

lations, reported the following resolution; which was read: Resolved, That the Clerk of the House be hereby directed to subscribe and pay for, out of the contingent fund, three hundred copies of Elliott's Diplomatic Code, to be distributed by giving one copy to each member of the House, ten copies to the Library of Congress, and the remainder at the discretion of the Secretary of State.

Mr. CAVE JOHNSON earnestly opposed the adoption of the resolution.  
After some remarks from Messrs. BRIGGS, E. WHITTLESLEY, and LANE,  
Mr. BOON moved the previous question.

Mr. HEISTER moved to lay the resolution on the table.  
He had done enough, he thought, in the way of buying books for the members.  
Mr. HARDIN demanded the yeas and nays, remarking that he wished to put his name on record, in opposition to the resolution; but, if the books were forced upon him, he should take them as well as others.

The yeas and nays were refused.  
The motion to lay on the table was agreed to by a vote of 24 yeas and no yeas.

Mr. THOMAS, from the Committee on the Judiciary, reported the Senate bill for the relief of Thomas Cooper, without amendment. Committed.

Mr. T. also reported the resolution from the Senate in relation to Florida acts, without amendment. Committed.

Mr. THOMAS, by consent, the following resolution, which was agreed to:

Resolved, That the Committee on the Judiciary be directed to inquire into the expediency of reporting a joint resolution, prohibiting the further issue of bonds guaranteed to the Territory of Florida by the Union Bank of Florida, incorporated by act of the 13th February, 1833, by the Governor and Council of that Territory.

Mr. M. JOHNSON moved to suspend the Rules for the purpose of making the bill for the increase of the military establishment of the United States the special order on Friday, from 10 to 12 o'clock. Lost.

Mr. CAVE JOHNSON moved the suspension of the Rules for the purpose of offering a resolution for the appointment of a select committee of members, to inquire into the disposition has been made of the books purchased by Congress since the year 1830, inclusive, and whether the members have sold said books to booksellers and others.

Mr. HAWES asked the yeas and nays, and they were ordered, and were—yeas 17, nays 70, not two-thirds.

So the motion was rejected.  
The motion of Mr. MASON of Va., the Committee on Foreign Relations was discharged from the further consideration of the petition of sundry merchants of New York, asking Congress to provide some means for indemnification for the destruction of their property at Antwerp; and the same was referred to the President of the United States, it being a matter for negotiation.

Mr. MASON, of Va., also reported a bill for the relief of Alexander Hamilton. Read twice, and committed.

Mr. MASON, also, from the same committee, reported a bill from the Senate to give effect to the 8th article of the treaty with Spain; which was committed.

Mr. MASON, of Va., also reported a bill for the relief of George M. Brown; which was read twice, and committed.

Mr. JONES, from the Committee on the Judiciary, reported a bill for the relief of H. B. Stith. Read twice, and committed.

Mr. MERCER, from the Committee on Roads and Canals, reported a bill from the Senate to authorize the construction of a turnpike through the public lands by a company in Washington county, Missouri; which was ordered to a third reading.

Mr. CRAIG, from the Committee on Revolutionary Claims, reported a bill for the relief of Robert Johnson. Read twice, and committed.

Mr. CRAIG, from the same committee, made sundry unfavorable reports on bills referred to it.

Mr. CAMBRELENG, from the Committee of Ways and Means, reported a bill making appropriations for the suppression of Indian hostilities, and for other purposes. Read twice, and committed, with the accompanying document, ordered to be printed.

Mr. CAMBRELENG, from the same committee, reported the Senate bill supplementary to the act for the relief of the sufferers by the late conflagration in New York, with an amendment. Committed.

On motion of Mr. CAMBRELENG, the Committee of the Whole was discharged from the further consideration of the bill in relation to unavailable funds in the Treasury, and authorizing a compromise of all old outstanding claims; and the same was brought into the House for consideration, and was laid on the table for the present.

Mr. CASEY, from the Committee on Public Lands, reported a bill for the relief of certain inhabitants in Madison county, Maine. Read twice, and committed.

Mr. DOUGLASS, from the Committee on Invalid Pensions, reported a bill granting arrears of pension to Ephraim Taylor. Read twice, and committed.

Mr. LINCOLN, from the Committee on Public Lands, reported a bill from the Senate confirming certain grants of land in Louisiana.

The question being on ordering it to a third reading, a debate took place, in which Messrs. CAVE JOHNSON and REYNOLDS took part, and which was arrested by the expiration of the time allotted to morning business.

The SPEAKER presented a communication from the President of the United States, transmitting a report from the Secretary of War, in relation to the Cherokee treaty lately ratified; which was ordered to lie on the table.

Mr. WHITE, of Florida, moved the suspension of the Rules for the purpose of offering a resolution to set apart six months to-morrow for the consideration of bills granting the right of way to the public land to certain railroad companies in Florida. Lost.

Several ineffectual efforts were made to take up sundry bills out of their order.

IMPROVEMENT OF HARBORS AND RIVERS.  
The House, in further execution of the special order, proceeded to the consideration of the bill making additional appropriations for the Delaware breakwater, and for certain harbors, and rivers, and making amendments from the Committee of the Whole.

Several of the amendments made in Committee of the Whole were non-concurred in.

The question being on concurring in the amendment in relation to the appropriation for the improvement of the Ohio and Missouri rivers.  
Mr. HAWES asked the yeas and nays on it, and they were ordered.

The question being taken, the amendment was concurred in—yeas 104, nays 81.

Mr. WISE moved to strike out the enacting clause of the bill, (in effect to repeal it,) and thereupon called for the yeas and nays, which were ordered.

The question was taken, and the motion was rejected—yeas 52, nays 133.

After several amendments were concurred in,  
Mr. HAWES moved to strike out that clause in the bill which appropriates \$100,000 for the improvement of the navigation of the river Hudson, and spoke at some length in its support.

Mr. SUTHERLAND moved the previous question, which was seconded.

Mr. HARDIN called for the yeas and nays on the question, "Shall the main question be now put?" and they were ordered.

The main question was ordered to be put—yeas 106, nays 78.

Mr. LEWIS moved a call of the House. Lost.  
The bill was ordered to be engrossed for a third reading—yeas 126, nays 64.

Mr. HAWES moved to recommittal the bill to the Committee of the Whole on the state of the Union, with instructions to strike out the appropriation for the improvement of the Hudson river, and thereupon he asked the yeas and nays, which were ordered.

After some remarks from Mr. BOON, the question was taken, and the motion was rejected—yeas 60, nays 101.  
The House then took the usual recess.

Evening Session.  
The House resumed the consideration of the bill making appropriations for the Delaware breakwater, &c., and the bill making appropriations for the improvement of certain harbors, &c.; and both bills, by the aid of the previous question, were read a third time, and passed. No later reports were received when this paper went to press.

Mr. WHITE, of Tennessee, on presenting to the Senate, on Monday, the resolutions of the citizens of Nashville, on the subject of the recognition of Texas, made the following remarks:

Mr. President: I ask permission of the Senate now to perform the agreeable duty of making known to this body the sentiments of a portion of the citizens of Tennessee on the subject of acknowledging that Texas is a free, sovereign, and independent State.

Ever since the struggle for self-government commenced in that delightful and fertile country, I have been my own wish that success should speedily crown their efforts; and that, so soon as the Executive of the United States could

be furnished with reasonable evidence that a Government was in fact established, which could be relied on as sufficiently stable to afford protection to the persons and the property within their limits, and with which other independent States would be safe in forming such connexions as are usual and useful to the family of nations, the United States should be the first to acknowledge and make known that Texas was independent. This having been my first wish, I have looked to the progress of this struggle with great anxiety. This anxiety has been increased by the circumstance of having some intimate acquaintances and valued friends personally engaged in the contest.

It gives me a sad and a gloomy view of the people of my own State particularly largely in the conduct of the citizens of other States towards this People, whose unparalleled achievements have, within a short period, expelled an invading foe, and, as I fondly hope, secured the permanent independence of their own country.

As the Committee on Foreign Relations has already made a report, I will not ask a reference of the paper which I now present to that committee; but content myself with requesting that it may be received, read, printed for the use of the Senate, and laid on the table.

The following is a copy of the resolution offered some days ago by Mr. DAVIS, in the Senate, and adopted:  
Resolved, That the Postmaster General be instructed to report to the Senate, at the next session of Congress, the entire amount of emoluments received by each and every Postmaster, whether provided for by law, or arising from boxes, or any other cause connected in any way with his office, designating the amount accruing to each from boxes, and the amount charged for each box.

In our report on proceedings on the Survey bill, Mr. UNDERWOOD (of Kentucky) is represented as moving to strike out the appropriation of \$30,000 for examinations and surveys for the year 1836. This was an error. Mr. UNDERWOOD called for the reading of that part of the bill; and thereupon Mr. GARLAND (of Virginia) moved to strike it out.

On the question to suspend the Rules of the House of Representatives, to enable Mr. McKAY to offer his several resolutions, Mr. ASHLEY asked the House to indulge him in making a few remarks explanatory of his vote on the question. He was delicately situated. He was in favor of one of the propositions which the gentleman proposed to introduce, and not the other. He desired a reduction of the price of the public land, but was opposed to any national modification of the tariff, to reduce the duties on imports. The Chair said the question to suspend the Rules was not debatable; and Mr. A., of course, did not proceed further.

Among the bills which received the action of the House yesterday, in Committee of the Whole, was that providing for the removal of the seat of Government from the Mississippi to the seat of Government of Missouri.

When the bill providing for the construction of a road from the southern boundary of Missouri to Red river was under consideration, Mr. ASHLEY proposed to amend the bill by striking out the words "southern boundary of Missouri," and inserting "as the place of beginning, on the Mississippi, at New Madrid;" which was agreed to.

A BEAUTIFUL RESIDENCE, with a profitable Farm at Auction, near the City. I shall sell, by public sale, on Thursday afternoon, June 30th, at half past 4, at Gwynn's Tavern, 9 miles out on the Susquehanna Railroad, that valuable and profitable farm known as Wilkins', with all the necessary buildings, and situated with all the necessary improvements in complete order, situated in the forks of the Susquehanna Railroad, and 9 miles from the Falls Turnpike, adjoining the lands of Richard Caton, Esq. Probably there is no more beautiful, luxurious, and healthy spot in the State. There are about 28 acres of land, upwards of 100 of which is in a very high state of cultivation; there is an abundance of wood and water, a thriving young orchard, a handsome garden, extensive barn, replete with every convenience; and ice house, &c. The farm is under good locust, and chestnut fence, divided into seven fields, all in full crops, which will test the strength of the soil. Terms will be liberal. Apply to the auctioneer.

The cars leave the Depot at 3 in the afternoon, and return at 6. The property can be examined at any time previous to the sale. H. W. BOOL, Jr.

## FRAUDS UPON THE CREEK INDIANS.

A controversy has arisen before the Public, through the medium of the Alabama newspapers, between Col. J. B. HOGAN, an Agent of the United States, and Gen. Thos. S. WOODWARD, one of the Emigrating Contractors. Into the personal merits of the quarrel between these two adversaries we do not propose to lead our readers, because, if not for other reasons, it would be carrying them away from the point to which we desire to direct their attention.

It will be within the recollection of our readers that it was lately stated, in a paragraph copied from Southern papers, that Col. HOGAN, an Agent of the United States, had discovered extensive frauds practised upon the Creek Indians, in the disposal of their lands, which frauds were supposed to be connected with, if not at the bottom of, the late hostile indications among this tribe of Indians. The subjoined documents, being a portion of those published in Mr. Hogan's reply to Mr. Woodward, will give the reader an insight into the nature and extent of the frauds alleged to have been practised upon the Indians.

Before reading these Letters, (the first of which, it will be perceived, is from the influential friendly Chief now co-operating with Gen. JESUP)—the reader will please to recall to mind the fact, that, by the Treaty of Emigration between the United States and the Creek Indians, certain reservations were made to the Indians in the ceded territory—to some more, to some less—the remainder of the land being transferred by the Treaty to the United States. The reservations, thus made in their favor, the Creeks were allowed to make sale of. The reader will be able to form an idea, from the following papers, how these reservations have been bought from the proprietors to whom the Treaty confirmed them in fee simple:

LETTER No. 6.  
From Hopohle & Yoholo.

DEAR FRIEND: I have been waiting in anxious expectation to see you for some time, but have been disappointed. Owing to the many complaints, which are lodged with me daily, from the Chiefs of the different towns of Judge Tarrant's district, compels me to address you a few lines in behalf of them, to inform you of the frauds which are practised on them daily in this district. You being the friend of this time to whom we can best apply, compels me thus to address you. The Chiefs inform me that they have been persuaded nearly all their people to sell their lands, and, after having had their lands certified to, and received their money, have been made to give them up again, by the very men who have bought their lands, either by force, or tales raised for the purpose.

This has been told by them to me, and that it was General Jackson's wish that they should not hold money, and that they had been sent as agents to receive their money, and hold it until they arrive in Arkansas; and, consequently, a great many of them have given up their money, thinking that whoever their great father said, could not be otherwise than for their benefit; and whenever these tales would fall, it has been taken up by you, and you have, possibly can, be sure and bring Tallar-har, an old woman of Tlalob-locotown, who is the mother or mother-in-law of John Reed, an interpreter who was killed last year. The whole show will be up in four weeks from this time, and all the Indians who do not sell will lose their lands. This system has not been working more than two weeks, and upwards of 1,000 tracts have been certified. The stream is getting wider, deeper, and stronger every day. If things are to be radically altered as to money at Tallaposa, I will furnish funds in paper money, to certify the balance; if not, the Indians may be disbanded, and we will quit the game, for I will stand the past pull no longer, and if Dr. Seale's men do not get out, you will do it for me. You are not disposed to go into it, but I prefer your connexion in the matter. There is nothing going on at this time, but stealing of land, with about 50 Indians. Pay me as much as you can for my services, and get 400 or 500 contracts certified with 50 Indians. It is all the game. Judge Shorter has just returned from Dr. McHenry's. He states the different speculators have about 500 Indians hid out, and certifying at night. Yarga is certified to. Without a rush we are gone.

B. P. TARVER.  
James S. Moore was married to-night. The Judge thinks that the largest proportion, if not all the land that he sold before Dr. McHenry, will be certified on this week. Now is the time or never. Hurrah boys! Here goes it. Let us steal all we can. I shall go for it, or get no lands. Now or never. BENJAMIN P. TARVER.

LETTER No. 7.  
COLUMBUS, FEB. 18, 1836.

To Col. Hogan, Sir: Having just returned home from Mississippi, and being informed that in your recent investigations you have deemed it necessary to mark for report to the War Department several contracts made by Shorter & Scott; Shorter, Tower & Shorter, B. P. Tarver, Eli S. Shorter & Co., and J. F. Manning, with Creek Indians, Mr. Tarver and myself were both in Mississippi, Scott in Texas, and Fanning dead, at the time of your investigation, so that neither of us were or could be present. I therefore ask that you will do me the justice to furnish me with a list of all such contracts, with the grounds of complaint, before you make your report; and I am interested, and offer through you to the Department, such evidence and defence as may be in my power. I am interested in each one of the cases certified to said parties.

Respectfully, your obedient servant,  
ELI S. SHORTER.

LETTER No. 8.  
Letter of Eli S. Shorter to Col. John B. Hogan, proving himself an honorable man.

COLUMBUS, FEB. 24, 1836.

Sir: I am just informed that you have been furnished with a copy of a letter directed to me by you, and intended to be sent by Bird Fitzgreek, Esq., and others in the Creek territory, to the Secretary of War, in relation to our Indian matters, and that you particularly object to one statement in the letter, to-wit, that you had certified approved reversed contracts. I have received such information from Dr. W. A. Richardson, Daniel Neaves, and James G. Cleveland, and immediately prohibited to the Secretary of War a direct charge against you, for having certified the case of Ho-mar-bo-do, who was located upon W 32, 14, 29, and that the re-certification was in favor of A. Seals & Co. The morning after my letter had been sent to the War Department, in conversing with Mr. J. A. Hudson upon the subject, he stated that I must certainly have been misinformed, for that you had been applied to, and urged to re-certify another case of the character; that you had refused to do so, and had declared that you never had re-certified such a contract. I immediately sought an interview with each of my informants, and the following was the result: Richardson did not see, nor did he know, that the contract had been re-certified; he was present only in the investigation, and saw that the contract was so reversed and disgusted that he left the square, and was afterwards informed that the land had been resold and re-certified, and in the re-certification that you stated publicly that you did not know that you were authorized to act, and gave notice that by acting you were not to be considered as incuring any manner of responsibility. Neaves says he did not see, and does not know of the re-certification; that was one of the firm of A. Seals & Co.; that they informed him that the land had been re-purchased and re-certified, and called upon and received from him his proportion of the purchase money.

Glenn says that he did not see, and does not know, that the re-certification had been made; and was informed by several members of the firm of A. Seals & Co., that the land was resold and re-certified. Finding upon this second and particular re-examination, that the proof was deficient, the same day wrote again to the Secretary of War, stating the facts specially; my belief of a misrepresentation by some of the firm of A. Seals & Co., and that I felt it my duty, as an honorable man, promptly to retract the charge against you. The letter making this retraction was written one day, and the letter explaining and retracting it written the next day, and all about the time of draughting the letter first herein mentioned. Thus, Sir, I hope you will perceive that, whilst I have been and am determined to maintain my own rights as far as I have the power, I have been and am as scrupulously regardful of the rights of others. As the letter first

mentioned is known to you, it is but justice to myself that you should be put in possession of the "whole facts" precisely as they exist.  
Respectfully, your obedient servant,  
ELI S. SHORTER.

LETTER No. 9.  
From the Hon. Eli S. Shorter, addressed to John S. Scott, Esq., Corley, and M. M. & N. H. Crocker—Tallahassee.

COLUMBUS, MARCH 1, 1836.  
GENTLEMEN: I have just returned from Dr. McHenry's, when there, Yarga sold and certified his land to Dr. Billingsley for \$6,000, and then gave back \$3,000 of the money, and took a lead for the occupancy of the land west of the river. I left at the agency Hayden and his son, Gen. Woodward, Stone, McElyde, and Collins, the whole of the agency, and a number of others, with I firmly believe, four hundred Indians hid out all around the hill. Certifications commenced late yesterday morning, and about sixty were taken through. The agent will be home certifying the whole of next week, and, in that time, most, if not all of the land will be swept that is worth notice. I have the agent's promise to meet us at any place of our appointment on Monday morning with the agent, and to obtain this, I have had to interest another man in the company, so far as it regards McHenry's district: I am to give him one-eighth part. It is unnecessary to mention names; the thing was necessary, and was therefore done.

Now, if we are to do any thing, you must instantly, upon reading this letter, lay all other business aside, and gather up all the Indians who can be depended on as possible, and Corley or Crawford, and one of the Griersons, must come on with them towards the agency in Chambers. The other, with the other Grierson, must remain behind, and collect and come on with another company. When you get within from five to ten miles of the agency, stop where you can get water and provisions, and send a messenger to the agency, and let us know where you are, and we will meet you at the agency, and we will be there, and proceed to business. Your messenger must reach us on Sunday night. Camp your Indians out of sight of the road. You need give yourself no trouble about the value of the land; I will arrange all that.

Stealing is the order of the day, and out of the host of Indians of the agency, I don't think there were ten true holders of land.

When I left, there were not more than 50 reservations left in all Tuckabatchee; they will all go to-morrow, then will follow Thlob-locot-then Kialiga—then Oak-ten-saturday—then Eu-fan-la; and, in two weeks, the whole host of Philistines will be in your quarter, and, rely upon it, they will carry all before them.

Now Seale may get himself in his Indian blanket, and say this is impossible; but say it is not only possible, but certain.

When I see such men with so few advantages getting so much valuable land at \$10 per tract, see how much money we have paid out, the power we have had, and see the quantity and quality of land we have received, particularly when I think of the money we have paid out, and see how I can almost tear the hair from my head. There is yet time to do something, but I almost despair of its being done.

If Scott's Indian wife was at the devil, I should have some hope. We shall go into the stricard and do what we can; if you will join us, well; if not, well, we have plenty of money. You need not come unless you will drill your Indians, and prepare them to receive the dollars in the spring. The national tract certified. Be sure to bring two old women with you, possibly can, be sure and bring Tallar-har, an old woman of Tlalob-locotown, who is the mother or mother-in-law of John Reed, an interpreter who was killed last year.

The whole show will be up in four weeks from this time, and all the Indians who do not sell will lose their lands. This system has not been working more than two weeks, and upwards of 1,000 tracts have been certified. The stream is getting wider, deeper, and stronger every day. B. P. TARVER.  
LETTER No. 10.  
From Benjamin P. Tarver.

Sir: Mr. Corley gave me time to be there to close the trade with him until I could get out, or until they commenced certifying. As my business in course is not settled, I am unable to say when I shall be there; and if you have not closed the trade with Mr. Corley, you will do it for me if you are not disposed to go into it, but I prefer your connexion in the matter. There is nothing going on at this time, but stealing of land, with about 50 Indians. Pay me as much as you can for my services, and get 400 or 500 contracts certified with 50 Indians. LETTER No. 11.  
COLUMBUS, FEB. 18, 1836.

To the Board of Managers of the Washington National Monument Society, for a portion of public ground for the site of the monument, will be found in our columns to-day. We would call the attention of our readers to it as containing sentiments creditable to the author of the report, and the committee by whom it has been made. A copy of the bill, as it has passed the House of Representatives, is also given.

While on this subject, we cannot refrain from mentioning the spirited and patriotic conduct of the People of the State of MAINE. "Every individual in the Portland Cotton Manufactory," says the collector of the Society, "from the gentlemanly agent, H. Smith, Esquire, to the youngest boy and girl, including 114 females, contributed from one dollar to six cents a piece. And the Bangor Mechanics' Association have unanimously passed resolutions highly approving and recommending the plan and object of the Society, and proposing to prepare a corner-stone of any given dimensions, with suitable inscriptions, and forward it to this city, as a contribution from the Mechanics' Association to this patriotic object."

We trust that the general contribution to this laudable object will be such as to do credit to the countrymen of the great patriot whose memory it is intended to honor by the monument in contemplation. We should be pleased to see Mr. LANE's report published in every journal in the United States.

Conviction of Mail Robbers.—We learn from the Richmond Whig of Saturday, that Burdick and Hoffman, apprehended for robbing the mail between Richmond and Petersburg, have been sentenced to the penitentiary by the Federal District Court—Burdick, as the actual robber, for ten years—Hoffman, as the receiver of the plunder, knowing it to be stolen, for one. Burdick was found guilty by a jury—Hoffman confessed and threw himself on the mercy of the court.

Lynch law put down in Bagdad.—A missionary with two camel-loads of tracts reflecting upon Mahomet, went lately into the bazaar at Bagdad, and began to distribute them among the people. The consequence was a general riot, and the destruction of the tracts. The Pacha, by threats and determined conduct, succeeded in quieting the mob, and 3,000 troops were ordered from Constantinople to help "the regular police."

DETROIT, JUNE 11.  
Steamboat Arrivals.—On application to the Collector's Office in this city, we learn that there were ninety steamboats arriving in the city of Detroit during the month of May. When the Public are informed, in connection with this fact, that every steamer that has entered our harbor has been heavily laden with freight and passengers, they may form something of a correct estimate of the business of Detroit and of the West in general.—Free Press.

## FROM THE SOUTH.

The Mobile Register, of the 13th instant, says that the Secretary of War has directed Gen. JESUP to confer with the Postmaster at Columbus, to adopt measures to protect the mails, but that the disordered condition of the mail line will prevent the immediate benefit of this arrangement; the losses of the contractors in stock and supplies, and the breaking up of all their arrangements, rendering the restoration of regularity a work of difficulty.

We are informed from more than one source (says the Savannah Georgian) that General CUNNELL is unwilling to assume the command of Florida, his only motive in visiting Florida at this time being to remove his negroes from the Territory.

Lieut. D. S. HERRING, of the 3d Regt. of Artillery, died at St. Augustine on the 23d inst.

Lieut. T. B. WICKLOCK, of the U. S. Dragoons, died at Micanopy on the 14th inst.

The following is an extract of a letter received at St. Augustine from Fort Drane, dated 19th inst:  
"No news of the Indians since their repulse at Micanopy. Major HELLMAN had arrived safe here with the baggage train."

The account of the arrest of a white man, for being concerned in the robbery of the mails in the Creek Nation, is confirmed. The name of the accused is Philando R. Broad, sometime since Postmaster at Fort Mitchell. When arrested, broken letters and envelopes of letters were found in his possession, affording almost conclusive evidence of his guilt. He succeeded, when seized, in destroying part of the contents of his pocket-book. There are witnesses at Augusta, ready to swear that he was seen and recognised, with

WASHINGTON AND BALTIMORE RAILROADS.—Hours of departure changed.—On after the 27th inst. further notice, the cars will depart from the depot at this office at HALF PAST TWO A. M. instead of half past eight A. M. and at FOUR P. M. instead of half past ten P. M. as heretofore.

MAIL EXPEDITED AGAIN TO FREDERICKSBURG, RICHMOND, PETERSBURG, &c.—The Southern mail, on and after Monday, the 13th inst., leave the steamboat in this city at 5 o'clock P. M., arrive at Fredericksburg, on the morning of 6 A. M., at Richmond by 2 P. M., and at Petersburg by sunset. Leave Petersburg at 2 A. M.; Richmond, at the office of the Railroad Company, by 4 A. M., and arrive at Washington by 9 P. M. Passengers who leave Baltimore in the evening will, under this arrangement, meet the steamboat, breakfast the next morning at Fredericksburg, and dine at Richmond; on their return, they will breakfast at Chesterfield, and dine at Potomac creek, on board the steamboat.

WALSH'S DIDACTICS.—An additional supply is just received, for sale by P. TAYLOR, June 20

VALUABLE TAVERN STAND TO RENT.—For Rent, all that valuable Tavern and Livery Stable property of the late George Holtzmann, in Beall street, in Georgetown, D. C. This property is so well known as having the best run of custom in the town for many years, that a description of it is not considered necessary. The stand is a first-class one, since the death of George Holtzmann, by his widow, who, for the purpose of affording her successor an opportunity of retaining the boarders and horses at livery, as well as the transient custom, will continue the same until the last of next year, at which time the property will be sold. To a good tenant the rent will be moderate. For terms, apply to ELIZABETH HOLTZMAN, ap 20—law6c Now occupying the establishment.

BEDFORD MINERAL SPRINGS, situated one mile and a quarter south of the town of Bedford, in the county of Frederick, Md., is a beautiful and healthy place, and the water has the celebrated sulphur water of the springs of the same name, and is in every respect of a superior quality, and is well adapted for the reception and accommodation of a very large number of visitors. The bar and larder are furnished with the choicest liquors and viands that the domestic and Eastern markets can afford. J. B. gives the assurance that no efforts on his part will be spared to render his guests happy and comfortable, and flatters himself that his long experience in the art of selecting and training the selection of the best servants, will enable him to afford general satisfaction. GOLD AND SILVER PENCILS.—Received this day at Stationers' Hall, a large assortment of handsome Gold and Silver Ever-pointed Pencils, suitable for ladies and gentlemen, at reduced prices. June 24 W. FISCHER.

CITY HOTEL, New York.—The subscriber begs to leave to announce to his friends and the Public generally, that he has taken a lease of this well-known and favorite establishment for a term of years, and that it is now open for the reception of company. The house, its location, and advantages are too well known to require description; and the advertiser has only to assure the Public that he has secured, in the person of his partner, not only to sustain the high character which the house has heretofore established, but to make such improvements as his customers of the day may require.

The whole establishment has been refurnished and refitted, and will in all respects compare with any other in the city, both in its arrangements and accommodations. June 25—6t R. G. CRUTTENDEN.

Calvert County Orphans' Court.—Application of James A. Chesley, administrator, with the will annexed, of John J. Brooke, late of Calvert county, deceased, it is ordered, that he give notice to the creditors, for creditors to exhibit their claims against the said deceased; and that the same be published once a week for six successive weeks by advertisements, in the Maryland Republican, at Annapolis; National Intelligencer, at Washington; and Baltimore Globe.

Calvert County, Md. In testimony that the foregoing is a true copy from the minutes and proceedings of the Orphans' Court, I have heretofore subscribed my name and affixed the seal of my office, this 14th day of June, 1836. Register of Wills for Calvert county.

Notice is hereby given, that the subscriber, of Calvert county, has obtained from the Orphans' Court of Calvert county, in Maryland, letters testamentary on the personal estate of John J. Brooke, late of said county, deceased. All persons having claims against said deceased are hereby warned to exhibit the same, with the vouchers therefor, to the subscriber, on or before the 14th day of December next; they may otherwise be excluded from all benefit of the said estate. Given under my hand, this 24th day of June, 1836. JAMES A. CHESLEY, Adm'r.

MACKINTOSH OF THE EPISTLES.—A new enlarged and improved edition, handsomely bound, price only \$4, just published for sale by P. TAYLOR, June 23—law6c

CONSTITUTIONS OF THE TWENTY-NINE STATES.—In the press, a revised edition of the Constitutions of the several States composing the Union, from 1776 to 1836, with all the ratified amendments. This work is intended to form the fifth volume of the "Debates on the Adoption of the Federal Constitution," (just issued) by JONATHAN ELLIOT.

ALEXANDRIA FOUNDRY AND STEAM ENGINE MANUFACTORY.—Locomotive and Stationary Engines, heavy Iron and Brass Castings, Church Bells, and Machinery of every kind. Gentlemen visiting Washington are invited to call and see the works. THOMAS W. SMITH & CO. Alexandria, March 1

VALUABLE POTOMAC LAND AND FISHERIES FOR SALE.—I will sell at private sale the farm on which I now reside, called Tulip Hill, situate in Prince George's County, Maryland, five miles from Alexandria, and twelve miles from Washington, adjoining the estate of the late Dr. W. H. W. W. The land contains six hundred and one hundred and twenty acres of well timbered; the arable part is composed of different grades of soil, all of which is well adapted to the cultivation of corn, wheat, tobacco, &c. and receives the application of clover and plaster with great effect. It is laid out in five fields, two ten acres, and a beautiful spring, fed by a well, and well supplied with water. There are also about forty acres of inexhaustible marsh land, a large portion of which is almost in a state for cultivation, and produces annually a very abundant crop of grass, and it is thoroughly reclaimed, which might be done with little expense. This is the most desirable grass farm in this section of the country. This farm bounds three-fourths of a mile on the Potomac river, and has attached to it two shad and herring fisheries, one of which has been regularly and successfully fished for many years, and has revealed the secret to a large number of persons. The fish will sell regularly more than pay the interest on the amount I am willing to take for the property. There is a new and complete outfit for this landing, which will be disposed of if desired. In addition to the application of clover and plaster, the land is supplied with manure, which is applied with great care and skill. I will show its effects for years if properly applied. The great abundance of wild fowl, canvass-backs, &c. in this season, is the least of the advantages which this farm possesses. The improvements consist of small dwellings for the family, and a small cottage, with a fine view of the Potomac river, about 100 yards therefrom, on an elevated situation, commanding a view of every field, also the city of Alexandria, Georgetown, and Washington; smoke house, lard house, carriage house, stable, corn house, large well, and a fine barn, every article, well calculated for marketing, with a well of excellent water. In fact, this farm comprises all the advantages a river farm can possess, and particularly deserves the attention of persons wishing to engage in fishing or grazing.

By the order of the subject, through the Post Office, Port Washington, Maryland, or to Mr. Thomas Johns, Patent Office, Washington, will be promptly attended to. HENRY L. COOMBS, may 9—wif

VALUABLE ESTATE FOR SALE.—By virtue of the will of Charles Magill, deceased, and in pursuance of the order of the Court, the following real estate, called "The Meadows," situated on both sides of Oppeon creek, in Frederick county, Va., containing 2,000 acres. It is five miles south of Winchester, where the railroad terminates, and one from the supposed route of the contemplated railroad from Winchester to Staunton. The land is limestone of the first quality, adapted to the growth of wheat and corn. Above one-half is cleared, the other portion is covered with heavy timber. There are about 100 acres of bottom ground, the richest alluvial soil, well watered, and the best adapted for the raising of every variety of hay, which commands readily in Winchester from ten to thirteen dollars a ton. Near 400 acres are in clover. The operation passes nearly three-quarters of a mile through the tract. In fact, the whole estate is well watered, and every acre of stone water. In point of health no place in any part of the world can surpass this. The Dwelling-house is a large brick building, recently built, and in good repair. The Barn and Stables are of stone and ample; there are also sheds for cattle, and other 100 acres of bottom ground. The Court and the Winchester road makes the Winchester market nearly equal to that of Baltimore; every product of the soil can be readily sold there for cash. This estate combines advantages which render it one of the most desirable farms in the beautiful Valley of Virginia. It will hold either as a divided or as may be found most suitable to purchasers. The terms will be made convenient. JOHN S. MAGILL, Executor of Charles Magill, deceased. ap 30—w5w

PHILADELPHIA MIRROR.—26,000 Subscribers!—The splendid patronage awarded to the Philadelphia Saturday Courier, induces the editors to commence the publication, under the above title, of a quarto edition of their popular journal, so long known as the largest family newspaper in the United States, with a list of thirty-two thousand subscribers. The new feature recently introduced, of furnishing their readers with new books of the best literature of the day, having proved so eminently successful, the plan will be continued. Six volumes of the celebrated writings of Captain Marryat, with a list of thirty-two thousand subscribers, have already been published, without interfering with its news and miscellaneous reading. The Courier is the largest and cheapest family newspaper ever issued in this country, containing articles in Literature, Science, and Arts, Internationals, and Miscellaneous. It is published weekly, by at least two hundred thousand people, scattered in all parts of the country, from Maine to Florida, and from the seaboard to the interior of the United States.
