Slaton Boys Enter Marine Corps-

OFF TO THE MARINES—Pictured above are six Slaton boys who left October 2 for Dallas to be inducted into the U. S. Marine Corps. From Dallas the boys were to be sent to San Diego, California, where they will receive their basic training. From left to right they are Joe Tucker, Bobby Cook, Alton Kenney, Mac Hudgins, Jerry Lovelady, and Tip Culver.

Rotary Governor To Speak Here

Lloyd A. Wicks, Sr.

Lloyd A. Wicks, Sr., of Dallas, Texas, Governor of Rotary International for this District, will make his official visit to the Slaton Rotary Club next Thursday, October 19th, at which time he will address the members of the Club and discuss Rotary work and plans for the future. He will also have a special meeting with the officers, directors and heads of committees of the club.

His meeting here is one of a series of meetings that will be made by Mr. Wicks to meet with every Rotary Club in the district.

Guests of Mr. and Mrs. Jack Cooper last week were their children, Mr. and Mrs. H. L. Basinger and sons of San Antonio, and Wallace Cooper of Midland.

Mr. and Mrs. J. D. Holt and Dr. and Mrs. Richard K. O'Loughlin attended the State Fair in Dallas last week.

New shipment of stationery and notes, Monograms if desired, Slaton Gift Shop.

Methodist Building Program Begins With Ground Breaking Ceremonies

Sunday, October 8, 1950, marked the third milestone in the history of Methodism in Slaton, when friends, former members, and members of the present church gathered for impressive ceremonies at the site of the new church building soon to be erected.

The church's present pastor, Rev. O. B. Herring, was in charge of the program. Inspiring addresses were made by Dr. J. O. Haymes, Lubbock District Superintendent, and by Dr. E. N. Lipscomb of Lubbock, former District Superintendent. Visiting ministers who assisted in the ceremonies were Rev. Eldon Wyatt of Cactus, Rev. Burgin Watkins, Forrest Heights Methodist Church, Lubbock, and Rev. J. T. Bolding, pastor of the Slaton Baptist Church.

In June 1911, a small group of men and women (eleven in number) met at a "makeshift" building on the corner of what is now West Garza and Ninth St. and organized a Methodist Church in Slaton. Mrs. A. L. Robertson, who was a member of the organizing group, and acted as secretary for the meeting, is still a member of the congregation and attended the ground breaking ceremonies. R. G. Shankle, an early member of the church, was also present. Mrs. J. S. Edwards, Sr., and Mrs. S. H. Adams, among the first members after organization, were unable to attend. J. S. Edwards, who was present when the church was organized, and through its entire history has given generously of his time and means for the church's interests, was absent because of illness.

Long time members of the church turned first shovels of soil, followed by the present chairman of the Board of Trustees, W. R. Wilson, members of the Board of Stewards, members of the Building and Planning Committees, distinguished guests, and many others.

Thus, the sacred spot was dedicated to the highest Glory of God.

School Hours To Be Changed Mon.

Beginning Monday morning, classes in Slaton's Public Schools will be held from 8:00 o'clock until noon, according to information released Wednesday afternoon by the School Board.

This plan will be observed here in keeping with general policies of other schools this size over the South Plains area. It will be followed for a short period of time until the existing labor crisis is eased.

Banquet To Be Wed. Oct. 18th

The annual Retail Merchants Banquet will be held at the Slaton Club House Wednesday, October 18, beginning at 8:00 p. m. at which time new directors will be elected to take the place of five whose terms of office will soon expire.

The speaker of the evening will be George W. McClekey, prominent attorney of Lubbock. Mrs. Lee Green, director of the Retail Merchants will also give her report.

The banquet will be prepared and served by Mrs. J. W. Clark and her assistants.

The present directors of the Retail Merchants Association are Robert E. Ayers, President; Clark Self, Vice-President; M. G. Davis, W. H. Hoffman, R. C. Patton, David Sanders, Bland Tomlinson, Harmon Thompson and T. A. Worley.

Those whose terms will soon expire are Ayers, Self, Hoffman, Patton and Thompson. Any resident of Slaton wishing to do so may attend. Tickets may be secured at the Retail Merchants Office at the City Hall.

Legion, Auxiliary Meet Monday Nite

Approximately forty-five veterans and their ladies attended a joint meeting of the Slaton American Legion Post and Auxiliary last Monday night at the Club House.

Principal speaker was Sid Lowery, state American Legion Service Officer who is stationed at the Lubbock Regional Veterans Administration office. Lowery spoke on the program of the American Legion in the community, state, and nation.

Mess officer Henry Jarman was in charge of refreshments, and the meeting was presided over by Post Commander J. E. Waldrop. Mrs. George Green, president of the Auxiliary, spoke in behalf of the gift program the local Auxiliary was conducting for hospitalized veterans.

Week's Question

Slaton Women Express Opinions Of Fall Fashions For This Year

This is just the time of year when women (and men) discard those cool looking, light clothes in favor of heavier fabrics and warmer styles. Each year we find that styles, in one way or another, have changed from the year before. Upon asking some of the women in town "What do you think of the new fall styles?" we found that most of them are highly in favor of this year's fashions.

Rhae West, 325 S. 10th, grocery store clerk, — "I like the shorter skirts much better than the long ones." Other than that Rhae said she hadn't paid too much attention to new styles.

Sue Ross, 435 S. 6th, drug store clerk, — "I have gotten so used to the longer skirts that I sort of hate to change." She thinks that using velvet is a good idea.

Mrs. S. H. Adams, 305 W. Lynn, housewife — "I like the styles better than last year. I especially like the new colors."

Mrs. J. B. Hueckaby, 925 S. 10, housewife — "I like them. They are very attractive and flattering." She likes the new length but does not care much for the velvet. "It is pretty on some people, but just

Tigers - Indians Tangle Tonight In 4-A Battle

Making their third appearance away from home during the 1950 football season, Slaton High School's Tigers tangle with Morton's Indians tonight in a District 4-A Conference clash at Morton.

Both Slaton and Morton are presently resting in the cellar in District play, but the Tigers have a 3-2 seasonal record, as compared to the Indian's 1-3. Last week Levelland handed Morton its second conference loss with a 27-0 whitewashing, while Slaton was having trouble turning back Seagraves of Class B, 13-0.

Although the majority of the players are returning from last year's Indian team, Coach Herman Raphael's men have had considerable trouble in conference and non-conference games this season. The Morton forward wall will be anchored by two 200-pounders in the starting lineup, but are reportedly weak in weights at other positions.

Calling signals in Coach Raphael's modified T formation will be Sonny Burns, a one-year letterman. Don Baldwin, Kenneth Wilson, Kirby Lacky and Mike Bolton will handle the majority of the running chores from wing-back posts, while Co-Capt. Jimmy Coats will buck the line from his full-back position.

Tonight, Waydell Hill, 185-pound senior, will be counted on to carry the big load at one end post, while Kenneth Wynn, elongated 165-pound pass snatcher, probably will get the nod at the other flanker post.

It is expected that short passes and sweeping runs will form the basis of the Morton attack tonight. They have plenty of speed in the backfield but are hampered by a slow-moving line. Burns is capable and adapt at tossing passes, however.

Local Apple Tree Has Gone Haywire

There is a prophecy that the world will be about ready to come to an end when the flowers and trees start blooming out of season and when the seasons go haywire.

A certain apple tree in Slaton may be the first indication that such a thing is going to happen. The tree is located at the new home of Mr. and Mrs. J. D. Holt, and it was planted late in the spring. This week the apple tree is in full bloom and the neighbors and the Holts seem a bit worried.

In a world of flying saucers, atomic bombs, French bathing suits, television and canasta, the apple tree may know what it is doing.

Mr. and Mrs. Ray C. Ayers left Wednesday for Albuquerque, N. M. where they will attend a Shrine convention.

Fire Department Says Slatonites Are Improving

This week, Oct. 9-14, has been observed throughout the country as Fire Prevention Week. To many of us, says Fire Chief Elbert Wilson, this is just another week out of the 52, with little more significance than the rest. We should all consider the good that we might do by heeding the cautions extended by the fire department. Most fires are started through carelessness of some individual.

According to Fire Chief Wilson, there have been between 35 and 38 fires in Slaton since the last Fire Prevention Week, in which about \$20,000 damage has been done.

Although there has been much improvement in the cooperation of the citizens who gather at the scenes of local fires, Chief Wilson says there is still a little trouble with the traffic. Youngsters "who don't mean any harm" are usually the ones who cause congestion of traffic.

Improvement of citizens in helping to prevent fires is noticeable, but there is still room for more. Chief Wilson suggests that you help in the prevention of fires by being a good "housekeeper". Rubbish, dry grass, and other things lying around the house should be cleaned up. He also cautions you to be careful with cigarettes and matches.

Englewood Cemetery Clean-Up Campaign Needs More Workers

As a result of the appeal of City Secretary J. J. Maxey, last week for help in cleaning up the Englewood Cemetery, several people have volunteered to work. But there is still a lot of work to be done, he says, and many other workers can be used.

"The Cemetery Association appreciates the cooperation of Mayor Wootton and street superintendent Elder in making available mechanical equipment of the city for use," stated Mr. Maxey.

Only about 20 percent of the work has been done so far, but the public is invited to inspect the work that has been done.

Those who have unmarked plots are asked to make an attempt to place suitable markers there.

Mr. and Mrs. O. D. McClintock have returned from a three week vacation trip to Wichita Falls, Texas, where they visited with Mrs. McClintock's mother and sister, and to Ft. Worth for a few days. Enroute home they visited with Mrs. E. H. Wilson of Vernon. Mrs. Wilson is Mrs. McClintock's sister.

S. A. Peavy and R. D. Bisbee spent Tuesday and Wednesday in Sweetwater on business.

Ladies four-diamond Gruen watches, \$71.50. Champions Jewelry.

Get your Community and Rogers 47 silverware at Slaton Gift Shop.

American Legion Post Receives Letter From Department Of State

Commander John E. Waldrop, received a letter from the U. S. Senate Committee on Foreign Relations, in regard to a resolution of the Luther Powers Post No. 438, American Legion, which was sent to Senator Tom Connally in St. Paul, Minn. The reply to Senator Connally's letter to the Department of State follows in part:

I have received your letter of Oct. 29, 1950 enclosing a copy of the resolution adopted by the Luther Powers Post No. 438 of the American Legion criticizing the Department of State and charging the Department with a policy of appeasement toward the Soviet Union.

The threat of communist aggression to the free nations of the world is fully recognized by the Department of State. In the annual public statements, Department representatives have repeatedly deplored the Soviet Union's ruthless conquest and aggression. They have taken every opportunity to point out to the world the true nature of the Soviet regime and the aggressive designs of the men in Kremlin.

Many of the underlying United States post-war policies which have been developed in the field of foreign relations are directed toward establishing conditions in which the communist goal of domination cannot be realized. These policies are being carried out in a number of ways, such as our programs for European economic rehabilitation and colonial technical assistance to underdeveloped countries, and the strengthening of the defenses of Western Europe. Such measures strengthen the free world's security and indicate a policy of firmness but rather a vigorous determination effort to resist Soviet expansion.

In the case of the recent communist inspired attack on the Republic of Korea, the United States wholehearted participation and support of the United Nations effort to repel the invaders represent a policy of firmness. In addition, the United States representatives have frequently pointed to the flagrant violation of the United Nations efforts toward peace and security."

Included in the letter were comments from President Truman's address of September 1, 1949, on the brutal attack on the Republic of Korea "The free people-loving nations of the world face two possible courses. One course would have been to take our action to diplomatic means, while the communist aggressors went ahead and swallow their victims." "The other course is the one which the free world has chosen. The firm action by the United Nations is the hope of achieving world peace."

The Star pattern in Community—32-piece service for \$50. Champions Jewelry.

Newspapers May Be Hard To Get

It is the time of the year when a great many people renew their newspaper subscriptions and the Fort Worth Star-Telegram is offering advanced special rates on both new and renewal subscriptions. In a recent letter the circulation manager of the Star-Telegram stated that there are indications that conditions similar to those that prevailed during World War II might prevail again and that the feature rates might be cancelled at any time, and new subscriptions become unobtainable.

Here are the rates now available on the Star-Telegram: 1 year by mail with Sunday, \$13.95; in combination with the Slatonite, \$15.95. The Star-Telegram, 1 year without the Sunday edition, \$12.60. The Star-Telegram, 1 year by mail without the Sunday edition and the Slatonite, \$14.60.

The Star-Telegram usually offers Bargain Prices later in the year, but it is likely that after the next sixty days that these special prices will be withdrawn.

The rates are for either renewal subscriptions or for new subscribers, and if you would like to get this paper along with the Slatonite we advise subscribing now at the Slatonite office.

Any one wishing to subscribe or renew mail subscriptions for the Lubbock Avalanche can do so at the Slatonite office. The present rates are: Avalanche with Sunday, \$10.95; without Sunday \$9.00 per year. Those who wish to subscribe to both the Avalanche and the Slatonite will be charged \$11.95 for Avalanche with Sunday and \$11.00 without the Sunday Avalanche Journal.

Even if your Avalanche and Slatonite do not expire at the same time the renewals can be made, and it is not necessary to wait until your Avalanche expires to renew, as the expiration dates will be moved up from the date of expiration, and not on the day when payments are made.

It would be well to subscribe now for the Avalanche, as the same conditions that control the Star-Telegram are likely to have the same effect upon all other newspapers over the nation.

CAMP SUPERINTENDENT MOVED TO SOUTHLAND

T. F. Camp, employee of the Texas Employment Agency, who has been working with the cotton pullers at the Slaton Labor Camp, is now located at the Dunn Store in Southland where he is endeavoring to contact all of the migrant laborers who come to this area in order to advise them that the cotton pulling conditions are better here than in the fields further North. Any of the farmers in need of pullers can secure information concerning help from Mr. Camp at Southland, where a temporary camp is being operated.

Linda Darnell and Jeff Chandler in a scene from "Two Flags West," showing at the Slaton Theatre Sunday and Monday. The Civil War epic also features Joseph Cotten and Cornel Wilde.

Southland News
MRS. FLOY KING

The Southland football boys played New Home here Friday night. The game ended with the score tied 18-18.

Mrs. Gray underwent an operation in a Lubbock Hospital Thursday morning at 8 o'clock. With her during the operation were her husband, Rev. Gray, and Mr. and Mrs. Earl Lancaster and son.

Uncle Jim Kellum left Saturday for Sunray to visit Mr. and Mrs. Frank Moore and family.

Mr. and Mrs. C. E. Basinger's baby is in Mercy Hospital.

Visiting Mr. and Mrs. Franklin and son, E. A., is Mr. M. T. Franklin of Longview, Texas.

Mrs. Roy Williams received treatment for a cut finger Saturday.

Guests in the home of Mr. and Mrs. A. A. Ferguson Saturday evening were Mr. and Mrs. Carl Cedarholm of Post and Lavonne Ferguson of Lubbock.

Jimmy Ferguson spent the week end with relatives in Post.

Marine Pvt. J. D. Burton is here visiting his brother Glenn Burton and family on his way back to Pearl Harbor, where he is stationed. He flew from Pearl Harbor on an emergency furlough to see his father who lives in Arkansas.

Mr. E. F. Parker has returned from Terrell where he visited his daughter, Mrs. Jenson, who is seriously ill. Mrs. Parker remained with her daughter and family.

Mrs. G. D. Ellis has returned from Dallas and Terrell where she visited relatives.

Mrs. Hub Haire and Johnnie and Mrs. F. W. Calaway and Rodney were Lubbock visitors Tuesday.

Karan Gale Pennell and Barbara Wheatley of Southland were among the 4-H girls of Garza County to go to the Dallas Fair Friday. They returned home Sunday.

Mr. and Mrs. Clarence Terry and daughter of Lubbock visited her parents, Mr. and Mrs. S. M. Truelock, Sunday.

Don Pennell has received word that his nephew, Pvt. Charles Cunningham, who was wounded in Korea, arrived in the states and is being sent to a hospital in San Antonio. Mr. Pennell's brother, Sgt. Chester Pennell is still in Korea.

Mr. and Mrs. Billie Parker's baby, who has been ill, is reported to be improving.

Mr. Marvin Truelock reports he had a letter from his step children Saturday saying they were having a good time. Glenda said she was elected pianist for the B.T.U. at the church she attends in Galveston.

Mary Frances King accompani-

ed the August Becker family to church in Slaton Sunday.

Among those from Southland attending the fair in Lubbock Thursday were Mr. and Mrs. Elton Weaver and family, Mr. and Mrs. Samson Gilliland and children, and Mr. S. M. Truelock and daughter.

Mr. and Mrs. L. B. Hambricht went to Sweetwater on business Saturday.

The Southland Basketball girls have lost their first two games. Mary Frances King was high point girl Sept. 26 when Southland lost to Lorenzo 24-19. She made 17 points and Emma Lou Basinger scored the other two points for Southland. This was the initial game of the year for Southland. October 5 Mary Frances was high point for Southland when they played Frenship. The final score was Frenship 34, Southland 16. The girls returning from last year on the team are Mary Frances King and Emma Lou Basinger, forwards; and Jean Sims and Jo Ann Trimble, guards. First year players are LaQuetta Bruster, forward and Woodeena Stewart, guard. The regular season opens November 1.

Former Slatonites
Living In New Mexico

Word has been received from Mrs. James Masterson, former music teacher of Slaton Schools, of their location. After moving from Slaton in July, they went to Lubbock for about two months where Mr. Masterson received his Master of Science degree in Electrical Engineering. He is now employed with the State College A. & M. at Las Cruces, N. M. He is working with the Rocket Research Laboratory doing part of his work at the White Sands Proving Grounds.

At present Mrs. Masterson is staying at home with their daughter, Karen Sue.

They request that their friends keep them informed of the happenings in Slaton. If anyone plans to be in Las Cruces be sure to visit with the Mastersons. Their mailing address is Physical Science Lab., Box 548, State College, New Mexico.

Mr. and Mrs. H. O. Wagner have returned from an extended tour through the Eastern states and Canada. The trip was made to Chicago by train, and from there by auto. The Wagners visited many of the historical places of New England as well as other noted places in the country.

We have an extra value in a new Underwood Champion typewriter with tabulator. Formerly priced at \$84.50. The first person to come after it with \$70.00 will get it at the Slatonite.

Posey Items
R. L. BOYD

Mr. and Mrs. Bill Gibson of Post were recent visitors of Mrs. Gibson's sister, Mrs. W. E. Burns and her niece, Mrs. M. P. Gentry.

T. Z. Duncan of Causey, N. M., and R. T. Tolliver of Floyd, N. M., visited Mr. and Mrs. J. H. Slone last week and attended the South Plains Fair at Lubbock.

Mrs. Joe Moeller is recovering from a broken wrist received several days ago at the home of her son, Benny Moeller of Slaton.

Mr. and Mrs. Marcus Burns of Clovis, N. M., were visiting Sunday with relatives and friends here.

Rev. and Mrs. Bill Lewis of Lubbock have moved to 109 East University Drive of the Carter Addition.

Mr. and Mrs. A. M. Carroll and Mr. and Mrs. H. D. Carroll all of 211 Ave. N., Lubbock, and Mr. Abner Carroll of Paducah were visitors last week in the home of Mr. and Mrs. M. P. Gentry.

Mr. and Mrs. A. L. Harris had as a Sunday guest their young grandson of Lubbock.

Mr. and Mrs. C. B. MacGowan and six children of Grand Prairie, who lived here several months ago are returning here to work.

Word has been received of the death of Billie Ray Carroll of California, the grandson of Mr. and Mrs. Jay Carroll.

Cotton farmers have been discussing ways of gathering cotton without using children under the

A NEW LIFE—Twelve-year-old Angeliki, a deaf, dumb and blind orphan, is shown as she arrived in New York from Greece to enter the famed Helen Keller Institute. Angeliki, who does not know her last name, is being sponsored by a British organization.

16 year age limit while school is in session. One way suggested was the closing of school each day about noon.

MRS. M. D. GAMBLE

Mr. Bob Duke was called to the bedside of his father Friday night. His father died soon after he arrived. Funeral services were held at Lenord Sunday afternoon.

Dinner guests of Mr. and Mrs. H. M. Cade Monday night, Oct. 2, were Mr. and Mrs. E. C. Davidson and John of Slaton, and Mr. and Mrs. Jack Cade. Mr. Davidson left Wednesday for California to report for duty in the armed forces.

Mr. and Mrs. R. F. Swafford of Slaton, and Mr. and Mrs. Lorence Eyans and son, Robert of Lubbock were guests of Mr. and Mrs. Rhea Pierce Sunday afternoon.

Mr. and Mrs. Richard M. Cade are the parents of a daughter, born Oct. 5. The little girl has been named Cynthia Gayle. Mr. and Mrs. Melvin Cade are the grandparents.

Mrs. S. D. Nelson spent the week end with her daughter and son-in-law, Mr. and Mrs. Will Tapp, near Southland.

As of last Tuesday school will begin at 8:30 and dismiss at 1:00 so the pupils can help to gather the cotton, since the law has been passed prohibiting children under 17 to pull cotton during school hours. With the increase in attendance this week, Mrs. Otho Doyle has been employed as full time teacher.

Mr. and Mrs. H. M. Cade, Dinna Mae and Donna Sue were guests in the home of Mr. and Mrs. J. A. Russell Sunday night.

Mr. and Mrs. Rhea Pierce visited Mr. and Mrs. Mabrey at Slide Sunday night.

R. M. Cade and Leslie Greene were scheduled to leave Thursday for Colorado on a deer hunt.

Visiting in the home of Mrs. Lula Gambel Sunday were George Gambel and Milton Dale, and Mr. and Mrs. Joe Gambel, Joyce and Mac.

The WSCS met in the home of Mrs. F. H. Griffin Monday afternoon for a tea and program on WSCS work.

Mr. and Mrs. Rhea Pierce were in Abernathy Tuesday visiting Mrs. Pierce's parents and her aunt, Mrs. Dickie Adams of Lubbock, and daughter, Mrs. Merl Oudin of California.

School was dismissed last Thursday so the children could attend the fair at Lubbock.

The Union Chapter of the Future Homemakers of America placed first in entries in the exhibits at the Panhandle South Plains Fair. There were 13 other schools entered. Mrs. McWhirter is the Home Economics teacher.

Mrs. R. M. Cade was in Abilene this week attending the Dedication at McMurry College.

Slaton Women Give Their Favorite Tested Recipes

With the prices of meat still going up and no immediate hope of them going down, the problem of a main dish for meals is increasing. There are various substitutes to be used. No doubt most women serve macaroni as a substitute occasionally. Even this plain dish can be mixed into something very special, as we learned from Mrs. Arthur Bentley. Her favorite recipe is a Macaroni Loaf. The ingredients for it are very simple and will certainly help to bring that monthly food bill down.

Just take—
2 cups macaroni
1 cup cream
1 cup butter
4 eggs
1 cup bread crumbs
2 pimientos
1 cup cheese
Soak bread crumbs in cream. Melt the butter in a pyrex dish. Add to beaten egg yolks, cream and bread crumbs and cooked macaroni. Finally, fold stiffly beaten egg whites into the mixture. Pour into the pyrex dish and bake in a low oven for one-half hour to one hour.

Elementary P.T.A. Elects Mrs. Boulter First Vice-President

At a meeting of the Elementary P.T.A. Monday, October 9, Mrs. Eldon Boulter was elected First Vice President to succeed Mrs. Milton Davis who has resigned. Before the business meeting, Mrs. Joe Brooks, Sr., lead the group of parents and teachers in singing, accompanied by Mrs. Connie Eckles. For the Inspiration Time Mrs. R. J. Clark read the P.T.A. Prayer, Mrs. P. G. Meading, Mrs. Nan Tudor, and Mrs. Virgie Hunter discussed "How we can help our children study at home." All of them stressed the fact that healthy, happy, well adjusted children do not need to do a lot of studying at home.

Mrs. Otis Gunter's second grade won the room count. About 85 people attended in all. The next meeting of the Elementary P.T.A. will be October 19, 2:00 p. m. at West Ward.

LOCAL CLUBS WILL HOLD JOINT MEETING NEXT WEEK
A joint meeting of the Civic and Culture Club, the Junior Civic and Culture Club, the Daughters of the Pioneer Study Club, and the Athletean Study Club will be held at the Club House October 16 at 7:30.

Krause-Wardroup Exchange Vows In Formal Ceremony

Miss Evelyn Laura Krause, daughter of Mr. and Mrs. Albert Krause of Wilson, became the bride of Wallace C. Wardroup, son of Mrs. W. R. Wardroup, 1922 14th, Lubbock, Saturday, October 7. The ceremony was read before a candlelighted altar decked with fall flowers in the Sheppard King Lutheran Church, Lubbock. Rev. David Seiberg performed the service.

The bride, given in marriage by her father, wore an ivory crepe, street length dress, styled with long fitted sleeves, an inserted net yolk, tiny covered buttons extending down the front of the bodice and a full skirt. Her shoulder length veil fell from a circle of pearl flowers. She carried a bouquet of carnations and gardenias.

Matron of honor, Mrs. Billy Ray Barrett of Spur, wore a chartreuse dress, fashioned similar to the bride's. Her bouquet was of yellow chrysanthemums.

William R. Wardroup attended his brother as best man. Candelights were Burdine Becker and William Becker, jr.

Proceeding the ceremony Mrs. David Seiberg played traditional wedding music on the organ, including "O Perfect Love."

Mrs. Wardroup is a graduate of Southland High School and attended Parkland Hospital School of Nursing in Dallas. Mr. Wardroup graduated from New Deal High School and received his BS degree in Civil Engineering from Texas Tech.

Mrs. Cobb Hostess To Presby. Auxiliary

The Presbyterian Auxiliary met October 9 with Mrs. John L. Cobb. In a business meeting at which Mrs. J. E. Loveless presided, pledges were made for the 1951 budget. Plans also were made to send gifts to the orphans home in Amarillo.

Mrs. S. A. Peavy was in charge of the program on "Mid-century Christians."

The hostess served chocolate cream puffs and coffee to 12 members and one visitor, Mrs. Charles M. McClure.

The next meeting will be held in the home of Mrs. John L. Fertig, Monday, October 23.

The Sunday morning sermon will be "The Christ of the Second Coming". The Evening topic will be "What Christ Jesus Taught About Christian Unity".

Baptist Bulletin

Sunday school is at 9:45; Morning Worship at 11:00 a. m. B. T. U. begins at 7 p. m.; Evening Worship: 7:30.

Mrs. W. V. Childress will give a review of the book "Behind the Iron Curtain", for the women of the Baptist W. M. S. Monday at 3:00 p. m. at the home of Mrs. J. B. Huckaby, 925 S. 10th St.

The First Baptist Church observed Layman's Day last Sunday with 451 attending Sunday School at the church and 44 at the Mission. The day was started with a breakfast for the men of the church which was given at the Club House. There were 65 men at the breakfast.

The men taught the Sunday School classes, lead the singing, filled the choir, furnished the special music, and did the preaching. Rev. J. B. Ward, pastor of the Clayton Avenue Baptist Church of Hugo, Okla., and father of Mrs. J. T. Bolding, did the preaching for the morning service. Others taking part in the morning service were Roy Parks in charge of the service; Fred England, song leader; Lyle Berry, pianist; and Norman Marshall, organist.

Bobby Norris of Slaton preached at the evening service.

Methodist Message

Sunday School, 9:45 a. m.; Morning Worship, 10:45 a. m. Young People will meet at 6:45 p. m. and the Evening Service is at 7:30 p. m.

Presbyterian Church

The first Presbyterian Church will have a team of Texas Tech students to conduct their 11:00 a. m. worship service, Sunday, October 15. The theme will be "Christ or Chaos".

The following Sunday, October 22, Rev. William Rogan from Lubbock, will conduct the morning worship service, which will be followed by a Congregational meeting.

All members are asked to attend both of these services.

Church of Christ News

Sunday: Bible Study at 9:45 a. m.; Morning Worship at 10:45; Training classes at 6:30 and Evening Worship at 7:30 p. m.

Wednesday: Mid-Week services begin at 7:30.

October 15, Laymen's Sunday

Shorter Skirts, Velvet Accessories Take Spotlight In Fashion News

It came to the attention of your writer the other day while attempting to secure answers to the question "What is your opinion of the new fall styles?" that many of us are not "up" on the new styles. Through consulting some of the latest fashion magazines and also observing show windows of dress shops we find that the big news this year is shorter skirts. Naturally there are opinions both for and against the shortening of dresses, but it seems the majority of women are eager for the fashion experts to strike a happy medium and go to neither extreme.

Velveteen was quite popular last year and will be back again this season, only more so. Not only is this sleek sophisticated fabric being used for dresses, but there are also velvet shoes, bags, hats, etc. in some very beautiful colors. Other popular fabrics which will be doing a return performance are gabardine, corduroy, and satin.

Purple, which has been selected by one magazine as an especially good color for this year, was described as a "gay, young, fun to wear" color. A purple dress can be used to great advantage by a subtle change of accessories for different occasions. One simple way to change it is just by changing the buttons. Either genuine or imitation leopard belts, hats or bags can be worn to dress up your purple dress.

Costume jewelry as usual will be good. It is surprising how much an inexpensive necklace or pin will add to the appearance of the most simple dress.

For further and more detailed information on the new fashions you can consult your fashion magazines or just watch for the latest models in the local stores.

Local Couple To Be Married In Virginia

Mr. and Mrs. F. B. DeMont, Slaton, announce the engagement and approaching marriage of their daughter, Bobbie Ann, to Cpl. Harvey Gene Moore, son of Mr. and Mrs. H. L. Moore, also of Slaton.

The military wedding will be in Fort Eustis, Virginia, where Cpl. Moore is stationed.

Harriet Perkins Is Honored On Birthday

Harriet Perkins, daughter of Mr. and Mrs. J. D. Perkins, was honored Saturday, October 7, with a theatre party. Helping Harriet to celebrate her eighth birthday were Patsy and Wanda Pettigrew, Ann Haddock, Pam Strickland, Judy Avry, Katy Wicker, Sue Liles and Dana Heaton.

QUILTING CLUB MEMBERS GUESTS ON KSEL PROGRAM

The Jolly Quilting Club met on October 3 in the home of Mrs. H. H. Booher. Twelve members and one guest, Mrs. Fred Stottlemire, were present.

The business meeting included the election of new officers for the coming year. Four members drew gifts from the birthday box.

A quilt was quilted for the hostess. A covered dish luncheon was served.

On October 10 the club members were guests of the Brunchon Club on KSEL, at Lubbock.

The next meeting will be on November 7 in the home of Mrs. J. W. Scott, 220 South 7th St.

150 Attend O.E.S. Friendship Night

The O.E.S. observed their annual Friendship night Tuesday, October 10. The meeting was called to order by Mrs. Fannie Patterson, Worthy Matron, in short form.

A program of laughter was given with Mrs. Frank Drewry as chairman. Title of the program was "Masons Meet," by O.E.S. members. A barbershop quartet composed of Duane Sooter, Harley Patterson, Eugene German, J. W. Clifton, and Billy Butler, accompanied by Joyce Burns rendered several numbers. Others on the program were Mrs. Virgie Hunter, Worthy Grand Master; Birdie Culver, Senior Warden; Edna Gilliland, Junior Warden; Billy Gene Edmondson, Junior Deacon; Evelyn Fondy, Senior Deacon; Billie Miles, Senior Steward; Laura Wilson, Junior Steward; Madlin Halliburton, secretary; Doris Hendrix, treasurer; and Joline Fondy, door-keeper.

Eighty visitors from over the district were registered. Towns represented were Tahoka, Idalou, Brownfield, Seminole, Littlefield, Abernathy, Post, Southland, Lubbock, Ralls, Crosbyton, Meadow, O'Donnell, Anton, and Lorenzo.

Grand officers present were Pat Boone, Past Worthy Grand Patron of Texas, now a member of the Board of Grand Trustees; Mrs. Flora Best Boone, Grand Conduress; Pauline Smith, Grand Adah; Mrs. Anna Daniels, District Grand Matron, District 6; and Ada Coccaugh, Grand Representative of Virginia.

After the program refreshments were served in the dining room to 150 visitors and members.

The O.E.S. Study Club meets every third Friday in the dining room of the hall at 12:00 noon with a covered dish luncheon.

All meetings of the O.E.S. will begin at 7:30 p. m. hereafter.

Home Demonstration Receives Instruction On Ironing A Shirt

The Slaton Home Demonstration Club met October 4 at the club house. Mrs. Douglas Wilson gave a demonstration on ironing shirts.

The hostess, Mrs. Wilson, served open-faced sandwiches, pecan loaf, and coffee to Mrs. W. L. Baylock, Mrs. R. C. Hall, Mrs. Alton Meeks, Mrs. E. W. Stokes, Mrs. Carter Shaw, Mrs. E. E. Wilson and Mrs. Cieta Young.

The next meeting will be Wednesday, October 18 at the club house. The program will be "How to Use the Labels on Canned Foods."

SOUTHLAND OES MEETS

The Southland Order of the Eastern Star met in regular session on Thursday night, October 4. In a business meeting plans were discussed for the coming Friendship Meeting which is to be the night of October 18.

After the chapter was closed, a "birthday party" was held and gifts distributed and opened by those present who have had birthdays recently.

W. O. HARPER CIRCLE MEETS

The W. O. Harper Circle met in the home of Mrs. H. V. Jarman, 815 South 10th., Monday, October 9. Mrs. J. B. Huckaby brought the Bible study on "Where Unto Shall It Be Likened."

Eighteen members were present. Mrs. Clyde Shaw will be hostess of the next meeting on October 16.

Dr. and Mrs. R. W. Ragsdale of Sherman visited in Slaton last week end.

Stroud - Cearley Vows Exchanged

In a double ring ceremony on September 23, Miss Betty Jane Stroud and Melvin Frank Cearley were united in marriage. Rev. James T. Bolding performed the ceremony before a background of pink gladiolas in the home of Mrs. Sam Wilson.

The bride is the daughter of Mrs. Cora Stroud, Slaton, and the bridegroom is the son of Mr. and Mrs. F. B. Cearley, Rt. 2, Post.

Given in marriage by her brother, Ernest Stroud of San Angelo, the bride wore a dress of navy marquisette over taffeta, with matching navy accessories. Her corsage was of gardenias.

The bride's maid, Mrs. Ross, wore a dress of brown crepe trimmed with satin, and matching accessories. Her corsage was of white carnations.

Serving as best man was Albert Bayer of Lubbock.

Following the ceremony a reception was held for the wedding party and guests. A heart shaped cake topped with a miniature bride and groom and punch were served.

Out of town guests were from Tulsa, San Angelo, McKinney, and Post.

Mr. and Mrs. Cearley took a short wedding trip to Carlsbad and other places of interest in New Mexico.

The bride is a graduate of Slaton High School and is now employed by Slaton Motor Company. Mr. Cearley is a graduate of Post High School and is employed by the Home Furniture Company, Slaton. The couple is at home at 440 West Lynn.

Annual Toll Of Job Accidents Is National Disgrace

Safety, like freedom, is everybody's business. No one escapes the effects of job accidents — neither the worker who gets hurt, his family and the community which suffers from his loss of earning power, the employer who loses a valued employee's service, nor the nation itself which cannot afford the waste of skill and production.

Nevertheless, 70 men and women continue to be killed and more than 8,000 others injured at their jobs each and every day of the year. The cost of these accidents last year, according to the Association of Casualty and Surety Companies, amounted to more than \$4,500,000,000. Aside from the tragic humanitarian angle, think of the stupendous losses that are suffered by our economy as a result of more than 2,000,000 job accidents each year!

Since the birth of the industrial safety movement 40 years ago, some industries, some establishments and some states have made remarkable progress in reducing the toll of occupational accidents; others have not done so well. This is true in spite of the fact that, in 99 out of 100 cases, it has been proven that the safe factor or form is the efficient one.

Like pestilence, accidents strike everywhere. There is no single cause or cure for occupational accidents. Each may be created by a variety of factors, all of which can and must be controlled. Accidents don't just happen. They are caused and, therefore, can be prevented.

Two million job accidents annually are a national disgrace. Everyone can join the crusade to stamp out occupational hazards and their progeny — preventable accidents. It's high time, the President's Conference on Industrial Safety correctly says, for a positive program to accomplish these ends.

Slaton Co-Ed Is Attending College At Hardin-Simmons

ABILENE—Emily Beth Brasfield of Slaton is among the 1650 students who are enrolled this fall at Hardin-Simmons university.

Opening classes began September 15 and will continue through January 26. University officials report a decrease in veterans but an increase in non-veteran students.

Miss Brasfield, daughter of Mr. and Mrs. Jess Brasfield, is a sophomore.

Slaton Women To Visit In Abilene

Mrs. Roy Mack, formerly of Slaton, has invited eight of her Slaton friends to be her guests in Abilene next Tuesday, October 17. They will attend a luncheon and style show at the country club while there.

CHICK CHATS

Presented By Dr. Salsbury's Laboratories

WATCH OUT FOR FOWL CHOLERA

Sudden death and high mortality characterize acute fowl cholera, one of the most destructive of poultry diseases. Usually striking during the cold, wet weather of fall and early winter, cholera is often an unnoticed invader until the birds are found dead under the roosts or in the nests. The onset of this disease is so rapid that death frequently results before outward symptoms are observed.

However, when birds do linger on briefly before dying, they may show these symptoms: sudden listlessness, ruffled feathers, loss of appetite, yellowish-green diarrhea, and a dark purple discoloration of the comb, face, and wattles. A postmortem examination of an affected bird usually reveals a liver that is light in color, either overall or in streaks.

Tiny Hemorrhages Evident
Pinpoint hemorrhages may also be noted on the liver of the infected bird. Breast, heart, and muscles may be dark in color, or show signs of hemorrhaging. A characteristic foul odor is usually noticed when a cholera-affected bird is opened.

In order to be certain of the diagnosis, it is best to have it determined by a poultry-disease specialist. Cholera organisms can be seen in the fowl's blood with the aid of a high-powered microscope.

Specific Medication
Against the ravages of acute fowl cholera, specific medication plays an important role. One of the newest drug compounds of value in treating this disease is sulfaquinoxaline. When this agent is administered, either through the feed or the drinking water, immediate losses from mortality are usually checked in a short time.

Sanitation is also important in controlling cholera in the flock. Move affected birds to a clean ground or a clean house. Many poultrymen vaccinate against cholera with a killed-culture bacterin. This step may be taken anytime and may be repeated as often as necessary.

JUST TALK

by
A.M.J.

It is the time of the year for new fall catalogues showing the most luscious fruit, the most colorful flowers and the most perfect shaped shrubs that can be imagined, and I know that Mrs. C. W. Wilks and Mr. and Mrs. W. C. Church and a lot of other folks will be studying the catalogues closely and dreaming of seeing just such perfect specimens growing in their own back yards.

copies of the catalogues myself, and I'll dream along with them, but down deep in my heart I know I am licked before I start for year after year I order such things as "Archangel roses that produce abundantly and have from four to five thousand clear, golden buds that bloom into silver lined flowers of astounding size and fragrance." The bush lives for years and years and can be bought only from the Big Windy Nursery of Bending Knee, Michigan."

My shrubs, roses and trees always produce a very few blooms, they are anemic for years and years, and then start growing at such alarming rates that I fear that I'll get lost in the jungle around my house. About every four years I get a man to go out and chop down trees, shrubs and vines and start all over again.

If you let yourself go you'll be in the same fix that I have been in for the past ten years, and it gets to be a vicious circle that

makes life a misery, but its fun.

—ooo—
Last week was National Newspaper Week and all the newspapers over the country were supposed to tout their tooters about how good they are. In the rush of things we overlooked the fact that the world hangs by a thread and it is up to the newspapers to save everything from destruction and we hope things won't go to pot on account of our negligence.

As a special week, Newspaper Week is grades up about the same as Apple Week, Potato Week, Old Maids Week, Baby Week and runs second to Fire Prevention Week.

If there are any folks who would like to send us in bouquets of flowers, words of praise, or by taking out page ads we will accept them with graceful acknowledgments, but as for listing our extra fine qualities and taking credit for the uplifting of the universe we will skip it, and if there are folks who think that the newspapers have saved America, safeguarded Freedom and helped to develop the atom bomb and the flying saucer, then we'll take our bow and smile sweetly.

If you want to see what we have done in adding double action, free wheeling machinery to our equipment we invite anyone interested to come down and get ink on their pants, or dresses, and to listen to the creaking, groaning, whistling and crashing noises that all of this equipment is making. It might be worth your time.

—ooo—
Occasionally I get a letter from the folks who do not agree with me, and while some of them take the hide off in places, I am always glad to let the other fellow have his, or her, say. Not long ago a young Mr. Savelle wrote me and cooked me about what I had written concerning the development of oil in this area. He did not, and I am sure still does not, agree with me that an oil boom would not be the best thing for the community. He is right about some of his reasoning and I admit that there are aspects about the situation that would be beneficial for a certain number of people and business firms in Slaton, and this area, among them would be the Slatonite, but just the same I think Slaton is a mighty fine town just as it is, although there are a lot of things that could be improved upon.

If you have anything that you want to gripe about and want to write me about it, I'll help you howl whether I agree with you or not, but don't get sarcastic or get insulting to other folks.

There are more than one side to most every question and anything that can be brought into the open and discussed, quite often leads to the solving of difficulties.

There are a number of local problems that are being neglected because they are problems that have been with us so long that they have gotten to be like a wart on ones nose, just bothersome and ugly, but not dangerous.

If you want to join me and Dr. W. E. Payne and get off a good

healthy gripe come in, the water is just right.

—ooo—
There are a lot of young folks who come into the Slatonite office and occasionally I have slight contacts with the youngsters, but I am sorry to say that I seem to live in another world from them. It is said that if you want to keep young, associate a good deal with young people, but if you wish to grow old fast just try to keep up with them.

The person who made this observation did not give instructions on how one could associate with young folks without keeping up with them, and I'd like to find out how it is done.

It is not hard for me to look back and remember what a lot of old sour pussies I had to associate with when I was a boy and how my mother insisted on my being respectful to my elders. Once when a pompous old neighbor came over to our house he ordered me to get him a cold drink of water and I filled the glass full of salt water. He did not appreciate the trick at all and I wonder sometimes whether some of the youngsters would not like to slip me a glass of salt water.

Not long ago J. D. Holt, his wife, my wife and I were commissioned by the Rotary Club to be with the youngsters at the Youth Center one evening, and our nerves were in a mess when we got through, and I have come to the conclusion that if there are any changes in the way young folks act now, and when I was a boy they are very slight, and if I would have to break up chairs and run jump over tables to associate with the young folks I'd better pass it up at least until my knees limber up considerable.

Food Mart Installs Services, Fixtures

Announcement was made this week by Dave Sanders, owner and operator of Slaton Food Mart, 800 South 9th St., of the complete remodeling of his grocery establishment.

Since opening the Food Mart early last fall, Sanders has gradually expanded his firm in keeping with the rapid, continual growth of the city.

New shelving has been placed in use to make room for additional merchandise. New services, which include frozen foods, all major dairy products, and a complete line of fresh vegetables, have been made available to the customers.

Mr. Sanders cordially invites everyone to stop by today and tomorrow during the Mart's two-day sale and "get acquainted." Refreshments will be served all day Saturday.

Visiting with Mr. and Mrs. Clay Oates is his mother from Wichita Falls.

Mr. Claude Ward, who has been visiting her parents, Mr. and Mrs. F. B. Sexton, has returned to her home in Bartsow, Calif.

Mr. and Mrs. G. O. Jennings of Muleshoe spent Monday with Mr. and Mrs. Joe Wicker.

Round 12 inch place mats with smaller mats to match also oblong mats at the Slatonite. Boxed 100

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912, AS AMENDED BY THE ACTS OF MARCH 3, 1933, AND JULY 2, 1946

OF Slaton Slatonite, published weekly at Slaton, Texas, for the year, 1950.

STATE OF TEXAS)
COUNTY OF LUBBOCK)

Before me, a Notary Public in and for the State and county aforesaid, personally appeared A. M. Jackson, who, having been duly sworn according to law, deposes and says that he is the Editor and Owner of the Slaton Slatonite and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily, weekly, semiweekly or triweekly newspaper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the act of August 24, 1912, as amended by the acts of March 3, 1933, and July 2, 1946 (section 537, Postal Laws and Regulations), printed on the reverse of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are: Publisher, A. M. Jackson, Slaton, Texas; Editor, A. M. Jackson, Slaton, Texas; Managing editor, A. M. Jackson, Slaton, Texas; Business manager, A. M. Jackson, Slaton, Texas.

2. That the owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one percent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm, company, or other unincorporated concern, its name and address, as well as those of each individual member, must be given.) A. M. Jackson.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities are: (If there are none so state.) None.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholders or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is 1376 (This information is required from daily, weekly, semiweekly, and triweekly newspapers only.)

A. M. JACKSON,
(Signature of editor, publisher, business manager, or owner)

Sworn to and subscribed before me this 10th day of October, 1950.
J. S. Edwards, Jr.
(My commission expires 6-1, 1951.)

(SEAL)

Tigers Edge Past Seagraves, 13-0

Slaton's Tigers put together two touchdowns in the first and third quarters here last Friday night to take a 13-0 non-conference victory over Seagrave's Eagles.

It was the third non-conference win for Slaton, while suffering two conference setbacks against Muleshoe and Tahoka.

Halfback Bobby Lambert opened the scoring with a 47-yard scamper in the first few minutes of play to give the Tigers a 6-0 lead. Leon Moore's attempt to run across the extra point was stopped at the line of scrimmage. In the closing seconds of the third period, Fullback Bob Taylor slipped through a big opening in the Eagles' defensive line and raced 99 yards down the sideline for the final marker. Moore ran the extra point over.

The Tiger's offensive unit netted a total of 238 yards rushing, but penalties and costly fumbles halted scoring threats considerably. The Eagles amassed a total of 89 yards, 58 of which were through the air, but they never got inside the Tiger 20 at any time during the game. Slaton fumbled nine times, losing the ball on five occasions, as compared to the Eagles four fumbles.

Both squads played on fairly even terms throughout most of the game, with neither being able to keep a sustained drive going long enough to score. The two Tiger touchdowns, however, came on long, spectacular runs by Lambert and Taylor. A strong defensive line led by Leon Moore held the Eagle's offense in check most of the evening.

Mrs. I. C. Tucker has received word that an 8 lb., 10 oz. boy was born to Mr. and Mrs. J. C. Tucker in Brawley, Calif., Oct. 11. The baby has been named Ira Leslie.

Mrs. Marlee Hollman and two children plan to leave soon for Oxnard, Calif., to join her husband who is stationed at Port Huene with the Navy Seabee's.

"Does it make a difference if I go by railroad!"

West Texas Roundup

Littlefield's newest radio station—KKD756—went on the air at 2 o'clock Tuesday morning, the studio being the sheriff's office at the courthouse.

KKD756 is the new FM two-way radio system of the sheriff's department. The radio aerial is located atop an 87-foot pole in front of the sheriff's office.

—The County Wide News

Gonzales—For years Frank Fly has held the uncontested title as No. 1 football fan of this city—never having missed a game. Last week he was recuperating in a hospital from a major operation, but that didn't prevent him from keeping his record intact. He arranged for an ambulance to carry him to the field and he watched the game in the parked vehicle on the sidelines.

—The Wink Bulletin

Floydada Junior Chamber of Commerce this week is opening the Freedom Scroll for signatures of Floyd county people, giving people of this area an opportunity to play a personal part in a great moral crusade for freedom, faith and peace throughout the earth, says Kenneth Tate, recently named chairman of the Americanism committee of the local organization.

This grass roots campaign to impress the peoples of the earth that the freedom which Americans speak is a real, living thing and not something only of which officials of the State department tell. Millions of signatures are being sought from one end of America to another. The signatures on the Freedom scroll will be permanently enshrined in the base of a Freedom Bell in Berlin, declare the sponsors for the movement. They hope to make a living symbol of freedom and hope to the enslaved peoples of the world.

—The Floyd County Hesperian

A trend toward smaller farms and a larger rural population in this area is seen by one of Olton's leading businessmen—a man who came to Olton at the outset of the depression and remained to become convinced that this former county seat town has business opportunities equal to any to be found in this part of the country.

—The Olton Enterprise

Ten drilling projects in varied parts of Terry county are being eyed with much interest. Two of the ventures are wildcats; four are offsetting Anderson-Prichard Oil corporation's recent discovery, and the remaining four are in the area of Union Oil Company of California No. 1 Laura Cotten, another reef discovery.

Meanwhile, Amerada Petroleum corporation has completed its No. 2 N. W. Willard as the first producer from a reef lime which was discovered by that operator's No. 1 Willard in the Adair area of Central-South Terry county.

—The Brownfield News

The Humble Oil & Refining company has been assured of a Clear Fork discovery in the Hockley county wildcat at the No. 1 J. J. Hobgood test, which is five miles west of Anton.

This well, according to reports, swabbed at the rate of 154 barrels of oil in 24 hours. However, those who know, state that the well will produce oil much above that figure.

Nearest Clear Fork production is in the Anton field, seven miles east and slightly north.

The well which is to be put on the pump in the next few days, is certain to bring more oil activity to Anton.

—The Anton News

Hereford elevators may be hurried to hold the grain sorghum crop that is about to be harvested. Both farm observers and elevator men are agreed on that. Corn will come into the picture too late to add to the peak lead.

Estimates on the harvest average around 500,000 tons, or about 5 million bushels. The elevator capacity in Hereford is around 4 million bushels.

However, this estimate leaves out of account on-the-farm storage, which is considerable, the PMA storage quonset huts, and the fact that a million bushels may be already under contract to elevators downstate.

—The Hereford Brand

Mrs. J. F. Ward received two letters Sunday from her grandson, Gerald Behrends, who is serving on the Korean front. Sgt. Behrends is a driver of a transport truck and has had several close calls, once ducking just at the right time to miss gun fire while hiding in the river.

"Some of the boys get so scared that they can't do what they are supposed to do, and I am sorry that I have had to kill. The machine gunner was so

Big Moment

PHILADELPHIA, PA. — Gran Hammer, of the Philadelphia Phillies, is shown with his daughter Patty, 5, and the tiny black spaniel she presented to her dad on "Gran Hammer Day" at Shibe Park. To make his day complete, Hammer hit a 5th inning homer, and the league-leading Phillies topped the Pittsburgh Pirates 5-3.

frightened when we ran into a nest of Reds that he couldn't shoot and if I hadn't taken over we would have all been gone.

"It is a savage horde we are fighting. They show no mercy, and the people of Korea seem to care little what happens," Sgt. Behrends wrote.

AT SELF'S SERVICE
STATION

Howdy Folks; "I don't understand why mothers can't see the faults in their children: I know I could if mine had any," said a doting mother, the other day.

—00—

These dear, dear mothers. Ours felt the same way about us.

—00—

Motherhood brings heavy duties and light earnings.

—00—

And usually their children display their pest manners.

—00—

What a pun. Well, it was the pest we could do.

—00—

Children are natural mimics. They imitate their parents in spite of all efforts to teach them good manners.

—00—

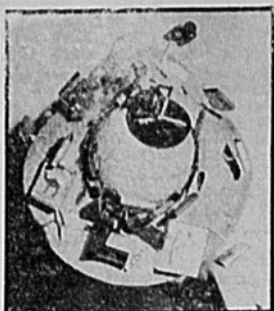

It's natural to want a full dollar's worth when you buy.

—00—

That's exactly what you get when you trade at our station. Stop by and see us.

—00—

SELF'S Service Station

STRIKING HAT—At a Chicago showing of hats that women consider too foolish to wear, first prize was awarded to this creation, featuring 13 books of matches, three packs of cigars, a champagne glass and three cigars. Labeled "Stork Club," the hat was adorned with a tiny, top-hatted stork.

4-H Members Offered Educational Awards By Santa Fe Railway

Sixty-seven educational awards to outstanding 4-H Club members in Texas, New Mexico and Colorado and other states served by its lines will be offered in 1950 by the Santa Fe Railway.

The awards are cash sums sufficient to pay all traveling and other expenses for the winners to attend the National 4-H Club Congress held annually in Chicago in conjunction with the International Livestock Exposition. Approximately 1500 youths representing practically every state in the nation usually attend this event.

Texas is eligible for 19 awards. New Mexico for 3 and Colorado for 4. Winners are certified by the State 4-H Club Leader to the National Committee on Boys and Girls Club Work, headquarters in Chicago, and the Santa Fe Railway takes no part in the selection of winners except to establish the original basis for the awards.

Fred G. Gurley, president of the Santa Fe, in announcing the 1950 awards, stated that this is the 27th year the Santa Fe has participated in sending 4-H Club members to the National Congress. Since the inception of the program, 1556 boys and girls have received the Santa Fe awards.

Buys Synthetic Fibers
United States exports of synthetic fibers and manufactures to Cuba in 1948 were valued at \$26,120,000 and were exceeded by shipments to only two other nations.

Safety Light
A safety device to protect parked cars effectively was recently patented. The simple invention consists of a metal ring to which Scotchlite has been cemented. The rings are fitted around headlights and the rear lights of an auto. According to National Patent Council, the driver of an oncoming car sees a vivid reflection from the device as soon as the headlights of his auto fall upon it. In many cases, the new invention will be the only safety warning on a car stalled without power.

Matches—Then and Now
Fifty years ago Americans paid for every match they used. Today two out of every five matches in the U.S. cost the users nothing.

Headed In The Right Direction!

The City Commissioners, the Mayor and the Police department have made a step in the right direction by having the stop signs and streets marked and they picked out the three most dangerous spots in town for the stop signs, but there are a lot more places that need to have the traffic regulated and rules worked out for the motorists to follow.

The City Commissioners have a traffic plan worked out that will probably help a lot in getting the traffic tangle out of our streets and it is going to get some folks irritated at first, but just the same Slaton has grown to the point that traffic needs attention.

Parking meters have possibly been considered by the Commissioners. These things will eventually be installed in Slaton if the town continues to grow, although they are a nuisance in every town where they are in use. About all the purpose they serve is to bring in a revenue to the town and keep a lot of law enforcement officers busy, as well as mechanics fixing the things. They produce no more parking space than has ever been available and folks who do the parking stay as long or longer than they would if no restrictions were placed on the space.

The man or men who planned the town of Slaton may have had an original plan, but the streets are still in the horse and buggy days and it is going to take a lot smarter bunch of planners to get the town straightened out than the men were who first planned the town.

The double streets around the square are the most confusing part of the town's traffic problems and it is going to take a very complicated set of rules to get the traffic worked out on all four sides of the square, and when they are completed and put into action the strangers who come through Slaton are going to find them impossible to follow.

Slaton Cannot Be Held Back!

That Slaton has grown to be as large as it is in the time that it has been a town has been a surprise to a great many people who have lived here, many of whom have done all they could to keep it from becoming a bigger and better place in which to live.

Most of the pessimists have not intentionally worked against the progress of the town but they did so because it seemed profitable and the best thing to do at the time. The fact that Slaton is having to pay such high prices at the present time to secure school buildings adequate for the number of students is because the men who were school board members, fifteen or twenty years ago, were too timid or to economically minded to take advantage of the opportunities that were offered.

The major part of the money in the community got into the hands of some very conservative men during the depression and it has taken many years for confidence in Slaton to come back. In some ways it is perhaps a good thing that over confidence did not come to the financial leaders in Slaton, but the town is still handicapped by the fact that there are not enough better business buildings in the town. Slaton has fewer business firms than most any town its size in West Texas, however this condition is fast changing and the future business district promises to be bigger and better and will likely be a credit to all of the South Plains.

Slaton has more paved residential streets than most towns its size and there are more and more streets being constructed for paving improvements. The business men are taking more and more interest in the appearance of their business homes and those that let their fronts and interior become dirty and dilapidated are fast taking the back seat. Many of the older business institutions have changed hands and the places have been rearranged, there is more life, more get-up and get-around than has ever been demonstrated before and it is no place now for the man who wants to sit and wait for business. If you want to stay in the race in Slaton you'll have to step out and run.

We're All In For a Big Shock!

Few people realize the importance nor the cost of what is coming our way in taxes that are being plastered on both individuals and on all business institutions.

Like all Government operated plans it seems that there will be much unfairness to a lot of the things that will be done. The President is begging every one to hold down inventories, to hold down prices and to not ask for salary raises and yet there is not a line of merchandise or of luxuries that has not gone up at least ten per cent in the last few weeks. Most things have gone up in price more than ten per cent and the big manufacturers were the first to make the hikes without notice to any of the retailers.

Price raises have come straight across the line and artificial shortages have been created to make the price raises in the future seem more reasonable.

In the wholesale aspect of the conditions the retailer is encouraged to buy more than he really needs at the time because of price advantages on quantity buying. The difference between the retail price of many items and the wholesale price of small purchases is so close that it is hardly worth while to stock many items unless the quantity price is accepted.

It is likely that a great many things will be sent to foreign countries and that a standing army will be massed in this country that will take millions of workers out of civilian life and make a drain on those that are left, so great that this would be a dictator nation whether our President and Congress wants it to be or not.

How Much Would Oil Help Slaton?

It would be hard to guess as to what effect oil discovery in this immediate area would have on the town of Slaton. Some people seem to think that the town is located too near Lubbock to get the business benefit that usually comes to a town when oil discovery is made. Of course the size of any such oil field would govern the activity too.

If discovery of oil should be made between Slaton and Lubbock it is most probable that most of the business activity would go to Lubbock, but some of it would be felt in Slaton. If an oil field should be brought in to the South of Slaton, then Slaton would likely feel the effect much more violently than if a field should be brought in to the North.

Oil activity in towns do not seem to act nearly as violently as they did in the early days. Snyder is not at all like the oil boom towns that Wichita Falls, Breckenridge and Borger were in their heydays, and it is not likely that Snyder, Levland, nor any of the modern day oil towns will go through the terrible experience of becoming almost ghost towns after the big Oil Companies come in and buy up all of the oil production.

While Post has become far more active with its oil activity, the town has not become a boom town and it is probable that it will not have an oil bust in the future. It would be a fine thing for Slaton if some big producing wells were brought in, but regardless of what happens it looks like Slaton is destined to be a very active town this fall.

QUOTES!

"When a woman meets a man who looks her straight in the eye, she'd better do something about her figure."—Singer Mindy Carson.

"Wherever there are incentives to mankind, there you will find pioneers building a better life for all."—Managing Director Earl Bunting, National Association of Manufacturers.

"My wife is tipping her hat to the grocer again."—Columnist Walter Kiernan re "buying spree" shortages.

"The chief threat to freedom is too much government."—Elder Statesman Bernard Baruch.

"He's just plain nice."—"Mimi" Medart, 16-year-old Missouri girl after meeting King Farouk of Egypt.

The pictures of bathing beauties often photograph no beauties.

The best way to make a fortune is to work for it and to begin while young.

The average woman doesn't care where the styles come from or where they go.

Many an uprising of the people has been launched at less than a dollar-a-head.

If money grew on trees, the big corporations would probably own all the trees.

The supply of candidates somehow always outnumbers the offices that are vacant.

Some soothsayers will soon be telling us how the election will come out in November.

Our idea of an optimist is the cotton mill owner who urges the ladies to wear cotton hose.

The best way to help Slaton is to be a good citizen in all that the term implies.

Buys Most U. S. Rice

United States exports of rice to Cuba during the period August, 1948 through April, 1949, the first nine months of the crop year, amounted to 435 million pounds, milled rice equivalent, or 59 per cent of total rice exports from this country, according to the United States department of agriculture.

Soybean Acreage

The 11.1 million acres planted to soybeans in the U.S. in 1949 is the lowest since the prewar crop of '41. Acreage is down 6 per cent from last year.

Tasteful Treat

Use a pastry brush to smooth melted margarine on slices of pineapple. Then broil the pineapple for a tasteful treat to go with the ham or other meats.

Domesticated Animals

Early Spanish settlers brought with them many of the domesticated animals common throughout the United States today. Among others, they transplanted horses, cattle, sheep, goats, pigs, burros, and cats into the Southwest which Spain held for more than 300 years.

Ladino Clover

Ladino clover is the outstanding development in pasture plants during the past 10 years, according to a Cornell agronomist. It can do most for farmers on non-alfalfa land and help them to compete more effectively with farmers on the better land.

OUT OF GODFREY'S TEABAG

I was talking to a Hawaiian girl the other day. Ah, those lovely South Sea belles! I asked her if she could do a hula. When she replied that she could, I said, "If I'd have known you were coming, I'd have brought my uke!"

Last Hallowe'en I received a pumpkin from one of my fans. No bomb secrets, no submarine plans in it, mind you—just plain punkin! Speaking of Hallowe'en, kids don't scare nowadays like they used to. Why just outside the theater last Monday night there was a bunch of kids standing when this guy went by. He was a big, snaggly-toothed, scary guy with a mask on. One of the kids yelled: "Aw, don't be afraid! It's him: Godfrey!" ... It was me, all right.

Did you hear about the little girl who was watching our show from home? When she got her first look at me, she said, "Oh, Mommie—look—Boris Karloff—with freckles!"

You know, of course, that a four-year correspondence school course now takes eight years. Sure, haven't you heard that they cut down the mail service to one delivery a day?

Archie Bleyer started out this morning to buy a newspaper—then decided he'd wait till Friday and get it with the fish.

HEARD ON CBS TALENT SCOUTS

Peacetime Rail Haul

In peacetime, the railroads haul about two-thirds of all the freight of the nation.

-WANT ADS GET RESULTS-

Loses Its Barnacles
Seattle's deep, fresh-water harbor has saved both money and labor for the city's shipping industry. Barnacles, those pesky marine crustaceans that hop free rides at sea on ship bottoms, die in fresh water and drop off hulls of vessels.

Meat Leftovers
A good way to use those last precious bits of meat leftovers is to combine them with macaroni in a smooth cream sauce or canned mushroom soup. Top the casserole dish with margined bread crumbs and bake in a moderate oven about 30 minutes.

Looking for POWER?

Better Buy Buick!

THAT bold bonnet that stretches out before your eyes on a 1950 Buick isn't there just for show. Lift it up, and you'll find that the space beneath is abundantly occupied, by one of the biggest hoodfuls of power you'll find in any motorcar.

What you're looking at is Buick's modern version of the high-compression valve-in-head engine, which gains extra wallop from the fact that it uses the exclusive Fireball combustion principle.

We could list a lot of mechanical reasons why fuel gives up extra power in a Fireball engine—how it's wrapped in a swirling, ball-shaped charge—how it burns with a smooth, clean thrust that delivers maximum action.

But the best way to find out what all this means is to touch off the eager horsepower out on the highway by a gentle nudge of your toe—and feel your shoulders press deep in the cushions behind them.

Now all this sounds thrilling, you say, but how about the feed-bills for all these horses? How about miles-per-gallon?

The practical answer to that one is found in this year's experience with the SUPER and SPECIAL—and even the ROADMASTER.

In all three, the horsepower was stepped up at the start of the year—and in all three, bappy owners report the best mileage in modern Buick experience.

This is due to a little-known but authentic engineering fact—which is that *an engine burns less gas when it doesn't have to labor.* At any normal driving speed, therefore, extra power is extra thrifty.

So we say again—if you're looking for power—mighty power—buoyant power—silken power—thrifty power—better buy Buick.

Your Buick dealer is eager for the chance to demonstrate how sound this hint really is.

Only BUICK has Dynaflo Drive® and with it goes HIGHER-COMPRESSION and with it goes HIGHER-COMPRESSION and with it goes HIGHER-COMPRESSION. Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW PATTERN STYLING, with MULTI-GUARD front fenders, with MULTI-GUARD front fenders, with MULTI-GUARD front fenders. • TRAFFIC-HANDY SIZE, less over-all length for easier parking and front. • Super-through fenders. • EXTRA-WIDE gorging, short turning radius. • SOFT BUICK SEATS cradled between the axles. • SAFETY-RIDE RIDE, from all-coil springing. Safety-Ride rims. • low-pressure tires, ride-steadying torque-tube. • Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

THIS and THAT FROM HERE and THERE

EDITOR'S COLUMN — Sense of humor is a valuable asset in time of stress. "Now I know how to get a crowd out here—just start a fire," joked Dick Pharr as he watched \$11,000.00 worth of barn and contents go up in flames at his place Sept. 17. A bolt of lightning set the fire.
—Abernathy Weekly Review

STRICKLINGLY SPEAKING — Texans should remember that we have a "march of dimes" of our own coming up. It is our sacred duty to keep up the good work that is going on down at our own "Gonzales Warm Springs Foundation," where hundreds of young victims of polio are being restored to normal.
Not only are the youngsters treated to restore them to normal conditions, but teachers use all time possible to keep the youngsters up with their school classes back home. Of course it is not a nine to four school, like at home, but many hours are devoted to study under competent teachers. These unfortunate little fellows are learning something useful, taking the place of athletics at least for the present, such as the arts, music and handicrafts.
—The Terry County Herald

UP AND DOWN MAIN STREET — Well, shades of grandma's day! You can now get shampoo for your hair that has already been whipped to a lather! What next? The new shampoo is called Shampoo Whip. Press the nozzle on the top of the container and out floats a bubbling cloud of creamy lather that starts to work the moment it touches your hair and scalp. The beauty shop gals say they have heard it dissolves dandruff and removes film and dirt leaving your hair clean and fresh. The container works on the same principle as the Ready-Whip cream you can get — a substitute for whipped cream. For our money we'll still let Maggie, Joe, "Jenie," Martha, Jeffie or Nora give us a good old fashioned head washing. They are tops, we think.
—The Post Dispatch

OFF THE KEYBOARD — It seems that the country had gone for socialized medicine and the

year was 1970. A fellow woke up one morning not feeling so hot and went to the Health Bureau. There he found two doors, one marked "Medical," and the other "Surgical." Of course, not needing an operation, he went through the door marked "Medical" and there found two more doors, one marked "Male," the other, "Female." He walked through the door marked "Male" and there found two more doors, one "Under 25," the other, "Over 25." Being over 25, he walked through that door only to find two more doors, one marked "Democrats," the other marked "Republicans." So, being a good Republican, he walked through that door and found himself right back where he started.
—The Brownfield News

SKETCHBOOK — We hear the Olton hospital has the latest in X-ray equipment and that a technician, C. K. Gardner is doing lab and X-ray work for patrons.
But since a new scientific development has been in X-ray we've been thinking of going over to check and see if equipment is really up to snuff.
Science has recently perfected an X-ray especially designed for women's jaws. It takes moving pictures, we're told.
—The Olton Enterprise

TRENDS — When the white man discovered this country, the Indians were running it. There were no taxes. There was no debt. The women did all the work. And the white men thought they could improve on a system like that!
—The Crosbyton Review

EDITORIAL — This is National Newspaper Week. It is a time for homefolks to take notice of what their local newspaper means to them.
Big town dailies feature only the news that attracts area-wide attention, but the home town newspaper goes after the less "newsy" but important day by day events that mean so much to all of us—births, marriages, deaths and community development.
This type of news may seem unnewsworthy to the big dailies, but it is the lifeblood of our community.
Also, it is up to the home town

newspaper to promote and instigate the development of community projects worthy of community interest. This development can only be promoted by local work, and is seldom pushed by big dailies.
This newspaper, and others like it throughout the nation, exist because the setting is right. Here we enjoy a democratic form of government, a free press, widespread public education and a private enterprise system of business—the basis of a properly informed public. And only through an informed public can we hope to continue our American Way of Life.
—The Hockley County Herald

SEEMS TO ME — A substantial citizen called our attention one day this week to the fact that the fine land of this section is passing out of the hands of the farmers themselves and into the hands of men who are engaged in other businesses, mostly men of great financial standing. This Anton man, who is looking away down into the future, pointed out at least a dozen real estate deals, and named the purchasers, and as he had said, the land was bought by men who are not farmers. They at least a majority of them will hire labor (chet) to work this land and the cream of the production will be of little or no benefit to the community and section, but will go to concentrate the land and wealth into fewer and fewer hands all the time.
—The Anton News

Above: Three of the Kreil Kiddies, sensational acrobats who will entertain circus goers attending the Cole & Walters circus coming to Slaton, Friday, October 13, for two performances, 2 and 8 p. m., at the Lions Club Bill Park.

WE HAVE five good used typewriters for sale, \$25.00 to \$42.50. At the Slatonite.

Automotive Progress
Your 1949 automobile is the ultimate of 56 years from the first American-made gasoline motor car. During that time 800,000 patents have preceded its construction. Over that bridge of years the automobile has lost all semblance of the original Duryea model of 1893. The buggy top turned to steel turret; one cylinder motor grew to eight or more cylinders. Steel tires turned to pliant, silent rubber.
Erosion Check
Erosion in pastures can be checked by developing thick, healthy stands of grass.

Ice Consumption More than \$300,000,000 worth of ice is sold in the United States every year. Most of this is manufactured ice, made by freezing water in ice plants.

Modern Matches Rats and mice will not chew the heads of modern matches even when starving. When W. A. Fairburn created the present-day non-poisonous formula 40 years ago, it was learned that the ingredients were abhorrent to rodents. Prior to that time many fires resulted from the liking of rodents for old-fashioned phosphorus matches.

It's the "Know-How" THAT GIVES YOU A LIFT

There's a right way, a safe way to do everything—including lifting. The workman with the "know-how" lifts with his legs, keeps his back straight and avoids strain. Starting with a firm stance, there will be no slipping, tripping—or accident. If his load is too heavy, he knows enough to get help.

Every job requires a particular "know-how" that marks the skilled workman. He knows how to use his tools and handle his materials safely. He knows when to wear safety goggles, heavy work gloves or hard-tipped safety shoes. He commits no unsafe act. He knows his work is his livelihood—and takes no chance of its being interrupted by thoughtlessness.

If there were more of his kind there wouldn't be 70 deaths and over 8,000 injuries charged to occupational accidents every working day. It wouldn't cost the workers and employers of this country \$4,500,000,000 in lost wages, medical bills and other expenses every year.

Do you have the "know-how" for your job; will it help your earning power and your future; will it keep you safely at work? Think about it—NOW.
