## WAR BOARD ANNOUNCES RULES TO GOVERN WEEKLY PAPERS IN MAKING PAPER SAVING, PUTS THEM ON CASH IN ADVANCE BASIS

Owing to the shortage of white paper, the government has taken charge of the paper situation and laid down rules that will govern every newspaper in the United States, without exception. Among the rules laid down, is one there must be a reduction of 15 percent in the consumption of paper. In order to bring about the reduction every subscription must be stopped when the time paid for is out. This means every subscriber must pay in advance.

"Questionnaires will go to all publishers of country weekly newspapers at once, and must be filled out, sworn to and returned to the pulp and paper section of the war industries board at once. A second questionnaire will be sent to the publisher on November 2, which must be filled out, sworn to and returned at that time."

"The priorities board of the war industries board has listed paper mills as an essential industry, and has rated them in the fourth class for priority for coal, on the distinct understanding that the greatest possible economy in the use of paper be exercised, and that the reduction in the use of paper by the newspapers shall be 15 per cent. Each paper mill will be put upon the priority list for coal, conditional upon their signing a pledge that they will furnish no paper to any consumer who will not also give a pledge in duplicate that he will exercise the greatest possible economy in the use of paper, and will observe all rules and regulations of the conservation division of the pulp and paper section of the war industries board."

"Each publisher shall eliminate the following wasteful practices. If for any reason a publisher desires to continue any of these practices he must adopt some other methods to accomplish at least a 15 per cent reduction in paper used. If by Nov. 1, 1918, a saving of 15 per cent has not been made in the industry as a whole, the matter will be reviewed by the pulp and paper section and further curtailments will be necessary."

"No publisher may continue subscriptions after three months after date of expiration, unless subscriptions are renewed and paid for."

"No publisher may give free copies of his paper, except for actual services rendered."

"No publisher shall sell his publication at an exceedingly low or nominal subscription price."

"No publisher shall sell his publication to anyone below the published subscription price."

"No newspaper may be established during the period of the war, except those for which arrangements had been made and plants purchased previous to the issuing of this order, or unless it can be shown a new newspaper is a necessity."

"A sworn statement will be required from each publisher on November 1 as to how many of these rules have been put into effect by him, and what results in the matter of reducing paper consumption have been obtained."

Complying with the above requirements, every subscription to the News will be discontinued when time paid for expires.

### BUSINESS CHANGE

Last Monday J. P. McCaskil bought the interest of D. R. Terry in the Harber Grocery Company. Mr. McCaskil is back to his first love and invites his many friends to come around and see him.

Mr. Terry has not definitely decided just what he will do yet, but may in the near future be engaged in the noblest work there is—that of farming.

### SCHOOL NOTES

To the Patrons:

The public school opened Monday, Sept. 9th, with an attendance far in excess of what I expected. I figured that owing to the drought, a great many families had left the district; but it seems that, in many cases, the men only have gone, leaving their families behind. At any rate, the attendance is practically what it was at this time last year.

Affected by the late Draft Law, many young men of the High School Department have gone to military schools, preparatory to being drafted into the army; but their places have been taken by an unusually large number of pupils from other districts in this county and from other counties.

The classification of the children is progressing as rapidly as possible, and regular work in all grades will begin today, Thursday.

There may be rumors current that certain children who failed last year are being put forward this year, while others of the same class are not. By the way of explanation, will say that this has been done in a few cases where said children have been in the grade two years and were beginning a third year in that grade. My principle reason for allowing them a trial in the next grade is to convince them and their parents that they are not qualified to do the work of that grade. There are four or five cases of this kind, and it is my opinion that not one of the number can retain his place. We may be guilty of everything else in the category of crime, but we are not guilty of partiality. In all cases we endeavor to be just to both parent and child. We have refused to allow some children to be promoted on trial for the reason that in all such cases the failure was so complete that it would have been beyond the pale of reason to waste the time of both pupil and teacher by permitting it. If all parents would take the time to make their children study at home instead of permitting them to say that "we got our lessons at school," all this trouble would be eliminated. None except the children in the lower grades have time enough at school in which to get their lessons.

I haven't time this week to say all I should like to express regarding the school, and invite you to see next week's issue of this paper for a continuation of this article.

W. W. Hart, Superintendent.

BEND  
(By Gimlet)

Well we could not think of anything to tell you last week. This week however on the 5th instant our phone rang to give the Bend brass band a welcome invitation to a barbecue to be staged in the Colony community. Mr. John Wallace having a son to depart for the defense of our country decided to pull off a grand feast and have a general come-together. So we got our tin horns all together and hiked for the Colony.

On arrival at Tom Meanes a crowd of the horny handed farmers were sitting around a long pit of nice looking and good smelling meat. So at six the time being set our band began to play. Not long until supper was announced. The army boys of our section and the aged were lined up to a table about thirty yards long. The band played while they served some of the finest meat, cakes, pies, coffee, pickles and everything nice to eat. The next charge was for the band and they did certainly enjoy the feast. After supper the band was invited in the house to furnish some more music; then prayer was offered by Rev. J. R. Ragsdale, after prayer W. C. Kolb was called on for a speech. Will having a boy in the trenches spoke the sentiment of his heart and gave good advice. Then in behalf of the Bend band W. J. Milligan was called on. Then last but not least the old war horse, Hon. Dick Kolb spoke and told of some of the war life from 61 to 65 and wants to go again. So you tell me Colony isn't patriotic. You will not find a community in the state of Texas that will beat it. Mr. Wallace seemed to be some what melancholy. But enjoyed the occasion fine. We hope when these boys return we will receive another invitation. (So mote it be.)

The W. O. W. at Bend voted to pay their soldier boys in France their dues to the lodge while in service. Also to erect a service flag in the hall.

### Dedicated to Bachelors

The Bachelor, a man of heart,  
To female kind stands far apart  
He has not lifted head or hands  
To let Uncle Sam know where he stands.

But now we show a different scene,  
The Bachelor comes from behind the screen  
And of his own accord, we doubt  
But it matters not he'll take the route.

And when he boards the train to leave  
There'll be no wife there to grieve  
'Tis better then for him to go  
Than a father-head with 3 or 4

But this we know, he will do his part  
And drive the Boches from the mart  
He has been slow his part to do  
But one thing sure he is no fa.

'Tis sad to think when he returns  
With victory won upon the Marne  
Who won a victory which will last for ages,  
No children to read from history's pages.

We should not say that "today is the day we HAVE to register", but we are going to say "this is the day we WILL register."

## ON SEPTEMBER THE 1ST

My books will close for the year, and my accounts will be due. Please do not disappoint me by not meeting your account promptly at that time.

It has been with very strenuous efforts that I have carried your accounts this year. The wholesalers are now requiring cash for the goods we sell you. So to keep in business we must have cash or keep the goods. The Food Administration also urges that we sell for cash and curtail every expense, thereby reducing the cost of living and save for the war that we must win above everything else, eliminated as far as possible more than one delivery to each house daily, that will save time and expense. You will need credit more later on than you do now so pay cash while there is cash.

You expect cash for what you sell.

### ECHOES FROM LAMPASAS

Lampasas Happenings Always Interest Our Readers

After reading of so many people in our town who have been cured by Doan's Kidney Pills, the question naturally arises: "Is this medicine equally successful in our neighboring town?" The generous statement of this Lampasas resident leaves no room for doubt on this point.

J. M. Reed, blacksmith, E. Third St. Lampasas, Texas, says: "Doans Kidney Pills act as represented and I know they are a reliable kidney medicine. They corrected the action of my kidneys and made my back strong again. When I suffer from attacks of backache I use Doan's Kidney Pills and they never fail to act promptly. I am glad to recommend Doan's to others as they are a medicine of merit."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Reed had. Foster-Milburn Co.,
