Visited the Oil Well

A party of Hansford folks consisting of Mr. and Mrs. E. J. Thayer and son Ben, Alvino, Gene and Miss Grace Richardson, C. W. Carson, Don Woodward, Tom C. Congleton, P. M. Maize, Erskin Dillow, Melvin Lile and the Headlight editor drove out to the sight of the oil well on the Miller anti-cline, 25 miles north of Hansford, last Sunday. The derrick is completed and the machinery is being placed in position at a rapid rate. Everything about the site is in tip top shape and shows that the Beaver Oil and Gas Company mean to make this a thorough test. The driller, C. L. Dunagan, is there and is prepared to stay, as they have erected a nice little bungalow for his family, in which they will reside until the well is completed. The machinery is of the best, Mr. Dunagan has had 30 years' experience in deep well drilling and there seems to be no reason why this well should not be sunk to a depth of 4,000 feet, if necessary, within the next few months. Mr. Dunagan expects to start the drill on November 1. The men behind this enterprise are men who do things. They are successful business and professional men, and if they do not make a success of the oil business it will be because the oil is not to be found in this country. We wish them all kinds of success, and if they do bring in a gusher or two, Spearman offers an inviting location for refineries.

Attorney Jas. E. Breslin, Tommy Wright of the First National bank and Slim Ingram, a garage man, were here from Guymon Wednesday, attending to business and visiting with friends.

All Aboard for Spearman

Another week has passed and Hansford has not yet begun to move to Spearman, but from present indications a start will be made on Monday morning, October 27. A deal has been made by a party of Hansford property owners with John Dalley of Guymon, a house-mover of considerable experience, and he will arrive here Monday morning to take charge and superintend the moving of a number of the smaller buildings. Mr. Dalley furnishes the equipment but the property owners will furnish the help and motive power. It is our understanding that he will undertake to move only the smaller buildings, as his equipment is not suitable for the moving of large, heavy structures. The Headlight will be glad when the start is made. If we have pretty weather, which now seems very probable, the entire town of Hansford can be moved to Spearman by Christmas and we can start in the new year at the new town, all ready and rearing to step. Watch Spearman grow.

Who is This Man?

Amarillo, Oct. 17 — Another Panhandle county is going to drill for oil. According to word received here, Bert E. Hadley of Hansford has contracted with a New York syndicate for the drilling of a deep test well on his holding in that county. Mr. Hadley is at Grand Canyon, Ariz., at present, and it was there that negotiations were made — Wichita Daily Beacon.

We are not familiar with the location of Mr. Hadley's holdings, but hope he brings in a gusher. We wish you good luck, Mr. Hadley.

A Word to the Wise

A wise man would not think of being without a bank account—large or small—any more than the wise little squirrel would think of going through the summer without storing up nuts for the winter.

We should all be wiser than the squirrel.

Think it over—then act.

The Literary Society

The meeting of the Literary society at the court house last Friday night was well attended and highly enjoyed by all present. The debate and male quartette did not materialize but a very interesting program was rendered, nevertheless, and the committee hopes to have a longer program for the next meeting. The reading and recitations by the school children were particularly interesting. Miss Daphne Doyle and Mrs. Keesee C. Nesbitt furnished excellent music for the occasion. All future meetings of the society will be held at the court house. Come out and assist with the good work. You will enjoy the good speeches and also the efforts of those members who are not so good at speech-making but are willing and not afraid to try, anyway. The meetings of this society should be continued throughout the winter. They are a fine thing for the community and furnish much good, wholesome amusement. The school children will not sit idly by and have an opportunity for doing good slip by. Be at the next meeting and be there with a determination to do your part, whatever it may be. You will not regret it.

The program for the meeting to be held at the court house on Friday night, October 31, is as follows:

- Song by audience.
- Invocation . . . Prof. Andrew
- Song . . . School children
- Recitation . . . Reba Barkley
- Paper . . . Mrs. Hicks Wilbanks
- Song . . . High school girls
- Paper . . . Mrs. Jesse Womble
- Reading . . . Lena Dacus
- Song, trio.
- Dialogue by six girls and three boys.
- Reading . . . Mrs. Collard
- Music by orchestra.

An important topic of the day will be discussed in four minute talks by members of the audience.

Song, male quartette.

Mrs. Keesee C. Nesbitt, Mrs. R. L. McClellan and daughter Vera Beth, Mrs. A. E. Townsend and Mrs. E. J. McLemore motored to Amarillo Monday where the latter entrained for her home in East Hamilton, having been a guest the past two months in the home of her daughter, Mrs. W. H. Caldwell, in Hansford.

Spearman is Going Good

Every day we hear of new business ventures that will open up in Spearman in the next few weeks, or as soon as the railroad can bring in the material and supplies. Every line of business will be represented there in a short while and the man who expects to get in on the ground floor must get a hustle on himself. Ralph T. Bucy is kept busy these days locating the corners of lots for business men, who will begin building as soon as the material arrives, and reports that new applications for business and residence lots are coming thick and fast. Spearman is destined to become one of the best towns in the southwest. Track laying on the main line of the railroad was finished Thursday and the crew is now putting in the "Y" and switches. A depot agent will arrive early next week.

Doc Hazelwood was in from his fine farm southeast of town last Saturday, looking after business matters. He has just finished threshing and finds himself richly supplied with 5411 bushels of wheat and 1800 bushels of oats. The wheat averaged 22 bushels per acre and 60 pounds per bushel.

Commission Man Here

Tom C. Congleton, representing the Watkins Grain Company, commission merchants of Kansas City, spent several days in Hansford and vicinity this week in the interest of his company. Mr. Congleton met many farmers and explained the methods of his company and the way they handled wheat. He represents a wholly reliable company and farmers are absolutely safe in shipping their wheat to them. One advantage in shipping the wheat to a commission merchant lies in the matter of grading. A buyer may be paying all the government requires and then some, but if he grades your wheat down, you will lose money just the same.

Mr. and Mrs. J. P. Winder were in from their fine farm six miles up the Palo Duro Wednesday, looking after business matters.

Mrs. Bert O. Cator and the children came in from the ranch up the Palo Duro the first of the week and will remain at their home in Hansford during the winter, that the children may attend school.

Gus Mallett came from Amarillo Wednesday to look after business matters in Hansford. Gus has been engaged in the garage business in partnership with Dick Dreesen at Amarillo during the past several months, but recently sold his interest in the business and is now taking a rest.

J. E. Hill of the Panhandle Lumber Company, came from Amarillo Thursday to look after the company's interests at Spearman, and has taken considerable time to look at all the details, but the company hopes to have everything ready for the drillers to begin work by the latter part of next week.

Real Road Work

Work on Hansford county's roads was begun in earnest Monday morning when John Graham and Cap Richardson set to work to cut down the hill east of Hansford. These gentlemen say it will be possible to get out of Hansford "on high" when they finish this job. Judge Townsend informs us that the county's engine and grader will be unloaded at Perryton today or tomorrow and will arrive here and be tried out early next week. Hurrah for the good roads movement.

Chas. Endicott and C. F. Barnett, prominent citizens of the vicinity of Spearman, were shopping in the city Wednesday.

T. J. Peterson and sons Orville and Ralph, and Luther Skare, of Cherokee, Oklahoma, spent several days in Hansford and vicinity this week. They are looking for farm land.

F. W. Wilsey, of the Spearman Land Company, and J. W. Wolter, chief engineer of the North Texas & Santa Fe railway, came from Canadian Thursday to look after business matters in Hansford.

Mr. and Mrs. C. C. Newcomb of the Mulock community, were shopping in the city Monday. They report good rains and everything in a flourishing condition in the lower Palo Duro country.

The well-at-Spearman committee of the Hansford County Chamber of Commerce reports satisfactory progress being made and that they will have something definite to report next week. The committee has taken considerable time to look at all the details, but the committee hopes to have everything ready for the drillers to begin work by the latter part of next week.

Coming to Spearman

A. Liske of the firm of Liske & Co., grain dealers of Canadian, and R. H. Stone of the Whitehouse Lumber Company, were visitors to Hansford Thursday. With these gentlemen were A. M. Black, a wheat buyer, and J. H. Myers, carpenter and contractor. The party had been to Spearman where they staked off their lots and got everything in readiness to begin work on their business houses as soon as the material arrives. Liske & Co. will erect a large elevator at Spearman and will begin buying wheat there as soon as they can install the scales. Mr. Black will be this firm's representative at Spearman. The Whitehouse Lumber Company will open up a yard there as rapidly as the material can be hauled in.

Ed Love passed through Hansford Monday morning enroute to Amarillo.

E. J. Thayer, cashier of the First National bank, transacted business in Guymon Wednesday.

Prof. and Mrs. Andrew were visitors to Perryton last Saturday.

J. R. Collard is in Amarillo this week, serving on the federal grand jury.

Mrs. Simeon Caldwell is recovering from an attack of pneumonia, we are glad to note.

Mrs. D. E. Dillow has been on the sick list the past week, but is better at this writing.

C. F. Mahan, good farmer from 11 miles east of town, was in Wednesday, transacting business and trading.

J. A. Poole and daughter Miss Jewell were in from the ranch southeast of town Wednesday, shopping and visiting with friends.

George Hays, employed at the Weaver farm out south of town, was kicked by a horse and quite painfully injured one day last week.

Max Hamilton and wife and Ernest Hoole and wife were here from Hooker Wednesday. The gentlemen were selecting a site for a garage in Spearman.

L. G. Thompson and family arrived recently from Mobeetie and have taken up their residence on the fine farm in the Medlin community which they recently purchased.

Mrs. John L. Hays happened to a quite painful accident last week, when she fell and sprained her ankle. The injury is much better now and Mrs. Hays has resumed her work at the store.

B. V. Andrews, our popular hardware man, spent a goodly portion of the week at his farm in the Kimbal community, where he is superintending the work of drilling in several hundred acres of wheat.

The Darning Club held an interesting meeting at the home of Mrs. J. R. Collard on Saturday, the 18th inst. The next meeting will be held with Mrs. Tom McMurry at Spearman, on Saturday, November 1.

Will the gentleman who took the two pairs of double-trees off of two-row godevil north of P. M. Maize & Co's. store please return same. They are mine and I need them.

A. F. BARKLEY.

RED CROSS DRIVE GAINS MOMENTUM

ACTIVITIES OF EACH DAY OF NOVEMBER CAMPAIGN OUTLINED.

SCHOOL CHILDREN TO AID

Also Women's Clubs, Municipal Employees, Labor Organizations and Business Men.

That added momentum is being given by the Third Red Cross Roll Call by the approach of the opening day of the campaign, November 2, is indicated by hundreds of preliminary reports reaching Southwestern Division headquarters in St. Louis from Red Cross Chapters in the five States—Missouri, Kansas, Texas, Arkansas and Oklahoma—composing the division. The drive closes November 11.

An outline, giving in detail the Red Cross activities that will characterize each day of the 10-day campaign, recently has been made public. The opening day as been designated "Red Cross Sunday" and will be the occasion for sermons on the Red Cross that will be preached in churches throughout the United States. Special programs are to be held at morning or evening services.

On Monday, November 3, the Governor's proclamation in each State will be made public, mass meetings will begin and the first check of the progress of the campaign will be made at a workers' dinner in the evening. "Municipal Employees Day" has been set for Tuesday, November 4. On this day a proclamation from the Mayor of each city and town will be arranged for, while on the principal municipal building the Red Cross flag will be raised to be displayed throughout the remainder of the campaign. Department store speeches will be made by "four-minute men" to be followed by lunch hour enrollment.

Wednesday, November 5, is to be "Women's Day," on which special tribute is to be paid to the work which women are doing in the Red Cross. Meetings of women's clubs, special exercises in Red Cross workrooms and Chapters will characterize the day, which also will mark the peak of the house-to-house canvass that is to be an additional feature of the campaign.

Homage to the support which the laboring man is giving to the Red Cross will be paid Thursday, November 6, which is "Employees' Day." Noon meetings will be held at factories and large industrial plants.

The school children of each city, town and county will be the central figures on Friday, November 7, when special exercises in the schools will be held. The following day is special feature day for business and fraternal clubs. On the second Sunday of the campaign, November 9, patriotic sermons will be preached. November 10 is "Button Day," when all not wearing Red Cross buttons, will be solicited, while on Tuesday, November 11, the first anniversary of the Armistice, final reports will be made, and the campaign will close.

TEACHERS WILL CANVASS

Dallas, Texas, Instructors Volunteer As Red Cross Roll Call Workers.

School teachers of Dallas, Texas, have volunteered their services as canvassers for the Third Red Cross Roll Call, November 2 to 11. They already have perfected an organization and plan to make a house-to-house canvass on the second Sunday of Roll Call week in an effort to swell the total of Red Cross memberships for 1920.

"As we each intend to canvass in our own district," one teacher writes to Red Cross headquarters, "we expect to accomplish much by this unified action. Many teachers have mentioned that they had been unable to give as much time to war work as they wished and therefore desired now to aid the Red Cross in furthering its peace program."

"No, 'setting' is what I meant. I think they're hatching out trouble for somebody."

His Liberality.
"Ain't the guy that married Rosamond sort of a tightwad?" asked Heloise of the rapid-fire restaurant.
"Gosh no!" returned Claudine of the same establishment. "Why, he borrowed every cent she's saved and spent it all in three days!"

The Druggist Complains.
"Can't get my boy interested in compounding prescriptions."
"Why not?"
"Seems trifling to him, I guess, after mixing drinks at the soda fountain."

MEAN DISPOSITION.

"You actually got a pleasant word out of Mr. Grumpus?"
"Yes."
"How did you contrive to do it?"
"I told him a neighbor of his had broken an arm while cranking a flyver."

The Growler.
He kicks about his many woes. He is a constant fretter, I wonder if the grumbler knows A world that's any better.

I Owe My Life to PE-RU-NA

Mr. McKinley's letter brings cheer to all who may be sufferers as he was. Read it:

"I can honestly say that I owe my life to Peruna. After some of the best doctors in the country gave me up and told me I could not live another month, Peruna saved me. Travelling from town to town, throughout the country and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while plying my trade as auctioneer, it is only natural that I had colds frequently; so when this would occur I paid little attention to it until last December when I contracted a severe case, which, through neglect on my part settled on my lungs. When almost too late, I began doctoring, but, without avail, until I heard of Peruna. It cured me; so I cannot praise it too highly."

No girl has ever been pretty enough to make a pout attractive.

Any loafer can offer a dozen excuses for not being at work.

Almost anybody can tell a rich man what he ought to do with his money.

We'll say this for near-beer, it is much easier to swear off than the other stuff.

Missionary Society Meets

The Home Missionary Society met on Wednesday afternoon of this week with Mrs. A. E. Townsend. This meeting was made particularly interesting by the exhibition of a number of curious robes and costumes worn by the inhabitants of India. The robes are the property of Mrs. Townsend, who has had much experience in foreign missionary work, and were fully described by her. Ten members of the society were present at this meeting and were treated to delightful refreshments, after the work for the day was finished. The next meeting will be held at the church on Wednesday, November 5. All ladies of the town and community are invited and most earnestly urged to attend this meeting.

Will Buy Wheat at Spearman

The Headlight printed a nice order of stationery for the Vanderhoofven Grain Company, Spearman, this week. Mr. Vanderhoofven was here the latter part of last week and informed the Headlight that he was making every effort to be ready to buy wheat at Spearman by the time the railroad was ready to haul it away. He will probably be there next week, with bells on, ready to pay the highest market price for your wheat. Vanderhoofven is a good, reliable man and the Headlight takes great pleasure in recommending him as such.

Feed Pens at Spearman

Ed Sessions, foreman of the Brand ranch, on the Canadian in Hutchinson county, was in Hansford on business Wednesday. Mr. Sessions says he will have the ranch's winter supply of cake shipped to Spearman, and that his employer intends to establish feeding pens there and make the city at the end of the rail his shipping point. Spearman will have a big ranch trade from the beginning.
