## ONE THOUSAND TWENTY-THREE REGISTRANTS UNDER NEW DRAFT

REGISTRATION UNDER THE NEW DRAFT LAW LAST THURSDAY WAS THOROUGH AND ALL BETWEEN THE AGES OF 18 AND 45 HAVE BEEN CLASSIFIED

### BULLETIN OF THE LOCAL SELECTION BOARD

1. The registration in the county last Thursday, the 12th instant, so far as reports thus far received indicate, was complete and successful. A consolidation of the returns made by the chief registrars of the twenty-four precincts shows that 980 men registered. As to citizenship, 969 were native born; one was a naturalized citizen; and one was a citizen by his fathers' naturalization before the registrant's majority; two were declarant aliens; and seven were nondeclarant aliens—all of the latter class being Mexicans. As to race, 974 were white men and six were negroes—Mexicans being classed as white. As to ages, there were 100 18's, 79 19's, 83 20's, 3 21's, 34 32's, 75 33's, 56 34's, 53 35's, 76 36's, 60 37's, 48 38's, 42 39's, 49 40's, 52 41's, 48 42's, 50 43's, 49 44's, and 23 45's. From the foregoing it will be seen, among other things, that only three young men in the county had reached their majority after August 24, 1918, the day of the next preceding registration, and on or before the 12th instant. The registration by precincts ran as follows: No. 1, San Saba 292; No. 2, Harmony Ridge 13; No. 3, Colony, 10; No. 4, Rough Creek, 9; No. 5, Bend, 37; No. 6, Cherokee, 60; No. 7, Wallace Creek, 32; No. 8, Sloan, 18; No. 9, Cold Creek, 13; No. 10, Latham, 12; No. 11, Richland Springs, 128; No. 12, Holt, 18; No. 13, Bowser, 41; No. 14, Locker, 61; No. 15, Algerita, 39; No. 16, China, 31; No. 17, Spring Creek, 16; No. 18, McMillin, 20; No. 19, Chappel, 18; No. 20, Fairview, 18; No. 21, Shaw Bend, 6; No. 22, Mt. Pleasant, 26; No. 23, Northwest, 27; and No. 24, Hall, 35. Since registration day 43 additional cards have been received by this Board, bringing the present total of registrants to 1023, with more cards to come to hand. The present total is four short of the total registration of June, 1917. The Government's estimate of the total registration was 1367, on the basis of a third larger registration than in June, 1917. The county has fallen short of this amount by 344 at this writing. It is known that some citizens temporarily absent from the county not knowing that they could register within the county where they were residing as absentees registered within the county where they were residing on registration day, but as this number did not reach 344, the Government's figures appear to be overestimate.

2. The registration within the county was not only a success but was conducted without any expense whatsoever to the Government. That these two very laudable ends could have been attained only by ready and cheerful assistance and cooperation of the chief registrars, the assistant registrars, school trustees, and the public generally, this Board is glad to acknowledge freely. The names of the chief registrars and assistant registrars have, according to the regulations, been sent to State headquarters, as was the case in the preceding registrations whence they will be sent to Washington, where they will be entered in the roll of patriotic citizens who have rendered uncompensated service to the Government. The names of the chief registrars were given in a late bulletin; except that W. G. Locker filled this office at Holt instead of J. L.

Locker. The assistant registrars were: San Saba: R. W. Burleson, J. E. Hagan, A. V. Riley, C. H. Hearson, N. K. Lidstone, and W. C. Dofflemyre; Harmony Ridge: R. L. Oliver; Colony: E. J. Parker; Bend: R. M. Lewis; Cherokee: C. L. Behrns and Marcus H. Sessions; Sloan: P. C. Sloan; Cold Creek: H. H. Kuykendall; Richland Springs: J. W. Munsell, and H. A. Graham; Bowser: D. T. Cowart, Jr.; Locker: Grover Renfro; Algerita: F. P. Knight; China, G. A. Gaines; Spring Creek: J. E. Hopson; McMillin: Carl Bryant; Fairview: V. M. Huff; Shaw Bend: J. M. Parker; Mt. Pleasant: B. F. Williams; Northwest: R. B. Smith; Hall: Geo. Bagley.

3. The totals of the four registrations within this county stand on this date as follows: June 5, 1917: 1027; June 5, 1918: 103; August 24, 1918: 19; and September 12, 1918: 1023; making a grand total of 2172.

4. The first step the new registrants will be required to take will be to fill out and return promptly their questionnaires. The date for the mailing out of the letters has not yet been set by State Supervisor.

5. The careful and constant attention of new registrants is invited to the following facts: It is the duty of every registrant, unclassified or classified, and irrespective of his class, to file with the local board having jurisdiction over him his new address in detail immediately upon changing his address. This is every registrant's first duty and it is only by fulfilling same that registrants can protect themselves from voluntarily becoming delinquents by failure to receive mailed notices calling upon them to perform certain acts and their consequent failure to perform such acts.

6. Special Induction Call No. 1296 has been received. The quota for this county under such call is two white, Class 1, Group A, men; the draftees to be sent to Camp Mabry, Austin, Texas, for a course of instruction in auto mechanics. The date of entrainment is the 18th instant. The draftees are Joe Lee Nepper, Miami, Arizona, of the Class of 1917, who will be entrained by the Local Board at Globe, Arizona; and Lonnie Roy Taylor, post office San Saba, of the Class of August 24, 1918.

7. This Board has received numerous requests for information in regard to the Students' Army Training Corps, the date upon which enlistment in the navy and marine corps will be reopened, and how soon the first call for Class 1, Group A, registrants of Class of September 12, 1918, will be received. This office has so far received no official instructions as to any of these three matters.

**DOLLAR BILL HAS SHRUNK** Value of the Simolean Has decreased very much—Figures on its Purchasing Power.

Washington, Aug. 29—Comparison of food prices prevailing now with those of five years ago, shows that the purchasing power of a dollar bill shrunk to 54 cents in Washington, and Baltimore; 75 cents in Philadelphia, 59 cents in New York and Chicago and 63 cents in San Francisco, according to a state-

ment today by the department of labor.

Food which could be bought for \$1 in July 1913 now costs \$1.85 in Washington, \$1.69 in Chicago, and \$1.58 in San Francisco.

In one year period from July 1917 to July 1918 food prices advanced 222 percent in San Francisco, 20 percent in Washington and Philadelphia; 20 percent in Baltimore; 17 percent in New York, and 11 percent in Chicago.

### BONE-DRY NATION BY DEC. 1, PREDICTED

Washington, Sept. 8.—Drys in Congress predicted Saturday that the country will be practically "bone dry" after the order prohibiting brewing of beer goes into effect Dec. 1.

Any great increase in whisky drinking then, they believe, will be prohibited under regulations making the shipment of whisky from warehouses to points of sale slow and difficult. This, they said, could be easily be accomplished on the ground that whisky is a nonessential and should not be permitted to use transportation facilities.

"The order brings nationwide prohibition nearer by six months than the Sheppard amendment," said Senator Sheppard of Texas.

### SLOAN SIFTINGS

Rip Van Winkle

Rev. B. D. D. Greer filled his regular appointment here last Sunday. Sunday night instead of preaching, Miss Anna Greer, his sister, who is a missionary to Korea for the past six years, made a talk on Korea and its people. Miss Greer is a graduate nurse and minister to not only the spiritual needs but also to the physical needs so far as a doctor can, of the Korean people. The Korean people are very far behind in the medical line. They have the one universal remedy for all human ailments. They have a small steel instrument which they heat and burn the patient whether for a snake bite or for the fever. The Korean diet is chiefly rice, their shoes are made of plaited straw. They belong to the Mongolian race, and can read the Chinese or Japanese language as written but cannot speak it. Miss Greer sang for the audience "Just as I am" in Korean.

Our people are still shipping cattle to Fort Worth, because of the drought.

Roland Maxwell will ship two cars of calves for the Misses Sloan Tuesday.

Ward Holman shipped stock cattle to market Saturday.

The hum of the pear burner can now be heard in the land. Most all of the larger ranch Kerosene and pear burners will be in demand this winter if things don't change in about fifteen minutes.

Roy Rankin had two children with diphtheria last week. One of them's life was despaired of for a time, but at this writing the little fellow is convalescent.

### RICHLAND SPRINGS

We will send you a few lines from our town.

The gins here have put out 750 bales, to date, at the present prices will bring over \$100,000.00 to the farmers of this community.

A card from Thomas A. Carter in the mechanical school at Camp Mabry states he is well and pleased with his work.

W. C. Locker has one of S. R. Skaggs patent gates installed at his gin. The gate is a perfect success.

Dr. E. M. Burleson left for Brownwood, he is moving to get a better practice. More office work and less outside practice.

M. B. St. Clair and S. M. Morris, old confederate vets. will leave here Sunday for the Confederate Reunion at Tulsa, Okla.

## PRACTICAL DEMONSTRATION OF SAVING IN CO-OPERATIVE BUYING

RICHLAND FARMERS CO-OPERATE IN BUYING 5 CARS OF SEED AND FEED AND SAVE \$800.00. EQUALLY AS MUCH MADE BY CO-OPERATIVE SELLING.

### CO-OPERATIVE BUYING-SELLING MONEY SAVERS

A splendid example of how co-operative buying helps the farmer was had in the meeting of farmers at Richland Springs last Saturday afternoon. These farmers through their Marketing and Buying Association bought 4 car loads of oats and one car of cotton seed cake. In their co-operative action they secured wholesale prices and saved in actual money over local retail prices over \$500.

Then they received the benefit of the Governments offer of half freight rates on feed bought in car load lots through the certificate of the county agricultural agent. This will amount to about \$350 in itself, making a total of over \$800, saved to the farmers in one afternoon of co-operation.

The County Agricultural Agent must indeed feel proud to see his efforts in organizing this marketing association last year bearing fruit. Immediately after organizing last fall they bought several cars of seed and feed and marketed co-operatively a car of turkeys. The saving in these transactions mentioned above makes the total more than a thousand dollars saved to the farmers by this co-

operating in buying and selling. The County Agricultural Agent has acted as the advisor of the organization and when requested has always attended their meetings to assist them in buying.

By questioning the county agent we have found that similar organizations were perfected last fall at Cherokee and San Saba. They bought car of seed wheat and 6 car loads of corn which was a saving of approximately \$2,000.00. Another meeting to buy feed and seed co-operatively has been called for next Saturday Sept. 21, to meet at the court house. It is expected that several cars of feed and seed will be purchased and half freight rates secured. Now that the farmer is beginning to see how much it is to his interest to co-operate it is hoped that he will not pull back any longer but step up and join in helping himself.

It was through this same co-operation that the county agent was able last fall to get the Government horse buyer to come to San Saba and buy two car loads of horses paying from \$40 to \$75 each more for them than could be secured otherwise.

This put no less than \$4,000 to \$5,000 in the pockets of the farmers that would not have been there without co-operative action.

### BOY SCOUTS

Next Thursday evening, Sept. 19, there will be an extraordinary meeting. John Wiley Arhelger won a War Service Emblem in selling bonds of the Third Liberty Loan; this emblem has been received, and will be awarded next Thursday evening, with appropriate ceremony. The Troop Committee and Third Liberty Loan Committee will be present, and all Scouts are urged to be present themselves, bringing their parents, brothers and sisters and friends. Any boys of twelve years of age or over are especially invited to attend.

The same issue announces the arrival of twin girls to bless the editors household. This is more prosperity than an editor can stand during a drouth, but the Star indulges the hope that the pair of Queens will inherit all the amiable qualities and beauty of their mother and the winning ways of their dad.

The homestead law should be held inviolable and the money-mud-trenchers and political shysters should be given to understand they will not be permitted to rob women and children of the benefits of this beneficent statute. Like all good laws the homestead law is sometimes abused by dishonest people, but this is also true of other protective laws. Religion is many times used as a cloak to cover acts of some of the greatest rascals the world has produced, but no sane person would do away with it because it is thus abused—better do away with the rascals who take advantage of its usefulness. The homestead law is the families best protection and also shields the honest creditor who understands its provisions. Those who have been sufficiently industrious and economical to own a home will be honest enough not to incur debts that they cannot pay.—Farm and Ranch.

**SUGAR:**—The rules require that each head of a household sign a pledge that he will not purchase nor will his family use more than 2 pounds of sugar for each member of his or her family per month. Each household is urged to keep an accurate account of amount of sugar purchased and used—while this is left to the honor of the households, yet should this rule be violated a severe penalty is attached and will be rigidly enforced. PLEASE KEEP THIS IN MIND.

**FLOUR AND SUBSTITUTES:**—You may buy all of the flour that you may need at the present, provided that you buy ONE pound of SUBSTITUTES for each FOUR pounds of flour that you buy, but it is required that you do not make any whole wheat bread but that you mix in your flour one pound of substitutes to four pounds of flour.

**BE ECONOMICAL IN THE USE OF EVERYTHING AND THUS HELP WIN THE WAR, AND AT THE SAME TIME ACQUIRE A HABIT THAT WILL BE A GREAT BENEFIT TO YOU THROUGH ALL OF YOUR LIFE.**

**HERE'S WHAT YOU WILL PAY UNDER NEW SCHEDULE OF INCOME TAX LAW.**

Washington, Sept. 1.—Every person who is called upon to pay an income tax will find it easy to figure out how much he will have to pay under the new rates adopted by the Ways and Means Committee for the \$8,000,000,000 revenue bill. The final corrections in the scale of dates for the super-taxes were made Saturday, and they are given herewith.

Some confusion has been caused by the publication of rates which were not those that the committee adopted, but the following rates for super-taxes are correct:

On the portion of the income between \$5,000 and \$7,000, 2 per cent; \$7,500 to \$10,000, 3 per cent; \$10,000 to \$15,000 7 per cent; \$15,000 to \$20,000 10 per cent; \$20,000 \$30,000 15 per cent; \$30,000 to \$40,000, 20 per cent; \$40,000 to \$50,000, 25 per cent; \$50,000 to \$60,000 32 per cent; \$60,000 to \$70,000, 36 per cent; \$70,000 to \$80,000, 42 per cent; \$80,000 to \$90,000 46 per cent; \$90,000 to \$100,000, 48 per cent.

The rates of incomes above \$100,000 have not been finally passed upon, but they will be fixed by the time the bill is ready for introduction in the House next Tuesday.

Under these rates, an income of \$100,000 a year will pay a total tax of \$29,215; an income of \$50,000 will pay \$12,615; an income of \$20,000 will pay \$2,575, and an income of \$10,000 will pay \$965.

A married man, without children, earning \$4,000 a year will pay \$120 to the government as a tax on his income. He will pay only under the normal tax rate of 12 per cent, which, in his case, would be only 4 per cent, because on all incomes up to \$4,000 only one-half of the normal rate, or 6 per cent, is to be collected.

The super-taxes do not begin until the \$5,000 incomes are reached. Hence to figure out what the total tax on a \$10,900 income for a married man without children would be, the calculation would be accomplished in this manner:

Six per cent on the first \$4,000, less the \$2,000 making the tax \$120; 12 per cent on the amount above \$4,000 and not in excess of \$10,000 or \$6,000, \$720; 2 per cent on the amount in excess of \$50,000 and not over \$7,500 and not over \$10,000, \$2,500, \$75; making a total of all these amounts of \$945.

The following list will show how the various taxes will be worked out in the case of a married man without children:

**Married Men's Schedule**

On an income of \$3,000 the normal tax will be 6 per cent on \$1,000, or \$60.

On \$4,000 the tax will be 6 per cent on 2,000, or \$120.

On \$5,000, 6 per cent on \$2,000 and 12 per cent on \$1,000, or \$240.

On \$6,000, 6 per cent on \$2,000 and 12 per cent on \$2,000, with a super-tax of 2 per cent on \$1,000, or a total tax of \$380.

On \$8,000, 6 per cent on \$2,000, 12 per cent on \$4,000 and a super-tax of 3 per cent on \$500, or a tax of \$765.

On \$10,000, 6 per cent on \$2,000, 12 per cent on \$6,000 and super-taxes of 2 per cent on 2,500 and 3 per cent on \$2,500, or a total tax of \$965.

On \$20,000, 6 per cent on \$2,000, 12 per cent on \$16,000 and super-taxes of 3 per cent on \$5,000 and 10 per cent on \$5,000, or \$2,575.

On \$50,000, 6 per cent on \$2,000, 12 per cent on \$46,000 and super-taxes of 2 per cent on \$2,500, 7 per cent on \$5,000, 10 per cent on \$5,000, 15 per cent \$10,000, 20 per cent on \$10,000 and 25 per cent on \$10,000 or a total tax of \$12,615.

A single man will have an exemption of \$1,000 as contrasted with the \$2,000 exemption allowed married men. For each child in a family there will be allowed an additional exemption of \$200. So if a man with a \$4,000 income has two children he will pay on only \$2,000, 600, rather than on \$2,000, while a single man with the same income will pay tax on \$3,000.

**SHILOH SAYINGS**

"The Sammies into Germany" is the battle cry of Shiloh.

Our farmers are very busy gathering from one to twenty bales of cotton, lots of peanuts and a nice quantity of hay. They take their daily paper and eagerly watch every movement of the war. As they pass each other on the road from the cotton fields and gins, their greeting is "The Sammies into Germany."

Many of our husbands, fathers and sons registered last Thursday and we realize that many of them must be called to our nations aid and very soon. This makes us very sad because they are ours by the tie of kinship, but above this dear relationship, hovers the honor of a great liberty loving nation whose arm of protection has ever been around us, and is now calling her sons of liberty to

rally to her colors: therefore we as mothers wives and sisters in compliance with duty, place these dear ones as a living sacrifice upon the altar of right and justice to the world.

The drilling for oil near Lock-er continues to create a wide awake interest among the people as they gather there every Sunday in large crowds to look upon the enterprise which bespeaks wealth and prosperity.

Miss Elisabeth and Master Clinton Halcomb, who are attending school at San Saba, were visitors at home last Saturday and Sunday and were speaking in loud praise of the San Saba school.

Miss Roda McNatt visited Miss Elisabeth Halcomb last Saturday and Sunday.

**PARENTS: THAT SON OR DAUGHTER, WHAT ABOUT THEIR FUTURE SUCCESS?**

Their ability to think, to do, to act according to the laws of a well trained mind will measure their success.

How to give them the most of this important training in the shortest time and at a reasonable cost, is the question that a catalogue from America's largest business training school will answer. Whenever a group of parents get together, whether it be in the home, in the store or at a convention, and the question of the kind of an education to give to a boy or girl comes up, some well informed parent and patron of the Tyler Commercial College, Tyler, Texas, will tell of the advantages of this famous institution and what wonderful results it accomplished for his son or daughter in a remarkably short period of time, and at a small expense. He will tell of his child's success since graduating in this institution and will emphasize the fact that the training received was broad and thorough, both from a business and moral standpoint. Write for a catalogue of the Tyler Commercial College today. Read the endorsements from parents who have patronized this institution. Read the many endorsements from students showing their success. Read the endorsements of business men as to the thoroughness of training. Read the description of our extensive practical courses of study, and you will see that the Tyler Commercial College is not a small business college, but it is an educational institution that ranks among the foremost of the country. When your son or daughter graduates from this institution they will hold a diploma that represents efficiency, and will not only be a passport into the best salaried positions, but will be unquestionable evidence that they have achieved a great accomplishment. They will not have to go back home and wait for something to turn up, they can go into the business world and turn something up.

Pay the President — Chamberlain's Cough Remedy.

This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Wm. Seruby, Chillicothe, Mo., writes, "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for coughs colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic.—For sale by The Corner Drug Store.

**On Sept. 1st**

My books will close for the year and my accounts will be due. Please donot disappoint me by not meeting your account promptly at that time.

It has been with very strenous efforts that I have carried your accounts this year. The Wholesalers are now requiring cash for the goods wt sell you so to keep in business we must have cash or keep the goods. The Food Administration also urges that we sell for cash and curtail every expense thereby reducing the cost of living and save for the war that we must win above everything else eliminate as far as possible more than one delivery to each home daily, that will save time and expense. You will need credit more later on than you do now, so pay cash while there is cash. You expect CASH for what you sell.

**Chamberlain's Cough Remedy.**  
This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Wm. Seruby, Chillicothe, Mo., writes, "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for coughs colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic.—For sale by The Corner Drug Store.

**Reasons!**  
Why you should use Cardui, the woman's tonic, for your troubles, have been shown in thousands of letters from actual users of this medicine, who speak from personal experience. If the results obtained by other women for so many years have been so uniformly good, why not give Cardui a trial?  
**Take CARDUI**  
The Woman's Tonic  
Mrs. Mary J. Irvin, of Cullen, Va., writes: "About 11 years ago, I suffered untold misery with female trouble, bearing-down pains, headache, numbness . . . I would go for three weeks almost bent double . . . My husband went to Dr. for Cardui . . . After taking about two bottles I began going around and when I took three bottles I could do all my work."
