SPLINTERS

A merry heart maketh a cheerful countenance.—Prov.

With the passing of Mrs. T. D. McMinn Wednesday night of this week Benjamin lost a citizen of long standing. Suffering, toil and privation are no longer to be borne by this woman. Unblessed by any great amount of worldly goods, the mother of a large family, and of late years the victim of ill health, her troubles were many, but she bore them patiently. Unable to give her children all the advantages to which every mother aspires, she gives her best and the children, now grown to manhood and womanhood, reflect that training. Honest, industrious, and of good moral character, they command the respect of the community. No greater tribute could be paid to a useful life.

With Thomas Gray we repeat
"Let not ambition mock their useful toil,
Their homely joys, and destiny obscure;
Nor grandeur hear with a disdainful smile
The short and simple annals of the poor."

Out the past week brushing up on our public relations and from some indications they need brushing up. The old American raspberry was handed us a time or two which put us in the position of the man on the street car who asked the lady standing on his foot to kindly move off. She replied, "Put your foot where it belongs." "Don't tempt me madam, don't tempt me," was the retort.

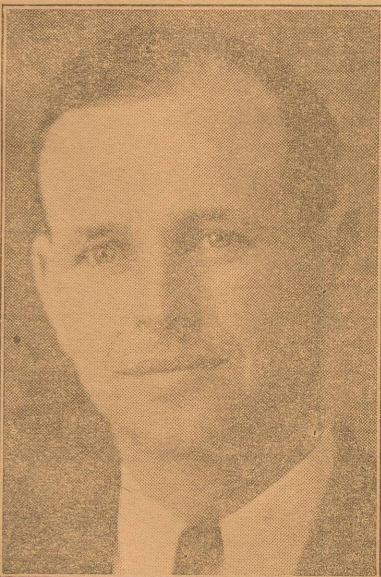

For about the nineteenth hundredth consecutive time we want to explain to our readers two things about the way a newspaper is run. The first is that news is not a reflection of what the editor thinks. The second is that advertising has no bearing whatever on the editorial policy of a paper, at least not this one. If you want the editorial views of this paper, look either in this column you are now reading or on thesecond page under a column wider than the other columns of this paper. Only in the left hand column of the front page or the left hand column of the editorial page will you get the views of the editor.

All the balance of the paper is as non-partisan as we can make it. Our advertising space is for sale to any legitimate person or firm. Articles not written by the editor or a member of the staff are signed and do not reflect the views of the paper but of the persons whose names are signed to them. Any article free from libel that we feel is of interest to our readers will be printed. All subscribers who care to voice their opinions through this paper are invited to do so. It makes no difference whether you agree with the editorial policy of this paper or whether you disagree with it, we will express your views over your signature.

George Ade says that everybody believes that they can run a newspaper, write a play, or manage a big hotel. If you think you can write, grab a pencil and a piece of paper and hop to it. Read it over when you get through and if you are still of that opinion, stick it in the mail box and we'll publish it. Any callers?

J. T. House, Frank Glover, T. W. Templeton and J. C. Veale are attending the horse races at the Young County Fair today.

To Hold Christian Revival Here

Rev. Bedford Smith

There has been some apprehension and questioning by a great many about whether the NRA Blue Eagle was the mark of the Beast spoken of in Rev. 13. Mr. Bedford Smith, minister of the First Christian Church here and at Olney has prepared a Biblical sermon on "Is the NRA Blue Eagle the Mark of the Beast? If not, what is the Mark of the Beast?" He has preached on the subject to full houses and attentive congregations at Olney, Knox City, and Megargel. He brought the same message to a good Saturday night attendance at Bomarton last week.

The theme of "The Mark of the Beast" will be the basis of the sermon here Sunday evening, September 24th at 7:45 p. m. The public is invited to come early. At the 11 o'clock morning worship hour he will preach on "The Two Covenants." The Old Testament does not end with Malachi, nor does the New Testament begin with Matthew according to Bro. Smith. The Church invites you to hear these special sermons.

The revival of the Christian Church will begin on Thursday October 12th. It was postponed because the singer could not come at that time to assist. Minister Howard Goodpastor of Archer City who has traveled and sang for some of the most prominent and successful evangelists of the Christian Church will conduct the song service and have special services for the children and the young people of the town. Watch for further announcement.

Tonight the monthly Friday evening Bible Study in the book of Revelation will be continued, meeting at 7:45 at the church. The public is invited.

C. R. Kirk of Anton visited his brother, O. L. Kirk here last Friday and Saturday.

Mike and Oscar Aultman of Lubbock and Oscar Aultman of Hereford were here Friday and Saturday of last week visiting in the home of their cousin, Hugh Kendrick of this place.

Mrs. Wallace Harbert and son returned this week from Ruidoso, New Mexico. Mr. Harbert is driving about sixty head of horses back from New Mexico and will be about twenty days making the trip. Mr. Harbert has been operating a riding academy at Ruidoso, which is a summer resort. Owing to the extreme temperature of winter and the deep snows which come early in the fall in that mountainous country, very few people stay there in the winter. Mr. Harbert will return to his place at Vera for the winter.

Carl and Cecil Haynie of Truscott were in Benjamin Tuesday on business.

Wheat Farmers Will Meet To Sign Contracts

There will be a meeting of the wheat farmers in Benjamin Wednesday, September 27, according to W. E. Jones, County Agent. The meeting will be held at the courthouse at 2 o'clock in the afternoon. The purpose of the meeting is to fill out the government contracts for reducing the wheat acreage in Knox County. While Knox County is not primarily a wheat producing county, there is quite a bit of grain raised in the northern part of the county and around Benjamin. There is also a few farms in the eastern part of the county that raise wheat and other small grains.

MRS. T. D. McMINN DIES WEDNESDAY AFTER LONG ILLNESS

Mrs. Martha Catherine McMinn died at her home in Benjamin after an illness of several months duration and was buried Thursday in the Benjamin cemetery. Funeral services were held at 4 p. m. at the Baptist church, Bro. Toyb officiating. Mrs. McMinn was born December 17, 1872 and died September 17, 1933. She was converted at the age of 12 and joined the Missionary Baptist church in 1926. She was a faithful Christian. She has been a resident of Benjamin for the past 17 years. She is survived by her husband, T. D. McMinn, ten children, two brothers, three sisters, eight of the children and one brother and one sister were present at the funeral. The following verse was contributed by a friend of the family.

"Precious mother, she has left us,
Left us, yes, forever more.
But we hope to meet our loved one
On that bright and happy shore.
Lonely thy house, sad the hours,
Since our Dear One has gone,
But Oh, a brighter home than ours,
In Heaven is now her home."

BENJAMIN P. T. A. ORGANIZE FOR COMING YEAR

The Benjamin P. T. A. met Monday and organized for the coming year. As customary, the association will have a paid membership. Upon organization, it was decided by the body to have only three regular meetings this year. Questions and needs of the school that come before this organization will be taken care of at called meetings for this purpose. Rythum band instruments will be bought for the school this year by the organization.

WINTER GARDEN STATION GROWS PALMS FOR ROAD BEAUTIFICATION

The Winter Garden Experiment Station now has growing in seedbeds over 8000 ornamental date palms two years old, grown for the winter Garden Chamber of Commerce for planting along the main highways. The Highway Department is cooperating in this enterprise, and these palms will be planted alternately with Retama, a splendid ornamental native tree. Preparatory work to the setting of these ornamental plants next spring is now under way and with the proper care and time, the Winter Garden should be able to boast avenues of palms that will make its highways the most attractive of any highways to be found in the State. The present plans provide for beautification of 150 miles of highways in Dimmit, Zavala and Maverick counties.

J. C. Patterson left the first of the week for Marfa to attend legal business there. He expects to return today.

More Cotton Checks Arrive For Knox County

Another batch of plough-up cotton checks arrived here this week bringing the total to 114 that have been received in Knox County to date. The total amount of checks to be received in the county is near a thousand. It is expected that the checks will be more rapidly forthcoming in the future as the government begins to get caught up with its work of writing them.

GULF WAREHOUSE ENTERED MONDAY NIGHT

The Gulf Refining Company warehouse was broken into Monday night and thirty gallons of oil and an undetermined amount of gasoline was taken. Entrance to the building was gained by knocking off the lock to the door. The gasoline tank was opened the same way. As yet no arrests have been made.

O. E. Rickert of Seymour was in Benjamin this week on business. Mr. Rickert is connected with the E. K. Local Insurance Association at Seymour. He is a brother-in-law of Mrs. Parsons of this place.

MISS BLEWITT SHOWERED

A miscellaneous shower honoring Miss Gertrude Blewett, who is leaving Benjamin to take up her new duties elsewhere, was given last Tuesday afternoon at the apartments of Mrs. T. A. Parsons, assisted by Miss Lucille Spody, Rosalie McKinney and Mrs. Fred Glover.

After the program for the afternoon the gifts were presented to the honoree, by Little Miss Peggy Joyce Stark, Glenda Grace Nelson and Master Stanley D. Glover.

The nice assortment of gifts were unwrapped and admired by all and Miss Gertrude expressed her sincere appreciation to each one and knew her future life would be made more pleasant by the happy memories.

Refreshments were served after which each expressed their best wishes for a long and happy life in her new home.

James A. Stephens and L. M. Williams made a business trip to Crowell Tuesday. Mr. Williams, a young attorney just starting into practice, made his maiden speech in a case there on trial and was highly complimented by those attending District Court there that day.

B. W. Snody made a trip to Dallas the first of the week. While there he underwent an X-ray examination which disclosed an old injury to the hip contracted in an automobile accident a year ago. Mr. Snody is the manager of the B. W. Snody Gin Co. of this place.

A called meeting of the Benjamin Fire Department was held Monday night. Business relative to attending the West Texas Firemen's Association convention was attended to and other routine matters of the department were settled at the meeting.

Dial Glenn returned to Amarillo this week to resume his studies in a business college there.

The Abilene Reporter bargain rates are now \$4.85 for a year or \$1.25 for three months. Every one should take at least one daily and the Abilene paper is truly a West Texas paper. Renew at the office of the Post or any other authorized agent.

John Ed Jones of Munday was a visitor in Benjamin this week.

Firemen's Association Hold Meet at Knox City

The West Texas Firemen's Association held their semi-annual convention at Knox City Thursday of this week. Departments from Seymour, Throckmorton, Munday and Benjamin were represented. The next meeting of the association will be held at Munday. Benjamin entries in both the hose races and the water polo failed to place. Plans are already underway to, according to the race team, to redeem themselves at the convention next spring. A barbecue and a dance were features of the entertainment.

STATE HEALTH DEPARTMENT SCORE QUACK DOCTORS

Austin, Sept. 22—In speaking of health racketeers, Dr. John W. Brown, State Health Officer, said, "There is no meaner method of hitting below the belt than by holding out false promises to incurables. This fact, however, does not in the least deter the unscrupulous who thus heartlessly prey upon thousands of unfortunates who are in a hopeless stage of illness. Thousands of dollars are extracted annually from individuals whose conditions direct their hopes to the promises made by the super-scientific gentry who claim to have beaten the untiring researchers of endowed laboratories to cures for cancer, diabetes, tuberculosis, epilepsy, pellagra, and other serious conditions.

"Unfortunately, it is words rather than deeds that create the miracle. A miracle which, instead of being related to a cure, is entirely associated with the transfer of large sums of money from innocent persons to those whose only interest in health and health matters stops at the cash register.

"It is the sad and killing fact that in addition to the incurables, there are thousands of believing persons who become victims of this type of racketeer, and thus through self-diagnosis and self-treatment, postpone a real investigation of their ailments until the incurable stage is reached.

"Two main rules should be followed in this connection. The first is to have an annual physical examination by a reputable physician. In this way incipient conditions can be discovered and by proper treatment the disease can frequently be conquered. The second rule is to mistrust all high promising statements of 'amazing discoveries.'

ADDITIONAL \$30,231 APPROPRIATION FOR KNOX COUNTY ROAD WORK

Today's Star Telegram, in giving the list of Highway appropriations by counties, lists Knox County as receiving an additional appropriation of \$30,231 for use in building the grade and drainage on Highway 16 from Benjamin to the Haskell county line. This in addition to the \$40,000 federal funds recently appropriated brings the total to \$70,231 for use in this work. This part of Highway 16 is part of the work of the federal unemployment program and it is the desire of the Highway Commission to let the contract for the work as soon as possible. As soon as the county secures the right-of-way, the contract for the work can be let and the work started.

Jimmie Randolph of Antelope Flat was in Benjamin today. Mr. Randolph drives the school bus from the Flat to Truscott.

Bill Ryder and Bill Ryder Jr., of Gilliland were in Benjamin the first of the week on business.

MOVE THE BRIDGE

The proposal to move the bridge on the Brazos between Vera and Monday to Rhineland and pave the cutoff from the Rhineland lane on Highway 24 to intersect Highway 30 at Munday is a movement which should receive the approval and cooperation of all Knox County. Added to the program of highway and construction in Knox County, on completion all the major trade centers in the county would be connected by all weather roads. On Highway 16, Knox City, Benjamin, and Truscott will soon be out of the mud. On Highway 24 Vera and Benjamin are already linked by a hardsurfaced road. By adding the cut off from 24 to 30, all the towns above mentioned would be connected so that travel in any kind of weather would be possible. Rhineland has needed a bridge and has worked for one for many years. To cross the Brazos it is now necessary to either ford the river or to either go up or down for several miles to get to a bridge. The cost of moving the bridge below Rhineland to Rhineland has been estimated at \$10,000. Federal funds have been made available for the construction of lateral roads and the construction of the proposed cut off is the best bet that Knox County has to participate. Let's get behind it and make it a reality.

UNEMPLOYMENT RELIEF QUESTION

Speaking before a joint session of the Texas Legislature Wednesday, Aubrey Williams, regional representative of the Texas Rehabilitation and Relief Commission told that body that the work has been "eminently satisfactory" to the federal organization. Questioned by Senator Walter Woodward as to what position the federal government would take should the legislature create a new commission to handle the money he said that he did not know what Harry L. Hopkins, federal relief administrator, would do. He asserted that the Federal Government had investigated the former administration to such extent that it would not sanction a return to that system, adding that while the costs of administration were lower, that little investigation had been made to determine whether or not relief was granted to only those persons who were entitled to relief. Williams said that the federal government would pay the cost of administering the relief money leaving the state funds free to go 100 percent to those in need.

The statement that the federal government is willing to pay the cost of administering the relief money is one that will be welcomed by Knox County and others of like size. Under the present system a part of the cost of disbursing the relief money is borne by the county. The secretary is paid \$12 a week out of the county funds.

Inasmuch as the purpose of voting state bonds was to relieve the counties and cities of the strain of charity, the use of county funds for this purpose is inconsistent with the wishes of those who voted for the state bond issue.

Because the people of the county are paying duplicate taxes, taxes to the federal government for the federal unemployment money, and state taxes to retire the bond issue for the same purpose, it is not their desire to be further taxed by the county for this work.

Under the old system of disbursing federal funds, the cost of secretary hire was only about \$4.50 a week and paid out of federal funds as it should be. With county finances in the shape they now are, and with the vast amount of federal and state funds to be used for the express purpose of aiding the unemployed, it is ridiculous that the county should be called on to bear this expense.

PAY THE MERCHANTS

Because people in Benjamin are mainly old timers that have lived here since the days when the cattle industry was the only one, they demand of the merchants a service which merchants in other places do not extend their customers—liberal credit. In the old days people paid their bills once a year when they sold the cattle. They still expect longer credit that fifteen or thirty days. But hey! further expect merchandise to be sold here as cheaply as the cash merchants. It can't be done. Pay the local merchants and they can sell their goods as cheap or cheaper than the other merchants.

CARD OF THANKS

I extend my sincere gratitude to our many loving friends and kindred for their presence and comforting words and sympathy in the irripable loss of my husband. Oh, My Heavenly father, as I try to bow in submission to this most supreme earthly sorrow I hear thy tender voice, "I love thee, I love thee, pass under the rod." Oh, The sweet and inspiring spirit influence of the divine with the hope and assurance of a blessed immortality; a life to come eternal, that faded not away.

May all our cherished friends who so kindly soloced us in our bereavment and paid the last touching tribute by placing flowers on his sacred casket, so live that they may be prepared to hear the welcome pland it.

"Well done thou good and faithful servant, enter thou into the joy of thy Lord."

COUNTY DEMONSTRATION CLUB EXHIBIT SEPT. 23 IN MUNDAY SHOW ROOM

An exhibit featuring canned products, hooked rugs, foundation patterns and dresses made using these patterns, will be on display in the show room of the Mayes Hardware Co. on the north side of the City Hall, Saturday, Sept. 23.

A arviety of home grown and home made products will be on sale at this time, the proceeds to go into the Council Treasury to defray expenses of the prize winners who are to be sent to the Dallas Fair, October 7-22.

Trench silos have been dug by 38 Brazoria county farmers this summer as a result of two previous demonstrations and a dairy short course, reports the county agent. One farmer says his silo cut his feed bill to less than half what it formerly was and milk production increased also.

CELLARS BEING BUILT FOR STORAGE BY CLUB WOMEN

"I am so proud of my new cellar," exclaimed Mrs. J. C. Patterson, 4-H pantry demonstrator for the Benjamin Home Demonstration Club. "When it rains, I do not have to lay awake thinking of how the water is running in the cellar and imaging I ill find every thing under water next morning. It is impossible for such a thing to happen to this cemented cellar. The cellar is 6-9 with 6 eighteen inch shelves on two sides of it, making adequate storage space for my pntry."

"Last year I had about 500 containers in my pantry for my family of 3 (at home), to say nothing of the stored products such as onions dried beans, and peas. After using from my pantry for almost one year. I have 125 containers left. To date, I have 300 containers in my pantry and plan to have quite a bit more."

Mrs. Patterson plans to have a well filled and well organized pantry so that it will save money by conserving foods for non-productive months, save time by providing a variety of nourishing foods which may be well prepared quickly and preserve and improve health by providing the foods necessary to nourish the body.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
COUNTY OF KNOX.

To the Sheriff or any Constable of Knox County—Greeting:

You are hereby commanded, that you summon, by making publication of this Citation in some newspaper published in the County of Knox, if there be a newspaper published therein; once a week for four consecutive weeks previous to the return day hereof, Isreal Goldberg, and the unknown heirs of Isreal Goldberg, Deceased; whose residence is unknown, to be and appear before us as Special Commissioners appointed by the Court to assess damages of The State of Texas, by reason of the construction, reconstruction, and opening of State Highway No. 16, upon, across and through certain real estate described in the plaintiff's petition, to which reference is herein made, and being Lots 7 to 12 in Block 215 Original town of Benjamin, Knox County, Texas, the fee simple title of which is alleged to be in the said Isreal Goldberg, and the unknown heirs of Isreal Goldberg, Deceased; more fully set forth in the petition of the State of Texas, acting by and through the Commissioners' Court of Knox County, Texas, No. — vs 2.

Isreal Goldberg, and the unknown heirs of Isreal Goldberg, Deceased; filed with the County Judge of Knox County, Texas, on the 19th day of September A. D. 1933, said Commissioners having been sworn to assess said damages fairly and impartially, in accordance with law, do hereby appoint as the time and place for hearing said parties on the matter, the office of the County Judge of Knox County, Texas, at Benjamin, Texas, on the 27th day of October, A. D. 1933, a copy of this order shall be served upon Isreal Goldberg, and the unknown heirs of Isreal Goldberg, Deceased; and service thereof shall be notice to said defendants, and each of them, to appear at said time and place at ten o'clock A. M. at the courthouse for the purpose of offering any evidence they may desire as to the amount of damages to be assessed against The State of Texas, and to be paid to the said Isreal Goldberg, and the unknown heirs of Isreal Goldberg, Deceased; and each of them respectfully for the right-of-way and strip of land described in said plaintiff's petition filed with the County Judge of Knox County, Texas.

Herein fail not, and have you before us on said date, this writ, showing how you have executed the same. Witness our hands this the 19th day of September A. D. 1933.
