Texas Does it Again--Year's Biggest News Story

What Is it? **WHATNIK!** A Visitor From Outer Space? Engines Stop, Lights Fail When It Appears Near Levelland Sunday

In the past little credence has been given to reports of "Flying Saucers" and other mysterious objects in the sky, but the appearance of the egg-shaped object near Levelland Saturday night has created national interest and has actually caused the United States Government to sit up and take notice. They have sent a special investigator into the area to make an on-the-spot investigation. That the witnesses saw "something" goes without question — that it stopped automobile motors and blacked out their lights cannot be questioned.

Weir Clem, sheriff of Hockley County, said to the writer, as we walked into his office on Monday, "This thing is running me crazy." He had just talked long distance to San Francisco, and as we sat there a call came in from Dayton, Ohio. "Every large city in the United States has called me," he stated.

Even as he talked, more calls were coming in — New York City, Los Angeles, Detroit, Chicago, and other. "It has been this way since last night," Weir stated. "I don't think there is a place in the United States that has not called me. "I don't know what the thing was that we saw, but there was something. The first report came in at 11:05 PM, when an excited and frightened Latin American reported:

"I heard a sound as if thunder — a jarring clap — and my engine stopped and the lights went off. It was then I saw a blazing object moving overhead. It appeared to be about two hundred feet long. As it moved away my lights came back on, and I pressed the starter button and the engine started."

"The second report came in at 12:05 p.m.," continued Sheriff Clem. "A negro truck driver from Waco, so frightened he was almost white, who was driving down a farm-to-market road in the Oklahoma Flat community north of Levelland, stuttered this story:

"I was driving along and my lights picked up a long, black object in the road. I stopped and got out to investigate. As I stepped from my truck the engine stopped and the lights went off. The object glowed green, seemed to quiver and jerk, then shot straight up into the air. As it went up it glowed as a fire ball. It was out of sight in seconds. The lights on the truck came back on and when I pressed the starter the engine started."

at 1:15 AM: "A white man saw a long, dark object on the pavement about a mile from where the Negro saw it. His engine stopped and his lights went out — as before, the object shot into the air, and the lights to his car came on, and the motor started.

"The next report we received was from Maxwell E. Wright, who stated: "I was returning home from Lubbock (in the Oklahoma Flat community) when

the engine commenced to sputter. I noticed the amp meter hand was over against the discharge post. The engine stopped and the lights went out. I thought that a battery cable had come off. I got out, raised the hood and investigated, but found nothing wrong. As I slammed the hood down I turned and looked in front of me. There, less than two hundred feet, was a long, black object on the pavement. It appeared to be a-

bout 125 feet in diameter, and 200 feet long. It glowed green. I got back into my car and watched it for four minutes. Suddenly it seemed to quiver, then shot straight up into the air, appearing as a blazing fireball. At about 200 feet up it varied to the north. My lights came on and when I pressed the starter the engine started."

"We investigated, Deputy Sheriff Pat McCullough and myself, accompanied by a

highway patrolman. We saw the lights of the thing which appeared a fiery red in the distance, but we were never able to get close enough to it to tell exactly what it looked like. Deputy Sheriff Bolin, of Anton, also saw the lights.

"We had an investigator here today from Abilene. He stated it was definitely a ship from outer space.

"Personally, I don't know what it was. But I do know it was something. The in-

vestigator said that if the occupants of the ship had desired, they could have trained the rays on Levelland and knocked out all communication services, as well as the electric light supply, just as it knocked out the engines and lights on the automobiles."

It is rather awesome to contemplate. Here was a vast cigar-shaped object with power to create a magnetic field of sufficient strength to knock out engines and lights, leaving people powerless and helpless.

No wonder it has created national concern. Hostile ships, thus armed, could make short work of any country — and how else it might have been armed is only guess work.

Naturally, we question the "outer space" theory.

The same object, or a similar object, was sighted near White Sands, N. M., by a military patrol.

One scientist has suggested it might have been a meteor. We have heard of meteors falling, but we never have heard of one picking itself off the ground and soaring into the sky. If the "Thing" did originate on earth it is something far in advance of anything we know of — and if it exists, the information has never been released to the public. One senator has demanded if it belongs to the United States that the information be released at once.

We were in the immediate vicinity of the "thing" when it was soaring around Levelland — not more than six or seven miles away — and we saw flashes of light which we took to be lightning, but we didn't see a fiery ball. We suppose, if what happened to the others had happened to us, we would still be scared. It is easy to understand why such a thing will create fear. Imagine yourself in their place, the engine going dead and lights snapping out, leaving you completely helpless. It was enough to scare the most brave — when you are in the presence of something you don't understand you become scared.

One law-maker has suggested that if the thing is not of the United States the people who see it take a pot shot at it. This doesn't sound so well when you don't know what would happen if you took the pot shot.

Naturally, there are those who are skeptical. As a newspaper reporter we, at first, were skeptical. However, we can tell you this, Turn to Page 3

Rain Inflicts Heavy Damage

According to a report put out by the Plains Cotton Growers, Inc., the cotton crop on the South Plains has been materially reduced from the first report issued as of October 1. The report of that date gave South Plains counties a total of 1,713,000 bales.

The estimate has been

cut 54,000 bales, and some observers believe this report is high, and that greater damage has been done than is apparent at this time.

The Hockley County yield has been cut from 170,000 bales to 165,000 bales.

On the face of the apparent damage in this county, and the damage that con-

tinues to result from wet weather, it can be seen that the estimate is too high. It is the belief among some farmers that the cotton crop has been cut as much as one fourth, while others believe the damage has not been so great.

Greater damage, however, has been visited on the

grain crop, which is falling down and the heads have excess moisture.

We image that when the damage is totalled it will mount well over a million dollars in Hockley county alone.

—o0o—

FIRST BAPTIST CHURCH NEWS

EVERY SUNDAY
 Sunday School at 9:45 AM
 Worship Service 11:00 AM
 Training Union 6:30 PM
 Worship Service 7:30 PM
 MONDAY AFTERNOON, 3:30
 Royal Ambassadors, 9 and 10 yr. GA, Sunbeams, and WMS.
 WEDNESDAY EVENING
 7:30 Bible Study, Prayer
 8:15 Teachers and Officers Meeting.

The Monthly Brotherhood Meeting begins at 7:30 this evening (Nov. 7th) with a Pot-Luck Supper. Our speaker will be Brother Hitt, of Wolforth. We would like to see a good sized group of men out for this meeting.

AMERICAN PEOPLE spent in 1956 for alcoholic beverages a total of \$10,500,000,000. The same year we spent for all religious and welfare work a total of \$3,746,000,000. For tobacco we spent \$5,681,000,000. For gas and oil we spent \$8,022,000,000.

ONE OUT OF EVERY TWENTY-FIVE DOLLARS in America last year was spent for liquor.

A CONTINENT IN COMMOTION is the name of the Mission Study Book being taught in the Monday afternoon meetings of the WMS. Mrs. Cato is the teacher. We urge the ladies of the church to attend these meetings.

A COMMUNITY THANKSGIVING SERVICE is being planned by the local pastors. The time is Wednesday night, November 27, at 7:30.

THE WHATNIK

Here is the latest on the Whatnik:

1. It is the number one news story of the nation.
2. What is it? No one knows.
3. It came into prominence when sighted near Levelland Sunday night.
4. It definitely creates a magnetic field which stops motor driven vehicles.
5. Its latest sighting was near White Sands, New Mexico, where it stalled at least ten cars on highway 54.
6. It was estimated to be traveling 2500 miles per hour.
7. Sighted in daylight on the above occasion, it was estimated to be 500 feet long and emitting rays which felt much as the rays from a sun lamp.
8. All radar in the United States has been alerted to watch for it.
9. It is reported to have been sighted from the Gulf of Mexico to points near Amarillo and New Mexico.
10. Seemingly, it is taking special interest in the White Sands Atomic proving ground — it has been sighted there three times.
11. What is it? Your guess is as good as mine.

EXES HERE FRIDAY

The Exes of the Ropes school will hold their annual meeting on Friday of this week.

The barbecue supper will be at 6 PM, followed by the football game with Plains at 8 PM. After that there will be a get-together in the school cafeteria, and coffee and donuts will be served.

COTTON QUOTA VOTES TO BE HELD DEC. 10

The referendums on marketing quotas for the 1958 cotton crops — both upland and extra long staple — will be held on December 10, 1957, Chairman of the Hockley County Agricultural Stabilization and Conservation Committee, reminded farmers today. Separate votes will be held on quotas for the two types of cotton in the areas where grown.

A national marketing quota of 11,920,290 bales (standard bales of 500 pounds gross weight) and a national acreage allotment of 17,391,304 acres were proclaimed by the Secretary of Agriculture for the 1958 upland cotton crop on October 11. Also proclaimed were a national marketing quota of 79,022 bales and a national acreage allotment of 83,286 acres for the 1958 crop of extra long staple cotton.

The quotas will be subject to approval by growers voting in the December 10 referendums. At least two-thirds of those voting must approve the quotas if they are to be in effect.

Quotas and allotments for upland cotton operate throughout cotton-producing areas; for extra long staple cotton, they operate only in designated counties. (For 1957, extra long staple cotton quotas and allotments were effective in certain counties in 6 States and Puerto Rico.)

A national marketing quota and a national acreage Turn to Page 3

METHODIST CHURCH NEWS

Rev. Frank Story, Pastor
 Beginning Sunday, October 6th, the hours for the various services will be as follows:
 Church School 10:00
 Morning Worship 11:00
 Evening Worship 7:00
 MYF 8:00
 Choir Practice 9:00
 WSCS, Monday 2:30
 MYF Choir Practice
 Wednesday 7:00
 Prayer Meeting
 Wednesday 7:30

Saturday and Sunday, November 9 and 10, a Deputation Team from McMurry College will be in the local church to emphasize Youth Work and lead our local youth in Christian Recreational Activities.

We will have a meeting for social and recreation activities at the church Saturday evening. The visitors will lead in this work with the local church furnishing refreshments.

Sunday morning the visitors will teach in our Sunday School, lead in the devotional worship, and a young Ministerial student will bring the morning message. We are looking forward to their coming and you are urged to be in effect.

The Official Board will meet in regular session after the evening Worship hour Sunday. This is a regular meeting and will convene at 3:00 PM.

SENIOR NEWS

If you have seen any of the seniors this week there is no need telling you that our rings have come in because I am sure that one of the seniors has proudly given you a close view of his or her right hand.

A class meeting was held this week to elect the queen, king and favorites. They are as follows:

Queen Kaye Nelle Sosebee
 King Leslie Lewis
 Favorites: Rosine O'Neal and Hal Curry

The proofs of our pictures are supposed to arrive some day this week. The seniors will sell Mums again this year, so be sure and get in touch with one of the seniors for your mums.

We want to take this opportunity to say "Welcome, Exes".

SALUTING OUR TEACHERS

Miss Maurine Brewer was born in Enloe County, Texas the third of eleven children. She attended Enloe High School and Jacksonville Baptist College where she received her A. A. Degree.

From there she went to Texas Tech and received her B. A. Degree.

Miss Brewer is now working on her M. A. Degree at SFA in Nagadoches, Texas.

She has been with us two years, teaching English I and IV, and Civics. Her ambition is to be a missionary to Brazil.

Flowers are Miss Brewer's hobby, and people are very frequently bringing her flowers for her desk. She tackled a big job this summer and made a very pretty fish pond for her back yard in Lubbock. She is also learning to knit.

Miss Brewer is residing with Mrs. R. D. Hayslip.

FHA CLUB CHATTER

The Executive Council met Monday at 10:00 in the Home making department to plan Hobo Day.

It is to be Saturday, November 16th, from 9:00 to 6:00. The girls are working in groups of threes and fours and each group has a leader.

Each girl must earn or contribute at least \$2.00 in order to come to the Mother-Daughter banquet, which is to be held Saturday, November 23, at 7:00 PM.

If you need help Saturday, the 16th, or have some odd jobs to be done, contact one of these leaders:

Gracie Riojas
 Janice Pointer
 Sue Pettiet
 Lena Christopher
 Mary Morrow
 Wenda Lou Lowrie

Marilyn Fletcher
 Jessie Faye Martin, or
 Patsy Robertson.

All FHA girls see Sue Pettiet to find out which group you are to be in.

Reporter, Patsy Robertson

Mr. Gordon Graves had a big smile on his face today. He had a kind word and a handshake for each of the students. (He wasn't allowed to give us a cigar.) He did supply the faculty with cigars. In case you haven't guessed, the stork dropped in the Graves' Monday afternoon and left a "little bundle of sugar, spice, and everything nice". Mr. Graves is walking on clouds now, (in a couple of days he will be walking, but not on clouds!)

JUNIOR NEWS

The junior class made over \$100 Friday night in the concession stand. Friday night is our last game at home, so everyone visit the concession stand and help us out.

SOPHOMORE NEWS

King and queen of the sophomore class are Linda Jones and Jimmy Williams. The sophomore class is fully behind them.

The basketball girls got their suits today and everyone is looking forward to the coming season. Some of the sophomore girls are hoping to be on the team.

In the English class we have been hearing some of the poems written by Edgar Allen Poe on recording.

8th GRADE NEWS

The eighth grade held a class meeting Thursday, October 31, 1957. Class officers and the king and queen were elected. They are as follows:

President Roseva Lewis
 V. Pres. Sharla Biggs
 Secretary Larry Witt
 Reporter Kathy Kaklich
 King Roger Pettiet
 Queen Sandra Witherspoon

Junior High girls had a basketball game with Meadow Thursday afternoon. Ropes won with the score of 30-26. Main forwards are: Roseva Lewis, Sharla Biggs and Janette Jackson. Sandra Ward substituted for Jackson when she turned her ankle. Main guards were: Elaine Humble, Sandra Witherspoon and Barbara Goode. Linda Whitten substituted for Barbara Goode. Lewis

scored 12 points, Jackson scored 9 points, and Biggs scored 9 points. Coach is Mr. Gaines, and managers are Ramona Sherrin and Betty Smith.

We hope we do as good in all games as we did this one.

7th GRADE NEWS

We have elected king and queen. They are Carol Crawford and Jerry Price. We think we have made a good choice.

Everyone is so tired of this rainy weather. We hope it will clear up soon.

Several in our room have been ill with the flu. We are happy that most of them are back now.

Reporters, Gerald Smith and Gloria Brown.

6B NEWS

Our king and queen are David Cain and Ida Miller. We want to win very much. We are really going to have to work hard in order to accomplish this.

Reporters, Sandra Jeffcoat and Charles Roberson.

4A NEWS

We have been working in our Science workbooks. The ones who made a perfect spelling record are:

Marilyn Chitwood, Charlotte Johnson, and Glenda Price. In arithmetic we are learning "Carrying in multiplication".

In Geography we are learning about the Sahara Desert. In English we are studying the correct words and their helpers. We have thirty-two pupils in this room. We want to thank our mothers for the nice Halloween party. They were Mrs. Price, Mrs. Chitwood, Mrs. Sosebee, Mrs. Ream and Mrs. Perez.

4B NEWS

4B enjoyed the Halloween party given by our room mothers very much. A number of students are sick with the flu. Royce Cavitt has missed school a week with the flu.

3A NEWS

Ghosts, witches, black cats and bats were everywhere on the afternoon of October 31. Strangely dressed children flitted in and out of the rooms, and squeals and shrieks of laughter filled the air. It was Halloween party time in Grade School, and all were making merry. We want to thank the Room Mothers for the lovely party and the delicious refreshments.

Several children are out of school again because of Old Man Flu. We hope he soon leaves our community.

There were 16 perfect perfect spellers this week.

2A — Mrs. Bailey

We want to thank our Mothers very much for the nice Halloween party they gave us Thursday. We had lots of fun and good things to eat. There were quite a number of visitors. We have only thirty pupils in our room now and are happy that we are no longer crowded.

Have you ever wondered how wide Ropes High School hall is? Did you realize that our halls are six can-cans wide.

If six girls, wearing can-cans, walk side by side, down our halls, there would be no room to get by. It is almost impossible to move in the halls between classes, and in the class room because nearly one-fourth of the hall and class room space is taken up with these can-cans.

What are we going to do about this multi-colored problem? We cannot rule these Can-Cans out because the girls would skin us alive. I guess we, as men, will have to put up with the confusion, glamour, color, diversion and let these remain in our "sacred halls of ivy" (league).

One of the Males in R.H.S.

It won't be long before the 'ole Gym' will be back in swing. We want to invite all of the community to come out and back our teams again this year. We are going to miss all the old familiar faces out on the courts this year, but we hope that we can do as well as the teams before us have. Pack

basketball game, we will be looking for you. Our coaches for the coming year are Mr. Pat Patterson and Mr. Blackman.

Friday is the day that the halls will be filled with familiar faces of graduates of R.H.S. The old familiar chums and schoolmates will visit the places where their school days were spent. The entire Student Body of R.H.S. wants to say "Welcome, Exes".

NOTICE

If you are interested in taking a course in "Caring for the Sick and Injured in the Home", please call Mrs. Smithee, phone 3322. County Health Nurse Mrs. J. M. Moore will teach a 14-hour course for eight or more. This is a community-wide service sponsored by the Ropesville Home Demonstration Club.

Mrs. Joe W. Cook, Jr.
 President, HD Club.

IN ROPESVILLE

Mrs. W. H. Wilkison was taken to a Lubbock hospital by ambulance Monday for medical treatment.

Early Monday morning, about 1:30 am, she suffered a light stroke, and on examination was found to be bordering on pneumonia. Latest reports are that she is improving.

LEAVING FOR GUAM

A letter received this week from their son, Mendon, who is in the armed service, by Mr. and Mrs. M. G. Hannaford, stated that he was leaving for Guam where he will be stationed.

He was here on furlough a short time ago.

RECOVERING FROM FLU

Among those ill this week with the flu are Mrs. J. T. Allen and baby, Rodney, and Mrs. J. R. Gailey.

BAND MARCHING AT LUBBOCK

Boyd Lee Montgomery, band director of the Ropes schools, announced Tuesday that the Ropes school band will take part in the marching contest to be held in the Jones Stadium in Lubbock on Thursday, November 21.

There will be thirty bands in the contest, and the admission will be 25c and 50c.

IN LEVELLAND

O. V. Fuller, superintendent of Ropes Schools, was in Levelland Tuesday looking after school business.

JR. BOYS 4-H CLUB ORGANIZED

Tharon Campbell and Jimmie Lowrie, Jr. 4-H leaders, organized a Junior Boys 4-H Club October 25th.

They will meet each 3rd Wednesday afternoon immediately after school.

The purpose of the club is to give the younger and smaller members a chance to hold office, and to learn what it is about. The following officers were elected:

President Johnny Snider
Secretary Junior Martin
Council delegate...John Bain
Reporter Charles Kimbell

FIVE ARRESTS MADE SUNDAY

Five arrests were made Sunday by Deputy Sheriff Murphy and Constable Jack Ogle.

Three of these arrests were made for parking in front of the fire station and obstructing the free passage of the fire truck from the building.

POSTPONED

The PTA meeting scheduled for Thursday, November 7, will be postponed until the second Thursday in November.

Mrs. Mickey Martin.

TEXAS HIGHWAY DEPT. NEWS

The Texas Highway Department will spend \$33,800.00 for improvements on farm-to-market roads in Hockley County during 1958. Mr. S. C. McCarty, District Engineer at Lubbock, Texas, has announced. This is in addition to the regular construction and maintenance program.

The State Highway Commission, at its October meeting, approved this appropriation of \$33,800.00 to improve already existing farm-to-market roads in this county. A total of \$20 million was allotted to 183 Texas counties for farm road improvement in 1958. This \$20 million will be spent for shoulder widening, seal coat jobs, additional surfacing, and for widening of structures and roads.

The three projects in Hockley County will be under the supervision of the local highway district personnel.

"We should have this program moving by spring," District Engineer S. C. McCarty said. "We believe the money spent in this county will go a long way toward bringing these roads up to date."

Funds allotted for Hockley County will be spent on the following projects:

Road No. FM 597 from State 51 to US 84 at Anton, 9.6 miles, Seal Coat, \$8,200.

FM 41 from US 62 in Ropesville west, 0.6, Gr., Strs. & Surf., \$9,600.

FM 41 from 1.1 Mi. West 0.5, Reconst. Gr. & Surf. across wet weather lake, \$16,000.

ing farm-to-market roads in this area are scheduled for work under this program:

From FM 1632 East to Lubbock County Line, 5.2 miles, Grading, Structures, Base & Surface, \$140,000.

From State 51, 4.0 miles North of Levelland, 5.6 miles, Grading, Structures, Base & Surface.

Mr. McCarty stated that this year the Commission has authorized the development of some area roads which will serve the dual purpose of service to the adjacent land as well as aiding in the development of the entire area of the State.
