JEST SOME THOUGHTS —

And still no rain — usually by this time of the year we have frequented the 'frail hole so many times we feel like a mole.

At least we are having a few pretty, calm days mixed in with the hectin sand storms. We know one thing for sure, and that's that Texas has more sand than any other state. That was a real doozy Tuesday. Everything is covered in sand.

Vernon Taylor, from up Lubbock way, was in Ropes Wednesday attending to business, and dropped by the Plainsman office to assure himself of 52 more issues of this little headache. We asked him if he lost his farm land Tuesday, and he replied, "Oh, I lost some, and gained some."

So, we guess it's not entirely a losing proposition when you gain what is blown away. Only thing is, so much is sucked up in vacuum cleaners that lands in the homes, it is not replaced. Reckon we'll be short of sand one of these days?

And Sunday is Mother's Day . . . when tribute is paid to all the mothers. Usually the greatest joy is when one gets taken out to eat, and doesn't have to prepare a big dinner to commemorate the day. And then there's the gifts and the goodies — the gifts a size larger to make room for the goodies.

Ralph Riojas allows it's good for you to walk . . . Dub Riney tells of seeing ant hills two feet high up around Santa Rosa way in New Mexico . . . Everett Wallace begs us not to beat our poor dogs too hard as he passes us on his bicycle while we are chasing the poor dogs on foot with a stick taller than we are . . . Billy Ray patiently unlocks the store doors after closing so we can get our cat some dog food . . . would you believe — we got a week's exercise in one hour.

And the wind blows . . . and time marches on . . . now-a-days it marches to a mighty peppy rhythm . . . moving the pendulum faster and faster . . . another group of Little League players will soon be taking the field — wasn't too long ago we had a member of this group . . . more seniors ready to graduate . . . we've had a couple in that group, too.

We could go on and on with that train of thought, but it would eventually lead up to the two little angels that now occupy their fair share of our heart, and it's too late in the day to go into all the things our grandchildren do and say.

This time of year, not only do we have tired feet, but they are itching to travel — anywhere, but just go some place. But Ropes always looks so good after being away a few days. If one could just bypass the time, and be thankful to be here — instead of being so happy to get back.

The Plainsman is double in size this week, due to those supporting soil conservation week, this is in preparation of "Soil Stewardship Week", which will begin next week.

So, we move off the page once again, with pessimistic views of getting this one printed — but knowing we will, cause there is just no choice.

Volleyball Tournament

A volleyball tournament, featuring both men's and women's leagues, will be played in the Ropes High School gymnasium this Thursday, Friday and Saturday nights. Some of the teams entered in the tournament have been to state, and represent the area towns of Meadow, Brownfield, Seminole, Odessa and Lubbock.

Admission will be \$1 for adults and 50 cents for students.

Thursday night's play will get under way at 7, and continue until 10. Friday play

will begin at 7:30 and continue until 9:30, and Saturday, the games will begin at 7:30 and continue until 9:30.

Each game will be ten minutes long, and at the end of ten minutes, the teams will switch ends of the court. A two-minute interval will be taken between games.

The game must be won by a margin of two points. If not, the game will go into sudden death, which is either team getting ahead two points.

Everyone is urged to attend these games, and enjoy some smooth volleyball play.

Boy Scout News

Longhorn District Camporee

The Longhorn District of the Boy Scouts of America held their Spring Camporee at Reese Air Force Base on April 30, May 1 and 2.

The Scouts were led on a conducted tour of the base, and shown all the phases of pilot training at the base. They toured the communications and maintenance facilities of the base also.

Welcomed by Colonel Owens, Base Commander, they were shown around the base by student officers who are training to be pilots.

Church services were conducted by Colonel Copeland, base chaplain, for the entire group, consisting of some 200 Scouts and their leaders.

Those attending from Troop 563 included Danny Carpenter, David Carpenter, Charles Chambers, John Cowan, Danny Curry, Larry Curry, Jerry Drake, Joel Drake, Scott Drake, Ricky Kimberlin, Stanley Shockley and Soutmaster, C. T. McCormick.

Mrs. Jerry Beth Chambers furnished transportation to and from the base.

SPECIAL NOTICE —

Boys who still have Little League baseball suits in their possession, are asked to return them as soon as possible to Larry Jackson, at Jackson Insurance Agency, so the Lions Club may prepare for another season of Little League play.

NOTICE —

Dr. Byrd of Byrd's Animal Clinic, will be in Ropes from 4 to 8 p.m. May 13 to vaccinate your pets against Rabies.

Everyone is urged to take their pets to City Hall, in preparation for the hot months ahead, when the disease is likely to be more rampant.

The Ropes TOPS Club met in regular session Monday evening with leader, Evelyn Jephcott, presiding.

All members were present and recorded a weight loss of 10 3-4ths pounds.

Members who attended the State Recognition Day in Amarillo over the week end were: Mrs. Jerry Jephcott, Mrs. Merlin Hobbs, Mrs. J. T. Allen, Wanda Kelse, Mrs. Emory Hobbs, Mrs. W. E. Walling, Mrs. Sid Price and Mrs. Leon Young.

Mrs. J. W. Nelson of Hurst was crowned queen, with a weight loss of 171 pounds. Approximately 1,150 members of Texas TOPS clubs were present for the meeting.

JUNIOR CLASS TO HAVE WORK DAY

The Junior Class of Ropes High School will have a work day May 15. If you would like one of them to help you on any job, call David or Danny Carpenter, 562-4966. Or Kirk Lewis, 585-2202. Wes Bradshaw, 297-4581 after 4 p.m.

BOY SCOUTS

CHARTER PRESENTED

Ray Hoppens, District Executive of the Longhorn District, presented the charters to Boy Scout Troop 563 and Cub Pack 563 at the regular meeting of the Ropes Lions Club on Monday night. Mr. Hoppens commented on the fact that the two organizations have completed ten years each under the sponsorship of the Ropes Lions Club. He commended the Club on its sponsorship and the contribution it has made to the scouting movement and the assistance it has given the young men of the community.

He also presented the Camporee blue ribbon to the Troop for its participation in the District Camporee at Reese Air Force Base last weekend.

WEDDING SHOWER

There will be a bridal shower honoring Miss Kathy Gordon, bride-elect of Mike Dunavant, from 3 to 5 p.m. on Thursday, May 6 (today), in the home of Mrs. Noel Flowers. Everyone has a cordial invitation to attend.

Athletic Banquet

The Ropes Athletic Banquet will be held May 11, 1971 at Furr's Cafeteria on 4th Street in Lubbock at 8 p.m.

NOTICE

Dishes left from the Tyree Martin funeral services may be picked up at the Methodist Church.

NOTICE

A clean-up campaign is designated for the Ropes Cemetery on Memorial Day. Everyone is urged to bring garden tools and help clean up for another year.

FOOTBALL TICKETS

Tickets are available to the Coaches All-America football game to be played in Jones Stadium on the Tech campus June 26 at 7:30 p.m. A section has been reserved for Ropes fans, and tickets may be purchased from Preston Reeves or Kenneth Means. They are \$7 per ticket. Ticket sales in this community is sponsored by the Lions Club.

The Hockley County Cotton Promotion Association will present a style show and tea at 2:00 p.m. May 14 at the Country Club in Levelland.

All garments, furnished by local merchants, will be of 100 per cent cotton.

Mrs. Jewel Robinson, Hockley County Home Demonstration Agent, will show, and describe all the new cotton fabrics.

All members of the Association are urged to attend, and take a friend to help promote cotton.

REVIVAL SERVICES

There will be a revival meeting at the First Baptist Church in Ropesville on May 9 through May 12th.

Weekday services will be at 11 a.m. and 7:30 p.m.

ELMER WHITEHEAD
Evangelist

MIKE TIMMONS
Singer

Rev. Elmer Whitehead will be the evangelist and Mike Timmons will lead the singing.

A nursery will be provided each evening.

Everyone is invited to attend these services.

At the regional track meet held in Jayton last week, the Ropes teams acquired 14 points, and tied for 13th place. Some of the teams in this district included Sundown, sixth place and 34 points; Meadow, 8th; Seagraves, 9th; O'Donnell, 7 points; and Bledsoe, 4 points. Aspermont won the meet with a total of 63 points.

Our girls did a real fine job, and placed high in their entries. Roma Arp entered the shot put, and scored 34' and 7" for second place. Janice Jones entered the high jump, and placed third with a jump of 4 foot, 10 inches. The winning jump was five foot, and 1 inch. The 440 relay team, which qualified for regional with a 55.8 time, ran the relay in 55.1, but didn't get in the finals. This team was composed of Glenna Marcy, Roma Arp, Brenda Johnson and Irene Thomas.

The girls were accompanied on the trip by Coach and Mrs. Elvis Spradling and children.

Recent visitors in the home of Mr. and Mrs. Sam Whitehead were their daughter, Mr. and Mrs. Bob Morton of El Paso; their grandson, Mr. and Mrs. Steve Means and Shannon; their granddaughter, Mr. and Mrs. Larry Borland from Lubbock; and their daughter, Mr. and Mrs. Melvin Glenn, Calvin and Coby.

Mr. and Mrs. Clyde Lovelless were in Lovington recently where they stayed with their granddaughter, Japan, while her parents, Mr. and Mrs. Lynn D. Patmas helped sponsor a trip of the school choir to a contest.

Soil Conservation Issue

The advertising in the Plainsman this week is supporting soil conservation for our County and area. Close to "Soil Stewardship Week", which begins May 16, these businesses know that the entire economy of the South Plains depends solely on agriculture — the backbone of our little city — or any city.

When everything is boiled down to the last bean in the pot, it all reverts back to the farmer. Though we, along with all these merchants, have business places in town — no one could operate if it were not for agriculture.

We do not mean for our food alone — we have heard all our life, and it is still as true as ever, that if the farmers don't make it, then no one else does.

In past years, people were dependent upon the farmer for such commodities as milk, cream, butter and eggs — beef and pork and chicken — but as times have progressed, these things have changed, but the fact has not changed that we are still ruled by the

success of the crops produced each year, mostly cotton in our case.

Take a business — any business — and when you delve into the basic support of that business, you will find it either thrive or fail along with the farming industry.

The Plainsman is no exception. Though we do not make our living by subscriptions, over two-thirds of our readers are farmers. The people who advertise with us are soliciting the area trade, of which the majority is farmers.

We urge you to read the ads in the Plainsman this week — and support these merchants who care enough for your business to let you know it — whether you are in the farming business or not, you progress when you support those who support the economy of our land.

If you cannot buy it at home, do the next best thing and trade with merchants who help bring this issue of the Plainsman to your home.

SPC Awards Program

The awards program was held at South Plains College in Levelland last week with Dr. Kenneth M. Laycock, Dean of the College of Education, West Texas State University serving as speaker.

The annual program honors students who have proven themselves worthy of special commendation for accomplishments in scholarship, achievement and leadership.

Mary Ann Sylvester, granddaughter of Mr. and Mrs. Frank Sylvester, received an award in Biology. Loyd Jordan,

grandson of Mr. and Mrs. Sidney Price, was selected to Who's Who in American Junior Colleges. Pamela Sue Ream, daughter of Mr. and Mrs. John Ream, was recognized for her membership in Phi Theta Kappa, a national honorary fraternity for junior colleges. Loyd Jordan is also a member of the Student Senate, and received a Texan of the Month award.

Mrs. John Ream and Mrs. Frank Sylvester were among those attending the program.

Mr. and Mrs. Robert Hall were in Littlefield Saturday where they attended a barbecue sponsored by the ban. Their son, Mr. and Mrs. Delbert Hall and family, returned home with them. Delbert left for San Francisco Tuesday, and will depart from there on Thursday for another tour of duty in Vietnam.

Mrs. T. P. Simpson of Jacksonville and Mrs. J. V. Thomas of Pasadena are here visiting in the home of Mr. and Mrs. Bob Thomas. They returned Mrs. Thomas to her home here after she had been visiting with them.

Mrs. Troy Morris and Mrs. B. J. Thomas were in Lubbock Saturday visiting their daughter and sister, Mr. and Mrs. J. C. Whitfield, Steve and Barbara, and checking on Mrs. Whitfield's condition following a two-car accident last week in Lubbock, in which she was involved. She is reported doing very well, suffering multiple severe bruises and a whiplash.

Mrs. Waymon Morgan and baby of North Carolina are in Ropes visiting her mother, Mrs. Minnie Fewell, and Mr. and Mrs. Dennis Raspberry for thirty days while Wayne is in Virginia on maneuvers.

LITTLE LEAGUE SCHEDULE — 1971

TEAM LISTED FIRST IS HOME TEAM

GAMES SPONSORED BY THE ROPES LIONS CLUB.

GOOD SEEDBER — A MUST FOR NARROW-ROW COTTON

Cultural practices become more critical when shifting to the narrow-row method of cotton production, and seedbed preparation is certainly no exception. In fact, there is less margin for error in preparing a good seedbed.

"Narrow-row patterns almost necessitate on-the-bed or flat planting," says Dr. Robert Metzger, area agronomist with the Texas Agricultural Extension Service. "The method of irrigation must be considered too. Flat planting works well under sprinkler irrigation while on-the-bed

planting is recommended for furrow irrigation.

Metzger suggests that new producers may first want to consider planting in intermediate row widths or double rows rather than in the very narrow, grain-drilled row widths. Row widths 20 to 32 inches apart or two rows on the conventional 40-inch bed have offered the most consistent results. Furthermore, equipment adjustments are not as drastic, and present varieties have performed better in intermediate row spacings.

"Double rows should be spaced as wide apart as possible for best results," contends

Metzger. "With double rows spaced 26 inches apart, dry soil can be moved to get seed in moist soil when planting. Also, cultivation to control weeds or the application of post-emergence herbicides will be more effective."

As far as the planting rate is concerned, the agronomist points out that highest yields under irrigation have been obtained from planting four to six good quality, acid delinted seeds per foot of row. On double rows this means about 30 pounds per acre and from 60 to 65 pounds per acre for 10-inch drilled rows.

"Keeping planting rates low is the key to successful narrow-row production on dryland," emphasizes Metzger. "Producers should shoot for a plant population equivalent to one plant per square foot or 43,560 plants per acre. This means about 15 pounds of delinted seed per acre for dryland production regardless of the row spacing used."

Lack of surface moisture is often a problem when producers plant flat with a grain drill. This necessitates the use of a sprinkler irrigation system to provide the needed moisture for germination and plant emergence.

Generally, producers who plan to follow the narrow-row method of cotton production can enjoy a little more flexibility as far as the growing season is concerned, adds the agronomist. Narrow-row varieties are generally smaller in stature and require less time to reach maturity. So the growing season is shortened somewhat. Thus producers can afford to wait a little longer before planting without having to be concerned about the hazard of an early freeze.

"The narrow-row method of production does require special adjustments as well as more critical management decisions," points out Metzger. "However, there are dividends to be reaped by producers who can make the change."

LAW ENFORCEMENT CODE OF ETHICS

As a Law Enforcement Officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain an exorable calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities, friendships to influence my decisions. With me compromise for crime and with relentless persecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

Mr. and Mrs. Carl Allen visited in Levelland over the week end with their daughter, Mr. and Mrs. L. A. Robertson.

The Robertsons have just returned from a fishing trip to Buchanan Dam, and gave Allens some fresh fish which they are enjoying.

Mr. and Mrs. Otto Sims, accompanied by Mrs. Bess Tubbs returned home Monday from visiting in Dallas with their son, Mr. and Mrs. Billy Sims and family, with her sisters in McKinney, where they enjoyed a small reunion; and enjoyed attending the Memorial Day program at Blue Ridge.

Aberdeen Proving Ground, Md. — AHTNC — Army Private Dee C. Lindsey, son of Mr. and Mrs. Dee H. Lindley of Ropesville, Tex., recently was graduated from an 11-week welding course at the U. S. Army Ordnance Center and School, Aberdeen Proving Ground, Md.

The 23-year-old soldier received his B.A. degree from the Texas Technological University at Lubbock in 1970. His wife, Barbara lives at 1007 E. Reppto, Brownfield.

The ads in the Plainsman this week are from merchants who share a vital interest in the future of agriculture.

SAFETY RULES When A Tornado Approaches, Immediate Action Can Save Your Life!

(The following article is published through the courtesy of George Mahon.)

A tornado watch means tornadoes are expected to develop. Keep a battery-operated radio or television set nearby, and listen for weather advisories—even if the sky is blue.

A tornado warning means a tornado has actually been sighted or indicated by weather radar. Seek inside shelter (in a storm cellar or reinforced building) and stay away from windows. Keep a battery-operated radio or television nearby, and listen for further advisories.

In office buildings, go to an interior hallway on the lowest floor, or to the designated shelter area.

In homes, the basement offers the greatest safety. Seek shelter under sturdy furniture if possible. In homes without basements, take cover in the

center part of the house, on the lowest floor, in a small room such as a closet or bathroom, or under sturdy furniture. Keep some windows open, but stay away from them.

In shopping centers, go to a designated shelter area (not to your parked car).

In schools, follow advance plans to an interior hallway on the lowest floor. In the building is not of reinforced construction, go to a nearby one that is, or take cover outside on low, protected ground. Stay out of auditoriums, gymnasiums, and other structures with wide, free-span roofs.

In open country, move away from the tornado's path at right angles. If here is not time to escape, lie flat in the nearest ditch or ravine.

Mobile homes are particularly vulnerable to overturning during strong winds and they should be evacuated when the strong winds are forecast. Damage can be minimized by securing trailers with cables

anchored in concrete footing. Trailer parks should have a community storm shelter and a warden to monitor broadcasts throughout the severe storm emergency. If there is no shelter nearby, leave the trailer park and take cover on low, protected ground.

Washington.

In addition to sight-seeing tours of Washington, the Explorer Presidents' Congress will climax with an entertainment spectacle on the White House lawn with the installation of the first national Explorer president.

DELEGATES SELECTED TO NATIONAL EXPLORER PRESIDENT'S CONGRESS

Bill Mayes, South Plains Council Explorer Committee Chairman, announced today that Explorers are now preparing to leave for Washington, D. C., on May 31 to represent this area at the first National Explorer Presidents' Congress.

President Richard Nixon is honorary chairman of the 5-day congress to be held June 2-6 at the Sheraton Park Hotel in Washington.

For the first time, these young men will join 2,500 other Explorers to have a voice in the nationwide Exploring program by participating in elections, leadership seminars and exchange sessions with top Government leaders.

Explorer presidents representing this area are Donny Ray Brown, Post 255, Kress; Keith Anderson, Post 333 at Ralls; and Ricky Rhodes, Post 369, Petersburg.

Mayes stated the council delegation has space for four more participants. Interested Explorers should contact R. L. Hurst, Staff Explorer Advisor, at the Council Service Center.

During their visit to Washington, the Explorer presidents will participate in a variety of training programs to make them more effective Explorer leaders, including sessions with Atty. Gen. John Mitchell, political satirist Al Capp, and Mayor Walter

**FOR WARM WEATHER
MOTOR TRIPS CHECK
YOUR AUTO INSURANCE**

DALLAS — On the theory that weather matching the season arrives six weeks after its calendar birthdate, spring auto trips usually begin in earnest around May 1.

Now the call of the open road is heard in the land, and motorists make sure that mechanics took over the family sports car or sedan and pronounce it fit.

But one form of automotive fitness can't be confirmed in a garage or a gas station. It's the matter of adequate automobile insurance coverage and, according to the Insurance Information Institute, your local insurance agent or broker is equipped to help you avoid an unpleasant detour which could occur whether you plan a coast-to-coast trip, a jaunt across a neighboring state line or a visit to Canada or Mexico.

The Institute explains that auto insurance requirements differ from state to state and in Mexico and Canada. For one thing, there are differences in the dollar amount the driver must show he is in a position to pay should he injure someone or damage any property in an auto accident. There are additional requirements across our national borders.

State-By-State Limits

The minimum required limits are frequently expressed as related figures, as in the term "10-20-5". The first figure, 10, represents \$10,000, the maximum amount the company will pay in settling a bodily injury claim for one

person. The second figure, 20, represents \$20,000 and, subject to the per person limit, is the maximum amount the company will pay in settling bodily injury claims regardless of the number of persons involved. The third figure, 5, represents \$5,000, the maximum the company will pay in settling property damage claims.

Most states require basic limits of 10-20-5. Some are below that. However, in eight states, Alaska, California, Colorado, Maryland, Nevada, New Hampshire, Washington and Wisconsin, the limits are 15-30-5 in South Dakota, they are now 15-30-10. And even higher limits are in force in Connecticut (20-20-5), Virginia (20-30-5), and Maine (20-40-10).

The laws of all states require that if you become involved in an accident resulting in bodily injury or in property damage above a certain amount — usually \$100 — each driver must report the accident to the administrator of the law. This is usually the motor vehicle commissioner.

If your insurance policy has liability limits specified in the law, you will not have to post cash or another form of security.

If you are not covered by insurance and are unable to post cash, a bond or another form of security, your driving privilege in the state in which you have an accident may be suspended. Furthermore, the state generally notifies your home state of the situation.

Because reciprocity exists among most states, your home

state could revoke your driver's license and car registration.

The Institute advises motorists to check with their insurance agents about financial responsibility laws in states they intend to visit. He can adjust coverage if it is not adequate.

Travel In Canada

Canada — with its abundance of camping and fishing opportunities — will attract millions of motoring tourists. The Institute advises motorists to check auto insurance policies with agents or broker at least a month to six weeks before they leave.

The liability insurance requirements in Canada are \$50,000 in British Columbia, Ontario and the Yukon, and \$35,000 in other provinces and the Northwest Territories.

As a convenience to visitors, all Canadian provinces recognize a special "yellow card" (non-resident inter-provincial motor vehicle liability card) as evidence of insurance. However, the card is not required in some provinces (Ontario, Manitoba, British Columbia and Alberta).

This card can be obtained through your insurance agent or broker and is easier to carry than your insurance policy.

By issuing the card, your insurance company acknowledges its willingness to meet the Canadian minimum limits, whether \$50,000 or \$35,000 while you travel in Canada.

The Canadian provinces generally go out of their way to expedite matters for a tourist following an accident, but the "yellow card" eliminates any possibility of your car being impounded or your driving privileges being suspended for failure to prove financial responsibility.

INSURANCE FOR MEXICO

Mexico — with its miles of sandy beaches, festive night spots, old world cities and towns and ruins of ancient Indian civilizations — remains high on the list of millions of vacationing Americans.

But if the driver fails to take proper precautions, he and his family may suffer serious inconvenience and financial loss should they be involved in an auto accident below the Rio Grande.

The Institute warns that failure to obtain automobile insurance protection through a Mexican company — even for a trip of a few days — could result in the motorist's detention in a Mexican jail or the impounding of his automobile.

REESE AFB — "Take Stock in America 1971" is the campaign theme being used to promote the purchase of U.S. Savings Bonds through the payroll savings plans during the month of May at Reese.

Project officer for the month-long drive at Reese is Lieutenant Colonel Elmer L. Tuck, base comptroller. He plans a campaign that eventually will reach every military and civilian worker at Reese offering them the opportunity to participate in the purchase of savings bonds through the payroll savings plan.

In launching the campaign Colonel Tuck said: "Savings bonds provides a safe financial investment for all of us and the convenience of payroll deductions as a means of establishing a sound savings program cannot be underestimated."

"It is appropriate that all of us take this opportunity to invest in the future of our country. I urge each of you to sign up for the payroll savings plan when contacted by your bond officer," he concluded.

EXPLORER ROAD RALLY TO BE MAY 22

Major C. W. Bell of the Department of Public Safety and Council Rally Advisor has announced the appointment of Randy Veazey of Lubbock as the Road Rally Committee Chairman for the 1971 event. Veazey, a member of Post 404, Lubbock, was the driver of last year's first place team and his team participated in the National Rally competition at Detroit last October.

Pioneer Lincoln Mercury and the South Plains Sports Car Club have agreed again this year to serve as sponsors of the event, Bell said. Joineer will provide mechanics for the car inspections, while South Plains Sports Car Club will provide the Rally Master and check-point operators. Post 404 will assist on the checkpoints, Post 333 of Ralls will handle the Awards Dinner, and Post 600 of Littlefield will take care of the Starting Line operation.

Bell said he expects 30 car team entries this year vying for the prizes of team trophies, individual trophies, and rally jackets. In addition, each participant will receive a rally dash plaque for his or her car.

The National Explorer Service with the Lincoln Mercury Division of Ford will again host the National run-off rally for the top 36 teams in the Nation.

REESE AFB — Royal Canadian Air Force Captain Norman A. Hartley has been named Instructor Pilot of the Month for April for the 3500th Pilot Training Squadron.

In naming Captain Hartley to the honor, his squadron commander, Lieutenant Colonel Charles K. Rose III, said of him: "Captain Hartley has consistently demonstrated outstanding ability as a pilot and as instructor. His exceptional dedication and sincerity as an instructor have won him the admiration of all students."

Colonel Rose continued, "Captain Hartley has proven himself both as a Cessna T-37 instructor pilot and a Northrop T-38 Talon instructor pilot upon his reassignment to this organization. His knowledge of all directives related to the flying training program has allowed his flight to utilize his talents in all places of flight operations, including acting as assistant flight commander, scheduling officer and phase officer for contact flying. He puts out a great deal of effort to insure that his briefings are interesting and informative," the colonel concluded.

CHEF'S CHOICE (CC-1)
The outdoor range
Cash price \$142.30
*Budget price \$172.08
Budget terms \$4.78 per mo. for 36 mos.
Rotisserie extra

GAS LIGHT, #300 BLACK-#325 WHITE
Cash price \$60.41
*Budget price \$73.08
Budget terms \$2.03 per mo. for 36 mos.

Prices include normal post-type installation (up to 50 feet of line) and 4.25% sales tax. *Budget terms are available at 12.75% annual interest on declining balance.

A GAS outdoor grill gives food a tangy outdoor flavor without the time and bother of charcoal fire. Char-broiled flavor comes from the smoke of meat juices dripping on hot briquets. Charcoal itself provides no flavor.

Permanent ceramic briquets in the gas grill reach cooking heat in a few minutes, and there is no long wait to start cooking. The heat is regulated manually so there is no need to move a grill up or down.

SAVE \$28.50 BY BUYING A PATIO PAIR.

	Cash Price	Budget Price	Budget Terms
Gas Light #300 or #325 AND ...			
Master Chef (AMK)	\$120.88	\$146.16	\$4.06/36 mos.
Party Host (HEJ)	\$138.60	\$167.76	\$4.66/36 mos.
Chef's Choice (CC-1)	\$173.00	\$209.16	\$5.81/36 mos.

Patio Pair prices include normal post-type installation (up to 50 feet of line and both in same locality) and 4.25% sales tax. Budget terms are available at 12.75% annual interest on declining balance.

BUY A GRILL NOW AND RECEIVE FREE

your choice of either a handy aluminum SHELF or a vinyl plastic DUST COVER for your grill.

(Offer of a free shelf or cover expires July 31, 1971)

An outdoor GAS light adds a touch of safety and elegance to any patio or front yard.

Call Pioneer or ask a Pioneer employee about a gas light and grill for many memorable evenings out at home.

PIONEER NATURAL GAS COMPANY

TEXAS DEAD LAST IN DRUNK DRIVER CONTROL

AUSTIN — "While the rest of the nation moves forward in the area of controlling the number one menace on the highways, the abusive drinker, Texas continues to drag its feet," charged George Wm. Perry, President of the Texas Safety Association, today.

The Dallas attorney, who heads the statewide safety group, said that at the beginning of this year three states did not have laws establishing a level of blood-alcohol concentration as presumption of driving while intoxicated, as required by federal standards.

"Now, both Mississippi and New Mexico have established presumptive limits. That leaves Texas as the only state without such legislation," commented Perry.

"Measures have been introduced in the Texas legislature to accomplish this needed improvement in the law. A Senate version awaits action by the full Senate, but a companion bill in the House is still locked in a subcommittee," remarked Perry.

"Abusive drinkers, who make up only 7 per cent of the driving public, last year in Texas, were responsible for nearly 1,700 deaths on our highways. This sort of carnage can and must be stopped," Perry said.

"To do this, Texas must act, and it needs to act now, to establish 0.10 per cent blood-alcohol concentration as a presumption of intoxication," he concluded.

ENGLAND TO REMOVE GRAIN SORGHUM IMPORT TAX

The Grain Sorghum Producers Association announced recently that progress has been made in negotiations with the United Kingdom in removing its grain sorghum import tax. "This ten percent duty which has been collected on all grain sorghum going in to England has been a major barrier in as far as selling U. S. grain sorghum to the U. K.," reported Elbert Harp, GS PA Executive Director.

Harp reported that "the U. S. Department of Agriculture, on March 17, stated that the British had agreed to seek the termination of the duty which is imposed upon the imports of milo from the U. S. and other non-Commonwealth suppliers." This tax is not on imported corn.

Harp stated, "We feel that this may be a major breakthrough for the exports of grain to the United Kingdom. Without this ten per cent tax, grain sorghum will be in a more favorable position to compete with U. S. corn and other feed grains."

The Grain Sorghum Producers Association has been actively seeking the removal of this duty since it began its foreign market development work in 1957. Several teams have been to England to work on this specific problem. "We are pleased that this tax may now be removed," said Harp.

NEW COLLEGE OF VETERINARY MEDICINE

AUSTIN — Funds to build a new college of veterinary medicine at Texas Tech University are included in the House Appropriations Bill approved for floor action this week.

The House version of the two-year state budget provides \$5 million for the proposed new school at Tech.

Total funds appropriated for Texas Tech in the House Bill include \$32,262,560 for fiscal 1972 and \$26,032,692 for fiscal 1973. The larger 1972 budget includes the \$5 million for the vet school.

Rep. Elmer Tarbox of Lubbock is a member of the House Appropriations Committee who wrote the biennium budget Bill.

Rep. Tarbox said "Much of the credit for these funds must go to Rep. Bill Heatly of Paducah," who is Chairman of the House Appropriations Committee.

"Rep. Heatly has always

been a good friend of Texas Tech, and again he proves this by including these funds for the new Veterinary School," Tarbox said.

Each million people we add to our population requires an additional 172,000 beef cattle at today's food consumption rates.

MARIHUANA COMMON, BUT NOT UNDERSTOOD

Known to man for nearly 5,000 years, marihuana is one of the most common and least understood of all drugs. Most of the American experience with marihuana has been limited to the widespread, relatively infrequent use of a rather weak form of the drug. Although the principal active ingredient in the plant is believed to be a very complex substance known to scientists as Delta-9-tetrahydrocannabinol, or THC for short, much remains to be learned about the chemistry of marihuana and related substances.

The Texas Health Department, as one of the prime dispensers of information about drugs of abuse in the state, feels that it is time to cut through the volumes of words and contradictions spoken about this drug, and separate

the facts from fiction.

There is general agreement among medical researchers that at the common levels of usage the typical subjective effects of marihuana are: alteration of time and space perception, sense of euphoria, relaxation, well-being and disinhibition, dulling of attention, fragmentation of thought, impaired immediate memory, an altered sense of identity, exaggerated laughter, and increased suggestibility. Other less common effects are dizziness, a feeling of lightness, nausea and hunger.

The drug's effects on the emotions and senses vary widely, depending on such factors as the user's expectations, the circumstances of use and, of course, the strength and quantity of the drug used. Typically, time is distorted and seems such extended — five minutes may seem like an hour. Space

may seem enlarged or otherwise distorted — ten feet may seem to be 100 feet. Sounds and colors sometimes seem intensified, and hearing seems keener. Controlled laboratory tests on humans indicate little or no influence on creativity, one way or another. The distortions of the senses apparently account for the user's feelings of being more creative.

Recent studies indicate that marihuana has no effect on body temperature, respiratory rate, blood pressure, blood sugar, or diameter of the pupil. The drug does produce an increase in the pulse rate and causes a reddening of the eyes at the time of use, and some dehydration.

The drug can produce illusions, or misinterpretations of various sensations. But hallucinations, or the experience of a non-existent sensation, and delusions are rare.

Marihuana does not lead to physical dependence. Therefore, it cannot be considered addicting. Chronic users become psychologically dependent upon the effects of the drug. Thus, it is classified as habituating.

The Texas Health Department is constantly updating its information on the drugs of abuse as new data becomes

available. Much knowledge on the effects of marihuana has been gained from scientific research in the past year. Thousands more research projects are underway to determine the health implications of marihuana.

AIR FORCE HAS IMMEDIATE OPENINGS

TSgt. Al Weale, Area Supervisor for Air Force Recruiting announced today that the Air Force has immediate openings for young men between 18 and 27 who have not previously served in the Armed Services.

Persons enlisting in the Air Force are administered an aptitude test prior to enlistment and he test measures his ability to train in the Mechanical, Administrative, General and Electronics areas. The applicant selects his area of preference prior to enlistment.

Sgt. Weale added that young men can enlist in the Air Force after receiving an induction notice, however they must be processed and enlisted one day prior to the induction date.

Information about the Air Force Program can be obtained at the local Recruiting Office, 1006 13th Street in Lubbock. Collect calls are accepted at 762-3359.

Observance Of National Family Week

Observance of National Family Week beginning with Children's Day last Sunday and ending with Mother's Day this Sunday has been both meaningful and profitable. The week was introduced with the celebration of Holy Communion last Sunday, and was emphasized with a Family Night in Fellowship Hall Wednesday of this week. Ice cream and cake was enjoyed at Family Night by young and old alike as was the entertainment of the evening, a beautiful color film, WILD RIVERS.

This coming Sunday morning's worship will be dedicated to the Christian Homes of our land. The sermon for the occasion will be, GOD SETS THE SOLITARY IN FAMILIES.

Study Of COCU Again

Sunday evening will be devoted to a further consideration of A PLAN OF UNION in connection with the Consultation on Church Union. A text of the proposed plan for union is now available for every family and may be obtained Sunday morning along with a set of questions we

will be wrestling with in the evening and at later times. Additional dates for further consultation on the subject are as follows: May 26 8:30 p.m. with groups meeting in various homes; Sunday evening, May 30, in the sanctuary 6:00 o'clock; and Wednesday evening, June 9, in the homes again 8:30 o'clock.

These study and discussion groups should provide an opportunity for every member to impartially consider the proposal before the church completes its final evaluation and report of the plan of union. This report will come in the first months of 1972.

Lord's Acre Commitment And Dedication Service

Sunday morning, May 16, morning worship will center upon the initiation of our 1971 Lord's Acre program. This will be a commitment - dedication service involving ourselves, our talents, and our resources in grateful dedication to the Source of all resources. This celebration is in keeping with Rural Life Sunday, the same date, and sometimes called Rogation Sunday.

THE STATE OF TEXAS
TO: THE UNKNOWN HEIRS
AND LEGAL REPRESENTATIVES OF JUAN DE SANTIAGO AND MRS. JUAN DE SANTIAGO,
BOTH DECEASED

GREETING:
You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 21st day of June, A. D., 1971, at or before 10 o'clock A. M., before the Honorable 99th Dist. Court of Lubbock County, at the Court House in Lubbock, Texas.

Said plaintiff's petition was filed on the 1st day of March, 1971.

The file number of said suit being No. 65790. The names of the parties in said suit are: MUNICIPAL INVESTMENT CORPORATION as Plaintiff, and THE UNKNOWN HEIRS AND LEGAL REPRESENTATIVES OF JUAN DE SANTIAGO AND MRS. JUAN DE SANTIAGO, DECEASED, ET AL as Defendant. The nature of said suit being substantially as follows, to wit:

THIS IS A SUIT ON PAVING LIEN, DESCRIBED PROPERTY BEING: LOT TWELVE (12), BLOCK ONE HUNDRED (100), ORIGINAL TOWN OF LEVELLAND, HOCKLEY COUNTY, TEXAS.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 3rd day of May A. D., 1971.

Given under my hand and seal of said Court, at office in Lubbock, Texas, this the 3rd day of May A. D., 1971.

J. R. DEVER,
DISTRICT Clerk,
99th Dist. Court,
Lubbock County, Tex.
By Shelia Nicholson,
Deputy.

(SEAL)

CARD OF THANKS

Our most sincere thanks to each and every one for the love and kindness shown each of us during the illness and death of our beloved husband, father and brother. The gifts, food, cards, flowers, visits and most of all your prayers and kind words were deeply appreciated. All of these things made our loss easier to bear. May God greatly bless each of you.

A special thanks to the senior class for attending services.

Dorothy, Jimmy & Johnny Doris & Jerry Bradley Tyree Jr., Martha & Steve Lucy & Tommy Littlefield and family,
Arzie and Roxie Martin & family,
Andrew and Eula Mae Martin and family,
Butler & Lorraine Martin and family,
Irene Martin and family.

Visitors this week in the home of Mr. and Mrs. Abb Russell have been his brother, Mr. and Mrs. Barney Russell of Estelline her brother, Mr. and Mrs. Edd oPinter of Lubbock; her sister, Mr. and Mrs. Jack Bennett of Levelland; and Mr. and Mrs. Ernest Schrader of Wolforth.

Ray Suter, who underwent open heart surgery Monday in the Methodist Hospital, is reported to have come through the operation successfully, and will be in intensive care for a few days.

Flora Martin visited in Lubbock over the week end with her niece, Alice Sale.

Mrs. Bob King of Lubbock is spending the week with Flora Martin.

Mrs. Kathryn Jones of Lubbock was honored with a birthday supper Friday evening in the home of Mr. and Mrs. Phillip Kimberlin. Also present for the occasion was Mrs. Ada Kimberlin of Ropes.

Mr. and Mrs. Earl Odom were in Slaton Sunday visiting with his brother, Ray Odom.

Allend Watson of Odessa, former resident of Ropes, is in the hospital there where he is to undergo surgery on his legs.

Selected Outstanding Student Bill McCormick, 1967 graduate of Ropes High School and senior student at Texas Tech University in Lubbock, has been selected as the outstanding student in Ancient and Medieval History for the 1971 Spring Semester. Bill is the son of Mr. and Mrs. C. T. McCormick.

JUNIOR GIRL SCOUTS

The Junior Girl Scouts met Wednesday. Elisabeth and Diana Trevino served refreshments. We made Mother's Day gifts.

Dorothy Martin of Brownfield, a former resident of Ropesville, is a patient in the Brownfield General Hospital.

Mrs. LaVon McGahey and children, Renea, Beth and Joe of Tyler are here visiting her parents, Mr. and Mrs. Shelby EEvans.

Sunday visitors in the home of Mr. and Mrs. Sam Whitener were her brother, J. O. Stanley of Paducah, and her nephew, Kermit Stanley from Lubbock. Sunday night they all enjoyed supper in Lubbock.
