

Seventeen Rule Contestants Selected For "Miss Hey-Day"

Rule - Seventeen contestants have been selected by the Rule business firms to compete for the title of Miss Hey-Day, the sixth annual Haskell County Pageant, in the Texas Theatre Tuesday, August 5.

An interest is given the young people of the community in helping to provide them with an opportunity to develop grace and poise in such activities and is sponsored annually by the Haskell Chamber of Commerce.

The girls will be judged on poise, personality, and beauty at a tea where they meet and talk with the judges, and also in evening gown competition. They do not appear in swimsuits, nor are they required to present a talent number. Finalists in the pageant are asked one question that tests their poise and quick thinking.

The chosen Miss Hey-Day will be one of the contestants in the annual "Miss Throckmorton Contest", which is preliminary to the Miss Texas Pageant with qualifications requiring that she be eighteen years of age and must provide a talent. If the winner of the Miss Hey-Day Pageant fails to qualify, another girl will be chosen out of a number of top contestants of the Miss Hey-Day Pageant.

Nine Amendments To Be Voted On In Special Election Aug. 5

Voters will go to the polls on August 5, 1969 to cast their votes on nine proposed Constitutional Amendments that will be on the ballot at the special election.

The Texas Constitution of 1876 has been amended a total of 191 times, most recently in 1968, when seven of fourteen proposals submitted to the electorate were adopted. Changes in the constitution are the most permanent form of legislation and also constitute the one area of legislation in which Texas citizens may participate directly by endorsement or by exercising veto power.

It is, therefore, in the public interest that voters have access to information regarding proposed constitutional amendments to assist them in making an informed judgement of the changes proposed.

The nine proposed constitutional amendments to be considered on August 5, 1969 have been analyzed by the Texas Legislative Council to assist the voter on the merits of the changes proposed.

TO BE VOTED ON AUGUST 5, 1969

Amendment No. 1. Making no substantive change but cleaning up obsolete, superfluous, or unnecessary sections of the Constitution by repealing Sections 42, 46, and 48 of Article III, Sections 3a and 7 of Article VII, Section 12 of Article VIII, Section 3 of Article IX, Sections 1, 3, 4, 5, 6, 7, 8, and 9 of Article X, Section 10 of Article XI, Sections 3, 4, 5 and 7 of Article XII, Sections 1, 2, 3, 4, 5, 6, and 7 of Article XIII, Sections 2, 3, 4, 5, 6, 7, and 8 of Article XIV, Sections 3, 4, 7, 13, 29, 32, 34, 35, 36, 38, 42, 45, 46, 54, 55, 57, 58, and 60 of Article XVI.

Amendment No. 2. Granting

the powers of flexibility of operation to the Texas Water Development Board necessary to develop sufficient water resources for present and future economic development of the state.

Amendment No. 3. Authorizing the legislature to set the salary of the Lieutenant Governor and the speaker of the house of representatives at not more than the salary of a district judge.

Amendment No. 4. Exempting nonprofit water supply corporations from ad valorem taxation.

Amendment No. 5. Increasing the maximum amount which may be expended in one year from state funds for public assistance payments to needy aged, needy disabled, needy blind, and needy children to \$80 million, in order to comply with federal requirements for obtaining matching funds.

Amendment No. 6. Authorizing removal of constitutional interest-rate limitations on certain bonds subject to limitations imposed by the legislature.

Amendment No. 7. Adding certain governmental employees, officers, and agents, including members of organized volunteer fire departments and members of organized police reserve or auxiliary units, and others, to the list of persons whose surviving spouses and children are eligible for assistance as provided by law.

Amendment No. 8. Authorizing the legislature to provide for additional loans to students at institutions of higher education under the Texas Opportunity Plan.

Amendment No. 9. Providing for annual sessions of the Texas Legislature.

The Texas Legislative Council takes no position for or against but merely presents the analyzed reports.

Water Tower Gets New Paint Job

Rochester - If you haven't noticed the past week, the old weather-worn water tower in Rochester has taken on a new look. It was repainted last week with Rochester painted on the side in big black letters. The local merchants and citizens of the community also donated enough money to pay for having a huge Steer head printed on the side of the water tower. This should be quite a sight to see, however, it will be some time before the Steer head can be painted, but it will be a welcome sight for all Rochesterites as well as visitors.

The water tower was also painted on the inside. This is quite an achievement for the city of Rochester. The work was done by Four State Tank and Tower Service. If you have not noticed the water tower, do so next time you pass through town.

If you will notice, Mr. Jackson has put a new awning on his Drug Store and has painted it white. Tanner's Cafe has recently painted a new sign in front of their business and here's hoping by now you have the hint it's about time to beautify your property in town. Clean up Rochester and as the old saying goes, a little powder and paint on a woman goes a long way, how about a little powder and paint for the town?

All I am asking is that the postmaster at the post office demolish a hornets' nest which is very close to the buzzer I have to use to get in the back door of the post office on mail out day. Kenneth is about as afraid of the wasps as I am. So maybe they will just stay there. This is a private joke between Kenneth and me so better not needle him too badly. Kenneth takes a joke real well so maybe he will not break my neck.

Shower Tuesday Morning

Rochester - The weather, which has been sizzling hot for the past few weeks, was slightly dampened early Tuesday morning when about .4 of an inch of rain fell. This dampness and cooling off period lasted only a short while, as the sizzling sun broke through and all was hot again, but maybe more showers will show up this week.

Crops are hurting due to the hot sun and moisture has about played out. Old maize has burned badly and some of the cotton is burning with all of it needing rain. The weather has been in the 100 marks for days and days with only a few 98's reported.

Six Flags Over Texas, the popular theme entertainment center between Dallas and Fort Worth, opened its newest attraction, a 180-foot long stainless steel slide which is attached to the 50-foot level of a 300-foot oil derrick, the tallest in the world. Commented Luann Harrell, left, and Linda Shafer after they completed the run in eight seconds flat. "Wow! It's like going off the top of a five-story building in a blanket."

Eighty-five farmers were present at the organizational meeting of the Jones-Haskell Grain Cooperative, which was held in the Stamford City Council Room, Monday night, July 14.

The purpose of the meeting was to hear and discuss the final recommendations of the steering committee that has been working for the past several weeks. A Week With Sherry At Camp Boothe Oaks

By SHERRY SLOAN

I spent from Sunday, July 13, until Saturday, July 19, at Camp Boothe Oaks in Sweetwater, at Girl Scout Camp.

I was in the unit called Gypsy Glen. My counselors were called Bugs, Sparkie, Mouse, and Xochi. There were two other units called Sherwood and Plateau.

Our Camp Director was nicknamed Prop. Our swimming directors were Bugs and Splash. Each counselor had a nickname that was used all during the week and the last night they told us their real names.

On Wednesday night we had a talent show for all the units in the camp. There were many very cute skits. We had ice cream for refreshments afterwards.

On Thursday, Gypsy Glen and Sherwood hiked to Lake Tramble and slept out.

Haskell Co. H.D. Council Meets

Sagerton - A very descriptive flower arrangement depicting the changing world in the years from the 1920's until 1969 was the center of attraction at the Haskell County Home Demonstration Club Tea Wednesday afternoon, July 16. It was in honor of the present members and all the club members in the county since the 1920's. The arrangement was made by Mrs. E. L. Wyche of the Josselet Club.

Before the tea, the monthly council meeting was held with Mrs. Lewis Corzine presiding. Mrs. Corzine opened the meeting with a devotion in which she said "Our bodies wither regress or progress, physically and spiritually. It is up to us and God which way we go."

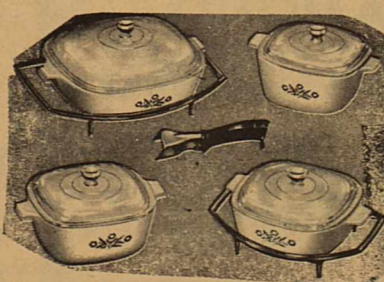

In the short business meeting, Mrs. Corzine appointed, Mrs. C. C. Campbell, Mrs. Glenn Caddell and Mrs. Corzine, as a committee to make plans for the club's food booth at the County Fair in September.

It was decided not to have a family night in August and Council will meet again on the third Wednesday in September.

KAREN SANDERSON

On Friday night, the last night, we had another all camp campfire. Everyone sang songs that brought many tears to the eyes of the campers. I had gotten so attached to my many friends and counselors that I hated to leave camp. During the week we learned many new songs, went hiking,

went swimming once a day, and each day during the week we made either a nature hanging, a soap carving, a charcoal drawing, a paint drawing and a god eyes.

Each day, each patrol in every unit was responsible for their Kapers. The kapers included, cleaning the grounds, cleaning the latrines, cleaning the showers, or just being off to rest.

At every meal there were six hoppers, three dishwashers, and a sweeper.

I had a real good time and I am already planning to go back again next year.
