Earth Thoroughly Soaked With Rain

After a Week's Threatening Clouds Burst Open Tuesday Morning.

Although reports have been coming in here for the past week or two from various parts of the country, stating the country was visited with a good rain, but this immediate country received no great amount up until Tuesday morning about 4.30, when the clouds seemingly burst open and the ground was one solid sheet of water in just a little while, a strong wind accompanied the rain but up to this time no damage has been reported done, a good season is now in the ground which is of great benefit to all late growing cotton, and preparations for another wheat will be started over the country since the rain.

Does This Appeal to You?

We guarantee every garment to be right, if it is not right you have no right to take it.

Bon Ton.

Thinks Egyptian Wheat Adapted to This Country

Will Average 100 Bushels to Acre In First and Second Says Experimental Farmer

Somewhat of a new grain cereal for this called the Egyptian wheat is being experimented with by O. C. Duncan, one of our farmers a few miles east of Odell. Mr. Duncan brought in and exhibited at the Reporter office Saturday a sample of this new wheat, and says he has about six acres of it planted on his farm this year, and with the two crops he will get from this planting the Egyptian wheat will average him about one hundred bushels to the acre. Among the stalks he exhibited here Saturday was a stalk about five or six feet high containing eight full grown heads, he also had among his samples a stalk containing heads of the second growth, the beauty of this wheat, Mr. Duncan seems to think is, that the wheat can always be depended on for two crops, and another reason why he thinks it is especially adapted to this country is, while other feed crops is being burnt up by hot winds and suffering for want of rain, which is very often the case here in the spring of the year this Egyptian wheat can be relieved of its head without injuring it and still be depended on for another crop.

Mr. Duncan has been feeding this wheat to his work stock ever since the first crop's maturity, and says his stock will eat it in preference to corn, not only "says" Mr. Duncan, will it be advantageous and beneficial to the country as a feed crop, but when ground will make good flour I have been told.

J. H. Gobbell was at Chillicothe Saturday.

Delivered Farewell Sermon Sunday Night

Baptist Minister Seemed Touched In Leaving Church and Associates In Last Deliverance

Rev. C. T. Starkey, who has been pastor of the Baptist church at this place for the past twelve months, with earnestness and sincerity made his last deliverance in a sermon to the people here Sunday night, as he has been called, and will go from here to Jackson County, Alabama to accept a church appointment at that place.

A good size audience heard him in his final address to the church and people, he clearly demonstrating in this able discourse, that he was touched to leave the Odell people, whom he had learned to love by association. At his request the choir sang that old familiar hymn, "God Be With You Till We Meet Again," and the sentiment of this old time religious melody, seemingly was a prayer of the pastor for the people, as he clasp each of their hands bidding them his last goodby.

Church conference was held by the Baptist denomination at the church Saturday evening, and as a result Rev. J. C. Clement of Oklaunion was called to fill the appointment just vacated, who has not up to this time accepted.

FOR SALE—My 120 acre sandy land farm eight miles south of Chillicothe, \$1000 cash, balance long time easy payments.

Plain View Items

By Papa's Baby.

Sept. 16—Mr. and Mrs. Alf Webb entertained a number of both young and old people last Friday night at their pretty country home, refreshments were served. All present had a nice time and went away hoping to meet again soon at Mr. Webb's.

Most every farmer of this community is having his wagon repaired and painted and getting ready to gather in their corn and other feed, which is very fine this year.

W. W. Riddle and wife, also J. W. Tombs, wife and daughter Elsie took dinner with H. I. Thomson and family Sunday.

J. P. Walker, who was operated on last Monday at Vernon for appendicitis, was able to come home today (Monday.)

Willie Crutchfield and family of near Tolbert, visited his parents, Z. M. Crutchfield and wife Saturday night and Sunbay.

Mrs. J. R. Grimes, J. E. Johnson and wife spent Friday with W. W. Riddle and family.

Miss Beluah Flowers and

brothers, Adron, Manford and John spent Thursday night with A. M. Lanham and family.

J. G. Ayers, wife and daughter, who have been visiting in the North for some time returned home Thursday.

Mrs. W. T. Flowers and son, Eldridge spent Tuesday with A. M. Lanham and family.

Willie and Aron Tombs are visiting their grandparents at Harrold.

Change In Grocery Firm

A change was made this week in the grocery firm of M. A. Smith & Co., which has consisted heretofore of the following stockholders: M. A. Smith, D. C. Vasse, Jas. B. Ross and A. T. Fillingim, the change being the latter selling his interest in the mercantile business to the other members of the firm, who will continue the business at the same stand. Mr. Fillingim has been one of the managers of the Grocery department and has made many friends while behind the counter, who will regret to see him go out of the store, Elmer Vasse has accepted his position and will occupy his place in the Grocery department hereafter.

An Appeal To The Buying Public

By persistant efforts in appealing to you, my intention as a business merchant in Odell is to thoroughly convince the buying public, that no where in Wilbarger county are the prices I make on my goods met with competition, and the prices I am continually making on everything both in my dry goods and grocery stock is arousing the buying public for miles around, to just how I can afford to run my business selling such high grade goods at such extremly low prices, but that is neither here nor there, my only request of you is that you give my store a trial and you will be convinced that you obtained the greatest amount of merchandise, of the highest quality and at the lowest prices you have ever bought since the responsibility of buying depended on you.

Political Announcement

The Reporter is authorized to make the following political announcements:

For Judge of 46th Judicial Dis.
D. E. DECKER,
of Hardeman County.

A good friend is a splendid advertisement. Make friends.

The convinced customer is the one made through advertising. He sticks. The induced customer looks for your rival's samples.

A Missouri editor says the biggest trust on earth in the country newspaper. "It trusts everybody, gets cussed for trusting, mistrusted for cussing, and if it busts for trusting, gets cussed for busting."

Oil and water, a woman and a secret, a coon sport and a safety razor, good advertising and shoddy goods, are all combinations that wont mix.

If you know or hear of any news of importance tell us, or phone it to the office, everybody more or less has a vein of curiosity surging through them, and a newspaper is a great resort on which people depend to gratify their curiosity, and look for information.

Almost every day some of the farmers exhibits at our office something in the way of farm products that are worthy of exhibition, and we do not think some of this part of Wilbarger's best variety of corn, cotton and milo maize would look bad on exhibit at the Dallas fair.

John Beall Sneed who murdered A. C. Boyce Sr. last January in a Fort Worth Hotel, and which created so much sensation throughout the state, is now confined in jail at Amarillo for the murder of Al C. Boyce Jr., which occurred in Amarillo Saturday evening about four o'clock.

Let all work together to make our town a better and larger Odell, when we speak of it being our town, we do not mean just its citizenship included, but those of the surrounding country who patronize this place with their trade should claim an interest and work to the towns upbuilding, this you can do by giving all your patronage possible, and inducing others to trade here.

The white wife of the black pugilist, Jack Johnson, who claims championship of the world at fist cuffing, recently committed suicide in a Chicago Hotel on account of the scorn and loss of respect she had to endure since her marriage to the black brute—a sad mistake on her part when she consented to take the solemn marriage vows with him that would unite them man and

wife, whose wealth and notoriety as a fighter was surely her only inducement to consent to be his wife.

A co-operation of both farmers and business men is necessary in the upbuilding of a town, where the town has to depend alone on the support of the country around it for its sustenance, and here commendation is due the business men of Odell, who has always heretofore liberally contributed to any donation that was being raised to improve its roads, and can boast of roads leading into it which are a great advantage to the town, a road can be found into Odell both suitable for dry and wet weather, which is an advantage to her other towns around here cannot claim.

When one shows a fellow feeling towards his fellowman, or shows a sence of being interested in his welfare, even where he has met with some unfortunate circumstance, the emotional feeling that gives vent to tears in his brother's behalf, does not show in no way a sign of weakness in character, but strength, such spiritual strength, and love as the All Wise Father at the creation of this world willed that his people should have for one another, but going the gait and ways of this busy and bustling world of today this love has been severed, ostracized and banished to a great extent, where everybody is trying to stand independently of each other.

The season of the year is now here when cotton pickers will be in demand and the country will be represented by transient people from almost every where in the state, there will be among them good families of people, who on account of drought and shortage of the cotton crop in the different cotton countries will come in here to pick our cotton, and while they are here in our midst it should be our duty to extend to these people, all courtesy, friendliness and accommodations possible, as some will be strangers to this part of the west, and while they are making an estimate of the country, probably with an intention of locating here, the hospitality and friendliness of the counties' citizens will be taken in to consideration by them.

Nave---Butts

The many friends of Warren Nave and Miss Alva Butts were surprised to learn of their marriage that recently taken place at Wichita Falls, the groom is the son of Mrs. Nave who at present has charge of the Orient Hotel, and is an industrious young man well liked by his acquaintance, while the bride is the daughter of Rev. Butts one the local Baptist Ministers here, and has large circle of friends in Odell, their friends join the readers of the Reporter in extending congratulatory.

Blood Was Wrong

All women, who suffer from the aches and pains, due to female ailments, are urged to try Cardui, the reliable, scientific, tonic remedy, for women. Cardui acts promptly, yet gently, and without bad effects, on the womanly system, relieving pain, building up strength, regulating the system, and toning up the nerves. During the past half century, thousands of ladies have written to tell of the quick curative results they obtained, from the use of this well-known medicine.

TAKE **CARDUI** The Woman's Tonic

Mrs. Jane Callehan suffered from womanly trouble for nearly ten years. In a letter from Whiteville, N. C., she says: "I was not able to do my own housework. My stomach was weak, and my blood was wrong. I had back-ache, and was very weak. I tried several doctors, but they did me no good. I used Cardui for 3 or 4 months, and now I am in the best health I have ever been. I can never praise Cardui enough." It is the best tonic, women.

Whether seriously sick, or simply weak, try Cardui.

Odell Lumber Co.

And you will make no MISTAKE.

ODELL LUMBER CO.
D. M. KENDALL, MANAGER

D. E. Decker for District Judge

Quanah, Texas, Sept. 4, '12. To the voters of the 46th Judicial District:

I beg to announce my candidacy for the office of District Judge, at the coming November election. If the Democratic Executive Committee of the District shall make a nomination, then my announcement is subject to their action.

I have recently been appointed to this office by the Governor to fill the unexpired term of Judge Huff, whose resignation takes effect on October first. Prior to that date I desire to make a canvass of the District. After that time I will be holding the Courts of the District, and this will necessarily prevent me making the canvass I desire.

To those who do not know me, I desire to say that I was born in Texas, have lived in Hardeman County more than twenty-two years where I have practiced law. I was County Attorney of Hardeman County two years; District Attorney of this District two years; Member House of Representatives four years, and State Senator from this District four years. I have always endeavored to discharge with fidelity any trust bestowed upon me to the best of my ability and promise this if you elect me District Judge. As to my qualifications for this important office I refer you to any lawyer of the District, and especially to the people of Hardeman county where I am best known as a citizen and lawyer.

I most earnestly ask that my friends over the District interest themselves in my candidacy, to them I must look for aid, since the time is too short for a personal canvass.

Yours truly,
D. E. DECKER.

Looney Stands for Co-operation and Progress

Attorney General's Department Will Aid In State Development

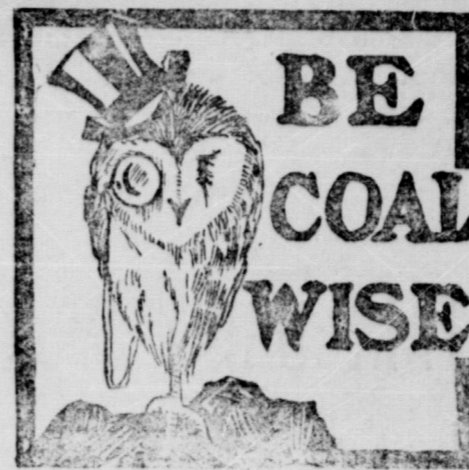

HON. B. F. LOONEY
Greenville, Texas, Sept. 17.—Hon. B. F. Looney, successful candidate for Attorney General, has announced that the policy of the legal department during his term of office will be that of co-operation with the commercial, agricultural and industrial interests of the state in the development of our resources and that he will hold up the arms of the Governor in the performance of his duties.

"Every good citizen must stand for the enforcement of the laws," said Mr. Looney, in discussing the policy of his department, "but no man with good sense and proper motives would want to disturb an investment, hinder or frighten capital from our state or do otherwise than encourage all proper development of our resources. While I stand for the enforcement of law, about the wisdom and policy of which I have nothing to do, I do not propose to use the great power of the office of Attorney

GOOD MAITLAND COAL

Get It Now

Yours truly S. B. SUTTON

Don't buy ice in winter, but always buy your Winter's supply of coal in the summer and be prepared for cold weather when it comes.

We Will Show You How to Save Money

I now have a good supply of the BEST MAITLAND COAL on the market, in my bins at the gin, also have several cars on the road, which I can save you money on if you take it off the car.

General for any purpose other than to execute the law and in no sense in a demagogic or ill-advised spirit."

No department of government is more influential in either accelerating or throttling progress than that of the Attorney General, and in standing for a sensible enforcement of the law, Mr. Looney shows a keen appreciation of the responsibilities and possibilities of the office, a clear understanding of the needs of state government and a patriotic desire to serve the people honestly, faithfully and intelligently. When the policy outlined by Mr. Looney is made effective it will result in improved public highways, more inter-urban lines, better rural schools, more steam roads and better facilities for transportation of products, opening of our mines and development of our latent agricultural resources.

Friday Night Social

A number of the young people in Odell and others of the immediate neighborhood were invited guests at an evening social given at the hospitable home

of Mr. and Mrs. R. T. Dooley a mile half east of Odell Friday evening, the doors of this pretty home were thrown open to the young people, and they were pleasantly entertained with a number of games especially prepared for the occasion, refreshments were served, and the guests report this social one among the most delightful events it has been their fortune to attend this summer

Farm and Ranch, Holland's Magazine and the Odell Reporter three papers one year for \$1.50

Very Serious

It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—

THE FORD'S BLACK-DRAUGHT Liver Medicine

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not imitate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.

AT THE NEW GIN

Everything is now complete preparatory to giving you first class service throughout the ginning season, here all the latest and up to date machinery is installed, including five 70-saw Pratt Huller Gins with the latest cotton cleaner and seed elevator, all of which means no break downs, good turnouts, and prompt service to those who patronize the new gin at Odell.

While in partnership with Mr. Scott

Fair Dealing and Courteous treatment to all

was our motto, but having gone into business for myself, the same motto will hold true.

Call and inspect my new gin plant, its completeness will assure you that I am prepared to gin the cotton. Thanking you for past patronage and asking a continued share of your business.

I am, yours truly
S. B. SUTTON

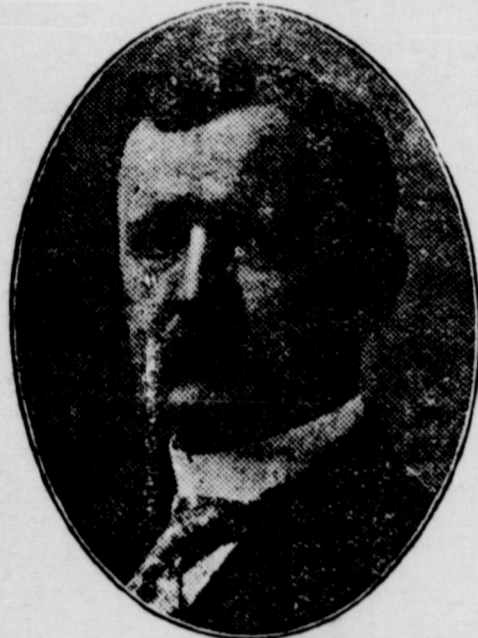

VALUE OF THE FAIR.

Pronounced by All Greatest
Builder of Southwest.

A PANORAMA OF TEXAS.

Agricultural Displays From Every
Section and Superb Livestock Exhi-
bition Will Feature Coming Exposit-
ion at Dallas, October 12-27.

This is presidential campaign year, but the people of Texas who do things do not confine themselves to political matters. They are interested in the industrial and commercial expansion of their state. From the standpoint of undeveloped resources Texas is a veritable Monte Cristo of wealth. Today the outlook is brighter for Texas than ever before in its history. Building operations are programmed on a larger scale than ever before and the agricultural and stock raising interests are enjoying a degree of prosperity never known before. Texas has been called the "Garden of the Lord" by no less an illustrious American than Theodore Roosevelt, and the homeseekers of America are finding it out. They are not only finding it out, but they are coming here to secure land and to build homes for themselves and their families beneath southern skies. Among the greatest advertisers of civilization are fairs and the greatest of these on the continent of North America is the

J. J. ECKFORD, President.

State Fair of Texas at Dallas. Launch-
twenty-six years ago it would be
possible to write of the unparalleled
strides of Texas along all material and
moral lines for more than a quarter
of a century without writing a history of
this state fair. Eminent citizens at
home and abroad have united in saying
that the State Fair of Texas during
its career has been one of the greatest
builders of the Southwest and the
verdict of exhibitors from all the states
and those at home is that as an ad-
vertising medium of the resources of
Texas it has no equal.

The fair, without an equal, will open
in Dallas Saturday, October 12, and will
continue until the night of October 27.
Premiums and purses for 1912 aggre-
gate \$75,000 and the demand for space
by exhibitors is greater than ever be-
fore. In 1911 there were 2336 exhibi-
tors. This year the number will be far
in excess of that of 1911. The fixed
policy of the management is fire-proof
buildings. This year a cafe and restau-
rant building 500x44 feet has been
erected. It is fire-proof, modern in all
of its appointments and from a san-
itary viewpoint it is unexcelled. The
woman's rest building, which is 60x85,
cost \$17,500, and is one of the most
beautiful on the grounds. A modern
silo with a capacity of 105 tons, has
been built for demonstration purposes,
and is certain to attract the undivided
attention of farmers and stock men.
An addition of 100 feet has been added
to the dairy demonstration building
and the new cattle and swine barns
are perfect from every view point. The
cafe building is the largest and most
modern permanent building of its kind
on any exposition grounds in the world,
and the woman's rest building is pro-
vided with every modern convenience
for the comfort of ladies and children.
A complete panorama of the state in
exhibits from every country and sec-
tion can be seen at the annual fair and
exposition this fall.

President J. J. Eckford and Secre-
tary W. H. Stratton and a large force
of employees, are devoting all their
time to the details and preliminaries
for the coming fair. The grounds are
in splendid shape and condition. In
fact, the Fair Park today is one of the
finest in America, and the buildings
which cost with the grounds more than
\$1,000,000, are a credit to the Empire
State of the sisterhood.

There have been many red letter
years in the history of the fair, and
some lean years, but the meeting of
1912 promises at this time to be the
most interesting from every viewpoint
and the most successful in the entire
history of the association. In 1911 the
attendance was 478,260. Texas is pros-
perous this year. The grain and fruit
crops have been bountiful and the cot-
ton crop promises to be very large.
The stock raisers are prosperous and
all classes and conditions of men who
produce wealth are enjoying an era of
peace and plenty unknown in the
drouthy years of the past. The skies
are clear, the prospects are rosy, and
with the magnificent programs offered
by the fair management the demands
for space this early and the advice re-
ceived from exhibitors from all sec-
tions of the country, the attendance
upon the fair in October should be
larger than ever before, and the appre-
ciation of visitors and patrons of the
fair should be greater than ever be-
fore.

The directors this year are Royal A.
Ferris, J. C. Duke, E. E. Slinger, E. L.

The fishing party that left
here last week for the Wichita
river in two automobiles, and
were joined by a third from Ver-
non, returned Saturday after a
few days of recreation and fish-
ing. Among those who were in
the party from Odell were: W.
P. Starr, J. M. Reynolds, D. C.
Vassey and son Elmer and C.
M. Kester.

FAIR DAIRY WORK.

Butter and Ice Cream Making
Machinery Operates.

NEW BUILDING ERECTED.

Provisions Made For Twenty-Eight
Animals to be Entered in the Dairy
Test—World Wide Butter Show At-
tracts Interest.

A thoroughly modern building, fully
equipped in every respect has been
erected at the Fair Grounds at Dallas
for dairy demonstration work at the
twenty-seventh annual meeting, Oc-
tober 12 to October 27. The purpose
of this demonstration work is to create
a greater interest among dairymen,
breeders and farmers in the ability of
the dairy cow to convert the feed of
the farm into valuable human food. A
twelve day competitive dairy test will
be conducted under the supervision
of the dairy division, United States De-
partment of Agriculture. Provisions
are made for twenty-eight animals and
it is the intention of the management
to make this show to the Southwest
what the National Dairy show of Chi-
cago is to the North and Northwest.
In this contest competition is open to
the world. The prizes are: Cows three
years old and over—first prize \$100;
second prize \$75; third prize \$50; cer-
tificate prizes—three, \$20 each. Cows
under 3 years old—first prize \$80;
second prize \$60; third prize \$40; cer-
tificate prizes (two), \$25 each.

Texas is rapidly becoming the great-
est Jersey cattle state in the Union
and the exhibition at the Fair this
year will demonstrate this beyond a
question of doubt. The prizes offered
in this class this year aggregate \$1200
Championship prizes total \$350 and
diplomas will be awarded to the pre-
mier champion breeder and the premier
champion exhibitor.

One of the features of the dairy
demonstration work will be the world-
wide butter show. This new depart-
ure was decided upon this year, the fair
management rightly presuming that
it will give Texas creamerymen and
dairymen an opportunity of inspecting
the latest machinery, features and de-
velopments in their line of work. For
the world-wide butter show prizes are
\$15 first, \$10 second and \$5 third, and
the same prizes are offered for butter
entered in the contest for Texas cream-
eries only. For the best five pounds
of dairy butter in 1 pound prints on
display the prizes are \$20 first, \$15
second and \$10 third. Dairy butter
is understood to be butter from a sin-
gle herd of cows made at the home of
the owner.

There will be several students' con-
tests in the dairy demonstration work
and these contests are attracting a
great deal of attention. Dupont B.
Lyon, superintendent of this depart-
ment, offers a purse of \$25 to the stu-
dents of the A. and M. College making
the best showing judging Jersey cat-
tle. One day of the world-wide butter
show will be set aside for students' butter
making contest, in which stu-
dents will compete for gold and silver
medals and diplomas. For students of
the A. and M. College making the best
showing in judging two classes of dairy
cattle and two classes of dairy prod-
ucts, the result to be based on fifty
points for animals and fifty points
for products, the prizes are: First
\$25, second \$17.50; third \$12.50; fourth
\$10; fifth \$5.

GREAT POULTRY DISPLAY.

Three thousand birds will be exhibi-
ted in the poultry department of the
State Fair of Texas at Dallas, October
12 to October 27. These include chick-
ens, turkeys, ducks and pigeons. Pre-
miums offered on all classes of standard
bred poultry aggregate \$1700, as rich
as any state fair offering in the United
States. The poultry building has been
overhauled throughout, and the old
style wall coops used last year have
been replaced by two thousand feet of
new Empire exhibition coops. For ex-
hibiting fancy poultry these coops are
considered the best manufactured, be-
ing well ventilated, roomy and com-
fortable in every way, so that the fowls
really do better than they do in their
native barnyard.

The water fowl exhibit will be one of
the big features of the show. Super-
intendent Van Winkle announces that
the interest shown by duck fanciers
is the greatest in history. There will
also be a fine exhibition of turkeys,
pigeons and geese.

H. B. Savage of Texas and Charles
V. Keeler of Indiana, will judge in this
department.

If you order International
Made-to-measure clothes you se-
cure the Finest Tailoring, the
Latest Models and the Most
Charming Fabrics of the season.
Call at the Bon Ton and inspect
our samples and styles.

The Reporter force extends
thanks to J. A. Spivy for a nice
watermelon he brought to our
office Saturday, the melon was
undoubtedly the best we have eat-
en this year, he also brought in
a few heads of m'lo maize that
was raised on his place this year,
they are of an extraordinary
size, which proves what this
country will produce when she
is some thing like at her best.

The Reporter and Dallas Semi-
Weekly Farm News one year
for only \$1.50.

ONLY THREE BIG CIR- CUSES

Only Three Shows of the First
Class Traveling on the Road

There are only three of the
circuses of the first class travel-
ing on the road today. That is,
there are only three circuses
carrying three rings in which
the performance is given. These
circuses are Barnum & Bailey,
The Ringling and The Yankee
Robinson circus. All of these
shows have three rings, two
elevated stages and the usual
hippodrome track where the
races are held. The Robinson
circus gives its Wild West per-
formance in the hippodrome
track. The other two shows do
not carry the Wild West annex,
but gives a spectacular perform-
ance in addition to the circus.

The Sioux Falls Argus-Leader,
speaking of the Robinson circus,
states that the performance is
on a par with either the Barnum
or Ringling circus and states
emphatically that the present
Yankee Robinson circus will ex-
cel the Barnum show within a
few years. This show will ex-
hibit at Vernon Friday, Sept. 20.

Entertains Little Folks

Mesdames Mason and Tombs
entertained last Saturday even-
ing from four until six o'clock,
at the formers home in north
Odell the little folks of their Sun-
day School Classes of the Bap-
tist church, swings were arranged
out in the yard and other games
were played by the little folks
that made the evening hours
a source of amusement while
they were their teachers guest,
refreshments were served con-
sisting of ice cream, cake, and
watermelons, and, all the little
folks report a jolly good time,
among those present that even-
ing were: Misses Rosa May Scott
Leona Smith, Elsie Tombs, Net-
tie and Myrtle Thompson, Jes-
sie and Mamie Kirkandoll, An-
nie Mae Shelton, and Ruby Bel-
cher, Clay Matthews, J D Scott,
Fay and Cass Hart, Leland Gib-
bins, Forrest and Rex Shelton,
Robert Fillingim, and Tom Hol-
loway.

Talk About Beauties

You ought to see the latest
International all wool fabrics,
they are the prettiest in town
and just the thing for your made-
to-measure clothes, call at the
Bon Ton and see them.

J. A. Spivy is limping on a
bad foot, the result of sticking a
snag in his foot recently.

Boys Don't Forget

That I have several hun-
dred Fall and Winter sam-
ples and can sell you a suit
from \$7.50 to \$40.00.

I do all kinds of clean-
ing, pressing and alteration
