

Raymond Jarvis Injured in House Fire

Raymond Jarvis is still hospitalized after suffering smoke inhalation in a house fire Tuesday, November 2, and his doctors have not yet set a release date.

Jarvis, occupying the apartment of his brother, Rodney, in the Housing Project, was carried to safety by members of the Rising Star Volunteer Fire Department. The fire was contained in the bedroom and it is believed to have been caused by a short in an electric cord.

The fire department was called to the scene late Tuesday night by Mrs. Birdie Lancaster, who lives in the adjoining apartment. She had called out to Jarvis and thought she heard a response.

The apartment had about \$10,000 damage to it. There was severe smoke damage, water damage and damage from fire axes where firemen checked to determine whether there was fire in the attic. The bed was completely destroyed and plastic articles were melted. Mrs. Lan-

caster's apartment had some water damage.

Dr. Billy T. Carpenter was called to the scene and directed that oxygen be administered to Fire Chief Don Horton for smoke inhalation.

By Monday Jarvis' hospital expenses had mounted to \$1,600 and collection points have been set up at First State Bank, Higginbotham's, First United Methodist Church and First Baptist Church to gather funds to aid Jarvis in paying his hospital bill.

Wildcats Fall Under Buffalo Hooves

The Rising Star Wildcats were tripped up by their oldest rivals, the Cross Plains Buffaloes, by the score of 34-13.

The Wildcats rushed for 171 yards and the Buffaloes rushed for 448 yard, the leading rusher for the Wildcats was Lowell Bishop with 53 yds. on 9 carries, Fullback David Cooper rushed for 19 yds. on 7 carries and 10 yds in pass receptions. Halfback Jarral Pannell rushed for 14 yds and Halfback Paul Thornton rushed for 3 yds. End Steve Hill caught passes equaling 16 yds in the game.

The Cats took the ball in for a touchdown on their first possession and the extra point attempt was good, Lowell Bishop blocked a punt and Steve Hill covered the ball in the end zone for the Cats second touchdown with a missed extra point attempt the score was Cross Plains 14 and

Rising Star 13 at halftime.

The Cross Plains Buffaloes wore down a tough Rising Star Wildcat defense in the third quarter only to be stopped in their tracks in the fourth quarter, the final score was

Buffaloes 34 Rising Star 13.

The Wildcats will close out the football season this Friday night against the Gorman Panthers at 7:30 in Gorman.

Mr. & Mrs. Rex Smoot of Mineral Wells and Mr. & Mrs. Dale Barnard of Rising Star wish to announce the engagement and approaching marriage of their daughter, Susan Kay Smoot, to Gary Don McGinn, son of Rev. & Mrs. Vernon McGinn of Okra. Susan is the granddaughter

of Jake and Delia Barnard of Rising Star.

The wedding will take place November 20, 1982, at the Calvary Assembly Church with the groom's father, Rev. McGinn, performing the ceremony.

Gary is employed by Justice General Contracting in Rising Star.

CJC Offers Petroleum Land Leasing Course

Cisco Junior College will offer "Petroleum Land 1" in Cisco on November 9, 11, 16, and 18 from 6:30-9:30 p.m. in the Science Hall Lecture Room. "Petroleum Land 1" is a basic course in petroleum land leasing. The instructor for the course will be Jim Moore. Moore is a 1979 graduate of Baylor Law School. He is a landman for William G. Arnot, Jr., oil operator in Breckenridge. Fee for the 12 hour course is \$60.

This is an adult education course and all attending will receive a certificate of completion with continuing education units. To register or for more

information call Mrs. Watts at 817/442-2567, extension 113.

Personal

Ed Chick was returned home November 5, 1982, following major surgery. He is slowly improving.

Case Pittman entered the hospital November 8, 1982, and was in ICU in Hendricks Medical Center at press time.

Mrs. Clara Ridens is expected to return Friday after spending some weeks in Hendricks following a heart attack.

TIPRO Seeks Legislation

Austin, Tx.—A major policy making committee of independent producers and royalty owners has recommended support of several legislative and regulatory actions to (1) protect consumers and oil and gas owners in a confused natural gas market, (2) reduce thefts of oil equipment and (3) secure the interests of 65,000 Texas royalty owners in the event of bankruptcy of oil purchasing companies.

Hans Hansen, Midland, Chairman of the State Petroleum Issues Committee of the 5500-member Texas Independent Producers and Royalty Owners Association (TIPRO), said in Austin that, "Producers are angry because ludicrous federal regulations have so severely distorted the natural gas market that consumers nationwide are suffering price and supply problems. The unreasonable regulations have even tied the hands of state regulatory agencies who might otherwise cope with the problem."

"Texas consumers, royalty owners and producers are being impacted," Hansen related, and announced that the committee is recommending rule changes to the Texas Railroad Commission which will help insure that available natural

gas is taken equitably from the pro-rated wells in the state. "Under the present rules, some wells are virtually shut in, while others are producing at their full capacity," Hansen said, "and the rule changes we are recommending should help every producer and royalty owner to share the market proportionally."

The committee also passed a resolution to work with the RRC and federal agencies to solve the problem of interstate pipelines "dumping" excess gas into the intrastate market. "This practice is damaging Texas producers and royalty owners," Hansen reported, "and is driving up prices to some Texas consumers. It is another flaw in the Federal regulations which our state regulators must try to address until corrections can be legislated in Washington."

The committee reaffirmed its support of a new bill proposed by Governor Clements which would allow royalty owners and independent producers to hold a lien against a bankrupt oil or gas purchaser. Under present Texas law, the owners of royalty oil are "unsecured creditors" who have small hope of recovering money owed for oil which has been delivered to buyers that subsequently go

into receivership.

The committee said that oil field theft amounts to millions of dollars per year, which eventually raises consumer prices. Harrold E. Wright, Gilmer, President of TIPRO and chairman of the Petroleum Industry Security Council, commended the committee for taking "dead aim to help develop new legislation to prosecute oil field thieves, which will be recommended to the 1983 Texas Legislature."

Additionally, the committee is actively supporting a proposed RRC manifest system which will make it more difficult for thieves to transport stolen oil.

The TIPRO Committee includes two former RRC Commissioners—John Poerner and Bill Murray, former RRC Oil and Gas Special Counsel Rex White, and a number of prominent Texas royalty owners and producers.

Rising Star Fire Dept.

The Rising Star Rural and City Volunteer Fire Depts. responded to four fires since November 2.

1. City fire November 2, 10:30 p.m., Apartment in old housing project. Heavy smoke damage. One person, the apartment resident, was hospitalized for smoke inhalation.

4-H Food Show Set

THURSDAY, NOVEMBER 11, 1982

4-H'ers will match foods-and-nutrition expertise against each other in the Eastland County 4-H Food Show Saturday, November 20.

About fifty youth will compete in senior, junior and sub-junior divisions.

Entries will be on public display for tasting from 11:30 a.m. - 12:00 noon at the Corral Room, 400 Ave. D in Cisco.

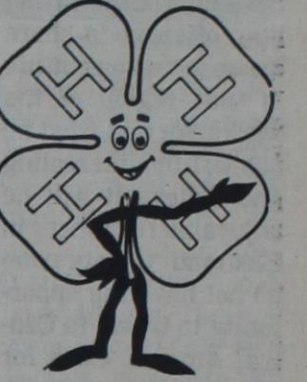

Senior-division entrants are ages 14-19, junior-division entrants are 12-13, while sub-junior division youth are ages 9-11.

This year's theme is "Texas Foods."

For the contest, each 4-H entrant will compete in one of four

classes, including main dishes, fruits and vegetables, breads and cereals, or nutritious snacks and desserts.

Because the foods and nutrition program focuses on nutrition, each contestant will have to demonstrate what she or he knows about nutrition, meal planning, food buying and meal service, as well as preparation techniques.

Saturday Club

Janet Harlow, introduced by Lenell Henry, presented the program for the meeting of the Saturday Club on November 3.

The club met in the city library with Ileta Agnew, club president, presiding. Eleanor Nunnally gave the invocation, followed by club members saying the pledge of allegiance in unison.

Fall colors were predominant in the decorations of pumpkins on the mantel, centered by a candelabra. The serving table was covered with a lace tablecloth over a gold underlay. A large tangerine candle in a hurricane lamp, placed in a flower ring of mums, centered the refreshment table. Crystal and silver appointments were used in the serving of coffee, finger sandwiches and a variety of cookies. The hostesses for the day were Lela Clark and Lenell Henry.

Janet used hypnosis as an interesting subject with the following

four stages: Beta, a normal state of mind of full consciousness; Alpha, a relaxation of the mind, as falling asleep at night; Theta, the early stages of sleep; and Delta, the very deepest sleep.

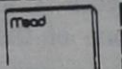

Janet told the group, "Hypnosis is nothing to be afraid of by any person who is willing to cooperate with the hypnotist."

Janet may be contacted at the Lakewood Recreation Center.

Members present included Ileta Agnew, Blanche Cawley, Mary Claborn, Helen Donham, Dorris Harrell, Pauline Hudson, Georgia Jacobs, Olice Jones, Lucille Joyce, Irene Mayfield, Barbara McCollum, Hazel McCollum, Ruby Murdoch, Eleanor Nunnally, Bonnie Polk, Polly Price, Lottie Mae Roach, Elizabeth Robertson, Olive D. Schaefer, Dorothy Shook, Vera Westerman and Bertha Mae White. Guests were Janet and her mother, Juanita Harlow.

Dr. Barnes Writes from Central America

Dr. Charles M. Barnes of Route 1, Rising Star recently moved to Panama City, Panama on a two year assignment as supervisory veterinarian for the U.S. Dept. of Agriculture. His responsibility includes all of Central America in a program to prevent the introduction of foreign animal diseases into the United States.

Recently he wrote the editor of the Rising Star offering to share his observations of life in that region of the world. We find what he has written interesting and believe it will be enjoyable for others in Eastland County who do not have the opportunity to travel in Central America. Look for his articles each week, or as frequently as his duties permit him to take time off to write. He plans to write under the title or by-line of "The Travelling Frog" since he identifies himself with the famous horned toad of Eastland County.

Dear Folks at home, I feel obliged to write to so many friends and relatives in Rising Star and Eastland County—primarily to keep them aware of our whereabouts, the status of our health, and generally how things are going with us in Central America. To do the job right would require hours and hours of labor with numerous addresses, untold postage. Quite frankly I don't have that kind of time. The government is paying me to work down here

and I am extremely busy. However, if the editor of the Rising Star feels that what I have to say is worthwhile, perhaps I won't have to write personal letters to everyone but my thoughts and observations can be recorded from time to time in the newspaper. I know that I am a bit conceited to think that what I do or think or observe hereabouts would be of interest to you people in Eastland County but I'm taking the chance and writing a sort of diary about my daily work.

If I am fortunate enough to have my remarks published, perhaps the continuing column should have a name. I constantly return to the idea about what are the unique things in Eastland County. In my view, perhaps the most unusual, historical happening was the discovery of "Old Rip," the horned toad in the cornerstone of the Eastland courthouse. To a certain extent I consider myself part and parcel of the "Old Rip" legend. So, if you will bear with me as I move about, the title of my column will be The Travelling Frog.

Also, every column should have an author—not necessarily the true name of the writer. Names for frogs are not easy to come by—especially those as distinguished

looking as the average Eastland County horned toad. He sits so quietly when you discover him in the field or yard—won't even turn his head or blink an eye—with ants crawling all over him. Such a beast must have a special name and for me his name is BUCYRUS—one who looks like a conqueror of all he observes. He can spit blood from his spiny head and if a predator eats him he will surely die from the punctures of BUCYRUS' mighty spiny horns!

And so to my work. I hope to have all my

Homemaking Hints

By Janet Thomas

Deer hunting season is just around the corner. So in the near future, many homemakers will have access to deer meat. Venison is a high-quality protein. It's packed with nutritional value. Using venison for family meals also helps lower the grocery store bill.

The Extension Service has a free publication MP-1333 Big Game Cooking Care.

A common problem in wild game cookery is gamey-flavor. Marinades for venison can help overcome these gamey-flavor problems, and marinades can also help in tenderizing the meat.

To marinate venison, cover the meat with your

favorite marinade and allow it to stand in the refrigerator at least 24 hours. Then it will be ready to broil, roast or braise.

Or choose one of the wild-game marinades below:

- Vinegar to cover steak or roast
- French dressing
- Tomato sauce or undiluted tomato soup
- Fruit juice such as lemons or pineapple, or a mixture of many juices, 1/4 cup cooking oil, 1/2 teaspoon pepper and 1/4 teaspoon garlic salt.
- 2 cups water, 2 cups vinegar, 1 to 2 tablespoons sugar, 4 bay leaves, 1 teaspoon salt, 12 whole cloves, 1 teaspoon allspice and 3 medium-size sliced onions.
- Garlic salt, salt and

Changing Name on Social Security Card

"Changing your name on your social security card is a little more complicated than it used to be," stated Glyn Hammons, social security manager in Abilene.

This means that when a woman marries and changes her name, she must submit a copy of her marriage certificate to social security with her application for a new card. "Although the original or a certified copy of the marriage certificate is required,

pepper to taste, and equal parts of Worcestershire sauce and two of your favorite steak sauces. This gives a blend of flavors and also is excellent for basting game roasts or thick steaks during cooking.

New Scholarship from Leadership Project

A leadership project undertaken by the 22,680-member Texas Extension Homemakers Association has resulted in establishment of a new scholarship for Texas youth. The scholarship, which brings to seven the number provided annually by the association, has been named in honor of Mrs. Florence W. Low of

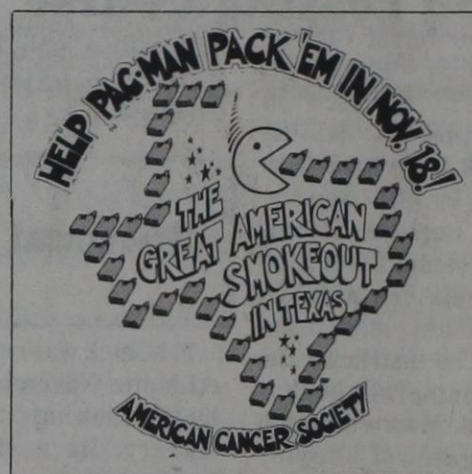

Bryan, retired former assistant director for home economics with the Texas Agricultural Extension Service. Each of the scholarships is valued at \$600 for 1983 and will increase \$50 annually up to \$1,000. The scholarships are being partially funded by sales of a cookbook, "Texas Taste Treasures," says the association president.

Computers and Crop Insurance

The computer is coming to the aid of farmers considering the new "all-risk" federal crop insurance in their production and financial plans. The Texas Agricultural Extension service of the Texas A&M University

System has been awarded a \$186,000 grant from the U.S. Department of Agriculture's Extension Service to develop microcomputer software programs related to the year-old crop insurance plan.

SENIOR CENTER NEWS

It was wonderful to be in attendance at Senior Citizen's Center last Thursday. We have been missing a lot while Charlie was sick. Just being with our good friends again has marvelous therapeutic value. Charlie and I are deeply grateful for your concern, your love and your prayers. It means so very much to us, to know you care—and we love you.

Thank you, Edith, for doing the weekly newspaper report for me. You did an excellent job; I really think we should get you to do it from now on. We surely appreciate a good friend such as you.

There was a fine group of folks at the center last week, but we missed those who were sick and those who were busy at other things which kept them

from being there. We hope all the sick friends will be feeling better soon. Our thoughts and our love are constantly with you.

I know a person could look far and wide, yet never find such a varied menu of delicious foods as we enjoy at the center each week. There were at least seven dishes of meat to choose from last week, accompanying vegetables of all kinds, green salads, fruit salads and relishes. For dessert we had fresh apple cake, old time tea cakes, fruit cobbler and Osgood pie. As always, we had hot rolls, corn bread, iced tea and coffee. This kind of meal is there every Thursday! Sound good? Yummy.

The November birthday party is to be the

evening of the 16th. We look forward to these parties each month, always have a good group to attend and have a really fine fellowship.

Starbrites, put your red and white "glad rags" on and be ready to board the bus at 9:30 the morning of November 12. The lovely people of the Cisco Senior Center are expecting us then. They do enjoy our "talented efforts"

Allen-Summers Engagement Announced

Sandra Allen and Randy Summers, both of Bangs, are engaged to be married January 15, 1983, at 7:00 p.m. at the Trinity Chapel in Bangs.

Sandra, formerly of Rising Star, is the daughter of Mr. Bobby

when we meet with them, and we love our "good neighbors to the north."

We have some engagements coming up in December. We are looking forward to celebrating the holiday season with some of our friends in neighboring towns. There will be more information concerning these events as the time approaches.

Adios for this time.

1932 Class Reunion

Returning, Rekindling, and Remembering" was indeed the theme for the Fiftieth Reunion of the class of '32.

Friday afternoon, October 15, the class met at the country home of Charles and Nelda Rutherford for an enjoyable afternoon and evening of visiting, taking pictures, reminiscing, and decorating the float. A delicious meal of barbe-que, potato salad, baked beans, pickles and cherry cobbler was served.

Charles called a short class meeting; read the "Welcome," an original poem by Willa Faye Hamilton Herrington, and a memorial was held in memory of the seven deceased members: Juanita Claborn, Edwina Eberhardt, Maxine Lloyd, Bernice McMillan, Joyce Pate and O.E. Wilkerson.

Each member was

presented a book of class memorabilia, a name tag with a blue and gold 50, and a gold silk carnation with blue streamers.

The class voted to meet again in 1987

Those in attendance from out of town were; Lynn and Dorice Alford of Lamesa, Thomas and Evelyn Bucy of Brazoria. Kyle and Euna Pringle of Lindale, Katie Lou and Jim Cottrill of Alvarado, Helen and J.W. McCaskill of Houston, Elen Gray Walston of Conroe, Willa Faye and Cecil Herrington of Brownwood, Naomi and Roy Fisher of Brownwood, Virginia and Arthur Foyt of Austin, Agnes White Baskin of Lamesa and Wayman and Oleta Ware of Arlington.

Those in attendance from Rising Star were; Ray and Eleanor Nunnally, Jack and Ileta Agnew, Polly and Lafayette Parker, and Charles and Nelda Rutherford.

Three former classmates attended; Bill and Lois Falls of Midland, James Irby and wife of Austin, and Mary Cain Beard of Sheridan, Indiana.

Former teachers present for the morning session were; Mr. Jack Gingrich and his wife Dorthea, Mrs. Bernice Taylor White and Mrs. Ruby Ballew.

THANKS FROM THE CLASS OF 32

On behalf of the class of 1932, we would like to express our sincere appreciation to the Ex-Student Association Board, the faculty and student body of Rising Star Schools, the P.T.O., Parade Chairman, The Rising Star, Rev. and Mrs. R.D. Williams, and to the community in general for the many acts of kindness, which are too numerous to mention, that helped make

our Fiftieth Reunion a most successful and rewarding event.

Sincerely,
Charles Rutherford,
Pres.

Members of the First Baptist Church WMU met Monday morning at 9:30 a.m. to learn about Brazilian Baptist. Jean New led the meeting and noted that Brazilian Baptist work has been active for one hundred years.

Betty Gray gave some personal experiences from the book, "The Unseen Friend," by Gene Wise. Betsy and Gene Wise, missionaries to Brazil, had been friends of the Grays in Irving. These comments were greatly enjoyed.

Julia Ross related to the group some of the history of Baptist work in Brazil; Dorris Harrell told about the work going on beyond Brazilian borders. Vi Williams reported how world missions had developed in Brazil; Opal Dean told the story of Odete Gomes Rabelo, a former spiritist who is now the wife of a Baptist pastor.

Doris Griffin gave the missionary prayer calendar.

Dorris Harrell, president, led the planning of the Week of Prayer to begin November 29.

Hodnett's Birthday Celebrated

Bob Hodnett

Bob Hodnett had guests in his home Sunday, November 7, 1982. Twenty guest were in attendance from Coleman, Comanche, Austin, Abilene and Cross Plains. The occasion was to help Mr. Hodnett celebrate 82 years of living in the Rising Star area.

Among the delicious foods provided were two decorated cakes for the occasion. One cake was made by his great-niece, Rebecca Waldrop of Comanche. Decorated in orange and yellow the cake read, "We Love to Visit Uncle Bob." The other cake was decorated in blue and white with a special photo of Mr. Hodnett and his 8 month old grandson, Richard Tucker of Abilene. The cake read Happy 82 years to Grandpa.

Afternoon music, a violin & piano duet, was provided by Mr. Hodnett's daughter Faye Tucker of Abilene and son-in-law, Joe Faries of Austin. The violin played by Joe Faries was hand made by him.

Guests and host all enjoyed the occasion.

We congratulate each winner and want to thank everyone for their help and donations to this activity. Remember, the PTC works for your child's education, so back it as much as possible.

The next PTC meeting will be in about two weeks but no definite date has been set.

Also, we want to express our congratulations to our PTC President, Jaci Tischler and her husband Lloyd, on the birth of their son, Jeffrey Don.

Study Strategies for Jobs

During periods of economic stress and employment uncertainty, families might well consider devising a "survival plan" in the event the breadwinner should lose his or her job. Most employment counselors recommend that a worker be prepared for at least six months of unemployment if laid off.

Several strategies can help protect a job holder from being the first to go, reports Dor-

thy Taylor, family life education specialist with the Texas Agricultural Extension Service, Texas A&M University System. Decide on how important the job is—and if necessary, improve your skills or change your attitude. Always get to work on time, be well groomed and pleasant, do your job consistently, and offer to stay late when necessary.

Also devise a budget and get your finances in order to better cope with job loss.

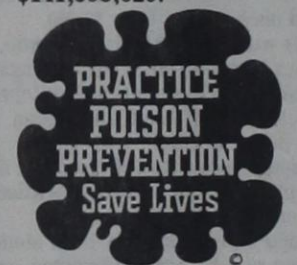

Homemaking Hints

By Janet Thomas

RECIPE FOR THE WEEK:
Fall is here! I would like to suggest you try this delicious bread.

YAM SWEET BREAD
1½ cups mashed yams, canned or fresh
1¼ cups sugar
¾ cups salad oil
3 eggs
1¼ cups sifted all-purpose flour
2 teaspoons baking powder
½ teaspoon cinnamon
¼ teaspoon salt
¼ teaspoon nutmeg
1 cup chopped walnuts or

pecans
1 cup raisins or pitted and sliced prunes
In large bowl, add mashed yams to sugar, oil and eggs and mix until smooth. In another bowl, sift together flour, baking powder, salt and spices. Add raisins and nuts to coat them. Slowly stir dry ingredients into yam mixture. Turn into greased and floured 9" x 5" loaf of fluted pan. Baked at 350° F. approximately 1½ hours or until bread tests down. Cool 30 minutes and remove to rack to finish cooling.

Pest Alert

Gordon Woolam

SACK THE BAGWORMS!!
Gordon Woolam

The small, silk weaving that resembles a Christmas tree ornament on your favorite evergreen is not there for decoration. Such woven bags protect the larvae and eggs of bagworms. Now is a good time to remove any bagworm pouches hanging on landscape. The most likely place to look is on juniper plants but they may be found on almost any nearby plant. Remove these bags and destroy them to prevent starting the cycle over.

Both broadleaf and coniferous trees and shrubs are attacked by this pest. These include: willow, cedar, sypress, white pine, box elder, locust, sycamore, maple, wild

cherry, sumac, persimmon, arborviate, and other ornamental evergreens.

Bagworms become exceedingly abundant every few years, but always present a persistent problem. There are several different species of this pest.

The bagworm larva builds tough, portable, silken case covered with layers of leaves, twigs and fragments of bark. The bag has a small opening at the lower end to expell refuse. A wider opening at the top allows the worm to partially crawl out to feed. These bags are the most easily seen and identifiable feature of the insect. Infestations may not be noticeable at first, but if left unchecked, can completely defoliate trees

and shrubs.

The adult female looks like a maggot, with no eyes, legs or antennae. The adult male resembles a small moth. After larval development subsequent pupation, adults emerge. The male escape through the lower end of their bags. The wingless females only emerge halfway and await mating. After mating, the adult female deposits large number of eggs in her bag and then wiggles through the lower opening, drops to the ground and dies. Most species overwinter as eggs in the bags. As the larvae hatch, they let themselves down a single strand of silken thread and attach to adjacent limbs, where they begin building their own silk bags.

Handpicking the pest is the surest and cheapest means of control for small evergreen shrubs and

trees in home landscapes. Be persistent and be sure to pick all of the bags and then smash or burn them. If thrown to the ground, the eggs in the bags will still hatch in the spring and larvae may crawl back into the trees. It is useful at any time during the year to remove the bags. However, now is an important time to break the cycle before the eggs hatch in the spring.

When there are too many bags to handpick or the trees and shrubs are too large to reach safely, then the infested plants can be sprayed. However, insecticide application should be made in the spring soon after the eggs have hatched or while the larvae are small and actively feeding. For more information regarding this or other topics, contact your County Extension Office at 629-8661.

FmHA Reports Texas Loans

The Farmers Home Administration (FmHA) made 3,228 home mortgage loans to Texas families in fiscal year 1982 that ended September 30, FmHA State Director J. Lynn Futch announced today.

FmHA is a credit agency of the U.S. Department of Agriculture. It provides loan assistance to farmers and other rural residents who need credit but cannot get it from private banks or other lending institutions. The loans are to be repaid in full, plus interest, to the U.S. Government. FmHA has more than 2,000 field offices throughout the country, with 130 in Texas.

Preliminary figures show that nationally the agency provided more than 78,000 loans

to families across the country who were without safe, decent, and sanitary housing. Another 30,000 families were afforded an opportunity at better housing through 1,428 loans that financed rental housing construction. The total amount of FmHA housing loans for the fiscal year was \$3.5 billion.

"In Texas, FmHA provided 3,170 single-family home loans totaling \$90,840,700," J. Lynn Futch said. Fifty-eight rental housing loans were made for \$50,757,920. Total housing loans for the year amounted to \$141,598,620.

TO THE CITIZENS OF EASTLAND COUNTY:

I want to take this opportunity to express my sincere appreciation for your having re-elected me as your Criminal District Attorney.

To those of you that I was unable to contact personally during the campaign, I hope you will understand that I tried to see as many of you as possible, but I felt my official duties came first. In fact, I have obtained judgments of conviction in 237 felony and misdemeanor cases in 1982 thru October 1st.

To the many of you who worked in my behalf during the campaign, I can never adequately express in words my heartfelt thanks for your many efforts and support. Because of you, I was able to maintain the functions of my office uninterrupted.

I consider it a privilege to serve as your Criminal District Attorney, and I am grateful for your vote of confidence. I shall continue to strive to serve you with integrity, vigor and in a manner you rightfully deserve.

Again, on behalf of my family, my staff and myself, THANK YOU for allowing me to continue serving you as your Criminal District Attorney.

Sincerely,

Emory C. Walton

OILFIELD DISPATCH

P&R Completes Successful Well

One of the better oil wells to be completed in Eastland County in a number of years has been brought on line six miles northwest of Eastland. It is the number one Baggett, a well cat venture of P&R Oil Inc. of Eastland. The well showed ability to yield 800 barrels of sweet crude per day, flowing open choke. Flowing tubing pressure, came in at 520 PSI.

In addition to oil, the well indicated ability to yield up

to 100,000 CF casinghead gas per day.

It is in a 69 acre lease and section 457 of the SPRR Survey. A company official said B&J has another 12,000 acres on which it holds drilling rights.

Production will be from the Lower Duffer Limestone, a formation rather rare in the area.

Testing showed about 30 of pay, and the well will produce from perforations ranging from 3,914 to 3,928. The well bottomed at 4,142 with Eastland Drilling Inc. doing the hole making.

The 38-40 gravity crude

will be processed by Pride Refining of Abilene for marketing by Union Oil. The casinghead gas will be transported to market by Enserch.

Drilling required about 10 days, according to Tom Robertson, P&R Vice President. He said the discovery allowable for the un-named field is expected to be 80 B.O.P.D. plus gas out put period. Robertson and J.M. (Pat) Patterson, company president founded P&R Oil in April, 1979. Patterson is a native of Ranger. Robertson is a native of Grove, Oklahoma.

.....give little thought to the question of values when we should measure them in terms of personal worth in everything he buys, enjoys or does. For example, some folks will buy real estate without any kind of evidence of title disregarding the fact that the principal value of the purchase is in the title, not in the land itself or the improvements thereon. This kind of thinking costs property owners thousands of dollars annually which could be saved and a part of the savings wisely spent for an abstract of title or title insurance.

Chamber of

Commerce Meeting

The Chamber of Commerce met at 11:30 a.m. Tuesday, November 9, at the Elite Cafe for a business luncheon.

President Delbert Biggs was in attendance again after having missed meetings because of illness and being hospitalized recently.

The Turkey Shoot Committee suggested the chamber postpone the shoot, because there was not enough time to set up a secure area.

It was decided to buy

Christmas fruit for Santa's gifts to kids from the FFA members.

Trades Day, similar to the ones held in Canton and Stephenville, is still under discussion, but as yet no place has been obtained to house it.

The Committee on Merchants Trades Day was not present to make a report.

Thirteen members were present for the luncheon. The chamber will meet again November 23, 1982.

Walter Grubbs Joins WTU

Walter Grubbs of Abilene, a state representative since 1978 and former assistant to two U.S. Congressmen, has joined West Texas Utilities Co. as governmental affairs representative.

Grubbs will maintain an office in WTS's General Office Building in Abilene and also will spend time in Austin and Washington. His appointment with WTU was effective November 1.

Grubbs is a former mayor of Colorado City, where he was reared, and is a World War 11 Air Force Veteran. He was administrative assistant

We still need donations to keep our ambulances in service. We are running low on supplies and funds.

The React Ambulance Service is having a bake sale, Saturday November 20, from 9:00 a.m. until 3:00 p.m., to raise money for our much needed supplies.

This service is for our community without the community there is no service. We greatly appreciate the support we have received thus far.

listed below. The starting lineup and the Cross Plains roster will be published in next week's paper.

REACT

The Rising Star React had their monthly meeting, Tuesday night November 2nd. There were ten members present. The minutes were read and approved. We accepted two new members into the React, they are Gaynell Sanson, and Deborah Williams. We are real proud to have them.

The ambulances have made numerous runs this past week. We carried Mrs. Jessie Carter and Mrs. Sue Landes from the doctor's office to Gorman hospital, Mrs. Pearl Criswell from her home to West Texas Medical Center, and Mr. Raymond Jarvis from his home to Brownwood Regional.

Also, Terry Thomas and Adkins from the doctor's office to Brownwood Regional and transferred Mr. J. T. Hudson from Cisco Hospital to the Rising Star Nursing Home.

to Congressman George Mahon in Washington from 1958-64 and served as district manager for Congressman Omar Burleson in Abilene from 1965-78. He then was elected to two terms in the Texas House of Representatives before losing his bid for a third term in the Democratic Primary this last spring. His current term ends December 31.

GORDON SPOT

By DeMarquis Gordon

Asparagus seems to be gaining popularity with Eastland County vegetable gardeners. We have had several questions recently about the care of asparagus plants in the fall and winter.

The asparagus tops should be left until after the first freeze. Then you should cut the tops at ground level and cover the asparagus bed with mulch. In early February remove the mulch and fertilize with 1 or 2 pounds of 10-20-10 or a similar analysis fertilizer per 20 feet of row. You can begin harvesting the new sprouts in late February or early March.

If you would like

more information on asparagus call or come by the County Extension Office and ask for the asparagus publication, L-1593.

Several of the common peach, nectarine and apricot diseases are best controlled with a spray either just before or just after leaf-fall in the Fall of the year. These diseases are peach leaf curl, bacterial leafspot, coryneum blight and bacterial canker.

The peach leaf curl and the coryneum blight are fungal diseases while the others are bacterial in nature. The peach leaf curl is the disease which causes the grotesque, warty look on the leaves of the peach in the early spring. This warty, growthy appearance can also sometimes be seen on the fruit. The leaves and fruit which are infected will fall off.

The bacterial leafspot and coryneum blight are very similar in physical appearance. The leaves with bacterial leafspot usually turn yellow and fall, whereas the leaves that are affected with coryneum blight are not so apt to fall. In both cases

there is a spotting of the leaf and this spot usually falls out. There is a somewhat "shot hole" or a very ragged appearance to the leaf surface.

Bacterial canker on the other hand, is a disease that is more commonly seen in the twigs. Usually after the bark splits the tree is severely damaged and many times production will be lost and tree death will follow. In each of these diseases the organism that causes it overwinters in the tree bark and debris left in the tree.

The best recommendation for control is good sanitation in combination with sprays of a copper-containing fungicide, such as Kocide 101, either immediately prior to leaf-fall or immediately after. This can be followed with a spray a few weeks later if the situation is so bad that is warranted. Kocide 101 at the rate of two pounds per 100 gallons of water, sprayed on the exposed branches after leaf-fall has been shown to be very helpful in controlling these diseases. They are very hard to control and where they have established themselves over a period of years, they will be almost impossible to bring under complete control. However, we can certainly decrease loss with this method.

Main Street Rising Star

Commentary

by Myrtle Owen

What if this is the day, that the Lord should come? Today many of God's people are asleep spiritually; they are like the foolish virgins. (Matt. 25:1-10) They are not aware of the signs all around us. Just before the coming of Jesus, there will be a time of tarrying and a time of waiting! The foolish virgins let all their oil burn out, and they slumbered and slept; but the ones with the oil and the Word heard the cry at midnight. Matt 25:6—"At midnight there was a cry made, behold, the Bridegroom cometh; go ye out to meet Him!" "As we see from the parable there is to be a lamp trimming time! A short period of revival that will culminate in the coming of the Bridegroom for the bride!--Those who believe and hear this message will go in with Him to the wedding; then the door will be shut! (Verse 10)--He is coming soon!" "We must prepare for this mighty 'lamp trimming revival' by obeying His Word, heeding His warnings, seeking and praising Him! and He will hear from heaven, and suddenly out of the tarrying will come the midnight cry of thunder; and a deluge of former and latter rain will restore the elected Church!"--"It will be a glorious church of power and faith!--united in one body of divine love and Jesus will be the head of this, His predestined people, foreknown before the foundation of the world!" The world is headed for a crisis and chaos we are now on the eve of a great spiritual awakening that has never been seen before!--Jesus will restore the things that have been lost in power and gifts!--The prophet Joel foretells of a most tremendous age ending in revival!--We are now in the very days of the fulfillment of Joel's prophecies; an outpouring of God's spirit. God's true children can begin to hear the sound of a going (or rustling) in the tops of the bulberry trees! (II Sam. 5:24)--"We can see a 'little cloud' out of the sea, like a man's hand (the hand of God) and we know, just as Elijah knew, that there shall be a great rain (revival)!" (I Kings 18:42-45) "It is the hour that He shall make His laymen and ministers a flame of fire! (Heb. 1:7) His people will

become one in spirit and in one accord! Jesus says, hold fast until I come, and He forewarns take heed lest that day come upon you unaware. (Luke 21:34-36)

Joel 3:11, Assemble yourselves and come, all ye heathen, and gather yourselves together round about: thither cause they mightly ones to come down, Oh Lord, Verse 13. Put ye in the sickle, for the harvest is ripe: come, get you down; for the press is full, the fats overflow; for their wickedness is great, Verse 14. Multitudes, multitudes in the valley of decision: for the day of the Lord is near in the valley of decision, Verse 15. The sun and the moon shall be darkened, and the stars shall withdraw their shining, Verse 16, The Lord also shall roar out of Zion, and utter his voice from Jerusalem: and the heavens and the earth shall shake: but the Lord will be the hope of his people, and the strength of the children of Israel, Verse 19, Egypt shall be a desolation, and Edom shall be a desolate wilderness, for the violence against the children of Judah, because they have shed innocent blood in their land. But Judah shall dwell forever, and Jerusalem from generation to generation. For the Lord dwelleth in Zion.

Dorothy Cretcher is a wife, mother of two sons who are college graduates, and an author. Her most recent book, *Steering Clear: Helping Your Child Through the High Risk Drug Years*, was stimulated by a chance conversation she had with her boys concerning the attitude of young people toward drug abuse. Although not drug users themselves, Mark and Jeff surprised her by admitting the prevalence and acceptance of drugs such as marijuana, alcohol and even cocaine, was extremely widespread among others of their age.

Disturbed by their information, Dorothy was intrigued by a newspaper article she read soon afterward. The article dealt with a survey revealing that 78% of the parents in the Kettering, Ohio, school district believed that marijuana was a problem in the schools, but only 17% believed their children were involved.

The figures didn't make sense to Dorothy, and her reporter's instinct for fact was aroused. She began her search at the library, reading all the available books on drug abuse. What she found was a mish-mash of contradiction and scientific technology too complicated for most parents to absorb.

She turned instead to the source of her interest--young people. They were completely frank with her, some of them telling her yes, they smoked pot, yes, they got smashed on beer and telling her why. Next she interviewed parents and examined their concerns or lack of them over drug used by their children. Often she listened to them express feelings of helplessness. She went on from there, talking to the professionals--the teachers, the medical people. Her alarm grew with her knowledge, not only because of the evidence of epidemic use among children from the sixth grade up, but also the abysmal ignorance, misunderstanding and misstatements that cloak the drug usage problem.

She set to work to do something about it--to write a book that everyone, young people and parents alike, could easily understand. She sought the guidance of experts; or parents who cared. No one was paying her to do this; it was all voluntary because she felt the need was paramount.

So did Bill Pflaum, who publishes books

for pre-school children and for whom Dorothy had previously done editorial work. Bill has three teenage sons and he says, "None, so far as I know, is involved with drugs but the threat is there every day." After he read Dorothy's manuscript he offered to help find a publisher. Although he approached many, he found none willing to publish the book. They all had the same response: No one is interested in the subject. Drugs are no longer a problem.

"It was a denial of reality," says Bill, "the same kind of denial that goes right down into the home." The upshot was that Bill decided to put his money where his convictions lay and bring the book out at his own expense.

Dorothy Cretcher wrote *Steering Clear: Helping Your Child Through the High Risk Drug Years* because she recognized the gravity of the problem and wished to help resolve it. Money was not the objective for either author or publisher. Their purpose was to alert parents to the danger of all drugs and to tell the young people of America how and why they should be *Steering Clear*.

How to stand out in a crowd . . .

It makes sense to tell people about your business when they are looking for information about LOCAL HOMETOWN firms. Local Newspaper advertising answers questions and provides information to turn prospects into customers and that's why you're in business - to do business. BUT THE PEOPLE HAVE GOT TO KNOW ABOUT YOU! We of Eastland County Newspapers recommend CONSISTANT, CONSERVATIVE advertising - keep that name, telephone number and address constantly before the public, so that WHEN they need what you have, they'll come to YOU FIRST. Talk about our special monthly rates to get the most mileage for your advertising dollar. Don't blow it on the wind; invest it where it works.
