

Meadow Host To Abernathy In Ball Game Today at 2:30

The Meadow and Abernathy football teams meet on the local gridiron this afternoon at 2:30 in the opening game of the season.

Meadow will be handicapped in the fact most of the boys are inexperienced and small, but Coach Stephenson said to a representative of the Star Thursday that the boys were looking good, and he had hopes of winning the game.

There is no doubt about it, Meadow is going to give some one in this conference a real run for their money this time. We were out one afternoon last week and watched the boys work out, and they looked good, but it is going to take time to get them to their maximum efficiency.

Abernathy reportedly has a good team, and will furnish Meadow lads some very stiff competition in today's game. If Stephenson and his boys can surmount the Abernathy obstacle our prediction is that the rest of the season will be child's play.

Probable line up for the game is as follows: Moorhead center, Gibson and Mitchell, guards, Upton and Warren tackles, Liles and Finley, ends, Beasley, Price, Peugh, and Yowell backs, with Smith Bell, Holder, Freeman and Gryder and perhaps others possibilities of seeing some play.

Every Meadow fan should be on deck this afternoon at 2:30 and give the new coach and new team a hilarious send off. Will you be there?

Here and There

Dave Beasley has just returned from a trip in Central and East Texas. He says thousands of acres of the crops there, as here, has been ruined by the worms. Down around Greenville and those parts the cotton is being picked for 75c, he said, and he thinks practically all of the cotton there will be out in a matter of three or four weeks.

Dave said he thought the pulling here this fall would cost about 60c per hundred, as a big bunch of the laborers in the lower part of the state are just waiting for the call to come here and go to work.

Terry County Tag Sale Hits New All Time High

Virgil Burnett, Assessor and Collector of taxes of this county informed a representative of the Star one day this week that Terry County was going over the top this year on the highway fees, and was now turning half of the highway funds back to the State. This is the first time Terry has reached the fifty-thousand mark, below which the county is allowed to keep all the fees taken in.

He also stated that his office would soon be mailing out tax notices. Special discounts will be offered. Those paying their taxes by October 1 will receive 3 per cent discount, 2 per cent by November 1, 1 per cent by December 1.

SOPHOMORES

The Sophomore class of 1941 - 1942 held their first class meeting Tuesday for the purpose of electing class officers for the new year. The officers are: Wanda Joyce Walker president, Mary E. Hamme vice president, E. D. Gossett secretary-treasurer, Clea Mae Russell, Reporter.

AVIATION CADETS

Young men who are learning to fly the new planes of the United States Army Air Corps are no longer "flying cadets," they are now "Aviation Cadets." This is due to the new War Department authorizing the training of enlisted men as pilots in the Air Corps. These enlisted men are called "Aviation Students" to distinguish them from the young men who will be commissioned officers upon their graduation from flying training.

The qualifications for aviation students are essentially the same as the qualifications for Aviation Cadet with the exception of the difference in the educational requirements. For the Aviation Student, the young man needs only a high school education, while for the Aviation Cadet at least 60 hours of college work is required.

News has been received here that Dudley Johnson has served his apprenticeship and is now an expert flooring man for the Ramsey Carpet and Linoleum Company in Amarillo.

Best Of The American Breeds

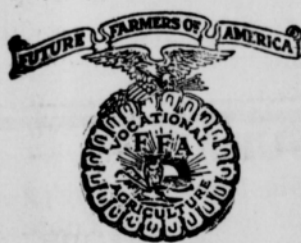

"Champion Munn's Osage Sonny" was the Best American Bred Dog in the 1940 Texas Kennel Club Show held at the State Fair of Texas. "Sonny" is a liver-colored English Setter and is shown with his owner, Mrs. J. E.

Munn of Thomasville, Georgia.

Dates for the 35th annual Texas Kennel Club Show are Oct. 7 and 8, and the show will be held at the 1941 State Fair of Texas under the auspices of the American Kennel Club.

Singing Here Sunday Evening

The Sunday afternoon Singing will be held in Meadow again Sunday. Everyone of Meadow and surrounding communities are invited to come and bring their books, and enjoy the day in song.

The local FFA Club held its regular meeting Tuesday night for the purpose of electing officers and other business which came before the body.

The officers elected for the coming year were: President, Robert Beasley, V. Pres., Rayford Britton, Secretary Jimmy Mackey, Treasurer Windell Jones, Reporter Tom Gibson, Watch Dog Edward Warren, Parliamentarian Billie McCallister, Historian Homan Moorhead.

SENIORS

The Meadow Senior class held a class meeting Tuesday and elected officers for the year as follows: Wallace Finley president, Joyce Stephenson vice president, Lounell Finley secretary, Mary Parker treasurer, Robert Beasley business manager, and Homan Moorhead reporter.

Meadow Cafe Being Remodeled

Glenn Oliver was down from Hereford this week remodeling the Meadow Cafe. They are enlarging the cafe part of the building, and he says when the remodeling and redecorating is completed, he will be fixed up to take care of the hungry people of the community in fine shape.

The business will probably be opened the first of the week.

Jeffrey Lynn, who has made love to such screen favorites as Bette Davis, Priscilla Lane and Olivia deHavilland, now adds the exciting, vibrant new screen personality, Kaaren Verne, to the list. She's cast opposite him in Warner Bros.' suspenseful action film "Underground," which opens at the Rialto today. The fast-paced drama and poignant romance of the film offer the players fine opportunities for their outstanding talents.

TAKE YOUR CHANGE IN DEFENSE SAVINGS STAMPS

"Keep 'em flying" and defend America! Buy defense savings stamps at your favorite retail store today. Defense savings stamps are on sale at chain stores and many independent stores, making it convenient for all to save money and help defend America. Buy at least one every day!

Why We Fight

The countries of the world, throughout Europe, Asia and "down under," fight side by side for a free world where their women and children will not suffer the agony of losing all they have lived for and in which they have believed through the centuries. The fighting men of the Allies—Australia, Belgium, British Commonwealth, Czechoslovakia, Free France, Greece, Luxemburg, the Netherlands, Norway, Poland and Yugoslavia—will not allow such conditions to endure.

We Do Finished Work

Mrs. O. B. Poole and daughter were Meadow visitors Wednesday of this week.

Mr. and Mrs. Morris Nowlin and daughter and Mrs. H. G. Richards of Anton visited in the Richards home Saturday.

Miklos Rozsa, eminent Hungarian composer, created the musical score for Alexander Korda's production of "That Hamilton Woman!" filmplay based on the immortal romance of Lord Nelson and Lady Hamilton, and coming on Sunday to the Rialto Theatre, with Vivien Leigh and Laurence Olivier co-starred. Inspiration for Rozsa's score centers about Italian folk songs of the period (in keeping with the Neapolitan settings) and stirring martial airs.

What's in a Name?

The picked young men who will one day fly Uncle Sam's military airplanes woke up one morning recently to find themselves called "Aviation Cadets" instead of "Flying Cadets," by War Department order. It made little difference to them. They changed a few signs around, as the group above is doing, then went right on plugging for their "Wings" and commissions in the Air Corps.

Tablecloths Important in Nation-Wide Crochet Contest

A WORLD of new beauty can be created for your own dinner table when you set familiar table adornments against the background of a handsome crocheted lace cloth. Lovely, many-pointed stars drift into perfect array to form this exquisite cloth called "Moonbeam," which you can make yourself in mercerized crochet cotton. Besides giving you years of service in your home, it will make an important entry in the Fifth National-Wide Crochet Contest which is being held, this year, to select the National Crochet Champion and to name America's 43 "ranking crocheters." Directions for crocheting this cloth and details of the Contest may be obtained by sending a stamped, self-addressed envelope to the Needlework Department of this paper, specifying "Moonbeam" tablecloth.

Junior Class

The Junior Class began this year with a roll of twenty five. Out of this number a large portion are star men on the football team. A class meeting was held Tuesday and officers elected. Officers elected were: President, Billy D. McCallister, Vice-President, Bert Smith, Secretary, Eva Ruth Turnbough, Treasurer, Windell Jones, Reporter, Jack Bundrant. The class parents are Mr. and Mrs. J. L. McCallister. Sponsors as yet have not been elected. The class gave Ruth Lair a farewell party Thursday night at the Verner residence. We have a number of new pupils this year. We certainly welcome them and hope Old Meadow High will become as dear to them as it has to us.

Thomas B. McCabe

NEW Deputy Director of the Division of Priorities, Office of Production Management, is Thomas B. McCabe, president of the Scott Paper Company, Chester, Pa., and chairman of the Federal Reserve Bank of Philadelphia. He will have charge of all operating and procedural problems, according to announcement by E. R. Stettinius, Jr., Director of Priorities. Mr. McCabe took an indefinite leave of absence from his company and resigned other important directorship and positions to take the government post.

Grade School News

The Meadow grade school started September 1 with its largest enrollment. Two hundred seventy-one have enrolled. Most of the teachers have taught in the system before, but we have some new teachers also. The teachers names are: J. F. Crabtree, principal Mrs. Rackley, Miss Kirksey, Mrs. Stephenson, Mrs. O-bannon, Mrs. Crabtree, Miss Hedgspeth, Mrs. Zorns, Mrs Padgett, Mrs. Zachry.

The grade school has been completely reorganized this year. There are eight grades this year instead of the customary seven. The curriculum has been reorganized with the addition of some new material and a regrading of the old material. New books have been received in a number of subjects. Many of the failures which were customary in the old system should be prevented with the eight year grade school. An enriched curriculum can be established with eight years to complete grade school.

The fifth, sixth, seventh, and eighth grades are all very much interested in play ground ball. The seventh and eighth grade girls played the seventh and eighth grade boys Thursday at noon, and the boys won.

Freshmen Class

The first meeting for the Freshman class was held on September 9, 1941. We elected all our officers and also our room parents. They are: President, Paul Whelan, Vice President, Daniel Lair, Secretary, Patsy Earl Walker, Treasurer, Freda Beth Walker, Reporter, Erma Dean Finley, Sargent at Arms, Bill Thornton. Our room parents are Mr. and Mrs. Louis Peeler.

We are sorry to report that our Vice President, Daniel Lair, withdrew from school September 10.

We have a large class and are looking forward to a good school term.

The Santa Fe Railway System carloadings for the week ending Sept. 6, 1941, were 20,576 compared with 18,243 for the same week in 1940. Received from connections were 8,060 compared with 5,871 for the same week in 1940. The total cars moved were 28,636 compared with 24,114 for the same week in 1940. The Santa Fe handled a total of 31,486 cars during the preceding week of this year.

FOR SALE:-

House and garage with 6 acres of land. \$750.00. See Meadow School Board.

Indian Fakir Fondles Crocodile

Madame Tanit-Ikao, internationally famous Indian Fakir, is shown handling one of her pet crocodiles. The Madame handles this most ferocious of all reptiles as the average person would handle a baby. She comes to the 1941 State Fair Independent Midway heralded as the greatest illusionist since Houdini.

Governor Aids National Defense

Gov. Coke Stevenson of Texas makes an investment in national defense by purchasing a sheet of defense savings stamps at an Austin grocery store. To make it more convenient for Americans to buy defense savings stamps, the U. S. Treasury asked retail merchants of all kinds to sell them and the stamps have been placed on sale at thousands of counters in department stores, restaurants, railroad ticket offices, laundries, chain stores, independent stores, theaters and other retail establishments, as well as post offices and banks. With Governor Stevenson (left) are Frank Scofield, defense administrator for Texas, and C. N. Birkel, store manager.
