Another Good Road for Odell

Persistent Effort on Farmer's Part Starts Another Good Road Into Town

A good road movement was started awhile back on the road that leads out by C. H. Shaw's farm and through that immediate vicinity, those farmers living on or near that road are required to put in so many days at road working under the law, have been busily engaged laying this road and as a result are getting it in excellent condition for traveling. Quite a little sum of money was donated by the business men of this place towards helping on this road which will benefit the town, as the fall season of the year is almost here and the marketing of farm products soon will begin, all roads needs to be in good traveling shape, for in this day where a country is closely settled, and it is no great distance for the people to go to different markets to trade or dispose of their produce, they will often consider the condition of the roads that leads into a town before they will the distance, and under these circumstances we do not believe the merchants of a place lose anything when they contribute liberally towards bettering the country roads.

Odell Receives First Bale This Year's Cotton

T. J. Lewis The Lucky Man This Year to Market First Bale and Get Premium

T. J. Lewis, living three and one half miles southwest of Odell on one of the T. L. Pierce places was the fortunate man this year to put the first bale of this year's cotton crop on the market here at Odell, bringing it in Monday evening, and was ginned by W. M. Scott, one of our local ginmen, Tuesday morning, making a 524 pound bale.

The cotton was bought by Williams Bros., who paid 12c a pound for it, and then headed and circulated a premium list which was contributed to by the business men of this place, Mr. Lewis receiving \$62.88 for his bale of cotton, and a premium of \$22.75 up to this writing donated which totals the nice little sum of \$85.63 paid to the fortunate one, who was the first man to market a bale of cotton at Odell out of this year's crop.

Mr. Lewis expressed himself saying that he would have another bale ready for the market this week, and the Reporter concludes, judging from the reports given us by the different farmers

Wilbarger county has only produced this year in the way of crops just what it will produce every year if her soil is sufficiently watered.

A wave of prosperity now prevails over Wilbarger, and as a result we do not hear so many hard luck stories as we heard awhile back, nor do we know of so many that are Arkansas bound.

Theodore Roosevelt is strenuously striving to impress the people, that the new so called Progressive Party that was born of Political confusion at Chicago, is the one party that will bring relief to the oppressed class of people, ardently striving to impress them with the idea too, that his acceptance of the nomi-

Marketing Cotton

ANNUAL VALUE OF TEXAS COTTON CROP \$220,000,000.

Cotton is the most profitable crop known in agriculture and it is one of the most useful and powerful of American industries. Millions cultivate the plant, as many more weave at its looms and its fibre clothes mankind. The plant yields the Texas producers a million dollars per day; its harvest moves the world's currency across the continent and, when marketed, the bulls and bears of two hemispheres tear at it until one or the other falls with a crash that can be heard around the world.

The Texas Welfare Commission is studying methods of marketing cotton. W. T. Loudermilk of DeLeon is chairman of the sub-committee having the subject under consideration.

nation to be the new party's presidential nominee does not gratify no self interest of his own, but solely for the interest of the people does he sacrifice his inclinations by agreeing to head the ticket for president, this is the substance of the state in which he wishes the people to behold him, a cloak, a veil he undoubtedly believes that will hide him from all corruptible acts he is now charged with.

The Chillicothe Valley News informs us that hereafter it will be issued semi-weekly, and will be published on Tuesdays and Fridays. The Reporter is glad to note the News getting in position to make this change, and our hope is that as a news bearing sheet it will hold the standard as semi-weekly edition, that it has obtained as a weekly newspaper.

One of the most sickening, and disgusting sight one see's, is some puffed up piece of pomposity strutting about boasting of his wealth, or what he has accumulated, all the while wear-

ing as superior air to those around him less fortunate, but such characters is not to be reprimanded, but pitied, for usually it is a deficiency of something thing else under their hats besides hair.

Couldn't Walk!

"I used to be troubled with a weakness peculiar to women," writes Mrs. Anna Jones, of Kenny, Ill. "For nearly a year, I could not walk, without holding my sides. I tried several different doctors, but I grew worse. Finally, our druggist advised Cardui for my complaint. I was so thin, my weight was 115. Now, I weigh 163, and I am never sick. I ride horseback as good as ever. I am in fine health at 52 years."

TAKE CARDUI The Woman's Tonic

We have thousands of such letters, and more are arriving daily. Such earnest testimony from those who have tried it, surely proves the great value of this vegetable, tonic medicine, for women.

Cardui relieves women's sufferings, and builds weak women up to health and strength. If you are a woman, give it a trial. It should help you, for it has helped a million others. It is made from pure, harmless, herb ingredients, which act promptly and surely on the womanly organs. It is a good tonic. Try it! Your druggist sells it.

District Judge Offers Resignation

Hon. S. P. Huff of 46th Judicial District Bids Farewell to Voters—Resignation in Effect October 1st.

Vernon, Texas, Aug. 26, '12. To the Voters of the 46th Judicial District:

After hearing from a number of people over the District I have concluded that I owe to you the duty of resigning the Districts Judge's office to the end that you may elect my successor.

I was nominated by the Democratic Party for Chief Justice of the Court of Civil Appeals, Seventh Supreme Judicial District, the 24th of this month on which date the vote was canvassed and officially ascertained.

I shall present my resignation to take effect by October 1, 1912. In the interim between that date and the qualification of my successor the Governor will fill the vacancy by appointment.

The people must sooner or later select the Judge for the District and I see no reason why they should not do so at the earliest possible moment. It doubtless will be in accord with Governor Colquitt's wishes in the matter and I certainly trust to the best interest of the entire District.

In making this announcement, my purpose is to give to the people an opportunity to adopt the best method of making that selection. I feel confident, whether candidate or people, you will allow nothing but the highest motives and patriotism to control you in your acts.

Personally it would have been to my financial interest to have retained the position until I qualified upon the Court of Civil Appeals.

At this time I owe it to you as well as to myself to express my profound gratitude to the people of the 46th Judicial District for their continued loyalty to and confidence in me as so frequently

Revival Progressing

The Methodist revival that commenced here Sunday with Pastor Robeson and Rev. A. W. Waddill of Chillicothe conducting it, is progressing nicely despite the fact the meeting was hindered the first of the week by local showers which occurred almost daily after the meeting started on Sunday and prevented a number from attending especially at night who would have been seated under the arbor had not threatening rain clouds interfered, since Tuesday night a good audience have been hearing the Chillicothe Minister's able discourses, and the song services conducted by Prof. Reynolds which is a factor in the religious festival now in progress.
