VOL. 17—No. 13

Bulletin of the Selection Board

1. There have been no new Voluntary Induction Calls issued since our Bulletin of last week, and as stated in that Bulletin, all such calls heretofore announced have been cancelled for the time being. Hence, until further notice a registrant may join the Army, Navy, or Marine Corps only according to the provisions set forth in paragraphs 1 and 2 of the Bulletin for the 5th instant, except that Individual Inductions into the Army are still authorized under Call No. X.

2. Under the special national draft of about 90,000 men now current, this Board has been directed to entrain four men for Camp Travis on the 30th instant. These four registrants will be: Alsie Ocie McHorse, San Saba, Order No. 335; Joseph Jackson Goodloe, Lock-er, Order No. 137; William Fred Branon, Tow Valley, Order No. 270; and William Bluford Mills, Bend, Order No. 357.

As mentioned in the Bulletin of last week, this county will receive a credit for these four men on the next gross quota that this Board will be called on to fill.

3. We have received from Provost Marshal General Crowder a copy of the Soldiers' and Sailors' Civil Relief Act. In the letter accompanying the Act General Crowder states: "Its aim is to protect persons in military service from excessive hardship due to the forfeiture of sundry claims and rights or the maturing of legal obligations during their absence in military service, and due to their inability to look after their business and property interests left behind. The Act was drafted in the office of the Judge Advocate General of the Army, and received a thorough overhauling in the light of hearings before Senate and House Committees, at which were present representatives of the various interests

affected. It therefore represents the result of several months' careful scrutiny by a large number of competent persons in addition to the authority by its consideration and enactment by the two Houses of Congress. In view of the hardships likely to be suffered in their affairs by thousands of men who have made the great act of sacrifice by entering military service, and in view of the wisdom of forestalling that natural dissatisfaction which might arise if such a measure of relief had not been extended, it is hoped that all members of Local Boards will take an active interest in giving wide publicity to this law." The Act is too lengthy for publication in full in the local newspapers. Therefore lawyers, bankers, business men, registrants and all other interested persons are invited to call freely at this office to inspect or study the Act.

4. The Provost Marshal General has recently repeated the statement made by him not long ago that all future drafts ought to be fill ed without going beyond Class I registrants, provided Congress authorizes the inclusion of men who have reached 21 since the latest registration and the registration thereafter of men as they became of age. A clipping containing this statement will be found on our Bulletin board.

5. The date of the next national draft, the number of men it will include, the number of increments that will be called for in filling the draft, and the dates and number of men, respectively, of the increments are matters yet to be determined by the War Department. However, this Board has lately received a printed circular letter from the Supervisor of the Selective Service Law in Texas which contains important information in regard to the next draft. A copy of this letter will also be found on the bulletin board.

M. W. A. Banner Presentation

In the presence of the membership of the Modern Woodmen of America of the local lodge last Saturday night Hon. Pat Neff of Waco, presented the membership banner to the local organization. This banner has been the property of the Sherman lodge until last year when San Saba lodge outdistanced the north Texas city in the number of new members initiated. San Saba lodge was not only first in Texas, but won second place in the United States, Toledo, Ohio being the only one ahead of San Saba. The membership of the local lodge is growing more rapidly this year than it did last year and we confidently expect San Saba to not only lead Texas this year, but outstrip any town or city in the United States in the addition of new members.

Cobb and Hudspeth May Be Opponents.

El Paso, March 19.—State Senator Claude B. Hudspeth will have to fight for his hoped-for seat in congress and to be the first man from the new El Paso district which he helped to create, if plans announced here today do not fail.

The Herald this afternoon announces that a big mass meeting is being arranged to greet Customs Collector Zack Lamar Cobb on his return here from the Texas Cattle Raisers' convention at Dallas to ask him to make the race.

As the administration mouth-piece on the border, as the administration's adviser on the border and Mexican affairs, the argument is set forth by Mr. Cobb's friends that he would go to congress with a prestige that would be worth much to the district.

Boy Scouts On Hike.

After attending prayer meeting last Friday night at the Cumberland church Rev. T. J. Tanner, Scoutmaster accompanied the Boy Scouts on a hike. The following boys enjoyed the outing:

Sam Ed. Woodall, Randall Webb, Isidor Cohen, James Flack, Cyril Deese, Cecil Deese, Geo. Nalls, Robert Sloan, Jewell Ray, Winston Edwards, Girvin Sanderson, Edward Johnson, Gordon Dabney, Haywood Edwards, Wilford Massey, Bert Meador, Ivan Oliver, Loyd Favor Tom Neal, Barney Creamer, Tom Hill, C. B. Taylor, Buck Crawford, and Hubert Brown.

Government Ownership Of Packers.

Washington, March 21.—Congress will take up consideration of permanent government ownership or control of the packing industry before the present session ends, according to all indications today.

Information being received by members of the senate to the effect that the federal trade commission is to make recommendations for government ownership of the packing industry. It is understood that these recommendations will be made at the conclusion of the present investigations which the federal trade commission is making.

Buster Brown and Tige in Town

Last Monday evening Buster Brown and Tige entertained the young people and the older ones too in front of the Nickle Store. The entertainment is the way the Brown Shoe Company has of giving publicity to their brand of shoes and is hugely enjoyed by the little folks.

School Trustee Election.

There will be held an election on April 6th in this Independent School District to select three trustees for the ensuing year. Ladies, this is your first opportunity to get into the voting and office holding game. Nature has endowed you with the natural ability and perception to make good school trustees. You know the wants and needs of children better than the men who have been holding this office for over a hundred years. A majority of the teachers are ladies and you can meet their demands better than mere man. Get into the trustee election ladies.

Tenant System Of Texas Condemned.

San Antonio, March 19.—"Because of the pernicious tenant system flourishing throughout Texas the state is rushing on to mediocrity. It is driving people from its borders instead of bringing them in."

This was the message given to Texans today by Frederick C. Howe, immigration commissioner for the port of New York who came to San Antonio to organize a free government employment agency.

"Here in this state which is larger than France and Switzerland combined you have boundless possibilities. You have resources in abundance. But you have no people. Instead of 70,000,000 persons you should support you have a handful."

Mr. Howe leaned forward in the earnestness of his subject. He was in the lobby of the St. Anthony hotel.

"You are choking the farmer out—the tenant cannot own property here. Lands are held at speculative prices which neither can afford to pay. You have turned your lands over by the hundreds of thousands of acres to one-man owners."

The agency he established today in San Antonio is only one of thousands to be opened in the United States. It will begin its work soon and will afford the unemployed man a place to register for work and the employer a place to state his needs so far as laborers are concerned.

Methodist Board Plans Big Campaign.

Memphis, Tenn., March 21.—Reviews of Methodist missionary work in Cuba, Brazil and Africa and submission of surveys outlining the needs of the missions in those countries made up the program of the morning session today of the committee of 100 of the Methodist Episcopal Church, South, which with the missionary centennial commission of the church is in session here to plan for a five year missionary campaign.

The amount the Southern church will be asked to raise as its contribution to a \$100,000,000 fund to meet the expenses of the campaign was to be determined at the final business session of the conference late today.

Hens To Lay Colored Eggs For Easter At U. S. Station

Lexington, Ky., March 23.—Hens at the United States experimental station here are to lay colored Easter eggs. All you'll have to do after you get your eggs will be to place them in boiling water and the color will be brought out, according to the station's experts. The laying of the colored eggs is to be accomplished, it is said, by feeding the hens special dyes for twelve days. The yolk of the egg, it is said, becomes impregnated with the color. Twelve White Leghorns are to be used in the experiment.

\$35,000.00 Cattle Deal

W. J. Moore and Sons sold their herd of Hereford cattle to E. W. Cates of Croffett, Ark. The cattle were delivered on the 27th inst. The herd consisted of 180 head of registered bulls, cows and calves. The total consideration of the deal was \$35,000.00.

Death of Capt. S. W. Yoe.

Death has claimed another one of San Saba's pioneer citizens in the person of Capt. S. W. Yoe, who died at his home in this city last Monday. Capt. Yoe had been in feeble health for several years. Interment was made in the Odd Fellows Cemetery. Rev. G. W. Light performing the last sad rites.

Gossard Corsets For Corset Economy

There is the utmost of quality in every Gossard.

Their style is unquestioned and imitable, their all-day comfort is priceless and proverbial, and they offer a wearing service that alone is worth the price you pay, whether it be \$2.00, \$2.25 \$2.75, \$3.50, \$5.00, \$5.50 or up to \$50

It is practicing economy to buy a Gossard corset.

The name

THERE IS NO TIME LIKE THE PRESENT.

And in the selection of ones wardrobe this trite saying was never more true. There was never a time when it was so much to ones advantage to buy early as now.

The present stock is remarkably complete so there is no advantage to be gained by waiting. Those who think by waiting later they will secure bargains will be pretty liable to see prices ascending instead of descending.

If you see a man or a boy with a grubbing-hoe with a serious look, the chances are he is not hunting work, but a damp spot of old mother earth which he can dig and get a supply of fish bait.

The agitation for woman suffrage does not come from the farms of Texas but from the precincts of the clubs, the afternoon teas, the forty-two parties, the limousines and the gilded parlors of the elite where life is found to be such a dreary mockery.—Temple Mirror.

That may be true but when election day—July 27th—rolls around the good mothers and sisters on the farms of Texas will have old Beck and Judy hitched to the farm hack or wagon, or may be they will crank the "Tin Henry" all come to town and cast just as intelligent a ballot as any "Lord of Creation" or the owner of a wooly poodle dog. As Brother Jasper remarked: "the world do move."

The Temple Chamber of Commerce has evolved a wonderful plan for exterminating English sparrows. Oil the streets and places where the birds congregate to discuss bird politics; the oil will adhere to the birds feet, the feet will give off the oil to the eggs in the nest, the eggs will fail to hatch and bingo, exit the sparrow nuisance. Wonderful but very simple. Sounds like a story of a snake and cat farm. Try it on the farm.—Temple Mirror.

The Star's war garden is the rendezvous for all sparrows that have any matters to discuss and it would be a shame to mess up their Gretna Green trysting place with oil. They seem to enjoy the tender vegetables so much and the water that trickles down the rows for irrigating is so convenient for them, they can eat vegetables to satisfy their appetite and then drink the water to gratify their thirst. If it wasn't for the sparrows pruning our spring garden down to a stand, we would have more vegetables than all our friends could consume.

Waste That Every Woman Should Prevent

Keeping quality is of vital importance in these days of high costs, and low supply of food products.

No matter how high the quality of an article purchased, if it lacks keeping quality it represents so much certain waste.

This is noticeably true of Baking Powders. A Baking Powder that is effected by time that deteriorates is bound to cause bake day loss. Such a powder not only necessitates using larger amounts but invites failure through its uncertainty. These powders should be avoided. No matter how big a quantity you obtain—no matter how cheap they may seem because of low price they are expensive as they waste in materials many times more than saving of cost. Calumet Baking Powder is a quality Baking Powder with the greatest of keeping Powder. It retains its wonderful leavening power—regardless of how long it may stand on your pantry shelf. You use but a level teaspoonful when the can is first opened and you continue to use the same amount to the last spoonful. This means economy in Baking Powder—and what is more important it means economy in bakings. Its moderate price combined with superior quality and dependability marks the greatest of buying economy. You save when you buy it. You save when you use it. And you save the materials it is used with. Its economy, purity and unapproached keeping quality keep millions of women buying Calumet in preference to any and all other brands.

THE NATIONAL FLAG

The New York Herald tells us that the Stars and Stripes is the most beautiful flag of any nation of the world.

It is the flag which George Washington, the first president of the United States, originated and caused to be made in Philadelphia after his own idea.

Careful research recently instituted reveals a claim by the Danes that a red swallow-tail flag with a white cross, which Denmark adopted in 1219, is the oldest of flags, but disputants bring counter claims of alterations in their flag, thus setting aside this claim.

There is evidence in the records that Denmark, Switzerland and the United States each figure as claimants for the precedence.

The Swiss flag, a red field with a white Greek cross, has been in existence unaltered as the flag of a Canton since the seventeenth century, but Switzerland has only been a nation since the Confederation of 1848.

The splendid Betsy Ross unchanged flag, dictated by the immortal George Washington, takes its place as the oldest and the first leadership, because it is the same Stars and Stripes from 1777.

All other greatly respected flags are youngsters in comparison with "Old Glory." Spain's standard was established in 1785; Great Britain's, 1801; Netherlands', 1806; Japan's, 1859; Italy's, 1861; Germany's, 1871, and the tri-color of France, 1794.—Graphic.

Our neighbor, the News issued an Easter Edition this week which is filled with nice advertising and special articles. Mrs. E. T. Allen, Mrs. Neal successfully conducted some of the best weekly papers in the state, both from a literary and financial standpoint.

World Swimming Record Is Broken By Woman.

San Francisco, March 20.—The world's record for women for the 440-yard swim was broken by Miss Fannie Durack at the Australian championships at Melbourne, Feb. 16. Word to this effect was received by mail yesterday by William Unmack, an official of the Pacific Athletic association. Miss Durack swam the distance in six minutes and three seconds, bettering the former record which she also held, three-fifths of a second. She won every championship on the program. Miss Durack is to arrive here in June for an exhibition tour of the United States.

A Great Opportunity For Young Ladies And Young Men.

The demand for telegraph operators was never so great as at the present time. The government demand has taken large numbers of operators out of their former places. Railroads are sending men out to get more operators, and are offering special inducements to commercial school students. Several different Railway Companies have offered to place every graduate Tyler Commercial College can furnish, in fact they tried to get our promise to let them place every graduate on their lines. The largest telegraph school in America—equipped with wire of a main line railroad, all telegraph and freight blanks and books of record, tickets, and in fact everything just as complete as found in the best equipped railroad offices, the best practical teachers to be obtained, thoroughly experienced in commercial and railway telegraphy, station and freight work—the Tyler Commercial College, of Tyler, Texas, is unable to supply the demands of the railroads, Western Union and Postal telegraph companies for operators.

Just received a message from a leading railway company reading: "Can you furnish us with all the operators we need, we furnishing them with free transportation over our line from nearest points?" Just as surely as you complete our course of telegraphy and station work, just so surely will we place you in a good position. The same is true where our course of bookkeeping, shorthand, Cotton Classing of Business Administration and Finance is completed.

Write for free catalogue. Our telegraph students are on all the leading Southwestern roads, and in Western Union and Postal Telegraph offices. Our graduates of other departments are holding high positions in the commercial world. With our help you can be a big success. Tyler Commercial College, Tyler, Texas.

 Following is report on weather for the week ending Saturday March 23rd 1918: Sunday some clouds, Ther. 34 and 72, wind South and North and south frost and ice next morning. Monday nearly clear Ther. 44 and 84, wind south and north. Tuesday nearly clear, Ther. 36 and 68, wind north. Wednesday clear, Ther. 48 and 92, wind north and south. Thursday cloudy, Ther. 66 and 88, wind south and north. Friday clear, Ther. 50 and 88, wind south and north-south. Saturday clear, Ther. 48 and 86, wind north. Average Ther. for week 64 F. being about three and one half degrees lower than during the week before. The winds have been very shifty, some days not coming from the same point of the compass two consecutive hours. The atmosphere seems to be just about as dry as it ever gets.
 Mrs. J. R. Ellis has gone to Mineral Weels for the baths for sciatic rheumatism. Mrs. Amy Sloan accompanied Mrs. Ellis.
 It looks like we have a sure enough hard row of stumps to hoe this year. First this German war, then the dry weather and now comes that somebody is trying to get our irrigating

systems away from us. What shall we do: fight or grin and bear it? Well thirty-nine of us last Saturday met at the court house and organized The San Saba County Irrigation Association for the purpose of mutual benefit and mutual protection against proposed unjust laws against the irrigators of the association. The Association will have a legal attorney whose business, in part, will be to represent our wants and needs to the Legislature and to see that the hereafter laws are not unfair to the members of the Association. This, briefly, is the sense of our attorney's duties as regards the doings at Austin.
 On the 6th of next April the great drive for the sale of Uncle Sam's third Liberty Loan is to be pulled off. What are you going to do? Will you buy a Liberty Bond or will you sit back and say I am too poor can't spare the money? Buy a Liberty Bond even if you can't spare the money. Then if money gets too awful scarce with you you can easily find a good market for your Bond. You'll not lose a cent and will feel proud that you have done something towards stopping the Hun in his ruthless march against freedom of the human race. Every fellow must do his part and the sooner we realize this fact the sooner we can end this war successfully. To win this war it is going to take untold millions of money and may be rivers of blood. You may think that buying or not buying a single Liberty Bond would cut no figure in this world war. If you were the only individual that thought so you might be right but suppose a thousand or a million others thought just as you do that would cut some figure, would it not? Buy a Liberty Bond, you are helping your self, your family and your country, yes, the whole world. Put your money in a Liberty Bond. Your money is absolutely safe. You will get it all back and interest every three months at rate of more than four per cent. If you have confidence in your government and if you have your country and freedom and want to help win this war waged by a people who have violated every principle that we hold sacred and dear, buy a Liberty Bond.
 Jym Sloan is chairman for the management of the drive for this third Liberty Bond sale for this community. Let him know your wants concerning these Liberty Bonds. He will cheerfully do anything he can for you.

 Sunday School 9.45 a. m. R. S. Crane Supt.
 Sunday morning April 7, we are to have a very interesting Sunday School program. All parents invited and all members of our congregation.
 Both morning and Evening services next Sunday will express the Easter joys to all Christians.
 In the absence of Dr. Greer the Presbyterians will unite with us in our Easter morning services.
 A beautiful Easter Song program is being prepared with the direction of Mrs. Knight Rector.
 And the music at both services will be especial attractive. The public always cordially welcomed.
Z. V. Liles, Pastor.
SLOAN
 The preaching service next Sunday afternoon, Easter Sunday, will begin promptly at 2:30 instead of 3:00 o'clock as heretofore. The hour is changed only for the one Sunday, in order to permit me to return to San Saba by 4:00 o'clock, when we will start a service in the District Court room. This being Easter Sunday, a day which should cause all people to rejoice greatly, we are very anxious for just as many friends to attend this service as possible. Don't forget the hour. The Sunday School will follow the preaching service immediately.

Miss Annie Miller.

The sad message of the death
of Miss Annie Miller reached
our city Tuesday. Although
expected, it was a severe shock
to her many friends.

Miss Annie was the young
daughter of Mr. and Mrs. Hugh
Miller, she was reared in this
community and beloved by all
who knew her.

She was in delicate health
for several years and for the
last year lived in Kirrville,
Texas for the benefit of her
health, at which place she died.

The remains arrive here
Wednesday and interred in the
Odd Fellows cemetery. The
Rev. W. T. Cochran of the
Christian church officiating.

The former associates of the
departed sang favorite songs
and the grave was covered with
beautiful blossoms expressing
the loving remembrances of the
one who has gone away.

Mrs. Velma Oliver Smith.

Mrs. Velma Oliver Smith
wife of F. E. Smith, was born
Feb. 7th, 1878, and died at the
family home in Fort Worth,
Friday, March 22nd, 1918.
The remains were brought here
Sunday and the burial took
place the same afternoon at the
Harmony Ridge cemetery. Rev.
T. J. Tanner conducted the fun-
eral. Deceased was a daughter
of the late Mr. and Mrs. Mark
Oliver of Harmony Ridge. She
leaves a husband and two chil-
dren a son aged seventeen and
a little daughter of six.

A large number of relatives
and friends gathered to pay
their last tribute of love to the
departed. The mound was cov-
ered with beautiful floral of-
ferings placed there with loving
hands to the sacred memories
of the past. We extend con-
dolence to the family in their
great sorrow.

YOU CAN HELP SATURDAY

Remember next Saturday
March the 30th, you can help
the Red Cross by trading with
G. A. Arhelger.

15 per cent of all sales will
be given the Red Cross, every-
thing will be sold at the reg-
ular price, and you will be help-
ing the Red Cross that much,
everything goes in this sale,
Auto accessories, tires tubes,
Gas and lube, Farm Implements
etc.

On Automobiles 5 per cent
will be given the Red Cross, so
if you are going to buy an Au-
tomobile anyway soon, just as
well buy now, and help the Red
Cross that much, if we should
not have the Auto in stock, we
will take your order, and when
it is delivered, we will give the
Red Cross a check for the 5
per cent on same.

We hope that everybody
needing anything in our line
will take advantage of this sale
Saturday March the 30th, as
you can help the Red Cross
this way, and will have as much
to do or more even towards
making this a great day in San
Saba for the Red Cross as we
will.

Remember the date and lets
make this a great day.

Yours truly,

Forgot What He Needed.

From the Republican, Mt. Gilead,
Ohio: The editor had an interesting
experience some time ago, when a
young gentleman came to this of-
fice and asked for a copy of the
Morrow County Republican. He
scrutinized it carefully when a
copy was handed him, and then
said: "Now I know!" "What is it
you are looking for," we inquired.
"My wife sent me after a bottle of
Chamberlain's Cough Remedy, and I
forgot the name. I went to several
stores and the clerks named over
everything in the line on the shelf
except 'Chamberlain's'. I'll try
again, and I'll never go home with-
out Chamberlain's Cough Remedy."
The Republican would suggest to
the proprietors of stores, that they
post their clerks, and never let them
substitute. Customers lose faith in
stores where substituting is permit-
ted, to say nothing of the injustice
to makers of good goods and the
disappointment of customers.
