement with the F D I C regarding the payment of the county school funds which were held in the Benjamin State Bank, now defunct. A wire from Mr. Brookreson to the county officials indicated that all of the school funds would be paid by the F D I C which amounts to approximately \$43,000.00. At the time the bank closed the county had on deposit in excess of \$110,000.00 and county officials believe that when the July dividend is paid out of the bank's assets that are being liquidated, the county will have recovered seventyfive percent of all county funds.

Several Candidates On Hand June 3

Several candidates were on hand Wednesday handing out their campaign literature and cards. Ed Gossett from Vernon, congressional candidate, Ben G. ONeal of Wichita, who seeks the same office, George Moffett of Chillicothe, candidate for representative, George Baccus of Vernon, candidate for congress were all mingling with the crowds.

reason of not raising their prices Wednesday. Many visitors expressed surprise that this was not done as it seems to be the custom in some other places. Little things like this makes out of town visitors have kindlier feeling for the town.

J. B. Moorhouse is the fellow that was responsible for having an ample supply of ice water in convenient places for the visitors. He furnished the tubs and kept them well filled.

Coffee was the most popular drink at the Jubilee. One reason for this was there was an ample supply of it and it was made right. Lowell Brown was on the coffee committee.

J. C. Veale had plenty of bread, pickles and onions on hand when it came time to serve dinner. He headed the committee to secure these items on the menu.

Leroy Melton who serves on so many committees that he is practically a professional committeeman, attended to the matter of the paper plates and cups. He also headed the finance committee.

W. W. Rice, county agent, and Miss Helen Burchard, home demonstration agent, worked hard at their jobs for days before the celebration and doubled their efforts on the big day. Miss Burchard was head of the exhibits and Mr. Rice worked with the arrangements committee and helped serve the barbecue.

Mrs. D. J. Brookreson, chairman of the museum, ably assisted by many of the local women, had one of the most interesting exhibits ever seen outside of the large metropolitan museums. Articles more than two hundred years old were lent the committee for the day and century old exhibits were numerous. Knox County has a wealth of these rare old articles which should be placed in a permanent museum. They are both valuable and interesting.

Mrs. G. H. Beavers, head of the pageant committee, worked up one of the most interesting events of the day in crowning the Knox County queen. Several beautiful young women representative of the different towns took part in this event.

T. B. Dobbs, manager of the local lumber concern, has shown his loyalty to the county in loaning practically all the lumberyard for erecting shade, tables, and stands. This courtesy was appreciated.

Because all the names of the club women of the county are not available, it is impossible to tell what each of them accomplished but it is impossible to tell what each of them accomplished but it is highly improbable that the same number of men would have worked as hard or accomplished as much. To the club women of the county really goes the major part of the credit for making Wednesday one of the biggest days in the history of the county.

Walter Snody and Carl Patterson, without whose support no picnic

Largest Celebration In County's History

Knox County turned out en masse Wednesday to attend the Golden Jubilee Celebration, stores in the towns of the county were closed, farmers left their plows in the fields, and everybody that could get to Benjamin was here to help commemorate the fiftieth anniversary of the county.

Neighboring counties sent their share of visitors to the celebration and folks from Foard, Baylor, Cottle, Haskell and King were very much in evidence. Old timers from many parts of the state and other states came back to be here for the big occasion.

After a concert by the 39 year old Rhineland Band, official Jubilee Band, an address of welcome was given by Chas. Bisbee which was followed by an address by Judge Jo A. P. Dickson of Seymour who spoke to the pioneers. Superintendent T. W. Harber of Sunset acted as master of ceremonies.

Following this program came one of the largest and most colorful parades ever staged in the county with 235 cars and floats, buggies and wagons and horsemen taking part. At the conclusion of the parade Miss La Verne McCannies of Benjamin was crowned queen of Knox County. Dutchesses were Misses Veronica Schumacher of Rhineland, Ethel Mae Chicoat of Truscott, Sarah Sue Hall of Goree, Winnie Horne of Gilliland, Louise Shaw of Knox City, Pauline Timberlake of Vera and Darwin Campbell of Munday.

Fourteen beeves, bread, pickles, onions and black coffee were served at noon.

In the afternoon Judge Chas. E. Coombs of Stamford gave a talk the subject of which was "They Went West." Judge Coombs started his legal career in the county as county attorney.

THANKS

To the citizens of Knox County:

We do not have words to express our thanks for your cooperation in the Knox County Jubilee Celebration on the golden anniversary of the county. The women of the Knox County Clubs are grateful for your untiring efforts in assisting us to carry out our plans. Let us move on in such a way that when some of us meet again for our Centennial celebration it will be with pride that we review the past.

Mrs. C. C. Hoge, Knox City.

President Knox County TWC.

Mrs. Allie Craig Moorhouse,

Secretary Golden Jubilee Celebration

would be a success, made several trips in the interest of the celebration and entertained a great number of their Knox County friends during the day.

J. Lyndal Hughes as chairman of the program committee, worked out an ideal entertainment for the day. Folks were unanimous in their expressions that they enjoyed the program and Mr. Hughes deserves a great deal of credit for his work on this score.

Besides donating a beef and a great deal of time, O. D. Propps was instrumental in getting the loan of carnival properties from the Tidwell Shows at Sweetwater and the shade on the square was appreciated by all who attended the days festivities.

It Took Lots of Work to Put It On So Meet the Folks Who Did It!

T. W. Harber, superintendent of the Sunset Consolidated Schools, acted as master of ceremonies for the celebration and did a good job of announcing the various events over the public address system. It was due to Mr. Harber's excellent work that the program which got off to a late start, worked out as smoothly as it did.

C. R. Elliott, Knox County Sheriff, was placed on as many committees as one man could be expected to handle and he did his job exceptionally well. Besides carrying out the regular duties of a peace officer which with the large crowd that thronged the streets was no small job, he managed the parade, the cooking of the barbecue, and served on the arrangements committee.

A word of tribute to the club women of the county is in order. Not only was the enthusiasm for the celebration worked up over the county by them by the details of the exhibits, the floats, the pageants, and a large part of the varied program was directly traceable to their efforts.

Lewis Williams of Benjamin and Lee Smith of Knox City with their caravans of boosters from Munday, Knox City and Benjamin who visited not only the Knox County towns but Seymour, Throckmorton, Bomarton, Haskell, Stamford, Rule, Rochester, O'Brien, Crowell, Paducah and Guthrie on a three day tour and gave one of the best shows that any bunch of boosters has been able to present with local talent, deserve a lot of praise for the favorable publicity that they gave the celebration. Knox City and Munday furnished most of the talent on the booster's program and professional entertainers could not have done a better job.

The Texas Derbies, a six piece string band with a widening reputation both as radio entertainers and dance musicians, added to their prestige in the entertainment field both by their work with the boosters, their performance in the parade, and the excellent music they furnished for one of the dances the evening of the celebration. The boys are all Knox County boys and they deserve a big hand.

Miss Lena Faye White, accomplished accordian player, received a big hand from her performances with the booster trips. She is from Knox City.

Miss Claudia Sue Mosely, tap dancer who has given many appearances with Mary's Little Lambs of the Knox City High School, endeared herself to the boosters and the spectators by her talented performances. Her act was one of the high lights of the tirps.

Vocalists with the boosters were Lora Jean Propps, Lois and Lloyd Huntsman, and Glenn and Aldine Huntsman, twins, all from Knox City. U. R. Hoser from Munday sang several solo numbers. Miss Aleen Houser, daughter of U. R. and an accomplished tap dancer, was roundly applauded at the many towns on the trip.

Tact, diplomacy, and a world of energy are needed to talk any group of people into donating enough beef to feed literally thousands but Earl Sams who headed this committee got the job done in grand style and still had time left to enter one of the most interesting floats in the parade. He and Mrs. Sams drove an old time buggy in the parade. Both were dressed in the clothes of the horse and buggy era.

And speaking of the parade, Munday, Knox County's largest town, came through with sixty entries of many kinds and Knox City was only a little piece behind with a large number. The energy and ingenuity of the progressive merchants from these towns was amply demonstrated. Other towns in the county were well represented and many out of county visitors commented that the parade was one of the best that they had seen this year.

Collins Moorhouse, Homer T. Melton and John Smith of the table committee did a good job of arranging and while it took a great deal of time to feed the multitudes that were ready when the signal "Chuck, come and get it" was announced, the people were feed in great style.

Aviation was given a boost at the celebration. A. D. Hatch and Jesse Bristow, pilots from Fort Worth, took up passengers both day and night during the big show and many persons who had never enjoyed a sky ride, now have something to talk about. Some of the oldtimers and some not so old are now contemplating using the commercial passenger lines for transportation on their vacations.

Local merchants and restaurant men received favorable comment by

Answers Given To Old Age Pension Queries

AUSTIN, June 4.—These are questions that the people of Texas are asking. Orville S. Carpenter, executive director of the Old Age Assistance Commission, answers them:

Q—When will first pension payments be made?

A—July 1.

Q—Are you sure of this?

A—Yes, because both State and Federal pension money will be in the Texas Treasury. Texas was granted only recently \$1,181,250 by the United States Government.

Q—How many of the aged past 65 years of age will be eligible?

A—As far as I can estimate now, there will be approximately 65,000.

Q—How much will each receive?

A—Each one will receive up to a maximum of \$30 a month, or \$15 from the State and \$15 from the United States. However, payments will be based upon need because of the Federal Social Security Law and the Texas Law. People who do not need as much as \$30 will receive less. All payments considered, the average will be around \$20 to each applicant who meets the requirements of the Texas Law.

Q—Does not the Texas law require that each applicant for assistance be investigated?

A—Yes.

Q—Is not the organization of the Old Age Assistance Commission based upon rules laid down by the Washington and the Texas laws?

A—Yes.

Q—Is not the entire procedure for obtaining a pension required by the Texas Law and the Social Security Board in Washington?

A—Yes.
Q—Then the method in which you handle applications for assistance is mandatory upon you because of the Texas law and rules of the Social Security Board?

A—Yes.

Q—Is it true that some payments will be only \$9 or \$10 per month?

A—Yes. Payments will be based on need. It is also true that payments will be \$30 per month to those whose needs require it. However, the general average will be about \$20 to each old person on the pension rolls. This average is in itself \$5 a month more to each needy old person than he or she could get if Texas had a blanket pension program of \$15 a month only.

METHODIST MISSIONARY SOCIETY

The Methodist Missionary Society met at the church on June 4 with a short business program.

It was voted to have each member answer roll call each time with a verse from the Bible.

The membership committee reported two new members for our society. The finance committee reported about \$85.00 in our local funds.

The meeting next week will be the Bible program. We want all of our members to be present.

We want to thank everybody for their cooperation at our church party and we especially thank the other denominations.

—Reporter.

Miss Fannie Doak Laird, who has been attending school in Oklahoma, is home for the summer vacation.

Bob Sams, student in Texas University, is home for the summer.

300,000 WORK SHEETS FILLED OUT IN NEW AGRICULTURAL CONSERVATION PROGRAM

COLLEGE STATION, June 4.—Approximately 300,000 work sheets have been filled out by Texas farmers to participate in the Agricultural Conservation Program, it was estimated recently by the State Agricultural Conservation Committee upon surveying reports from county agricultural agents up to June 1.

Members of the State Committee further pointed out that the 300,000 work sheets represent about 75 per cent of all Texas farm acreage.

They said that out of the 500,000 farms in the State, some 400,000 should be eligible to receive grants.

It was for the purpose of giving farmers more time to sign up work sheets that June 10 was set as the final date in Texas.

CONTROL MOSQUITO TO STOP MALARIA

AUSTIN, May 28.—A marked saving in human lives and improved health conditions may be obtained in large measure by an educational program for the control of the mosquito, suggests Dr. John W. Brown, State Health Officer.

"Malaria is transmitted to humans," he said, "by the bite of the Anopheles mosquito. This mosquito acquires the malaria parasites by biting a person who has these parasites in his blood. She (if it is the female who transmits this disease) then bites a well person. The parasites enter the blood, grow, and multiply there. Poisons are formed and carried in the blood stream to all parts of the body. The person bitten by the carrier mosquito begins to shiver with chills, burn with fever, and to have a headache.

"Prevention of malaria should start with the protection of humans from the bite of the infected mosquito and continue through to the elimination of the mosquito.

"The protection of humans may be accomplished by screening all houses to prevent the entrance of mosquitoes. A 16-mesh wire screen should be placed over all openings. Be sure that all chimneys, cracks and other openings are covered.

The malaria mosquito breeds in still water and the pools and grassy edges of running water, as well as in many other places where water is allowed to collect or stand. The female mosquito then lays her eggs on the surface of the water, where they float, and in a few days hatch into "wiggly-tails." These live in the water and in time turn into mosquitoes. These changes must take place in the water and require from 12 to 14 days in summer to complete the cycle.

"In order to prevent the malaria mosquito from breeding, destroy their shelters by removing all brush and weeds; and drain or otherwise control their breeding places in the water by spraying the surface with oil or putting top-feeding minnows in waters where oil or drainage can not be used.

"Consult your health officer or sanitarian about methods of control in your community."

HONOR ROLL

Here's the list of contributions which helped make the Jubilee a success. Of course every one who bought a button for a dollar also helped materially but a list of these purchasers is not available and therefore cannot be printed.

STREETS OF PARIS GAY CHOW AT TEXAS CENTENNIAL

DALLAS, June 4.—The Streets of Paris with its sensational picturization of Gay Paree bids fair to be the most popular spot on the entire Texas Centennial grounds. Fashioned after the Latin Quarter of Paris, with a replica of the SS Normandie as the central piece in the place, it is attracting more attention than any other attraction on the grounds.

Located aboard the SS Normandie is the Centennial Club where royalty will be entertained, if royalty attends the Centennial Exposition. Three

decks of the Normandie are devoted to Centennial Club Rooms, two of these being air conditioned.

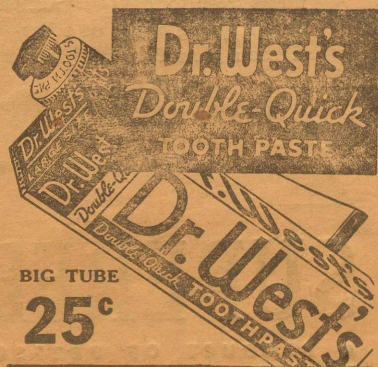

Famous for its peep shows, its grisettes, its sidewalk cafes, its casinos and dance pavilions, the Streets of Paris opens the Centennial with a bang. Featured as the stage show in the attraction is Andre Lasky's French Revue, with 45 Continental Artists, and 24 Parisienne models. Another feature will be Francis Dittrich's Art Institute, where living models will be sketched by visiting artists. Room will be reserved for spectators who seek to see how an art institute is run. 13 prominent artist models from Chicago have been brought here for this feature of the Streets of Paris.

LOST COAT FOUND

Mrs. W. J. Farris of Gilliland writes in that somehow in the shuffle and bustle of the Jubilee crowd a man's dress coat was placed in her car by mistake and was not found until she arrived at her home. The owner of the coat may get it back by getting in touch with Mrs. Farris at Gilliland.

This Double-Quick paste—gives you REALLY WHITE TEETH

● Tooth pastes only partially effective can't keep teeth really white. Don't waste time with them; use DR. WEST'S Double-Quick Tooth Paste. It cleans over twice as fast as some leading brands, yet cannot scratch enamel. For brilliant white teeth, try it today.

LOUISIANA LEGISLATURE TO MEET IN CENTENNIAL

DALLAS, June 4.—The Louisiana Legislature will hold a bona fide session in the bandshell at the Texas Centennial Exposition on June 6, opening day of the \$25,000,000 World's Fair, Governor Richard W. Leche today advised Fred F. Florence, president of the exposition corporation.

This will be the first time in history that the lawmaking body of one state has held a quorum session in another state, Governor Leche said. Accompanied by approximately 2,000 Louisiana citizens, the lawmakers will arrive in Dallas aboard a special train early on the morning of June 6 and elaborate plans have been made for their entertainment. The Tulan University band from New Orleans will accompany the delegation, which will be accorded a prominent place in the opening day parade.

Governor Leche announced he would have the speaker call the roll and if there are any pressing matters pending at the time, proper legislative action will be taken.

P.T.A TO BE ON AIR AT DALLAS

Mrs. J. G. Parris of Gilliland, president of the Knox County Council of the P.T.A announces that the first date for the Centennial Program of the Congress of Parents and Teachers will be held June 16, 2:00 p. m. at Crysler Hall, Centennial Grounds, Dallas. The program will be featured by a massed chorus of singing mothers. The entire program will be on the air. A reception follows the program.

BARBECUE CHEF

Leslie Miller of Vernon, cook for W. T. Waggoner for more than a quarter of a century and past master in the art of barbecuing beef, was in charge of the Jubilee barbecue. Miller has prepared a special barbecue sauce which brings out the fine flavor of barbecued meat and his work at Benjamin was fully appreciated both by the committee and those who were served the barbecue.
