MISUNDERSTANDING :

-Ted Dotts

There is a misunderstand. ing current today in our community and in our world. It has to do with the Christian Church. How often I hear words like these, "Oh, I am not good enough to come to church." And, what a surprise they are to me each time I hear them. The church is not made up of good people. Some of the worst sinners are members of the church. A church is a group of folks who find that they are sinful and tempted and in need of help. A church is a fellowship of sinweek by week.

Anyone who enters the donors and winners were: doors of a church is just the same as saying, "I am a sin- and set, Jimmy Sims; Mans- Hobbs, four hair cuts, Renea Greeson, Sherri Collins, Lesa Con Fields Control of the hole of Sinds Control of the hole of the hole of Sinds Control of the hole of the hole of Sinds Control of the hole of the hole of Sinds Control of the hole of the hol mer in need of the help of fields Service Station, Car Todd; Ropes Co-Op Gin, set Nok, s, Gary Means, Sherry the Almighty God." This is wash and grease, Mrs. Joe B. of sheets, E. N. Exum; Riojas Fleans, Ome Dalton, Lynn what the church is all about Lemon; Farm Center Gin, Pent. Store, lace tablecloth, Alyers, Russ Phillips, Darry -helping one another with set of sheets, Mrs. James L. Marjorie Pointer; Russell Ser Jones, Sarah Cato, Sue Redweakness and sin.

God gives us the grace to live. Without Him we can do nothing, not even keep from sinning. But we have to open up our hearts to God's grace—to His loving help. Along with John Wesley, I think there are five ways in which we know and find God's grace: first, by prayer—public, private and State of Texas. family; second, by reading and studying the Bible; third by fasting, that is, to perform unselfish acts; fourth, by partaking of Holy Communion; and, fifth, through the fellowship we experience in our churches. Unless we open our hearts to the grace of God He cannot lift us up out of the fear, depression, loneliness, anger and morse in which we live. ---000---

BONDS TAKE

Mr. and Mrs. C. D. Bond returned recently from a vacation trip which took them throug several states, and swing into Canada also. They first went through Colorado, where they visited the "Gar den of the Gods", and the AL: Force Academy located five miles from Colorado Springs in the mountains. They then went on through Wyoming, which they report is rolling green hills and ranches and valleys of green hay, with stacks and stacks of green hay baled. Mrs. Bond states that there was always a swift running river near the highway in the valleys and me water was being used for iriigation. They went through the beautiful Teton National Forest first, and the Teton Mo intains are all rocks and soil that shines and glistens. It looks like ice and snow.
