

FROM THE EDITOR'S WINDOW BY MRS. J. S. YEAGER

From the Christian Herald: — "This country's long and honored tradition of religious freedom is to get a severe test, soon, at the nation's capitol. The Washington Mosque Foundation Committee plans to build a "multi-million-dollar" Mohammedan mosque at the corner of Massachusetts Ave. and Belmont Road.

The lot has already been purchased (with, it is said, the help of the fabulous Aga Khan of India) and architects are sketching domes and minarets.

The country may accept it tranquilly, as it has already accepted the building of Buddhist temples in this Christian land. But the locale — Washington — makes us wonder."

It is reported that cholera is still raging in terrible epidemic form in China. More than 1,000 persons have recently died in the province town of Tungfeng. The price of coffins in the area are said to be skyrocketing.

Dr. Louis D. Newton, president of the Southern Baptist Conventions, has recently returned from a visit to Russia and while in that country had the opportunity to present a Holy Bible to Mr. Stalin, personally.

Stalin accepted the Bible in which was inscribed the words, "From one Georgian to another." It is said Stalin was born in that part of Russia known as Georgia.

Rexford G. Tutwell, who resigned his post as governor of the Island of Puerto Rico last June 30, is back at the island university. He has been appointed chief of social science investigations at a salary as yet undetermined.

Tutwell will simultaneously discharge his duties as professor of political science at the university of Chicago it was reported.

Two men were becoming abusive in the course of a political quarrel. "I think," cried one of them, "that there is just one thing that saves you from being a bare-faced liar."

"What's that," asked the other. "Your whiskers," was the reply.

Zeke: — "Amos, dat woman of mine sho' knows how to kiss."

Amos: — "I'll say she do."

Zeke: — "What's dat you say, Niggah?"

Amos: — "I said, do she?"

He: "I'm thinking of getting married, but I dread the amount of money it would take."

She: "That shouldn't involve any cash."

He: "Are you sure?"

She: "Certainly. Just thinking about it won't cost you anything."

Dr. C. E. Krumholtz, administration committee chairman of Lutheran World Relief Inc., has announced that more than 27,000,000 pounds of relief supplies valued at \$2,044,000 were shipped to six European countries during the first six months of 1946.

Shipments included clothing, bedding, shoes, food, medical supplies, and other articles.

It is said that Victor Emanuel, former King of Italy, and his wife recently were evicted from their home in Cairo by King Farouk of Egypt. They were given only 24 hours notice.

The King and Queen have been guests of King Farouk in a sumptuous villa but the building was needed during a Pan-Arabic conference and the ex-King and Queen were forced to take refuge with an Italian family living in Egypt.

Mr. J. E. McDonald, State Commissioner of Agriculture, has announced that a dangerous shortage of cotton planting seed for next planting season in 1947 appears in prospect. Figures just completed indicate that sufficient registered and certified seed will be available to plant only about 1,000,000 acres.

Mr. McDonald suggested that farmers begin now to send in orders for quality seed to cotton breeders and growers.

Lt. Earl Sunderman has received honorable discharge from the Army after about four years service and located in Fort Worth and entered business.

Veris Kelly of Odessa visited his mother, Mrs. W.H. Gilliland, over the week end.

MISS ROSA LEE RYAN OF BAIRD MARRIED TO WENDELL FARMER IN ABILENE AUG. 25

MRS. J. R. PRICE DIES IN CALIFORNIA SUNDAY, SEPT. 1

Mrs. J. R. Price, age 73, former resident of Baird, and the eldest daughter of the late W. E. Gilliland, founder of the Baird Star, and Mrs. Gilliland died in Brawley, California Sunday morning. The body is being shipped back to Baird for burial.

Funeral will be held at the Methodist church Friday at 10 a.m. with the pastor the Rev. R. H. Campbell officiating.

She was married to J. R. Price in Callahan county. The family moved to Van Horn in 1922, lived there until 1944, when they moved California to live with their daughter, Mrs. W. H. Harding.

Besides her husband and daughter, she is survived by six sons, six sisters and a brother. Sons are Richard of Rosmead, California, Tom of Albany, Arch, Olin and I. M. Price of Brawley, and Robert of El Centro, Calif., and a son was killed in action in Manila, March 1945.

Sisters are: Misses John Gilliland and Elisha Gilliland, postmistress and assistant postmistress respectively of Baird, Mrs. Robert Estes, Mrs. Larmer Henry, Baird, Mrs. Don Carter, Seagraves, and Mrs. Amy Walker, Baltimore. One brother, Haynie, a former Baird newspaperman.

Her sister Miss Eliza Gilliland succeeded her father as publisher of the Baird Star until she sold it about two years ago. She died few months ago. Burial was in Ross cemetery.

THE PUTNAM SCHOOL OPENS MON. SEPT. 9

Putnam school opened Monday morning with a full corps of teachers with brightest prospects in the past several years.

The law suit between Putnam and some of the other rural districts and won by the Putnam school. All points have been agreed on between the Putnam and the opposing districts and it is reported they are all coming to Putnam this term. The writer is not anyway taking sides with either but this is a wise decision and the leaders on both sides of the controversy should be congratulated on the wisdom and judgment in settling their differences on the basis of having a good school.

If all parties to this agreement will cooperate, as they have agreed, there is nothing to prevent Putnam from having one of the best rural high schools in this district.

SEVEN UNDER BOND IN CISCO SHOOTING

As a result of the shooting in Cisco last week John Hart reports seven have been arrested and are in jail and are being held under \$1500 bond which they are unable to make.

The shooting grew out of a Mexican boy marrying an American girl, when the youths thought it was their duty to intercede in behalf of the girl. They went to the home of the girl's parents, and when her father went to the door the shooting began. The husband of the girl opened fire from a rear window and the mob dispersed. Some twelve or fifteen shots were fired. The father was shot in the hip but was not badly injured.

25 CENT CLOCK WILL BE PLACED ON MARKET IN NEAR FUTURE

People to have a 25 cent clock. The invention of an electric clock that can be sold for as little as twenty five cents has been announced by Kemper Hammel, a former resident of Fort Worth and now employed by Eureka Company. Hammel says he invented the clock while working for a Toledo company and the patent was to the company. The clock has only three moving parts. Officials of the Toledo concern placed the patent in the safe, saying that they would place the clock on the market, whenever a competitor put one on the market for as low as one dollar.

Miss Mary Brown returned to Sweetwater Tuesday where she is attending school.

ARSON MOST DETESTED CRIME; LAW FIXES HEAVY PENALTY

Arson is one of the most detested of all crimes. The law imposes extreme and severe penalties on conviction of fire bugs. For when a man deliberately starts a fire, he is imperiling lives, to say nothing of causing potentially great losses in property values.

There is another group which the law can't touch, these are the people who might be called "unconscious arsonist." That group includes a high proportion of the population.

The sin of the "unconscious arsonist" is that of omission, not commission. He doesn't purposely start a fire. He just fails to do any thing that will prevent fire.

Have you, for example, ever put off, "until tomorrow" fixing that frayed lamp cord? Have you left a slightly defective heating pad go, figuring it will last another month or so? Have you been careless in handling inflammables like gasoline on the ground, probably nothing will happen? Have you let old papers and other trash accumulate in closets and basements and attics because you don't feel like carrying it down to the junkman?

ELECTRICITY OILS AND GAS DOES NOT ADVANCE ON BULGES

It should be made clear to the public that the cost of certain basic commodities and services like oil, electricity, and insurance do not rise in price every time market surges.

William E. Boyd, junior President of the American Petroleum Institute, made the statement recently that the price of gasoline, fuel oil and other petroleum products have always been determined by the cost of production and the ceaseless competition among companies in the industry.

He said, the petroleum industry, like other American industries, will do its best to hold the line in production prices. Under normal conditions costs vary and prices vary with cost. If all work together, in the course not only can prices be held, but in many cases they can be reduced as full production and efficient operation are achieved by the effective cooperation of companies, employees and the public.

VETERAN INSURANCE RULES ARE CHANGED

Veterans insurance rules changed. Four new provisions have been made veterans insurance more flexible, the Adjutant General's Department announced Tuesday of last week.

Immediately effective are the following changes in National Service life insurance:

- 1. A lump sum settlement may be selected by the insured.
2. Restrictions on the designation of beneficiaries is removed.
3. Twenty year endowment policies are available upon conversion or endowments payable at ages 60 or 65.
4. Total disability income of \$5.00 per month per thousand is available on payment of extra premiums.

Veterans wishing to make any of these changes may address notices to the Veterans Administration, Washington, D. C.

MISS GERTRUDE WHITE GIVEN SHOWER IN HOME MRS. ADOLPH BRANDON

Mmes. Adolph Brandon, Fred Heysler and Mabel Carrico, complimented Miss Gertrude White, a bride-elect of Tood Cunningham, with a miscellaneous shower Thursday evening August 29th., in the home of Mrs. Brandon.

Guests were met by Mrs. Brandon Miss Doris Coleman, who introduced the bride-elect, Mrs. Ella Cunningham, mother of the groom-to-be and Miss Eva Thames of Ft. Worth.

Miss LaVerne Rutherford presided at the brides book. Mrs. Carrico over the gifts.

Misses Ellen Williams and Mary Brown labeled punch from a beautifully decorated table.

Miss Freda Cook gave a number of accordion selection. Miss Marilyn Taylor, a reading.

Some 45 guests called and many others sent gifts.

M. M. LITTLE AND OTHERS WILL DRILL 1750 FOOT TEST ON J. H. SHRADER SOUTH OF TOWN

The R. S. Meise and G. J. John finished number one on the Hugh Ross tract and is now producing five and one half million feet of gas per day, according to reports received here. The well is four miles north of Baird, located 15 1/2 feet from the Southeast line of the northeast quarter of section 98 BBB & C. Survey.

The gas is from a sand at 1214 feet and was tested by the Lone Star Gas Company at 302 pounds pressure. Gas line connections are now being awaited. The other tests were slated for the county during the week. They were the C. D. Hagerty No. 1 John H. Shrader, about six miles southwest of Putnam, a 1750 test 220 feet from the east and northeast lines of the Shrader tract of 127 acres in the Matilda Cherry Survey No. 4, and the Martin Properties No. 1 W. N. Foster, 2500 foot rotary test 10 miles south of Baird, located 330 feet from the north and west lines of lot 7 1/2 block 337 Victory School Lands.

This Shrader well is about one half mile from the Little producers on the Clinton that produced more than 100 barrels flush production when they were drilled several years ago and are still pumping. This well on the Shrader will be one of the Little leases in that territory. Mr. Little owns several leases in this immediate territory that have not been tested out yet. He still has a nice production on the Clinton and Ledbetter wells.

ENROLLMENT TOPS ALL TIME RECORD FOR '46-'47 YEAR

Assured of an enrollment greater than ever before in history and possibly rearing the 700 mark, Cross Plains schools opened a new term Monday morning and are now rounding out their first week.

Students and patrons thronged the high school auditorium far beyond capacity Monday morning as Superintendent A. J. McQuin highlighted the objective of the coming year and introduced members of his 24 teacher faculty.

Teacher home-room assignments are as follows:

Grammar School: Hubert Kelley, principal; Mrs. S. A. Paige and Mrs. Bernice Nichols, first grade; Mrs. Donald Warren and Mrs. Roy Ackers, second grade; Mrs. John Johnson, third grade; Mrs. Pauline Lawson, fourth grade; Mrs. Opal Ross and Mrs. Clifton Barron, fifth grade; Mrs. Emily Sayles, sixth grade; Mrs. Raymond DeBusk, seventh grade and Harrel Kelley, eighth grade.

High school: A. J. McQuin, superintendent; Mrs. Georgie Fay McNeil, home economics; O. B. Edmondson, vocational agriculture; S. A. Hughes, athletic director; Miss Virginia Shults, commercial subjects; Mrs. J. T. Foster, English and speech; Mrs. D. C. Lee, history; Mrs. J. L. Glenn, mathematics; Miss Billie Ruth Loving, English; W. E. Lusk, mathematics.

CLARENCE SMEDLEY GETS RATE PROMOTION AT FORT LEWIS WASH

According to information recently received from Ninth Infantry Headquarters in Fort Lewis, Washington, Clarence O. Smedley has been promoted from Sergeant to Staff Sergeant.

S/Sgt. Smedley lives at Rowden, Texas with his parents, Mr. and Mrs. J. O. Smedley. He entered the Army in January 1944 at Fort Sill, Oklahoma. After being sworn into the army he spent 17 weeks in basic training at Camp Croft, South Carolina.

Overseas with the 60th and 20th Divisions in Germany, he was awarded the Purple Heart for wounds received in action. He also wears the E.T.O. Ribbon with three battle stars, American Theatre Ribbon, World War II Victory Ribbon, Presidential Unit Citation, Good Conduct Medal, German Occupation Ribbon and Combat Infantry Badge.

Entering the Ninth Infantry Regiment in April, 1946, he has since been with the Famous Manchu Regiment.

MR. AND MRS. FRED LONG OF DRESSY ATTENDED BAPTIST CHURCH SERVICES HERE SUNDAY

Mr. and Mrs. Fred Long of Dressy attended Baptist church services here Sunday.

PUTNAM'S FUTURE LEADERS

Top Row: Reading from left to right, Larry Don Erick, Billy Wagley, Elaine Baker. Bottom Row: Marion Lee Baker, Dayle Hock and Carolyn White.

Oil Activity Increasing; Rowden Gets Deep Test

More leasing and blocking of acreage for oil tests is going on in Callahan county now than in several years, according to reports. Activity is starting as near as fourteen miles to Cross Plains, with a test by a Wichita Fall drilling company getting ready one mile north of Rowden.

The first major company deep test in the county was spudded in 12 miles west of Baird two weeks ago by the Great Lakes Carbon Co. with a contract to drill 5,000 feet. The well is already past 1,000 feet, drilling with a rotary rig.

Another rig has been placed on the Jones Estate, 11 miles north of Baird, with a 4,500 foot test contract. Hundreds of shallow tests have been made in the county during the past few years, now oil men are favorably watching tests for deep production.

CAR PRODUCTION BELOW SCHEDULE

You had better take care of that old jalopy, since the Automobile production is running 2,425,000 cars behind schedule for 1946, to date, besides another advance has been granted to the manufacturers. The new price on a Ford super Delux was \$930. In 1942 the new Delux \$1,134 now up \$204 from 1942 and \$77. from June 30.

This price is F.O.B. factory plus about \$100 freight and additional taxes which will make a price to the consumer of around \$1300 for a Ford. The Automobile people had the greatest chance in the history of the country if they had been let alone, and permitted to have increased their volume of production and reduced the price of cars placing them in reach of many million people who will not be financially able to purchase them at the present price, besides, many other million who will strike and refuse to purchase cars at the present prices.

Less production higher wages, and high prices for manufactured goods will not get the job done. We are headed for another deflated depression when everyone will be looking for work and it will not be found. Our leaders have learned nothing from the last war.

CISCO EXPANDING PEANUT SHELLING PLANT CAPACITY

According to reports in Cisco, the Cisco peanut shelling plant, located in the former Wooten building on seventh street, is being revamped completely.

They are replacing some of the machinery with more efficient machinery and with more capacity than they had last year. Zan Borroughs manager of the machinery, said. Installation of the machinery is under supervision of H. L. Thomson, superintendent.

Storage for the peanuts will not be in the building for processing according to present plans, but in large steel tanks to be located on the MKT railroad right of way adjacent. These tanks, when delivered, will have a capacity of thousands of tons of peanuts and solve problems of space and convenience in handling the stock.

Installation of a shelling plant is being done in the building opposite the side in which the peanut plant is located. This plant when enlarged and completed will furnish employment for 30 to 50 men.

MICHAM CATTLE SALE SCHEDULED SEPT. 27 - 28

C. P. Micham rancher and former mayor of Cisco will have a herford cattle sale at his ranch west of Cisco September 27 and 28. It was announced by F. T. Alexander of Albany, who has taken over the management of the Micham foundation for the dispersal sale.

The Micham stock is among the choicest in the country and many hundreds of buyers are expected to be there for the two day sale to bid upon individuals in the herd that will be disposed of. It is announced there will be no sale of the Micham grade stock.

M. M. LITTLE AND OTHERS WILL DRILL 1750 FOOT TEST ON J. H. SHRADER SOUTH OF TOWN

The R. S. Meise and G. J. John finished number one on the Hugh Ross tract and is now producing five and one half million feet of gas per day, according to reports received here. The well is four miles north of Baird, located 15 1/2 feet from the Southeast line of the northeast quarter of section 98 BBB & C. Survey.

The gas is from a sand at 1214 feet and was tested by the Lone Star Gas Company at 302 pounds pressure. Gas line connections are now being awaited. The other tests were slated for the county during the week. They were the C. D. Hagerty No. 1 John H. Shrader, about six miles southwest of Putnam, a 1750 test 220 feet from the east and northeast lines of the Shrader tract of 127 acres in the Matilda Cherry Survey No. 4, and the Martin Properties No. 1 W. N. Foster, 2500 foot rotary test 10 miles south of Baird, located 330 feet from the north and west lines of lot 7 1/2 block 337 Victory School Lands.

This Shrader well is about one half mile from the Little producers on the Clinton that produced more than 100 barrels flush production when they were drilled several years ago and are still pumping. This well on the Shrader will be one of the Little leases in that territory. Mr. Little owns several leases in this immediate territory that have not been tested out yet. He still has a nice production on the Clinton and Ledbetter wells.

THE PUTNAM NEWS

PUBLISHED EVERY THURSDAY

J. S. YEAGER, Editor and Manager

Entered at the Postoffice at Putnam, Callahan County, Texas as Second Class Mail Matter.

Notes From H. D. Agent

LORETA ALLEN

Preserving Vegetables

Housewives, if you are processing surplus vegetables now, remember that any delay after the vegetables are taken from the garden will result in loss of vitamins and sugars, as well as increase in stringiness, toughness and bitterness.

After you remove the vegetables from the garden, chemical as well as physical changes are going on in the product, and most of these changes are lowering its quality. High temperatures, dry atmosphere and bruises all reduce the value of the product.

Harvest early in the mornings. Use small, clean containers and handle your vegetables carefully to avoid heating, contamination and bruising. If there is any delay before processing, keep the products in cool and moist storage place.

Remember that actually little can be done in processing vegetables to improve quality, but you will get high quality processed products by proper production, harvesting, processing and storage.

Variety in homemade bread
Stretching wheat flour in home baking can bring variety in taste and texture to home baking. Pos-

sible extenders include rye, flour, oat meal or cornmeal, potatoes and sweet potatoes. But Loreta Allen, County Home Demonstration Agent, cautions housewives that for good results they must know the correct amounts to use and the best method of mixing.

Yeast bread may be made entirely from rye flour. The German bread, pumpernickle, is familiar example. All rye bread is darker more moist and heavier than wheat bread. A lighter loaf may be made by using half rye and half wheat flour.

In extending with oatmeal or cornmeal, only a third as much finely ground oats or fine cornmeal as wheat flour is recommended. Oatmeal bread is slightly coarser and darker than white bread but excellent in flavor.

The flours or meals are sifted or mixed with the wheat flour and then the bread is made by the standard method for white bread offered in any reliable cook book.

In using potatoes in bread, both the proportions and the method of mixing are different. Only a small quantity of potato can be used—about one cup of mashed potatoes to five or six cups of flour. The mashed potato is thinned with potato water, then mixed with the softened yeast cake before the flour is stirred in to make a dough or sponge. Mashed sweet potatoes may be added to the sponge with the flour.

Cross Plains News

Mr. and Mrs. W. A. Huckaby and Mr. and Mrs. Ebb Huckaby made a trip to New Mexico last week on a short vacation.

Mr. and Mrs. Joe B. McAdams and son, of Galveston, visited here Sunday in the home of her parents, Mr. and Mrs. Ches. Barr. Mr. McAdams, who has been associated with the Texas Company at Galveston for the past several years, is being transferred to San Antonio.

Mr. and Mrs. C. W. Kemper, former residents here, have moved to Longview after living in San Angelo the past three years.

F. R. Anderson and W. J. Sipes played in the Ranger Invitation Golf Tournament last week end.

Mrs. Grover Gibbs, of Rowden, spent the week end in the home of Mrs. George Scott in Cross Plains.

Mr. and Mrs. R. Blaine Jordan visited in the home of Mr. and Mrs. Henry Jordan at Ft. Worth Sunday.

Lewis C. Norman, former Cross Plains high school superintendent visited friends here Thurs. night. Mr. Norman left Cross Plains in 1941, and after spending four years in the army air corps became associated with a brother-in-law in the wholesale and retail electrical appliance business in Fort Worth.

MRS. S. B. STRAHAN

Reverend Clarence Powell met with a serious auto accident on his way from Abilene to fill a regular appointment at the Baptist church. He received a scalp wound and an injured arm and his car was completely demolished. Rev. Stover, a Baptist missionary from Brazil, filled Bro. Powell's pulpit. Rev. Stover is in the States while his wife gets medical treatment and after her recovery they will return to Brazil.

Mr. and Mrs. Leonard Breeding and children of Lamesa are visiting relatives here.

Mr. and Mrs. J. S. Gafford have as their guests this week her niece Mrs. Norma Lamb with Richard Lamb and their children of Houston.

Mrs. Ken Robbins returned this week after visiting her father at Spur and a sister at Lubbock. Mrs. Robbins has been quite ill but after her return is greatly improved.

Marjorie Jordan of Independence, Kansas is visiting her grandparents the V. L. Fultons.

Mrs. Bill Hodge (Clara Elkins) of San Antonio and her sister, Mrs.

Leonard Haller, (Vera) of Austin visited with friends here Wednesday.

Mr. and Mrs. Johnnie Breeding of Lamesa and Mr. and Mrs. Arcie Champion and children of Novice also Mr. and Mrs. Marion Rutledge and children of Waco all visited their parents and other relatives here recently.

Mr. and Mrs. Edd Richardson of Aransas Pass are visiting here. She is the former Lou Arvin.

Bessie Foller of Lubbock and Vonnice of Baird visited their mother, Mrs. Carol Rutherford, last week.

The Baptist membership are preparing to build a parsonage here soon.

Mrs. Mickey Shelton is visiting her mother, Mrs. Rufus Whitehorn.

Many patrons turned out for beginning of school. H. S. Varner and Mrs. Wordner Gary form the faculty membership.

Mr. and Mrs. Ned Fairbairn are the proud parents of a boy born last Tuesday named, Ned, Jr.

DOMESTIC AIR MAIL REDUCED TO 5 CENTS BEGINNING OCTOBER 1

Postage on domestic air mail will be reduced to five cents an ounce, or fraction thereof, beginning on October 1, announces F. R. Anderson, postmaster. Rate for the past several years has been eight cents.

This action is taken in accordance with an act of Congress which was approved August 14.

The five cents rate will apply to air mail sent to or by members of the armed forces stationed outside the Continental United States whose address includes an army postoffice or a fleet post office designation. This rate will also apply to air mail sent to or by civilian personnel authorized to receive mail through Army or Navy post offices. Overseas air mail has been carried on a six cents rate in the past.

MORAN HIGH SCHOOL GETS LIGHTS FOR GRID GAMES

Moran high school, which was voted into this football district this year, will have a new grid field soon complete with flood lights for night games.

This brings to four the number of lighted fields in the district, with Rising Star, Cross Plains and Baird being the other three.

REVIVAL TO START AT DRESSY CHURCH FRIDAY

A ten day revival will begin at the Dressy Baptist Church Friday night, September 6. Rev. Joe F. Miller of this city will conduct services, beginning Monday and Rev. Orville Jones, pastor of the Gunn church, will do the preaching opening night, Saturday and Sunday.

Services will begin at eight each evening. The public of this area is cordially invited to attend and help make the meeting a success.

Mr. and Mrs. Benton Brown are the parents of a baby girl born in the County hospital at Baird Tuesday night, and weighed seven pounds. It has been named Peggy Sue. Both mother and baby are doing nicely.

Mrs. E. C. Waddell, Mrs. Fred Cook, Mrs. John Cook and Miss Aura Waddell were shopping and visiting in Abilene Wednesday.

Frank Sunderman and Benton Pruett left this week for Carlton where they will enter school for this term.

Mr. and Mrs. Paul Trippett of Fort Worth were visitors in the home of Mrs. W. M. Crosby for a short visit Monday afternoon.

Mrs. Earline Clark and daughter Dorris left Monday morning for New Braunfels where Mrs. Clark is employed in the school there. This is the second year for Mrs. Clark in the New Braunfels school.

Mrs. M. H. Cook and daughter Miss Arlie assistant postmistress here were visitors in Abilene Monday.

Mr. and Mrs. Elmer Harrison of Abilene spent the week end visiting in the home of Mrs. Lula Fleming.

Mr. and Mrs. Jack Teddlie and daughter, Dorothy, from Stephenville visited her parents, Supt. and Mrs. R. Lee Snider over the week end.

Home Town Gossip

From The Cross Plains Review

With sweet potatoes selling for \$5.00 per bushel we're reminded of a little story on Tom Cox, local grocerman, which occurred back in 1931, when the yams were barely worth 35 cents per bushel.

Tom had several hundred bushels of potatoes and had driven all over Comanche county trying to sell them. After several days he returned home with only 10 bushels left, and they were the culls of his crop. He'd been home but a few hours when up drove an item.

rant peddler. Not particularly caring for the visitor's merchandise but hoping to dispose of his remaining yams, Tom remarked:

"I have about 10 bushels of potatoes which I'll trade for a like value in your goods, and since the potatoes are of somewhat low grade you can have

them for only 35 cents per bushel."

"That's awfully cheap," said the peddler, "guess we'll trade." "If you think that's cheap," said Mrs. Cox, who had been listening to the bartering, "you should have seen the nice ones which we hauled all the way to Comanche and sold for only 35 cents".

Here's One . . . AN EVEN FINER V-8 ENGINE . . . PLANNED AND BUILT FOR EASIER MORE EFFICIENT SERVICING

This new engine gives Ford owners even finer performance and even greater economy than its predecessors. But that's only half the story. For this engine is designed and built to save time and trouble for Service Departments, too. Many things make that true. Here are some of them:

- Engine accessories receiving normal periodic maintenance are located at upper part of the engine, for easy accessibility.
- Valves are pre-set . . . need no adjusting. Valve seats, both intake and exhaust, have molybdenum chrome alloy steel inserts, reducing the need for periodic grinding.
- Main connecting rod and camshaft bearings are easily removable precision-type.

Rowden News

By DOROTHY ROLLINS

We are glad to report that Irene Mauldin has been dismissed from the hospital. She is improving rapidly.

Our community received a nice rain last week. As it was so dry, we can still use more.

Wiley Averitt of California, formerly of this community, is visiting here this week.

Calvin Miller, Gene Mauldin, Cecil and Harold Jones attended the Baptist revival at Hanna last Thursday evening. E. L. Redden is conducting the revival.

Anyone having any news would appreciate if you would leave it at the store. — Thanks.

Leon Swafford made a business trip to Odessa Monday.

News From COUNTY AGENT

Attending the 4-H Round-Up at College Station August 28, 29 and 30 from Callahan county were two adult leaders and two boys and girls accompanied by the County Agent. The boys and girls who were selected to attend were 4-H Boys, Carl Mauldin of Bayou and Lowell Johnson of Oplin; 4-H girls, Doris McClain of Rowden and Charlene Roberson of Oplin.

The adult leaders accompanying the girls was Mrs. Ted Walls and Fred Farmer went with the boys.

For the boys and girls to be eligible to attend the Round-Up, they had to be fourteen years old and active in 4-H Club work.

The group left Tuesday morning for the Round-Up at College Station where they will take part in a discussion type program under Mr. J. P. Schmidt, of the Ohio State University, a recognized authority in this field and has a national reputation as a discussion leader.

Grain Smut Treatment

Planting time for winter grain crops will soon be here. Get your seed now and treat it chemically against losses from smut, seed rot and seedling blights.

Stenching smut is the most serious wheat disease. The smut spores on the seed germinate at the same time the wheat does and at heading time the smut forms masses of spores in the grain heads where wheat kernels should be. You can often detect the smut through the foul odor it gives off. The disease does not destroy the chaff, so it may sometimes be hard to notice.

Oats and barley are often affected by loose smut, which is easily noticed by the black barren stalks in the field.

To control these winter grain smuts, except loose wheat smut, treat each bushel of seed with one half ounce of Ceresan.

Remember that grain smut causes losses by reducing grain yields and by dockage on the market. Treating the seed you plant is good insurance against these losses.

Swine Breeders Directory

An official Texas Swine Breeders Directory will soon be available to hog raisers, farmers, 4-H and FFA boys all over the state.

The Directory, put out by the educational committee of the Texas Swine Breeders Association, will contain a description and brief history of every breed of hog in Texas, plus a list of breeders in the state with the particular type of swine that each raises. In addition the directory will have educational articles on swine breeding, selection and management, written by outstanding authorities.

According to Mr. E. M. Regenbrecht, swine husbandman with the Texas A. & M. College Extension Service and secretary of the Texas Swine Breeders Association, the directory will also be distributed, through educational agencies, in Mexico and South and Central American countries as well as the United States.

The Texas Swine Breeders Association is an educational, non-profit organization devoted to the improvement of the swine industry in Texas. President of the association is Lucian T. Jones of San Antonio, E. D. Heath, Hale Center, is vice-president.

Information in the directory was compiled by the association's educational committee, consisting of Ray Wilson, Dallas, chairman; E. S. Ballew, Clarendon; John H. Adams, Tulla; R. Neal Pumphrey, San Antonio, C. T. Johnson, Dallas; R. Lane Barron, Austin; C. L. Brown, San Antonio; W. A. King, Ft. Worth; and F. I. Dahlberg and Fred Hale of College Station.

Forty thousand copies of the directory will be printed, says Regenbrecht. It will be a 100-page publication, 40 pages of which will contain educational material.

W. B. Gibbs made a business trip to Dallas last week.

The Church of Christ revival began Friday night. Bro. Thomas of Clyde is conducting the revival. Everyone is invited to attend.

Visitors in the Raymond Mauldin home Sunday were Mr. and Mrs. Bernie Gibbs and Dean, Blenda Kilne, Mr. and Mrs. G. W. Parker and children of Abilene and Mr. and Mrs. Jess Mauldin of Clyde, and Mr. and Mrs. Jon Sargent of Kansas.

Raynell Miller made a business trip to John Tarleton College at Stephenville Monday. She will attend school there this year.

Mr. and Mrs. Walter Jones and Cecil visited Sunday with Mr. and Mrs. Calvin Miller, and Mrs. G. W. Miller.

Frankie Crow and Erma Loyce Young of Baird were callers in the home of his parents, Mr. and Mrs. B. Crow and girls, Friday night.

Louise Slaughter of Cross Plains visited Thursday and Friday with her cousin, La Delle Smedley.

Mr. and Mrs. Virgil Smedley and daughter of Big Spring visited with relatives and friends in this community.

Atwell News

By Mrs. Ben Riffe

Rev. Temple Lewis of Abilene preached at the Baptist church Sunday morning and night. Mrs. Lewis and children accompanied him and were dinner guests of Mr. and Mrs. Nathan Foster.

Guests in the Dayton Sessions home Sunday were Mr. and Mrs. D. A. Abernathy and son of Moran and A. H. Howell of Cisco.

Miss Maggie Jones left last week for Pampa where she will be employed by Mr. and Mrs. J. L. Noel.

Sgt. and Mrs. Eual Wilson who have recently returned from Hawaii spent last week with his parents near Ft. Worth and are now visiting her parents, Mr. and Mrs. Clyde Lovelady.

Mrs. E. P. Foster left Sunday for San Antonio to spend a week with her daughter, Mrs. Blyn Stewart and Mr. Stewart. Mr. and Mrs. Stewart are the proud parents of a girl, born August 24.

Jim Hutchins left Monday of last week for Lubbock. He will be assigned work from there as a dispatcher for the Santa Fe R.R.

Elder and Mrs. D. C. Foster spent from Thursday until Sunday at Throckmorton attending a Primitive Baptist association.

Mr. and Mrs. Ben Pillians hosted a dinner the fourth Sunday honoring their son, Benja, who recently returned from Japan. All their children, grand children and great-grandchildren were present but one. That was John Nickie Moore II of Albany.

Those attending were Mr. and Mrs. Ned Moore and two children of Albany, Mr. and Mrs. George Morgan and children of Baird, Mr. and Mrs. J. T. Porter and Janet of Okla. City, Leonard Pillians and Miss Myrtle Blackburn, San Antonio. Mr. and Mrs. Harold Morgan, Mr. and Mrs. J. D. Goble and son Mr. and Mrs. Lab Rouse and family Mr. and Mrs. Ben Pillians and five children and the honoree.

Mr. and Mrs. Henry Cooks and family of Fort Worth visited relatives here during the Labor Day holidays.

Mr. and Mrs. Roy Tatum moved to the Cane place, having purchased it sometime ago.

Mr. and Mrs. J. D. Goble moved to the place where the Tatums had occupied.

A. T. Stephens returned to El Paso first of last week after attending the funeral of his sister, Mrs. S. A. Black.

Mrs. Nomie Lamb, husband and children arrived Saturday from Houston to spend a week with her sister, Mrs. D. C. Foster and other relatives.

Mr. and Mrs. W. M. Tatom of Putnam visited their sons Alton and Roy Sunday and Monday.

Mr. and Mrs. Statin Maddux and children of Ranger and Mr. and Mrs. Pat Hughes of Baird visited in the home of Tipton Wrinkle Sunday.

Mr. and Mrs. Nathan Foster and boys attended the Baptist meeting

at Sabanno some last week.

Mr. and Mrs. Harvey Black and Harville of Putnam spent Sunday in the Gus Black home.

Mr. and Mrs. Howard Mims who have been residing on the Jones place have moved to Abilene. Mr. Mims will enter A.C.C. in the fall term.

Lavern Lovelady of Fort Worth spent the week end with homefolks returning Monday.

One of the most eloquent speeches in the history of American politics was the speech of James A. Garfield nominating John Sherman for President. An excerpt follows:

I have witnessed the extraordinary scenes of this convention with deep solicitude. Nothing touches my heart more quickly than a tribute of honor to a great and noble character; but as I sat in my seat and witnessed this demonstration, this assemblage seemed to me a human ocean in tempest.

I have seen the sea lashed into fury and tossed into spray, and its grandeur moves the soul of the dullest man; but I remember that it is not the billows, but the calm level of the sea, from which all heights and depths are measured. When the storm has passed and the hour of calm settles on the ocean, when the sunlight bathes its peaceful surface, then the astronomer and surveyor take the level from which they measure all terrestrial heights and depths.

Gentlemen of the convention, your present temper may not mark the healthful pulse of our people. When your enthusiasm has passed, when the emotions of this hour have subsided, we shall find below the storm and passion, that calm level of public opinion from which the thoughts of a mighty people are to be measured and by which final action will be determined.

Not here in this brilliant circle where fifteen thousand men and women are gathered is the destiny of the Republic to be decreed for the next four years. Not here where I see the enthusiastic faces of seven hundred and fifty-six delegates waiting to cast their lots into the urn and determine the choice of the Republic, but by four millions of Republic firesides, where the thoughtful voters are seated, with the calm thoughts inspired by love of home and country, with the history of the past, the hopes of the future, and reverence for the great men who have adorned and blessed our nation in days gone by, burning in their hearts,—there God prepares the verdict which will determine the wisdom of our work tonight. Not in Chicago, in the heat of June, but at the ballot-boxes of the Republic, in the quiet of November, after the silence of deliberate judgment, will this question be settled.

J. N. Williams has been in Abilene hospital for the past several days but it was thought he was recovered sufficient to be brought home Thursday afternoon.

Mr. and Mrs. I. H. Jones of Wink who have been visiting Mrs. Cleo Brown, a sister of Mrs. Jones, and another sister in Dallas, returned to their home in Wink Thursday morning.

Mrs. W. L. Park has been returned to her home after spending several days in the county hospital at Baird. She is recovering nicely since her return.

Buffaloes Meet Bangs Team In Season Opener; All But 3 Home Games This Year

With a strong team assured and all but three games to be played on the local field, Cross Plains high school football fans are in for a real treat this year.

Under the direction of a new coach—S. A. Hughes, who hails from New Mexico—Cross Plains Buffaloes will make their first appearance on the night of September 27, when they meet the Bangs Dragons here.

The complete schedule for Cross Plains this year is as follows: September 27, Bangs here; October 4th, May here; October 11th, Bangs there; October 18th, Open date; October 25th, Early High here; November 1st, Santa Anna there; November 8th, Rising Star here; November 15th, Moran here; November 22nd, Open date; November 29th, Baird there. Superintendent A. J. McQuin is considering the possibility of booking non-conference games for at least one or two of the open dates on this year's schedule.

The House That Jack Built

This is the house that Jack built.

This is the wife that keeps house in the house that Jack built.

This is the washer that does the wash that helps the wife keep house in the house that Jack built.

This is the iron that irons the wash the washer washed, that helps the wife keep house in the house that Jack built.

This is the wire that carries the power that heats the iron, and turns the washer that does the wash, that helps the wife keep house in the house that Jack built.

THIS is the story of better living—of electric living—in Jack's house. The tale could go on endlessly. For electricity is a servant of many talents, of which washing and ironing are but two.

The electric power that helps Jack's wife is always ready, dependable, available in any quantity at any time. And Jack doesn't need much jack to pay the bill.

This is the company that strings the wires and makes the power that gives the Jacks—and countless families like them—all the comforts and convenience of electric living.
