DARROUZETT, LIPSCOMB COUNTY, TEXAS, THURSDAY, JULY 2, 1931

NUMBER 5

Harvesting Is Slow This Year, Say Grain Men

SOME TO HOLD CROP 120,000 Bushels Is The Estimated Amount Marketed

Although combines and tractors are humming busily thruout the county, harvest is going slowly his year in comparison with other years, according to local elevator men.

"Usually at his time of the harvest season, twice as much wheat would be brought in," stated Ed McVicker, manager of the Darrouzett Co-operative association elevator.

Farmers Hold Wheat
Over fifty percent of the farmers are storing wheat on their farms piling it on the ground in hope of higher market prices later.

The market price which started at 35c a bushel has been 33c since Monday. A raise of six cents was expected to be effective Thursday, following the changed policy of the Federal farm board on July 1 in regard to limiting the selling of stabilization wheat in this country to a maximum of five million bushels each month.

Total Is 120,000 Bushels
An average of approximately 250 loads of wheat a day during the last week has been estimated to be the amount brought in to the elevators. The total amount is thought to be approximately 120,000 bushels.

The average yield ranged from 12 to 40 bushels per acre with the average at 20 bushels.

Cutting was slowed down somewhat Wednesday by showers in the morning. However the rain did not hurt the crops and harvest was expected to be in full swing again by Thursday noon.

Rain Fall On Wednesday Breaks Hot Weather

A heavy shower early Wednesday morning made a break in the three-weeks siege of hot weather that Darrouzett has suffered lately.

Randrops fell in the afternoon for a short time while the sun was shining brightly. Showers also fell Wednesday night.

Cutting in some wheat fields was stopped temporarily because of the rain. However, no damage was done to crops and harvesting was expected to resume the regular routine Thursday.

School Classification Passes, Speer Writes

That the three-year classification of the Darrouzett high school had been officially passed on but not the affiliation is the report from J. E. Speer, superintendent, on Thursday, June 25.

Although a change was made by the state department of education in the method of affiliating schools, we will not benefit by this until the next school term," Mr. Speer writes.

"The supervisor will visit us again during the 1931-32 school term and if we are meeting the requirements then we will possibly receive four-year affiliation since we have added the seventh teacher," Mr. Speer states.

Mr. and Mrs. M. L. Beck were in Pollett on Monday.

Miss Bessie Carter went to the home of Mr. and Mrs. Fred Hennigh Sunday night to help during the wheat harvest.

Miss Elsie Montgomery was a visitor at the home of Mr. and Mrs. Henry Frass, Jr., on Thursday

Ladies Aid To Meet Thursday Afternoon

A meeting of the Ladies Aid Society was scheduled to be held at 2:30 Thursday afternoon at the school house, according to Mrs. A. B. Grubb, president.

The women were to continue hand-work toward a bazar to be held later in the year. A study period was to consist of a discussion of the book of Genesis.

The next meeting of the group will be held at 2:30 on the afternoon of July 16, Mrs. Grubb announced.

The Spirit of '76

by F. W. WORKMAN

THE eagle that screamed in seventy-six,
The flag that day unfurled,
Still stand defiant, fearless,
Free,

Before a wondering world,
A nation weak, in wealth and power,

Its emblem then untried,
Now, all the world has learned its worth,
Nor marvels at our pride.

THE eagle screams today, as then,
Its clarion greetings clear;
'Tis not a challenge, taunt, or threat,
To cause unrest or fear.

For never will our starry flag
Be led into the fight
Except to aid humanity,
Or to uphold a right.

NEVER a thought of selfish power,
Never a thought of greed,
Outstretched to all a friendly hand

To help another's need,
So on the ever glorious Fourth,
The birthday of our dreams,
Let's celebrate in harmless sport,

And "Let the eagle scream."
—Young People's Weekly.

Summer Is Pupils' Playtime, Teachers' Studytime

Summer time may mean the coming of vacation days for Darrouzett school children but to teachers it spells more classes to make, notebooks to work up instead of to grade, and term themes to write instead of to score.

Four of the seven faculty members employed for the coming term are attending summer sessions.

Mrs. Ruth Wright is attending the West Texas State Teacher's College at Canyon to renew her elementary school certificate. Superintendent J. E. Speer, Mrs. Speer, and Mrs. Ray Hennigh are studying at the Texas Technological College at Lubbock. Mr. Speer writes that they are enjoying the summer in spite of the work, heat and daily sandstorms. "These sandstorms are a usual feature for this time of the year," Mr. Speer says.

Mrs. Speer is working toward her B. A. degree which she expects to receive at the end of the summer session in 1932. Mr. Speer is taking his Master of Arts degree in vocational and educational guidance in the education department with a minor in psychology. Mrs. Hennigh is doing her work toward a Texas teaching certificate.

Miss Ruth Friend is spending the summer at her home in Irton, Tex. Miss Elsie Montgomery and Mr. Fred Mullins who complete the faculty list are not attending school.

Girl Scouts To Make Smoke Prints Friday

The Girl Scouts troop will hold its regular weekly meeting at 4 o'clock Friday afternoon at the Methodist parsonage, according to Doris Montgomery of the Jack Rabbit patrol who will instruct the girls in the making of smoke prints.

Scouts are asked to bring candles and any leaves of which they would like smoke prints.

MISS LOWRY ENJOYS OMNIBUS TOUR

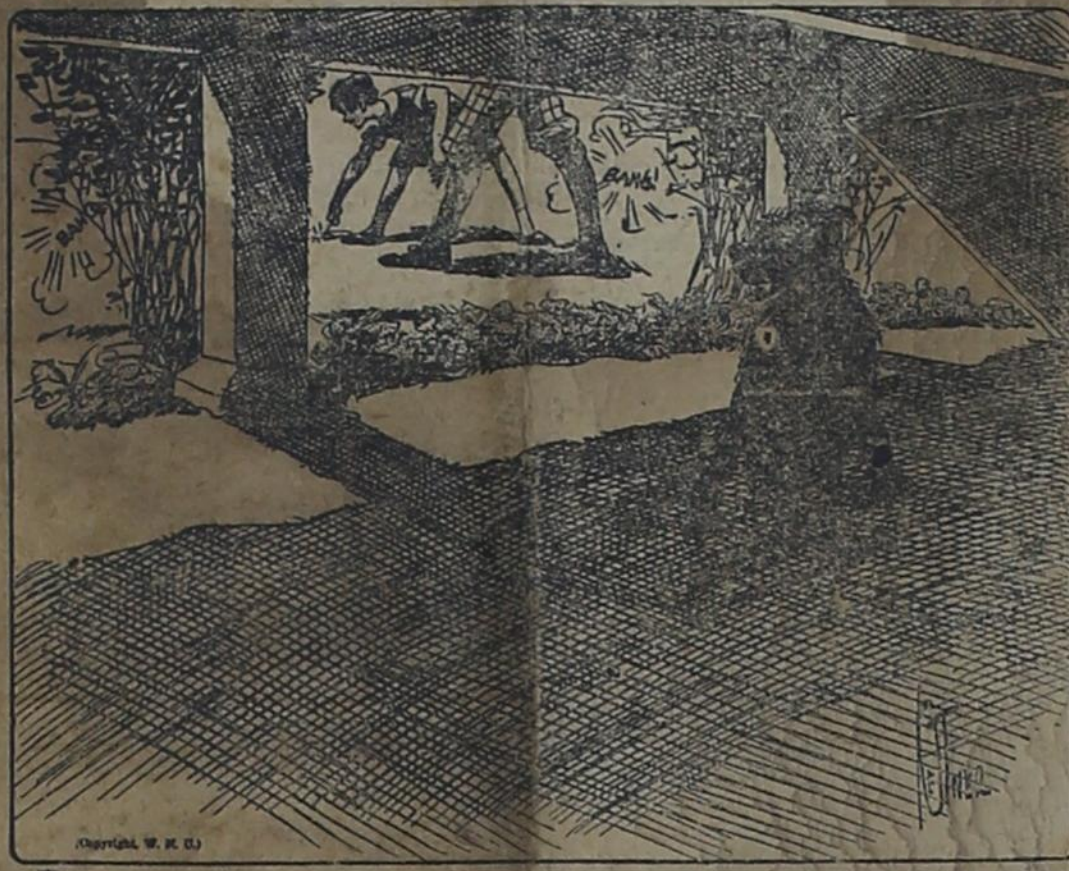

On Eastern Trip Boats on Hudson, Swims at Atlantic City

While Darrouzett residents and other Texans are sweltering under the hot rays of a July sun, Miss Hazel Lowry, sister of Mrs. Glen Phillips, is enjoying boat trips on the Hudson, swimming in the Atlantic Ocean and seeing the sights at Atlantic City.

Miss Lowry took the steamer, Hendrick Hudson, up the Hudson River, to West Point last week with the rest of the party travelling with the Omnibus College of Wichita, Kans. The sight-seeing boat held 2500 people, Miss Lowry writes. After leaving New York City, the group was scheduled to spend the week-end at Salem, Mass.

Previously Miss Lowry had visited Washington, D. C., Mt. Vernon, Baltimore, the naval academy at Annapolis, Md., Philadelphia, and Atlantic

July the Fourth

DARROUZETT BUSINESS MEN PLAN TO SPEND THE FOURTH IN CELEBRATING

Inquiry Reveals That Town Residents Are Planning Varied Activities To Make Merry On July 4

"Hey Skinny, where yuh goin' on th' Fourth?"

That and similar inquiries have been heard around Darrouzett all week. An investigation showed that while a number claim that they will have to work as usual because of the harvest rush, business men and their families are planning a varied range of activities to celebrate Independence Day. True, some of the group interviewed refused to talk for publication, asserting that their independence would be cut short if they did.

Joe Michel said that he believed he would be spending the Fourth at the home of his cousin, "Shorty" Creed. "You know they're going to have a bathing beauty contest up there," he explained. "I'm going to park my car across town and walk over to the pool this time, 'tho," he declared. "You see, the last time I drove by the pool when they were having a bathing beauty contest, I ran my car into the ice house, bent a fender and broke a light."

"Sober," was the brief but expressive answer that Harry Lash gave when asked how he was going to spend the Fourth.

B. F. Farmer anticipates a picnic and fish-fry on the creek. "I'm going in daytime this time and I'm planning to take my wife along," he affirmed.

J. R. Rhoads was not just sure how he would spend his Fourth. "My wife hasn't decided yet. I may be still sitting on a dry goods box," he stated, showing signs of leaving the one he was then occupying, "because," he explained, "we're going to have corn bread for dinner today."

Mrs. W. R. Hill Is Still Critically Ill

The condition of Mrs. W. R. Hill who has been seriously ill for the past ten days following a paralytic stroke was still critical Wednesday night.

A number of relatives from out of town have been at her bedside during her illness. Among them have been: Mr. and Mrs. John Redman, Clint Hill of Amarillo, Mrs. Henry Stevenson of Dalhart, Mr. and Mrs. Hill of Amarillo, Mrs. John Pain and Mrs. Ross Pain, of Booker, Mr. and Mrs. Ben Hill of Canadian, and Mr. and Mr. Walter Hill.

stated, showing signs of leaving the one he was then occupying, "because," he explained, "we're going to have corn bread for dinner today."

"I suppose I'll spend my Fourth in Greece," said Ben Phillips who anticipates a busy day, greasing cars, and making repairs in his garage. His son, Glen Phillips, thinks he would rather go on a fishing trip than share his father's plans.

Mrs. William Erts would like to go to the Anvil Park Rodeo at Canadian to see her cousin, "Shorty" Creed. "But I guess I'll have to stay here at the hotel," she said. "The I. M. Roper and H. F. Phillips plan to go out to the J. F. Barnes farm where Mr. Roper and Merrill Ludlum are working to have a picnic dinner."

C. H. Powell, Henry Frass, Jr., and their families are planning a picnic on the creek near the Frass ranch.

Mr. and Mrs. Henry Altmiller will go to Canadian or Beaver for their Fourth.

M. L. Beck and Charley Phillips have plans all their own.

Ray Hennigh plans to leave town the evening of the Fourth for Amarillo where he will meet his wife and spend "the Sabbath."

George McVicker says he will spend the day around the barber chair.

Frank Evans says he is going to stay at home because it's going to rain anyhow.

Fred Littau Comes Home From Hospital

Fred Littau, who has been in a hospital at Higgins for medical attention since he was injured Saturday while harvesting was brought home Wednesday afternoon.

While Mr. Littau was trying to fix the combine on a farm near Booker a piece fell and cut a gash on his head. He fell and cracked four ribs.

Mr. and Mrs. J. T. Mosley and son, Lloyd, and Harold Morgan, accompanied by the Misses Doris and Helen Montgomery were in Perryton on Saturday night.

Local Men Give Opinions On Benefit To Wheat Farmers Of Board's Move

Divergent Views Result From Federal Farm Board's Decision To Sell 5 Million Bu. of Wheat Monthly

Ten Representatives Of O. E. S. To Borger

Ten members of the Darrouzett chapter of the Order of the Eastern Star attended the school of instruction held Saturday at Borger for the second district of Texas. Over 200 people representing 48 different chapters attended.

Darrouzett members were: Mrs. B. F. Farmer, Mr. and Mrs. Jake Robinson, all of Pollett; Mrs. Peery and Miss Beulah Peery, of Booker; Mrs. Glen Phillips, Mrs. Clyde Powell, Mrs. A. H. Montgomery, and Mr. and Mrs. Henry Frass, Jr., of Darrouzett.

Four of the "A" certificates out of 27 granted following examinations and four "B" certificates from a list of 101 given were received by Darrouzett mothers. Those awarded "A" certificates are Mr. and Mrs. Henry Frass, Jr. Miss Beulah Peery, and Mrs. Jake Robinson, who is Worthy Matron of the local chapter. Members from here receiving the "B" certificates were: Mrs. Clyde Powell, Mrs. Glen Phillips, Mrs. B. F. Farmer, and Mrs. Peery.

Mr. Frass, who is Worthy Patron of the local chapter, assisted with giving the examinations. He was also asked to occupy the chair of the Grand Worthy Patron during a part of the meeting.

The main feature of the evening program was an address by Mrs. Bessie Garth, Worthy Grand Matron.

The Borger chapter acted as host to the delegates. A luncheon was served to the guests Saturday afternoon in the dining room of the hotel. The next year will be held at Pampa.

Student Spends Week At Work In Chicago

Laurence D. Montgomery, eldest son of Mr. and Mrs. A. H. Montgomery spent last week in Chicago demonstrating scientific equipment for the department of engineering research of University of Michigan at Ann Arbor. The apparatus was set up in the Stevens Hotel which styles its self "the world's greatest hotel."

Montgomery is doing special research work for the department of engineering research at the University of Michigan while he is working on the degree of Doctor of Philosophy. His major work is in the department of physics while his minor is in mathematics.

Mr. and Mrs. Montgomery expect their son home for a visit during August.

Scouts Camp Friday Night At Frasses

The Cactus and Prairie Dog patrols of the Girl Scout troop were guests of Teresa Frass at a camping trip Friday night on the Frass ranch.

Swimming, ground ball, horseback riding, camp cookery and telling stories around the camp fire were high points of the outing. Eva Greenfield planned the trip as one of the requirements for her first class rank on which she is working.

Scouts present were: Margaret Jenkins, Gertrude McGee, Wilma Lash, Naomi Rush, Erma Hennigh, Thelma Carter, Olive Chappell, Doris Montgomery, Opal Lourwood, Mavis Altmiller, Eva Greenfield, Teresa Frass; the two Scout leaders, Mrs. A. B. Grubb, and Miss Elsie Montgomery; and a guest, Miss Helen Montgomery.

Cook Funeral Is Held Wednesday Afternoon

Funeral services for Vernon Cook, 48, who died Tuesday morning were held at 2 o'clock Wednesday afternoon from the Baptist church near Mountain View. Interment was made in the Mountain View cemetery. Rev. Martin was the officiating minister.

Mr. Cook who has been ill for the past three months had been in a critical condition for the last four weeks. Death was due to enlargement of the heart.

Survivors are Mrs. Cook, a son, Clarence, and a daughter, Vada.

Various opinions as to the benefit that farmers will receive from the decision of the Federal farm board made July 1 to sell a maximum of five million bushels of stabilization wheat each month, have been expressed by local men.

A. H. Montgomery, president of the Chamber of Commerce, doubts whether the farm board action will help farmers a great deal. "The move was not sufficient," he stated. "If the board would agree to hold the entire amount of 200,000,000 bushels of stabilization wheat off the market for six or eight months, and if the negotiations to extend the war debts were completed the farmers might yet be helped."

Hopes for Price Raise
"One guess is as good as another now," according to M. L. Beck. "I sincerely hope that the decision of the board will result in hopes for a price raise but it is difficult to tell this early," he remarked.

John Olson believes that erratic attitude that the board has held has been very detrimental to the interests of the American farmers. He expressed the opinion that the board itself was created to help big banks with their farm loans rather than to aid the people. "The concentration of power in the hands of a few men always works to the disadvantage of the public," he stated.

Farmers are "relieved"
Mr. Olson hopes that eventually this season the market on wheat will reach 50c.

J. W. Stewart thinks that instead of being given relief, the farmers are being "relieved."

L. D. Fisk, manager of the Sharon Grain Company thinks that the decision of the farm board is a good thing and hopes "it will keep on acting that way." "If it does, the market may see good times again yet," he remarked.

Leaguers Make Plans To Attend Institute

Plans are being made to send representatives of the local Epworth League to the annual League Institute of the Oklahoma conference of the Methodist Episcopal Church which is to be held from August 24 to 31 at Guthrie, Okla., according to Lee Carter, president.

A committee to work on ways of financing the sending of delegates was appointed at the meeting held Sunday night. Members are: Velma Fisher, Rubye Messner, Coeta Terrel, and Elsie Montgomery.

A fee of \$8.25 is charged for each person for the entire week if he provides his own tent. Otherwise, the charge is \$10. This amount includes registration, board, tent and incidentals.

At the institute, classes in religious education are conducted for pastors. Classes for Leaguers include methods for each department, general Bible study, dramatic hymnology, discussion of life problems, the epistles of Paul, life investment, evangelism and recreation.

Faculty members consist of noted ministers from Oklahoma City, Bartlesville, Sand Springs, Tulsa, and Blackwell, all in Oklahoma. A special address on Sunday morning, August 30, will be given by Bishop E. L. Waldorf of the Kansas City area of the Methodist Episcopal Church.

Plenty of recreation is promised the young people in the form of swimming tennis tournaments, games and many other forms of recreation.

Mrs. Montgomery Is Hostess To F. W. W.

Mrs. A. H. Montgomery entertained members of the F. W. W. Club at the regular meeting, Thursday afternoon, June 25. The women spent the meeting time working on a sunbonnet design quilt.

Mrs. H. F. Ludlum was a special guest of the club. Members present were: Mrs. J. H. Carter, Mrs. W. E. Clark, Mrs. Henry Altmiller, Mrs. J. W. Chase, Mrs. F. E. Evans, Mrs. A. B. Grubb, Mrs. Emma Lash, Mrs. Charley Lourwood, Mrs. J. T. Mosley, Mrs. I. M. Roper and Mrs. George Hennigh.

EDITORIAL

It is a far cry from the days of 1776 to the year 1931. Yet the spirit of '76 survives in the hearts of people of this nation and everywhere Americans are preparing to celebrate Independence Day in joy and thankfulness.

The Fourth of July this year marks the one hundred and fifty-fifth anniversary of the day when a group of patriots gathered at Philadelphia to stand together for what they believed to be right. Out of their convictions was born the United States of America. If their purpose had weakened, Americans might be living in a subordinate colonial empire instead of in a democracy.

With the nearing of the Fourth of July it has been suggested that the Declaration of Independence, that document crystallizing the ideals of those courageous gentlemen, our forefathers, should be read in every home on the anniversary of its acceptance, that it should be proclaimed from the platform and pulpit and that it should be given recognition by the public press throughout the length of the land in order that its undying principles might be engraved on the minds and hearts of all true Americans.

A selection containing the thesis of this document follows:

"When in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitles them, a decent respect of the opinions of mankind requires that they should declare the causes which impel them to the separation.

"We hold these truths to be self-evident, that all men are created equal, that all men are endowed by the Creator with certain inalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed."

Sunday School Lesson

(By REV. P. B. FITZWATER, D. D., Member of Faculty, Moody Bible Institute of Chicago.)
(©, 1931, Western Newspaper Union.)

Lesson for July 5

THE GIFT OF THE HOLY SPIRIT

LESSON TEXT—Acts 1:6-14; 2:1-8.
GOLDEN TEXT—But ye shall receive power, after that the Holy Ghost is come upon you: and ye shall be witnesses unto me both in Jerusalem, and in all Judea, and in Samaria, and unto the uttermost part of the earth.
PRIMARY TOPIC—Jesus' Friends Carrying on His Work.
JUNIOR TOPIC—Jesus' Friends Carrying on His Work.
INTERMEDIATE AND SENIOR TOPIC—The Coming of New Power.
YOUNG PEOPLE AND ADULT TOPIC—Empowered for a World Task.

I. The Holy Spirit Promised (Acts 1:6-8).

1. The disciples' question (v. 6). They said, "Lord, wilt thou at this time restore again the kingdom to Israel?" They were right in their expectation of the kingdom, for it had been covenanted to David (II Sam. 7:8-16), predicted by the prophets, and declared to be at hand by John the Baptist and Christ himself. However, they were in darkness as to the calling and establishing of the church.
2. Times and seasons in God's hands (v. 7). Christ turned their attention from the desire to know times and seasons, which belong alone to God, to their supreme duty, The Christian's supreme obligation is to preach repentance and remission of sins through the shed blood of Jesus Christ to all the world (Luke 24:46-49) in the power of the Holy Spirit (Acts 1:8).

3. The missionary program (v. 8). The Holy Spirit came to empower them to preach the gospel to the world.
a. In Jerusalem. This witnessing was done by the twelve immediately following Pentecost.
b. In Judea and Samaria after the hands of wicked persecutors were laid upon them.
c. Unto the uttermost parts of the earth. Beginning with the first foreign missionary enterprise this work has been carried on with varying degrees of success till the present time.

II. The Holy Spirit Given (Acts 2:1-8).
1. The time of (v. 1). It was on the "Day of Pentecost." Pentecost means fifty. It meant, therefore, the feast that was held fifty days after the wave sheaf was offered (Lev. 23:15, 16). It was observed by presenting two loaves made of new wheat (Lev. 23:17). These loaves were baked with leaven while the leaven was still in the dough.
2. The Passover Feast (Lev. 23:6). The reason for this was that the Passover Feast typified Christ's sacrificial death, while Pentecost represented the Church, composed of Jews and Gentiles—the two loaves.

2. Upon whom the Spirit came (v. 1 Cf. 1:13-15). The twelve and others to the number of 120. The gift of the Spirit was not merely for the twelve but for all believers.
3. Marks of the Spirit (vv. 2-8).
a. The sound of a mighty wind (v. 2). This suggests the all pervasive life-giving power of the Holy Spirit.
b. Tongues of flame (v. 3). Each of the 120 was crowned with such a tongue. "Tongues" show the practical purpose of the Spirit's gifts, and "fire" indicates his purifying energy.
c. Speaking in other tongues (vv. 4, 8). Men of every nation heard the gospel in their own tongue.

III. The Holy Spirit Working (Acts 2:14-47).
1. Peter's sermon (vv. 14-40). This sermon is as wonderful as the gift of tongues. It demonstrates the presence and power of the Spirit, because Peter was a Galilean fisherman without literary training. His analysis is perfect. He begins with a brief defense and scriptural explanation of the phenomenon of tongues (vv. 14-21), and follows by a threefold argument proving the messiahship of Jesus. In his conclusion he appealed to them to repent and be baptized in the name of Jesus.

2. Three thousand converted (v. 24). Many people were convicted of their sins.
3. The abiding fellowship (vv. 42-47). The evidence that the Spirit had really come and that his work was real was that
a. The converts continued steadfastly in the apostles' doctrine (v. 42).
b. They continued in fellowship with the apostles (v. 42). The surest way to grow is to keep in fellowship with Christians.
c. In using the means of grace (v. 42). They continued in the breaking of bread. God has instituted ordinances in his house.
d. In prayer (v. 42). The apostolic church was a praying church.
e. In praising God (v. 47). The experience of the indwelling Spirit issues in praise to God.

Everlasting Arms
Christ beareth me good company; he hath eased me, when I saw it not, lifting the cross off my shoulders, so that I think it to be but a feather, because underneath are everlasting arms.—Samuel Rutherford.

Swords Into Plowshares
If swords are to be beaten into plowshares and spears into pruning-hooks, where must that work begin? It must begin in the individual heart.—J. H. Jowett.

Printing is the inseparable companion of achievement.

CHURCH NEWS

A. BLAIR GRUBB, Pastor

SUNDAY, JULY 5

Sunday School—10:00.
Morning Worship—11:00.
A five minute message to the children will be given in connection with the regular message.
Junior Choir Practice—7:30.
Junior and Epworth Leagues—8:00.
Miss Olive Chappell, leader of Epworth League.
Evening Worship—8:30.
Junior Scouts meet Monday—10:00.
Boy Scouts meet Monday evening at eight o'clock at the parsonage.
Wednesday evening prayer and Bible Study Lesson Matthew 28—8:00.
Girl Scouts meet at Parsonage on Friday afternoon—4:00.
Cottage prayer service Friday evening. Place announced later.
Cottage prayer meeting for Friday, July 3 (or this week) will be at the home of Mr. Henry Altmiller. The announcement of a meeting just above is for a week later.

Something to do that is interesting is to read books. Some few have been reading the books obtainable at the parsonage. Many more could get them. You will find them fascinating reading.

We are also offered access to the Oklahoma Conference Library of books on religious education. If you would like to know more about methods of teaching or about materials, etc, you will find much help in these books. The pastor has a list of the books and will send for any that you desire. The time limit on them is one month. Come and look over the list. It may be profitable to you to do so. This is an opportunity for teachers and others as well to better prepare themselves for teaching in the Sunday School.

The Church bell is a beaconing invitation to attend the services. You say, "this is a busy time and I haven't time to come to church." In the busiest season is the time that you need the house of worship most. You will be able to do better and more work the other six days if you will rest on the Sabbath. Not only do you need a rest, but scientific experiment reveals the fact that even hard, cold machinery lasts longer and runs better if it is left idle one day in seven. If we are true stewards of the Lord we shall never get so busy

and his house of worship. Test the Lord and see if he does not make his promises good to you. If you are so very busy then you cannot afford to miss the services.

"Whatever may be the machinations and devices of the enemies of God's people there is still the same effectual barrier to thwart their design. From the first of a Christian's life to the last the only reason he does not perish is because the Lord is there."—C. H. Spurgeon.

Romans 1:30—"Haters of God." A very pointed sentence closes one of the articles of Professor William Lyon Phelps. With striking terseness he said: "A great many of our contemporary writers do not believe in any God—but how they do hate him!"

Mr. and Mrs. P. B. Perkins and daughter, Lillian, and Mr. and Mrs. Charley McVicker of Logan were in Darrouzett Tuesday afternoon.

Byron Beck began trucking during harvest near Farnsworth on Saturday.

DANGER! GAS ATTACKS

Gas attacks from overeating, indigestion, or bad combinations of food are not only attended by great discomfort, but are sometimes extremely dangerous. They may come suddenly and without warning, night or day.

Be Prepared

Keep a safe, pleasant and efficient preventative in the family medicine chest. We have one put up under our own name which is made from a famous formula. Ask for—

WHEAT MAKES MONEY BEING FED TO FATTEN OUT SHOTES

Four meat hogs, five brood sows and thirty-eight pigs enabled Mr. I. G. Bussard to sell his wheat for more than \$1.00 per bushel.

Starting last September with five brood sows and four meat hogs Mr. Bussard soon had thirty-eight pigs in addition in his herd. At that time he had 21280 pounds of wheat, barley and kafir. Mr. Bussard fed this amount of feed to his hogs during the interval of September and April 20th of this year.

On April 6th he sold five hogs that averaged 162 pounds at \$6.75 which amounted to \$54.67. On April 20th he sold 30 hogs that averaged 190 pounds at \$6.75 which amounted to \$384.75. He held 3 hogs at home that averaged 170 pounds which at \$6.75 amounts to \$34.42. This makes a total of \$473.84 worth of hogs from the pigs. He butchered the four meat hogs for home use and has his sows for future use.

Mr. Bussard says that his sweet clover pasture is a boon to his hog business. In addition to sweet clover pasture Mr. Bussard used skim milk and 1500 pounds of cotton seed meal as protein supplement to the grain he fed his hogs.

—County Agent.

Saturday Big Day At Anvil Park Lake

NEW FEATURES WILL BE HAD AT FOURTH OF JULY RODEO ON SATURDAY THIS WEEK

No expense has been spared to make the 9th Annual Anvil Park Rodeo a success. One year ago a big grandstand was constructed where plenty of seats are provided for the thousands that will attend and enjoy other features added for the comfort and convenience of the patrons. The best talent and the best livestock the ranges produce have been secured. There will be thrills aplenty from the minute time is called until the last bronc has been fanned. And, you must remember that no horse can be trained to buck. Some horses are just naturally mean like some folks and when they buck it is because they want to—and enjoy it. Rodeo livestock gets just as good care as is given any other pet stock and are used only for the type of work they can best perform.

The country has been combed for the best livestock including bucking horses, and everything is in readiness for a good show so far as livestock is concerned.

Brahmas, the thick hided Zebu, sacred cow of India, have been bred in South Texas for years because they are immune to the scourge of the fever tick, that ravaging disease which made cattle raising in that part of Texas, in the old days, such a precarious business. As a result of this breeding a new development was brought about. Not only were these Brahmas, which they call the new breed, immune to tick fever, but they proved to be immune to just about everything else on the calendar, including human kindness. The cowboys soon discovered that anything wearing leather leggings and walking on two legs was a sure-fire irritant to a Brahma. Nor did it take them long to find out that when it came to a question of swapping ends with great dexterity and speed, these tan colored old "sacred" steers could out-swamp anything on four legs. The management has provided this type of cattle for the contestants to try and ride.

The association owns its own string of bucking horses, and they include some of the saltiest equines on foot. There will probably be a bunch of cowboys get their backs dirty trying to ride these animals.

The calf roping is going to be especially good this year. The association owns a herd of Brahma cows, and the calves are wild and rollicky. They can run so fast that it takes a race horse with a wild Indian riding him to catch one of them, and they are going to know a few tricks by the time they are called into the arena, because the Morris Brothers, famous clowns, are training them every day, and while there will be some scientific work in catching the calves, there will be something to laugh at every minute when these calves are trying to kick the breeches off the boys that attempt to wrap them up.

There will be trick riding and trick roping by some of the best talent, whose names will appear on the program. Among the outstanding artists in this line will be Ted Elder, Lonnie Rooney, Florence Randolph and Florence Hughes, along with other notables. You will wonder, at their riding and roping skill. They have been attending all the important Rodeos over the country and come to Canadian this year with a number of new tricks that they will perform. Ted Elder was with the Ringling Bros. Circus one year; and the 101 Wild West, from which he has just returned. He is the only living cowboy that rides two horses Roman over an automobile, and he is going to show

this one of his stunts at this show. The cowboys making this show have made the larger shows from Pendleton to New York, but this will be as good as anything they ever participated in, because, in the first place, we are near the range where we raised cowboys and cowgirls and can have the pick of the country; then too, the contestants can do better work when they can hear the old cows bawling, and the stock is taken right off the range and put in the arena without a long haul over the railroads.

Did you ever stop to think

EDSON R. WAITE
Nashua, Okla.

B. E. WARREN, EDITOR OF THE NASHUA (N. H.) TELEGRAPH, SAYS:

"Free wheeling may be all right for automobiles and pleasure, but no business can be maintained at a successful pace with the advertising clutch disengaged.

"For more than thirty years in this community I have never known a firm to fail that had used newspaper advertising consistently and intelligently. I have noted many failures directly traceable to a business policy that excluded newspaper advertising.

"People read the home town newspaper both for the news and the advertising. Both must be interesting. The well balanced home town newspaper has been, and will continue to be, the most important development factor to the home town merchant.

"FISH ARE FREQUENTLY CAUGHT BY OCCASIONALLY DRAGGING A LINE THROUGH THE WATER, BUT THE BEST STRINGS INVARIABLY COME TO THE LURES OF THE CONSISTENT AND PERSISTENT ANGLER. BY THE SAME TOKEN, BUSINESS SUCCESS COMES MORE QUICKLY AND IN LARGER VOLUME TO THE MERCHANT WHO ADOPTS A LIBERAL NEWSPAPER ADVERTISING POLICY, STOCKS THE GOODS THE PUBLIC WILL BUY, AND FOLLOWS THE GOLDEN RULE OF TRUTH IN ADVERTISING.

CRIME TO BURN FIELDS DECLARES GAME EXPERT

"The time is fast approaching when burning fields will be recognized as a crime to be controlled by some official agency," in the opinion of Seth Gordon, president of the American Game Association.

"To penalize a man for killing game out of season and then to let his neighbor destroy ten times as much with one match, because of his erroneous belief that burning off his land will help his crops, is not at all equitable.

"The many forest fires started by this practice, and its wholesale destruction of game, especially of nesting ground birds in the spring, will not be tolerated—now that the nation has been awakened to the waste of forest fires and the plight of game," Mr. Gordon states.

Mrs. Roy Phebus and daughter, Violet, and Mr. and Mrs. Glen Mills of Pollett went to Knowles, Okla., Sunday to visit Mrs. Merlin Weber and Mr. and Mrs. Sam Leeper.

Eugene Crump of Pollett is visiting his grandparents Mr. and Mrs. Thomas Haines.

Miss Elsie Montgomery was a Sunday guest of Miss Bessie Carter.

bronze tablets.

The travellers had a view of Washington, D. C. from the top of the 555-foot Washington Monument. On a tour thru the Capitol, they saw the Senate Chamber, the House of Representatives, and the President's private office. Miss Lowry also saw the Union Station, the roof of which is the largest unsupported arch in the world.

While at the White House, by special permission, the party was allowed to enter the Blue Room, the Green Room, the Red Room, the East Room, and the State Dining Room where the president dines twice each day.

At the old National Museum, the group viewed Lindburg's famous plane, "The Spirit of St. Louis." The travellers also went thru the Smith-

Haircuts 30c

O. K. BARBER SHOP

Geo. McVicker, manager
DARROUZETT, TEXAS

sonian institute, and the Medical Museum.

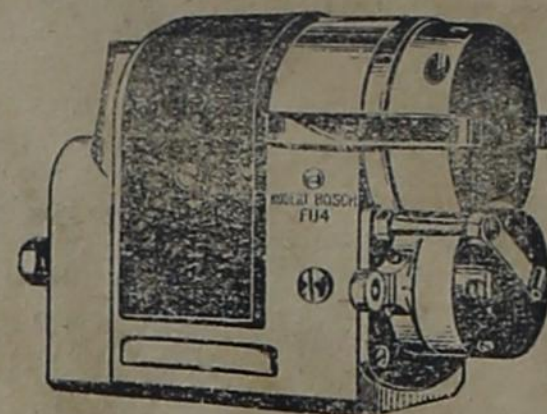

The tour included Baltimore, called the "city of the white steps," because nearly all the houses have white steps. The group saw steamships on the Chesapeake Bay and viewed old Fort Henry used in the War of 1812.

At Annapolis, Md., the tourists saw the sailors in training and at the chapel of the Naval Academy they saw the King of Siam, "who," Miss Lowry confided, "looked just like a common Chinaman."

The omnibus college visited the old State House, for six years the capitol of the United States, but now the capitol building of Maryland. At Philadelphia a trip was made to Independence Hall to see the Liberty bell, and the home of Betsy Ross, maker of the first flag. The travellers left the city over the suspension bridge 185 ft. above the Delaware River.

"At Ashby Park we got our first glimpse of the Atlantic Ocean," according to Miss Lowry. "That night we walked part of the way down the famous Board Walk which is eight miles long. Many people were riding in rolling chairs pushed by negroes. The walk is lined with many lights and ever so many little linen shops and candy shops."

The party spent a day on the beach swimming, picking up shells and watching the zeppelins and huge ocean liners in the distance, before leaving for the next stopping point—New York City.
