WE TRAVEL

This is one time that we traveled of necessity—it was not a vacation, although we visited some interesting spots. Our main destination was Phoenix, Ariz., where our wife went to a specialist for treatment. On the trip were our daughters, Mrs. B. J. Thomas and children, Berilyn, Artie and Irene, of Ropes, and Mrs. J. C. Whitfield and daughter, Barbara Kay, of Lubbock.

On our way we stopped at but one place, Ruidoso, New Mexico, where we tested out the Mystery Spot—this is a spot of earth where gravity has gone crazy. As far as we could see, there were no tricks or gadgets. So far as we know, there are only two other spots in the United States, one at Carlsbad and the other in California.

If you think you can stand straight on this spot, you have another think coming. Gravity is so strong that it would pull you over backward—in one spot you have to hold to a railing to stand up. We saw our grandson Artie, placed in a chair and the chair lifted from the ground and placed against the wall, and there he sat defying all laws of nature—this place is worth a visit any time you are in Ruidoso.

We saw the Ruidoso Downs, the race track that is becoming famous all over the United States, and any time you have a little money to lose on the horses it is the place to go.

In a curio shop we ran into our lovely niece, LaDelle Lackey, who is employed there. She is the daughter of Mr. and Mrs. James (Pete) Lackey. Pete and her mother, the former Miss Flor Estelle Morris, are former residents of Ropes. They attended and graduated from Ropes schools, and will be remembered by old timers of the early thirties. Pete's father and mother, Mr. and Mrs. Jess Lackey of Morton, lived here for a long number of years. Flora Estelle is the daughter of the late Nyles N. Morris, who at that time published the Ropes Hustler, and Mrs. Nyles Morris, now of Albuquerque, New Mexico.

From Ruidoso we climbed into the mountains—mountains ahead of us, mountains to the right and left of us, and mountains to the rear of us—through village and town and city. At Tucson, Arizona, our wife called Mrs. Ralph Riojas, Jr., and had a very pleasant conversation, learning that in the near future she and Ralph will be moving to Washington State.

And, we might add, it was 108 in the shade. From Tucson we moved on to Phoenix—that will be our story next week.

In Albuquerque On Vacation

Rev. and Mrs. Dan Jones left Monday morning for a week's vacation in Albuquerque, N. Mex., in the home of their children, Mr. and Mrs. L. R. Oliver, Brad, Laurie and Cindy.

Rev. Jones will preach both morning and evening in Albuquerque First Church of the Nazarene the 19th. They will return to Ropes the 21st.

Rain, Hail Fall Over County

Rain, amounting to from an inch and a half to five inches in different sections of Hockley County, brought much needed moisture, breaking the backbone of a continuous drought, and at the same time did slight to heavy damage over the area on Saturday afternoon and evening of last week.

One confirmed tornado, which took off the porch of a house and destroyed all the outbuildings, was reported some twenty miles west of Ropes. Folks in Ropes stood on the main street and watched this funnel drop three times. Tracing it by telephone, we learned that it occurred some ten miles west of the Tom Price place, which is about eleven miles west of Ropes.

It is said that this particular cloud brought as much as an inch to two inches of rain as it passed in the western section of the county.

The rain of Saturday evening, which started about six o'clock, was a gully washer and trash mover. The cloud formed in the southwest and came directly over Ropes. It was accompanied by perpetual electrical display and heavy thunder, which rolled as mighty drums, while the wind, in gusts, ran as high as sixty miles an hour.

There seemed to be little hail in Ropes, but to the west at the Lockettville farms, reported damage from both hail and water. The rain gauge at the Farms office showed an inch and a half of moisture, but with the high wind blowing the rain, it was impossible to measure it, and it is thought the downpour amounted to two inches or more.

A report from the Lockettville Farms stated that from the 1st of January up to the 14th of June, 7.85 inches of rain had fallen.

Bill Foster, four miles west of Ropes, stated his gauge showed an inch and half, but explained the wind was blowing so hard he did not think the measurement was accurate.

Alvin Ryals, seven miles east, stated two and a half inches fell there, and the same amount on the Bill Patman place and at Buster-ville Store.

L. A. Townsen, local Santa Fe agent who keeps track of the weather, stated that his gauge showed an inch and three quarters of rain Saturday. His report for the year shows:

January 6, 2 in. of snow, 13th, 1/4th in. rain; Feb. 4, trace of rain and snow; 9th, sandstorm; 17th, 2 in. snow; Mar. 24th, 1/4th in. rain; April, dry; May 11, shower of rain; 17th, 1/4th in. of rain; 31st, 1/2 in. rain; June 3rd, 1 in. rain; 5th, one half in. rain; 6th and 7th, showers; 10th, 1 and 3/4 in. rain. These figures would account for about 6 in. of rain since the 1st of January.

Sunday morning, in company with Constable Jack Ogle, we made a trip over the pavement leading to the Arnett Gin. West of the gin is where the heaviest part of the rain fell. Twelve hours after the rain the water was still running down

Jim Martins Have Visitors

Mr. and Mrs. Jim Martin had as their visitors this past week Mr. and Mrs. Jeff Straughter of Morton, and over the weekend Miss Arlene Meadows of Tahoka.

Mrs. Martin told us that Jim is in Seagraves this week where he is adding a room to a house. In speaking of the rain of last Saturday she said, "We were watching the cloud and ready to go to the storm cellar, but when it hit it came as a wall of water and made it impossible to get to the storm cellar. After it was over I discovered it had blown water thru my window casings, which is something that has never before happened."

Our Bible School last week was well attended and proved quite a success. Mrs. Leon Young did a fine job as Supervisor. There were 39 children registered, with 30 in perfect attendance.

Our sincere thanks to all who helped. A special "thank you" to Ropes Food Store and Evans & Sims Grocery for the drinks and ice cream for our picnic lunch on the closing day.

The pastor will be away Sunday, the 19th, and Rev. Roy McCoy will preach both morning and evening. Come and hear a barber preach.

Grace Clingan Resigns As County Clerk

Announcement was made this week that Grace Clingan, county clerk of Hockley County, has submitted her resignation to the Commissioners Court effective June 30, 1960.

Mrs. Clingan told the Plainsman: "I have a more permanent and better paying job—I am going to marry a man I went with during high school days. As soon as we are married we will make our home near Chicago."

Mrs. Clingan was first appointed to fill out the unexpired term of her late husband, Harold Clingan, and then was elected to the office—she has served almost two years of her elective term.

According to information given the Plainsman, the Commissioners Court will appoint a person to the office who will not offer for election and a successor to Mrs. Clingan will be chosen by the voters of the County in the general election in a write-in campaign. The general election takes place in November of this year.

M. G. Hannaford To Plainview

M. G. Hannaford, who recently resigned as principal of Ropes High School, told the Plainsman that he has accepted a position in the Plainview school system as math teacher in the Junior High School.

Mr. Hannaford said: "I want to thank the pupils and their parents for the fine cooperation given me while I have been in Ropes. I have never taught in another school that gave me such fine cooperation."

While here, both Mr. and Mrs. Hannaford have made many friends who regret that they are to leave our community, but hope for them every success in their new location.

Return From 10-Day Trip

Miss Dora Pinkert, accompanied by her niece, Gladys Pinkert, and her grand niece, Effie Barrie, returned this past week from a vacation trip which carried them to the Petrified Forest, the meter crater, Walnut Canyon and Grand Canyon, Vion National Park and the Bright Canyon.

Their trip carried them through New Mexico, Arizona and Utah. They were gone ten days.

Ropes Garden Club Meets

The Ropes Garden Club met on June 8th in the home of Mrs. L. S. Rosser in a business meeting, with seven members present.

The next meeting will be held in the home of Mrs. Bob Thomas on July 13th, and the club will visit the Rock exhibit of Bill Foster at Foster's General Store.

Refreshments were served to Mes. K. P. Shannon, A. J. Dunavant, A. M. Armstrong, J. C. Armstrong, E. N. Exum, Bob Thomas, and the hostess.

—o—o—

Attends Funeral Of An Uncle

Mrs. Loyd Arant returned this past week from Dallas where she attended the funeral of an uncle, Taylor Tapp.

Accompanying her on the trip was her mother, Mrs. L. B. Tapp; her brothers, Oscar Tapp and wife and Clyde Tapp, all of Lubbock.

Mrs. Arant has had as her visitor, Mrs. Edith Mitchell of Keen City, California.

—o—o—

Hobbs Attend Homecoming

Mr. and Mrs. Emory Hobbs were in Fluvanna Saturday attending a homecoming. Mrs. Hobbs was raised in that community.

There were more than twelve hundred in attendance and barbecue was served.

A Mr. White received the prize for being the oldest there, he having attended school there in 1896. Aden Shipman, a nephew of Mrs. Hobbs coming from Honolulu, received the prize for coming the longest distance. A woman, 83, played two pieces on the French harp. Mrs. Hobbs encountered people she hadn't seen in forty years.

Nineteen Students Enrolled In Summer Homemaking

Nineteen students have enrolled in summer homemaking to receive 1/2 high school credit upon completion of approved home practice equal to 1/2 school year's work. Each girl will spend at least 100 hours on practicing home making skills.

One of the popular activities is child care; usually during the winter school months, the students do not have time to care for children and to learn growth and behaviour of the different age levels.

Sewing is always a popular summer activity. Most students enjoy making new clothes and some make clothes for others. Several students are making items suitable for gifts. Some of these household items are being packed in chests—often called "hope chests".

—o—o—

PLAQUE MAKING

Summer homemaking students working with crafts have used at least 200 lbs. of molding plaster to make wall plaques. These will be painted or decorated for use in homes or as gifts.

The homemaking department will share the molds if the kitchen is left clean after use and all plaster scraps and residue is KEPT OUT OF THE SINKS. It may be deposited in cans provided for this purpose.

—o—o—

SEWING LEATHER

The homemaking instructor has special instructions for sewing with leather. Washable leather is now available in many pretty colors. If you would like more information about sewing leather garments (vests, jackets, skirts, etc.), call or visit Mrs. Miller any morning between 8:30 and 11:30 at the school.

—o—o—

MAKING HATS

Would you like to make a hat for a special costume or one of the same material as your blouse or dress? Your homemaking teacher has a number of special hat patterns you may copy. Several of these flat patterns are suitable for children's hats. Many do not require a hat block or other special equipment. If you wish to learn more about hat making, see the samples and patterns at the homemaking department. The department is open each morning from 8:30 'til 11:30.

leading to Levelland, Highway 51, we found that water had covered it in spots and that at one time Saturday night it had been impassable—water was still over the pavement north of Claueene.

In the immediate vicinity of Ropes there apparently was no hail, and John Marcy, of west of Ropes, stated the rain would do more good than damage. Shorty Dunavant told us the cotton crop had been set back but the moisture was of great value. M. M. Collins seemed to think the good derived from the rain would more than offset the damage.

**Roy Dennis
Seeks Office
Of County Clerk**

Roy Dennis, of the Arnett community, has authorized the Plainsman to announce to its readers that he is a candidate to fill out the unexpired term of Mrs. Grace Clingan as county clerk of Hockley County.

Mr. Dennis explained that this would be a write-in campaign, as he knew of no way of getting his name on the general election ballot.

It will be remembered that Roy made the race against Mrs. Clingan when she was elected and was defeated by a narrow margin. Mrs. Clingan, according to Roy, stated to him after the election that she would not run again and since that time he has been making plans to be a candidate for the office.

Roy is fully qualified to fill the office which he seeks and is asking the voters to write his name on the ballot at the general election.

Why Install a Gas Light?

If you are a home owner who takes justifiable pride in the appearance of his property . . . if you have a regard for the convenience and safety of folks who come to see you . . . and if you have a keen sense of economy as well as for things functional . . . then a Gas Light will be a satisfying addition to your yard.

Neighbors welcome its glareless illumination . . . insects give its soft, mellow glow a wide berth. And regardless of the architectural style of your home, gas lights provide an indefinable "something" that adds noticeably to the appeal of any residence, at an amazingly small cost of operation.

Why not call Pioneer tomorrow and find out all the details about Gas Lights? Special Budget Prices start at just \$49.50, installed.

FHA Bi-County Meet

Future Homemakers of Hockley and Cochran Counties will meet Thursday, June 23rd, Women's Building, at

Fairground, Levelland for an all-day meeting. Registration will be held from 8:30 a.m. until 9:00 a.m. The fee for registration and refreshment will be 25c per person.

Those who hold offices in the Bi-County FHA should arrive early to prepare for the opening ceremony and get acquainted with the day's program.

Everyone should take a sack lunch; the drinks and ice cream bars will be provided. The meeting will not last as long as last year's meeting.

LOCAL FHA TO PLAN YEAR BOOK

Local F H A Officers and Committee chairmen are urged to meet at the homemaking department Monday at 8:30 to work on plans for next year's program and year book. Plans may be made to attend the Levelland meeting together.

He told us that he was preparing to leave on a vacation trip which would carry him to Pennsylvania and other points in the north.

Visit With Bill Berrys

Mr. and Mrs. Gene Berry, of Lubbock, were here this past weekend visiting in the home of his parents, Mr. and Mrs. Bill Berry. While here the Bill Berrys were making the acquaintance of their new grandson, Timothy Wayne, who was born to the Gene Berrys on the 6th of June.

Visits In Ropes

A. L. Wildman, of Plains, was a pleasant visitor at the Plainsman office Wednesday. He was on his way to Lub-

bock and stated that he had just finished a course in Locksmithing, which, added to the fact he is an expert welder and blacksmith as well as a machinist, gives him a well rounded list of trades.

Return From Vacation

Mr. and Mrs. J. T. Allen and children returned home Tuesday from Portales, N. M., where they visited his grandparents, Mr. and Mrs. Tom Cox. On their return trip they visited Ft. Sumner and the zoo at Clovis.

CONSTIPATED?
 Medical reports show how folks over 35 can establish regularity

After 35, irregularity often becomes a problem. What you need is something that aids nature and helps establish regularity. Such an aid to regularity is the daily use of SERUTAN. Here's medical evidence: A group of men and women took SERUTAN daily under medical supervision. In case after case SERUTAN, taken daily, helped establish regularity. So, for real relief from constipation after 35, try SERUTAN, powder or granular.
