**THE BEAUTY AND THE BEASTS** — Patricia Howard, daughter of Mr. and Mrs. Joe Howard, was crowned 1964-65 Yearling Football Sweetheart by Captains (from left) Randy Herring, son of Mr. and Mrs. T. P. Herring; Paul Hudspeth, son of Mr. and Mrs. S. L. Hudspeth; and Sidney Smart, son of Mr. and Mrs. Delbert Smart. In addition to this honor, Patricia was crowned 1964 Halloween Carnival Princess of Grade School, Saturday night, October 31.

## Yearlings Crown Football Sweetheart At Final Game

The Rochester Yearlings crowned their football Sweetheart at halftime of the game between the Yearlings and

the Munday Braves.

The Pep Squad, dressed in their blue skirts and white blouses, marched onto the field and formed a huge heart in the center of the field. The Co-Captains, Randy Herring, Sidney Smart and Paul Hudspeth entered the middle of the big heart and chose Miss Patricia Howard as the team's football Sweetheart.

Camey Glover was crown bearer and John Hicks carried the corsage of red roses. Randy Herring presented the Sweetheart with the corsage of roses, and Paul Hudspeth presented the Sweetheart to Patricia.

## Steerettes Win 40-39 In Overtime Tilt

Rochester's Steerettes have done it again! Monday night, November 9, at 7:00 p.m. the hometown's "A" and "B" girls were the victors in a very grueling match with

Knox City. Coach J. Wilson started Brenda Hollar, Jacquelyne Holmes, and Penny Helton on offense and Ginger Mullino, Peggy Hollingsworth and Brenda Dunlap occupied defensive positions.

It was a tough game and both teams really hustled, but the Purple and Gold team pulled past Knox City's sextet with a 10-7 score.

High point girl for the Steerettes was Jacquelyne Holmes, with 4 points. Tied for second place honors were Penny Helton and Brenda Hollar, each with 3 points.

For the "A" game, Coach Wilson started Marsha Shaver, Judy Herring and Diana Lynne Harper as guards and Cheryl Brown, Linda Tibbets and Oralia Barrios as forwards.

Likewise Knox City's Coach started Susan Reese, Wilma Fahring, and Twyla Standlee as forwards and Carolyn Crownover, Lou Perez, and Glenda Cox as guards.

High point girl for Rochester was Cheryl Brown with 24 points. Linda Tibbets bagged second place honors when she sunk 12 points. Oralia Barrios added 4 points to the others to give Rochester a total and victorious score of 40 points.

So far, this game has proven to be the Steerettes' toughest battle for victory. There was tremendous competition from both teams. The game ended 39-39 and three three-minute overtimes had to be played to determine the winner. There were about ten seconds left to play in the third overtime. One of Knox City's guards fouled Linda Tibbets and she had a free shot coming. So — Linda shot and the scoreboard read 40-39 in favor of the home team. Linda really saved the day and a game for Rochester and she had a lot of help. Our guards were just about perfect when we needed them most and it seemed as though our forwards couldn't miss the basket!

Knox City was a real good sport. They have a great team and even greater coach and if you were at the ballgame Monday night you'll understand this statement!

Coach Wilson and all the Steerettes ask you to travel to Knox City Thursday, No- See STEERETTES, Page 10

## Coming Events

Call in your local news. Call the Reporter office, 925-3331 or Mrs. G. H. (Howard) Sloan, 925-3262.

If you have run a picture in our paper the past year, please come by and pick them up. Also there are several group pictures to be given, away-first come. These pictures will be destroyed after Dec. 15, 1964.

The O'Brien Senior Class will present "Have a Heart" Monday, November 16 at 7:30 p.m. They invite everyone to attend.

## Carl Marshalls Honored As "FB" Family

The Carl Marshall family was introduced as Hale Center's Farm Bureau Family, last Monday night, at the Annual Hale County Farm Bureau Awards Banquet, in Plainview.

They were one of the 11 community winners in Hale County. The Carl Marshalls have been residents of the Hale Center community for the past 12½ years.

They are the son and daughter of Mr. and Mrs. Guy Marshall and Mr. and Mrs. Elmo Stephens of O'Brien.

The Carl Marshalls moved to Hale Center in 1952, from O'Brien, while Carl and Bobbie were still newlyweds. They have two children, Steve, a second grader, and Melody, who is too young for school. She is Mascot for the high school cheerleaders. Steve was escort in the Harvest Princess Contest.

Carl is a natural born farmer having lived on a farm all his life. He now operates 1,060 acres of land. Carl and Bobbie now own a half-section of land near Hale Center, in addition to what he rents.

They are active workers in the Baptist Church. Both are Sunday School teachers. They are also members of the P-T-A, Owl Booster Club, and OES. He is a member of the Masonic Lodge, and she is a member of the Pioneer Study Club. The Marshall family was selected Outstanding Hale Center Family, on the basis of community service and a well rounded community life.

## MRS. BURKETT GUEST SPEAKER FOR ROTARY

The Rochester Rotary Club met Monday night in regular session, at the school cafeteria.

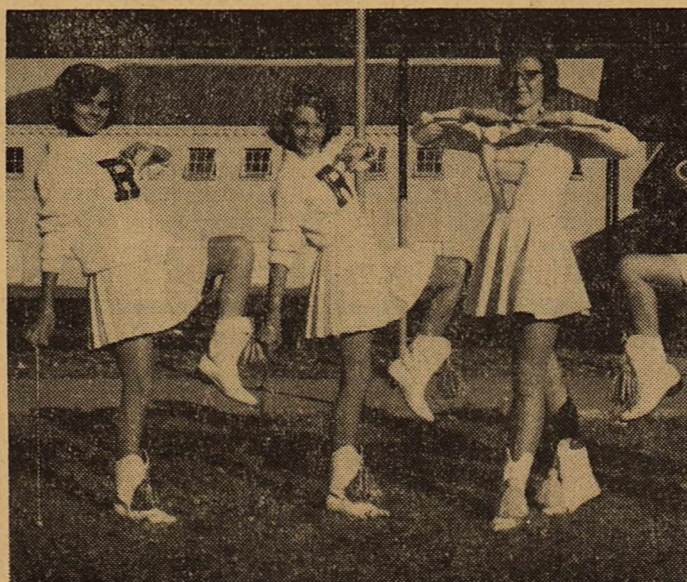

There was good attendance, with only one member absent, Manford Reid. Lookout, Manford the Rotary Yoke may find its way to you next week.

Mrs. Artie Mae Burkett, County Guidance Counselor and Supervisor, brought the program for the evening, concerning the Junior College to be located in this area.

There will be a program held at a later date, to discuss the college, to which the interested public will be invited.

**YEA YEARLINGS** — Cheerleaders of the 1964-65 Junior High Pep Squad, dressed in their blue skirts and white sweaters, were: Standing (from left) Linda Cobb, Virginia Griffin, Martha Nell Chambers; (front row) Ava Margaret Herring.

**A FINE JOB, FINISHED** — Leading school spirit for the Junior High Yearlings this season were: (from left) Majorettes, Patsy Ballard, Belinda Gaunt, Carolyn Greenwood, and Patricia Howard; and (center.) Drum Major, Sherry Tibbets.

## Haskell County Agriculture Census Plans Announced

Plans for taking the 1964 Census of Agriculture in Haskell County were announced today by Elsie M. Dowden, newly-appointed census crew leader for the county.

The job will be done in three stages, the crew leader said. First will come recruitment and training of enumerators to count all farms in the county. About one enumerator for each 150 farms will be needed.

Shortly after November 19, the Bureau of the Census, an agency of the U. S. Department of Commerce, will start the second stage by mailing agricultural census questionnaires to all rural boxholders in the county. This will give farm and ranch operators, who are required by law to fill out the forms, a period of time to consult their records and fill in answers to the questions.

In the final stage, enumerators will visit each farm in the county to collect the questionnaires. At the time of this visit, the enumerators will help farmers complete answers to any questions the farmers may have had difficulty with. Enumerators visits are

scheduled to begin in this county on November 23. Enumerators will take about three weeks to complete their work, the crew leader estimates.

The Census of Agriculture is taken every five years in the years ending in "4" and "9" to gather up-to-date information on the nation's agricultural resources and production. Such information is vital in making decisions affecting many segments of the U. S. economy. Data gathered include the number and size of farms, acreage and harvest of crops, livestock inventory, information on farm equipment and facilities, farm products sold, and use of fertilizers, insecticides, and herbicides.

## HASKELL CO. WOOL CONTEST HERE, NOV. 17

The Haskell County "Make it Yourself With Wool" contest will be held in the Rochester School Auditorium, Tuesday night, November 17, 1964, at 7:30 p.m.

This contest is sponsored by the American Wool Ass'n.

There will be winners in three divisions: Adult, Seniors and Juniors. The first place winner from each division, will go to Lubbock December 5, for the District Wool Contest.

The public is invited to attend.

## ATTEND MEETING

Those from Rochester attending the Annual Stuffing Party of the Haskell County TB Association, were: Mmes. Manford Reid, Felix Mullino, M. H. Hicks, and Miss Adelaide Hicks.

## Charley Hines Buried Sun. In Cleburne

Funeral services for Charley Clinton Hines, 77, who passed away Friday, November 6, 1964, in Cleburne, were held Sunday at 3:00 p.m. in Crosier-Pearson Chapel in Cleburne. Burial was in Greenacres Cemetery in Cleburne, under the direction of Crosier-Pearson Funeral Home.

He was born April 23, 1888.

Survivors are: one son, Finis Hines of Rochester; three daughters, Mrs. Ed Cherry, Arlington; Mrs. Jack Elliott, Fort Worth, and Mrs. Clyde Hanna, Cleburne; one brother, Fred Hines of California; one sister, Mrs. Etta Jackson, Springfield, Illinois; nine grandchildren and 10 great-grandchildren.

Mr. and Mrs. Manford Reid visited their daughter, Mr. and Mrs. Hollis Riggins, Thursday and Friday.

## Steers Lose To Matador, To Host Turkey Fri. Night

The Rochester Steers play host Friday night, November 13, to the Turkey Turks, as they come to town to put in their bid for victory, in another district game, for both teams. The Turks will be worthy opponents, so join the loyal fans to cheer the Steers on to "Victory!"

**Matador Game**  
Rochester fought hard but suffered a defeat by the Matador Matadors, at Matador, Friday night, November 6, by a score of 22 to 0, in both teams' first district game.

Charles Ezell, a substitute quarterback, led the scoring by tallying twice in the second period and again in the fourth. Ezell also tossed a pass to Tim Green for two extra points, after the final touchdown, and fullback Richard Campbell made a run for two extra points after the first touchdown.

The Steers racked up 107 yards Rushing, and had one pass completed from Holmes to Berryhill, for several yds. Fullback Raymond Greenwood, substituting for Johnny Wyatt, helped rack up the yardage down the middle, assisted by a capable line. Others making yardage were halfback Buford Berryhill, Steve LeFevre and quarterback Tommy Holmes.

Rochester's linemen also made the Matadors feel their presence by some hard playing, but the Matadors soon wore them thin with their passing and running combinations.

Steer tacklers for the game included: Olson LeFevre, 17; Bill Penman, 16; Travis Tibbets, 14, 2 unassisted; John Ballard, 13; Troy Fischer, 13; Jerry Hearn, 10; Steve LeFevre, 8; Buford Berryhill, 4, 2 unassisted; Raymond Greenwood, 5, 2 unassisted; Bud Adkins, 8; David Hollingsworth, 3; Phil Tanner, 1 unassisted.

## "Turkey Shoot" Slated For O'Brien, Saturday, Nov. 21

By JOHN LIPPARD

O'Brien's First Annual Thanksgiving Turkey Shoot will be held Saturday, November 21, as a fund raising venture of the newly-formed O'Brien Volunteer Fire Department, Fire Chief John Lippard announced this week.

The Turkey Shoot, scheduled to become an annual affair, will be held in the business district and will be in progress all day, starting at 8 a.m. Weather permitting, the contest will be held outdoors, but, in case of inclement weather, the shoot will be moved indoors.

Explaining the "bracket system" to be used during the contest, Lippard said shooting will be on a point basis, with brackets of ten shooters being established by the contestants themselves as the contest progresses. Top scorer of the day would, of course, be a winner and would take home the largest Turkey. Thereafter, winners will be the shooter whose score places them at

the top of a bracket. In other words, second place and a turkey will go to the 11th highest score, third place and a turkey will go to the 21st highest score and so on, 31st, 41st, 51st, etc.

Firing will be at standard 50-yard smallbore targets from a distance of less than 25 yards, making it possible for young and old, male or female to post winning scores and take home a Thanksgiving turkey.

Rifles will be provided but personal .22 cal. rifles may be used if desired. Each shooter will be assigned a target and his, or her, score will be posted at the completion of five shots. An individual may post as many scores as he likes.

Proceeds from the shoot will be used by the Volunteer Fire Department to purchase much-needed basic fire fighting equipment. Funds accumulated by the Department as proceeds from the recent Pancake Supper and the booth at the Harvest Festival have already been spent for modifications to the Fire Station and for new fire hose.

The Volunteer Fire Department was chartered recently and a truck was purchased from the Haskell Fire Department. An enthusiastic group of men of the community is turning out for each meeting of the Department. Since its inception, the Volunteers have responded to two fire alarms — one in the home of Baptist Pastor Cecil Foster, the other for the fire which gutted the home of Juan Garcia.

### HOME NOW

Joe Howard is home from the Haskell County Hospital and doing fine after having his teeth extracted. He was in the hospital from Friday until Sunday. He now has a brand new set of teeth.

### FEATURE WRITING

**By Marian Homer**  
 Most people seldom think twice about how a teenager really lives. They just take it for granted that a teenager does about what an adult does to occupy himself during waking hours. That's not quite true, for you see, a teenager's life contains not only the present, but also a part of the future. To be able to plan each moment of an exciting event that's in the making, gives one a feeling of being grateful to be alive and young — fresh for each of life's handouts, good or bad.

When a teenager wakes up in the morning, the first thing that comes to mind is the main event of the day. As sleep leaves his mind, the less important things are acknowledged. Lying in bed with the feeling of security, a teenager plans his work for the day, before beginning it. Maybe it's silly, but it usually works out perfectly to plan before performing one's duties.

School takes up a large part of a normal day in the life of a teenager. Friends scurry down the halls together to "beat the bell." Here is where one can really exert energy since almost everything goes on at school. Besides studies, extracurricular activities keep school life from becoming boring and tiresome to students. Sports offer a challenge that can't be turned down without defeat coming before at least one try.

Other than sports, there are organizations, literary events, and honors which every individual would dearly treasure. Being a member of an organization offers a chance to become more mature and a way to learn, with others, how to become a stable-minded adult. Literary events are a pathway to deep, meaningful education. Using one's mind to develop speeches could open someone's door to becoming a speaker — if one could also use proper grammatical expressions and be at ease before people.

Of course, in every school, there are honors which each teenager would be proud to have bestowed upon them. Receiving such would thrill any teenager enough to try to do his best in any and everything. So, school activities take up a lot of energy, as well as time.

Following school hours, many activities can take place to keep one from being idle. Church activities, parties with friends, or a warm home atmosphere would fill any teenager to the "brim" with satisfaction from being wanted, cared about, and especially needed. Life without these would be pretty worthless, but teenagers generally find them by giving of one's self to everything possible.

Back to bed that night brings another average teenage day to a close. Thus ends an active day in Father Time's large book. Oh, yes, a teenager still says prayers, "Thank you, Lord, for giving me another day filled with evidence of your love for me and others. Amen."

 November 5, 1964  
 Rochester's Steerettes left their home town at 5:15 p.m. Thursday, November 5, and traveled to Benjamin. There they met Benjamin's sextet in a hard-fought and very hard-won game. These honors went to the Steerettes when they downed the purple and white team, 42-36.

The Steerette starting lineup consisted of Cheryl Brown, Linda Tibbets and Oralia Barrios as forwards, and Diana Lynne Harper, Marsha Shaver, and Judy Herring as guards. High point girl was Cheryl Brown with 25 points. Running a close second was Linda Tibbets with 17 points. Even though Oralia Barrios re-

mained scoreless in this game, she gave Benjamin's defense some real competition.

Rochester's defensive trio played top notch defense throughout the game. In the fourth quarter Benjamin decided that she didn't like the score. Then our guards began hustling when it really counted.

Rochester's "B" girls also played. Coach Wilson started Penny Helton, Cecelia Moon, and Jacquelyne Holmes as forwards and Ginger Mullino, Peggy Hollingsworth, and Brenda Dunlap as guards.

High point girl was Penny Helton, with 7 points. Jackie Holmes came in second with 5 points; with Cecelia Moon coming in close with 4 points. The "B" girls put up a pretty tough fight and played a sharp game, but Benjamin's sextet downed them, 29-16.

## Cotton Classing Report

Cotton harvest continued to be delayed by damp weather and only 4,134 samples were classed at the USDA Cotton Classing Laboratory in Monday during the week ending November 6, according to A. D. Peebles in charge. This week's classing brought the season total to 20,868 samples.

Grades for the week were 2 percent Middling, 6 percent Strict Low Middling, 2 percent Low Middling, 22 percent Middling Light Spotted, 34 percent Strict Low Middling Light Spotted, 4 percent Low Middling Light Spotted, 9 percent Middling Spotted, 13 percent Strict Low Middling Spotted, and 4 percent Low Middling Spotted.

Staple lengths for the same period were 1 percent 13-16, 14 percent 7-8, 33 percent 29-32, 31 percent 15-16, 8 percent 31-32, 3 percent 1 inch, 5 percent 1 1-16, and 5 percent 1 3-32.

Micronaire readings for the week continued good with 87 percent in the 3.5 to 4.9 range and only 2 percent 3.0 to 3.4 and 11 percent 5.0 and higher.

Market activity remains good with most cotton selling. Middling White and Strict Middling Light Spotted grades are bringing even to 35 points above loan while Strict Low Middling White and lower grades are bringing 60 to 125 points over the loan price.

## Rites In Goree For John Alvin Bates

John Alvin Bates, 74, died Thursday afternoon, after living in Knox City for about three months.

Mr. Bates had been in Knox City in 1904, when he worked with his father, who was constructing railroad facilities in the Knox City area.

The funeral was held Saturday in Goree with the Rev. Jesse Dea, pastor of the Methodist Church, officiating. Burial was in the Goree Cemetery under the direction of the Smith Funeral Home.

Survivors include two sons, Glenn Bates of Irving, and Herbert Bates of Denver, Colorado; one brother, Ben Bates of Marble Falls; and one sister, Mrs. Bill McDonald of Oklahoma City.

## 1946 STUDY CLUB MEETS

The 1946 Study Club met Tuesday, November 3. The theme for the meeting was, "Take Time For World Affairs."

Mrs. C. E. Williams presented a reading, "USA" by Edna St. Vincent Millet.

Mrs. Charles Lankford introduced the speaker, Mr. Roy Arledge, state representative from Stamford. Mr. Arledge related some of his personal experiences in state legislature and told of the laws passed recently pertaining to women. Women now have the right to sell their property without their husband's signature or may go into business without his signature. Other laws were discussed that had been passed since women acquired the right to vote in 1919.

The table was decorated with autumn arrangements

and an LBJ Donkey wearing a western hat and a BG Elephant wearing glasses. Cake squares were decorated with the presidential candidate's initials. As the women chose their refreshment, they "picked their candidate." Johnson won.

New members invited to join the club are Mrs. Wyn-doll Stephens and Mrs. Don Whitley.

Hostesses for the meeting were Mrs. Travis Thompson, Mrs. Bobby Joe Helton, and Mrs. R. P. Barnard, Jr.

The Club meets next on November 17, when the speaker will be Mrs. Gerald Doyle of Munday, who has been a missionary in Ecuador.

## LANDMARK BEING MOVED

The old E. O. Jamison home located on East Main Street and FM Road 2701 was moved this week to make room for a service station. The house was built in 1904 and is being moved to the Smith Ranch south of Munday. A cedar chest will be built from the two cedars that had to be removed from the front of the house. The pecan trees, some of the first to be planted in Knox City, will remain on the lot.

Monty Penman will build a Conoco Station on the lot, facing North.

## HISTORICAL MEETING

Last Tuesday, Mrs. B. B. Campbell, Sr., gave a report on the State Historical meeting, which she attended recently in Austin. Nearly every county in Texas was represented at the meeting. Speakers at the meeting stressed the importance of teaching Texas History in the schools.

At the local meeting, George Wall volunteered to make road maps of the county to be distributed to service station and cafe owners.

Two show cases have been purchased to be placed in the Knox County Courthouse. If you have any item that you feel has historical significance, please call any member of the committee.

## SCHOOL NEWS

**HOUNDS LOSE LAST GAME**  
The Knox City Greyhounds lost their last game of the season Friday night to the Archer City Wildcats, 14-0.

Archer City scored in the second and fourth quarters. The Hounds were past the twenty yard line twice, but couldn't cross the goal line.

The Greyhounds, under the guidance of Coaches Ted Darland and Jim Bateman, won three district 11-A games and lost two. They rank third in District play.

Nine senior boys played their last high school football game, Friday night. They were: backs, Ben Smith, Richard Rodriguez, and Brack Shaver; guards, Derrell Marion and Doug Logsdon; tackles, Robbie Glenn and Ronnie Worley; and ends, Roger Vassar and Ray Penman.

**SCHOOL SIDELIGHTS**  
Freshman Initiation was held Thursday. The program was based on a Huntley-Brinkley Newscast with commercials. Later there were air

raids in the hall and the Freshmen were auctioned off as slaves-for-a-day.

Archer City and Munday are tied for first in District 11-A football. They will play tomorrow, Friday, night at Archer City.

High school boys' basketball should begin sometime this week.

Several classes held mock elections last week. Johnson won over Goldwater by large majorities, but the voters picked George Bush over Ralph Yarborough.

Phyllis Tankersley, daughter of Mr. and Mrs. Lynn Tankersley, who was chosen FFA Sweetheart earlier this year, received her white Sweetheart jacket last week.

The Knox City Junior High Greypups defeated the Crowell Kittens last Monday night in their last game of the season. Melvin Clay made two touchdowns and Ronald Curd carried the ball twice for extra points, and the game ended 16-8.

The High School A and B girls' basketball teams played their first games of the season with Rochester Monday night.

Mr. and Mrs. Tommy Hef-fington (former band director and teacher from Knox City) are living in Abilene. Mr. Hef-fington is working for the Caldwell Music Company; they have a three months old daughter.

Taking their ACT college entrance tests in Abilene Saturday, were Derrell Marion, Ronnie Worley, Roger Vassar, Doug Logsdon, and Ben Smith.

The Junior High School boys began basketball workouts Monday.

Mrs. A. L. Fitzgerald, County Nurse, finished checking the grade school children's eyes, Monday.

The FFA boys went to the League Davis Ranch last week to look at the cattle and also had a campfire.

The Pee Wee football team lost their first and only game

of the season 8-0, last week, to Spur.

**BASKETBALL GIRLS NAMED FOR FIRST GAME**  
The Knox City High School Girls A and B Basketball Teams played their first game Monday night at Rochester.

Forwards are Wilma Fah-ring, Twyla Standlee, Susan Reese, Diane Thomas, Velvet Verhalen, Karen White and Becky Lowrey.

Guards are Glenda Cox, Luisa Perez, Carolyn Crown-over, Kathy Richardson, Pam Waldrip, Gail Cornett, Vicki Holcomb, Molly Wright, Judy Land, and Phyllis Tankers-ley.

Kay Reeves is the team manager.

O'Neal Weaver is the girls' coach.

## Church News

**METHODIST**  
Members of the Knox City Methodist Church observed a Great Day of Methodist Sing-ing, Sunday, November 8.

A processional hymn was played as the choir entered the Church.

During the services the choir sang several hymns. Mrs. Dottie Lowrey and Mrs. Billie Angle assisted the choir at the piano and organ. They played a prelude of hymns.

Vicki Lowrey, Jan and Sher-ry Sutton, and Cora Jan Fitzgerald, accompanied by Mrs. E. J. Warren, sang "He."

The Chancelite Choir sang "The Old Rugged Cross". Members of the Choir are Gala Watkins, Ann Hoge, Jill Thompson, Karen Clonts, Ja-cqueline Crowover, LuAnn McGaughey, Gwen Angle, and Donna Railsback.

George Houston played a

violin solo, "The Lord's pray-er."

The Children's Choir I, ages 5-7, sang two selections, "We're Going to a Church" and "Sing Thank You to God".

The Children's Choir II, ages 8-12, sang, "This is My Father's World" and "Now the Day is Over".

A quartet, composed of Mrs. Annamay Arnett, Mrs. Billie Bess Angle, Doyle Graham, and George Houston, sang "How Great Thou Art".

All the hymns presented Sunday had been chosen by a ballot presented to the congrega-tion at an earlier date.

**Mary-Martha Circle**  
The ladies of the Mary-Martha Circle of the Knox City Methodist Church, have com-piled and published a "home-town cookbook" of their fa-vorite recipes. These books are now being sold for \$1.50. To place your order call Mrs. Travis Thompson, 8-3512 or Mrs. V. R. Dodd, 8-6021. Get your copy now because only a certain number of the books were printed.

**CATHOLIC**  
Sunday marked the Golden Jubilee for the Knights of Col-umbus at Saint Joseph's Catholic Church in Rhineland.

Ceremonies began with a high Mass at 9:00 a.m. with most of the members of the council present, receiving Communion in a body.

Father Herman Lauz, com-plemented the men during his sermon and gave a brief his-tory of the Knights of Colum-bus, an organization based upon the ideals of Christopher Columbus, who besides being an explorer and navigator, was a missionary by bringing religion to America.

Afternoon services included recognizing the Charter Mem-

bers of the Rhineland Coun-cil. They are: H. P. Decker, Bud Decker, Liberatus Loran, Henry Bellinghausen, and Au-gust Shumacher.

The members' wives and friends were invited to after-noon activities and were serv-ed supper in the Knights of Columbus Hall.

**CHURCH OF CHRIST**  
Mr. M. D. Manning of Tem-ple, preached both the morn-ing and evening sermons Sun-day at the Knox City Church of Christ.

**FOURSQUARE**  
David Christ, son of Mr. and Mrs. Thomas Christ, has been named Crusader of the Month, in the Wichita Valley Division of the Foursquare Churches.

Last month Claudia Collins, daughter of Mr. and Mrs. Claude Collins, was honored as Crusader of the Month.

These Crusaders are picked according to points they earn through Church activities.

## REDECORATING

The Knox County Hospital's Nursing Home has been com-pletely remodeled for the first time since the Knox City tornado.

The home has a new roof, windows, and screens, and a new living room floor cover.

The outside woodwork has been repainted and the whole interior has been repainted.

The work is being done by Norman Lusk and other car-penters.

## 40TH ANNIVERSARY

The Knox City Study Club

celebrated its 40th Anniver-sary last week. Mrs. Otis Cash was leader for the meet-ing and presented a history of the club.

Thirteen past presidents were present for the meeting. Each gave a brief account of club activities during her ad-ministration. Past presidents include: Mmes. O. L. Jamison, R. R. Banner, B. C. Anderson, E. J. Warren, Mabel Pyaett, T. P. Frizzell, Jr., J. M. Ash-croft, T. P. Frizzell, Sr., Henry Arledge, S. M. Clonts, H. L. White, B. B. Campbell, Sr., Otis Cash, A. J. Malouf, T. S. ## Cotton Burs And Nitrogen Improve Yield

Would you like to double your yields the easy way? It can be done by applying cotton burs and nitrogen to the land.

Thurman Howeth, who cooperates with the California Creek Soil Conservation District, and operates the Dennis P. Ratliff Farm southwest of Haskell reports that he anticipates twice the yield of cotton on cropland that was treated with cotton burs and nitrogen on the Ratliff farm.

## Governor Connally Praised "Better Control Of TB"

Austin, October 30 — Fourteen families from across the state came to Austin Friday to thank Governor John Connally for the work he has done in seeking better TB control in Texas.

The families were strangers to one another, but they had one thing in common. Each of them has known about tuberculosis, first hand, the hard way.

Tuberculosis associations in their home towns arranged trips for the families. They watched Governor Connally sign the 1964 proclamation of Christmas Seal Days in Texas — which begin November 16.

Families came from Dallas, Houston, Fort Worth, Kyle, Rusk, Corpus Christi, Victor-

ia, Beeville, Crystal City, Hillsboro, Taylor, Beaumont, El Paso, and from Austin itself. Some brought children — like the Frank Prado family of Batesville, whose nine-year-old son, Arnuso, spent three of his years in the San Antonio Tuberculosis Hospital. Lucky Arnuso, for he had tuberculosis meningitis, which, if not found in time, often turns a child into a vegetable, unless it kills him first.

Their seven children accompanied the Henry Bobbitts of Rusk, Texas. Mr. Bobbitt developed pneumonia in December, 1962, and an X-ray showed he had tuberculosis. He was working at two jobs when he became ill. The TB association took care of regular check-ups on other Bobbitts, generous neighbors helped the family, and Mr. Bobbitt entered a tuberculosis hospital. His treatment concluded, he is now working at the Rusk State Hospital and taking special training for more advanced work. Rusk car dealer Johnny Williams furnished a car to bring the Bobbitts to greet the governor, Friday.

Joe W. Cloud of Rule has been applying cotton burs on his farms for a number of years. Cloud is well sold on this practice and makes every effort to get burs applied on his land each year.

Certainly this offsets the cost of applying burs and nitrogen with a sizable profit remaining. Ten pounds of nitrogen should be applied with every ton of burs put down. Three tons of burs per acre is considered minimum. Past experience shows that five tons per acre is more desirable.

Cotton burs are a good soil builder and conditioner, but soil protection is another important reason for applying burs. Burs help to control wind erosion, surface compaction and crusting. Rainfall is slowed down and more water is taken up by the soil. For maximum soil protection burs should be left on the land until about April 1.

All three elements of fertilizer are found in cotton burs. Faster results and greater soil improvement benefits are obtained by the addition of nitrogen with the burs. A reliable soil test may indicate the need of phosphorous or potash.

Gov. Connally is presently studying a report on state-wide control of TB which has been made by his committee on the eradication of TB in Texas.

## Long Range Farm Program Demanded By Farm Bureau

Houston — A national farm leader said here today that farmers are tired of "stop-gap and patchwork farm programs" and that it is time for Congress to face facts in dealing with agriculture's price and income problems.

Demand for a long-range farm program that recognizes the proper role of the market price system was made by Charles B. Shuman, president of the American Farm Bureau Federation, at the annual meeting of the Texas Farm Bureau.

"Agriculture has been too long denied its rightful place in an expanding and relatively prosperous American economy," Shuman said.

"In spite of huge expenditures of federal funds, the parity ratio is the lowest in 25 years. Farmers have not realized equitable financial returns from their dramatically increased production efficiency. Rather, they have been price-fixed and control programs that have wrecked market prices.

"Our farm program is a ridiculous patchwork of hasty and ill-conceived remedies drafted under the pressure of political expediency.

"A prime example of bureaucratic bungling is our current cotton program which has piled subsidy upon subsidy and complexity upon complexity. The result thus far is reduced exports, rising surplus stocks, lower prices to farmers, increased mill profits, and little if any reduction in retail prices.

"Textile manufacturers represent the only segment of the cotton industry that has profited from the annual sub-

sidy of \$300 million to the mills.

"Here's what the Wall Street Journal of October 30, 1964, said about the subsidies:

"Profits of 13 textile manufacturers in the third quarter were up 46.6 percent from 1963. Officials give a great deal of the credit to government's new cotton price policy. Since mid-April, mills have been getting a 6½-cent a-pound federal payment designed to make up the difference between the world price of cotton and the higher government-supported domestic price. The fourth quarter will also benefit as the subsidy generally has not caused cotton goods prices to fall," Shuman reported.

The Federation president also warned that attempts at a further expansion of compensatory government payments may be expected from the advocates of federal intervention in farm commodity pricing.

"There are those who are more interested in federal power and control than in improving farm income who preach the false doctrine that government compensatory payments would let the market set the price.

"The real truth is that such programs depress market prices. The payment approach insulates producers from the effects of changing market conditions and impairs the ability of the market to allocate resources. Consequently, a price that is supplemented by a government payment is not a true 'market price.' It is more likely to be a 'government-wrecked' price.

The Federation president pointed out that farmers already are far down the road in their dependence on government payments for their livelihood.

"Of the approximately 12 billion dollars in net farm income this year," he said, "nearly 20 percent, or 2.1 billion dollars is in the form of direct payments from the federal Treasury. This does not include the cost of the cotton mill subsidy.

"This places farmers, a minority group, in the role of beggars beseeching politicians for an annual handout in order to stay in business. No self-respecting farmer wants to become a member of a permanently subsidized peasantry," Shuman said.

## Rites In Anson Nov. 7 For F. Windham

Funeral services for Marion Frank Windham, 78, of Anson, were held at 4:00 p.m. Saturday, November 7, 1964, in the Anson Church of Christ with Curtis Ramey officiating. Burial was in Mount Hope Cemetery under the direction of Lawrence Funeral Home.

Mr. Windham was killed Friday in an automobile wreck, along with a companion, George S. Haliburton. He was born February 25, 1886, in Llano County, and married Bessie Blackwell February 12, 1905, in Milam County. The couple moved to Jones County in 1914, and to Anson in 1927, after a number of years in the Stith and Compere Communities. He was a retired farmer.

Survivors include his wife; one daughter, Mrs. I. P. Thornton of 857 Meander in Abilene; two sons, Woody of Odessa and Newell T. of Aspermont; two sisters, Mrs. Onie Roberts of Camp Wood and Leatha Guinn of Wichita Falls; nine grandchildren, 15 great-grandchildren, and 1 great-great-grandchild.

Mrs. Kenneth McWhorter of Rochester is one of his grandchildren.

## Haskell Co. Gas And Oil Roundup

A 13.6 million a year ingredient in the prosperity of Haskell County is the production of oil and gas, the Texas Mid-Century Oil & Gas Association says in its current survey of economic factors stemming from petroleum operations here.

Using just-published U. S. Bureau of Mines figures as a base, the Association has projected what oil and gas activities mean in this country. In 1962 Haskell County was producing more than 4.4 million barrels of crude oil and 4.9 billion cubic feet of natural gas. The oil was valued at \$13 million; the natural gas at \$600,000.

Haskell County ranks 77th in the state as total value of oil and gas production.

"Demand for Texas crude picked up enough last year to give us an increase of about 3 percent over 1962 on a statewide basis. This slightly improving trend seems to be holding this year as more autos are put on the road and nationwide business conditions accelerate," said James L. Sewell, president of the Association. "It will be several months, however, before we know to what extent individual counties are participating in the current market."

The dispersion of oil dollars through Haskell County business channels and the healthy effect given property values by petroleum industry activity are indicated by several figures published by the Association.

It is estimated that royalty payments to Haskell County landowners who are fortunate enough to have producing wells on their property create a "crop" worth about \$1.7 million annually. These and other farmers and ranchers who have leased acreage for exploration receive additional rental and bonus payments, but sufficient current data is

### WSCS MEETING

Mrs. Gene B. Louder completed the study The United States and The New Nations Problems and Responsibilities by Vera M. Dean, at the meeting of the Rochester Methodist Women's Society of Christian Service, when they met Monday afternoon at the church.

The opening prayer was given by Mrs. R. A. Shaver, Jr. and Mrs. Grady Newsom had the devotional entitled, "Our Brotherhood".

Mrs. Louder reviewed the chapters, "Foreign Policy Problems: Alignments and-or Commitments?" and "U. S. Future Course: Choices of Alternatives". For the worship center an outline map of the United States was placed on one side of a table with a world globe on the other. Under which was printed the words of the title of the study. A picture of the United Nations building in New York City was also used.

The president, Mrs. Dan Wadzeck, conducted a short

not available for measuring the amount. Oil and gas operators invested an estimated \$2.3 million in Haskell County last year in the search for new fields and in the development of zones where production has been found. The Oil and Gas Journal reports that 80 wells were drilled in the county in 1963, resulting in 34 oil wells, and 46 dry holes.

Drilling operations included 37 wildcat wells in which operators hunted oil in new territory or at new depths. About \$1.3 million of the drilling expenditures was lost to dry holes, the Association estimated.

Petroleum industry payrolls contribute about \$761,000 a year to the county, according to Texas Employment Commission records. They show about 180 persons directly employed in oil and gas operations.

The state government's financial interest in Haskell County operations is measured by the \$642,000 a year which the operators and royalty owners provide the state government in production taxes. These payments are in addition to those paid to local units of government and schools as property taxes. Oil and gas property taxes are reflected in local support of many Texas school districts. For example, 69.6 percent of the local taxes for the Carney School District comes from oil and gas operations; 47.1 percent at Haskell; and 77.3 percent at Rochester.
