

The Odell Reporter

VOL. 6. NUMBER 38

ODELL, WILBARGER COUNTY, TEXAS, THURSDAY, SEPT. 20, 1917.

ONE DOLLAR PER YEAR

Message From an Odell Soldier at Camp Bowie

Brief Touch of Life in Uncle Sam's Service is Told by Alford Turner

Camp Bowie, Ft. Worth, Tex. September 15 1917.
Mr. Charles Ross,
Dear friend:

I will drop you a few lines to let you know that I have changed my address for the paper.

We got to Camp Bowie the seventh of September and it was raining when we got to the mess hall for Co. E and that was the only place we had to stay for we didn't get our tents until the next day. And you speak of mud we have that when it rains.

Well I saw Jesse Henry. He is cook for Co. D from Quanah.

We are all getting along alright, but are getting tired of waiting for our clothes. But think we will get them soon.

We signed the pay roll and we can hear a great deal of talk about what is going to be done on pay day.

Well Charles, has it rained any out there yet? We have had a big rain since we came down here.

I haven't had to drill much in Camp Bowie, but I have learned to use the pick and shovel, believe me. We will have some more digging to do next week.

I have shot again and it sure made me feel bad for a day or two. But I wasn't by myself, there wasn't enough well ones to wait on the sick.

Well Charles I will close for this time for I hear the mess call. With best regards to the Reporter and its readers.

Alford Turner,
Co. E 7th. Tex. Inf.

Popular Young School Teachers of County Wed

Prof. Dewitt Thompson And Miss Edna Vance Married at Quanah Saturday

Friends of Dewitt Thompson in this community and elsewhere, will no doubt be surprised to learn of his marriage to Miss Edna Vance of Vernon. The young couple going to Quanah Saturday where they were united in the holy bonds of wedlock.

The bride is a teacher in the West Vernon school and is a sister of Prof. Vance, who was superintendent of the Vernon school last year.

Dewitt is a son of Commissioner C. G. Thompson and wife, and is a steady and industrious young man, who is fast working his way to the topmost round, as a teacher in a schoolroom. He taught last year in the Waggoner Colony, and has again been employed by the trustees of that district for the coming session at an increased salary.

The Reporter joins the many friends of the popular young couple, in wishing for them many years of happiness and prosperity together.

Movie House Opens

The first show at the Mystic Theater under the new management was given Wednesday night. The show was free to everybody and a large crowd attended.

The manager announces that the theater will open Tuesday, Thursday and Saturday nights.

A serial story entitled, "The Voice on The Wire" has been started and will be shown each Tuesday night.

Read The Reporter 1 year.

Foreman a Booster For Cimarron County Oklahoma

Former Citizen of Odell Doing Well on 160 Acres in New Country

Wheless, Okla., Sept. 10 1917
Mr. Charles Ross,
Odell, Texas.
Dear Sir:

Inclosed you will find \$1.50 for which send me your paper and Dallas News one year.

Well, you have likely heard lots about Cimarron County, Oklahoma. It is a high dry country but I have been here seventeen months and haven't dried up yet.

We had a good rain last night which helped our Mexican beans. Think they will make 5 to 7 hundred pounds per acre and they are worth eight cents per pound in Clayton, New Mexico. At 500 pounds per acre would be \$40.00, and land can be bought from \$8 00 to \$12.00 per acre. I believe it is a good investment for any one. Maize grows fine here and also broom corn. One of my neighbors has 600 acres of broom corn that will make one fourth ton per acre and is worth \$300. 00 per ton.

Well don't you think that beats paying \$25 to \$100 per acre for land to raise cotton and make about \$10 to \$15 per acre on it. And the good part we harvest our crop with teams. No stooping or crawling like picking cotton.

I have nine acres of Mexican beans that will be ready to harvest in about three weeks, will let you know how much I make and tell you what I will take for my 160 acres. Now don't think I am running old Wilbarger down, I like the name yet, but this is a better country for a poor man like me to get a home, or at least I think so.

Yours truly,
Arthur C. Foreman.

Reporter Remembered

The Reporter force counts themselves fortunate in being friends of county commissioner C. G. Thompson. As Monday morning of this week he unloaded at the office door several big roasting ears from his car.

Mr. Thompson captured the blue ribbon on a certain variety of corn at the county fair last week and the Reporter's roasting ears was gathered from the same field. He says he has a field of 18 acres in corn and that he is estimating it to make 30 bushels per acre. The corn was planted in June and at the time the seed was put in the ground, our commissioner says, crop prospects on his farm were anything but favorable. Now he has a fair cotton crop for the year and some late feed coming on, which he says with a another rain or two, will make enough to last him two years.

W. S. Wyatt, of the Red River community, was attending to business matters in the city the first of the week.

Loads of "King Cotton" Beginning to Arrive

Gins Plants Here Have Turned Out 95 Bales Since Starting Up

"King Cotton," the dependable crop in this country and over which much interest is always centered at the gathering and marketing, during the last few days has begun to move from the fields to the cotton yard.

While it is generally known that the crop in this part of the county this season will be considerably shorter than that of last year. But as the last rains have been of much advantage to the crop in fruiting, the Reporter so far has not found a man who is willing to estimate the number of bales that will be ginned here. It is a hard matter to determine what a cotton crop will yield, and those who are familiar with the plant are well aware of that fact.

To date three plants at this place have turned out 95 bales.

Irvin Hamilton and family left Wednesday for their home in Castro county after a short visit with home folks in this county. They were accompanied home by Clarence Sherrer of Fargo, who has been employed by Mr. Hamilton. They reported while here that grass was fine on the ranches and that there were some good crops on the plains.

C. E. Foster, and Lee and M. Crownover have returned from a pleasure and prospecting trip in Colorado and New Mexico.

Local Merchants Planning to Give Someone a Ford

Details of Contest to be Decided And Announced at Later Date

Without some hitch in a plan now under consideration by the business men of Odell, someone in this part of the country is going to become the proud owner of a Ford automobile. Free of cost.

The plan for giving the little "Tin Henry" away, has not yet been decided on, nor has the time when the car will be turned over to the lucky person been agreed on. But this matter will likely be decided Friday night at session of those interested, then circulars will be printed and distributed over the country, announcing the plan, and the date when the contest will close.

A majority of those in business here have already signed an agreement to take part in the campaign and much enthusiasm is being shown over the proposition.

School Begins October 1st.

Members of the local school board announce that the Odell public school will begin the first Monday in October. Since Prof. Stewart of Waco has resigned as principal of the school, Prof. W. T. Blakely of Denton, has been elected to fill the position. The other teachers are: Mrs. Mark Burch, Miss Letha Davis, and Mrs. J. R. Huie, the latter having been elected to teach the primary grade.

The Odell Reporter

Published Every Thursday

CHARLES P. ROSS
Editor and Proprietor

Entered as second-class matter, January 4, 1912, at the post office at Odell, Texas, under the act of March 3, 1879.

Telephone No. 22

SUBSCRIPTION \$1.00 A YEAR.

Cotton sacks and knee pads appear to be about the best sellers in Odell now.

An exchange of ours says: "A fall turnip patch will go a long way toward pulling down the high cost of living."

There appears to be some citizens in the drought stricken areas of Texas that are ashamed to accept state aid.

One thing a little out of ordinary about the Orient this summer, is that most of the time the trains have been running on the rails.—Foard County News.

Send the Reporter back home to your relatives. In lots of instances it will answer the purpose of a letter. And you know how bad you hate to write.

It will not be many days until you will again be urged to buy a Liberty Bond. The campaign for the second liberty loan issue of \$3,000,000,000, will begin October 1st.

It seems the least roar is made over the high price of gasoline of any commodity on the market today, which is another point in favor of the fellow who argued that people had rather joy ride than eat.

Odell has an organization called the Business Men's League. The motive and purpose of the body is to co-operatively work for the interest of Odell and this part of the county. The League meets the first and third Friday nights each month. Are you one

of those fellows who claims citizenship in Odell, and is not a member?

Odell stores are stocking for a large volume of business this fall and there are a number of people in this part of the country who can save several gallons of gasoline every week, by coming here to do their trading.

It is an old adage, but true nevertheless, that very little worth while ever comes to the fellow who sits down and waits. The truth of that statement we expect prompted the first business man to advertise.

The fellow who has no property interest in a town may be justifiable in lining up with the town knockers. But we wish to inform the fellow who has money invested, and is continually kicking, that he is hurting his own interest, if doesn't already realize the fact.

The Chillicothe News puts it, that there are more suckers in its town than any place in the state. It further says, if all the money that has been squandered by Chillicothe capitalists in "get rich quick schemes", had been used to start up a bank, Chillicothe could boast of an institution of a \$50,000 capital.

Quite a few Oklahomans have been noted on the streets of Odell this week. A portion of Oklahoma like Wilbarger county and other counties in Texas, has been hit by a drought this year. But our neighbors, across the river have some cotton to sell and Odell should line up for a part of their business.

At this time there quite a number of strange people beginning to drift into this country to assist in gathering the cotton crop. Extend them a cordial welcome and treat them with all manner of courtesy. And when these good people return to their homes they will advertise us favorably. Noth

ing better can be said of a country, than it is settled up by a friendly hospitable people.

"A whaling good spanking" was a sentence imposed on an unruly youth in Dallas recently by Judge Quentin D. Corley of Dallas county. The Judge's orders was that the spanking be applied by the boy's father. The mode of punishment is a powerful corrective for some wayward sons who get it down in their heads they are too big to be spanked. And in many instances where parents have allowed their boy to entertain a notion of that kind and failed to apply the rod at the proper time, in later years witnessed him go through court house door.

With all due modesty, we believe the home paper is the most important institution in any town. It is the medium through which the town speaks to the outside world and is the means of communication between the town and vicinity. Long ago, under inspiration it was written, "No man lives unto himself," and this truth was never more apparent than it is today. No man can retire from the activities of life and live. He must know what is going on about him, and the world must know what he is doing. The use of the newspaper is the only plan by which this is carried on. It is surprising what little importance some of our folks—some business men especially—attach to the local paper.—Chillicothe News.

At last the Germans in Europe are beginning to realize that there are American soldiers in France and that Uncle Sam is in the war to a finish. That they think the American soldiers are now on the firing line, is proven in a way, by a note found in a diary taken from the body of a dead German soldier who was among those killed in the Ypres section recently. The note in the dead German's diary read: "We suppose we have had the Americans opposite us for some time now. Two divisions of the Portuguese are at our right. The man who brings in the first American alive or dead, to headquarters, has been promised an iron cross, of the first class, 500 marks, (about \$115) and fourteen days leave by our division commander."

There is one citizen in East Texas that is rejoicing over the way the prohibition election turned out in Dallas County last week. This fellow lives at Rockwall. To give vent to his feelings and probably tantalize the fellow who opposed him at the polls, he expressed himself thus, in Saturday's issue of the Dallas News:

"We celebrate, jubilate, and 'retificate'. Dallas is dry, Rockwall is bone dry. The antis have had the wrong slogan, 'Stand by

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

THEDFORD'S

BLACK-DRAUGHT

recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine made. I do not have sick headache or stomach trouble any more." Black-Draught acts on the jaded liver and helps it to do its important work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. Get a package today. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package. All druggists.
