Rural Fire Department Readies New Fire Truck

Members of the Rural Volunteer Fire Department and its Board of Directors galvanized into action when the engine of a rural fire truck went out, necessitating finding a replacement to provide fire protection for the countryside as quickly as possible.

The engine of the old white 4x4 Jeep truck blew up and parts of it literally fell onto the ground while it was being driven to a fire to the east of Rising Star approximately three weeks ago.

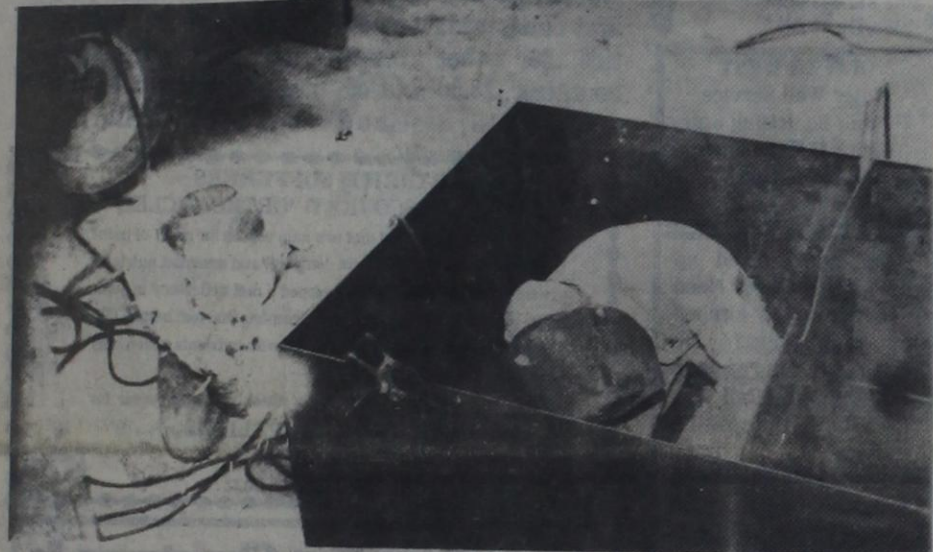

A red 1 ton GMC was purchased, the U-joint on it repaired, steel plate metal for a water tank purchased and the sides and back of the tank formed by October 14 when Kenneth Smith, a member of the Board of Directors, sought out local welders and asked for volunteer labor and materials to weld the ends, baffle and top of the tank together and to put skids on the bottom of it.

At 6 p.m. that evening Jim Ratliff of Jim Ratliff Welding arriv-

ed to volunteer his services, followed by Gary Wilson of Gary Wilson Welding. They were joined by Clayton Wilson, a member of the Board of Directors and area farmer, whose welding machine was not used due to lack of working space.

Before Ratliff and Wilson had finished the welding, Truett Horton was applying paint with a brush to the tank. Upon completion of the welding, Doug

Free Adult Education Classes to Be Held in Cross Plains

Free adult education classes, sponsored by Big Country Adult Education Co-op, are being offered to area residents. Classes are scheduled to begin Monday, October 25, from 7:00 to 10:00 p.m. at Cross Plains High School, announced Donna Sublett, instructor for the classes.

The classes offered are (1) basic, which will help a person learn to read, write and figure better, and (2) GED (General Education Development), which gives an in-

dividual a chance to get a high school equivalency certificate.

A minimum enrollment of 15 persons is needed by the second class meeting for the classes to be sponsored by Big Country Adult Education Co-op.

To enroll in the free classes, call Mr. Lee Thompson of Cross Plains High School at 725-6121.

Homecoming 82

The 26th Annual Homecoming for Rising Star High School started off with a bang and finished up with a win over the Lometa Hornets. The Wildcats delighted a large crowd and their victory was the culmination of a day-long celebration.

The Ex-student Meeting

A coffee and exes registration started the day at 8:30 a.m. Saturday, October 16, followed by the business meeting. Steve Bibb, president of the Ex-student Association welcomed the exes on behalf of the Homecoming committee and Superintendent of Schools Gene Williams welcomed them on behalf of the school.

Honored guests were members of the graduating class of 1932 in celebration of their 50th anniversary. They had attended a party and remembrance session at the Charles Rutherford home on Friday night. The class was doubly honored when the Coming Home King and Queen, Charles Rutherford and Naomi McBeth Fisher, were chosen from that class.

A.P. Smith was recognized as the

oldest graduate present, representing the class of 1908. The association awarded Mrs. Dorothy Shook as an outstanding teacher and she was given a standing ovation by the crowd. James Steel, instrumental in the formation of the permanent board of directors, was named as an honorary member of the board.

Speaking for the class of 1932, Ray Nunnally, retired principal of Rising Star High School, listed accomplishments of the class and introduced the class members. Of a class of 28 graduates, 16 members were present and 7 were deceased.

He stated that the class had amassed an outstanding record: 8 have B.A. degrees, 5 have Master's degrees, one has a P.H.D. and 6 others have attended 2 years of college. A large number of years of business and professional service has been put in by class members.

Introducing his high school coach, Jack Gingrich, Nunnally named him as a positive influence on his life. Mrs. Bernice Taylor White and Mrs. Ruby Ballew were also recognized as teachers of the 1932 class.

Charles Rutherford also spoke about the class. Class members present were: Ray Nunnally, Jack Agnew, Lafayette Parker, James Pringle, Charles Rutherford, Polly Barnes Parker, Katie Lou Falls Cotrill, Helen Gray McCaskill, Ellen Gray Walton, Willa Faye Hamilton Herrington, Naomi McBeth Fisher, Virginia Watkins Foyt, Agnes White Baskin and Waymon Ware. Members who could not make the trip to homecoming were: Finney Patterson, Travis Roach, Annie Mae Cox Medlin, Margie Foster, Maureen Harris Snodgrass, Genell Pate Miller and Eunice Mayfield Sparks. Rastus Bucy was at the party but not the business meeting. Ray Nunnally was named to a permanent membership on the board of the homecoming committee.

Bill Forbes spoke on the class of 1942 and their outstanding football team. They were celebrating their 40th anniversary and had 25 members attending a barbeque Friday night; there are 6 members deceased.

The class of 1957 were recognized as celebrating their 25th

anniversary.

A nominating committee was named to serve for the election of the new officers at the 1984 homecoming: Chairman, Guy Nell West, Virginia Lee, Barbara Long and Debbie White.

The Parade

The P.T.O. had a luncheon at the school cafeteria before the parade began at 2:00 p.m. and a large crowd lined the streets to view the band, cheering squads, floats and classes. Rex Long was the announcer with the judges, Barbara McCollum, Yvonne Williams and Laquita Lucas joining him on the reviewing stand. Mark Cooksey was parade chairman with the police leading the parade and the React club directing traffic. The three judges also picked the winners on the window decorations.

The Pep Rally

Before the crowd could catch their breath, it was on to the gym for the pep rally, where the crowd became a loud, boisterous mob. The cheerleaders and the band kept the noise level high with victory chants and music. They had ample help from the Jr. High

cheerleaders and twirlers. David Harris spoke on the many trophies the teams have won through the years and the need for a good trophy case in which to display them.

Ronald Hicks was called upon to speak to the exes and the football team. Ronald was a member of the class of

NOTICE

Chief of Police Curtis McGlothlin gave the following statement to the Rising Star:

"Concerning the jurisdiction area of the Rising Star Police Department, this department works hand in hand with any law enforcement agency.

"We assisted in the narcotics raid at the request of Texas Ranger Gene Kea. After the search warrant was issued, Ranger Kea and I patrolled the area in his car at the request of Texas DPS narcotics officers and provided the necessary assistance for them to continue their stakeout.

"The actual confiscation of contraband was carried out by DPS Narcotics officers."

The Rising Star regrets the error made in not clarifying the situation in the initial coverage of the news story.

Local News Notes

MEETING

There will be a city fire meeting Thursday night October 21, at 7:30 p.m. at the City Fire Station.

The fire department responded to a fire on E. Mills. There was a trash fire that was out of control.

REACT made 2 ambulance calls. Wednesday Mrs. Ruth Ott was taken to the hospital in Gorman and Friday J.E. "Ted" Hudson was taken to the hospital in Cisco.

Town Meeting Set October 25

Just one week after the regular meeting of the City Council of October 4, Mayor H.L. Killion called an emergency meeting, thinking he had found a solution to balancing the budget of the City's general fund and that he could convince the Councilmen to accept that solution. His solution was to fire both City policemen and to hire Justice of the Peace Buddy Turner in their stead at a much lower pay rate.

Effective Nov. 1

**Dr. Carpenter's office
will be closed on Saturdays
until further notice.**

Although that proposal was made by Councilman Johnny Lee at the emergency meeting, the motion died for lack of a second. Councilmen Doug Owen and Mark Cooksey were vehemently opposed to that proposal.

When the City borrowed money from FHA to finance the new gas, water and sewer lines, FHA insisted that the City set up a separate fund for monies that are taken in from the utilities in order to insure repayment of the loan. From that time, Dec. 1980, street department, police department, administrative department and a few departments with much smaller budgets were to have their expenditures paid from monies taken in from

property taxes, city sales tax, franchise taxes and minor services performed by the City.

The largest of the revenues is property taxes, from which no income was realized from 1978 through September 1981, because of a state law which went into effect in 1979 that stated that cities must hire a tax assessor-collector at a salary of about \$14,000 per year to collect those taxes. Property taxes would have been assessed at about \$16,000 that year. Cities were allowed to forego collecting taxes under that law and Rising Star did just that.

With the implementation of the new centralized appraisal system of taxing properties at market value, the City con-

tracted with the Rising Star Independent School District to collect City taxes and in October, 1981, taxes were again a source of revenue for the City.

For several years inflation has caused City expenses to escalate, with the rise in natural gas rates being the most severe blow. The City took action to lower the gas expenses by replacing the old lines which were losing at least 65% of the gas. The large debt to the gas company was being effectively reduced after the new line were installed. Dynamic Products began charging an interest rate of 18% annually about two years ago; they later reduced this to 6%.

A recent large and unexpected expense make further repairs

on the water tower. Previous repairs had been made with fiberglass, which was recently found to be dangerous to the health. That necessitated \$28,000 of repairs to the water tower in March, 1982, which was paid from the general fund rather than the utility fund.

The utility fund also experienced a recent large and unexpected expense when the City received a bill for \$24,000 from the transporter of natural gas, Odessa Natural.

Although expenses have gone up annually, the City Council has been reluctant to raise utility rates. Gas, water and sewer rates were raised in 1978 and were not raised again until March 1982, when the gas rate was in-

In loving memory of Leonard Harris who passed away two years ago:
There is someone who misses you sadly and finds the time long since you went. There is someone who thinks of you always and tries to be brave and content. Gone is the face we loved so dear; silent is the voice we loved to hear. 'Tis sad but true; we wonder why the best are always the first to die. Sadly missed by his wife and children.

George Steel Re-Elected

Upper Lion SWCD Re-elects George Steel to Board

George Steel of Rising Star was re-elected to the Upper Leon SWCD board of directors October 14, 1982. Steel represents Zone four of the district (the western half of Eastland County.)

The purpose of the Soil and Water Conservation District is to promote sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters.

The board of directors coordinates the conservation efforts of various local, state, and federal agencies with other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

In Texas there are 200 soil and water conservation districts. Each is a legal subdivision of state government organized by local agricultural landowners. All conservation programs managed by the districts are of a voluntary nature to the landowner or operator.

Other directors of the Upper Leon board are Norman Moore, Sidney; Edwin Jones, Dublin; Bill Brown, Gorman; and J.W. Sadberry, DeLeon.

Did You Know That?

The drug industry ranks in size with AT&T, General Motors, and Exxon—it's a \$50-60 billion dollar a year industry.

The United States spends as much money on marijuana—\$40 billion—as is spent on imported oil.

Reaction time for the motor skills, such as driving, is reduced by 41% after smoking one joint, by 63% after smoking two joints.

32% of our 14-15 year olds have tried marijuana; 51% of our 16-17 year olds have tried it; 68% of our 18-25 year olds have tried it.

The drug paraphenalia business is a \$3 billion a year industry.

4-H Food & Nutrition Projects Begun

The 1982 4-H Foods & Nutrition Projects are underway. 4-Hers will meet with project groups in their own clubs, attend a countywide bread fair on Monday, October 25, and compete in the county food show on November 20.

To complete a foods and nutrition project each 4-Her must complete at least one entry, thirty minute learning experience in each of the following areas:

1. Nutrition
2. Food Buying
3. Meal Planning
4. Food Preparation
5. Food Safety
6. Social & Cultural Roles

The 4-H Foods & Nutrition projects are one of the most rewarding and enjoyable projects. Not only do 4-H members learn useful information for everyday living, they also feel a sense of accomplishment when they can prepare the family meal. 4-Hers are rewarded for their accomplishments at the county, district, and state food shows.

If you would like to take part in a 4-H Foods & Nutrition Project contact your local 4-H Club or Christy Fuqua, County Extension Agent at 629-2222.

Ex-student Board Says Thanks

On behalf of the Permanent Board of Directors and the officers of the Rising Star Ex-student Association, may I express our sincere appreciation to everyone who had any part in the 1982 Homecoming, those who attended or were on the program.

Thanks from the RSHS Ex-student Association to the faculty and students of the Rising Star schools; the PTO; to the parade chairman, announcer, judges, REACT Club, and the police force for the great parade; to the local businesses, the Eastland County Highway Department; to the Rising Star for its excellent coverage, radio stations; and to the Exes who traveled great distances (California, Wisconsin,

Michigan, Tennessee) to enjoy a day of togetherness.

Indeed, October 16, 1982, was "Returning, Rekindling, Remembering."

HONEST ANSWERS TO FAIR QUESTIONS

Our Customers Are Concerned About The Cost of Quality Electric Service, and So Are We. Here's a Sample of the Questions They're Asking and the Answers We're Giving.

Q. Why is WTU asking for a rate increase?

A. There are three related reasons: inflation, the rising cost of capital, and WTU's massive construction program. Mainly, the request is based on capital expenditures during the past year.

Q. When was the last time you raised retail electric rates?

A. WTU has had only three rate increases in its history, while it has lowered rates 14 times. The last increase was February, 1982, and it amounted to an average of just over 8 percent.

Q. Why is WTU having to raise its rates again so soon?

A. The rate relief granted to us by the cities and the Public Utility Commission of Texas last time proved inadequate. It did not keep up with the cost of additional plant, inflation and high interest rates. Our revenues have not provided an adequate rate of return.

Q. What are other utilities doing about rates?

A. Without exception, all electric utilities are having to increase their rates. Some have been filing rate cases every year. Bill comparisons reported by the Public Utility Commission of Texas show that WTU's rates are second lowest among investor-owned utilities in Texas.

Q. Why are you building a big new plant? Isn't energy use declining?

A. Energy use in WTU service area is growing. This summer our peak demand reached 994 megawatts. Our current generating capacity is 1,054 megawatts. The summer peak left us with insufficient reserve margin. We will purchase power from neighboring utilities as a stop-gap measure, but the time has come when we must expand our own generating system, if we are to continue providing service our customers are used to.

Q. What would happen if you could not get a rate increase?

A. The financial condition of our Company would deteriorate rapidly. Our credit rating would suffer. We would no longer be in position to attract capital at reasonable interest rates to finance necessary major construction. We would have to pay higher interest rates at the expense of our customers.

Commentary

by Myrtle Owen

Knowing God's Love: Ephesians 3:19, And to know the love of Christ, which passeth knowledge, that ye might be filled with all the fulness of God. To intercede effectively, you must know the great love God has for all humanity. He sends the rain on the just and the unjust. He makes the sun to rise on the evil and the good. He is kind to the unthankful and to the evil (Luke 6:35). Since the love of God is in us, and the love of God has been shed abroad in our hearts, we are to be kind like God is kind—to the unthankful and to the evil. (Whosoever Will), Jesus purchased a gift of salvation for anyone who would accept it (Eph. 2:8; Rev. 22:17). God commands all men everywhere to repent (Acts 17:30). His hand of mercy is extended to all mankind. Our intercession for all men is not so much for God to extend His mercy. This He has already done through Jesus. Our intercession is mainly to break the bondage that the devil has over men. The devil has blinded men (2 Cor. 4:3,4). We are to loose the sinner from the blindness that he may see the Light. Fasting, prayer and intercession are among the weapons of our warfare that pull down the strongholds of the enemy (2Cor. 10:4). Intercession does not change God—God never changes. Prayer does not change God. Prayer changes you and I and it changes others. Here is where intercession comes in—we are to loose the sinner from the blindness that he may see the light. If we can get people to see God as He really is, they'll want to love Him too. We are one with the great Intercessor in His ministry of reconciliation. Let's look at this Scripture (2Cor. 5:19) in the Amplified translation: It was God (personally Present) in Christ, reconciling and restoring the world to favor with Himself, not counting up and holding against (men) their trespasses (but cancelling them); and committing to us the message of recon-

ciliation of the restoration to favor. Whom did He reconcile unto Himself? The world! Who trespasses are canceled? The world's! That's what will be so terrible—people will go to hell and when they get there, they'll find out we didn't tell them the truth. We didn't tell them everything was canceled out at the Cross. The Spirit of God will convict them. Ours is the ministry of reconciliation; when we can get people to see God as He really is, they will want to love Him.

Bob Glasgow promised no new State taxes. There were none.

I promised before my first term in office that there would be no new state taxes and I upheld that promise. During my first term I supported legislation repealing the state property tax and exempting livestock, poultry and farm implements from taxation. I also sponsored legislation that would have exempted small businesses from the utility sales tax. I promise to continue this record of fiscal responsibility.

Town Meeting

(Continued from page one)

creased. One of the primary reasons for the hesitation to raise rates is the large number of elderly people in Rising Star who live on fixed incomes and have found it difficult and sometimes impossible to pay their City utilities, even before the increase in March.

Inflation, lack of tax revenue, large unexpected expenses and failure by the City Council to keep abreast of the City's expenses by raising utility rates and taxes have resulted in the City being in the financial position it is in today. Aggravating the financial problems is the delay of the 1982 tax statements being mailed, causing the City to struggle along without those revenues coming in at a time when they are sorely needed.

The tax roll for 1982 is approximately \$44,000, sales taxes will bring in about \$20,000 and franchise taxes and miscellaneous revenue will be about \$16,600, a total of approximately \$80,600. Proposed budgets for departments supported by the general fund total \$94,046, and the largest of these is the proposed budget of the police department of \$53,000, while the street department budgeted 20,600. For the fiscal year ending 6-30-82, \$30,041.66 was spent on the police department (less than the budgeted amount for that year) and \$41,400.31 was spent on

the street department (\$9,629.32 more than was budgeted). The increase in the police department is due primarily to an additional policeman being hired by the City Council.

The City Council has pared the street department budget so that only a minimum of maintenance can be carried out the rest of this fiscal year. Mayor Killion feels the police department budget must be cut in a similar manner in order to avoid a deficit in the general fund. Since the utilities fund was set up, money has been transferred from that fund to meet the expenditures of the general fund and the mayor feels this practice must come to a halt.

When word of the emergency City Council meeting began to circulate through town, strong opposition to the proposal to fire the two men on the police department arose. There was also strong opposition to hiring a man who was planning to retire from public service and who may not be physically able to carry out the duties of a police chief. One citizen, Mary Ann Underwood, began calling townspeople, and the mayor and council were also called, to meet the night of October 13, two nights after the emergency meeting, in order that the citizens might voice a protest of any immediate action to fire the policemen and

to offer help to the City Council to find a solution to the budget woes.

More than 50 persons met at City Hall to hear directly from the mayor and the council what had taken place at the emergency meeting and what the City's problems are. The mayor explained that there was no money in the general fund to meet the police payroll, due October 15.

This is not the first time the City has not had funds to meet its payrolls. This situation has occurred each summer for the past three or four years.

Offers of donations to meet the current payroll of the police department were made and a collection point was established at the Rainbow Cafe. A suggestion of pledges from citizens of the town and from rural citizens to aid the City in meeting the payroll was also made as a temporary measure to give the residents of Rising Star time to formulate suggestions for a more permanent solution to the City's financial troubles.

A committee was set up to collect donations for the payroll. Committee members are Robin Reeves, Lewis Wilkerson, Debbie Green, Mary Ann Underwood, Garry Duggan, Sybil Parker, Jack Shults and David Harris. Councilmen Doug Owen and Mark Cooksey agreed to work with the committee.

A town meeting, voted for by the City Council in its regular meeting of October 4, is scheduled for October 25 at 7 p.m. at the school gymnasium.

The City Council met again October 14 for the sole purpose of receiving the audit report for the fiscal year ended 6-30-82 from the auditor. Mayor Killion, Doug Owen and Johnny Lee were present at that meeting. Other councilmen are Mark Cooksey, Willie Vandivere and Kelsey (Pete) Starks.

Since those meetings, the mayor has reiterated that the police budget must be cut and he would like to see it cut in half. Mayor Killion states very strongly that the City must balance its budget.

Many citizens, notably those who are deeply concerned with the drug trafficking in Rising Star, maintain that the City must find a way to finance a police department that will make a real effort to deal with the drug problem, a problem that was not present 20 years ago when a city marshal and a night watchman could fill the City's police needs.

On October 19 Garry Duggan, a member of the Citizens' Committee Against Crime, presented checks to Police Chief Curtis McGlothlin; citizens had donated \$1074 to pay the salaries of Rising Star's police department.

Child Welfare Board Becomes Active In Anti-Drug Drive

The Eastland County Child Welfare Board met in the County Commissioner's Court on Wednesday, October 13, to discuss its involvement with the current Eastland County Anti-drug Drive.

Judy Phaneuf, Region IV Child Placement Supervisor with headquarters in Abilene, spoke to the local board. "In our work," she said, "we have seen an increase in runaways, ages 13 through 17, who admit to the continuous use of illegal drugs. These are county and out-of-county residents who are mixing with your children."

Alice Pritchard, Eastland County Child Placement Worker, stated at the meeting that some of the children under her supervision come from families involved in illegal drugs. "It is established," she said, "that the use of these drugs usually results in the evidence of abused and neglected children."

The Eastland County Child Welfare Board functions to work with the regional and state officers to provide comprehensive community-based services for abused and neglected children. The law provides for removing children from harmful environments to healthy environments.

Board chairman Christine Reich stated, "This Board stands

behind all efforts to work against this drug threat in Eastland County, and it is committed to any cooperative effort to better the situation."

Those attending the meeting were board members H.V. O'Brien, Durel Reid, Connie Watson, Downs Seaberry, and Christine Reich, with Alice Pritchard and Judy Phaneuf also in attendance.

New Rural Fire Truck

Thursday,
October 21, 1982

(Continued From Page One)

Owen, his meeting as a City Councilman over, finished painting the tank with a spray gun. Aiding welders Jim Ratliff and Gary Wilson and painters Truett Horton and Doug Owen were Clayton Wilson, Larry Wiloth, Kenneth Smith, Willie Vandivere, Don Horton, John Bishop, James Bishop, Eugene Bishop and Lowell Bishop.

The truck represents an investment of \$2500 to \$3000 since its completion. The Rural Fire Department paid for the truck and the plate, metal for the water

tank, and the labor and minor materials and supplies were donated. The tank has a capacity of 373 gallons of water. The Board and department volunteers felt the smaller size truck could be better utilized in the countryside than a large truck such as the white International, which is used primarily for backup to the smaller trucks.

The tank was installed on the truck on the 15th and the newly completed fire truck was in the Homecoming Parade on Saturday, just over two

weeks from the time the engine on the 4x4 went out.

The Fire Department plans to combine parts of an engine they have on hand with the ailing engine of the old 4x4 rural fire truck for which parts are no longer available, to make a workable engine for the truck. They earnestly request the aid and advice of area mechanics for this project.

When that truck is again operable, the Rural Fire Department will have the use of that truck (the 4x4 with a 400 gallon tank),

the new acquisition (the GMC with a 373 gallon tank) and the white International with a 1200 gallon tank. These trucks are also used to aid neighboring volunteer fire departments when called.

The Board of Directors of the Rural Volunteer Fire Department

ment was set up to handle administrative matters and to regulate and supervise the financial transactions of the department. Board members are Kenneth Smith, Clayton Wilson, Roland Atwood, Kenneth Murdoch and Henry Burk, president of the board.

The lettering and stars on the doors of the new fire truck were painted by Teka McGlothlin, daughter of Mr. and Mrs. Curtis McGlothlin, aided by Sarah Benson, daughter of Mr. and Mrs. Charlie Benson, and James Bishop, son of Mr. and Mrs. Gene Bishop.

HPU Offers Medication Refresher Course

Medication Administration Refresher 4, an eight-hour course for medication aides working in nursing homes, will be offered by Howard Payne University's department of continuing education beginning Tuesday, November 4. The course meets the legal requirements of the state of Texas to keep medication aide certificates current to

enable aides to continue to administer medicine in nursing homes. The class meets Tuesday and Thursday afternoons for two weeks from 4 until 8 p.m. in Winebrenner Hall, Room 117. Tuition for the class is \$10. To register for the class, call the registrar's office at Howard Payne at 915-646-2502, Ext. 270.

I SHOULD'VE VOTED.

You know that's what you're going to say if your candidate doesn't win.

Mayor Proclaims Balance the Budget Week

Due to the nationwide economic circumstances and their effects on the local situation in Rising Star, I hereby proclaim the week of October 25-30 "Balance the Budget Week." I urge all those citizens in Rising Star who are concerned with the recently proposed budget, and who hold reservations against its inflationary funding proposals, to please let their feelings

be known by contacting local councilmen and by attending the town meeting October 25th. This meeting will be held at the Rising Star High School Gym at 7:00 p.m.

I feel the responsible citizens of Rising Star will and should demand a fair and economically viable budget. This worthwhile cause can be achieved if the citizens of Rising Star will voice their support.

Mayor H.L. Killion

The taxpayers of Rising Star have hardly had time to become accustomed to the new appraisal of property at market value and the 44 cent tax rate now in effect by city of Rising Star, but would a tax increase really be so damaging to the taxpayers' pocket-books?

Our senior citizens are allowed an exemption of \$20,000 on their homes and the majori-

ty would not be affected by a tax increase.

The chart below was compiled by Nan Owen, Tax Assessor-Collector for the RSISID and under contract to the City to collect City taxes.

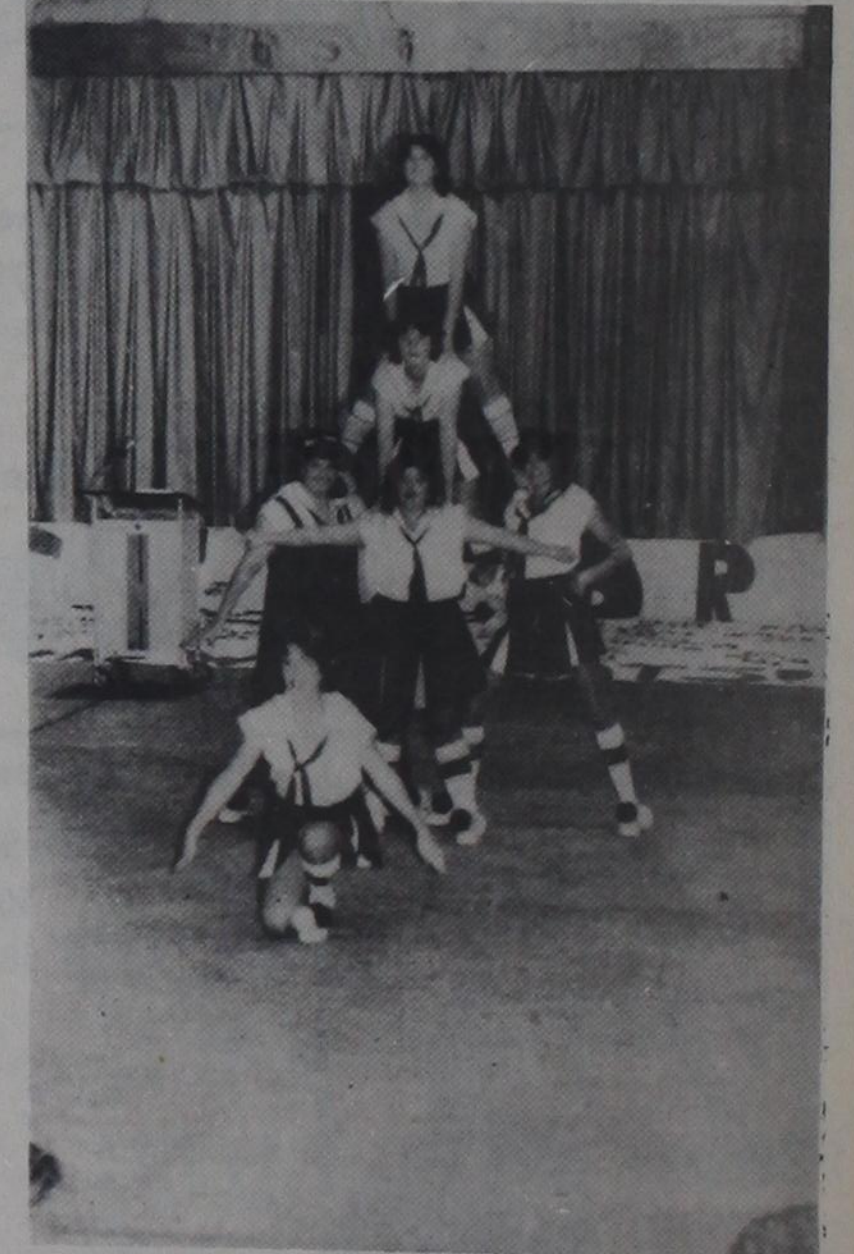

If you are the owner of a \$25,000 home, would you be able to pay \$20 more a year in taxes? That represents a tax increase of 20%, yet \$20 a year doesn't sound exorbitant.

Market Value	Tax at Current 44¢ Rate	20% Increase 52¢ Rate
10,000	44.00	52.00
15,000	66.00	78.00
20,000	88.00	104.00
25,000	110.00	130.00
30,000	132.00	156.00

net increase	55¢ Rate	increase over 44¢
8.00	55.00	11.00
12.00	82.50	16.50
16.00	110.00	22.00
20.00	137.50	27.50
24.00	165.00	33.00

City Offices Will Be Closed

Mayor H.L. Killion will be closed November 2 when the city offices at City Hall general election will be held there.

Theresa Scott and Lee Pritchard set a December wedding date.

Scott-Pritchard Engagement Announced

Mr. and Mrs. Payton Scott of Rising Star announce the engagement and approaching marriage of their daughter, Theresa, to Lee Pritchard, son of Mr. and Mrs. Jack Pritchard of Bells, Texas.

The bride-elect is a 1978 graduate of Rising Star High School and a 1982 graduate of Texas A&M University. She is employed by The

Stock Show magazine in Albany.

Her fiancé, a 1974 graduate of Bells High School and a 1978 graduate of Texas A&M University, is employed by the American Brahman Breeders Association of Houston.

A December 18 wedding is planned for 5:30 p.m. at First United Methodist Church in Rising Star.

CJC Offers School Attendance Petroleum Course

Cisco Junior College will offer "Introduction to Petroleum Engineering" in Cisco on October 26, 28, November 2 and 4 from 6:30-9:30 p.m. in the Science Hall Lecture Room. "Introduction to Petroleum Engineering" covers the fundamentals of petroleum engineering and is a non-technical course designed to familiarize a person with oilfield practices and terminology.

The instructor for the course is Robert B. Arnot, consultant engineer for W.G. Arnot, Jr. of Breckenridge. Fee for the 12 hour course is \$60.00.

This is an adult education course and all attending will receive a Certificate of Completion with Continuing Education Units. To register or for more information call Mrs. Watts at (817)442-2567, extension 113.

State law (Texas Education Code 21.035) declares that any "child not exempted from compulsory attendance may be excused for temporary absence resulting from:

Eighth Annual Poetry Contest

A \$1,000 grand prize will be awarded in the Eighth Annual Poetry Competition sponsored by World of Poetry, a quarterly newsletter for poets.

Poems of all styles and on any subject are eligible to compete for the grand prize or for 99 other cash or merchandise awards, totaling over \$10,000.

Says Contest Chairman, Joseph Mellon. "We are encouraging poetic talent of every kind, and expect our contest to produce exciting discoveries."

Rules and official entry forms are available from the World of Poetry, 2431 Stockton Blvd., Dept. G, Sacramento, California 95817.

death in the family, quarantine, weather or road condition, or any other cause acceptable to the school which the child is enrolled. The reason must be in writing and be signed by the parent.

A member of the Jewish faith shall be excused from school on the days that Rosh Hashanah and Yom Kippur are observed."

The law also states that students will be in attendance 165 days thus allowing only 10 days absence during the school year.

State law mandates

that "every child who is as much as seven years of age and not more than seventeen years of age shall be required to attend the public schools in the district of his residence." The parent is obligated to educate the child. He is obligated not only to the child but also to the State. If a parent refuses or neglects to perform such a civil obligation, he may be forced by law to do it. Because of this, free schooling furnished by the state is not so much a right granted to the pupils as a duty imposed upon their parents for the public good.

Mr. Gene Williams, Superintendent of the

Rising Star I.S.D. reports that the school district loses money each day that a student is absent from school. The amount of money received from the state and the number of teachers allotted are directly proportional to the average daily attendance in school. Last year in the Rising I.S.D. there were 2,459 students absences. If there had been 171 less absences, the school district would have received \$12,000 in additional State money, thereby lessening the need for local community dollars. There are NO EXCUSED absences in terms of money from the State. Each day a parent

allows their child to miss school to get a hair cut, take a driver's license test, go to the beauty shop, visit relatives or just stay home it costs you and this community MONEY.

The Board of Trustees and the Administration of the Rising Star Independent School District encourages parents to be aware of the dual importance of their child's attendance at school. Failing grades usually result from poor attendance and more local money must be raised to operate the school when there are excessive and unnecessary absences.

SENIOR CENTER NEWS

Thursday, October 14, twenty-six registered for our regular meeting with another delicious meal served at noon. We never know what we will have but we know it will be good and plenty of it. We believe we are all good cooks and we like to eat.

Tuesday night was the October birthday party; Rilla Richburg and Julia Ross were hostesses. They had a lovely table carrying out the autumn theme with a gold table cloth and autumn flower arrangements. Chips and dips were served along with a birthday cake baked by Julia. Those having birthdays were: LaDell Key, Zula Harris, Hazel McCollum, Earl Fussel and Jim Akins; only LaDell and Earl were able to attend.

Marion and Marjorie West are still vacationing with Marjorie's sister and nephew, Lucille and Weldon Stillwell of Ft. Worth. Traveling is no new thing for the Wests; they have been in all the states including Alaska and Hawaii, also South America, Old Mexico and Canada. We are anxious for their return as we have missed them.

Ambrose and Nell Morgan have just returned from Nashville, Tenn., where they attended the Grand Ole Opry and other places of interest.

Bea Morton visited Ft. Worth and San Francis Village. She also had company from Coleman, Agnes Alford. Margie Earp's daughter, Stella Reed,

from Odessa visited her.

Ben and Berna Lee Chick spent two days in Abilene this week to be with Ben's brother, Ed Chick, who had surgery. They reported he came through the surgery fine; we hope he has a speedy recovery.

Luella McKinnerney has finally got her car fixed; it took a while running here and there for parts but she made it. It's almost like having a broken leg not having a car, especially if you are President

of the Senior Citizens and manager of the Starbrite Band.

Luella and Berna Lee visited the Senior Citizens in De Leon this week and Luella played for the De Leon Quartet. The quartet has been to our center several times and we enjoy them very much, we hope they will visit again soon.

We have had quite a bit of expense on the bus lately but it is ready and in good shape to be "ON THE ROAD AGAIN" as we travel to Eastland

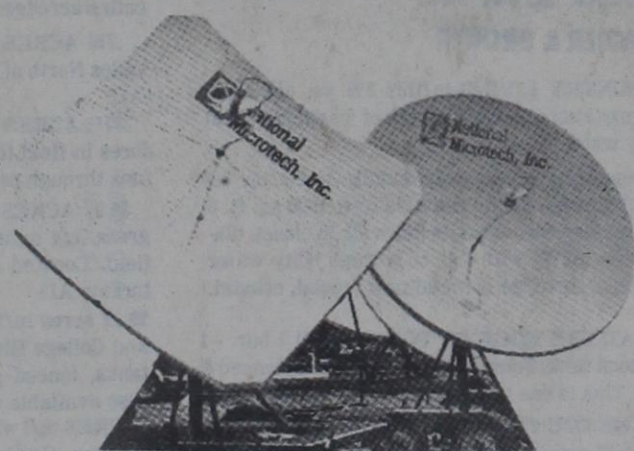

Thursday and Saturday where the band will play at the Eastland County Fair. The bus will leave for Eastland at 11:00; anyone wishing to go will be very welcomed.

The trip to Hico has been cancelled due to an accident and illnesses of some of the Hico members; a new date in November has been set.

Letter to the Editor

Over the last several weeks we have read and heard about the troubles our city is having financially and politically. We have heard detractors saying that now there is no hope; that we might as well throw in the towel and forget about things; nothing can or will save us now. For those people I have the deepest sympathy.

Many people have asked me what we should do. I have been praying about this and there comes to mind a scripture found in II Chronical 7:14. Other Spirit-filled Christians have witnessed this same passage to me in the last few days concerning the situation in our city. The passage says: "If my people, which are called by my name, should humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from Heaven, and will forgive their sin, and will heal their land." Herein I firmly believe we can find the answer to our problems.

First we need to humble ourselves. There are too many in positions of leadership who seem to act as if they are above informing the public of their decisions. There are also citizens who seem to think they are above living according to the rules and guidances of our city and are above paying for their share of city services. We must all put aside our petty selfishness and accept the fact that we are not an island in the sea. Humbling ourselves in this case means that we are not perfect in ourselves and need the guidance of God and others.

Secondly, we must pray and seek God's face. That is, we must

ask for his wisdom in order that his will could be done in our city. It also means we must abide by the decisions brought forth as they are given from God.

Thirdly we must turn from our wicked ways. Wicked ways are those which are contrary to the ways of God and decent behavior. Greed, lust and lawlessness all figure into this. If our city leaders are corruptible, then our city will suffer. If our city leaders are above reproach, then they will be able to lead effectively.

What happens if we do these things? We have God's promise of the healing of our city. But we must act first if we want God to act. I call on all concerned people to pray and act on their faith. Come out to the town meeting on October 25.

Lewis Wilkerson
Methodist pastor

We, the citizens of Rising Star, have to get involved if we want to save our city. I was one of many citizens who attended the town meeting with the city council. A lot of questions were raised with very few answers given. One of my main concerns is how we got so financially insecure without more citizens being aware of the problem. The immediate answer was NO ONE CARES. This is not true as evidenced by the attendance at last Wednesday's meeting. An INFORMED public cares. We voted for and elected a mayor and city council to manage our town. Our responsibility does not stop there. It is extremely easy to stand on the sidelines and

find fault; however, we cannot escape the fact that WE are responsible for not knowing what is happening. Let's make certain the citizens are informed. This can be accomplished by having two notices printed in the newspaper. 1. A notice before each city council meeting informing the citizens of the date, time, and agenda planned. 2. A copy of the actual minutes of the council meeting printed in the newspaper. This was done last week and gave many citizens, like myself, who do not have the opportunity to go to city hall and read the posted minutes, a chance to be informed. If this was the rule and these two notices were printed maybe more citizens would respond. If not maybe the answer given was true and no one cares. I am asking the council and mayor to give us a chance to care by printing these notices and keeping us, the citizens, informed.

My second concern is what can be done to correct the "mess" our city is financially. This was discussed at Wednesday's meeting. The city must increase revenues by either raising taxes, increasing utilities, or selling our present gas system to an individual and letting the individual raise utilities. The alternative mentioned was declaring bankruptcy. Obviously there is no magical solution. We, the citizens of Rising Star, are faced with decisions that will affect everyone. Do we want our mayor and city council to decide the issues for us or do we become involved and help them reach the best decisions possible? I vote for involvement.

My third concern is how much of what I have heard is fact and how much is rumour?

The only way to find out is involvement. Ask questions, listen to both sides, and make an independent conclusion based on factual answers. I will be seeking the answers to the following questions before the next town meeting October 25.

1. How did the city get so far behind on finances?

2. Why did the city administration wait so long before informing the citizens of our financial crisis?

3. If in fact our expenditures equal more

than our revenues, what action is being taken to correct this?

4. Will eliminating the present police force be the wisest expenditure cut or are there other expenditures that may also be reduced?

5. Does Rising Star need two full-time law enforcement officers or would one be enough?

6. Does Rising Star need two full-time and one part-time employee for reading meters and maintenance or could

we possibly manage with less?

7. Does Rising Star need one full-time secretary or administrator, one part-time book-keeper, one city tax assessor, and a computer billing system when until recently all this was done by one full-time secretary and one part-time book-keeper without the aid of a tax assessor or computer billing system?

8. Could volunteer labor be utilized in the office and maintenance areas to

help reduce expenditures until the city is able rebound from our present financial crisis?

9. Would it be feasible to extend our present city limits to include all businesses and homes currently using city utilities and therefore increase city revenues?

10. Where can the city administration make the most efficient budget cuts?

These are a few of my questions. The answers may not be pleasant, but I am in-

involved! I am not seeking to embarrass, harass, or criticize anyone. We all have a right to be concerned because we, the citizens, are Rising Star. Let's help our elected city officials make Rising Star solvent by asking questions, not choosing "sides" but seeking solutions, and offering our support. Will your please get involved before it's too late? Attend the city meeting, October 25, and help make Rising Star a city with a future.

ONE concerned citizen,
Debra Jean Green

If you're concerned about rising grocery costs, here's something you can do about it.

On November 2, you can make a positive step toward helping hold the line on rising grocery costs.

Proposition 3, one of six proposed Constitutional Amendments which will be offered on the ballot, would correct the tax exemption for agricultural machinery and equipment. The effect of passage of this amendment will be to lower production costs for food and fiber. In the long run, this will be a positive step we can take to help hold the line on grocery price increases.

For you and for your family, both now and especially in the future, this may be one of the most important votes you'll ever cast.

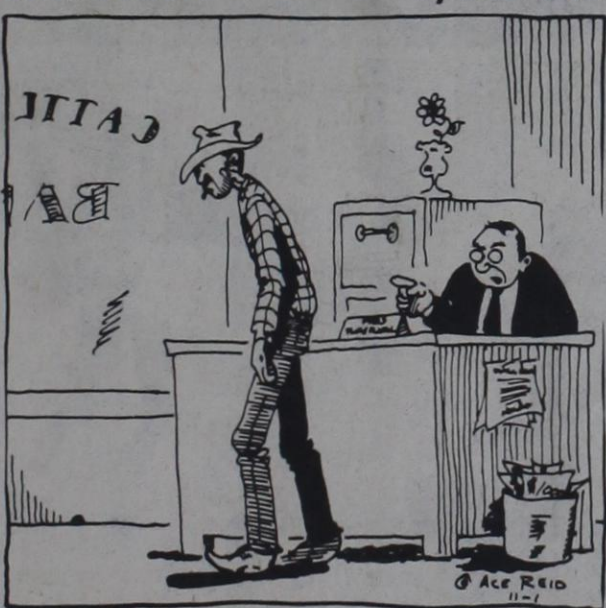

VOTE FOR 3.

 1952 and a member of the 1948-49 winning football teams. James Pringle of the class of '32 also spoke on the spirit of R.S.H.S. and what it means to a 50 year grad to come home and see the teams.
 The parade winners were announced: Outstanding business entry, Chambers Grocery; Outstanding organization entry, Junior High

cheerleaders; Outstanding class entry, fourth grade. The Seniors took first place with their signs in the gym and the Sophomores second; the Srs. won the window decorating contest and the Jr. class took second place. David Harris announced the cheerleader of the week, Rebecca Owen. Six SPIRIT STICKS were awarded at the pep rally to: the

class of '82, the Jr. High pep squad, the Joyce brothers gang, the class of '32, Shannon Childers and the R.S.H.S. Blue Brigade Band.
 Coach Jack Gray introduced the high school football team and then introduced Coach Pete Stone. Coach Stone introduced the Jr. high ball team. Our band seems to be much better this year with a very good

performance for the pep rally, and the twirlers and the drill team gave very good performances too. It seemed only a few minutes went by before it was time for the game to start.
The Football Game
 There was a pregame program for the exes and fans with the band, Jr. high drill team and the students from grade school

leading the Pledge of Allegiance and the National Anthem.
 The Wildcats gave the exes their money's worth with a very good game against Lometa, although one fumble and some penalties held the score down. The team looked a lot sharper than in the past games with Sam Scott teaming up with Bryan Switzer on several passes and Paul Thornton, David

Cooper and Jaral Pannell doing lots of good running, blocking and tackling. The Cats held Lometa to less than 100 yards while they amassed almost 200 yards to come up with a 7-0 victory. The game was very close and could have gone either way until the last minute or so; the Wildcats to outclass Lometa but did not dominate them. If the team continues to im-

prove we could scare several of the teams we still have to play if not upset them.
 Highlights of the day included the halftime activities. The Lometa drill team performed a routine and the Rising Star Blue Brigade Band gave a very good performance under the field direction of Leslie Alford and Jamie Long. The band performed the Pink Panther with soloist Gretchen Willams on the bells and Leslie Alford on the flute.
 Co-captains of the football team: Paul

Thornton, Bryan Switzer, Tod Herring and Randy Guidry presented Melanie Ratliff, football sweetheart, with a bouquet of roses and crowned her with a football helmet.
 The Coming-Home King and Queen, Charles Rutherford and Naomi McBeth Fisher, were presented to a large homecoming crowd and the Queen received a bouquet of yellow flowers.
 The 1982 Homecoming was truly a time of "Returning, Rekindling, Remembering."
