

# Eagles Roll Over Whiteface Friday Nite

By Don Whitlock  
The Ropesville Eagles, with an undefeated record at stake, gave a homecoming crowd a thrill as they opened district play with a 36-6 victory over the Whiteface Antelopes.

Ropesville received the opening kickoff and Larry Witt ran it back to the 50-yard line. From there steady gains were made by Buford Moore and Larry Witt. It was Junior Wilson who ran 10 yards for the opening touchdown. Buford Moore went for 2 points and Ropesville had a lead that was never in danger.

Ropesville then kicked off to Whiteface. They took the ball on the 27 yard line and moved the ball rapidly 43 yards to the 34 yard line. There a strong Ropes defense held them for four downs. Then Ropesville took

over. On the first play it was Moore who went 45 yards, but was run out of bounds on the 20 yard line. The next play it was Larry Witt who went 20 yards to score. The try for 2 points failed and Ropes led 14-0.

Ropesville then kicked to Whiteface who ran it to the 45. From there they made steady gains to the 25 yard line and Tommy Cone carried the ball 25 yards for Whiteface's only score of the night. The try for two points failed and the score was 14 to 6 in favor of the Eagles.

Whiteface then kicked to Ropes and it was Witt who ran the ball back to the 45. From there Ropes ran the ball to the 30 yard line and appeared to be on their way for another touchdown. But the Eagles failed on a fourth down play and Whiteface

took over on the 28. The Antelopes failed to make a first down and were forced to punt. Ropesville took over on the 30 yard line and on the next play Junior Wilson scooted 70 yards around left end for 6 points. Wilson also carried around left end for the 2 points which gave Ropes a 22-6 lead.

Ropesville then kicked to Whiteface and held them on the 30 yard line for 2 plays. A quick gave the Eagles possession of the ball on the 50 yard line. A long run by Ronnie Ayers brought the ball to the 8 yard line. But time ran out ending the half with the Eagles holding a 22-6 lead.

During halftime, homecoming ceremonies were held. Junior Wilson was crowned Mr. Touchdown by the cheerleaders. Mary Morrow was crowned Homecoming

Queen by the captains of the Eagle squad.

Ropesville kicked off to Whiteface to start the second half. They took it on the 30 yard line and were unable to move. Four plays later a 30 yard punt gave Ropesville possession of the ball on the 40 yard line. From there Ropesville moved steadily to the 10 yard line. From there it was Buford Moore who went for 6 points. A pass from Moore to Jackie Weatherly was good for two points, leaving the Eagles with a 30-6 lead.

Ropesville then kicked off to Whiteface who ran the ball to the 35. Larry Witt of Ropesville intercepted a pass on the forty, but Ropes was unable to move against the Antelope defense. Whiteface took over on the 35. Ropesville's superb defense held the Antelopes for three

downs and Whiteface punted 45 yard line. A twenty yard pass from Bobby Bevers to Jackie Weatherly brought the ball to the 30 yard line. Another pass from Bevers to Weatherly 2 plays later was good for 6 points, ending the scoring for the night at 36 - 6.

Ropesville then kicked off to Whiteface and the Eagles B-team took over. They recovered a fumble and took over on the 32 yard line, but they fumbled and the Antelopes came up with the ball. Ropesville held them for four downs and took over on their own 17 yard line. a long way from a touchdown. The starting team then came in and ran the ball to the 45 yard line. The first penalty of the game was issued at this point, a 15 yard penalty against Ropes. Whiteface

took over two plays later and ran into a strong B-team defense. They punted and the Eagles B-team took over on the 20. They moved good against Whiteface but a penalty stopped them. Whiteface took over on their own 47 yard line but fumbled. The clock ran out, leaving the Eagles with their 6th consecutive victory with no losses. The final score was Eagles 36, Antelopes 6. Their second district game is at Meadow this Friday. It was in 1951 when the Eagles last beat Meadow. I would like to see all of Ropesville at Meadow Friday night to see the big game. You being there would help the team.

Outstanding players on defense were tackle, Jehue Price; guard, Johnny Castaneda; and halfback, Buford Moore.

### TORNADO, HAIL, RAIN PLAGUE ROPES TERRITORY

**RAIN** .....  
As this is written on Monday morning at 10:30 thunder is rolling and rain is pouring down in the Ropes community to supplement more than five inches which have already fallen.

Monday morning Frank Sylvester reported that since the rain started Friday nite of last week that more than five inches had fallen at his place west of Ropes. Mrs. Tom Peterson reported Monday morning that two and a fourth inches had fallen at their place north of Ropes.

And, since the rains have started we have had freakish weather, with at least four tornados reported on the South Plains, with one some nine miles west of Ropes. This latter occurred between twelve and one o'clock on Saturday of last week, and the Center Gin

bore the brunt of the storm.

The first news we had of the small twister was when Mrs. Wilson Campbell telephoned the Plainsman and said she and her daughter were caught out in it between the Keesee place and the Lockettville Gin. "The rain came in sheets," said Mrs. Campbell. "I couldn't see outside the car, and the car was rocking back and fourth and I was expecting it to go over any minute. I don't think it lasted more than a few seconds and then it was gone."

At the Center Gin cotton trrollers were scattered hither and yon and out houses were scattered about. A Latin-American told us, "I saw the wind lift an out-house off the ground, carry it into the air and spin it as a top, then break it into pieces."

At Lockettville Mrs. Horace Abston told us. "I was looking toward the Center Gin and I thought I saw a small tornado dip down. Just before the storm hit it became still, as still as death, then a puff of wind struck from the west and almost immediately it came back from the north—the rain fell in sheets, trees bent over and touched the earth."

At the Lockettville Gin the trailers were turned over and damaged, and on two or three the side boards were lifted, as if by human hands, and laid flat on the ground beside the trailers.

As we started our drive over the storm area our first indication of high wind was the mail boxes along the road—they were turned over—mail boxes with heavy concrete bases lay flat on the ground. At the Bates place,

some four miles out, we saw our first tree that was damaged—it was split as if you had taken an ax and cut it down the center—the top of it brushing the ground. Evidence of the high wind was the grain crops, which in some places had been flattened by the force of the wind.

Some eleven miles out at the Tom Price place, Tom told us that more than four and a quarter inches of moisture had fallen, and said, "It will be good for next year's crop." He continued, "I don't think any excessive damage has been done to the crops yet, but it has brought the harvest to a jarring halt."

We drove down the road north of the Campbell place and found a farm where it appeared the storm had hit first—a vacant house. The

trees had been stripped of limbs and leaves and debris were scattered over the field. The house appeared to be battered, and utility lines were on the ground.

In Ropes there was a straight wind which was estimated to have reached a velocity of eighty miles an hour for just a few seconds. In places limbs were twisted from trees and other minor damage done. At one time the air was full of debris, with tubs, barrels and cans sent racing along the ground—if it had continued for a matter of minutes it is likely the damage would have been heavy.

Jimmy Mannin, son of Mr. and Mrs. A. R. Mannin who live on the Spade ranch land, said their windmill was running as if mad, then seemingly paused, and then wrapped the fan around the

wheel. Some hail fell in that section.

Glen Price, who lives six or seven miles west of Ropes, reported hail and rain, and some damage to crops.

J. M. Marcy, west of Ropes some four miles, reports four inches of rain; Winston Jones, about seven miles west, reports heavy rain and hail which beat the leaves off his cotton; Luther Wilson reports approximately four inches of rain. Luther said that it hailed at his place for about a minute, covering the ground, then quit. "It was as if a load of ice had been dumped all at one time on the ground," said Luther.

#### BULLETIN

As this is written on Wednesday morning a new norther has swept in. The sky is overcast with fast moving low hanging clouds and there is a promise of more rain.

This promises to be the first real cold snap of the season—right now the gas company is piling up profits.

All the leaves were beaten off the cotton at E. N. Exum's place.

The high wind and hail were, seemingly, concentrated in the western part of the territory as Buster McNabb, owner and operator of Buster's Gin four miles east of Ropes, told us there was no damage from wind or hail in his territory. There was not enough wind to blow his trailers over.

However, in that section there were heavy rains, and Bob Whitlock, who drives a school bus, told the Plainsman that in many places along his route the water was running over the road.

The rains have brought the harvest to a halt and it has also caused many hundreds acres of cotton that would have been hand pulled to now be held for stripping. One farmer pointed out that while he believed in gathering his crop as soon as possible, that now it was only two weeks, at the most, until frost, and that after frost he would use strippers.

#### Community Chest Drive To Start On Monday

E. N. Exum, chairman of the Community Chest Drive in the Ropes community, announced Tuesday that the drive would open Monday, October 24.

The county quota has been set at \$28,900.00, and the Ropes community part of this has been set at \$900.00. Five hundred dollars of this nine hundred will be returned to the community for use in community undertakings. The balance will be allotted to Red Cross, Warm Springs Foundation, Boy Scouts, Girl Scouts, Salvation Army, and United Defense Fund, as well as other youth centers in the county.

Mr. Exum stated there would be but few workers, and is asking the cooperation of the public in raising the Ropes quota as soon as possible.

S. B. Berry is director of the drive.

**Freedom in Truth**

"Ye shall know the truth, and the truth shall make you free"

Jno. 8:32  
During the teaching of Christ some of his followers asked the question, "Is it lawful to give tribute unto Caesar, or not? Jesus answered, "Render unto Caesar the things that are Caesar's, and unto God the things that are God's". Lk. 20:25. Concerning the relationship between the church and state, three divergent views are held: (1) State over church, a doctrine of Communism, (2) Church over state, a doctrine of Roman Catholicism, and (3) Separation of state and church, the teaching of Christ. During the days of the apostles the church and state were separated and they made no

effort to unite or merge them. When Jesus spoke of Caesar he was speaking of the head of the Government at that time and all that he represented. Individuals had certain obligations to the government and they had certain obligations to God. For example they had their taxes to pay to the government and the Jews had their tithes, etc., to pay to God. Today the government is of a material nature and the church is spiritual. Jesus said, "My kingdom is not of this world." It is wrong for the church to tell the government what to do. Also it is wrong for the government to tell the church what to do. Each has its place. They are not to be mixed. THINK on these things.
