### Chas. Endicott Sells Farm

Chas. Endicott last week sold to R. P. Kern of Blackwell, Oklahoma, his fine country home five miles east of Hansford. This farm consists of one section of land, for which Mr. Endicott received \$36 per acre, and several sections of leased land. Included in the deal were 140 cows at \$80 per head and 150 yearlings at \$50 per head. Mr. Kern will take charge of his new possessions about August 1. Mr. Endicott intends to move his family to Long Beach, California, and spend the remainder of the summer and coming winter there, after which he may come back to the panhandle. Their many friends will learn with deep regret that this most estimable family intend to leave Hansford county. They have made a success at farming and stock-raising here and are wide awake, progressive citizens. While regretting to see them go, we wish for Mr. and Mrs. Endicott much happiness and prosperity in their new home.

D. S. McNeill came from Wichita, Oklahoma, last week, and is a guest at the home of his daughter, Mrs. W. S. McNabb, on the ranch north of town.

### Boys Are Coming Home

Several Hansford county soldier boys have arrived home this week and because of the highly important and conspicuous part their division played in the winning of the war, their home coming is of more than passing interest. The boys are Max Lackey, Kelly Bennett, Syl Frizzell and Tom Burges. Harry Wilcox was with these boys, but went on to Indiana to visit his parents. These boys were members of the famous 36th division, which did some of the real fierce fighting of the war. They went over the top, cleaned up machine gun nests, dodged bombs from air planes and, in fact, took part in all that goes to make up the horrors of war. They talk very little of their experiences, seeming to prefer to forget it all and to get to work again at anything most, except soldiering. Kelly Bennett says, however, that if the dough boys had been allowed to wage war on the Huns 30 days longer, all this argument about the peace treaty would not have taken place—they would have been glad to sign up without even reading what they were signing. Quite a number of boys from Hansford and adjoining counties were in the 36th division, and they were all volunteers. The 36th division was organized during August and September of 1917, from National Guard organizations of Oklahoma and Texas. The old National Guard, recruited to war strength, was used as a nucleus for the division and 5,500 drafted men were assigned to the division at various times. The division was trained at Camp Bowie, Fort Worth, Texas, until July, 1918, when the overseas movement began, and was completed about August 15. The boys mentioned above were in the service about 23 months.

### Harvest is On

The harvesting of Hansford county's immense wheat crop began this week. A few binders were started in the Kimball community Monday, and a number of crops are ready for the binder now, but the headers will not start before Monday, the 30th inst. The hot weather of the past few days has ripened the grain at a rapid rate and it will all be ready for cutting at the same time. Wheat growers are devoting their energies principally to getting their machinery in shape and securing sufficient help. The government employment agency at Guymon, in charge of C. E. Woods, is helping out with the latter problem in a very creditable manner. They are sending men into Hansford county every day and as the harvest season on the south plains is ending this week, many men are expected from that source. Farmers who have not yet made arrangements for help should do so at once. See Mr. Thayer at the First National bank and have him make application for the number of men you need. Not one bushel of this great crop should be wasted on account of scarcity of help. You will likely have to meet the men at the railroad, but they are coming into this country from all directions and if you make the proper effort you can secure plenty of help. If the weather continues favorable 60,000 acres of grain should be harvested in Hansford county in the next fifteen days.

### Popular Young Couple Wed

On Sunday morning, June 22, at 9 o'clock occurred the marriage of Miss Loise Shapley to Frank R. Wallin, the ceremony being performed at the Methodist parsonage by Rev. Sanford, in the presence of only a few friends of the contracting parties. These young people are residents of the Grand Plains community, where they are quite popular among the younger set, always taking an active part in the social and church affairs of the community. The bride is the daughter of Mr. and Mrs. F. A. Shapley and the groom the son of Mr. and Mrs. B. F. Wallin, all prosperous farmer folk of Grand Plains. The happy couple will continue to reside in that community. The Headlight joins with a host of friends in extending congratulations, and wishes for Mr. and Mrs. Wallin a long and happy life.

### Good Man in Charge

Our good friend Frank R. Jamison has been elected secretary-manager of the Panhandle-Plains Chamber of Commerce, and has established headquarters at Amarillo. Mr. Jamison is the right man for this place, and will make an excellent booster for the panhandle. We would like to see this organization take up the matter of seceding from south and east Texas at an early date.

Jess Close and family are again residents of Hansford county, having moved here last week.

### A Great Game at Guymon

What is said to be the best exhibition of the great national pastime ever witnessed in Guymon took place there last Friday afternoon, when Hansford's sturdy farm and ranch boys went 16 innings with the crack team of that town, and quit with an even score, four to four. The managers decided that 16 innings was enough baseball for one day and agreed to play off the tie at some future date. Ross Hays pitched the game for our boys, with James Cator on the receiver's end. The boys say Hays pitched a game that would do credit to a big league twirler. He had Guymon going all the time and was really entitled to a shut-out game. On Sunday a team of the smaller fry came down from Guymon and played a game with our boys at Hansford, but the visitors were not much force and the game was exceedingly tame. A number of Guymon's star players were hurt in the game of Friday and they were in no shape for a return game Sunday. This will likely be the last baseball until after harvest.

### Aged Lady Dies

Mrs. Mary L. Sparks died at the Dr. Haney home in Hansford on Tuesday, June 25, 1919, at 9 p. m. and was buried in the Hansford cemetery at 10 o'clock Thursday, after a funeral service at the church, conducted by Rev. Sanford. Mrs. Sparks was the mother of J. C. B. and Litch Sparks and Mrs. Dr. Haney, of Hansford, all of whom were present when she passed away, as was also a brother, Dink Hawkins. J. S. Hawkins of Farmersville, Texas, a brother, Chas. Sparks, of Farmersville, Texas, Joe Sparks, Hanna, Oklahoma, sons, and Mrs. Lou Billington, Hobart, Oklahoma, a daughter, came to attend the funeral. Deceased was 76 years old at the time of her death. She had been a resident of Hansford about five years and owned a fine farm five miles east of town. Mrs. Sparks was a grand old lady and dearly loved by all who knew her. The Headlight extends sympathy to the bereaved ones.

### Railroad Coming Along

A large number of negro workmen recently added to the force building the North Texas & Santa Fe and they are pushing the work at a rapid rate. The track-layers passed out of Lipscomb into Ochiltree county Tuesday and are coming down the line at a satisfactory pace. There now seems to be no doubt but what they will reach Spearman in time to handle the great wheat crop.

What about an elevator at Spearman?

### Our State Senator Killed

W. S. Bell of Crowell, Texas, member of the upper house of the Texas state legislature, from this district, and one of the prominent citizens of Texas, was shot while standing in front of the Bell opera house building at Crowell at 11 o'clock Saturday night, dying from the effect of the bullet wound at his home, to which place he was taken, at 3 o'clock Sunday morning. Everett Bell, young son of the dead man, who was with his father at the time of the shooting, was wounded by a bullet fired from the revolver of the unidentified assailant, and his condition may prove fatal. Two arrests have been made in connection with the murder.

### Down With the Ants

A measly, reddish-colored, bottled ant stung the editor's son Oran Ross, on the foot Wednesday evening and until far into the wee small hours of night he was a very noisy and extremely impatient sufferer. His cries of pain and righteous indignation caused our neighbor's dogs to abandon their regular nightly concert and take to the hills. We are publishing below a formula which is said to be sure death to ants and we trust that it will be freely used. Since our experience of Wednesday, ants are in the same class as Bolsheviki, in our estimation. We are 'agin' 'em and believe they should be exterminated: "Dissolve one ounce of sodium cyanide or potassium cyanide in one gallon of water and pour down the center of each nest. One application will prove successful."

### Return Parts

The parties who seen fit to take some repairs off my separator are known; were seen by two different men, and if they wish to avoid trouble must replace same at once. These repairs must be replaced—not thrown on ground, but put on separator in good shape.

### On with the harvest.

J. H. Harris was in from Grand Plains Wednesday, trading and visiting with friends.

Mr. and Mrs. Will Tension were in from their farm in Hutchinson county Wednesday.

Pay us \$1.50 on subscription and we will send you the Southwest Plainsman, published at Amarillo, one year absolutely free.

Robert Meek and son arrived from Coffeyville, Kansas, the first of the week and are guests at the Jess Riley home out south of town.

L. R. McComas and son Ray were in from the Lake ranch, on the north line of the county, Wednesday, looking after business matters.

J. M. Blodgett, James Reed and wife and Miss Mabel Sanders were in from the Blodgett community Wednesday, trading and visiting with friends.

Fatty Doyle and Hoots Martin have connected with a Ford and are running a service car. They make a specialty of hauling parties to and from the swimming hole.

A dance, given in honor of the recently returned soldier boys at the Palo Duro hotel last night, was highly enjoyed by a large number of Hansford young folks.

John Kincheloe came from Stratford Wednesday and will help save Hansford county's wheat crop. He will begin operations today or tomorrow at the Bum Douglas farm, out east of town.

S. B. Archer and family were in the city Wednesday from the Holt community. Sam says they are beginning the harvest out in his community but the big show will not be on until next week.

Taylor, the Fordson tractor man, came from Stratford and spent several days here this week. The recent \$125 drop in the price of the Fordson is adding to the popularity of this splendid piece of farm machinery.

W. P. Roberts came from Terra Bella, California, last week to superintend the harvesting of 400 acres of fine wheat on his farm in the Lieb community. Mr. Roberts moved his family out to California last year and says they are well pleased with their new home.

### Winder-Bennett

Their many friends were greatly surprised when it became known that Miss Grace Alma Winder and Edward F. Bennett had motored over to Dallas on Thursday and were quietly married. Immediately after the ceremony the happy couple continued their journey to Amarillo, where they will make their future home. They were accompanied by Phil Weaver. The bride is the accomplished daughter of Mr. and Mrs. J. P. Winder and is one of the most popular young ladies of Hansford county. She is a charming, delightful little lady and will be greatly missed in Hansford and vicinity, where she has resided since childhood. Mr. Bennett has just returned from France, where he made an enviable record with the 36th division on the fighting front. He is a worthy young man, and will make good in the business world as he made good in the army. He has accepted employment with an Amarillo firm at a lucrative salary. The Headlight joins their many friends in extending heartiest congratulations and best wishes.

### Value of Discarded Bones.

The Meat Trade Journal of England says that Birmingham has a way of dealing with old bones which is held up by the national salvage council for imitation in other parts of the country. Butchers who sell bones undertake to buy them back after the housewife has made full use of them, paying the customer half the proceeds of their disposal for national purposes. In this way they are saved to the nation, which is urgently in need of the glycerin they contain, as well as of the phosphates for manure and the valuable pig and poultry foods which can be extracted from them. Housewives are showing themselves eager to respond to the government's appeal for bones.

### Omar Repudiated.

"A book of verses underneath the bough," began the man who quotes. "That's far enough," interrupted Miss Cayenne. "The loaf of bread must be curtailed to limit the wheat consumption. The jug of wine is out of place in a prohibition community, and even as to the book of verses—I'd rather hear somebody read the war news."

### STATELY BLOUSE OF LACE

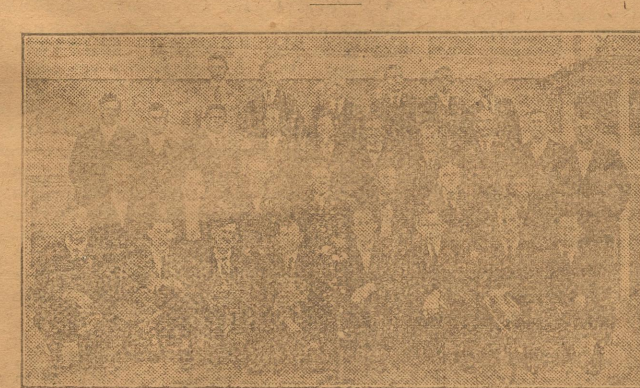

Fine lace and the sheerest georgette, together with embroidery, make this stately blouse for formal dress. The sleeves of georgette have deep cuffs of lace. The collar extends to the waistline and there is a vestee of embroidered georgette and a jabot of lace.

### BLOUSE IN SLIP-ON STYLE

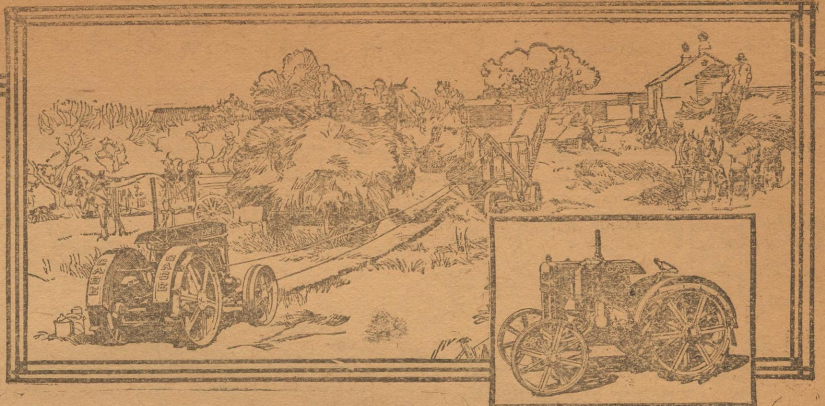

For blouses, georgette, more than any other fabric, has endeared itself to women. A blouse in flesh color, made of georgette, having a small vestee is shown here. It is a slip-on style, fastening in the back and is trimmed with beads.

### WHAT ONE CLASS IS DOING

Ten per cent of the weekly collection of the Loyal Men's Class of the South Dallas Christian Sunday School is put into a sinking fund by investing it in War Savings Stamps. The accompanying picture of the Class was taken Easter Sunday in celebration of the winning of an attendance contest over every other class in the school. The Class has an active War Savings Society and meets every other Tuesday night. The Class also pays a regular amount toward the support of a Home for Aged Persons and is active in all lines of church work. What this Class has done, others can do. The Sunday School Class which is the War Savings Society is laying out a plan which may be followed by every class. It can always be secured from the War Savings Society.

## A Small Case Thresher and Tractor

This is the ideal outfit for the man who wants to be independent and do his own threshing, and other belt and drawbar work, exactly when he wants to, without waiting.

We picture a Case 10-18 Kerosene Tractor and a Case 20x28 Thresher. The tractor will handle all farm machinery requiring belt power up to its rated capacity.

It will pull easily a 2-bottom plow 7 to 8 inches deep, or an 8-foot

binder, a 22-shoe grain drill, a 5-section spike tooth harrow, an 8-foot double-action disc harrow or a large manure spreader.

For belt and field work, this small Case Tractor cannot be equalled. A Case Thresher is equally superior. Case Machinery has been famous for 76 years.

Let us tell you how you can decrease the hard work on your farm with Case machinery.

### Notice of Sheriff's Sale—Real Estate.

The State of Texas, County of Sherman.

Notice is hereby given that by virtue of a certain alias execution and order of sale issued out of the Honorable District Court of Sherman county of the 7th day of May, 1919, by Sallie Jackson, clerk of said District Court, for the sum of twenty-seven hundred thirty-five and 20/100 dollars (\$2,735 20) and costs of suit, under a judgment in favor of John H. Stahl, assigned to Mrs. M. G. Walton in a certain cause in said court, No. 574, and styled John H. Stahl, plaintiff vs. Mary E. Lord, A. H. Lord, Mrs. M. G. Schroeder and R. T. Anderson, defendants, placed in my hands for service, I, H. L. Wilbanks, as sheriff of Hansford county, Texas, did on the 12th day of May, 1919, levy on certain Real Estate, situated in Hansford county, Texas, described as follows, to-wit: An undivided one-half interest in and to section No. 104, in Block No. 2, certificate 33 439, G. H. & H. Ry. Co., original grantee, containing 640 acres of land, and levied upon as the property of Mary E. Lord, and that on the first Tuesday in July, 1919, the same being the first day of said month, at the court house door of Hansford county, in the town of Hansford, Texas, between the hours of 10 a. m. and 4 p. m. by virtue of said levy and said order of sale, I will sell said above described real estate at public vendue, for cash, to the highest bidder, as the property of said Mary E. Lord.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Hansford Headlight, a newspaper published in Hansford county.

Witness my hand this 12th day of May, 1919.

## RAILWAY RATES TO BE ADVANCED

Public Treasury Will Be Relieved of Burden of Meeting Deficits in Earnings.

EDITORS' POLL IN CONGRESS.

Heavy Vote for Return of Roads Arouses Interest at the National Capital.

Washington.—The national poll on the railroad question by 6,000 newspaper editors throughout the country has aroused great interest at the national capital. With 83 per cent. of the editors giving it as their impartial opinion that the public favors an early return of the railroads to their owners and only 11 per cent. favoring Government ownership or operation, the members of Congress of both political parties propose to provide speedily for the legislation to make it possible to restore the roads to private management before the end of the year.

In Congress there is a general agreement that the following steps will have to be taken before the roads are returned to their owners:

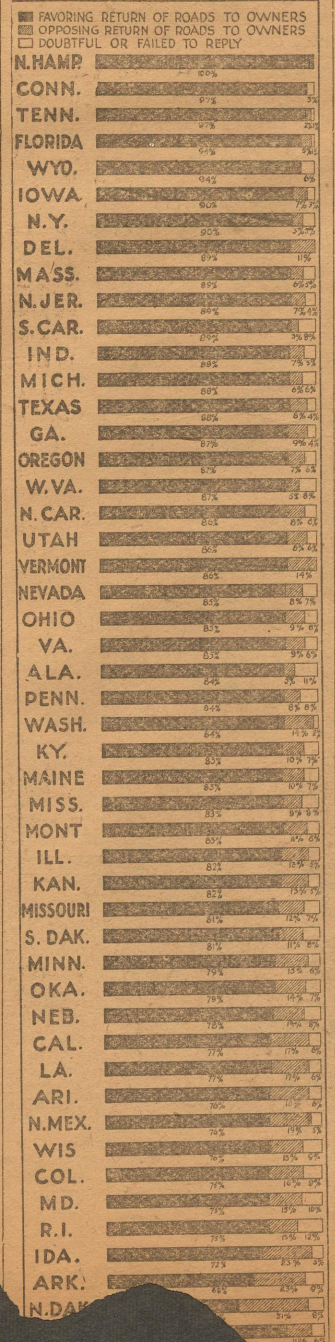

1. An advance in rates to meet the greatly increased cost of labor and materials in order that the Public Treasury may be relieved of the burden of meeting monthly deficits and the roads made self-supporting. The Director General of Railroads states that the increase in rates thus far is about 25 per cent. as compared with an increase in operating costs of from 50 to 90 per cent.

2. Greater nationalization of public control of transportation—a single public control in the Federal Government in place of 49 masters in the different States, with conflicting laws and regulations.

3. Legalization of consolidations and common use of lines and facilities whenever in the public interest.

4. Assurance through an act of Congress that in the future the Government will approve of rates for freight and passengers that will not only be fair to the public, but fair to the roads, and that will yield a sufficient income on capital to attract the \$750,000,000 to \$1,000,000,000 of new capital needed every year for the expansion of railroad facilities.

How the States voted in the national poll of editors on the question of the return of the railroads to private management is shown by the following chart. That the railroad question is a non-partisan issue is plain from a study of the table:

**FOR SALE—THE EARTH**  
If your farm or your ranch is for sale, and your price and terms are right, I can sell it. Write me a letter giving me a full description of your property, section and block number, kind of improvements, and if I don't sell it you are out nothing, as I do a strictly 5 per cent commission business, no sale no pay. The longer time and the least amount of cash you have to have as first payment, the easier it is to sell.

It's my business to get the buyers and I know how to get them, and if you don't get in on the deal it's your fault not mine. Have just sold \$60,000 worth of Hansford County land in the last thirty days, but can't sell yours unless you list it with me.

### Notice to the Public

I will sell wood for \$5.00 per four-horse load. It will be necessary to either phone or come to headquarters before getting the wood, otherwise you will be treated as trespassers. Positively no hunting allowed.  
W. T. COLLE,  
Owner of the Turkey Track ranch.

### No Fishing or Hunting

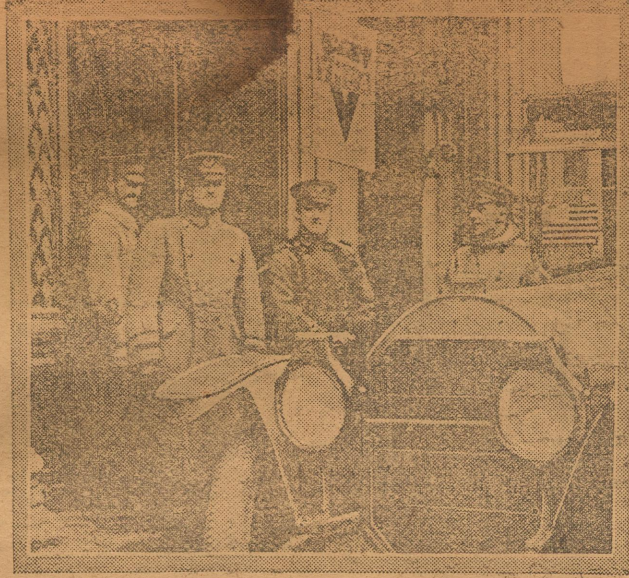

Fishing and hunting is positively forbidden on the lands controlled by the undersigned, located in Hansford and Ochiltree counties, and known as the O'Loughlin ranch, the Simmons ranch and the Lindsay ranch. Trespassers will be dealt with as the law directs.

### Must Sign Affidavit

Farmers who secured money with which to purchase seed wheat through the Federal Land bank at Wichita, should call at once at the First National bank at Hansford and sign an affidavit.  
J. F. ANDREWS, County Agent.

General John J. Pershing, American expeditionary force commander, leaving Y. M. C. A., Palais du Glace, Paris, where he congratulated every woman worker personally.

General Pershing's inspection of the Y. M. C. A. canteen, which was unannounced, took up an entire morning and he expressed himself satisfied with the results. At several places he surprised the men at their luncheon. At the Palais du Glace, where 25,000 Americans eat daily, the first intimation that the diners had of his presence was when the orchestra played the "Star-Spangled Banner," and they looked about to find the commander in chief of A. E. F. standing at attention.

He interrogated a number of the soldiers about the food and the prices, and exhibited the most minute interest in everything pertaining to their welfare. At the Hotel Rochester, a Y. M. C. A. hostelry on the Boulevard Courcelles, he learned with surprise that any private soldier could get two eggs for his breakfast. This was something generals frequently had experienced difficulty in doing.

To the American women workers at the Palais du Glace he said: "I want to tell you that I appreciate what the American women are doing over here. It means a great deal to the army to have the right kind of American women here doing the work you are doing. Not only is it good for the soldiers, but for you, too. It gives you a new perspective on the work of men, and on the war."

### CAN YOU BLAME "YANKS" FOR MIXING CENTS AND CENTIMES?

In the early part of the war, the overseas Y. M. C. A. canteen price lists looked like this:

Bull Durham	1 oz. bag	.30 cent.
Dukes Mixture	1 oz. bag	.25 cent.
Lucky Strike	1 oz. bag	.40 cent.
Prince Albert	1 oz. bag	.30 cent.
Prince Albert	2 oz. can	.60 cent.
Tuxedo	1 oz. bag	.35 cent.
Velvet	2 oz. can	.60 cent.

Later in the war the price lists looked this way:

(For the convenience of those not familiar with French currency, a parallel column has been added showing the amounts in United States currency)

	French	U. S.
	(Centimes)	(Cents)
Bull Durham	1 oz. bag	.30
Dukes Mixture	1 oz. bag	.25
Lucky Strike	1 oz. bag	.40
Prince Albert	1 oz. bag	.30
Prince Albert	2 oz. can	.60
Tuxedo	1 oz. bag	.35
Velvet	2 oz. can	.60

Many people will probably wonder what proportion of the stories about overcharging by the Y. M. C. A. can be traced to this early omission of United States currency on the lists. The "30 cent." stood for thirty centimes, or five cents in U. S. money. It was not a hard matter for a "Yank" to become confused.

## HOME SERVICE WORK GROWING

SALVATION ARMY PLANS TO DOUBLE WORK IN SOUTH-WESTERN DIVISION

"The war work of the Salvation Army is almost over but its home service has barely begun," Lieut. Col. George Wood in charge of Salvation Army activities for the Southwestern Division announced recently. "For years the Army has quietly been caring for the poor and unfortunate of the country. The work has been extensive but the past record will seem small when compared to the program for the future.

"The record of the Salvation Army in France where it was the first welfare organization in the field has won the confidence not only of the soldiers but of the entire country as well. It has proven itself to be an organization experienced in service and efficiently managed. In overwhelming numbers the soldiers have pledged their support to its future work.

"The Army's objective—to save men from sin, sorrow and death in this world and the next—is the reason it is called the Salvation Army. Through long years of humanitarian work, the Army has realized that bodily needs must be satisfied before men and women can be helped in a spiritual way.

"Recognizing Christ as the Commander-in-Chief, it accepts as His commands for every day duty the 25th and 36th verses of Chapter 25 of the Gospel of St. Matthew:

"For I was an hungered, and ye gave me meat; I was thirsty, and ye gave me drink; I was a stranger and ye took me in; Naked, and ye clothed me, sick and ye visited me; I was in prison and ye came unto me."

"These commands have prompted the varied activities of the organization. They include shelter for homeless men and women, homes for working girls, children's homes, rescue homes for unfortunate girls, maternity hospitals, slum work, day nurseries, cheap food depots, cheap clothing and second-hand stores, employment bureau work among the prisoners, medical relief and visiting nurse work, summer outing for the poor, Christmas and Thanksgiving dinner baskets, missing friends and inquiry department, farm colonies, etc.

"In the past sufficient funds have been raised for the work by tambourine collecting. But the work has grown too large for that now. Commander Evangelize Booth feels that the time of the Salvationists can better be employed in direct service

than in begging for nickels and dimes. In the future the army will raise the money needed in yearly drives. The amount set as the goal for this first drive is \$13,000,000, to be used for the national and local work.

"This amount will make possible the extension of the work in the Southwestern Division where it is comparatively new. The activities in this field will be doubled in the next few years according to plans.

"At present the Army maintains maternity hospitals and rescue homes in San Antonio and El Paso, hotels for transient working men and homeless men in Dallas, Galveston, Beaumont and Fort Worth.

Similar institutions will soon be established in Oklahoma and Louisiana. Orphanages, hospitals and homes for the aged will also be established.

"Corps buildings to be utilized as community centers will also be erected as memorials to the soldiers. The first one in this field has just been opened at Dallas. It is a two story building with provision for the comfort and use of every member of the family. Occupying half of the first floor is the Red Shield Club room for discharged soldiers, sailors and marines. This room is largely used by the soldiers who gather here to read, play games or write letters. Across the hall is an auditorium. On the second floor are the offices of the corps, and the Southwestern Division and the women's rest room and nursery, with a Club Room set aside in the interest of the young people.

"These family club buildings will be established in every city where corps are organized. Wherever they have been opened through the country such buildings have been largely used by the people of the town and the country people as well, who make them their headquarters while transacting their business in town.

"Any community may secure one of these buildings by assisting the Army in raising the necessary funds. Committees will be formed in each county, city, town and postoffice to work during the Home Service Campaign so that all people who believe in the Salvation Army code of practical service may be given an opportunity to contribute."
