Judge Had To Break Tie Vote Swings To Continue Service

Eastland County Judge Scott Bailey broke a tie vote of the County Commissioners Monday supporting the concept of county assistance in Ambulance Service.

Judge Bailey voted "yes" on a motion that the county assist in this countywide Service, voting with Commissioners Richard Robinson of Pct. 1, and Billy Bacon, Pct. 4. Commissioners Norman Christian of Pct. 2 and L.T. Owen of Pct. 3 voted against the motion, stating that they had questions and reservations about this kind of plan.

These votes just before noon climaxed a morning of discussion on Ambulance Service, with statements which became heated at times. The courtroom was filled with people from Rising Star, Ranger and Cisco, with several representing Eastland, Carbon and rural areas. Judge Bailey called on various citizens to state their opinions.

Comm. Richard Robinson told the crowd that discussions on Ambulance Service in Pcts. 1 and 4 began with meetings in January between Precinct Commissioners and officials from Cisco and Eastland.

Gorman have no service, and people there have to call on ambulances from other towns to assist in emergencies.

Robinson said the Pattersons took out advertisements in local newspapers last summer, saying that Ambulance Service might have to be discontinued unless a certain number of people bought

These cities are served by Patterson Ambulance Service, while Rising Star is served by a volunteer service and Ranger a volunteer service with some city contributions. Carbon, Desdemona and \$36 memberships.

Later Robinson added that he had not heard complaints about the quality of the care from Patterson Ambulance Service, but he had certainly heard a lot of complaints on the billings.

Other Commissioners also told of complaints on charges by Patterson, and included charges for carrying County Jail prisoners to Eastland Memorial Hospital.

The Commissioners took a number of questions from Rising Star citizens concerning possible plans for the County to assist in Ambulance Service.

Rising Star School Names Honor Students

Howard Lawrence, Valedictorian

Howard Lawrence has been named valedictorian for the 1989 graduating class of Rising Star High School. His grade point average is 90.83. Active in 4-H and Future Farmers of America, Howard also played basketball. He plans to major in animal science and business at Tarleton State University. His parents are Aubrey and LaJean Lawrence.

Salutatorian for the class is Maxine Perales who has a

Maxine Perales, Salutatorian

grade point average of 90.45. An award winning member of the band, Maxine also served as cheerleader, played basketball, filmed for RSTV and wrote newspaper articles in journalism. She plans to attend Southwest Texas State University and become a speech pathologist. Maxine is the daughter of Mary and Dick Morrow and Freddy Perales Sr.

The honor of having the highest grade point average

Shawnah Harmon, Highest average grade

among the graduating students goes to Shawnah Harmon. Her average is 95.15. Shawnah, who transferred from Quanah last school year, enjoyed basketball, track and golf in Rising Star. She is planning to attend Tarleton State University. Her parents are Mary and Billy Harmon.

Graduation exercises for the Rising Star Senior Class will be Friday, May 26, at 7:30 p.m. at Wildcat football field.

Brazos Reduces Rates

The Public Utility Commission last week unanimously approved Brazos Electric Cooperative's request for a \$23 million rate reduction effective April 1. The commission also approved the Cooperative's request for a temporary rate reduction for December 1988 through March 1989 which meant \$10 million in credits for the utility's wholesale customers.

The \$23 million rate reduction means end consumers will see an average reduction of \$5.60 per 1000 kilowatt hours used. Brazos Electric Cooperative will file a full rate case for the permanent reduction on or about June 1. Since January 1983, the Waco-based cooperative has reduced the average cost of its wholesale electric power by more than 18 percent.

Brazos Electric Cooperative has carefully studied our rate structures with two goals in mind, "Executive Vice President and General Manager Richard E. McCaskill said. "While we always work to maintain our Cooperative's financial strength, we also continuously

look for opportunities to pass on savings to our customers," he said. "In the cooperative business, our customers are our strength and we keep them foremost in our minds."

Brazos Electric Cooperative is a member-owned generation and transmission electric cooperative based in Waco. It provides wholesale electric power to 20 member cooperatives, seven municipal electric systems and Texas A&M University. The electric cooperatives include Bartlett, B-K, Belfalls, Comanche County, Cooke County, Denton County, Dickens, Erath County, Fort Belknap, Gate City, Hamilton County, Hill County, J-A-C, Johnson County, McLennan County, Mid-South, Navarro County, Navasota Valley, Tri-County, and Wise. Municipal systems served by Brazos Electric Cooperative are: Bartlett, Granbury, Hearne, Sanger, Seymour, Weatherford and Whitesboro. These systems serve 240,000 consumers in a 66-county area of central and north Texas.

Bacon Speaks Out Against Pay Raise

Billy Bacon, Commissioner of Pct. 4, spoke out against a pay raise during a County Pre-budget Hearing in the Commissioners Courtroom Monday afternoon.

Officials are considering pay raises of 30 cents per hr. for county employees and \$30 each pay period (amounting to \$60 per month) for elected officials.

Bacon's comments came after County Judge Bailey read some of the proposed budgets from Departments.

"The raise is figured in my budget, but I don't think I'm entitled to it," the Cisco-area Commissioner declared. "I've served less than four years, and I knew what the

salary was when I ran for the office. As an elected official I have no right to ask for a raise."

Later Bacon stated that County tax valuations were down, and he felt this was a bad time for county personnel to ask for more money. "I don't know where it's coming from, unless people are taxed more," he said.

There will be a public hearing on the proposed 1989-90 County budget at a Commissioners Court meeting June 12.

In other business Monday afternoon the Commissioners also set the date of June 12 as a target date for decisions on Jail Contracts between

Eastland County cities and the county. Cisco and Gorman have approved their contracts - others have not.

The Commissioners were informed that two more public meetings must be held concerning the \$325,000 loan for a grape-growing project by Dr. Lagel 8 mi. north of Rising Star. The State agency handling the loan said that the advertisement on the project was listed in the legal columns of newspapers - and this was incorrect.

One meeting was set for Tuesday evening, May 30, in the Commissioners Courtroom, 7:30 p.m. Another will be held the following Monday, June 5, at the same hour.

Crime-Stoppers Being Launched In County

More than two dozen Eastland County citizens heard a report on the Hood County Crime-Stoppers Program Tuesday morning and enthusiastically endorsed the establishment of a similar program here.

Lt. Carole Stewart, Coordinator for Hood County, told the group meeting in the County Commissioners Courtroom that that organization has been very successful since its inception in April of 1985. "Last year," she explained, "for every dollar we expended, we recovered \$1,528.00 either in stolen property or in street value narcotics taken off the streets."

Such a program needs the

involvement of citizens from throughout the area, cooperation of the news media, and the cooperation of the law enforcement organizations.

The Eastland organization has secured its state charter and is in the process of receiving its non-profit status for donations to be tax deductible.

Citizens who are interested in this program are urged to attend meeting next Tuesday at 10 a.m., possibly at the courthouse, or at an alternate site to be announced this weekend.

Public involvement is necessary, the visitors emphasized. One of their fund raisers is an annual "Jail-a-Friend" program which nets

some \$1,000.00 an hour.

Lt. Stewart explained the Hood County program as follows:

What Is Crimestoppers? Crimestoppers is a program which involves the public, the media and Law Enforcement in the fight against crime. It offers anonymity and cash rewards to persons who furnish information leading to the arrest and indictment of

Bi-County Pecan Field Day Is today

The Comanche - Eastland Counties Pecan Field Day is 9:00 a.m., Thursday, May 25. The field day will be held at the Texas Pecan Farm orchard development #80. The orchard is located approximately 6.5 miles west of De Leon off F.M. 587. Turn right on the county road across from the intersection of F.M. 2247 and F.M. 587. Follow the signs to the orchard.

The program will cover preemergence and postemergence herbicides, fertilization program for the pecan or-

chard, aphid build-up following pecan nut casebearer control, and determining water needs of a pecan tree. There also will be an up-date on the pecan marketing agreement.

Pecan equipment dealers will also have equipment on hand for viewing after the sponsored fish fry lunch.

The Bi-County Pecan Field Day is being sponsored by Monsanto, Sandoz Crop Protection, Dow Chemical and Texas Agricultural Extension Service.

Peanut Fall Transfer Requirements Important

D.b. Warren of Gorman, Southwestern peanut Grower's Association, director, has suggested that peanut growers make plans at planting time to qualify for fall transfers.

Warren point out that the fall peanut quota transfer can be approved only if the transferring farm planted sufficient acres to be expected to produce the full effective quota, and the total production for the farm was less than the effective quota due to reasons beyond the peanut

producer's control.

It was explained that effective quota means all of the farm quota including undermarketings. In 1988, producers were only required to plant their basic quota which does not include undermarketings.

Warren said that producers may wish to reduce the effective quota to assist in meeting their planting requirements. Adjustments in the effective quota can be accomplished by making a spring transfer of poundage quota from the farm. However, he suggested that growers interested in executing such spring transfers check with the County ASCS office immediately to determine the deadline for spring transfer.

Robert DeLuca To Appear In "The Sound Of Music" At Cisco Junior College

You may have seen Robert DeLuca on the sidelines for the Eastland Mavericks. He's the team doctor. You may have seen Robert DeLuca in the choir for the First Methodist Church of Eastland. Or you may have seen Robert DeLuca being sworn in as a new member of the Eastland City Council. If not, then you're sure to see him when he appears as Captain Von Trapp June 10-18 in Cisco Junior College's production of THE SOUND OF MUSIC.

DeLuca has many interests but since moving to Eastland, his theatrical bent has been met as a member of the audience. Theatregoers in the Big Country will watch Robert make his debut in this Rodgers and Hammerstein musical. Playing the romantic lead opposite his wife, Donna, who plays Maria Rainer, has been an experience he will not soon forget. "For some reason our scenes with singing or with the children or dancing are easier than the romantic ones. The story has me saying lines to Maria that I never said to Donna and so of course, they're funny to us right now."

However, all principal

characters have read the actual account of the Von Trapp Family story. "What happens in the story in a matter of days actually took place in real life over a period of many months. Their falling in love was gradual just as the Nazis taking over Austria was more gradual. As actors we had to make it seem real."

Currently a physician in practice in Eastland, DeLuca majored in biology at the University of Houston, Microbiology at TCU and graduated at the Texas College of Osteopathic Medicine.

"When Carol approached me about being in THE SOUND OF MUSIC, I never thought I'd be able to work out the time but with the help

of my partner and colleagues, I've been able to do a role of a lifetime."

Spare time is spent working in the yard, playing with his daughter, Allison, or exercising his favorite pet, Maxie the dog. Other free time interests ("such as there is") are playing racquetball and cycling. "Whenever I get a chance, I try to ride back to Eastland from Cisco, on the bike."

Robert's debut in THE SOUND OF MUSIC is another don't miss. To make reservations for CJC's production of THE SOUND OF MUSIC call 442-2389. Select seats are still available June 10 through the 18th at both the dinner and dessert only performances.

Pharmacy Topics

By Bob Mueller

A new synthetic hormone seems to temporarily stop the body's production of the hormone that creates the excess endometrial cells of endometriosis. The nasal-spray drug has fewer side effects than other treatments. It's not commercially available yet.

Inflatable cuff that puts pressure on the legs seems to protect bed-ridden patients from developing blood clots, studies at Duke University Medical Center indicate. Pump squeezes legs once a minute.

In some cases, blocked fallopian tubes can be cleared with a tiny balloon in a procedure similar to angioplasty. Early tests were successful at Mt. Sinai Hospital Medical Center in Chicago.

Digitalis may be the cause of depression in some heart patients, researchers at Mt. Sinai School of Medicine in New York discovered. Switching drugs seems to help.

Some allergy sufferers get relief with aspirin, doctors found at Louisiana State School of Medicine. More studies are planned.

For dependable relief from allergies, choose from the wide selection of antihistamines and other helps at Wal-Mart Pharmacy, Hwy. 80 East, Eastland, 629-3347.

Fishing Outdoors

By Terry Wilson

Bill Humberlin Wins \$60,000

The second largest amateur Bass Tournament in the world, the KEAN Big Bass Bonanza is history. There were some winners and of course more losers. This year's event was what looked to be the largest in the 11 year history, but according to Low Murray Vice President and general manager of entries were off some 20 percent from last year. After fishing the past all but two of the eleven events and speaking with over 30 entrants this year it hardly

appears entrants were down. This in fact cannot be checked other than by tournament officials, who stated this year's numbers were just over 3,000.

During Friday's check in at tournament headquarters it was reported to me by a tournament registrar that entries were 5,200, with new entrants signing up each hour. I will be discussing this figure further next Easter after some figuring can be done.

This year's winner set an all time weight record for a single largemouth bass weighed during the event. Bill Kim-

lin of Graham landed a 7.43 bass worth \$60,000. Bill stated his fish fell to a worm Saturday morning. The first place money was \$20,200 less than last year's winner Delton Womack of Lubbock. The other top ten were 2. Jerry Davidson 7.02 \$6,100, Abilene; 3. Calvin Merryman 6.77 \$3,000, Coleman; 4. Lloyd Lance 6.16 \$1,400, Proctor; 5. David Springfield 6.01 \$700, Springtown; 7. Manuel S. Saucedo 5.57 \$400, Eastland; 8. Charles Lafferty 5.56 \$350.00, Abilene; 9. James Allman 5.54 \$300.00, AValo; 10. Bob Willis 5.46 \$250, Abilene.

And other local anglers who finished in the top 50 received

\$200.00 each. Those were Lonnie Beggs 14th, 5.20, Bob Moore 16th 4.91, Rick Crutchfield, Abilene, 19th, 4.75, Jay Hunt, Clyde, 31st 4.45, and Chuck Burgess 36th 4.17. And for 50th place anglers needed a 3.88 or larger fish.

This year's total payback was \$84,200.00 far below last year's. But I will get into this and other aspects of the KEAN controversy in our next meeting.

As I have told everyone in years past this event is set up for anyone and everyone. It is 98% luck in winning this event. With the large crowds, and over crowded water who knows you could be the 1990 winner.

Conference To Address Rural Economic Development

The future of rural Texas hinges on economic development, and that's the focus of a statewide conference at the Lubbock Memorial Civic Center May 22-23.

The Rural Economic Development Conference is being hosted by the Texas Food and Agriculture Council which is made up a number of state and federal agencies. Conference theme is "A Key to Texas' Future."

"The conference is aimed at providing leaders in small community with knowledge, ideas and sources of tools to strengthen their economic base," said Terry Harman, state executive director with the Agricultural Stabilization and Conservation Service and state FAC chairman. "Issues

to resolve, trends to expect, sources of specialized assistance and methods that have been successful will be outlined to guide community leaders."

Sen. Phil Gramm will headline a slate of state and national speakers that includes Under Secretary of Agriculture Roland Vautour; Ron Shaffer, extension economist, University of Wisconsin; William Lauderback, director of the Texas Chamber of Commerce; and Ron Knutson, economist in marketing and policy with the Texas Agricultural Extension Service. Gramm will speak at a luncheon the first day.

Discussions during the opening general session which begins at 9:30 a.m. will

center on rural development initiatives by state and national agencies, state and national policy options for rural development, and successful rural development efforts in other states.

Special concurrent sessions in the afternoon will deal with rural water issues, agricultural business opportunities, finance, human capital requirements and business retention in rural Texas.

Discussions at a general session the second day will focus on rural environmental issues, population trends in the '90s, and roles of industrial foundations and local governments.

Dothan Cemetery Meeting To Be Saturday, May 27

Mark the date, May 27, on your calendar and plan to meet with friends and relatives for the annual Dothan Cemetery Day.

Bring tools for light cleanup work and a lunch to share at noon. Those who are

able will work and all will visit. Plan to come and contact any you know who share an interest in the care of the cemetery.

A report will be given on the progress made toward the perpetual care fund.

Poetic Verse

Someone Loves You As we gaze across the valley

And see the wild flowers blooming there

The sun setting in the west As if an answer to our prayer

Each hair on your head is counted

And He sees the sparrow when it falls

How can we doubt that He knows us

When he loves us one and all.

When sorrow and trouble overtakes you

And you have no place to hid

There is one that is always near you

Within His arms you can abide.

So don't say that no one loves you

And this world won't even care

Just trust in the Lord each day

There can never be enough said about driving while under the influence of alcohol. Alcohol is a major killer on our highways. It accounts for 55% of all traffic fatalities. 65 out of 100 persons in the U.S. will be involved in an alcohol-related crash in their lifetime - either as the alcohol user or the victim. A "pro" driver is in control of himself and his vehicle at all times. He is able to make clear concise judgement calls during driving. Don't impair your driving ability by drinking. Wilson-Brown United in Marriage

Karen Elaine Wilson, daughter of Mr. and Mrs. Clayton J. Wilson of Rising Star, and Robert Edward Brown, son of Thomas Brown of Monticello, Ark. and the late Neva Cornett Brown were married in a double ring ceremony Saturday, May 13, at 2 p.m. at the First Baptist Church with the Rev. Don Longoria of May officiating.

The bride, escorted to the altar by her father, wore a white taffeta chapel-length gown with a shirred skirt accented with small bows and a train of white lace. The dress featured a sweetheart neckline and puffed sleeves with bows. The bride chose a two-tiered fingertip veil, attached to a headband of white sequins and beads cascading to one side. The bridal bouquet was made of cascading white silk rosebuds surrounded by greenery and accented by white lace and ribbons.

Serving as matron of honor was Jami Owings of De Leon. Bridal attendants were Kendra Slatton of Abilene, Amy Solly of Houston and Penny Wilson, niece of the bride, of The Col-

ony.

The bridal attendants wore matching royal blue moire taffeta tea-length dresses featuring sweetheart necklines and puffed sleeves. They carried white lace fans fashioned with royal blue, white and gray flowers and accented with royal blue and gray ribbons.

Jennifer Brusenhan, niece of the groom, was flower girl. She wore a long white dress with layered lace flounces.

The groom wore a white tuxedo with tails. The ringbearer, Christopher Cornett, cousin of the groom, wore a tuxedo matching the groom's.

The groomsmen wore gray tuxedos with royal blue cummerbunds and ties. Best man was Coy Barker of Lubbock. Groomsmen were David Cornett, uncle of the groom, of Abilene, Jody Brusenhan, brother-in-law of the groom, and Jerry Brown, brother of the groom, of Dallas.

Candlelighters were Kimberly Wilson of Gustine and Cody Wilson of Rising Star, niece and nephew of

the bride.

Ushers were Greg Munger and Joe Ramirez of Abilene. Leslie Boyd, of Anson, sat at the registry table.

Sharon Reid, sister of the bride, sang "Suddenly" and "You're the Inspiration." Musical accompaniment was provided by Pat Walker and Teresa Lawrence.

The reception was held in the fellowship hall of the church. The wedding cake was a four-tiered heart cake with cascading royal blue flowers and was topped with the traditional bride and groom. It was served with pineapple sherbert punch to the guests. Karen Murph, of Lubbock, and Aimee Thibeaux of Arlington served at the bride's table.

The groom's table held fruit trays, finger sandwiches and sausage balls.

The Browns will be at home at the Quail Run Apartments in Abilene.

The rehearsal dinner, held Friday, May 12, in the First Baptist Church Activity Center was hosted by the groom's sisters, Rhonda Brusenhan, Lisa Brown, Brenda Brown and Wanda Chapman.

Baccalaureate Service Held

A lovely Sunday evening at First United Methodist Church was the setting for the 1989 Baccalaureate services. At 7:30 in the evening family and friends gathered to begin week-long celebrations of the soon-to-be graduates of Rising Star High School.

The services began as Shannon Stuteville played "Pomp & Circumstance" and the Seniors entered the chapel. Steven Wilson gave the invocation. Howard Lawrence's sermon of challenge was followed by the old-time hymn, "Faith of

Our Fathers." Shawnah Harmon gave the benediction and the Seniors left the chapel to their class song, "One Moment in Time."

The Senior Class of 1989 would like to express appreciation to First United Methodist Church; to the pages and ushers, Cathy Smoot, Kimberly Schwab, Cody Wilson and Roanen Barron; and to all the friends and family members who filled the chapel to capacity.

Congratulations, Seniors, and good luck!! May all your dreams come true!

Senior girls of the 1989 graduating class of Rising Star High School were guests of the Saturday Club on May 17. They are, from left, Stephanie Long, maxine Perales, Juanita Ramirez, Stacey Wright, Sandy Williams and Shawnah Harmon.

Local School on Safety Honor Roll

AUSTIN - Rising Star High School has been awarded a Certificate of Exceptional Effort from the Texas School Safety Honor Roll Program recognizing its support of safety education and accident prevention.

The Texas School Honor Roll Program, sponsored by Texas Safety Association in cooperation with the Texas Education Agency, is the only state recognition program that covers all aspects of school safety education and accident prevention. The Honor Roll Program assists schools in meeting the intent of Texas accreditation standards (Principles 3 and 10) relative to safety, promotes coordinated efforts for safe-

ty throughout the school system, encourages programs for reducing or eliminating accidents involving students and enables each school to objectively analyze its own safety activities.

Across the state, 1,000 schools from 243 school districts participated in the program during the 1988-89 school year.

Texas Safety Association is a non-profit, non-governmental, educational organization whose members work in government, private industry and as individuals to prevent accidents and needless loss of life and property.

Grandparents Salute Shawnah Harmon

We salute Shawnah Harmon, our first grandchild to graduate from Rising Star High School.

We are proud of Shawnah and want to let others know of her achievements. She was recognized as a "gifted child" in elementary school in Abilene. During high school, at Quanah and here, she was:

- named a United States Achievement Academy Award winner (less than 10% of the nation's youth achieve this honor),

- nominated two years to United States Business Education awards,

- recognized three years in "Who's Who Among American High School Students,"

- nominated to become a Congressional Scholar representing Texas in the National Young Leaders Conference in Washington, D.C.

- a Science and English award winner as a Freshman (second in a class of 76),

- high point student in Home Economics as a Sophomore,

- high point student in English as a Junior and

- voted Most Likely to Succeed by her peers in her

Senior year.

Shawnah was a member of the drill team at Quanah and at Rising Star participated in basketball, golf, track and the One-Act Play and was voted Most Attractive.

From her first day of school Shawnah made straight A's except two times in her Sophomore year; she made 87 in Typing I and 89 in Home Economics II. Since her enrollment at Rising Star High School in January, 1988 she is the only Senior to be on the A Honor Roll every six weeks.

Shawnah isn't valedictorian because of school policy. The policy "to protect our own" says a student can't be valedictorian unless

she has lived here for two full years. When I asked for a waiver in policy by the school board, no action was taken.

We feel Shawnah is our own. She was born here and has lived over half her life here. Her mother, grandparents, great-grandparents and great-great-grandparents attended school here. Yet her family had to move away for a time because of the economy.

A few years ago a Senior boy was deprived of being valedictorian for the same reason. We had invited his father to serve our community as a preacher, yet excluded the child from receiving an honor that he had strived to attain.

My concern for students here prompts me to ask, "Can Rising Star put its best foot forward when it's caught in a steel trap?"

College Notes

Charles Shannon Childers was recently honored as an Outstanding Young Man of America. He graduated from the Texas College of Osteopathic Medicine Saturday, May 20, in Fort Worth. His wife, Barbara Jean, was named Outstanding College Student of America in

March. She has also been nominated to Outstanding Young Women of America.

Their son, Mitchell, is two years old. His grandparents are Maxine Bowden and Victor and Jeannine Childers, all of Rising Star; his great-grandmother is Annie Mae Frizzell, also of Rising Star.

JACKIE HARRIS NAMED TO MERIT LIST
SNYDER - Jacqueline Harris of Rising Star was named to the Merit List for the 1989 spring semester at Western Texas College.

The Merit List is made up of students carrying at least eight but fewer than 15 semester hours of work with a grade point average of 3.5 or more. Fifty-five students qualified for the latest Merit List.

BROWNWOOD - Baccalaureate degrees were awarded to 105 students at Howard Payne University's 94th commencement exercises, May 6.

Graduates from Rising Star included Carla G. Goddard, bachelor of science in education with elementary education specialization; and Pamela K. Cook, bachelor of science in education with elementary education specialization.

County Commissioners Vote

lance Service. Most wanted to know if the whole county would have to pay additional taxes to subsidize the service for Eastland and Cisco, and how much the taxes would be.

Gene Hicks, Rising Star Constable, brought a copy of some minutes from a meeting between Precinct Commissioners and Cisco and Eastland officials. It seemed to say that the County would be liable for any deficit in any such operations.

He was told by Robinson and Paul Catoe, Eastland City Manager, that this was simply working copy of minutes, with no votes, no resolutions. Any possible plans would have to be formulated with legal assistance and ratified by votes.

The Commissioners did state that it would take a county tax increase of about 3 cents per \$100 valuation to generate enough money to fund the county's part of an ambulance service. The proposed plan in Pcts. 1 and 4 would be for the Ambulance Service to operate from E.L. Graham Hospital in Cisco and Eastland Memorial Hospital in Eastland. The cities, county and hospitals would each pay one-third of the cost, with any revenue going to the hospitals.

Commissioners told citizens in the courtroom that

other Precincts, including Ranger and Rising Star, could decide what they wanted to do with their part of the money from the 3¢ tax levy. This was projected at about \$8,000 per month, which would be \$2,000 for each Precinct.

"The cities don't want to raise taxes, but the people are looking to us for help," said Eastland City Manager Paul Catoe. "We are dedicated to finding a permanent solution."

Bill Walton of Ranger said that Ranger had a real good ambulance service, and might have an alternate solution.

Norman Christian said he thought this kind of thing should be put before the people and let them vote on it. Several questioned him on that, asking if he "didn't believe in Government by representation?"

When Carol and Tom Patterson arrived, they were questioned on why they asked for subsidies from the county and cities after they asked residents to buy memberships.

"All we've been asking is for cities to make up for memberships that are not sold," Tom Patterson said. "Our contract states that we are obligated only to those people who bought memberships."

There was an exchange on whether a county or city could

legally subsidize a private company on anything. Richard Robinson stated it was illegal. Ray Pruitt, County Auditor, appeared to modify this statement somewhat by saying he had been told by the State Attorney General's office that it was "unwise."

Judge Bailey offered further clarification by saying that in his opinion gifts were illegal, but that a county could make a contract with an individual or Company to provide certain services.

Tom Patterson said he had asked the Eastland City Commission for assistance a number of times, but had always been turned down. Upon questioning by Paul Catoe he answered that he had not approached the city officials for several years now.

City Manager Mike Moore of Cisco called for a vote on the question of whether the Commissioners would participate in "setting up a stable Ambulance Service."

"We need to proceed immediately," Moore said. "Is Eastland County going to participate?"

After the vote Judge Bailey said that he recalled some of the same kind of discussion over setting up a countywide Dispatch Service. "But it is here, and the mechanism is in place to support some kind of (countywide) Ambulance Service."

E.K. Coppinger's visitors were Mr. and Mrs. Sam Henderson.

Thanks to the First Baptist Church of May for Sunday services.

We are having another COOKOUT on Memorial Day. Families are invited to eat with the residents.

Call for Vickie Majors or Linda Robertson and let them know if you would like to eat.

The Saturday Club

Members of the Saturday Club concluded their club year with a luncheon at noon Wednesday, May 17, in the Activity Center of the First Baptist Church.

Enjoying the annual spring luncheon were 34 members, 13 guests and two honorary members.

Honored guests were the Rising Star High School girls of the graduating class. They were introduced by their senior sponsor, Mrs. Cindy Wood. As she introduced them, she mentioned accomplishments and interests of each girl.

President Dicie Adams called the meeting to order at 12:00 noon and Polly Price voiced the invocation. The group enjoyed their luncheon from tables decorated in a spring vacation theme. It was dedicated in memory of the late Lela Clark.

After lunch, the regular business meeting was called. Guests of members were introduced at this time, including Helen Donham's and Joyce Geye's granddaughter from Hawaii.

Minutes of the previous meeting were read and ap-

proved. Blanche Cawley gave the treasurer's report. Other reports and business was given. Emma Jean Steel reported that a memory plaque for Lela Clark had been ordered but not received. Dicie Adams instructed her to order a plaque for Reba Mooney.

Dorothy Shook thanked everyone for the cards, gifts and help.

Connie Hightower and Jean Bryan were presented for membership. Mrs. June Dossey, the wife of the First Baptist Church pastor, will be an honorary member of the 1989-90 roll.

Mrs. Hudson again asked for recipes for the cookbooks.

The hostesses for the occasion were Lanell Henry, Polly Price, Joyce Geye, Joan Hubbard and Jessie Rae Swift.

Hints From Janet Thomas,

County Extension Agent

Grandparents are special people. Grandparents play a very important role in the development of their grandchildren.

Grandparents Value to Grandchildren:

- * Communicate unconditional love
- * Supplies a tie to the past
- * Shares value and philosophies
- * Transmits heritage and culture
- * Provides companion time
- * Provides a sense of worth
- * Serves as an example of later life stages

In recent year with more divorces occurring, court-enforced visitation for grandchildren and grandparents has become more common and the reasons cited by the court typically speak of the "best interest of the child".

Mr. and Mrs. Rickey Carouth and Mary Bates of Cross Plains, Mr. and Mrs. Jimmy Bates and girls of Brownwood and Martha Carouth went to Cook's Fish Barn for Mother's Day. They ended up with 18 adults and eight children gathering for lunch. Martha took Betty Raybon to the doctor Tuesday. Wednesday, Ricky, Netha, and A.J. Carouth ate lunch with his mother.

Berna Lee Chick went to Del Rio with her daughter and granddaughter, Paula and Jerrilea Hubble, and visited Donna Priest and girls over the Mother's Day weekend. The countryside was lovely and so was the visit.

Joe and Evelyn Ward had lunch in Brownwood for Mother's Day. On Tuesday they went to Abilene and spent the night. It was quite exciting with all the storming around. They visited the zoo. If you have never been to the zoo in Abilene, it would be worth your while to go.

A Tacky Party had been planned for the evening of May 16 with a salad supper to honor those having birthdays in May, but the stormy weather caused cancellation of the party.

Thursday, we had a lovely luncheon and several dressed in the costumes they had planned for Tuesday night. You should have been there; you would have found it hard to recognize your neighbor. Dell Bible was first prize winner, Alvie Bible won second prize and Inez Elliott won third place.

For Robert Butler

The following is a dedicated to Robert Butler from his kids and grandkids:

We used to wonder just why Daddy never had time to play;

We used to wonder why he'd rather work each minute of the day.

We used to wonder why he never loafed along the way and shirked.

I can't recall a time whenever 'Daddy' played while others worked.

Dad never dressed in fashion, sort of hated clothing, new style with him was not a passion.

He had other things in view.

Children are often blind to much that is going on about their day by day.

We had no way of knowing

what became of Dad's pay.

All we knew was when we needed shoes, we got 'em on the spot.

Everything for which we pleaded somehow Daddy always got.

We wondered season after season why Daddy never took a rest.

That we might be the reason - that we never guessed.

Well, Dad and Grandad, your family has really grown and we know we all have gained by your being so strong.

We all know we have been blessed with one of the finest dads and granddads, that really is the best.

How Does The Program Work?

The CRIMESTOPPERS program is uniquely funded by private donations; no tax dollars are involved. A board of directors, composed entirely of private citizens, establishes policy, the amount and method of the reward system and the raising of funds.

The Hood County Sheriff's Department provides a special CRIMESTOPPERS telephone, (573-TIPS), and is responsible for processing the information received. Each caller is issued a code number to ensure anonymity and should the information lead to an arrest and indictment, the Coordinator forwards this to the Board of Directors for the cash reward.

Pecan Tree Spraying Time

The next six days will be the time to spray pecan trees to control the pecan nut case-bearers in Eastland County, reports County Extension Agent, DeMarquis Gordon. May 25 to May 31, has been determined to be the best time to spray if you hope to have a pecan crop this year.

The adult moths of the casebearers have started laying eggs on the tips of the

small pecans. The best time to spray may vary with location in the county and between varieties, says Gordon. Pecan producers and homeowners should check their trees closely for the small white eggs which are deposited on the black tip of the pecans. The eggs hatch four or five days after they are deposited by the moths. About three days after the small lar-

vae emerge from the eggs they begin eating into the pecans. Insecticide applications should begin after the first nutlet damage is observed, the agent says. Many producers treat too early and miss most of the insects. It's best to have 1% to 2% nutlets before sprays are applied. If nut damage continues seven to ten days after the first spray application, the trees should be sprayed again. However, one spray application usually is sufficient.

Insecticide applications in-

clude Guthion, Malathion, Thiodan, Zolone, Diazinon, Pydrin, Ammo, and Cymbush. Before using any of these materials, read the label directions and follow them carefully. It is also important to spray pecan trees with zinc. Zinc sulfate is a wettable powder that may be mixed with insecticides. NZN is a liquid zinc that is preferred for yard trees and may also be used in orchards.

For more information on pecan pest control contact the County Extension office!

Engagement Announced

Wedding Anniversary

FLIPPIN-HUBBARD - Mr. and Mrs. Thomas A. Flippin are proud to announce the engagement and approaching marriage of their daughter, Denise Cherie Flippin, to Johnny Jack Hubbard, son of Mr. and Mrs. Jack D. Hubbard.

Denise graduated from Cross Plains High School and from Texas State Technical Institute with a certificate of completion in Dental Assisting. She is employed by Town & Country Food Stores in Cross Plains.

Johnny is a graduate of Rising Star High School and is employed by Jack Hubbard Soil Conservation Contractor.

A June 10 wedding is planned at First Baptist Church in Rising Star at 7:00 p.m. All friends and relatives are invited to attend.

Lester James and Hazel Clark are being honored with a reception in celebration of their fiftieth wedding anniversary. It will be Saturday, May 27, from 2:00 until 4:00 p.m. at First Baptist Church Activity Center.

Hosting the event are their children, Leslie Clark of Brownwood, Hellen Crow of Midland and Lynn Clark of Rising Star.

When the couple married in Quanah in 1939, Mr. Clark was working on the Matador ranch. Later he worked on another famed ranch, the 6666 near Guthrie. While living in Borger in 1952 he took up insulating and retired from that occupation in 1982. Mrs. Clark is a homemaker.

The Clarks moved to Rising Star in 1972.

When asked for comments on their 50 years of marriage, Mrs. Clark said they had been "happy years, very happy years." Mr. Clark attributed their ability to talk with one another and to work out problems together as positive factors in their 50 years as marriage partners.

Friends and relatives are invited to attend the reception. No gift other than friendship is the couple's request.
