**Bats And Equipment
Of Little League
Are Now Missing**

Tyree Martin, member of the Lions Club, called at the Plainsman office on Tuesday and announced that more than 30 baseball bats and other equipment belonging to the little league had been taken from the place where it had been stored.

All that is actually known is that a teenage boy was seen leaving the place with a bat — and evidently other boys have carried off bats. In the instance noted, the lad was a Latin American.

Tyree points out that the Lions Club has worked hard to maintain the Little League and that it seemingly is a dirty shame that boys who are benefitted by the league should carry off the equipment.

It is also pointed out that boys might have just borrowed the bats to play with and have failed to return them. Parents are asked to look about their place and see if there are extra bats that might belong to the little league. The Lions Club will also appreciate any information that might lead to the recovery of the bats.

Grover Hits Nail On Head

We told you some weeks back that Grover Blankenship predicted frost or a freeze on April 17th — he didn't miss it. On the morning of the 18th there was ice, and while the temperature did not get down to 32, it got down to 34.

Grover made his prediction from the saying, "When thunder is heard in March, it will frost on the same day in April."

Ray Tussy told us there was ice in his irrigation pipe Monday morning, and a Latin American, whose name we failed to get, stated there was a light frost falling during the night while he was irrigating.

While this is supposed to be the last cold spell, we wouldn't guarantee it—we've seen it so cold in July stoves were needed to keep warm.

Political Rally In Ropesville

Sat. Night, April 30

Arrangements are now almost complete for a political rally to be held in Ropes on Saturday night, April 30.

All county candidates and district and State candidates have been invited to attend.

In addition to the speaking there will be plenty of country music. As in years past there will be nothing to sell, and if the weather permits the speaking will be held in front of the Plainsman office where it has been held for the past ten years.

This party is sponsored by the Ropes Plainsman so that the folks of the community can have an opportunity of seeing the candidates, and also the candidates can have the opportunity of meeting folks, who, probably they have missed in making a house to house canvas.

We want all candidates to feel welcome—we want all the folks of the community to feel welcome and make a special effort to be on hand—let's give the candidates a hearty welcome—in a week's time some of them won't feel so good—so, let's all have a jolly good time.

Why Install a Gas Light?

If you are a home owner who takes justifiable pride in the appearance of his property . . . if you have a regard for the convenience and safety of folks who come to see you . . . and if you have a keen sense of economy as well as for things functional . . . then a Gas Light will be a satisfying addition to your yard.

Neighbors welcome its glareless illumination . . . insects give its soft, mellow glow a wide berth. And regardless of the architectural style of your home, gas lights provide an indefinable "something" that adds noticeably to the appeal of any residence, at an amazingly small cost of operation.

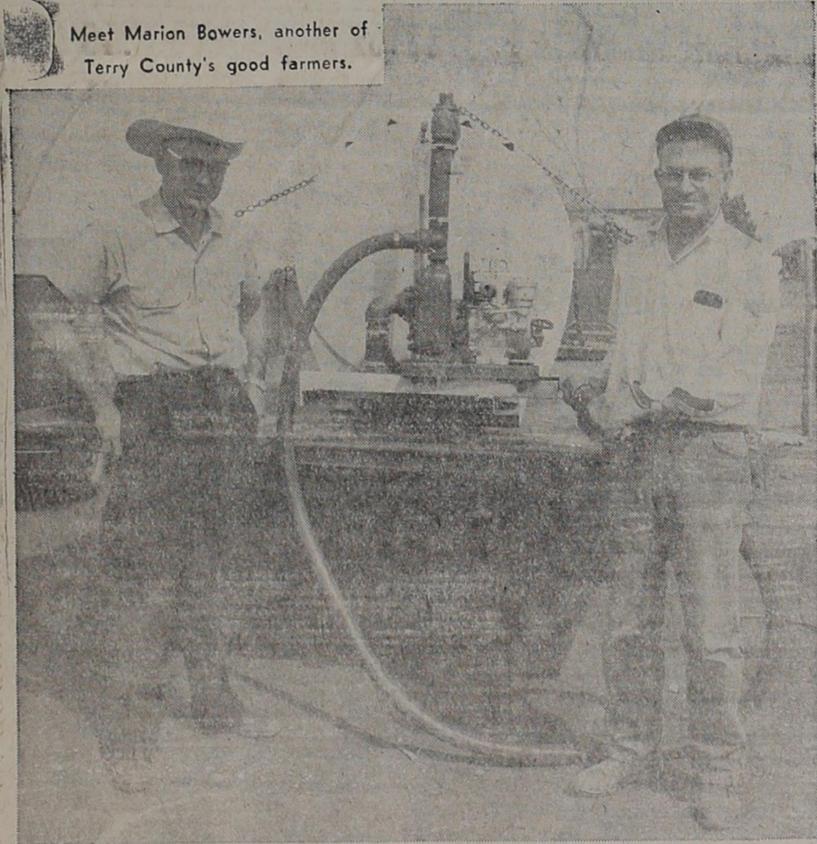

Why not call Pioneer tomorrow and find out all the details about Gas Lights? Special Budget Prices start at just \$49.50, installed.

ASK THE MEN WHO USE IT . . . THEY SAY:

LIQUID FERTILIZER Is Best

Meet Marion Bowers, another of Terry County's good farmers.

Marion Bowers . . . Farming NE of Brownfield

Mr. Bowers, on the left, farms northeast of Brownfield on a farm that belonged to his father. "We don't have a lot of water up here, but we do have good land. The land has been well taken care of — and what water we have, we try to make it produce as much as possible. I have, altogether, 430 acres of irrigated cotton, and at the present time we are putting down 300 lbs. per acre of 13-13-0. Later we will side-dress as

needed. This is my second year to use Liquid Fertilizer, and I really like it," Bowers said, and he added: "When you get to thinking about the high-cost of farming, that's about the time you start looking for ways to cut your overhead. Liquid Fertilizer is one of the ways. It's easier to handle, thus requiring less labor . . . and the fact that it is "Liquid" it takes less water to get it to working for you."

Pictured with Mr. Bower is Wayne Hanson (on the right), who has been farming this same land since 1941. He was hired by the late Mr. R. L. Bowers, and has been Bowers' farm boss ever since. Said Hanson: "The filling station-type of operation presented with Liquid Fertilizer is really fine. I would sure hate to be handling sacks again — they felt like they weighed about 200 lbs., along about mid-afternoon. I like to use 'Liquid' and I think it's just as good as any other type of fertilizer."

Freedom in Truth

"Ye shall know the truth, and the truth shall make you free"

Jno. 8:32

We hear much about different creeds today. The word "creed" is derived from the Latin verb "credo", meaning, "I believe". The creed of the church of the first century was Christ Himself. The Creed of all Christians should be none other than Christ Himself. Human creeds are incomplete statements and can not be universally accepted. At best they are nothing but the opinions of uninspired men. They set limits upon spiritual progress. They divide God's people by submitting tests of fellowship separate and apart from God's Word; they are written and enforced without divine sanction. If a creed contains more than the Bible, it contains too much; if it contains less than the Bible, it doesn't contain enough; if it teaches the same things the Bible teaches, it isn't necessary because we have the Bible. Our faith should not center in a dogma, or an institution, but in CHRIST and His word. The creed of the living church of the living God is the living, ever-living Christ. Is your creed based on the teachings of men or Christ and His teaching? THINK on these things.
