Organization Of Singing Talked

There has been quite a bit of talk around town in regard to organizing a Sunday afternoon singing to meet once or twice each month. If you are interested, talk to others and get them in the notion.

Mr. and Mrs. A. E. Richards had as guests Saturday Mr. and Mrs. H. G. Richards, Alton Richards and Miss Lillian Surovik of Anton and Miss Ima Dora Richards of Ira.

HD Club Meets With Mrs Parker

The Meadow Home Demo club met Tuesday afternoon, June 3, in the home of Mrs. G. F. Parker with Mrs. Parker as hostess.

Meeting was called to order by vice President Mrs. R. R. Richey. After roll call by Mrs. Parker a song was sung by the club.

An interesting report from Council was given by Mrs. Jim Finley.

Mrs. G. B. Jones resigned as president on account of it conflicting with her work.

Mrs. J. A. Dennis, a welcomed new member, was elected to fill the vacancy.

Two games were played and the winning side sang a very lovely and beautiful song.

Salads were studied, put on exhibition, and then served to all present.

Mrs. Robert Finley underwent major surgery Wednesday in a Brownfield Sanitarium. She is reported to be doing nicely.

County Paying Bounties Of \$1 on Coyotes

County Judge C. L. Lincoln was in town one afternoon this week, and made a pleasant call at the Star office. He stated that [the county had already paid out eighty seven dollars in bounty on wolves. Some time back, realizing the menace of the coyote, got the officials of Gaines, Yoakum and Hockley counties to go in with this county and offer a dollar bounty for every one of them killed. This bounty has caused the people to take interest, resulting in the extermination of a large number of them.

The bounties are paid on the second and fourth Mondays.

Judge Lincoln was high in his praise of our commissioner Bill Settle. He says Bill wades into county affairs in a business like attitude, resulting a saving to the county.

In a recent deal, where in the contract was let for the construction of the Lamesa Highway, the Judge, Bill and the other commissioners saved the county over fifty thousand dollars.

H. E. Club Meets

The Home Economics Club met Monday at the school house. New officers were elected and summer projects were discussed. The new officers are Billie Rhea Lackey, President; Glenola Welch, Vice President; Bessie Brooks, Sec. - Treas. Hazle Miller, Reporter.

The next meeting will be Thursday, June 12th. A picnic is planned for June 13th.

C. J. Renfro, and daughter Miss Jessie Lee, and son Gerald from Olden visited Mrs. Emma George, Mr. and Mrs. Aubrey Castleberry, and other relatives over the week end.

Mrs. Hand's mother from Abilene is visiting her this week.

J. C. Holder of the Army, stationed at Brownwood, visited relatives here this week.

T. C. Lucas says it is peculiar how some people have good neighbors and other's don't.

Moorhead-Walker

Darrell (Stuffy) Moorhead and Miss Mola Walker, both of Meadow, were united in marriage Saturday in Brownfield.

The groom is a son of Mr. and Mr. Roscoe Moorhead. The bride is the daughter of Mr. and Mrs. Scott Walker.

They will make their home in Meadow where Stuffy is employed with the Farmers Gin.

The Star extends congratulations to this popular couple who have chosen to sail the sea of life together.

Miss Louise Hemme, daughter of Mr. and Mrs. E. W. Hemme, has established a very enviable record

in her school work. She finished with the '41 class with highest honors. Considering the fact that she was working on an NYA job all the year, shows that she did a lot of work, and little play. But this is not the important thing of her record. Not only has she worked hard this year to gain her public school education, but the records show that she went through eleven years of schooling with a perfect attendance record, not missing a day, nor being tardy even once.

NEW CARS AWAIT WHEAT HARVEST

These new Santa Fe Railway box cars stored at a country elevator indicate the preparation being made to handle the bumper 1941 wheat crop. The scene is typical throughout the southwest. Storage facilities for the new crop remain a big problem. Terminal elevators remain from 60 to 80 per cent filled with old wheat while a crop of 554,120,000 bushels is expected this summer.
