Rule Youth Enjoys Trip

Rule - Johnny Westbrook has just returned from a 10-day trip to Europe. The trip was planned for the holidays between school semesters. There were 750 students from over the state traveling in 3 jet liners with about 250 to each plane to make the trip.

The weather was beautiful but very cold and lots of snow. Food was cheap and plentiful and very good, also the water. Hotels were very reasonably priced.

They were surprised that the people dressed so well everywhere they went, country, villages and cities, everybody dressed up. Johnny brought back some very unusual gifts for his family.

By JOHNNY WESTBROOK
The trip started from Dallas, Texas, on January 2, at 10:00 p.m. Then we proceeded to Banger, Maine for refueling. The next stop was Geneva, Switzerland where we were on our own. There were 250 people aboard our plane from 3 different schools; NTSU, TCU and UTA.

After we landed 3 other boys and I started our trip with a rented car, ready for us at the airport. We spent the night at Lausanne and proceeded the next day to Munich, Germany, going through Zurich and Berne-Surtg.

Area-Wide Evangelism Conference To Be Jan. 26

The Area-Wide Evangelism Conference of the Baptist Double Mountain Area will be held January 26, 1971 in the First Baptist Church, Anson. The meeting will be held in two sessions, the first at 2:30 p.m. and the evening session at 7:00 p.m.

J. C. Appleby, Pastor of Cross Roads Baptist Church will preside over the afternoon session which will include prayer meeting, special music and messages on the "Why" and "How" of Revival brought by Howard Jones, Pastor of the First Baptist Church, Hamlin and Byron Richardson, Staff Associate for Revival Evangelism in the Evangelism Division of the Baptist General Convention of Texas in the Dallas Office.

Ross Anderson, Pastor of Weinert Baptist Church will preside over the evening session beginning with a song service. The messages for this session will be on the "When" and "Way" of Revival brought by Isaias Longoria, Pastor of

We spent two nights in Munich and while we were there visited Hoffbrau House, the place where Hitler and his friends started the Nazi party. We also visited Dauchau, a German concentration camp during World War II. During the war some 250,000 people were kept there and 33,000 Jews were killed there. It was a camp for Jews and anti-Nazi people. There are pictures showing of the extreme torturous conditions that existed there. Everything is still in tact and the gas rooms and crematoriums are still there. They also conducted high pressure and disease experiments on the prisoners.

After Munich, we drove to Bologna, Italy, and then drove the next day to Venice, Italy. Venice is truly a picturesque and beautiful city. The only way to enter the city of Venice is by boat. The town is built on some 120 islands. Venice was our choice as far as beautiful cities go because everything was intact and some of the buildings date back a thousand years.

We drove on from Venice to Bologna, Italy, the place my fraternity, Kappa Sigma, was founded around 1400 A. D. That night we drove on to Lyon, France but, we had to drive about 400 miles out of our way to get through the mountains because of the snow. We finally got through by going through a 6 mile tunnel built through a mountain.

Castles were numerous all through Europe and we visited every one we came across. The most beautiful one was in Austria and the most famous one was in Switzerland.

In all we visited 5 different countries and the thing that impressed us the most was the beautiful country and how fashionable the people were, but the U. S. sure did look good once we got back.

They went by way of Brownsville and Eagle Pass to Monterey City and then on to Vera Cruz on the west coast. The last president of Mexico spent huge sums of money building large modern airports in all of the large cities in Mexico. They were very impressive but poorly managed.

Vera Cruz is the largest and oldest shipping port in Mexico with some of the largest ships from all over the world docked there. Vera Cruz is a resort city for the wealthy Mexicans. It is their playground for swimming and deep sea fishing. It is warm there the year round and only about a two hour drive from Mexico City. Very few American tourists visit there.

The country on the west coast is very beautiful with all kinds of tropical trees, palms, coconut, citrus, banana and rubber trees. Vegetables are grown commercially along with lots of strawberries.

Tampa is an oil town and has sugar can plantations. South of there is cattle country with big ranches. The trip was enjoyed by all, but they do not care to return.

Old Glory News

MRS. BERNICE WHITE

(Last Week's News) Holiday visitors have come and gone and so has 1970, which surely must have been one of the driest years we have had for quite some time. On Tuesday night of last week we received .2 inch of rain which brought our total for the year to 17.6 inches, however crops last year were generally good considering the small amount of moisture we received. 1971 dawned bright and clear bringing renewed hopes for better things to come.

Mrs. Katie Gerloff spent several days in Lubbock after Christmas visiting in the homes of her sons, Jack Gerloff and Mr. and Mrs. Eugene Gerloff, also a sister and husband, Mr. and Mrs. Roy Wienke. Mrs. Gerloff had three of her sons home for Christmas. Her visitors included Mr. and Mrs. Raymond Gerloff of Abilene, Mr. and Mrs. Eugene Gerloff and Jack Gerloff of Lubbock, also a grandson and family, the Ronnie Gerloffs, who have been living in Missouri but are moving back to Texas.

Mr. and Mrs. Billy Beil, Vance and Kim, were home during the holidays visiting in the home of their parents, Mr. and Mrs. Travis Beil.

Mr. and Mrs. Cecil Klump were in Mineral Wells one day last week visiting in the home of two of her aunts, Mrs. Ruth Thayer and Mrs. Louana Yagle. Stopping by to visit in the home of Mr. and Mrs. Charlie Letz and Mr. and Mrs. Herman Letz ere two of their nieces, Mrs. Leon Grandy and daughter Lori Ann of Wichita Falls, and Mrs. Claude Helwig of Goodland, Kansas. A nephew Raymond Dippel and son Clifford of Lubbock also stopped by to visit Mr. and Mrs. Charlie Letz.

Get-well wishes go to Mrs. Cliff Gholson who is recovering from surgery in the Stamford Hospital and to Mrs. Tony Letz who fell and broke an arm. Mrs. Emma Newman of Amarillo was here last week visiting in the home of her sister, Mrs. Kater Gerloff and also in the home of a brother and wife, Mr. and Mrs. Beno Hertenberger.

Visitors in the home of Mr. and Mrs. Herbert Klump during the holidays included their daughter and husband, Mr. and Mrs. Pete Elliott and also a granddaughter and family, Mr. and Mrs. Bill Kolb and children of Arlington.

VARIETY CLUB The Old Glory Variety Club met for the first meeting in the New Year at 2 p.m. January 12, in the home of Mrs. Katie Gerloff. The new president, Mrs. E. H. Diers, presided at the meeting. Other new officers are Mrs. Bill Wright, vice-president; Mrs. Garrett Spitzer, secretary-treasurer, Mrs. Beno Hertenberger, devotional

leader, Mrs. Vera Bell, recreational leader and Mrs. Lynn Flowers, reporter.

Six members attended and paid their annual dues. The next meeting will be in the home of Mrs. Beno Hertenberger on Tuesday, January 26, at 2 p.m.

HERE AND THERE

Stanley Diers left last Wednesday to attend North Texas State University in Denton. Stanley had attended NTU before entering the Armed Services. He had returned recently from a tour of duty in Vietnam, and had only a short vacation here in the home of his parents, Mr. and Mrs. E. H. Diers before going back to school. Rebecca Letz, daughter of Mr. and Mrs. David Letz, returned to Lubbock last Thursday where she is attending Texas Tech.

Rev. and Mrs. Jack Key of Abilene were dinner guests in the home of Bernice and Judy White last Sunday.

Morris Garner and his son Loy Zane Garner of Abilene spent the weekend in Iraan visiting the John L. Garner family. The H. L. Boles spent Sunday in Abilene visiting in the home of their daughter and family, Mr. and Mrs. Sam Houston and daughters. Michael Vanderworth of Denver, Colo., who is presently

attending Midwestern University in Wichita Falls spent the weekend here. He is the grandson of Mr. and Mrs. Charlie Letz and Mr. Oscar Vanderworth.

We are glad to report that Mrs. Cliff Gholson was able to return home from the hospital at Stamford last week. Their daughter and family, the Bob Coats of Wichita Falls, spent the weekend here with the Gholsons. The family and Mrs. Gholson state that they are sincerely appreciative of all the nice things people have done for them during her illness.

Mr. and Mrs. Leon Biffle Honored With Parties

Rule - Mr. and Mrs. Leon Biffle of Anchorage, Alaska, visiting friends in Rule during the Christmas holidays, were honored with a quail supper on Monday, December 28, in the home of Mr. and Mrs. Pete Kittley. Other guests were Timmy and Billy Dave Kittley, Mr. and Mrs. Jack Kittley, Mrs. J. E. Kittley and Mr. and Mrs. Charles Clark.

On Tuesday night Mr. and Mrs. Charles Clark honored the Biffles with a steak supper in their home. Attending were Mr. and Mrs. M. Y. Benton, Mr. and Mrs. Pete Kittley and Billy Dave Kittley. After the supper films were shown of Alaska by the Biffles, who are school teachers in Anchorage, and Mr. Biffle is also a part-time guide for hunters and fishermen. Arriving later to enjoy the film with the above mentioned were Joe B. Cloud, Andy Anderson of

Dallas, Joe Harold Cloud and Mr. and Mrs. Reece Clark. Mr. Clark has hunted with Mr. Biffle in Alaska.

The Biffles left Wednesday at noon to visit in Weatherford before returning to Alaska.

Holidays In Florida

Rule - Mr. and Mrs. Joe Mathis and Larry Don, and Mr. and Mrs. Charles Wood and daughter Karen spent two weeks on a tour of Florida, going the southern route through Louisiana, Mississippi, Alabama, and around Florida's coast line to Key West, returning the northern route by way of Florida's eastern Atlantic coast.

Some of the highlights were Crossing the Mississippi River at New Orleans; the 7-mile bridge from one island on the Keys to another island; the Swannee River; Busch Gardens in Tampa; 78 miles of Alligator Alley; passengers of a luxurious Norwegian ocean liner being entertained with dancing by the natives of Key West on Christmas Day; water show at Cypress Gardens; a 52-mile NASA bus tour of Cape Canaveral, and Kennedy's Space Center on Merritt Island where Apollo 14 was in position for the January blast-off; fishing in the Atlantic Ocean; viewing swans on the Atlantic waters at Daytona Beach; visit to St. Augustine, U. S. oldest city; tour of Civil War battlefields at Vicksburg, overlooking the Mississippi River; and picking fresh fruit from the trees in the large groves was a treat too.

Remarks From HD Agent

Do you ever sit down at your machine to sew and have everything go wrong? This dilemma can easily be avoided by giving your machine routine checkups, advises Mrs. Barbara Elliott, county home demonstration agent.

Sewing machines should be cleaned regularly. To perform well, a machine needs to be kept lint-free and oiled.

To clean, use a soft brush to remove lint and loose threads. Then apply a drop of oil to all points which normally need oiling. Remove excess oil by stitching on scraps of fabric.

When the machine seems to be performing slower than usual, the gears may need lubrication. Apply the lubricant according to directions in your sewing machine instruction booklet.

When the top tension thread keeps breaking, rethread the machine. If this doesn't help, check for correct needle size and length, then see if the needle was inserted properly. If you still have trouble loosen the upper tension. Sometimes the thread is not the correct size for the needle of fabric.

If the bobbin thread breaks, the thread may not be wound evenly on the bobbin or it may be wound too full. Also, the tension may be too tight.

When the machine skips stitches, check for correct needle size, and proper needle insertion. The thread may be too coarse for the needle. Again check the tension: it may be too tight.

Mr. and Mrs. Jake Wheeler visited their son and family, Mr. and Mrs. Eugene Wheeler of Brownwood this week.

WINS RIBBON

Mr. and Mrs. B. O. Robertson and Melissa were in Abilene Monday to attend the Abilene Livestock Show. Melissa showed her Hereford beef steer and won 10th place in that class.

Mr. and Mrs. George Mullino, Susan, Reida and Buddy spent the weekend in Ruidosa, N. M. skiing.

Mrs. John Michaels of Bronte visited a few days last week with Mr. and Mrs. Tommy John Michaels, and family.

Mrs. Kathrine Byrd was in Abilene on Monday.

Mr. and Mrs. Eugene Bittick attended the musical at Seymour Saturday night.

Rev. Glenn Granger returned last Wednesday from the Evangelism Conference in Fort Worth. It was held Monday and Tuesday.

Arlis Hearn had surgery at Hendrick Memorial Hospital in Abilene Monday and is reported to be doing well.

Texas First In Livestock Export

Austin - Texas Agriculture Commissioner John C. White has released figures on the number of livestock Texans reported in 1970 and predicts that Texas will continue to rank Number One among the 50 states in the export of beef cattle, swine, sheep and goats. Texas exported 111,083 head of goats; 75,820 head of sheep; 10,916 swine; and 6,352 head of cattle last year, Commissioner White said.

The State also exported 946 head of dairy cattle, which is believed enough to hold its Number Four ranking in the export of dairy animals. Figures were available in 1970 for the first time on Texas export of horses and show that 1,124 were exported.

Most of the livestock and swine went to Mexico and South American countries which have found Texas cattle and hogs more than adequate for upgrading their herds, Commissioner White said. Texas Department of Agriculture personnel are active throughout the year in helping foreign visitors locate and buy good Texas swine and livestock.

The figures on exports are based on the U. S. Department of Agriculture's health certificate records. Such certificates are required when exporting livestock and swine.

Mr. R. C. Ezell is home from the hospital and improving.

Scott White was in Dallas over the weekend visiting his son, Scotty, who had been in the hospital last week.

James Freeman is a patient in the hospital at Haskell.

TAX MAN SAM

There has been some confusion on what IRS is going to do for taxpayers on figuring their tax returns this year. IRS will not take your shoe box full of records (?) and put it down on your Form 1040 for you - however, you can have IRS's computer figure your tax return by simply following the instructions with your Form 1040.

"Your Federal Income Tax" says: "If your income on line 18, Form 1040 is \$20,000 or less, and consists only of wages or salaries and tips, dividends, interest, pensions and annuities and you choose the standard deduction instead of itemizing your deductions, you may have IRS compute your tax for you. If you want IRS to do this, fill in lines 1 through 18 and 24, 26, 27 and 28, if applicable. If you are entitled to a retirement income credit, attach Schedule R and enter "RIC" on line 22 of Form 1040."

If you meet the requirements and you figure that the computer can "out figure" you, just mail it to the Austin Service Center and the computer will do the rest.

On the sick list and improving are Mr. W. F. Goad and Mrs. Jean Bell.

Miss Johnnye Pearson of Austin, has been visiting her sister, Mrs. Lonnie Corzine, this past week.

Mrs. J. N. Boykin has returned home to Rule after visiting in Calif. and Old Mexico. She visited her son, Parris, in La Palma. She returned to Amarillo by plane, where she was met by Dorothy Alexander of White Deer. Mrs. Boykin visited them for a few days, coming through Lubbock, to visit Mr. and Mrs. Keith Whitaker and baby, returning home Saturday.

Mr. and Mrs. Bud Clark left Monday to visit a few days in Wichita Falls with their daughter, Mr. and Mrs. Richard White.

Mrs. Lillian Hudspeth was brought to Knox County Hospital in Abilene Monday and is in hospital from Hendrick Memorial Hospital. She had surgery two weeks ago there.

Ed Acree is still a patient in Hendrick Memorial Hospital. He is showing some improvement but is still very ill.

FORMER ROTARY MEMBER, Dickie Sloan is presented a pen and pencil desk set with Rotary emblem from president, Don Lamb, Monday night at the ladies night Rotary Club meeting.

Dist. Governor Visits Rotary; Sloan Honored

Rochester - The Rochester Rotary Club had ladies' night at the meeting of Rotary Monday night. The District Governor, Maurice Crawford and his wife were honored guests along with former member Dickie Sloan and his wife, and the wives of the Rotarians.

Mr. Crawford met with the club, had a review of their year's work, and spoke to the group giving a very inspiring talk on Rotarians and their services to the community.

Dickie Sloan, former Rotarian for many years and former secretary of the club was presented a very beautiful pen and pencil desk set for his years of service. Making the presentation was Don Lamb, president of the club this year.

The ladies were presented as Mrs. R. M. Johnson and Mrs. S. P. Keller attended an Evangelism Conference at the Tarrant County Convention Center at Fort Worth last week. The attendance Monday night was 1500. Mrs. Sam Reed planned to attend but was on the sick list. She is some better, but is still not getting around much yet.

VA Questions And Answers

(Editor's Note: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.)

Q - For several years after the death of my husband, I received widow's pension from the Veterans Administration. When I remarried, the pension stopped. My second husband, who was not a veteran died recently, and I was left without sufficient income to provide for my support. Is it possible to have my pension restored?

A - Yes, if you are otherwise qualified for benefits, you may reapply for death pension benefits. A change in the law effective January 1, 1971, permits restoration of death pensions to widows who remarry and the marriage is terminated by death or divorce.

Q - I did not complete high school, but was accepted as a college student under the GI Bill on the basis of a General Equivalency Diploma test. I now find that I am having trouble with some subjects and cannot keep up with my class. I have been advised to seek special help. Can VA help me?

A - Yes, if your school certifies that you need tutorial help to avoid failing a course, you may receive up to \$50 a month for nine months to pay a qualified tutor. Application should be made to the VA on Form 21E-1990T.

Q - Several years ago I elected to receive Army retirement benefits rather than VA disability compensation. Is it too late to change now?

A - No. There is no deadline for changing to compensation from VA in lieu of retired military pay. However, you must undergo a VA medical examination to determine the degree and nature of your disability and the amount of compensation to which you are entitled. You can make arrangements for this examination through the nearest VA office.

Q - I am currently training as an apprentice under the GI Bill. As a part of my training my employer has asked me to take a correspondence course. Will VA pay for the lessons completed through correspondence, in addition to providing the allowance under the apprenticeship program?

A - No. You cannot be paid for a correspondence course at the same time you are pursuing training under an apprenticeship program.

Q - I am a 76 year old, honorably discharged veteran who served in the Army less than 90 days, from October 23, 1918, to January 6, 1919. Am I entitled to VA hospital or medical care? Also, if I should die before my wife, who is also 74, is she eligible for any benefits from the VA?

A - War veterans who were discharged under other than dishonorable conditions may receive hospital care from the VA on a bed-available basis for treatment of their non-service-connected conditions. You may make application by reporting to the nearest VA hospital for examination. If this is not convenient, complete VA Form 10-P-10 with the assistance of your physician, and mail to the nearest VA hospital.

To be eligible for pension, however, a veteran must have served 90 days or more, part of which must have been during wartime, unless discharged sooner for line of duty disability, and must have been discharged under other than dishonorable conditions.

Eligible widows and children of deceased veterans may be eligible for death pension benefits provided the veteran meets the service requirements stated above.

Q - My father died in wartime service. I am 20 years old and going to college under the War Orphans Educational Assistance Program. I earned \$800 last year. Will that prevent me from receiving VA benefits?

A - No, there is no limit on your earned income.

Q - A reservist served six months on active duty for training during a wartime period. Several months after completion of this training he was killed in an automobile accident. Is he entitled to a US burial flag?

A - No. Reservists are not eligible for a flag unless they incur service-connected disabilities.

Q - My husband was killed in service and I want to take advantage of VA educational benefits. Can I get help in working out a program?

A - Yes. Apply to VA for educational counseling, and professional counselors may be able to help you decide on a productive program.

Q - I was discharged from military service on September 20, 1970, after being on active duty for two years. At discharge, I was told my Service-men's Group Life Insurance has been increased. Is that true?

A - Yes. Since June 25, 1970, unless you requested some lower amount, your insurance has been \$15,000. It continues for 120 days after discharge, and can be converted to an individual, commercial policy if you apply to an eligible company during the 120-day period. If you were totally disabled at separation, your insurance may continue up to one year. For additional information, contact your nearest VA office.

Q - Where do I send my change of address to make sure that I receive my VA pension check?

A - Send your change of address to the VA regional office which has custody of your records, as well as to the Post Office.

Accent on Health

J.E. PEAVY, M.D.,
Commissioner of Health

Cancer patients in Texas are being aided by information collected by the Texas State Department of Health in its Cancer Registry.

While previous research into cancer is of great benefit to those with the disease today, the future holds more promise because of information being collected on cancer, its treatment and follow-through examinations.

"One of the primary purposes of the Cancer Registry," said Dr. W. S. Brumage, Chief of Special Health Services of the Texas State Department of Health, "is to follow-up cancer patients through their family physicians and hospitals to determine the quality and length of care and survival. Continuation of care to the cancer patient is of primary importance." He said this necessi-

tates a lifetime follow-up and periodic examinations.

The Registry hopefully can provide us with information as to what is the best type of care, he said. This includes surgery, radiation, chemotherapy or a combination of these. "This can be of vital concern to cancer patients of the future," said Dr. Brumage.

The Registry had its start in 1949 and was housed at M. D. Anderson Hospital in Houston. It operated under sponsorship of the Texas Cancer Coordination Council and was composed of volunteer hospitals which provided records of cancer cases and follow-up exams. On the council were the State Health Department, M. D. Anderson Hospital, Texas Medical Association, Texas Dental Association and Texas Division, American Cancer Society.

In 1959 the State Health Department took over sponsorship and designed a local hospital cancer registry booklet. A manual, "Your Hospital Cancer Registry Guide," provides each participating hospital with suggestions to use in collecting uniform data about the patient, the disease, treatment and follow-up. One aspect of the disease of major importance is its location in the body and the stage of the disease when the patient reported for treatment - whether localized, with regional involvement or remote metastasis.

Dr. Brumage said the local hospital or clinic is the base on which the Registry is built. This operational procedure is approved by the American College of Surgeons. He noted that many hospitals use the services of the Cancer and Heart Division. Some use the reporting forms and although they may not be a part of the Cancer Registry program, we consult with them also, said Dr. Brumage.

Information from the participating hospital or clinic is put on the Texas State Department of Health computer. More than 100,000 persons are on the Register now. Some 30,000 new cancer cases were reported in Texas in 1969.

"The Texas State Department of Health has made available better health services to nearly an additional half million residents of East Texas, with the creation of the first ten proposed health regions in the State of Texas," according to Commissioner of Health Dr. J. E. Peavy. "And the goal is

to eventually provide these services to more the 2 1/2 million Texans not now reached by all state health services."

The first step in reaching these citizens was taken on May 1 when the State Health Department officially instituted Region 7, with headquarters in Tyler. The new region serves 36 counties stretching from the Red River to the lower Louisiana border above the city of Orange, with some 922,183 residents. Until Region 7 was created, only 429,081 citizens were covered by ten city-county health units in the area. That left 493,102 without comparable health services. Now all those citizens will be reached by state and area health programs.

"The regional health system will allow state health programs to be brought closer to the people who need them, and will provide better administration of health services," according to Dr. Peavy.

Region 7 medical director is Dr. J. R. Bailes, who moved to his post after serving as director of the Texarkana-Bowie County Health Department since 1962. Deputy regional medical director is Dr. John P. Jones, who also supervises the Tuberculosis Control Program in the Tyler area. William Ballard will serve as regional engineer and will supervise the environmental health program. Dr. Jessie Gee will be the region's public health dentist, and Dr. George Kutch will serve the region as chief veterinarian. Health personnel will be concentrated into the regional office and made available throughout the region.

Eventually, the State will have 10 regions providing services to the state's entire population. All regional offices will consist of staff representing all

major public health disciplines. However, technical guidance would be directly between State Health Department personnel in Austin and their regional counterparts.

Texas has 68 organized city and county health departments providing direct public health services to eight million residents in 76 counties which contain about 76 percent of the state's 10.6 million population. The state's remaining 178 counties, with about 24 percent of the state's population (or 2.6 million people), are left without local health units. The new regional system is setting about to alter this situation.

Tax Man Sam Sez

We live in an age where it is popular to establish our identity. The "in" thing to do among college students is to seek your real identity. With the Internal Revenue Service computer you are really "in" if you give your correct name, address, and Social Security number. However, the good tax folks moved your identity label off the top of your form 1040's that they sent you in the mail, and stuck the peel-off label on the front of your tax forms package.

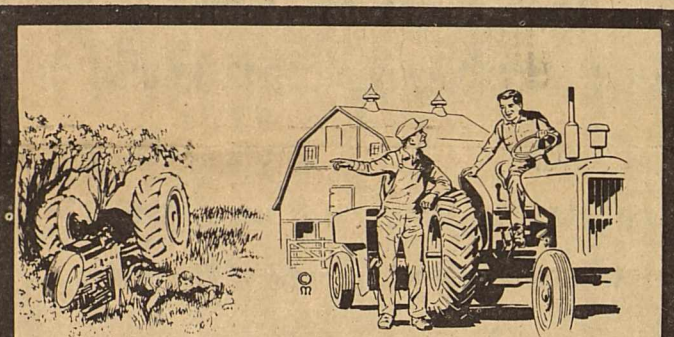

Since all of us have to be "in" with IRS's computer it would appear that the first step is to search for our blue identity label. Then it's a simple matter of peeling it off and identifying ourselves, by sticking our label at the very top of our tax forms.
