Hockley County Voters in Ropesville Area May Vote Absentee at City Hall

All Ropes and surrounding area voters living in Hockley County are now offered an extra service. Starting April 15th and continuing through April 30th, all persons who expect to be, or know that they will be absent from Hockley County on May 4th, (First Primary Election Day), may vote absentee by personal appearance, in the County Clerk's Office, Courthouse, Levelland, Texas, (or) at the Ropes City Hall, Ropes. Mrs. Inez Kimberlin, Ropes City Secretary, will act as a Special Deputy County Clerk

for County Clerk, Raymond O. Dennis, and will vote those qualified voters of Hockley County, that apply for an absentee ballot in person.

Those persons who are confined to their homes, nursing homes or hospital, due to illness, or physical disability, will still have to make application by mail with County Clerk, Raymond O. Dennis, in his Courthouse office. This added service to the Ropes Community is for persons to vote absentee by personal appearance only.

Voting hours for absentee voting will be from 9:00 a.m. to 5:00 p.m., Monday through Friday, during the absentee voting period. This applies to the main office (Levelland), as well as the Ropes Branch Office. To be qualified to vote in the First General Primary Election, a person must be at least 18 years of age by May 4th (First Primary Election Day), and will have had to live in Hockley County at least 31 days, and be registered with the Hockley County Tax Assessor Collector at least 30 days prior to May 4th, (First General Primary Day). In any election in which a person desires to vote, he must be registered at least 30 days prior to that election. Registration is a continuous year round thing, and a person registered to vote, must vote in either the First Primary, Run-Off Primary, or General Election, in order to perpetuate his voting status for the next three years. Once you register to vote, you will not need to ever register again, so long as you vote during one of the three elections mentioned above. Any questions concerning absentee voting may be directed to Raymond O. Dennis, County Clerk, Courthouse, Levelland, Texas, Phone 894-4404.

This extra service to the Ropes Community was made possible through the combined efforts of the Texas Legislature (1973), your Commissioner's Court, and your County Clerk.

Vonda Van Dyke, former Miss America, will be speaking to Texas Future Homemakers of America at their annual state meeting, April 26, at the Convention Center, Dallas. Since winning the Miss America title, Miss Van Dyke has written and published three books, been on television both in commercials and as a performer, written two regular magazine columns aimed at youth, cut three record albums, and has traveled over a quarter of a million miles as an entertainer. Her message to Future Homemakers will be one of the highlights at their meeting.

The Texas Association of Future Homemakers of America will observe National FHA Week, March 31 through April 6. Using the theme "Impact '74" the 68,000 Texas members will join some half-a-million young men and women across the country in demonstrating projects that are challenging, stimulating, and of real value to youth in preparation for future responsibilities.

"We have a new approach to program planning, Annette Reznik, state president of Friona, pointed out. Working with our Program Action Impact kit is exciting. Impact was developed by youth and introduced to chapters this year by state and area officers. We analyze member concerns and then develop what we call 'in-depth' projects that are related to our home economics classroom study. Most people have no idea of what is taught in home economics classes today. They think of home economics as cooking and sewing and of Future Homemakers of America as just another 'fun and games' club.

During the National FHA-Hero Week we want to impress on people that Future Homemakers of America, as a part of home economics education, provides opportunities for us to learn, to know, to care and to do the things that help prepare us for future living."

Future Homemakers of America was founded June 11, 1945 as an incorporated, nonprofit organization supported by membership dues. There are two types of chapters. FHA chapters place major emphasis on consumer education, homemaking and family education combined with exploration of jobs and careers. Hero chapters, taking the name from home economics related occupations, place major emphasis on preparation for jobs and careers with recognition that workers also fill multiple roles as homemakers and community leaders.

The annual state meeting of the Texas Association will be April 25-26 in the Convention Center, Dallas. More than 5,000 members and advisors are expected to attend.

The theme of the meeting is "Today's Concern-Tomorrow's Impact". Programs are planned to provide delegates further information and ideas about implementation of the new Impact program of work, which was first introduced last July at the National Meeting of Future Homemakers of America in Dallas.

Keynote speaker for the meeting will be Roger Staubach, Dallas Cowboy quarterback and popular youth speaker. Other highlights include an address by Vonda Van Dyke, former Miss America and popular entertainer, presentation of Honorary Membership to non-members who have contributed their time and effort to the organization and a breakfast honoring members who are to be recognized at the meeting for their outstanding achievements in FHA.

The Reese Family Services Advisory Council broke tradition recently when the members selected not one, but two FS Volunteers for the Year. They are Kathy Ross and Linda Nix.

Miss Carleen Schlenker of Friona, was named "Woman of the Year" at South Plains College in Levelland. She is a sophomore Elementary Education major with a music speciality. The announcement highlighted the 6 p.m. banquet March 18 which honored all women on the campus.

Two students at South Plains College have been selected to compete in Glamour Magazine's contest to find the "Ten Top College Winners" for 1974. They are Linda Villegas, of Abernathy and Dee Ann Martin of Levelland. College coeds from throughout the nation will be competing.

Seagraves will host the West Texas State Little Dribblers tournament April 11-12-13. Winners from eight regions will be there for the event. The National Little Dribblers tournament will be held at Levelland April 17-18-19-20.

The South Plains Area Fashion Show scheduled for April 4 at South Plains College will feature styles reminiscent of both the Western era and the nostalgia of the 1920s, 1930s and 1950s. The show is set for Texan Hall at 8 p.m. in Levelland.

The locations of late blooming apricot trees on the South Plains are being sought by a Texas Tech University horticulturist whose goal is to develop trees which will produce five out of six years. If anyone on the South Plains has an apricot tree that still has 25 per cent or more of its blossoms, Dr. George Elle is interested. He asks that these owners write him in care of the Department of Agronomy, Texas Tech University, Lubbock, Texas 79409.

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin
TEXAS PRESS ASSOCIATION

Austin, Tex.—An extensive property tax study is beginning in 35 of 1,113 Texas school districts as a guide to overhauling the public education finance formulas.

The Legislative Property Tax Committee approved the survey by C.B.M. Inc. of Cleveland, Ohio, and Marshall and Stevens, a worldwide tax appraisal service.

About \$382,900 is available for the work, although apparently not all of the money will be spent.

Gov. Dolph Briscoe had requested a top-to-bottom study of tax values in all districts in preparation for his recommendations to the 1975 Legislature on school finance reform.

However, the property tax committee said such a study would cost \$8 million, and a 325-district spot-check proposed by Texas Research League \$2 million.

Committee Chairman Sen. H.J. (Doc) Blanchard of Lubbock said

he is hopeful the 35-district survey "can be used as a model by which we can set a formula for allocating state school aid that provides equitable support and maintenance."

Consultants have a November deadline for completing their work, and a first phase report is anticipated April 18.

Districts to be covered ranged in student population from 18 in Terlingua to 26,884 at Northeast of Bexar County. They include:

Friendswood, Little Cypress Mauriceville, Overton, Hitchcock, Blue Ridge, Darrrouzett, Cross Plains, Presidio, Celeste, Sonora, Glen Rose, Rusk, Joshua, Mumford, Carthage, Arlington, Clarksville, Midlothian, Buffalo, Atlanta, Northside of Wilbarger, Alvin, Elysian Fields, Central Heights of Nacagdoches, Somerville, Slidell, Bruni No. 22, Bowie County CSD No. 42, Lindale, Alvord, Devers, Strong and Leakey.

A "SAD" Tail—Texas printers are having problems with the new campaign reporting law, because the name and address of the printer, name and address of the candidate have to appear on each printed item.

Latest problem comes from candidates who are having "t-shirts" printed for campaign workers.

It seems the name and address of the candidate and name and

address of the "t-shirt" printer must be printed on the tail of the shirt.

If you see someone pulling off a "t-shirt" at a political rally, don't worry about a streaker, it's just someone fulfilling the request of the Secretary of State's inspector.

A.G. Opinions—Financial information on individuals collected by the Legislative Property Tax Committee in a market value study is open to the public, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

A dozen prisoners can testify before a legislative committee studying prison reform.

Marijuana possession offenses committed before last August 27 should be tried in district courts, although the offense may be a misdemeanor.

Candidates for Congress and other federal offices must comply with the Texas campaign reporting and disclosure act except where federal laws are in conflict.

Licensing system for use of aircraft in control of predatory animals is controlled by an act covering 155 counties passed last May 18.

The City of Eagle Pass's lease agreement with private investors for commercial development is presumed to be public information and should be released to the party requesting it.

Members of the Texas Youth Council and State Board of Examiners in the Basic Sciences don't have to file financial statements under the ethics act.

A juvenile court has authority to allow a federal agency access to its files.

Texas Department of Public Safety is not a "consumer

reporting agency" within meaning of the federal fair credit reporting act.

Secretary of State Mark White Jr. reminded April 1 is the filing deadline for executive heads of state agencies to submit affidavits discussing interest in state regulated businesses.

White also ruled it is legal to make photo copies of political ads for distribution if the name and address of the original printer is clear.

Courts Speak—The State Supreme Court ordered a third trial for a suit over a loan against a Lubbock bank.

Buford Moore Will Not Serve

Mayor Buford Moore will not be running for Mayor of Ropes and if he is re-elected, he will not serve.

Birthday Fete Honors Dee Briggs

Dee Briggs celebrated her 6th birthday Friday in the home of her grandparents, Mr. and Mrs. O.K. Briggs.

Those present to help celebrate were Tad and Tammera Knight, Clay and Clint Forbes, Dana Moore, Shannon and Beau Means, Tammera and Stephanie McNabb, Jeff Whitehead, Mitchell McNabb, Tracy and Marty Snider, Sheila, Cary and Brenna Bridwell, Terri Kay Valentine, Lucretia Jackson, Toby and Tracy Miller, Jay Briggs, Elaine Snider, Joyce McNabb, Fredia McNabb, Vera Bridwell, Sherri Forbes, Patricia Knight, Diana and Jimmy Briggs and grandparents Mrs. Margie Fails and Mr. and Mrs. O.K. Briggs.

Services Held for Raymond Patterson

Services for Raymond (Pat) Patterson, were held at 3 p.m. Friday, March 22 in the First United Methodist church in Gorman, Texas.

Burial was in Victor Cemetery. Mr. Patterson passed away March 20 in a Ft. Worth Hospital.

Survivors include his wife, Wanda; one son, Steve and one daughter Terri, both of the home. His mother and one brother.

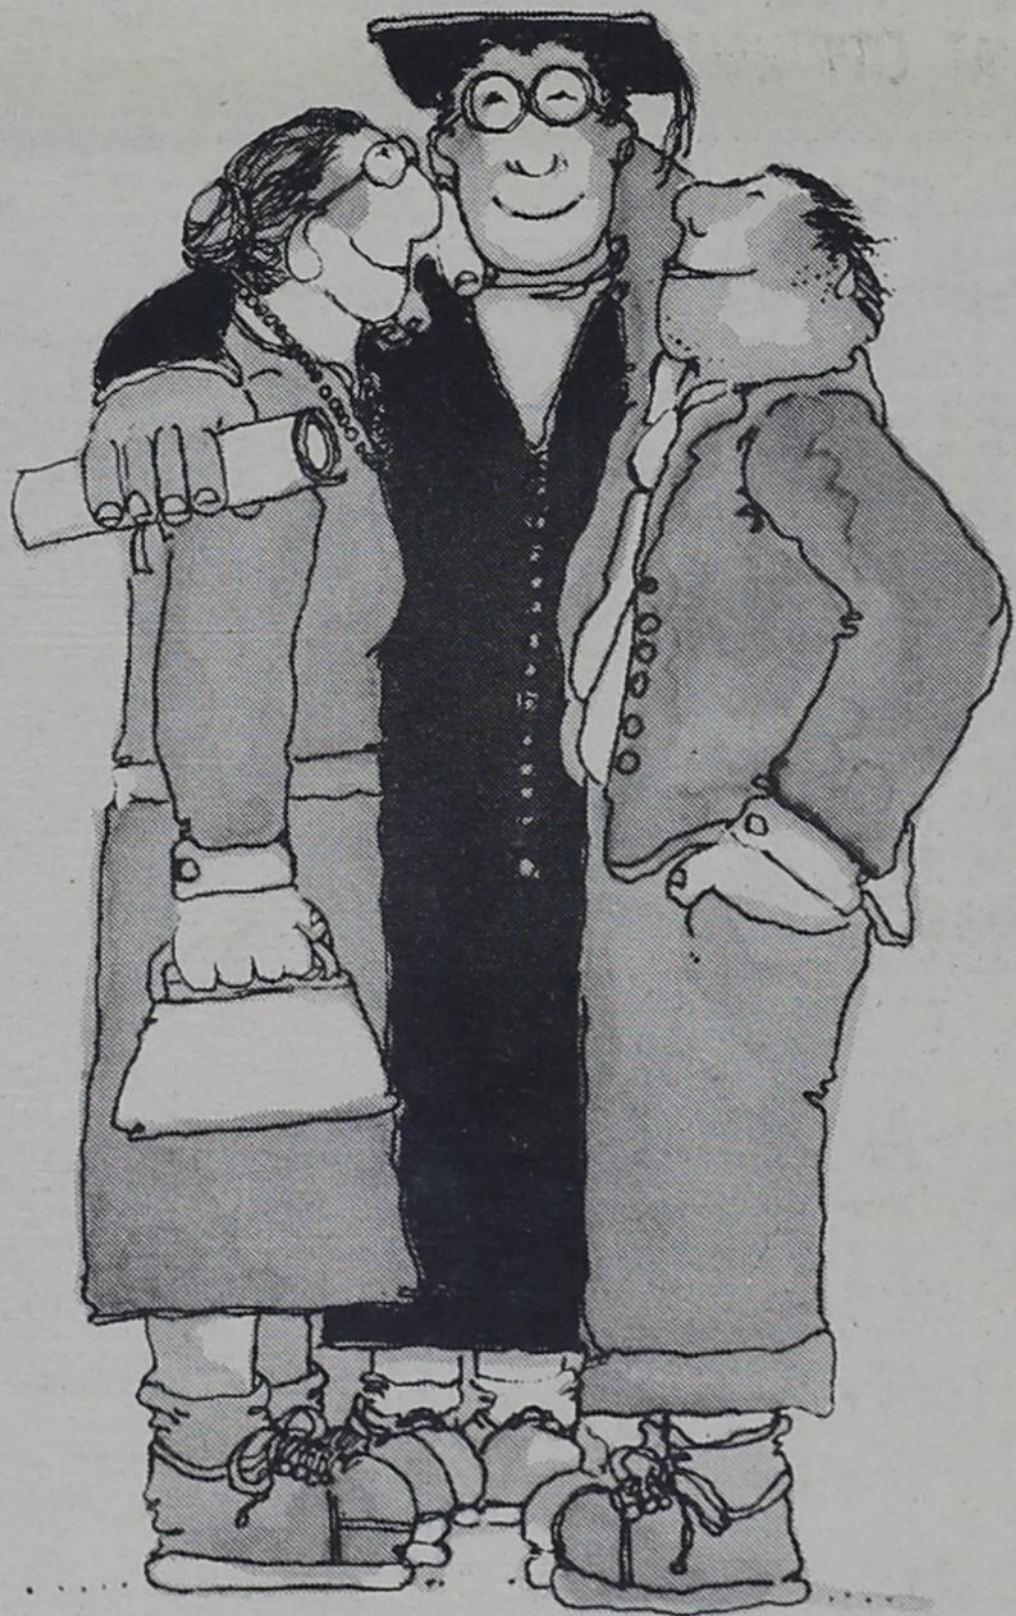

Mr. Patterson and family moved to Gorman in 1968 from Ropesville. Pat and Wanda taught in the Ropes Public School for 14 years. Pat was a successful basketball coach and Jr. High Principle. He went to Austin with the high school girls basketball team in 1957.

Pat was elementary principle in the Gorman school for four years. Due to ill health, he was not able to teach the past two years.

Those attending the funeral from Ropes were Mr. and Mrs. O.V. Fuller, Mr. and Mrs. Glen Braden, Mr. and Mrs. Robert Hall, H. Joe Schwartz and Charles Shannon.

Fredericksburg—This friendly German city, with its neat homes, historic sites and old world charm, was stung Thursday night by a killing frost.

The frost, by itself, was not unusual. The way the city took it, was. Peaches are a big industry here and there was fear that the frost wiped them out. The good burghers shrugged, smiled sadly and accepted their fate with as good humor as they could.

There are many other communities that would have wailed and cried, but here it was accepted as something over which they had no control. So, they looked to other sources of income.

Unfortunately, I won't have a chance to test the fishing, which they say is good. Instead, I'm spending the weekend in Houston with my daughter and her husband. He has other plans so my rod and reel languish in the back of the car.

At least I did get a chance to see the UCLA-NC State playoff game, and I had been hating the thought of missing it. I only hope that it was as good as we all had hoped and that the finals Monday night also lived up to expectations.

We've had rain here, although not enough by local standards, after real heat for a day or two. People say that this has been a most unusual winter, far too warm, but it has led to good fishing.

Final conference statistics reveal some interesting things about Tech's situation. First and foremost, the Raiders had the best defensive record, but only the fifth best offensive mark.

Texas had the widest spread, averaging 87.6 points a game and allowing only 77.4 points. Tech was the next closest with a 7.6 point spread. Arkansas, by some freak closed with identical points with its enemies, 86.1 points for and 86.1 points against.

Also, and this might be most significant, Tech had only two scorers in the top 16, Rick Bullock (4th) and William Johnson (8th). Richard Little ranked 17th, Grady Newton 32nd and Phil Bailey 36th. No other Raider was in the top 52.

In rebounding, though, Tech had two in the top six. Bullock (11.6 per game) and Johnson (9.4). A&M, fourth in the standings, had two in the top 10, ranked eighth and tenth.

Tech, it would seem, needs to get more punch in the lineup to go with its tight defense. Two guard slots are open, with both Little and Don Moore leaving. A strong scorer at one guard would make the Raiders even more potent.

Little's shooting fell off last year, maybe because he became less selfish than at any time in his career. Newton hit 46.4% and Phil Bailey hit an even 48%, both strong showings.

With the baseball season almost here, on the pro level, that is, I feel the same twinge of regret each year that there is no team in Lubbock. In the days when there were the Hubbers, activity was hot and heavy.

Old Hubber Park had undergone its usual coat of paint, Will was busy manicuring the infield, new signs were painted and sometimes even old, splinty planks were replaced in the grandstand.

The ball club trained at a variety of places, such as Dallas, Greenville, Uvalde, San Angelo, Midland, Huntsville, Thomasville, Ga., and even in the Rio Grande Valley.

Those were interesting days, days of expectation as a long line of managers attempted to take the raw recruits and blend them with a variety of older, seasoned players. The results sometimes were spectacular, sometimes mediocre, but usually good enough to keep Lubbock in the thick of the battles.

Those really were great days and the memories flood back, days with Jackie Sullivan and Bill Metzger as managers, different in approach, but fundamentally the same.

There were the players, far too numerous to mention and most of them different, but all fired with the hope of the big year that would propel them to the top. Yep, great guys, great days. It's too bad that they are gone for good.

In a few days Tech opens football drills that ought to have more than passing interest. The spring workouts will lead up to a spring game that has, in the past, failed to attract many fans.

But this year should be different. The Raiders are coming off a great victory over Tennessee in the Gator Bowl, they are looking at more classy material than has been seen in a long time at Tech and they have some important holes to plug.

All in all, spring training this year ought to be filled with interest and much of it will be centered on Tommy Duniven, who has received maybe more than his share of pre-varsity plaudits.

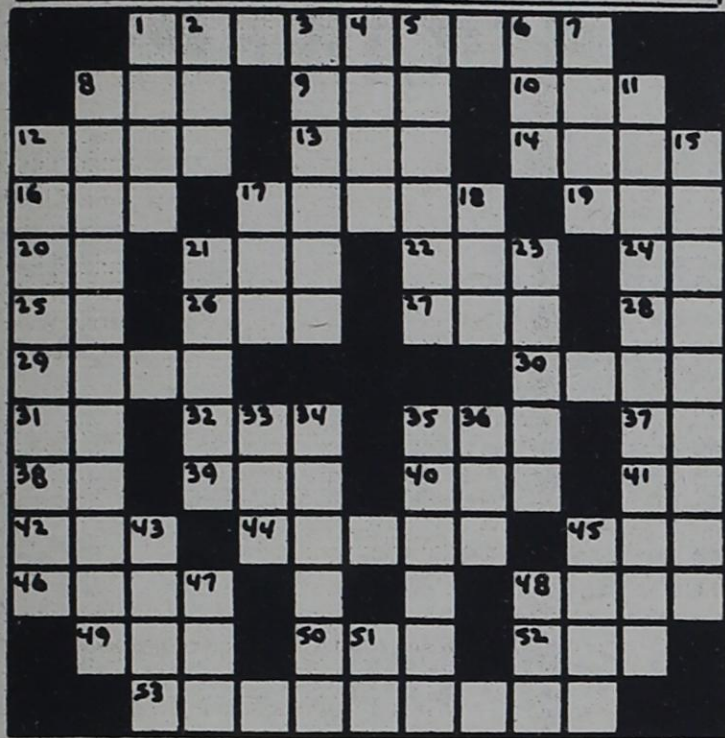

Indeed, Jim Carlen would like to see the attention played down, understandably. Duniven has yet to play a down, still he has been getting his share of attention. The buildup doesn't approach that afforded Super Bill Bradley, but the interest is there.

Bradley finally lived up to expectations, but as a defensive back. Duniven is liable to make it as a quarterback and make it big. He has the tools and he's had a year of tutoring as a red shirt that should make him far better than the average first year player.

Perhaps the biggest loss will be Andre Tillman and finding a replacement for the big tight end may not be solved easily. There are some great prospects on hand, though, and the battles should be worth watching closely.

The Roundup—Hey! Just had a call and I'm going fishing Saturday somewhere in the San Antonio area, with my son-in-law....Canyon Dam Lake, where we may be going, suddenly has blossomed into one of the better bass lakes....Talked with Wesley Woerner this week. His son as a football scholarship player at Hardin-Simmons and Sul Ross. Maybe exes in this area may remember him....Say, David Hester, F.C. Stengel, Mason Drug, would like complete information on the Lubbock Tennis Club. He can be reached at Drawer P....What I'd like to see would be a matched race between the Streakers and the Gay Lib. Somebody from Home and Family Life at Tech could be the referee! Peace!
