BENJAMIN, KNOX COUNTY, TEXAS, NOVEMBER 11, 1932.

NUMBER 20

SPLINTERS

To those boys who went "Over There" and never came back, we pause to pay tribute to a glorious life that was not given in vain. To those Knox County boys who were spared to serve our country as well in times of peace as in war—we salute you. Although there has been no local program to commemorate this day, your sacrifices are not forgotten nor will they be.

Many of the local exes and old grads are taking advantage of the holiday to regain some of that collegiate feeling by attending football games in different parts of the state. Personally we have the same old collegiate feeling that we had when we were one of the eds instead of just an ex. We are just as broke now as we were then.

Air minded persons will have the opportunity of visiting with the birds in their native stratosphere over the week end provided they can rake up the do re me for the little journey in the clouds.

Several of the more or less industrious citizens can now get their naps out mornings for with the announced change in the time of the arrival of the mail taking effect Sunday there will be no need to come to town until after dinner except on rare occasions.

And another thing that makes the Democrats so optimistic is the fact that they can use the straw that the Literary Digest has accumulated to feed the mule until spring. He can then eat the grass in the streets.

Isn't it a grand and glorious feeling to be able to get back to the serious thing in life like bridge, football games, picture shows, etc., etc?

Some Politicians once there were, Of vanity chockfull, They boosted up Ross Sterling so They thought they'd boost the Bull.

If what we hear on every side is true, and we have no reason to doubt it, it is an almost unanimously agreed that we have had enough politics to last us for at least another two years and so aside from giving the returns of the ballots, a little fling we must make before writing finis on one of the most stormy political eras in history, we agree to bore our readers no more with writing on this subject, although you can take it from us, there is little else at present to fill space with. Another reason for swearing off is that we have finally reached the same conclusion that the majority of our readers have had all the time, that is, we don't know much about politics to start with.

Although not nationally recognized, from Armistice Day until Thanksgiving is Pay Up Your Subscription Week. After the last named day this undernourished establishment will have to pare down its subscription list considerably unless a few of the chronic tight fist readers part with a little of the coin of the realm. We have just about enough paper on hand to give you your weekly headache until that time but when we buy more paper, you are going to have to pay for it. It's sad but true.

Purl Laird is in Fort Worth this week on business.

The Benjamin Theatre announces that all ex-service men will be admitted free to the show, "Merrily We Go to Hell" which is playing here Armistice Day.

Air Circus To Be Here November 12th-13th

Benjamin will be treated to a two day flying circus Saturday and Sunday when three planes, a Curtis Fledgling piloted by Fred McEntire, a Waco Ten piloted by O. L. Holden and a Curtis Robin piloted by Jess Bristoe will make their temporary headquarters here. To add to the thrills, Tex Swanson, who has 196 official jumps to his credit, will leave one of the planes at an altitude of 3,000 feet, fall 1,000 feet and open his chute. Jess Bristoe will thrill the crowds both days with acrobatics. All the pilots are government licensed and have flown from the Canadian border to the Mexican border and from the East Coast to the West Coast. The planes are running close to their millionth passenger without even a minor accident. The program will begin at 12:30 each day with a dead stick landing contest at 12:30. At 1:30 there will be a ribbon cutting contest, at 3:00 a bomb bursting contest and later in the evening a parachute jump. The landing field is one mile east of the city on Highway 24. There will be passenger hopping all day Saturday and Sunday. Admission to the field is free.

FARLEY WIRES CONGRATULATIONS OF GOOD SHOWING MADE BY DEMOCRATS IN KNOX CO.

Chairman Leroy Melton received a telegraphic message today from James A. Farley which read—
We were very happy at headquarters election night when the returns came in from your county and every county in U. S. Realize the effort put forth by you and members of your organization. Desire to express my most sincere and grateful thanks. Please say to the members of your organization that I appreciate every effort that was put forth and that I shall ever be grateful. James A. Farley.

Herbert Cunningham and his crew of surveyors have started work on the rerouting of Highway 16 across Knox County. There are to be four members in the party. The work will take about 90 days to complete it is estimated and will materially shorten distances between towns on the route. As Knox and King Counties are the only gaps on Highway 16 in the state it is expected that the hardsurfacing of the roads in these two counties will be speeded up as much as possible.

KNOX COUNTY BOY WINS TRIP TO CHICAGO. IS THIRD CONSECUTIVE TIME COUNTY IS HONORED

For the third consecutive time in three years a Knox County boy has won signal honors in the statewide 4-H Club contest and as a reward will get a trip to the International 4-H Club encampment held at Chicago each year. The expenses of the trip will be paid by the Santa Fe Railroad, sponsors of the contest, and 19 boys from Texas will make the trip. The Knox County boy is H. C. Armstrong of Knox City. Armstrong raised 25 acres of maize this year and got an average yield of 2 1-2 tons to the acre. In addition to this he raised 16 acres of cotton which will produce about a bale to the acre. He will leave for the trip November 27 and return December 3. The contest was judged on production, 30 percent; profit, 3 percent history, 20 percent; and efforts 20 percent. Knox County is justly proud of the record of the boys who have been so honored. Too, it is a feather in the cap of County Agent W. E. Jones who has been instrumental in keeping the boys lined up and working.

At the Helm—In Time of Need!

What the Red Cross has done is a matter of history. What they will do for the needy of the county before the winter is over depends entirely on the cooperation of the citizenship of the county. Beginning today, Armistice Day, and lasting until Thanksgiving the National Red Cross is putting on a membership drive for all persons who can afford to give a dollar or more are asked to join. The local county chapter is planning on assisting over one thousand persons in the county this year. There is an urgent need of a sewing machine by the chapter and anyone who can, is asked to loan the organization a machine for use this winter in making up some of the cloth which the chapter has on hand.

TWENTY FIVE DOLLARS IN CASH PRIZES OFFERED IN YARD IMPROVEMENT CONTEST

All homes within the City limits and additions to the City of Benjamin are considered eligible and may be entered in the contest, whether owner or tenant.

The time to be from December 1, 1932 to June 1, 1933.

For convenience, the town has been divided into four parts, the highways forming the dividing lines.

A chairman for each quarter has been selected as follows:

Northeast, Mrs. O. D. Propps. Southeast, Mrs. Fred Jackson, South west, Mrs. J. W. Melton. Southwest, Mrs. Art Nelson. These will gladly render any assistance possible as to plans, information, etc. Also the contest committee and civic committee of the Study Club may be called on for help. Let's all help each other to make our town a beauty spot.

Pictures of yard entered in contest will be taken around December 1st, as they are before improvement. Then judged later in May or June 1st, by an out of town committee selected by the contest committee.

The following score will be used by the judges in the contest.

- (a) Cleanliness of front yard and curb 15
- (b) Cleanliness of back yard and alley 15
- (c) Trees and shrubbery 20
- (d) Flowers 15
- (e) Lawn 15

- (f) Painting or improvements 10
- (g) General attractiveness 10
- Total 100

No account is to be taken of how much or how little is spent on the yards but the prizes will be awarded solely on the improved condition and beauty created over what the pictures show at the beginning.

PRIZES

For most improved yard, (owned home) \$5.00.

For most improved yard, (rented home) \$5.00.

In addition to above a prize of \$2 is offered in each quarter of the town for the most improved yard in that quarter.

Winners of the \$5.00 prizes are not eligible for a \$2.00 prize. This decision was made in order to give a greater distribution of the prizes.

An offer comes from the City of prizes amounting to \$7.50 for improved city conditions particulars of which will be announced later.

It might be suggested that a great help and time saver is working out a plan of the grounds on paper before beginning to plant or improve. Contest Committee.

Growing "soup beans" brought \$50 from one acre of land to Frank King this year in his 4-H club demonstration in Brown County. He says "soup beans" are a small white bean like navy beans. In beating his dad on an adjoining acre Frank explains that three loads of barnyard manure did it.

From a half-acre of cane Ward Brackeen of Powderly Lamar county made 140 gallons of syrup this year at a cost of \$16. He also made 45 bushels of peanuts on an acre. He is a 4-H club boy.

Jim Matthews kept smut out of his 50 acre hegari field in Menard county this year by dusting with a small amount of copper carbonate mixed in a home made cement mixer according to county agent suggestions. Two to three ounces of chemical were allowed to each bushel of planting seed and the mixer revolved until every seed was covered with a fine coat of dust.

WEST TEXAS Offers Industrial Opportunities

It has been the history of West Texas that after every national depression this section returns to normal—and marches ahead to greater prosperity—more rapidly than any other section of the country.

Present fundamental conditions are sound, and West Texas' wealth of natural resources—unsurpassed in any other part of the country—promise future progress of a magnitude that will dwarf that sensational development which a few short years ago riveted on this section the attention of the entire nation!

—AND ALERT INDUSTRIES ARE TAKING ADVANTAGE OF THIS ASSURED DEVELOPMENT!—

* * * * *

An adequate, flexible and inexpensive power supply is vital to industrial activity. Here in West Texas, the "Land of Opportunity," this industrial necessity is ably and amply supplied by the West Texas Utilities Company.

Industries recognize power as one of their prime problems. They recognize, too, that in West Texas this company has solved that problem by making their power investment for them—and is able to furnish energy at a lower cost than it could be produced in any other manner.

The West Texas Utilities Company, dependably serving 125 progressive West Texas cities, makes available more than 100,000 horsepower of electrical energy, distributed from three major generating stations and 22 auxiliary plants over a 2,500-mile transmission line network.

For detailed information on any subject concerning West Texas, write this company's Industrial Department, Abilene, Texas.
