## Through The Editor's Specs

By SAB

At this season of the year when we come, by tradition, not by real penitence, to count our many blessings, there are some things I wish we weren't blessed with.

To name a couple:

television commercial that effervesces with the hypocrisy of wanting to give away money. To watch those clowns you'd think they had a secret passage to the U. S. mint and all they want in return for shovelling out the green is your love and affection.

The business of signing your name to a note is a serious and responsible business and any one who ventures through that "friendly door" in the prospect that he will get the red carpet treatment and a ticket to unlimited cash is almost certain to find that behind a facade of friendship the process of extracting thirty to forty per cent interest on the money loaned—with collateral you can bet your pajama buttons—is a grim and unsmiling business.

It may be advertising, but is it moral? I think it's shameful, and an insult to the intelligence of the viewer.

Less broken bottles and beer cans on our highways.

You can drive hardly a mile on any highway nowadays without seeing a dozen or so whiskey bottles, beer cans, cold drink bottles and other rubbish wantonly tossed from cars. Driving to Cross Plains Monday I noticed that the esplanade—or whatever you call that divider between the two lanes of Highway 36 on the hill where the Williams Farm-to Market road takes off south—was very nearly covered with broken coke bottles and other debris.

A lot of times this debris is not even thrown in the barrow ditch, but pitched out on the pavement.

Texas has the best highways in the nation, efficiently and attractively designed and built. A modern highway is a thing of beauty as well as utility, something to be proud of. It is saddening to see our Texas roads, built with such care and at such great expense, desecrated in this fashion. It is not only unsightly, but extremely dangerous. Imagine what can happen to a car which might strike one of these bottles. The razor-sharp glass can shred the best tire. Worse, imagine what could happen to a person thrown upon such a broken bottle in an accident. It gives you the shudders.

For all that we have to be thankful about there is still much that remains to be improved. I suppose we should be thankful for problems; they keep us alert and creative, and without something to challenge us we should probably sink into a coma of do-nothingness.

Which is exactly what I hope to do for a part of this Thanksgiving week-end. If you find the door locked in the middle of the day, we'll be back—but not right then.

Have a good, safe Holiday. Go to the game Thursday and help the Wildcats win.

I had planned to publish a large picture of the Wildcat squad on the page advertising the bi-district game in this issue. But, unfortunately, the picture, mailed to the engraver Sunday, went astray in the mails. So we had to use another and older cut. I hope the Wildcats have better luck Thursday.

## Dr. Schmitt, to Leave, Urges Hospital Support

Shortly before leaving on a Thanksgiving holiday visit to relatives in New Mexico, Dr. Allen Dean Schmitt announced that he plans to discontinue practice in Rising Star and to associate himself with Dr. Dan B. Whitehead in a joint practice at Carrollton, Tex.

Dr. Schmitt, his wife, Clara Mae, and their two daughters, Harriett and Sara, were to leave Wednesday to spend the Thanksgiving holidays with Mrs. Schmitt's sister, Mrs. Robert Millen in Roswell, N. M. They were to return Saturday, Nov. 28. Mrs. F. L. Schmitt, the doctor's mother, will also visit with the group in New Mexico. Dr. Charles B. Wright at Rising Star Hospital has agreed to care for Dr. Schmitt's patients requiring service over the holidays.

Dr. and Mrs. Schmitt will attend a post-graduate seminar to be held in Dallas on December 4 and 5. This seminar will be conducted by the Texas State Department of Health in conjunction with the Texas Association of Osteopathic Physicians and Surgeons.

After returning from the Dallas seminar, Dr. Schmitt will conduct an active practice in Rising Star until Dec. 15 after which he will have only a part-time practice until January 1, at which time he plans to discontinue all practice in the immediate area.

On or soon after the first of the year, Dr. Schmitt announced, he will establish in Carrollton, Tex., a joint practice with Dr. Dan B. Whitehead whom many people in this area may recall as the chief surgeon of Rising Star Hospital while Dr. Schmitt conducted the hospital. This joint practice is to be expanded into a five-doctor clinic-hospital unit which will eventually be designated as the Trinity Medical Center. Construction will require approximately 11 months for the entire unit.

Dr. Schmitt urged support of Rising Star Hospital under its new operation and management. "I would personally appreciate the full support of the City of Rising Star and immediate area of Dr. Charles B. Wright and Mr. Jack Parker, administrator of Rising Star Hospital," he said. "Dr. Wright is a capable physician and surgeon and well able to treat medical prob-

lems as well as major surgical problems and this community is exceptionally fortunate to acquire his services. Mr. Parker, on the other hand, is equally well skilled in the overall hospital management skills. He can and will be a major asset in coordinating hospital facilities with the economy of the community and thus will be of great value to all. In other words every community must have hospital facilities in order to do well, and this facility can be maintained only by a well-coordinated community effort. Use the doctor of YOUR choosing in the hospital of YOUR community.

"Your hospital has gained higher achievement now than at any time since its inception and Mrs. Schmitt and I are pleased to have had our part in this progress. Continued community support will not just maintain this status, but will perpetuate its progress. For the privilege that we have had we are proud and grateful."

## Nimrod 4-H Girl Gold Star Winner

Ruby Wende of Nimrod and Bobby Williams of Gorman have been named as the Eastland County Gold Star 4-H Club girl and boy according to Miss Delmella Dunn and Bill McCutchen, Assistant Extension Agents.

Ruby, daughter of Mr. and Mrs. Herbert Wende and Bobby, son of Mr. and Mrs. Ray Williams were honored at a banquet at Tarleton College last Saturday night along with the gold star winners from 19 other counties.

They will receive their Gold Star pins at the annual Eastland County 4-H Club Awards Banquet in the cafeteria of the new Eastland Elementary School this Saturday, November 21.

The gold star awards are annually presented as the highest county award by the A & M University Extension Service. Ruby has been in 4-H Club work for eight years. Her projects have been foods and clothing. She is a senior of Cisco High School.

## CofC Santa Party Set For Dec. 22

The annual Rising Star Chamber of Commerce Christmas party for the children of the Rising Star area will be held on Tuesday, December 22, it was decided at the meeting of the Chamber of Commerce members Tuesday.

The party will be held in front of the American Legion hall on South Main beginning about 6:30 p. m.

Old Santa will be present and distribute gifts of candy, fruits and nuts.

Fuller details of the program will appear in next week's issue of the Record.

Mrs. Walter Chambers and her mother, Mrs. A. M. Bowden of Georgetown were in May, recently, and while here sold the Bowden home to Mr. and Mrs. Willard of Lubbock.

## HOSPITAL NEWS

**ADMISSIONS** — Mrs. Andrew Griffin, Danel Mungula, Mrs. Mary Densman, and Mrs. Kermit Croft, Rising Star; Mrs. Ora White, May; Mrs. Bernice Breeding, Mrs. Tok Whitney and Mrs. Ladora Allen, Cross Plains; Mrs. J. C. Medford, Carbon; Mrs. Betty Parker, Comanche, and Mrs. Harry Dunlap, Abilene.

**DISMISSALS** — George Densman, Silas White, Mrs. Edna Allen, Mrs. Roberta White and Mrs. Elizabeth Holt, May; Mrs. Willie Allen, Mrs. Mary Nix, Mrs. Andrew Griffin, Mrs. Mary Looney, Rising Star; Mrs. Margie Lancaster, Midkiff; Mrs. Marie Cleveland, Mrs. Betty Parker, Comanche; Mr. Harry Dunlap, Abilene; Mrs. Bernice Breeding and Mrs. Ladora Allen, Cross Plains.

**NEW BORN**—Baby girl, Sandra Rene Allen, Nov. 21, 1964, to Mr. and Mrs. Jerry Bob Allen, wt. 8 lb., 2 oz., Dr. Semeniuk;

Baby boy, Johnny Elgean Croft, Nov. 24, 1964, to Mr. and Mrs. Kermit Elgean Croft, wt. 7 lb., 5 oz., Dr. Semeniuk.

## Cancer Fund Will Conduct Own Drive

Mrs. A. Louise Weber, chairman of the Cancer Fund drive pointed out this week that the Cancer Fund, contrary to the story published in the Record a few issues ago, will not be included in the United Fund.

The Cancer Society does not connect itself with any other organization, Mrs. Weber said. The women of the Saturday Club will, as in past years, collect for the fund next April.

## Rising Star Men On Alpine Hunting Trip

Bill Tyler and Jack Jackson to leave Wednesday to join a group of men from Cisco and Abilene on their annual deer hunting trip to the Alpine mule deer hunting area of Southwest Texas. They will be accompanied by John Thomas of Midland, son-in-law of Mr. and Mrs. Tyler; and Mr. Thomas' son, Bobby, 15, who will be seeking his first deer. Mrs. Thomas and their other two children, will spend the Thanksgiving holidays here with Mrs. Tyler.

## Tot Drowned Sunday In Rain-Filled Hole

Mr. and Mrs. Guy McDonald went to Lubbock Monday to attend funeral services for a two-year old great-granddaughter, who drowned Sunday while at play in the yard of her home.

The tot, daughter of Mr. and Mrs. Joe McDonald, fell into a hole which had been dug for a basketball standard and which had filled during a shower.

The Lubbock Fire department made an heroic effort to revive the tot, but failed to do so. Mrs. George Payne is the maternal great-grandmother; and Mr. and Mrs. Loran McDonald of Lubbock are the grandparents.

## Junior High Cagers Split With May Teams

The Junior High basketball teams split a twin bill with the May Junior High teams Monday night at May gym. The boys lost 27 to 23 and the girls won 40 to 35.

The May teams will come to Rising Star next Monday night for return games. Play begins at 6:30

## Game Called At 2 P. M. At High School Field

The Rising Star Wildcats of District 21-B and the Eden Bulldogs of District 22-B will meet at Rising Star Thursday, Sept. 26, Thanksgiving Day—at 2 p. m. to decide the football championship of the Interscholastic League bi-district for 1964. The Bulldogs rule favorites in the clash, but the Wildcats are admittedly capable of an upset.

The Wildcats earned the right to represent their district with a convincing 19-0 defeat of the favored Gorman Panthers at the local field Friday night, while the Bulldogs were cinching their district title by defeating Lometa.

The Bulldogs have a 4-0 record in district play and an overall season record of nine and one loss.

The Wildcats, on the other

## Brother of Mrs. J. W. Morris Dies; Burial at Gorman

GORMAN—Burt Ray Kent Sr., 76, of Gorman died Wednesday after an illness of 11 years. He passed away in the Blackwell Hospital at 4 a. m.

Funeral services were held Friday at 2 p. m. in the First Methodist Church of Gorman with Rev. B. C. Huddleston, pastor officiating, assisted by Audy Moore of the Church of Christ. Burial was in the Oakland Cemetery.

Mr. Kent was born July 3, 1888 near Rising Star. He was a World War I veteran and married Ada Florence Bohanon on Oct. 13, 1927, in Carbon. Before moving to Gorman in 1951, they lived in the Indian Mountains community.

He is survived by his wife; one daughter, Mrs. Twila Wallace of Gorman; three sons, Billy of the armed forces in Germany, Leroy of Ranger and Burt Ray Jr. of Olden; four sisters, Mrs. J. W. Richardson of North Dakota, Mrs. Hattie Sims of Fort Worth, Mrs. J. W. Morris of Rising Star and Mrs. Mamie Phillips of Meridian; two brothers, Charlie of Cross Plains and Ben of Temple; and seven grandchildren.

## Public Invited To Long Branch Singing Sunday

The regular fifth Sunday singing will be held at Long Branch from 2 to 4 p. m., Sunday, Nov. 29, it was announced this week by Henry Carter. The public is invited.

hand, have a 3-1 district record and a season record of six wins, two ties and two losses. The district loss was a listless 13-6 defeat at the hands of the Blanket Tigers, a team which was soundly trounced by May and defeated handily by the Gorman team. The other loss was to the strong Class A Ranger Bulldogs.

The Eden Bulldogs have a strong line, a light, fast backfield ably general by a quarterback, who passes well and handles the ball with admirable deception. The line is about on par with the Wildcat forward wall.

The Wildcats will go into the game in good physical condition except for one player, their star kicker and guard, Frazier Clark who suffered a shoulder re-injury in a driving tackle during the Gorman game. Coach Weldon Hill said that Clark will probably suit out and may be used in some kicking opportunities Thursday, but otherwise he would not play.

The remainder of the boys suffered only muscle cramps due to the cold weather last Friday night and are in good physical shape.

Representatives of the two schools met at Coleman Saturday and agreed on a time and site. Supt. Sam Jones and Coach Weldon Hill and Frank Gray represented Rising Star. The Eden contingent included their superintendent, the coaches and two of the trustees of the school.

Eden wanted to play on Thursday but Rising Star would have preferred a later date. Rising Star agreed to the Thanksgiving afternoon setting in return for having the game located here.

The game will start at 2 p. m. and admission prices of \$1.50 for adults and .50 for children will be charged.

Mr. and Mrs. Larry Parson of Fort Worth spent the weekend here with his grandfather, Leonard Harris and wife.

High School for 1964-65

## SIX WEEKS' TESTS OK IF USED FOR PURPOSES

Six weeks' tests are now over, and report cards will soon be coming out like the thud of a guillotine blade. There are several unseen advantages to the six weeks' horrors, of which most students are unaware.

First, those who were sure they should have dropped the course will be doubly reassured of this fact now. Those who find their grades below their expectations will probably be able to continue letting them fall down the next six weeks. Those who came out of the tests with a good report probably do not need to have such reassurance in the first place.

The idea behind the tests and the report cards is that the student will now try to do better. Many students take a rebellious attitude toward these reports rather than a constructive one. All one can really do about a bad report is take it in his stride even though that stride has been crippled by bad grades to slow crawl.

The common attitude about poor scholarship is to examine oneself and try to change any deficiencies that led to the poor grades; however, most students are unable to recognize faults within themselves. Given a certain amount of intelligence, and that is assuming a lot for some people, all that a student needs to pass a course is discipline and perseverance. Good study habits will then take care of themselves.

We are now working on another six weeks' period after the necessary passing out of report cards. This is the time for each student to decide to bring those grades up the their proper place—don't wait until the next tests.

Editor

## "KNOWLEDGE COMES, BUT WISDOM LINGERS."

Wow! This has almost been like "Dead Week" on college campuses, which precedes examination week!

The exams seem to be harder than usual this time, but most

Columnar Pads at the Record

of the seniors seem to have come out quite well.

We were all disappointed over the postponement of the bonfire but the banquet made up for it! Everyone agrees it is the best one yet! The cheerleaders and sponsor did a real good job and deserve congratulations.

We have basketball season starting now and we urge all the students and adults to come and give them your support.

This week is being out short for Thanksgiving and the seniors all wish you a happy one.

## "LIVE AND LEARN"

Hello, Readers! The cheerleaders deserve a big THANK YOU from the football boys. The banquet was very nice. The spirit all last week was the best. It was highlighted by an exciting but cold game with the Gorman Panthers and climaxed by the annual football banquet.

My congratulations go to the 1964-65 Wildcats on a very rewarding season. We will miss those who will never play again and will be looking forward to seeing those who will be back for another season.

After seeing report cards both bad and good, we have all decided that improvement could and should be made.

Basketball season is in full swing with a game played Tuesday. From observing that game, it appears the Wildcats will have another winning team.

With all of us out for the Thanksgiving holidays, we want to wish those traveling a safe journey to your homes.

Until next week  
Marcia

## BUILDERS OF TOMORROW

The Biology class is studying the tenth phyla of the animal kingdom and has recorded the characteristics in our notes. We have gone into chapter ten in World History and are drawing on modern times: the first chapter dealt with the Old Stone Age in 25,000 B. C. so I would say we have made considerable progress in thirteen weeks. Safety precautions have

been the subject for discussion in Health Class; we have studied guides for pedestrians, drivers and swimmers, and read of methods to avoid burns and accidents with firearms. We have also had a lesson in aiding a victim in case of emergency. The Sophomore English class has begun studying "Silas Marner"; those who did not write on "Julius Caesar" will be writing term themes on this novel.

We girls have worked hard in basketball these past weeks with drills, conditioning, and very little scrimmaging. The boys started working out Monday in the gym.

R. R. did you become discouraged?

M. R. better keep your nose out of things from now on.

Karen

## NOT FINISHED, JUST BEGUN

We are enjoying Thanksgiving holidays, Thursday, and Friday. I hope everyone realizes the true meaning of Thanksgiving and what it meant to the pioneers that second winter in America.

We have our report cards for the second six weeks. The time just seems to fly by until test time!

In Algebra I we are studying a chapter on equations, problem solving, and inequalities. Our test was Wednesday of last week.

The Ag I boys went on a field trip north of Pioneer to a greenhouse project. We saw the raising of tomatoes and lettuce in a greenhouse of one acre.

In biology, we are studying the kingdom of animals from the simplest form. Our last dissection was on the frog in which we found its most well developed systems.

Did you let the cat out of the bag, D. M.?

I thought you were a dependable friend, B. T.

James Gerhardt

## FROM THE WILDCAT DEN

It looks like the old football season has once more come to an end. I am sure that everyone will agree that this football season has really been a great and thrilling one. Surely every fan would say he has really enjoyed it.

The great tribute this year can certainly be given to those guys and coaches who make up the "Wildcats." They've really done a fine job in providing their ability out there on the football field. I am sure the "Cats" contribute their success this year not only to themselves but to those two great coaches, Mr. Hill and Mr. Gray.

Others you can thank for a

OFFICE SUPPLIES  
AT THE RECORD

wonderful season are the cheer leaders and all of you fans who have done a fine job of backing all year. A special thanks for a great job goes to those men who make up the Quarterback Club.

That's all for this week  
Reporter  
Franz

## DO RE MI

The marching band went to Stephenville on Saturday, November 21. We marched in a parade in which we were judged then we went to the ball game and played at the half.

Since marching is over, we will begin on our Christmas concert, which will be given in December.

The Combo has been practicing a lot lately; they are doing a very good job; we hope they will give a program later in the year.

Trudi

## F. F. A. NEWS

We Ag boys are still working on parliamentary procedure. Most of us have found that we really need some reviewing on the procedures used in a meeting. The junior chapter conducting team has already been selected. Also the Ag I class will enter the Greenhand Quiz (only three boys are allowed on this team).

In the Ag III class, the officers' positions are still being competed for (believe me, some of those boys present real stiff competition.) The contests at Stephenville are only a little over a week away. Happy Thanksgiving!

Dick Goldston

## WILDCATS SURPRISE PANTHERS 19-0

The inspired Wildcats certainly took those Panthers apart last Friday night. The Wildcats played the very best game of the year that night and we are now the new District Champs! If you missed that game, you surely did miss a good one. We want you to be sure to come to the Wildcat Stadium today Thursday, at 2:00, where we play Eden for bi-district. It is a great day for a ball game so we will see you at 2:00.

Our football banquet turned out to be a great success! Every one enjoyed the meal, the speeches, the film, and especially the combo that played for us; it is a portion of our stage band—all seniors—I might add. Our theme was Autumn Leaves; dedicated to our Fighting Wildcats.

A All of  
U Us realize

T That these are our  
U Utmost  
M Memories which we  
N Now so sadly  
L Leave with

way. What's the good word  
Sharolyn

## MEMORIES

On June 7, 1964, four girls that you all know arrived at cheerleading school at C.I.C. You can bet that these girls were the best behaved of the girls there. Just in case you cannot guess who they were—the first was Sandy Warlick; she was homesick for her prize steers. Then there was Sharolyn Roach; she was homesick, but not for a steer. Third, there was Linda Duggan, who was having a time trying to keep her girls in line and to forget the impossible. Last there was Anna Ez-zell, and, of course, she was an angel.

The first day we rolled out of bed at 5:55, had breakfast at 7:30, and pm routines from 8:00 to 9:30. We later had competition with all the schools represented there. During our stay we won two honorable mentions, two third places, and one second place. Next came our lunch, and at 2:00 we had a lecture by David Kocak, who was a pro cheerleader for the Dallas Texans. At three o'clock we had mass yell practice where we learned fourteen new yells.

At 4:00 we enjoyed swimming; dinner was at 6:15, and at 7:15 we went back to our mass yell practice until 10:30. At 11:00—lights out! After a week of the school and a few incidents that I did not mention, we started home on June 12. As we left, we felt more like cheerleaders; we also had a better understanding and love for it. During the rest of the summer we had more practices and meetings in which we got our suits and other equipment in order.

On August 29, we had a special preview of the Wildcat Team at '64 & '65. Our Cats started the season right by defeating the Santa Anna Mountaineers-12-2. The boys showed us a great determination; even rain could not stop them that night.

September 11 rolled around and we were all ready to take the first step of the season. We sold beat ribbons which stated "Wildcats Skin the Mavericks." The Cats really did get the message; the Eastland Mavericks

were skinned 14-13.

September 18, the R. S. Wild-cats and the Rochelle Hornets fought a bruising 0-0 tie. The game featured more offensive work than the score indicated; but it also showed the Wildcats had a great defensive team that would not give in.

Do you remember September 25—the day before Homecoming? This was the day that we had the pep rally that had nearly everyone rolling with laughter. We were surely glad that we had another chance to show the Wildcats we were behind them all the way. After school the cheerleaders started decorating the gym and finished at 10 o'clock. The next morning at 8:00 we decorated the gold Mustang for the parade. After decorating the goal posts, we went home and came back for the parade at 1:30. At 3:00 we had the most exciting, spirited pep rally in some time. Oh yes, what was that about a spirit jug, Mr. Nunnally? Later that afternoon we decorated the boys' dressing room. At 8:00 the Wildcats were ready to set the Cross Plains Buffaloes back a space. Remember Sandy's cake at the party; that was the best football field the Cats ever tasted, I'll bet.

October 3, was Homecoming at Early. Linda and I decorated the boys' dressing room. I believe that this is the time that the managers, Bob and Franz,

had a tooth ache from eating the chocolate footballs. Right, Boys!

October 9th we went to Rich-land Springs. It was a good game; they had boy cheerlead-ers. Linda remember H. C. don't you. The Wildcats tied the Coyotes in knots 16-14.

October 16. We received a friendly letter from the Ranger High Cheerleaders. We enjoyed the stadium and the nice football field.

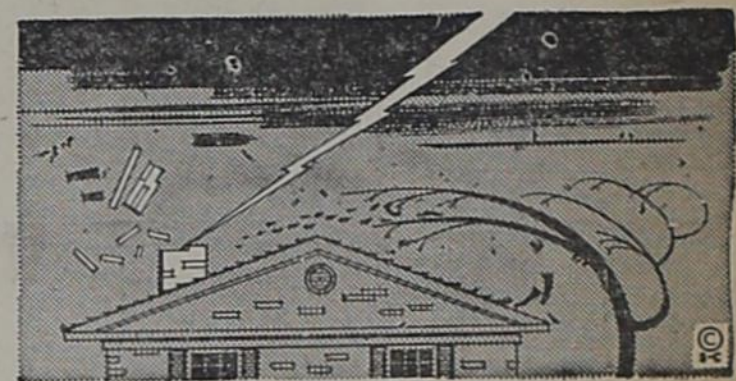

October 17. After the Wild-cats first defeat of the season they came back by defeating the Banos Dragons 9-6 in their first conference game. Sharolyn was at a wedding and missed the football game, and Sandy was showing her steers at Fort Worth and missed the pep rally, but you can be sure she was back for the game as lively as ever.

October 30. When we played May, it rained on the Wildcat field. It was not the sort that is measured in inches but in points. It also is said lightning will not strike in the same place twice—but we hope it does—right, Doug.

(Continued on Page Five)

Mr. and Mrs. Cy Hart and son, Nelson of Littlefield guests of Mr. and Mrs. Burnett of May last week. Also visited Mr. and Mrs. Sabe Hart of Brownwood.

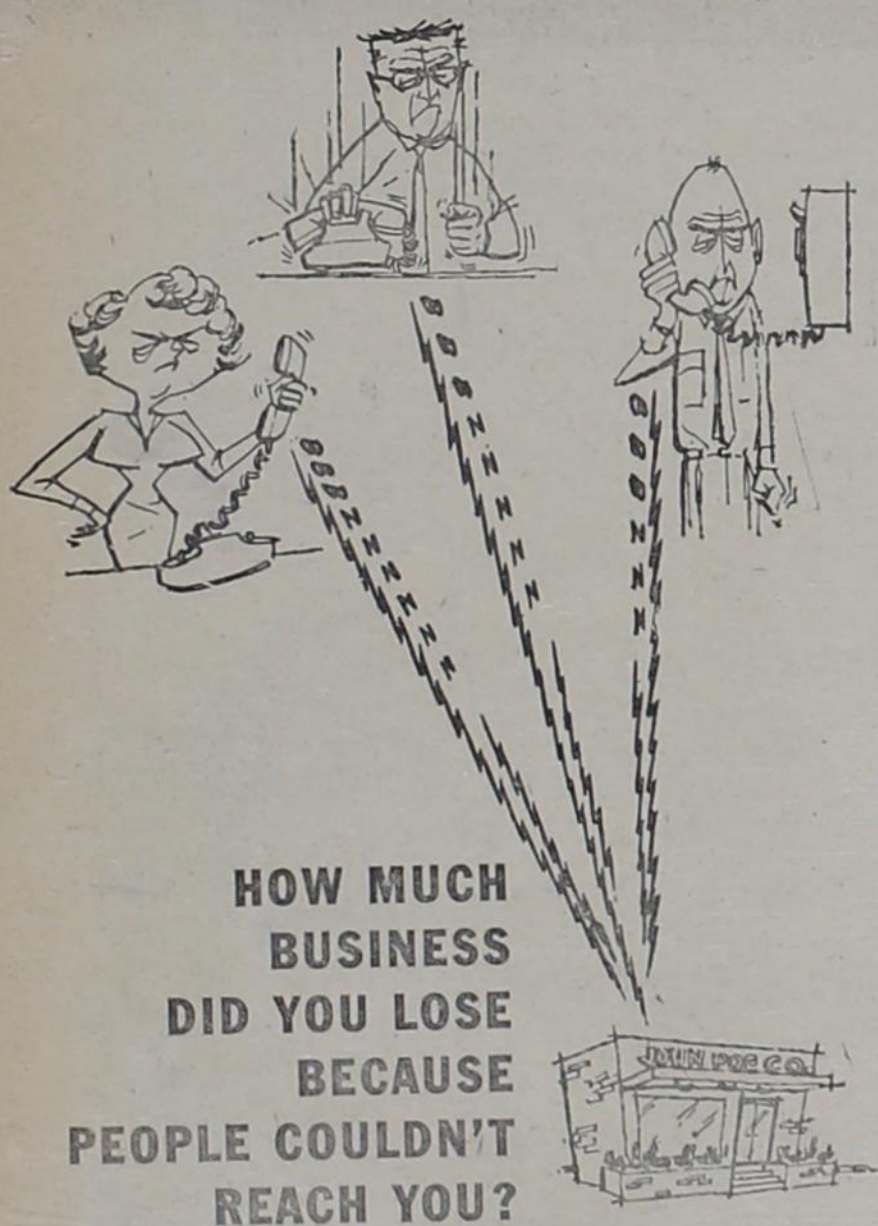

Doc Medcalf of May is a patient in a Brownwood hospital.

How to get a nice red, white and blue feeling —and pocket a little green

Buy U. S. Savings Bonds, and you can be proud of yourself twice. One, you do something good for your country. (And that can make you feel pretty good inside.) Uncle Sam makes good use of your Bond dollars to strengthen the cause of freedom. Two, you do something good for yourself. You save some of your hard-earned cash, and put it to work earning more cash. (Come maturity time, you'll get back \$4 for every \$3—guaranteed!)

Why not get started soon and feel better fast.

Quick facts about Series E Savings Bonds

- You get 33 1/2% more money at maturity (7 years, 9 months)
- You pay no state or local tax and can defer the federal tax until the Bonds are cashed
- You can get your money when you need it
- Your Bonds are replaced free if lost, destroyed or stolen

Keep freedom in your future with U.S. SAVINGS BONDS

The U. S. Government does not pay for this advertising. The Treasury Dept. thanks The Advertising Council and this newspaper for their patriotic support.

Perfect Partner for Steak

Rice Council Photo

Families in the rice producing states (Arkansas, Louisiana, Mississippi, and Texas) like big, thick, juicy steaks just as much as families in other parts of the country. But what they like to eat with their steak may differ from the steak accompaniments served elsewhere.

As you may have guessed, rice is a frequent partner for steak in the southern states which produce most of the rice used in this country. For example, Mushroom-Almond Rice, a favorite recipe from the files of a Texas homemaker, is often served with steak, and with roast beef, too. It is a savory mixture of rice cooked in beef bouillon with onion then mixed with sauteed almonds and mushrooms, and it takes lots less time to prepare than it does to broil a thick beef steak.

Indeed, families of the men who produce rice in this country like to eat rice in every conceivable way and rice is kept on hand at all times, uncooked and cooked—the latter stored in their refrigerators and home freezers. They know how easy it is to cook rice and how simple it is to reheat refrigerated and frozen rice. The magic 1-2-1 method of cooking rice, originated in the rice belt, is as follows: Combine 1 cup regular milled white rice, 2 cups water, and 1 teaspoon salt in a saucepan. Heat to boiling, stir once, cover, lower heat. Simmer 14 minutes. Do not peek. To reheat cooked rice, add 2 tablespoons liquid to each cup and cook, covered, for 4 to 5 minutes.

Mushroom Almond Rice

1 cup chopped onions  
4 tablespoons butter or margarine  
1 cup uncooked rice  
2 cups beef bouillon

1/4 teaspoon pepper  
1/2 cup sliced almonds  
1 can (4 1/2 oz.) sliced mushrooms

Cook onions in 2 tablespoons butter until tender. Add rice and continue cooking until golden. Add bouillon and pepper. Stir well. Heat to boiling. Cover pan, reduce heat and simmer 15 minutes or until liquid is absorbed. Saute almonds and mushrooms in remaining butter. When rice is tender, add almonds and mushrooms and toss lightly. Makes 6 servings.

Speaker for the Saturday Club November 18 was Mrs. J. O. Mills district president, Heart of Texas District, Federated clubs, who lives at San Angelo.

She spoke on "Democracy in Action."

Some of the advantages of membership in a Federated club she pointed out are that: Federation broadens view points and contacts.

It offers diversified interests in civic, cultural education programs; Community development and awareness of our responsibilities for a better world.

Federation provides avenue for worthwhile service. The combined force of million of women working for a common cause, demonstrates that in union there is strength.

Federation trains for leadership helps to mold public opinion, promotes friendships and understanding.

Federation strives to eliminate prejudice, bigotry and selfishness.

These and other benefits were pointed out by Mrs. J. O. Mills, who closed the meeting with a prayer for club members and officers.

The "Federation" song was in unison by the club members with Mrs. Slayden, accompanist and Mrs. Ray Nunnally, leader. Hostesses were: Mrs. George Steel and Mrs. Weldon Hill, who used the Thanksgiving Theme in decorations and refreshments. The next meeting of the club will be held on Dec. 2nd when Mrs. L. E. Dudley will bring a book review.

12 Attend Monday Meeting of WSCS

The WSCS of the First Methodist Church met in the Fellowship Hall of the church Monday afternoon, after the regular monthly luncheon, for a Spiritual Life and Business program. Mrs. J. R. Bucy presided. Mrs. Martha Sellers led the opening prayer.

Mrs. W. C. Witt gave the devotional. The group was dismissed after repeating the Lord's Prayer in unison. Twelve members were present.—Mrs. May Hill

Mrs. Troy Mitchell WMS Speaker Monday

The W.M.S. of the First Baptist church met for Bible Study on Monday, Nov. 23, at the church with Mrs. Troy Mitchell as teacher. She used the 3rd chapter of Genesis as basis for the lesson. There were eleven members present.

Wildcat Tales--

November 6. The Wildcats went to play Blanket Tigers on a rodeo ground.

November 20. The game which decided the winners of the 21B District Champions. The Wildcats played with all their heart, their mind, and ability. All in all these boys worked as a team, fighting for the Wildcats.

Now that we have looked back to September 11, it seems only yesterday when I heard someone say, "Yea, Wildcats, Skin the Mavericks" and it was yesterday that someone said, "Pickle the Panthers". But now it is only history—But history shows the RSHS Wildcats of 1964-1965 season were best ever. So, I close by saying "It's you, Big Team! Thanks a lot. Anna Ezzell

# Superb Hustle Key To Wildcat Victory

Quarterback Terry Geye, playing his final regular season game for the Wildcats, was the big gun of the Rising Star victory over Gorman Friday night—a 19-0 win which earned the Wildcats the undisputed right to represent District with the Eden Bulldogs of District 22-B here Thanksgiving afternoon.

He was ably assisted by a team that hustled from whistle to whistle, blocked well, and tackled with authority and enthusiasm. So consistent and good was the Wildcat defense that the Panthers never made a penetration during the night, advancing to the 26-yard line of the Wildcats once and late in the game. From that point they were thrown for heavy losses on third and fourth down attempts, for the remainder of the game the Wildcats kept the visitors pretty well bottled up in their own territory.

Although the two teams were about even in first downs, the Cats lost several to frequent off-side penalties, allowed the visitors one via the penalty route, gave them two more by over-

charging in their eagerness, one of them on a fourth down punt formation and gave up several others by a policy of allowing short gains while protecting against the excellent Gorman passing attack.

The Wildcats earned their victory over the Panthers with a hustling defense and an ability to capitalize on the "breaks" that their defensive efforts created.

The first two touchdowns, both scored in the second quarter, were set up by recovered fumbles. In each instance, however, the fumble was the result of Wildcat red dogging and after each recovery the Cats were able to go the distance to score.

The third touchdown, late in the fourth period, was sort of bonus handed the Rising Star team when the Panthers, with nothing to lose but more points, threw caution to the winds and passed from their own seven yard line.

Terry Geye, Rising Star's senior quarter, who played perhaps the best game of his career, scored all three of the

Rising Star touchdowns. Frazier Clark, senior guard, accounted for the additional point with a perfect place kick after the second touchdown and after the Cats had drawn a five yard penalty for too much time.

The first quarter was pretty much a standoff with neither team getting out of its own territory.

Then in the last second of the initial period, James Cox, whose defensive play was a standout feature of the evening, recovered a Gorman fumble on the Panther 31 after Gorman quarter, Daryl Hirst, rushed in a passing attempt, collided with one of his own players.

From that point the Cats drove methodically to the Gorman five with Kenny Butler and Geye the big guns of the attack. Geye went across for the initial score through his team's right tackle. The kick for point failed.

The second Rising Star touchdown was almost a repeat performance of the first.

This time it was Russell Botts who covered Hirst's fumble for Rising Star on the Gorman 4. Danny Wooley and Geye made it first and ten on the Gorman 27 and Butler added three yards. The Cats drew a five yard assessment for backfield in motion and then Rex Long completed what may have been the key play of the drive when he took Geye's pass for a first down on the Gorman 15. It was one of two completions of four attempts made by the Wildcats during the evening.

Butler, Geye and Wooley came within inches of another first in three attempts and Geye

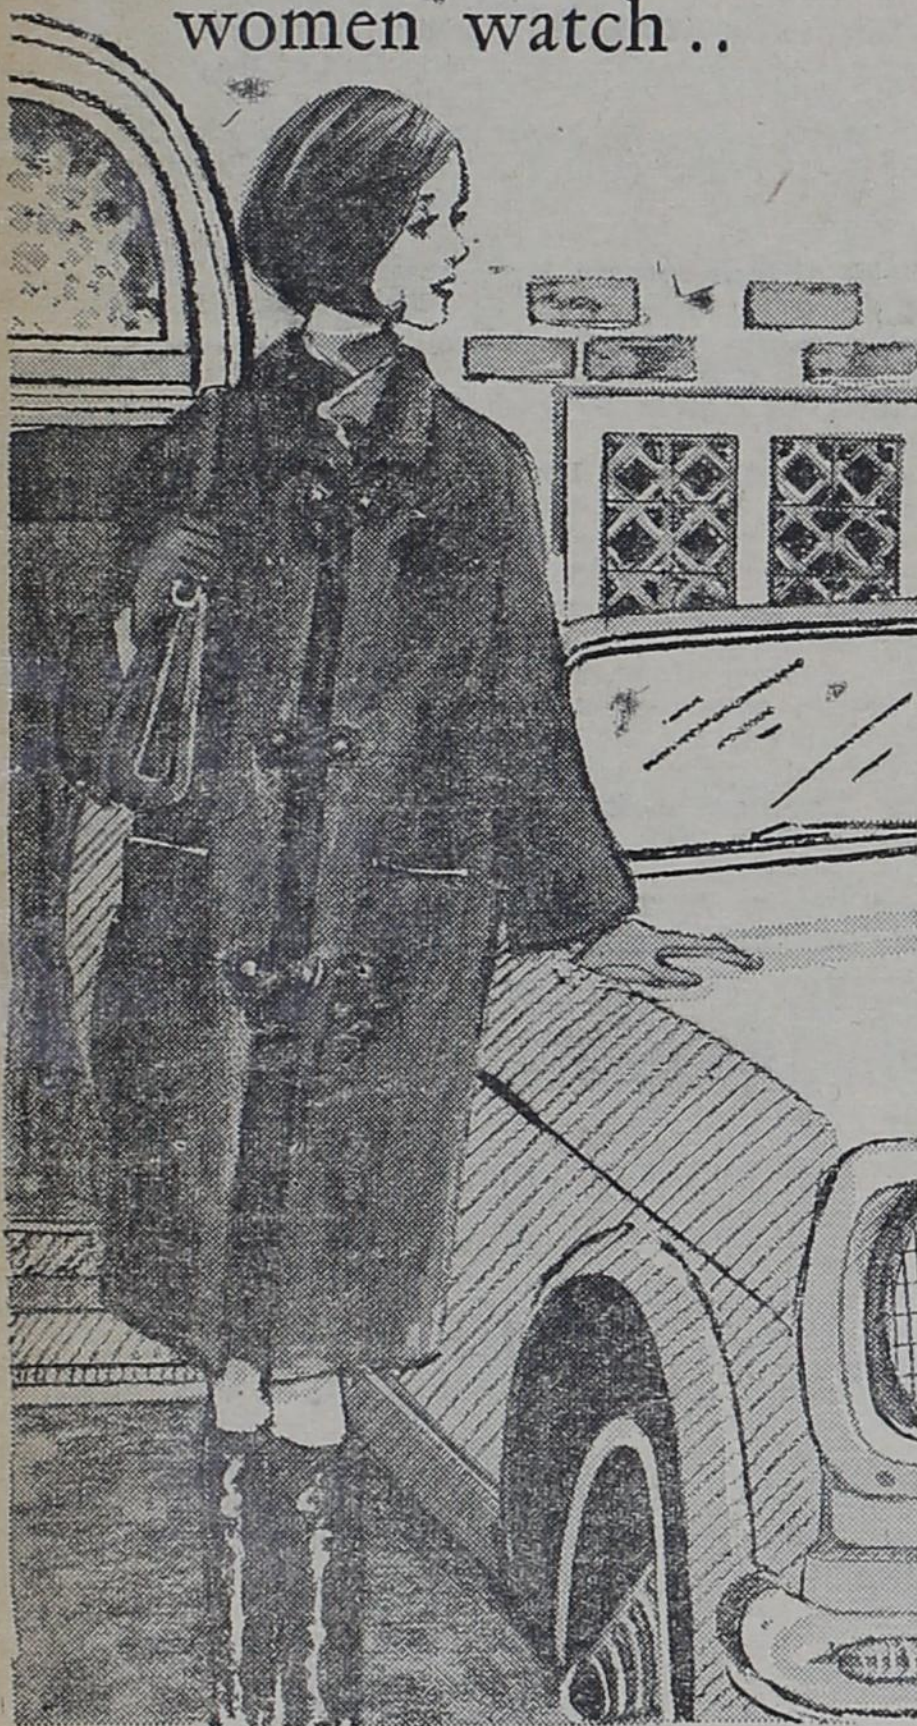

made it good for four more Wildcat plays in sneak to the five. He made the remaining distance in two drives and Clark kicked the point. It was the Wildcat's kicking star's last offensive gesture of the game, and possible of his high school career. Shortly after the kickoff he re-injured the shoulder which kept him out of most of the games during the early part of the season, and he spent the rest of the evening on the sidelines.

The remainder of the game was scoreless until the last three minutes of the fourth period when Geye stepped in front of a Gorman receiver on the Gorman 13 and took Hirst's pass to score the third Wildcat touchdown. The try for point in this instance was wide of the goal posts.

Despite some brilliant offensive gestures, the nearest the Panthers came to the Rising Star goal during the night was in the early moments of the fourth quarter when they advanced to the Wildcat 26 yard line. A determined Wildcat defense stopped the drive after Ormsby had come within a yard of another first down at that point. Larry Duggan dropped Hirst for a six-yard loss on third down, and on the fourth, the entire Wildcat line rose up to smother a running play at the line of the scrimmage on the Gorman 32, at which point the Wildcats took over.

The Wildcats suffered from frequent offside and motion penalties at critical moments, a testimony to the enthusiasm and hustle with which they played.

Here's a woman men notice...and women watch..

### About Your Health

If you're looking for something to be thankful for in these, ominous times, consider this:

Almost one-half million Texas babies were born hale and alert during the two-year period between September 1962, and August 1964. That adds up to an average of some 665 new babies per day.

For the same time period 165,160 Texans died—representing a ratio of almost three births for every death, a fact clearly worth being thankful for.

The figures are revealed in an advanced look at the State Health Department biennial report to be published.

The excess of births over deaths during the two years added some 320,000 people to Texas' population. That increase, together with the influx of newcomers now making their homes in Texas, swelled the population past the 10.3 million mark.

Since 1936, infant deaths during the first year of life have dropped from 71 per one thousand births, to less than 30 per thousand today. And during that same period, maternal deaths have been cut from 6.9 per thousand to 0.5, a substantial decrease.

The past biennium also produced these developments:

Over 12,000 people changed their names by court order during the two-year period, and amendments to their birth certificates were duly attached.

More than a quarter of a million people asked for certified copies of their birth records. Just to process these requests required almost half million trips to files which now contain more than 14 million records of births and deaths.

And finally, since marriage of the parents of an illegitimate child subsequent to its birth legitimates the child, 2,391 new birth certificates based on legitimations were prepared and filed.

If being able to prove age, citizenship and parentage isn't worth being thankful for, nothing is. (A weekly public service feature from the Division of Health Education, State Health Department.)

**OFFICE SUPPLIES AT THE RECORD**

### Proper Tagging of Game Is Important

WACO—Have you deer hunters thought about a pencil or pen and a string or some plastic tape to properly tag your deer?

Parks and Wildlife Department officials say that the first operation is to fill out the back side of the deer tag on your hunting license, punch out the date of kill and attach it securely to the game. It is the hunters' responsibility to carefully fasten tags so they may be checked as to ranch and date of the kill.

Place the filled out tag on an antlerless deer or a spike between the knee and the foot. (Spike bucks are not legal game in some counties) Wrap a string or a piece of plastic tape around the tag and you are ready to go. Be careful in handling not to damage the tags causing loss or mutilation beyond recognition. It transparent tape is used, wrap the tag with the number on the outside so it may be read without unwrapping.
