## GOVERNOR FERGUSON MAKES JUNE 5TH A HOLIDAY

Governor Ferguson has issued a proclamation designating Tuesday, June 5, as a special day for reverence and respect to the solemnity of registration day. The proclamation in full follows:

A proclamation by the governor of the state of Texas.

The tocsin of war has sounded, and to the ears of the nation has come the call of duty.

Under the powers conferred by congress, President has issued his official proclamation, requiring all male persons between the ages of 21 and 30, except members of the regular army or navy, to present themselves at their respective voting places throughout our country on the 5th of June, 1917, between the hours of 7 a. m. and 9 p. m., and register their names for military duty. Those who through sickness or otherwise shall be unable to present themselves for registration should apply on or before the day of said registration to the clerk of the county or to the presiding judges of their respective voting boxes for instruction as to how they may be registered by agent or by mail.

This 5th day of June will not only be eventful to the young men who are required to register, but the events transpiring on that day will leave an indelible impress upon the history of nations.

The term conscription has been much misunderstood. The term in its present significance and application has been confused with that of former times when the man catcher was employed to apprehend the unpatriotic citizen who sought to evade the service necessary in defense of his country. When the young man goes to his voting place, in compliance with the request of the president, he becomes not a conscript, but in truth and in fact a volunteer for his country's cause. When the young man goes to his voting place and registers his name on the 5th of June, he in fact says: "Let me serve my country" and in turn the government in effect says: "Your offer of sacrifice is appreciated and accepted. At a convenient time you will be summoned to the colors." Thus it will be seen that if our young men obey the call for registration the ignominy of being called a conscript can never be placed upon them.

Therefore, let every young man of the age cheerfully observe the 5th day of June and show his love for his country, by offering himself as a sacrifice, if needs be, upon the altar of human liberty and world-wide democracy. After all, we have but one life to live, and what greater name could the young man leave or what greater deed could he perform, or what greater glory could he achieve than to have it said of him that he responded to the call of his country, and said, "Here am I, send me?"

"In life's broad field of battle,  
In the bivouac of life,  
Be not like dumb driven cattle,  
Be a hero in the strife."

While there is much for the young man to do, let it be not forgotten that there is much for others to do. The prayers of mothers and advice of fathers have been an important part in the battles of history. If we are too old or too young to go to war, let us not forget that there is an increased obligation resting upon us to perform the service which our soldier boys would perform had they not been called to foreign lands and foreign climes for our common good.

If you have not a boy to send to the war, then buy a liberty bond. If your neighbor sends two boys to the war, then you ought to buy two liberty bonds. If you cannot buy a bond then render some free service to your neighbor whose boys will shoulder the musket in defense of the country. It is not so much a question of how much you give or what you do, but it is more a question of whether you have done your best. Not until your conscience tells you that you have made every sacrifice which you can afford to make is your duty to your country performed.

I appeal to the citizenship of Texas will observe the 5th of June with all the reverence and respect which the solemnity of the day signifies. Let the heart of our state on this day throb as it has never throbbed; let us feel as we have never felt; let us lay aside the cares of the day, and as one people under one flag and one God turn out and thus express our loyalty as we have never expressed it before.

## NO WORD FROM LEON SPRINGS FOR THE STAR

San Saba is well represented at the officers training camp, Leon Springs, and the bunch there has a host of friends here who are anxious for some news from them,—and the Star has been expecting each mail to bring us a long letter for publication, but up to this hour none of these patriots of Uncle Sam's have taken the time to write a letter home to old friends, but we are fortunate in clipping the following from a neighboring paper, which will give the home-folks some idea of the life being led by the San Saba bunch,—and we are all tickled to death to learn that it is twelve hours a day now, instead of twelve hours a week—some weeks. The following tells the tale:

There are nearly 3,000 men in training at the camp to say nothing of the 1,000 regulars who are on duty there, and the several hundred National guardsmen and officers who have charge of the training. The training camp is 23 miles west of San Antonio. At the camp the men are quartered and 150 motor trucks are operating between San Antonio and the camp, hauling supplies, etc.

At the camp the men are quartered in frame barracks, about seventy-five men to the building, or two barracks for every company. Cots and blankets are furnished, but if the boys want mattresses they just fill them with hay which they can pull from a stack on the grounds. Other equipment issued includes a uniform, four pair of pants, khaki trousers, regulation army shoes, two wool shirts, and a fatigue blouse which must be worn in the evening.

The camp is kept in a perfect sanitary condition. There is a gymnasium, a hospital, a bank, a post office, a quartermaster's depot, on the grounds. I appeal to the citizenship of Texas to observe this day, in deed and in spirit, and with the memory of our gallant forefathers reminding us, and with the love of our mothers inspiring us, and with the emblem of our flag leading us, and with the right of our cause consoling us, we will take our stand upon the watch-towers of freedom and welcome the contest.

Done at the city of Austin, this 27th day of May, A. D. 1917.

grounds. The bank and commissary are operated by the government on the profit-sharing basis and all profits are used in procuring better food.

The physical examination is rigid and many applicants have been rejected for minor defects. All recruits are inoculated against typhus as soon as they arrive at the camp.

There is something doing at the camp all the time, and the three months training promises to work some real vitality into the young men, and equip them for hard service. The first call comes at 5:54 in the morning and the last at 9:54, and the last call is for bedtime. Each company has a mess hall, in which paid cooks and waiters prepare and serve the meals and the men are not required to do camp duty. The menu varies each week, and is about as follows for one week:

Breakfast—coffee, light bread, oat meal, fried potatoes occasionally, and a light hash; Lunch—canned corn, bread, coffee, and more hash; Dinner—canned fish, potatoes and hash again. This menu is varied each week and proves appetizing, as all food is well prepared. There is no butter for one's bread or cream for coffee, however; nor ice tea, while such a thing as a cold bottle of beer is absolutely tabooed, as is all idleness, including cards, etc. Visitors are allowed to visit the camp, but not remain.

Following were the list of calls, duties, etc., observed last week:

1st call for reveille, 5:45 a. m.; reveille, 5:55; assembly, 6:00; (Calisthenics without arms to), 6:10; Mess call, 6:30; Sick call, 7:00; Inspection of quarters, 7:05; 1st call for drill, 7:15; Assembly, 7:20; Recall, 12:00 m; Mess Call, 12:15 p. m.; 1st call for drill, 1:40; Assembly, 1:45; Recall, 4:25; N. The above is life at the camp, as told by E. E. Murphy, in the San Angelo Standard. Mr. Murphy and four others have just returned to San Angelo, having been rejected for various reasons.

## SUCCESSFUL POULTRY DEMONSTRATION

Last Friday and Saturday are days that will be long remembered by the poultry loving people of San Saba county. The poultry short course of lectures and poultry exhibit came off as announced in these columns as announced last week.

County Agent Elrod had made all arrangements and advertised the meeting and Friday morning F. W. Kazmeier, Poultry Husbandman of the Extension Department of the A. & M. College, and Prof. T. J. Conway, Assistant Professor in Poultry Husbandry of the A. & M. College arrived. The meeting was opened by Mr. Elrod who stated the object of the school and introduced Prof. Conway. The program was then carried out as advertised and much interest was shown.

Before the meeting was scheduled to take place many chickens exhibit and more than 20 different exhibits were shown. The poultry experts agreed that the poultry shown here was of an exceptionally fine quality and praised San Saba county for their enterprise in raising such good poultry.

The two days school of lectures were enjoyed by pretty good crowds but owing to the busy season and the ground having just dried out sufficiently to plow after a rain there were not as many present as there would have been otherwise. Those who did not hear the lectures missed

a great deal and those who did have gained knowledge and information that will very materially help them in raising poultry.

At the close of the lectures Saturday afternoon a county poultry association was formed and the following officers elected. President, R. J. Edwards, San Saba; Vice-President, Mrs. C. S. York, Locker; Secretary, W. T. Walker, San Saba. The association will meet Saturday afternoon at the court house June 23rd for their first business meeting and all poultry raisers, whether they raise few or many are invited to attend and if they desire join the association. This organization will very materially aid the poultry interest of the county and every poultry lover should lend it their help. Don't leave it to others to join and help. There is more money in poultry than any other live stock or any crop raised on the farm for the money expended and the time given to it.

The following prizes were awarded to those showing poultry.

Leghorns—1st, M. G. Estep, 2nd, R. J. Edwards.

R. I. Reds—1st, G. M. Pool, 2nd, Did not get name.

Wyandottes—1st, Mrs. W. H. Kimbrough, 2nd, J. D. Parker.

Orpingtons—1st, Mrs. Joe A. Williams, 2nd, S. J. Drouilhet.

Cornish—1st, W. T. Walker, 2nd, R. T. Lewis.

Campines—1st, E. E. Fagg.

Fries—Mrs. Joe A. Williams.

Turkeys—Mrs. C. S. York.

Two or three won prizes other than the ones mentioned above but we failed to get their names. If those winning prizes and whose names are not mentioned will kindly furnish us the information we will gladly publish it.

In publishing prizes offered by the business men two weeks ago, and in circulars printed, a mistake in the setting was made, which should be corrected. Each of the banks of San Saba offered prizes to the amount of \$2.00. The First National Bank did not get credit and the City National had two prizes credit to them. One of these prizes should have been to the First National Bank.

The two big live oak trees which stood at the northwest corner of the court house yard at Lampasas, have been cut down. Those who are familiar with the growth of trees claim them to be about 500 years old. They showed evidence of shooting scrapes in the early days of Lampasas, and to the limbs of one of them a man was hanged in the early sixties.—Lometa Reporter.

## COMMENCEMENT EXERCISES TO BE HELD JUNE 1ST-5TH.

The Commencement exercises of the public schools will be held on the evenings of June 4th and 5th at the Methodist Church, each night promptly at 8 o'clock, the public generally being invited to attend—free.

This exchange of dates is made at the request of Dr. Tolman, in order that he may attend the Commencement Exercises of Baylor University, and is agreeable to all concerned.

### FLANNEL-MOUTHED SOCIALISM AND BOMBASTIC ANARCHY

The Star is as much opposed to anarchy among one class of citizens as another. We think a bunch of anarchists composed of the student-body of the University, inspired by the faculty, trying to intimidate the Governor of this State, should be dealt with exactly as should a bunch of anarchists in the Panhandle country, trying to intimidate the government. If there is any leniency shown, it should be to the poor, ignorant devil whose environment has been questionable, and whose education has been neglected the educated anarchist gets his education free, from the State, and when he begins to 'feel his oats,' he is dangerous, for he is capable of doing a great deal more meanness than is his ignorant co-conspirator. It has long been suspected that the University was under the impression that it was the orbit around which the State moves and gets its lease on life. Compare, if you will, the Democratic precept and admonitions of that grand old man, O. M. Roberts, to the Socialistic teachings of today and the anarchistic demonstration last Monday, and you readily can see where our great educational institution is drifting. There are breakers ahead, if they have not already been reached.

The Governor has been fighting a bunch of double-dealers, grafters, socialists, and blue-bellied Yankees, ever since he has been at the head of the State government, trying to get the institution back on a sound Democratic foundation, as prepared by its founders, so as to keep in touch with the people. To demonstrate how far anarchy has progressed, it is only necessary to call attention to the incident in which this bunch of sweet-smelling

geraniums pulled off such a disgraceful demonstration as that at the Capitol last Monday morning—their evident intention being to intimidate the Governor. Instead of being forced to the narrow confines of a window to give some off-hand observations, we wish the Governor had had ten acres of space, and a voice of thunder, and a vocabulary that would have made an encyclopaedia look like a dummy in a gab-fest.

To give an idea of what the prevailing opinion of the student-body is, relative to the maintenance and the governing of the institution, we will derate a dialogue that occurred several weeks ago: Student A. was criticizing the Governor for his efforts to improve internal affairs at the University. Student B. took issue with him, and said, "But how about the tax-payers?" Student A. very promptly replied, "To hell with the tax-payers!" That seems to be the prevailing opinion with those who have the higher education. The student of the little red school house, pared with the University student, has got a small hold on affairs, compare the red flag bunch at the University who costs the State \$545.00 per capita, and in addition to his expensiveness he buds out into a flannel-mouthed anarchist. The government is now busy suppressing this specie of dangerous dampfools, and the quicker the red flag bunch at the University is suppressed, the better it will be, only for the University, but for society generally.

### BUSINESS ANNOUNCEMENT

Mr. Ernest Hayden, known to every man, woman and child in San Saba town, and most of the county, has been employed by the Star as solicitor of advertising, job work, and any other business; also to work as printer when he has gotten so much business that our present force will be taxed.

It is not necessary to give Mr. Hayden an introduction—all he wants is the business—and he'll help us to continue to merit that.

But we will say any business given Mr. Hayden will be duly appreciated and executed by—

YOURS TRULY.

Fresh home grown vegetables every morning—W. R. Harris.

### OUR HOME FLOUR MILL

San Saba town and county has one of the most modern, fully equipped flour mills in Texas—the products of which are flour, meal, corn chops, bran, graham flour, etc.

A representative of the Star visited this plant Friday afternoon for the purpose of inspecting it, and to acquaint ourselves with the worthy men at the head of this deserving home institution.

Mr. J. I. Carson, the genial manager had just taken the opportunity to spend the night with some friends in fishing on the river, and we therefore found the mill in charge of his brother, Mr. J. E. Carson, who by the way is superintendent of the plant. And were shown thru the whole mill by this gentleman.

We will not undertake a full description of the plant here, but we will say that this is not the first, nor the second flour mill that we have inspected on our brief sojourn on this earth; and by the fact that our life work has thrown us continuously in contact with—and for the fact that we love modern machinery and equipment—let us father the assertion that the San Saba Mill & Elevator Co. is equipped with the very best—and that with such men as the Carsons in charge (with years of experience in the milling business) and because the wheat corn and other raw materials bought for making the products of this mill are of the same grade used in all other first-class mills, makes us proud that for our own curiosity, we inspected this philanthropic home institution, and as a home institution making our bread from the people of this town and county, we cannot help but feel that the interests of the San Saba Star and the San Saba Mill & Elevator Co. are but mutual,—as it should be with all worthy institutions and individuals who want to see our home industries grow and prosper.

Inquire into the expense of operating a plant like this home mill and you will find that over \$6,000 have been paid out in labor and other expenses in the past few months by the San Saba Mill & Elevator Co., and this money has been put into circulation in this town—thru your hands and ours.

Look at the other side of the ledger and you will see that the mill has paid a good dividend, and that some body around here appreciates the home mill and is proving it by giving it their financial support.

And we want to ask if this isn't an item to be given the second thought, and what institutions are putting a similar amount of cash in circulation, in this town? Yes indeed, the San Saba Mill & Elevator Co. is a worthy home institution, and its products are the equal of the very best mills. It is deserving of the patronage of every citizen of this town and county, and the Star would hate to think that you could not buy the products of this home mill from every retail grocer and feed dealer in this town and county,—and we venture the assertion that you can find them. If now-over, you should find a merchant so neglectful of his duties as not to carry in stock all the products of the home mill—demand them of him.

Best Remedy for Whooping Cough

Proper Food for Weak Stomachs.  
The proper food for one man may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.

being carried in many a man's vest pocket—watches that if they could talk, would tell a tale of neglect, if not of abuse.

People should learn that a watch is different from a steam engine.

A speck of dust too small to be seen by the naked eye may be putting YOUR watch to the severest sort of a test to keep running.

It may be doing it right now.

You should find out about it if it isn't measuring time accurately.

### SWEET PEA LUNCHEON

Wednesday morning Miss Ann Martin entertained for Miss Ada Walker, in view of her approaching nuptials with a buffet luncheon and miscellaneous shower.

The dining room was beautifully decorated with banks of sweet peas. Pink and lavender color scheme was carried out successfully on the table with its center-piece of sweet-peas, baskets and candles. The honoree and the other bride-elect, Miss Walters, were seated together in decorated chairs. The places were marked

wife, M. E. Bickley. And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the San Saba Star, a newspaper published in San Saba County, Texas. by cunning rose place-cards and bon bon baskets. Mesdames F. A. Bass, Alton Martin, and J. A. Collins assisted in serving this six course luncheon. Fruit Cocktail, Croquettes, Wafers, Chicken a la King, Hot Biscuit, Creamed Potatoes, Fresh Peas, Moulded Fruit Salad, Wafers, Grape Parfait, Cake, Coffee, Mints, Nuts.

During the luncheon the following toasts were given: "Old Maids," Miss Helen Lidstone; "The Bride," Miss Annette Moore; "The Girls Left Behind," Miss Ruth Sanderson; "To Ada" Miss Louise Urquhart.

With the last course of the luncheon on the honoree's plate was the message: "When luncheon's over, go look if you dare, in the parlor, on the west; but first on 'the bottom stair.'"

With all eagerness the girls tramped into the hall to witness the surprise—on the lower stair was a ball of twine with the message to follow and find its treasures which would prove useful. Immediately the twine was rolled and packages found along the way scattered thru the room.

On each package were instructions like unto these: for safe-keeping a husband: "Jolly him along," "Have Meals on time," "Never cross him," "Make him think he's having his own way."

When packages were gathered they were taken into the library and opened amid all sorts of exclamations, interjections, and promises. Beautiful and useful gifts were received.

The guests were: Misses Ada and Lucy Walker, Fairybel Walters, Gertrude Hill, Frances Lyles, Nobia Miller, Ruth Sanderson, Mayme Hagan, Carrie and Mary Sanderson, Annette Moore, Reba Wrather, of Amarillo, Louise Urquhart, and the hostess.

### CLUB ENTERTAINS

A cleverly arranged party was given by Miss Mamie Hagan last Wednesday to the M. M. Club.

The reception suite was most attractively decorated with cut flowers and ferns. On the mantle were suspicious looking packages tied with pink and green ribbons which each guest drew as a tally card. On opening there was a lovely cap in pink which each adorned making a pretty picture as they found their places for a number of interesting games of "500." A sticker of American, French and English flags was placed upon the cap after each game won. In a cut for high score Mrs. C. T. Jones was given a beautiful apron in pink to match the cap. After the games the guests were told they were going on a picnic and were ushered into the dining room where there were crepe paper baskets already filled with a delicious luncheon which each guest took and followed the leader to the lawn where a tea and sandwiches were served to the bunch by the hostess.

Those enjoying this charming hospitality were: Meses Sloan Kirk, A. Hill, W. A. Martin, Clarence Gosch, C. T. Jones, F. A. Bass, J. A. Collins, Elton Noble and Misses Carrie and Mary Sanderson, Ruth Sanderson, Fairybel Walters, Reba Wrathers of Amarillo, Annette Moore, Louise Urquhart, Ann Martin, Ada and Lucy Walker, Nobia Miller and Gertrude Hill.

TEA FOR MISS WALKER  
Last Friday afternoon Miss Annette

Moore entertained with a Boudoir shower and tea for Miss Ada Walker. The afternoon was spent in playing "hearts." High score was kept and Miss Louise Urquhart was successful in securing the trophy, a pretty pink trunk sochet, which she presented to the bride-elect. The guest prize was a silver thimble.

At the close of the games, the guests were ushered into the dining room where the pink and green color scheme was carried out with maline and sweet peas with streamers from the light to the table. In the center of the table was a wedding cake topped with a bride and groom and banked around with sweet peas and ferns. The hostess was assisted in serving by Misses Ruth Sanderson and Ann Martin. As the guest were ready to leave the dining room the honoree was given a knife to cut the cake. Several attempts were failures and she was told to open it. There in was the shower.

Those present were: Misses Ada and Lucy Walker, Fairybel Walters, Reba Wrathers, Ann Martin, Ruth Carrie and Mary Sanderson, Minnie Girvin, Mamie Hagan, Sarah Johnson, Eloise Ketchum, Louise Urquhart, Nobia Miller, Meses J. A. Collins, F. A. Bass, D. R. Keenan, John Gibbons, E. E. Fagg, S. L. Kirk, P. H. Walker.

### "IN COUNTY FEES" CAN'T BE PAID AS BILL DIDN'T PASS

AUSTIN, May 27.—Numerous requests and accounts are being received daily at the comptroller's office, regarding payment of the so-called "in county fees", appropriation of which was killed in the free conference committee during the special session of the legislature and in order to inform those interested in such accounts. Comptroller Terrell gave out the following statement:

The appropriation of \$100,000 as included in the house bill on appropriations for the payment of the "in county fees" and on which thousands of accounts are now outstanding, was killed in the free conference committee of appropriations, and for that reason the comptroller's department has no means of paying the accounts. All such accounts forwarded to the department for payment will have to be declined and returned.

The law providing for the payment of "in county witness fees" was repealed by the Thirty-fifth legislature, and in the future no script in payment thereof will be issued.

While it was sought to appropriate \$100,000 for the payment of such fees the claims aggregate \$400,000, and are very likely to be pressed at future legislatures.

### CURIOS TAKEN FROM COURT HOUSE RECALL EARLY DAYS

BROWNWOOD, Texas, May 24.—When the cornerstone of the old Brown county courthouse, now being rebuilt, was removed and its contents displayed this week, dozens of curios were brought to light and the "old timers" here are now busy recalling the stirring days of the early eighties when the courthouse was built.

Copies of old Brown county newspapers including the famous old "Sunny South" which netted its publishers hundreds of thousands of dollars through a lottery scheme, were among the articles in the box. The "Sunny South" was published here in 1880 and until 1882, and had a circulation estimated at 30,000 copies. Everything from dollar watches to Missouri farms was given away each month through the newspaper's lottery scheme.

### A SAD ACCIDENT

Last Saturday evening, at their home on South Brady Mr. A. M. Favers attempted to shoot a rattlesnake, and after pulling the trigger of the gun, there was so long an interval without firing that Mr. Favers raised the gun to investigate the cause, and as he elevated the barrel the seemingly misfire ejected the contents of the shell, the charge taking effect in the right side of their baby girl, Mary Lucy, aged nine years. Some underbrush hid her from the view of her father and he did not suspect her being there until he heard her scream. A heroic effort was put forth to save the child's life but on Sunday morning death came.

Mr. and Mrs. Favers and family have the sympathy of every one in this sad misfortune, which to them is the bitterest grief possible, even though the accident was unavoidable.

—Eden Echo.

In a letter to his parents, Mr. and Mrs. Jas. Flack, their son, Frank, says that he will be at home one week from Saturday on a fifty hour furlough. He further intimates that he will probably go to France in sixty to ninety days.

### RAIDED BY A SPEC-TACLE VENDOR

A great man from New York knocked at a door between Goldthwaite and San Saba—by permission examined the lady's eyes—found a serious condition—presented a valuable pair of (\$5.00) glasses, of unknown history. He did not know where they came from nor where to get more like them. After considerable sacrifice he agreed and did sell them for \$47.25. If you have eye trouble and want one of these inflated door knockers to lift you and your boots—wait he will soon knock at your door. For honorable, reasonable treatment see Dr. Jones, of Brownwood, at Corner Drug Store, Thursday and Friday, June 14th and 15th.
