Amarillo Candidate Indorsed for Associate Justice

Hon. William Boyce Out For Associate Justice Court of Civil Appeals

The Reporter has the authority this week to present for the consideration of the voters of the Seventh Supreme Judicial District of the State of Texas, the candidacy of Hon. William Boyce, of Amarillo, as a candidate for Associate Justice Court of Civil Appeals, whose name just mentioned, will appear on the Democratic ticket to be voted on at the Primary held the 22nd. of this month.

In presenting Judge Boyce's candidacy, the Reporter desires to state at the beginning, that he was a visitor in our city last Friday and spent several hours getting acquainted with the people. His visit to Odell will no doubt mean a big vote for him here on election day, as those who feel an interest in seeing that the appellate courts are occupied by men of the strictest integrity and highest professional standing, were well impressed with Judge Boyce's appearance and it is an evident fact that his visit has vastly increased his strong following.

Judge Boyce is a man forty-four years of age, is a native Texan, born in Williamson County. He studied law at the State University and has been practicing civil law exclusively at Amarillo, for the past twenty-seven years. He has never been a candidate for an office before, but since taking up the profes-

sion of law, has devoted his entire time to the study and practice of civil law, which is exclusively administered by the Courts of Civil Appeals and the Supreme Court as appellate courts.

The Seventh Supreme Judicial District is composed of forty-seven counties and Judge Boyce's ability as a student of law and a practitioner of his profession is recognized over the entire district. As evidence of the fact, the writer has in his possession a little leaflet with reference to Judge Boyce's candidacy, which shows that he is strongly indorsed for the office for which he aspires, by some of the leading lawyers at such places as Amarillo, Clarendon, Childress, Dalhart and at other towns.

An editorial clipping from another paper published in this District, will serve to give the voters in this section some idea of Judge Boyce's standing, which reads:

"Judge Boyce aspires to a position that demands a profound lawyer, thoroughly capable of handling all intricate questions that continually arise in our courts, and every voter should carefully consider his candidacy. An examination of his record will convince every one that Judge Boyce is an elegant gentleman, an able lawyer, controlled by reason and uninfluenced by prejudice and that he has all the characteristics necessary for a jurist who will add force and dignity to the Judiciary."

The Reporter trusts his candidacy will be remembered by all qualified voters and that he will receive, on election day, the stamp of approval he deserves.

Many Mixed And Mingled at Odell' Picnic Saturday

Congressional Candidate Addresses Was Principal Entertaining Feature

The crowd that gathered in the Elm grove on the creek near town last Saturday, was not as large as some we have seen come together at Odell's annual celebrations. But this year the picnic seemed to have brought more from a distance, as the various communities over this and Hardeman County was well represented, with quite a number of people on the ground from Oklahoma.

The program was somewhat short, as the committee on entertainment was disappointed in not being able to secure all their speakers for the occasion. But the two Congressional candidates and another's representative who spoke, all together entertained the people for three hours or more with speeches relative to their candidacy.

The first speaker to mount the platform in the morning was, Prof. J. E. Willis of Plainview, Texas. Who spoke in the interest of Hon. Rueben M. Ellerd of his town, as a candidate for Congress from this the 101st. District. Prof Willis gave some strong reasons why he believed the voters of the district referred to, should support Mr. Ellerd for Congress. One in particular being that Mr. Ellerd stood high in the estimation of the people in his home county, which is Hale. Being regarded by them in such a light as a lawyer and gentleman, that ninety two per cent of the voters of his county had signed an agreement to support him.

Prof. Willis was followed by Judge W. E. Prescott, of Paducah, who was there to present his claims for the same office. He too, made a number of promises to the voters should they honor him with the position he is asking for, but was told to his audience in such well chosen words and flights of oratory that a number was heard to compliment his speech.

Judge Prescott's speech, with music at different intervals by the Odell Band, closed the program for the fore noon and dinner was then spread by the good ladies of the different neighborhoods. To say that there was a bountiful supply of good things to eat, seems to us would be only a mild expression of the noon day repast, as there was a large quantity of good things palatable to the appetite placed back in the baskets, after the large crowd had been fed.

In the afternoon Marvin Jones of Amarillo, who also wants to represent this district at Washington, addressed the voters. He spoke for an hour or more in behalf of his claim for the office and was listened to by an appreciative audience. Mr. Jones was then followed by Enos R. Greenwood of Wichita Falls, who is out as a candidate for the

State Legislature from this District. Mr. Greenwood in a short talk announced his candidacy and went into a brief explanation of the Roberson Law and how he stood on the question.

Mr. Greenwood's announcement in the afternoon closed the candidate speaking for the day and the crowd was left to mix and mingle together in such a way as characterized community picnics in the days gone by.

Enjoy Fish Fry

The following families of Odell and others in the immediate vicinity, enjoyed a "fish fry" on Wanders Creek, Tuesday the 4th. The scene of the catch and the dinner spread taking place on Dan Boone's place between here and Chillicothe. The crowd report a pleasant outing, an extremely large catch, which was more than enough of the finny tribe in their possession, with other good eatables, to appease the appetites of the fifty in number.

The party was composed of: W. P. Starr and family, C. M. Kester and family, S. B. Starr and family, P. C. Spears and family, W. T. Collins and family, Dan Boone and family, Bob Lyon and family, Will Germany and family, Theodore Collins and family, and two of the Misses Gilbert, from Vernon.

Considering the long drought the corn in this country has passed through, some say there is going to be more corn gathered than is looked for.

The Chillicothe News states, a Company has under consideration a plan to put in a combined ice and electric light plant in its city. Should Chillicothe secure the plant, Odell should get busy and have the Company to run her wires down here and furnish "light juice" for her. Chillicothe now gets her lights from a plant at Quannah.

A Mexican representative who is working to harmonize the break between his country and the United States, declared at Washington the other day, that Wall Street gang in New York who had large holdings in Mexico, were in partnership with Villa and his followers. And that

if Uncle Sam really wished to strike at the root of his trouble with Mexico, the best plan he could pursue would be to send a punitive expedition to New York.

Wilbarger County has a large crop of candidates who are humbly asking the suffrage of the voters. And right now is the opportune time for the man who holds a poll tax receipt, to ask certain candidates, how they would stand, in case they were elected, on some things this county has under consideration in the way of improvements. If he asks you for your vote, you have a right to know how he would serve you, if you helped to put him in office.

A number of Oklahoma towns are making preparations to hold community fairs this summer and put the blue ribbon on their best agricultural products. The selections which capture the premiums will then be sent the County Fairs which will be held a few days later. To our way of thinking the Oklahoma route appears to be the best way for getting together the best selection of home grown products for exhibit at County and State Fairs. And seems to us would be a good plan for Odell and this community to pattern after, in preparation of the Wilbarger County Fair which takes place in September. Why not a community Fair at Odell?

It is predicted that should the United States declare war on Mexico and stop all means of transportation of food stuff in that country, that all Mexico would be in a state of famine in less than six months. It is said the pinch of hunger, is already being felt by the "Greasers," as a result of Uncle Sam's orders to stop traffic into their country. Well, death ends life, and the number of ways to kill a man cannot be enumerated. "War is hell" so Sherman said, and that all is fair in wartime, seems to be a recognized rule between nations at war. Should Uncle Sam decide to bring Mexico to a submission of terms, the quickest way is the best way, be it pinching its countrymen to death by hunger, or shooting them down with machine guns.

A Flyless Land Possible

While it may not be actually susceptible of proof, yet scientists declare that the recent years of "swatting" have resulted in a decided decrease in the number of flies, and that a continuation of this crusade for a few years more will result in a flyless country. It cannot be denied that there are fewer flies now than usual at this time of year. And it is entirely reasonable to believe that the general movement against these pestiferous insects is having a beneficial effect. This being true, it is the duty of every man and wo-

man to do his or her part in the battle, neglecting no opportunity to swat. If the fly is eliminated it will be one of the greatest achievements of modern civilization. - Ex

Wichita Falls Gentleman Wants to Go to Legislature

Enos R. Greenwood Promises Faithful Service if Sent to Austin

The Reporter has the pleasure this week of presenting Enos R. Greenwood, of Wichita Falls, as a candidate for Representative to the Legislature from this the 101st, District, which is composed of this and Wichita County. Mr. Greenwood like all other loyal Democrats, leaves his candidacy subject to the action of the Democratic Primary to be held the 22nd. of this month.

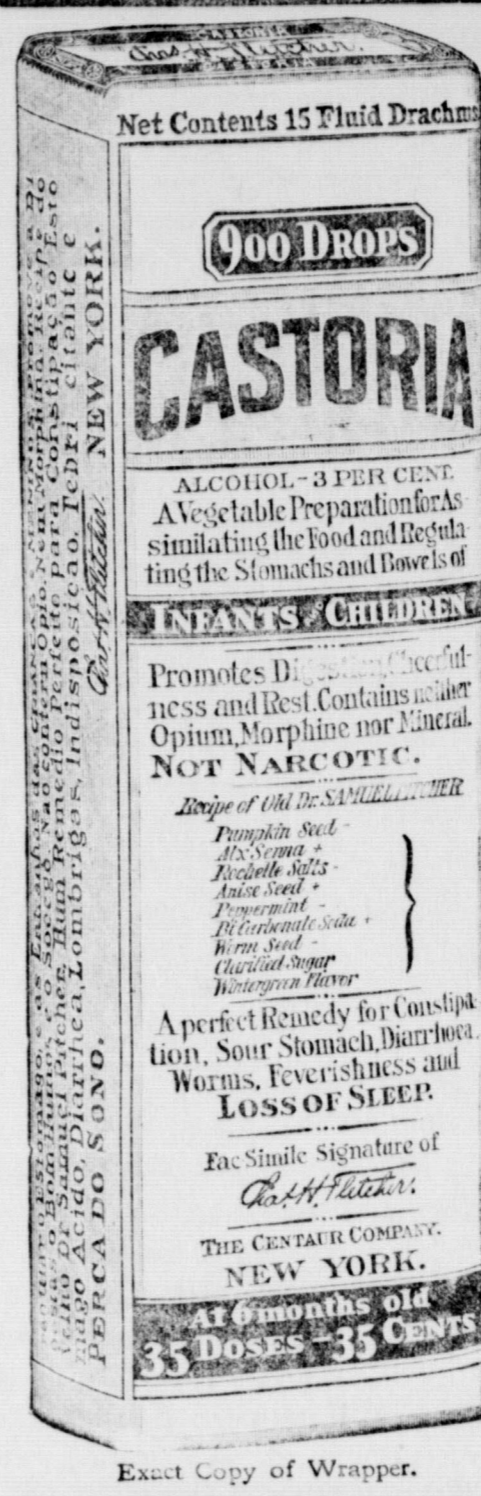

The subject of this sketch was a visitor at this community's annual picnic last Saturday and was given an opportunity to announce his candidacy from the speakers' platform. He told the voters there and is telling others over the two counties, that should we as voters of this District honor him with a seat at the state capitol, that he would put forth his best efforts to look after our interest. The Reporter feels sure that should Mr. Greenwood be elected, he would remember his claim to the people and could mention the names of a number of other men over this county who feel the same way about the matter, as we have been reliably informed that Mr. Greenwood's candidacy is receiving a strong endorsement from a number of the leading citizens of this District.

Mr. Greenwood has been a citizen of Wichita Falls eight years. He is a young man and this is his first time to ask for a public office. To voters of this county who have not yet made his acquaintance, but who no doubt will be interested in his candidacy, the best description the writer, who has met him, could give them of Mr. Greenwood, would be to state that he appears to be a plain, practical business man, who would look well after the affairs of this District, as well as the State at large, should he be sent to Austin. And in this respect, the Reporter asks that all qualified voters of the county keep Mr. Greenwood in mind and give him the indorsement he deserves on election day.

Glycerine and Bark Prevent Appendicitis

Federal Inquiry or Railroad Strike?

Faced by demands from the conductors, engineers, firemen and brakemen that would impose on the country an additional burden in transportation costs of \$100,000,000 a year, the railroads propose that this wage problem be settled by reference to an impartial Federal tribunal.

With these employes, whose efficient service is acknowledged, the railroads have no differences that could not be considered fairly and decided justly by such a public body.

Railroads Urge Public Inquiry and Arbitration

The formal proposal of the railroads to the employes for the settlement of the controversy is as follows:

"Our conferences have demonstrated that we cannot harmonize our differences of opinion and that eventually the matters in controversy must be passed upon by other and disinterested agencies. Therefore, we propose that your proposals and the proposition of the railroads be disposed of by one or the other of the following methods:

1. Preferably by submission to the Interstate Commerce Commission, the only tribunal which, by reason of its accumulated information bearing on railway conditions and its control of the revenue of the railways, is in a position to consider and protect the rights and equities of all the interests affected, and to provide additional revenue necessary to meet the added cost of operation in case your proposals are found by the Commission to be just and reasonable, or, in the event the Interstate Commerce Commission cannot, under existing laws, act in the premises, that we jointly request Congress to take such action as may be necessary to enable the Commission to consider and promptly dispose of the questions involved; or
2. By arbitration in accordance with the provisions of the Federal law" (The Newlands Act).

Leaders Refuse Offer and Take Strike Vote

Leaders of the train service brotherhoods, at the joint conference held in New York, June 1-15, refused the offer of the railroads to submit the issue to arbitration or Federal review, and the employes are now voting on the question whether authority shall be given these leaders to declare a nation-wide strike.

The Interstate Commerce Commission is proposed by the railroads as the public body to which this issue ought to be referred for these reasons:

No other body with such an intimate knowledge of railroad conditions has such an unquestioned position in the public confidence.

The rates the railroads may charge the public for transportation are now largely fixed by this Government board.

Out of every dollar received by the railroads from the public nearly one-half is paid directly to the employes as wages; and the money to pay increased wages can come from no other source than the rates paid by the public.

The Interstate Commerce Commission, with its control over rates, is in a position to make a complete investigation and render such decision as would protect the interests of the railroad employes, the owners of the railroads, and the public.

A Question For the Public to Decide

The railroads feel that they have no right to grant a wage preferment of \$100,000,000 a year to these employes, now highly paid and constituting only one-fifth of all the employes, without a clear mandate from a public tribunal that shall determine the merits of the case after a review of all the facts.

The single issue before the country is whether this controversy is to be settled by an impartial Government inquiry or by industrial warfare.

FOR SALE AT ALL DRUGGISTS

L. A. Cummins, manager of the Odell Gin, called at our office today and ordered his name placed on the Reporter mailing list.

H. I. Thompson, a prominent farmer of near town, was a caller at this office Monday to renew his subscription to the Reporter and Dallas News. Mr. Thompson says he has one field of cotton on his farm with fine prospects.

J. A. Clifton and G. W. Johnson, well known farmers of the Doans vicinity were transacting business in Odell Monday. Mr. Clifton has just recently returned from a prospecting trip over the western portion of the state and informed us he closed a deal for a 164 acres of land near Post City. His intention we understand is to move to his new home next year and when he does, Wilbarger County will lose a good farmer.

W. P. Starr and wife, and C. W. Stults and wife, were among those who went from here Sunday to Tolbert to attend the Sacred Harp Singing. Mrs. Stults says, the singing was splendid and that those interested in the old style of singing, made arrangements to meet at different intervals from now on. Quite a large crowd, we understand, attended the singing Sunday, being quite a few present from Vernon and Chillicothe.

A. C. Flowers and family and Mrs. T. H. Holloway, left last week in former's car for a visit in the counties of Wichita and Graeson. Mrs. Holloway to visit in the County first mentioned and the remainder of the party was to go through to Grayson. But after reaching Munster, in Cook county, car trouble occurred, so Mr. Flowers and family returned home by rail, leaving Mrs. Holloway to complete her visit at Wichita Falls and Byers.

W. M. Scott returned Monday from Cushing, Oklahoma, where he inspected the oil fields at that place.
