

From The Editor's Window

Dr. Charles Proteus Steinmetz, a German by birth but later a splendid naturalized citizen of this country once said: "The man who is hard to satisfy moves forward. The man who sits back comfortably and is contented with what he has accomplished moves backward."

If I were able to bequeath to every young man one virtue, I would give him the spirit of divine discontent, for without it the world would stand still."

There is no such thing as standing still long at a time. Humanity, as a whole, is too restless for that and we either move forward or backward. No man or woman, boy or girl, who has a spark of ambition, wants to slide backward; therefore it would be well at the present time for each of us to make a thorough examination of himself to determine whether we are drifting both individually and as a nation. It takes individuals to make a nation and the state of our individuality constitutes the state of our nation.

It would be well at this time for our people to know who is at the head of affairs in our country, so we are giving the names of the cabinet members in full especially for our boys and girls in school. Here they are:—Secretary of State Cordell Hull, Secretary of the Treasury Henry Morgenthau, Jr., Secretary of War Henry L. Stimson, Attorney General Francis Biddle, Postmaster General Frank C. Walker, Secretary of the Navy Frank Knox, Secretary of Interior, Harold Ickes, Secretary of Agriculture Claude R. Wickard, Secretary of Commerce Jesse Jones, and Secretary of Labor Frances Perkins.

From Mirror of World Opinion in Christian Science Monitor:— Let us remember that when the war is over we shall have a world to reconstruct, and that the edifice we want to build can never rise on foundations of revenge and suppression. Let us fight the good fight, and the winning fight in it such a spirit that when the end comes we can still say, with Abraham Lincoln, that we stand with malice toward none, with charity for all, with a desire to bind up the wounds of the war, and with a determination to achieve and cherish a just and lasting peace among ourselves and with all nations—Miami Daily News.

An Englishman was visiting this country for the first time, and as he was driving along the highway he saw a sign, "Drive slow. This means you." The Englishman stopped in surprise and was heard to exclaim, "My word! Now how did they know I was here?"

Fond Mother (writing to her soldier son): "Well, son I hope you have been punctual in rising every morning so that you have not kept the regiment waiting breakfast for you."

The Duke of Connaught, last surviving son of Queen Victoria of England, died recently at his home in England. He was 91 years old. The Duke was born on May 1, 1850 and lived to see the fourth generation of his royal family occupy the British throne.

He served as field marshal in the British army the greater part of his life and was said to have been a very conscientious and faithful officer throughout his long career.

It is reported that a number of long time employees of the M-K-T railroad recently received veteran pins. These employees live in Denison and Durant, Okla., and doubtless others of long standing service will be remembered in the same way. The pins were presented by the president, Matthew S. Sloan and the men receiving the pins have been with the company through a period of years extending from 25 to 40 years of faithful service.

The war in the Pacific has shut out the all important coconut oil used in the manufacture of our soaps and is said to be the all important factor in making soap lather quickly. Other tropical oils are being investigated to replace the coconut oil. Prior to the war imports of the oil is said to have been in large quantities ranging from 300,000 to 600,000,000 pounds yearly.

Hal Collins, of Mineral Water fame, is said to be strongly considered.

ODOM GROCERY BURGLARIZED FRIDAY NIGHT

The Odom Grocery store was burglarized last Friday night. The burglars entered the building by breaking the plate glass in one of the front doors, and it was thought the burglary must have been committed about twelve or one o'clock as Louis Williams, Jr., got off the early morning bus and passed in front of the store and saw glass scattered over the sidewalk in front. Mrs. Odom stated that they must have gotten fifty dollars worth of merchandise since they took two or three large bags of sugar, and stripped the show case candies, cigarettes, matches and small items of that kind and then practically cleaned out the meat case of what meat they had on hand, and other small items. They did not get any cash with the exception of one or two dollars in pennies as there is never any cash left in the drawer except what pennies they have on hand when they close business.

Baptist Parsonage Put In Repair For The New Pastor

There was a committee appointed Sunday morning at the Baptist church for the purpose of repairing the roof and repapering the parsonage. Monday morning the following men met at the parsonage and repaired the roof and all old paper and canvass were taken off before the new paper was put on. The following men aided in the repairing of the roof and getting ready for the repapering: Mabry Tatom, Ennis Qualls, George Brown, Burette Ramsay, W. A. Ramsay, and Marvin Eubank. After this was done the ladies of the church took charge of the repapering with the following ladies aiding: Mrs. W. M. Tatom, Mrs. U. L. Lowry, Mrs. Andy Roe, Mrs. Burette Ramsay, Mrs. S. M. Eubank, Mrs. W. A. Ramsay, Mrs. Ennis Qualls, Mrs. L. B. Williams, Mrs. Harley Stephens, Mrs. George Gaskins, Mrs. N. L. Bailey and Mrs. M. A. Jansford.

E. N. HULL GIVEN BIRTHDAY DINNER ON JANUARY 25TH

Mrs. E. N. Hull served a birthday dinner at their home Sunday January 25th. Honoring her husband's birthday. Those present to enjoy the dinner were: Mr. and Mrs. L. H. Browning and Betty Jean, Mrs. Oscar Gordon, and children, Billy Joe and Carolyn, Mrs. T. W. S. Tackett, Anita, Milton and DeRoy all of Hanabul, Mr. and Mrs. Delpha Hull and Laverne Gordon of Dallas, Mr. and Mrs. Ordie Tackett of Pasadena, Calif., Nell and Velma of Ocean Park, Mr. and Mrs. Clyde Wilkins and sons, James Hal, Cisco, and Mr. and Mrs. E. N. Hull.

USDA CHAIRMAN SAYS FARMERS TAKING PRECAUTION ON TIRES

News from the USDA by J. Lester Farmer, chairman: "The farm people of Callahan County, Texas, believe that preventing the trouble is as important as curing it. The farmers throughout the county are being particular careful to see that all foreign matter is kept from the treads, that their tires are free of grease and oil, the rims are straightened, tires shaded from excess sunlight and that cracked tires are painted and plugged.

Certificate for tires may be issued for tractors, farm implements, and trucks used to haul farm products directly to market. However, they cannot be obtained for transporting farm products to ultimate consumer. It must be remembered too, that tires cannot be purchased if the rationing board has already issued certificates comprising the monthly total. This means farmers will have to wait their turn along with ever, one else.

All precautionary measures for preventing tire trouble should be followed such as recapping, retreading, and vulcanizing tires on automobiles and farm implements. The correct air pressure adds to the life of a tire and your tires should be checked regularly for proper pressure.

MR. AND MRS. HULL ATTENDED FUNERAL AT HUCKABY THURSDAY

Mrs. E. N. Hull received a message Wednesday from Stephenville stating her brother, T. W. S. Tackett about 60 years old had died from a stroke of paralysis at his home at Hanabul in Erath county. He had the stroke Sunday, but lived until Wednesday. Mrs. Hull left immediately for Hanabul and attended the funeral at Huckaby, Erath county. He was 60 years old at the time of his death and this is the second brother Mrs. Hull has lost by death in the past two months.

Survivors are; his wife and six children, as follow: Ordie Tackett, Pasadena, Calif., Nell and Velma Tackett of Ocean Park, Calif., Anita, Milton and DeRoy at home with their mother.

PRESIDENT'S BIRTHDAY PARTY AT SCHOOL AUDITORIUM SAT NIGHT

Superintendent R. F. Webb has authorized the News to state there will be a birthday party honoring the president's 60 birthday at the high school auditorium Saturday night January 31st. The party will consist of various games such as "42", dominoes and other like games, together with other entertainment of various kinds. The party is to aid in raising a fund for the benefit of victims of infantile paralysis. There will be a small admittance fee which will not amount too much, and it is urged as many as possibly to attend as this is a very worthy cause. Remember the date Saturday night.

THE LABOR UNIONS HAVE \$82,000,000 IN SURPLUS FUND

A report made by Senator Truman and others appointed by the United States to make investigation of defense contracts and as to whether anyone was profiteering and the status of the labor unions, found that the General Motors made a profit of \$367,000,000 against a profit of \$187,000,000 in 1939, and that one corporation had made as high as 247 percent on their investment. Also they found that the CIO organization had a surplus of \$82,000,000 which has been increased by about ten million in the past year. Why should anyone wonder why it is that practically all appointments that are made at Washington have to have an OK of the CIO before they are made? This stupendous fund is not subject to taxes and can be used just as the labor leaders desire without any interference of any kind. It is estimated by this committee that more than 28,000,000 hours of industrial production was lost in the past few months on account of strikes, at a time we should have been using every minute of the time in preparing to meet our foreign enemies.

J. T. BERRY RESIGNS AS MANAGER OF BURTON LINGO COMPANY

The writer while in Cisco, Tuesday was informed that J. T. Berry has resigned his position as manager of the Burton Lingo Lumber Co. Mr. Berry has been manager of this firm's business in Cisco for more than thirty years, and had business dealings with practically every family in the north part of Eastland the eastern half of Callahan counties.

Mr. Berry was elected as mayor of Cisco in 1931, succeeding J. M. Williamson, who had been mayor of Cisco for about 18 years. Last year C. P. Micham was elected to succeed Mr. Berry, who retired from politics. Mr. Berry made many friends during his stay with Burton Lingo Company who will miss his familiar face around the office where he has been so long.

Mrs. Halley Crawford returned a few days ago from San Antonio where she had been visiting friends and relatives for the past two or three weeks.

Willard Gaskins, Glenn Burnam and Douglas Kelley left Monday morning for San Diego, California, where they expect to get employment in the Air Plane Production department of the government.

But Park of Lubbock was visiting friends and relatives in Moran and Putnam the first of the week.

Mrs. Earl Rutherford, Mrs. Eulie Crawford and Miss Mirtle Clappett were shopping in Baird Monday.

Mrs. Elmer Butler was visiting and shopping in Baird Monday morning.

3,300 Foot Well To Be Drilled In Putnam Vicinity Soon

Oil activity picking up in the Putnam vicinity the last few weeks. Graham and others of Midland are signing up a block about three miles northeast of Putnam with a view of putting down a three thousand foot well. They agree to drill the well if they can get as much as two thousand acres and two men have already promised to put half of that amount in the block, and it appears the stipulated amount will be signed in a short time.

If the acreage is signed up the well will be drilled on the W. A. Ramsay T.E.L. Co. land a part of the John L. Woods estate and to be drilled 3,300 feet. A number of years ago a well was drilled on this land and made considerable oil at this depth; but it was plugged. It was reported at that time the well would have made a good producer if it had been properly taken care of. If the acreage is signed up the drilling is to start at an early date.

No Rain Recorded In Putnam In Last 48 Days

Benefits from a very wet Summer and early Autumn are being felt by the farmers of the Putnam trade territory. Possibly only the bottom season that rains in that period provided is responsible for grain crops and other vegetation being kept alive during the recent arid spell.

No rain at all was recorded in Putnam during November. Then in December less than an inch and a half fell, this all by December 12, when the last precipitation here was received.

Farmers say that the earth was so saturated with moisture at the end of October than the recent dry spell has not yet proved disastrous. However, they point out that a good "gulley washing" downpour is beginning to be badly needed. Grain, in particular, is reported to be in need of rain.

Rev. Joe R. Mayes Ill At Abilene Home From Stroke

Reports have reached the News office that Rev. Joe R. Mayes of Abilene former pastor of the First Baptist church at Baird, had suffered a stroke of paralysis at his home in Abilene last Saturday, and was in a critical condition for some time but after reports were that he had partially recovered and was slowly improving. Rev. Mayes resigned as pastor of the Baird church some four or five years ago, moving to Abilene, where he has been pastoring some out of town churches part time.

Callahan County Exceeds Red Cross Quota

The same as was the case in every call during World War number one, Callahan county has exceeded its first quota for Red Cross war relief in World War number two. The \$2,000.00 quota given this county by the national chapter was exceeded by \$82.50, it was announced Monday by C. V. Jones, of Baird, who has been the guiding hand behind the current drive.

Mr. Jones, Callahan county Red Cross chairman, announced that \$2,082.50 had been reported by the 16 communities to which quotas were assigned.

Amounts raised by the various communities, as reported by Mr. Jones, are as follow: Cross Plains \$654.32, Enterprise \$12.84, Denton \$130.18, Bayou \$21.41, Putnam \$136.19, Admair \$13.13, Clyde \$189.81, Etta \$75.98, Baird \$692.40, Cottonwood \$47.67, Midway \$16.00, Opelia \$33.75, Zion Hill \$33.12, Hart \$14.00, Colony \$10.00, Atwell \$22.50.

Dock Trent a former resident of Putnam, has moved back to Putnam and purchased the Magnolia filling station from Elmer Butler.

My and Mrs. A. C. Nelson had as their week end guest Mr. and Mrs. Clark Tabor and children of Clyde and Mr. and Mrs. O. H. Nelson and children of Abilene.

Red Prisoners Off to German Prison Camp

The snow-covered eastern front of the Russian-German war, now occupying the headlines, produced this picture which was approved by the Berlin censors, and radioed to New York city. It shows Russian prisoners of war being marched off to their fateful destination, a Nazi prison camp somewhere on the eastern front.

COTTONWOOD MAN IS ROBBED IN ABILENE

Jess Sparks, who lives one mile North of Cottonwood, was robbed of \$90 while in Abilene on business Thursday of last week.

While walking down North 6th street Mr. Sparks' attention was attracted by cries of help which came from a negro woman. He stepped up to give aid when he was seized and jerked through a doorway by three or four other negro women, who robbed him of \$90 in currency.

Police authorities were notified and four negro women arrested and taken into corporation court. After question by the Abilene city attorney three of the women were released but on the person of the fourth was found \$50 of the missing \$90. The negro was charged with felony theft.

TO ME ONE LINE OF THOUGHT APPEALS TO YOU ANOTHER

The following was clipped from one our exchanges. "Our types of mind vary. To me one line of thought appeals, to you another. Your belief when honest, is a part of you. You have a right to it, and never should an honest belief be insulted. As I have said many times, never have I strung along with the "New Dealers" yet some of my closest friends are "New Dealers" I don't like to be too much with people who think just as I do. The thoughts they possess, I have to go to the man who thinks otherwise to get something new. That's why we should have more than one point of view represented in congress, that's why we should have our political campaigns and our elections. We need to rub the opposing points of view together occasionally to see what new thoughts come from it."

OWNERS RESPONSIBLE FOR PERSONS UNDER 14 DRIVING CARS

General reminder was given out by the Texas patrol office in Abilene last week that it was a violation of the state law for persons under 14 to operate motor vehicles under any circumstances.

Patrolman Odor said that he had noticed a number of boys and girls who appear to be under 14 driving automobiles on the streets and highways and man had been fined \$10 for permitting a 13 year old boy to drive a truck.

In such cases where the owner of a motor vehicle permits children to operate an automobile or other motor vehicle, such owner is liable to fine, whether he is the child's parents or not.

Many people seem to be under the impression that it is alright for children under 14 to drive if they are accompanied by an adult. This is not the case, a child must be 14 before he can be re-licensed for a special license by the county judge.

Soil Conservation Election To Be On Saturday, Jan. 31st

January 31, has been set as election date on the creation of the proposed Lower Clear Fork Soil Conservation District, including practically all of Stephens and Shackelford Counties all of Callahan county draining into into the Clear Fork except that portion of western Callahan which is in existing Middle Clear Fork District. Only land owners and their wives who own land and live within the district are eligible to vote. The proposed district, if created, will be the 73rd district created in Texas and will bring the total average included in soil conservation districts in the State up to approximately 8,300,000 acres.

"What a district can accomplish it is stated that the law was passed by the Legislature because the farmers and ranchmen wanted it. A district when organized, is a governmental subdivision. The supervisors, bona fide farmers or ranchmen of the district, elected by the qualified voters of the district who are in charge of the district, can do only those things set out in the act. The question often comes up; can a district of the supervisors vote bonds or levy taxes? They can not do this, because it is not provided for in the act. For further information see your county agent at Baird.

Mid Continent Oil & Gas Association Gives Defense Aid

The Texas Mid Continent Oil and Gas Association mailed out the following release. "A state wide organization to meet the defense needs and effect co-ordination with civilian defense authorities was being set up under leadership of the Texas Mid-Continent Oil and Gas Association. Co-operating in it are oil operators and companies, field superintendents and farm bosses, and petroleum engineers and technical experts. The work is being done with approval of civilian defense officials.

First oil area to be organized is the Texas Gulf Coast, with east Texas next and others to follow soon. George Sawtelle, Association president, said local field committees in the producing areas will work closely with civilian defense authorities to co-ordinate oil industry defense measures with all other defense measures with all other defense activities. The function of the Texas Mid-Continent in this program is to assist the operators in meeting the requirements of the defense precaution, through our State-wide organization and plan, we hope to take the work off of the backs of the oil producers and effect a co-ordinated action in all the fields in the state.

The organization now being set up will extend from the operators down to the individual lease, to make complete and efficient working facilities available to civilians defense officials. The facilities in each area can be put into operation by the chairman of the field committee upon authorization by the proper defense authorities.

GIVNER O'DANIEL ANNOUNCES FOR THE U. STATES SENATE

State politics beginning to warm up in the United States senatorial campaign since Gov. O'Daniel has announced for re-election for the full term. Joe T. Stadhams, state labor leader of Austin, and a former resident of Putnam having already announced, stating he would open up his campaign just after the first of the year with his open speech in Putnam, where he was reeared and secured his education. Also Hal Collins a long time friend and supporter of O'Daniel is threatening to throw his hat in the race. It will be remembered that Mr. Collins came very near entering the race when O'Daniel was elected in 1940. And there may still be others who may enter the race; but with the limited information at the present time it appears that O'Daniel will be elected to succeed himself in the July primaries this year.

While Jeter who is teaching in the Eastland High School spent the week end visiting with his parents, Mr. and Mrs. G. W. Jeter.

Rev. E. N. Paldaree of Cisco filled his regular appointment at the Baptist church Sunday and Sunday night.

Mary Guyton was shopping and transacting business in Cisco Tuesday morning.

Cheese Arrives From America

British dock workers are shown eating a lunch of American cheddar cheese sandwiches as they take time out from unloading boxes of similar cheese from a newly-arrived freighter. Cheese is a favorite food of British workmen. Huge quantities once were imported from Denmark and other nearby dairy countries. Today the English people depend on American farmers for both cheese and other milk products.

County Agent's Timely Tips

Swine In A Profitable Farm Program

Hog production, a basic item in the Food for Victory program, easily can be made successful if properly fitted into a profitable farming plan, according to E. M. Regenbrecht, swine husbandman of the A. and M. College Extension Service.

Especially suited as a small enterprise, hog production primarily is dependent for success upon the availability of an abundance of grain feed. Hogs always pay more for corn, barley, or grain sorghums than does the grain market. About four pounds of feed produces a lb. of pork, but the feed must be properly balanced. Feeds used to balance the farm grain usually are higher in price than the latter but the quantity is small.

Farmers who keep from one to three sows almost always make a success, Regenbrecht says. Hogs do not do well when run in large groups because sanitation and disease prevention become serious problems with large herds. The principal item of expense in hog production is the grain feed, but if this is grown on the farm, or obtainable locally at reasonable prices, the enterprise easily can be established on a profitable basis.

While a sandy, well-drained, soil is the most suitable, hogs can successfully be raised on a heavy black soil, but in such case concrete floors are almost a necessity. Hog pastures are necessary, with small grain for winter, and sudan for summer, the best. Native grasses such as bermuda are good for a short time in the spring, but soon get hard and tough, and become of little value. A good pasture will furnish 50 percent of the needed protein and otherwise reduce the cost of production, Regenbrecht says.

Suitable equipment—a movable hog house, a few troughs and a self-feeder—can be built at small cost. A concrete wallow can be classed as almost a necessity. If hogs are kept comfortable they make rapid economical gains and losses from over-eating are avoided. It is likewise true that hogs which do not have a dry, warm place in which to bed during the winter will not make as much profit as those properly sheltered.

Terracing Makes New Etrides In Texas

Conservation-conscious Texas farmers are falling in line with the AAA terracing program, according to B. F. Vance, administrative office in charge AAA in Texas.

Under the new set-up, farmers can terrace their land now and pay for it later, the AAA official said.

Machinery of the terracing program is simply operated, Vance said in explaining that county AAA committees set a reasonable price for terracing easier farms of the county through offers made by cooperating contractors. Once the fair price for a county is determined, farmers get bids for their farms from the contractor, take the offer they like best, and get their terracing done.

"It goes without saying that prices of terracing will vary by farms," Vance said, "but establishing a reasonable price for a county will serve as a yardstick for measuring costs of easier and more difficult jobs."

When terracing has been completed and checked by county AAA officers for specified requirements requirements under the farm program, contractors are paid by the AAA and charges later deducted from farmers' conservation payments.

Increased popularity of the program with Texas farmers is attributed to the fact that no cash outlay is required to get farms terraced, Vance said.

NOTICE TO FARMERS
Soil Conservation Election will be held at Cook's Garage Saturday.

The Putnam News PUBLISHED EVERY FRIDAY J. S. YEAGER EDITOR AND MANAGER

Subscription Price: \$1.00 Per Year. Entered as second class matter August 29, 1934, at the post office at Putnam, Texas.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation that may appear in the columns of The Putnam News will be gladly and fully corrected upon being brought to the attention of the editor.

Cards of Thanks, Resolutions of Respect, and any kind of entertainments where admission fee or other monetary consideration is charged, will be charged for at regular advertising rates.

IGIVE YOU TEXAS by BOYCE HOUSE

Mis-spent 15 minutes a day and, at the end of the year, you will have wasted nine days of 10 hours each.

Seven trucks, loaded with bread which was going to be fed to hogs, were seen in a single day recently heading east out of Dallas.

Multiply this by all the cities, large, medium and small in Texas, and you have thousands upon thousands of loaves of bread being fed to the hogs weekly—at a time when paper, flour, sugar, yeast, milk and shortening should be conserved for our fighting forces and the civilian population forming the second line

of defense. Consider the electric power (vital to national defense) and the manpower (which is even more vital) that were consumed to produce this mountain of vitally wasted bread.

Why does this situation exist and can't something be done about it? L. Self of Terrell, president of the Independent Bakers Association of Texas, has an explanation for the condition—and his organization offers a solution.

The cause, he declares, is that each baker serving a grocery tries to out-do his competitors in the size of the pile of loaves he stacks on the store table, on the theory that the bigger the mound of his bread, the more likely the customer is to buy that brand.

But the grocer gets the bread on consignment—he pays only for the loaves he sells. Next morning, the baker's truck comes around and collects the unsold loaves—and these represent the bread that, by hundreds of truckloads, is disposed of for almost nothing as food for hogs and for similar uses.

The remedy? Self says it is for the grocer to pay for all the bread he gets. In this way, the merchant will order from each baker only the amount that he needs.

It is estimated that the amount of bread so wasted each week represents the output of every bakery in Texas for one day out of seven! Self hopes that Texas citizens will write to Leon Henderson, the national price administrator in Washington—and to their Congressman and urge that the proposed remedy be adopted for the duration of the war.

Mexican proverb: One can not learn to swim in a field.

Praise the man whose bread you eat.

He loses all who loses the right moment.

Even in hell, one finds companionship.

He who says much must be right sometimes.

For a marriage to be peaceful, the husband should be deaf and the wife blind.

That's a wise delay that makes

Beware of one who is always laughing, as a fool; and of one who never laughs, as a knave.

An old mountaineer, who had never visited a town of any size before, decided to accompany his son to a small nearby city and see what the place looked like.

Amazement turned to scorn, and the old man turned to his son and drawled: "Well, I don't blame 'em for building a town here. This ground is too darn hard to plow, anyhow!"

"Miss Epsom," said the colored person impressively, as he led her into the brook for baptism, "I's gwine to lead you out inter dis heah stream and wash out every spot o' sin you's got!"

"Lawsy, pahson," giggled the damsel, "in dat, I'll ole shallow creek?"

CROSS PLAINS

Mrs. Clyde D. Sims who recently sustained a fractured skull in a fall from a horse and was dangerously ill in a Gorman hospital for several days has sufficiently recovered to return to her home here.

"We are truly grateful for the many manifestations of friendship and assistance tendered us by the people of this section and will ever remember them and the feeling of encouragement which they inspired," said Mr. Sims in commenting upon the kindness of fellow citizens and friends.

Son Smith of Camp Bowie, visited his parents here the past week end.

Mr. and Mrs. Z. W. McClellan and C. C. Holdridge were business visitors in Gorman Sunday.

Sam Forehand of Mineral Wells was a visitor here the past week end.

Doyle Cowan and Miss Clara Mae Woody were Rising Star visitors Friday evening.

Mr. and Mrs. T. E. Baum have re-

turned home after a visit of several days in the home of Mr. and Mrs. Ressie Browning in Brownwood.

Margaret Browning, student in John Tarleton, spent the week end here with her parents, Mr. and Mrs. W. E. Browning.

Jim Will Wilson, of John Tarleton, was the guest of his parents, Mr. and Mrs. Olan Wilson the past week end.

Mr. and Mrs. O. M. Smith and Mrs. Mamie Swafford visited friends and relatives in Weatherford Sunday.

Eloise Lane, student in North Texas State Teachers College, spent the week end here with her parents, Mr. and Mrs. C. D. Lane.

Joe Magness of Comanche visited friends here Saturday night.

Randall Aiken, of Cisco, visited friends and relatives here Sunday.

CROSS PLAINS BEATS BRADY BULLDOGS IN GAME FRIDAY NIGHT

Cross Plains high school Bulldogs trounced the touted Brady Bulldogs 43 to 21 in a conference basketball game on the local hardwoods Friday night.

Coach Socrates Walker shoved his second and third stringers into the fray frequently for seasoning. The local lads now need but one more triumph over Brady to gain an undisputed claim to the district diadem, as a result of six wins and no losses.

NOTICE OF SALE OF REAL ESTATE UNDER ORDER OF SALE The State of Texas, County of Callahan, No. 907. FLORA ADRISSON VS. J. E. GREEN, ET AL In the District Court of Callahan County, Texas. WHEREAS, by virtue of an order of sale issued out of the District Court of Callahan County, Texas, on judgment rendered in said court on the 3rd day of November, 1941, in favor of the said Flora Adrison against said J. E. Green for \$3,449.60 and which judgment forecloses a deed of trust lien against said J. E. Green and also against Elsie Green and Stella Green against the hereinafter described land, said judgment rendered in cause No. 9072 on the docket of said court, I did on the 30th day of December, 1941, at 2 o'clock p.m. levy upon all that certain tract of land lying and being situated in the county of Callahan and State of Texas, as the property of said defendants, and being all of the Southwest Quarter (S.W. 1-4) of Survey No. Twenty-seven (27), Deaf and Dumb Asylum Land, said land patented to Julius Ulich in two patents, the North half being Patent No. 142 Vol. 1, recorded in Book E page 425 and the South Half being Patent 117 Vol. 2, recorded in Book E, page 424, both references being to Deed Records of Callahan County, Texas, said land fully described in said deed of trust which was foreclosed by said judgment and which deed of trust is of record in Volume 25, page 90, Deed of Trust Records of Callahan County, Texas, here referred to for description, containing 160 acres of land, more or less, and is located about 10 miles in a southeasterly direction from Baird and is most generally known as the J. E. Green land; And on the third day of February, 1942, being the first Tuesday in said month, between the hours of 10 o'clock a.m. and 4 o'clock p.m., on said day, at the Court House door of said County of Callahan, State of Texas, in the town of Baird, Texas, I will offer for sale and will sell at public auction, for cash, all the right, title, interest and estate of the said J. E. Green Elsie Green and Stella Green, and each of them, in and to said above described land and premises. Listed at Baird, Texas, this the 30th day of December, 1941. C. R. NORDYKE, Sheriff of Callahan County, Texas

No Early Relief From Bitter Cold Seen in Forecast Sub-Freezing Weather To Continue; Forecast Is for Snow, Top of Frozen Water Pipes are Numerous But Little Damage is Done to MELTING SNOW TO FREEZE ON CITY STREETS FRIGID WEATHER TO RETAIN GRIP Weatherman Forecasts 10 to 15 Degrees for Monday Night; Many Seek Relief Despite increasing cloudiness here Monday and Tuesday, the thermometer was in the 20s above zero, said M. Hamrick, chief of the weather bureau, Dallas. The forecast for Monday night is for a low of 10 to 15 degrees above zero at the first snow Friday morning. The mercury dropped to 10 degrees above zero at 7:30 a.m. on Monday. The weatherman threw his winter book at Fort Worth Saturday. Snow, freezing rain and sleet expected, but provided no relief. It is in emergencies such as this that the vital importance of dependable gas service stands out in its full significance. Lone Star Gas Company

(Continued from page 1)

ing the idea of making the race for United States senator opposing the present incumbent, Senator O'Daniel in the coming July primaries. We understand that Senator O'Daniel is also planning to again make the race and our guess would be that he will be re-elected as he has made the state a most successful and capable official.

Oliver Whitlock and Mrs. Eula Mae Denney of Baird were in Putnam Wednesday while here visited the News office.

W. H. Bryant of Baird former county commissioner of the Baird precinct was transacting business in Putnam Tuesday.

Milton Crosby has been confined to his room for the past two weeks from illness, but he is recovering and thinks he will be out again in a few days.

WATCH YOUR DIET TO PREVENT COLDS
(Contributed)

It is very important that you watch the diet of your family during this Cold Epidemic, not only planning your meals for looks and taste but for nutritional value as well. The following is a basic daily diet which includes the "Must" foods to produce and maintain good health:

- MILK: 1 quart per child, 1 pint per adult.
- POTATOES: At least one a day per person.
- EGGS: Not less than one more than two.
- MEAT or FISH: One serving a day. Cheese and eggs can be substituted.
- CEREALS: At least one serving a day.
- BREAD: Eat a variation of bread at each meal; e. i. whole wheat, rye and white.
- VEGETABLES: One leafy, one raw and one green or yellow vegetables each day.
- FRUITS: Eat at least two fruits a day, one raw.

In addition to the above Basic Daily Diet add or include the following to your diet for the prevention of colds: Beet tops, cabbage leaves, carrots, green string beans, lettuce, mustard greens, red peppers, tomatoes and juices, sweet potatoes, turnip tops, yellow squash, celery, okra, green peppers, butter, cheese, cream, eggs, calf liver, whole milk, beef fats, ice cream, kidney, oysters, poultry fat, red salmon, apricots, prunes, yellow peaches, avocados, bananas, oranges and juice, pineapple and juice.

ATWELL

Rev. E. L. Redden of Dublin filed his regular appointment at the Baptist Church Saturday night Sunday and Sunday night.

WEST TEXAS UTILITIES COMPANY

POWER in a hurry!

UNCLE SAM's fast-moving ski troops put military power in the right place at the right time.

America's electric companies have done the same job with industrial power. They were ready when the crisis came!

They powered new plane plants, tank factories and shipyards almost overnight—and rushed reserve electric power to key points over carefully interconnected systems.

As the demand grew greater, they speeded new construction. Last year, alone, they installed over 2 1/2 million more horsepower—enough to light one-quarter of all the homes in America!

Good business management made this possible. The same companies, the same management, will go on increasing the production of power for protection—until skiing is a sport again, instead of a war maneuver!

West Texas Utilities Company
